FORT WORTH, TEXAS

LARGE ATTENDANCE ASSURED

Encouraging Reports Received From All Parts of the State.

Various members of the faculty of the Texas Christian University faculty has been canvassing in different parts of the state to see what the outlook for new students is for the new school year which opens in Fort Worth, September 14.

Prof Lewellen, who made a trip through the central part of Texas, says there is everywhere an intense interest in the university, everybody rejoicing that the fall session will open in Fort Worth in buildings so well adapted to university work. He finds that the students of last year are practically all preparing to be in College at the Texas Christian University this fall and about as many new ones in addition.

Prof Parks has just returned from a trip to Hubbard, Corsicana and other towns, and brings the news that old students from those places will be in the Texas Christian University this fall and many new ones with them.

Prof Dacus, principal of the college of business of the university, in speaking of the temporary location for the university said:

"I have spent several days in looking through the buildings, planning and arranging the large room on the ground floor to be used for the college of business and I think we are fortunate in securing these nice, large, new quarters. The buildings are new, have never been occupied, are well located, well lighted, heated and the ventilation is fine."

During the past three weeks I have been in the field meeting old students and getting acquainted with prospective ones. I find that the majority of the former and not a few of the latter are preparing to be with us in our new quarters in Fort Worth. There will be from one to six or seven from each of the following towns: Hubbard, Wortham, Mertens, Forney, Mineral Wells, Cleburne, Lancaster, Plano, McKinney, Allen, Howe, Bonham, Eddy and Ladonia. The prospects for a good attendance is most encouraging.

W. B. PARKS.

Dear Skiff:—
Last week I sent you a list of names

Classy Footwear Ritter-Costello Co.

SHOES

STOCKINGS

805 Houston St.

Students of T. C. U.

When you come to Fort Worth at the opening of your Fall school term, you will find a hearty "welcome to our city—and our store" awaiting you in

"TEXAS GREATEST STORE FOR MEN."

A. and L. AUGUST 7th. and Main Sts. FORT WORTH, TEX.

to whom you were to send the paper. I enclose another list. I read last week's issue entire, even to the advertisements. I was pleased to read about the pleasant and convenient quarters secured for the school this coming session. In my pulpit announcements yesterday I laid stress on the fact that the University is offering to place, free of charge, pianos in the homes of young ladies who are desirous of practicing an unusual amount of time. I have already heard comments from different quarters which strongly indicate that is going to be the means of inducing students to attend who had thought to attend who had not thought of going. I think this section of the state will be well represented at T. C. U. notwithstanding the stringency of the past two years' unprecedented drouth.

Now is the time to press the students. The burn and the recent removal to Fort Worth have put T. C. U. in public eyes. We should strike while the iron is hot. We owe it to our cause.

We owe it to those who have done and are doing so much to build up our great school. We owe it to our churches and friends in Fort Worth, who did themselves so honorable in raising us a large bonus.

I would like to see our brethren who are able purchase lots near the new campus and prepare to make their permanent homes there. Fort Worth should be made general headquarters for all Christian church enterprises as rapidly as expedient. It should be the Mecca for Disciples of Texas.

I would suggest that the date of opening of the school be made prominent in every issue of the Skiff from now until the school year begins.

I was up at Haskell last week and heard good news for the school. I heard that Misses Boon, Odell and Baldwin were to return in September. There were others whose names I can not recall. Haskell is a loyal T. C. U. place. I do not know how the score stood last year, but the previous year, Haskell had the honor of sending more students to T. C. U. than any other place in Texas. The large cities where we have several churches not excepted. Perhaps Mr and Mrs. J. B. Baker hold the seniority as T. C. U. students in that little city.

Miss Francis May McCullough will attend from here for the first time.

Miss Allee Dyer will likely attend.

Miss Mary Henson, who won the scholarship in the High School graduating class this year, is strongly

thinking of making use of her right to free tuition in T. C. U.

Misses Sallie Hemphill and Lora Wooten, two more of our bright high school graduates would not surprise their pastor much if they decided to enter T. C. U. this fall.

I trust that students may attend

this next year not only by "Skiff" loads, but by "ship" loads and train loads.

I am, yours to serve,

GEORGE H. MORISON.

Abilene, Texas, Aug. 8.

GOOD NEWS FROM HULSEY.

Having been located in the "new T. C. U." for over three weeks and being well acquainted with the arrangements and surroundings I feel

to say that everything for next

year will be first class in every particular.

If one could only be here and see the satisfaction and enthusiasm that every one shows they would

truly say that T. C. U. is really on a boom.

Not only are all the old students who visit nearly every day

highly pleased and talking of a greater T. C. U. but the people in Fort

Worth are interested and express a

desire to make T. C. U. a university

second to none in the South.

