November 14, 1949.

Mrs. Paula M. Love
Will Rogers Memorial Commission
Claremore, Oklahoma

Dear Mrs. Love:

Under separate cover a copy of the Star-Telegram's Centennial edition is being sent to you. When you have received it you will know why your letter of September 19 has not been acknowledged sooner.

The pictures and plan you sent for the Will Rogers equestrian statue Mr. Carter is having made for the Will Rogers Memorial Commission are fine and the location selected is perfect. If you will be good enough to have a contractor in Claremore give us the topography of the circle, how far it is to gravel, clay, etc., the blueprints can be made for the foundation on which this statue is to be placed.

The shipping instructions for the small statue will be furnished you later.

With best wishes,

Yours very truly,

Secretary to A. G. Carter
