T. C. U. FACULTY BULLETIN

Vol. IV April 21, 1933 No. 27

If teachers, who report student delinquencies, will use a card available at the registrar's office for this purpose and will give full data regarding each student, it will enable us to render more efficient service. ---S. W. Hutton, Registrar

Faculty members who are planning to teach in summer school are urged to report at once to the bookstore the names of the text-books which will be used.

The Woman's Club and URF will present Mrs. Sannie O'Connor contralto, and Mrs. Hazel Ammerman, reader, at a musicale Sunday afternoon at 4 o'clock. Faculty members and their families are cordially invited.

For many years the Library has been receiving each week the Official Gazette of the United States Patent Office containing the patents, trade-marks, designs, and labels registered in the Patent Office at Washington. These are not consulted once a year, and I question whether we should continue receiving the publication. Any faculty member who would advise against dropping this item from the list of documents received free is requested to communicate with me. Shelf-space is a consideration.

April 19, 1933

A petition of sixteen young women of the class of 1932 to organize an honor society for senior women on the T.C.U. Campus, in the hope of some day becoming a Mortar Board Chapter, has been granted.

The constitution of the Society provides that the membership shall consist of senior women, elected to membership during the spring semester of the junior year. Those elected must have made a "B" average on the work of the first two and one-half years and shown leadership qualities. The organization wants for members those who have personality as well as scholarship, and who have shown their loyalty to T.C.U. and its interests by helpful participation in its activities. Members are to be chosen by the unanimous vote of the active membership from a list approved by the Faculty, the total number selected each year not to exceed fourteen.

The purpose of the Society is to honor the women who meet the requirements of the organization; to bind them to each other and their Alma Mater in an association in which they will cherish always the highest ideals of womanhood and seek, as a sacred trust, to perpetuate these in each successive group; and to imbue each member with a feeling of individual responsibility to discover opportunities for the improvement of the life of the young women on the campus. Each member, it is hoped, will be encouraged to find intrinsic values in both character and projects and at all times to conduct herself so that no discredit or disfavor be reflected on her Alma Mater, her family, or herself. The idea is to be, rather than to do.

Since the constitution of the organization provides that the members be selected from a list approved by the Faculty, we, the board of advisers, are submitting to you for approval a list of Junior and Senior women who have met the scholastic requirements. If, for any reason, you feel it inadvisable for this honor society to confer membership upon anyone on the list, please confer with any member of the board and rest assured that your confidence will be held sacred by her. We, in turn, reques[t] you not to mention the names of those on the list, for they cannot all be selected on account of the limited membership and the definite requirements as to participation in University activities, as well as unanimity of vote of both Faculty and active members of the Society. If we do not hear from you in the course of fiv[e] days, we shall consider that you approve the entire list.

We shall appreciate any suggestion as to a name for the Society and anything else that you may think helpful. We thank you for your co-operation in this matter of approving the list, and we hope that you will be interested in this new society and encourage it in every way possible, for we want you to help us to make it a force for good on the campus.