Daily inquiries come as to the football team. T. C. U.'s record in athletics is by no means small and this record with everything else will be raised. The people of Fort Worth say they have not had the pleasure of seeing real football games and they want to see T. C. U. give them a good exhibition.

As to the accommodations for next year you have heard of them. And the write-ups of these accommodations have not been stretched by any means. If you don't believe, just come and see and if you don't say it is better than you mad ever hoped you will be the first one to do so.

Everyone who comes says everything is better than they had thought for. T. C. U. now, more than ever can not be beat, so why think of going elsewhere?

B. B. HULSEY.

WANTED—Young man who can feed both job and cylinder presses, set type and is familiar with the different phases of the printing business, and who wants to work his way through one of the best universities in the South, to communicate with Grover W. Stewart, T. C. U. Printer, or J. F. Anderson, Business Manager, Texas Christian University, N. Waco, Texas.

THE SKIFF

Published Weekly at Texas Christian University, North Waco, Texas.

B. B. HULSEY Manager

GROVER W. STEWART, Publisher

Entered at Waco Post Office as second-class mail matter.

Read the letter published in this issue of the Skiff from Bro. Geo. H. Morrison of Abilene, Texas, and see if you don't get inspiration from it, and a desire to work for T. C. U., too.

If you have enjoyed reading the Skiff during the summer months when it was only telling about what is going to happen, how much more will you enjoy reading it this winter when its columns are full of interesting matter telling of the actual occurrences and filled with the spirit and college life of five or six hundred students.

The Skiff solicits letters from any and all old students who are coming back next year and going to bring along two or three new students and a big supply of "pep". Let the other students over the State know what you are doing for the school during vacation, in order that they might become enthused and bring several students and a big box of "pepper."

It is friends like Bro. Geo. H. Morrison that has helped make T. C. U. what she is now. Any school to grow must have real friends, friends who work for her interest, talk for her interest and encourage boys and girls to go within her doors for their education. The Skiff enjoys publishing such letters as is found in another column of this paper from Bro. Morrison.

Let us hear from you, Edgar Bush "Sheriff" Yates, Charlie Fields, Will Rattan, Milton Daniels, Will Massie, Grantland Anderson, Auble Riter, Ellisha Wade, Big Swink, Ben Parks, Grady Lavender and all the rest of our last year's first and second team men who are going to show up for practice, full of life, vitality, vigor

and "pepper" the 15th of August or as soon thereafter as possible on the new athletic field in Fort Worth. T. C. U. must have the winning team of the State this fall and it is up to you to do what you can to make it so.

Don't think you will not enjoy the Collegian. How would you feel without your Ladies Home Journal, Literary Digest and other magazines? The Collegian takes the place of all other magazines, containing a range of fine literary productions from fiction to a treatise upon the most important scientific and political questions of the day.

Don't wait until you come to school this fall to subscribe for the Skiff and Collegian. You will find that you haven't as much money then as you now have. Send in the money for a copy of each for you at school and for a copy of each for the folks at home. They will take the place of many letters and make those that you do write more interesting and intelligent to the folks at home.

It is quite apparent that the various organizations of the University are not going to suffer by the transplanting and move to Fort Worth. The Skiff is glad to note the spirit and "pep" of the officers who will pilot the organizations over the dangerous shoals of the first few months of the school year. And we take pleasure in publishing any and all communications sent in by the officers of the organizations relative to their work, meetings, etc.

The Skiff hears with joy the glad news that there will be a large attendance of T. C. U. at Fort Worth next year. Even though T. C. U. was later than any other school in the State in making announcement concerning the opening next year, the large number that waited to hear from the institution before deciding on a place to attend school next year shows the great confidence the people of the State have in the growing "University of the Southwest."

The author of the article headed "Catch the Spirit" and signed "One of the Boys, W. C. F." is well known to the writer, who had the pleasure of rooming in the same house with him after the fire last year and he knows that what is said comes from the heart. Those who attend T. C. U. next year and learn to know the Business Manager of the Skiff will see

We Will Welcome You

To FORT WORTH

CATCH THE SPIRIT.

"As Goes the Colleges Today, so Goes The Nation Tomorrow."

The past record of Texas Christian University shows that this school throws influences around its students which develop in them the best of morals and the greatest of ideal, that go toward the making of leaders among men. NOW IS THE TIME to support such a school. It is the duty of our friends to see that the attendance at T. C. U. for the coming year is even greater than in the past, in order that this splendid institution may continue to contribute its share of the train and brawn that is to uphold our Nation.

If you have attended or even visited T. C. U. you know how true it is that our school is pervaded with a spirit of individual responsibility that is uplifting to every student. It is this spirit which has enabled us so often to "roll Old Baylor in the sod" in our athletic contests. It was this spirit that enabled us to do a year's hard and honest work in spite of a \$180,000.00 fire. It is this spirit that will make the coming year's work a high success.

