TEXAS CHRISTIAN UNIVERSITY BULLETIN

Vol. XIX. No. 4

**TEXAS CHRISTIAN UNIVERSITY** specializes in the standard four year College Course leading to the Bachelor's degree, as a preparation for the fullest, cultured living, and as a basis for any professional or technical training.

**STANDARDS.** T. C. U. offers only such departments and courses as she can present in the highest quality; is a member of the Association of Colleges of the Southern States, the Association of Texas Colleges; the Association of American Colleges; her credits are accordingly acceptable anywhere.

These generally recognized standards T. C. U. meets as minimum standards only, and maintains besides these, a spirit, traditions, ideals of her own, that are virile and distinct.

**PERSONALITY.** The worth of the individual student is stressed, classes are kept small enough for the personal touch with the teacher; checking and encouragement are given in time to prevent failures, rather than later suspension to punish them.

**DEMOCRACY.** The spirit of fellowship, of co-operation, of democracy, is distinctly a part of the life of T. C. U. It is fostered by the traditions of the school, and aided by the dormitory system in use. The student who is working his way is given as much advantage and honor as any other, by both faculty and fellow-students.

**CHRISTIAN INFLUENCE.** While perfect freedom is accorded all, and sectarian stress is avoided, the Christian faith is definitely avowed and taught; studies in the Bible are required and the faculty members must be of earnest faith and Christian life.

**ATHLETICS** are popular and encouraged, not alone for the team-members, but for every student. A $175,000 modern Gymnasium, a large beautiful Swimming Pool, with trained instructors in charge, make it possible to give every student a complete regular program of Physical Training.

**PROFESSIONAL TRAINING.** The Pre-medical and Pre-law courses are complete and thorough. No student taking these in T. C. U. has ever failed to make a commendable record in Medical or Law College later. Full preparation is offered for Teachers, Ministers, and for Business men—the latter by the four years course in Business Administration.

Texas Christian University's Campus is one of the beauty spots of Ft. Worth, high, beautiful, healthful, with a million dollar group of modern classical buildings and equipment.
