MOST COMMON PENALTIES

LOSS OF FIVE YARDS

Offside; attempts to draw opponent off-side; making two or more consecutive incomplete or illegal forward passes (also loss of down); calling time more than three times each half.

Unreasonable delay; crawling; taking more than two steps after making fair catch; running into kicker.

LOSS OF FIFTEEN YARDS

Substitute communicating with player before one play is made; failure to come to stop on shift play; interference with fair catch, or tackling catcher; holding by offensive players; roughing the kicker; piling up; tackling or tripping out of bounds; intentional grounding of forward pass by thrower; interference with side making forward pass.

LOSS OF TWENTY-FIVE YARDS

Clipping.

LOSS OF HALF THE DISTANCE TO GOAL

Kneeing or kicking; illegal return to game; foul within one yard line or behind goal.

DISQUALIFICATIONS

Slugging, kneeling or kicking (also loss of half the distance to goal).

Flagrant roughing the kicker (also loss of 15 yards).

PRINCIPAL CHANGES IN THE RULES FOR 1927

To avoid possible injuries and interference with the play, also to make the try-for-point after touchdown more difficult, the goal posts have been moved back from the goal lines to the end lines.

In "shift" plays the new rules require that all players come to a complete stop for a period of approximately one second, and define how this period may conveniently be measured.

In order to avoid the frequent delays which have been constantly recurring, Rule XIV has been amended so as to define certain types of "unreasonable" delay of the game, and the captain's privilege of calling time in each half has been reduced from four to three.

To engage greater freedom in handling the ball, Rule XVII, Section 1, has been amended so that backward (or lateral) passes except those from the snapper-back will, if incompleting, become dead and no further play can be made, except as specified in the rule.

When a ball is kicked from scrimmage formation and simply touches (or is muffed by) a player of the receiving side before having come into his actual possession and control, the ball may be recovered by a player of the kicker's team as heretofore, but it may no longer be advanced beyond the point of recovery.