Catch the spirit of the hour, friend, and help us to rally students for T. C. U.

ONE OF THE BOYS. W. C. F.

Rah! Milton Daniels! Milton Daniels! Milton Daniels! Give Dan the nine rabs. He has found it impossible to be able to teach school next year, and will be back in T. C. U. when the doors of the institution open the 14th of September, and, unless a mighty, mighty good man shows up, he will occupy his old place on the Varsity Eleven as the Star Fullback of the State.

LAWN TENNIS.

Is to Be the Popular Game This Fall
At T. C. U.

Preparation is being made for a big lot of lawn tennis enthusiasm this fall at T. C. U. A vacant lot only a short distance from the main buildings of the university has been secured by the faculty and is being cleared off for many courts. Much interest is manifested in this favorite form of athletics each year because of the healthful exercise it affords the participants. And even more enthusiasm for this form of athletics is looked for among the boys and girls next year than ever before.

During summer school both courts on the university campus at Waco were crowded with players every evening, practicing and getting in shape for contests this fall. So those who are expecting to get into some of the Tennis Clubs next year had better use some of these twilight afternoons in practicing.

Two new men have appeared on the horizon of Tennis players this summer, Howard B. Dabbs and Grover W. Stewart, and if the words of Mr. Whitton, who has been their coach, and who was recognized as one of the best Tennis players in the State while at T. C. U. counts for anything, they are going to make some of the old heads look up and take notice this fall.

The faculty of T. C. U. recognizing the fact that students, to do the best work, must have well developed bodies, encourages athletes of all kinds and the securing of the vacant lot close to the University for tennis courts next year, bears out this statement.

There are some good Tennis players among those whose pictures do not appear in this issue, and these are more whose pictures do not appear. If you are one of the latter come prepared to play next year and be recognized. Let T. C. U. be well represented in the State Tennis Tournament next year.

Dr. Lockhart moved his family to Fort Worth last week and has located at 1000 W. Weatherford street. All communications addressed to him should bear the above address, or care T. C. U., Fort Worth, Texas.

Howard B. Dabbs, '10, is visiting home folks this week at Taylor.

FOOT BALL IN FORT WORTH.

No doubt the readers of the Skiff and students have more than once wondered whether or not T. C. U. would have a football team next year. The management is no doubt due those interested an apology for not giving out more information and no time would be more appropriate than the present for offering reasons for our apparent secrecy. Because of our many misfortunes all things have been greatly delayed and it was only recently that the schedule was sufficiently completed for publication. If it is as so far finished as follows:

Oct. 15 A. & M. at College Station (or Dallas)

Oct. 24 Baylor at Waco.

Oct. 29 Trinity at Fort Worth.

Nov. 1 A. & M. at Fort Worth.

Nov. 7 Trinity at Waxahachie.

Nov. 12 Southwestern at Georgetown.

Nov. 19 Baylor at Fort Worth.

Nov. 24 Epworth University at Oklahoma City.

In addition to these games there are others to be played before Oct. 15, as opening and practice games.

Though we have been very silent before the public we have had considerable correspondence with all whom we have been told might possibly be induced to come to T. C. U. This we have done with varying degrees of fortune. Some say they are coming; some say they hope to come; and some don't say anything. But out of the multitude there shall be gathered the few who shall help us to put out a team that we are confident will represent T. C. U. most creditably and as successfully as in the good years of the past. But the team will not all be new for we have many old men who have promised to return. Among the huskies, all of whom are well remembered by the students and friends of the university, we expect to have with us the coming season: Captain Massie, Charlie Fields, "Big" Mulican, "Sheriff" Yates, "Blue" Rattan, Milton Daniels, Arthur Bester, "Major" Bush, Auble Riter, "Redwater" Anderson, Graves, Grantland Anderson, Bussey, Hulsey, Bozeman, L. Gough, and too many others to name in this article. Make sure, all of you, we will have a team. We have many men and good men, but there's no danger of having too many, so if have any men in view work on them and send us their names. Men or money, send along. We need a team and we need money to feed the men while they train from September 1 until school opens.

GIRLS' TENNIS CLUB.

Y. W. C. A. READY FOR WORK.
First Meeting Announced For Thurs day Night, September 15.

That the president of the Y. W. C. A., Miss Elizabeth Higginbotham, is awake to the responsibility of her position during the coming year, and is prepared and anxious for the opening of the fall term is apparent from the following notice sent to the Skiff for publication, which is self explanatory:

The Y. W. girls are planning a special campaign for next year. All new girls are urged to visit the first meeting, Thursday evening, September 15. The association has a better outlook for more extensive work than ever before. Come and you will come again.

PRESIDENT.

The Biggest Thing In T. C. U.

Students who expect to enter T. C. U. this fall for the first time are wondering what the most important organizations of the institution are. What organizations must I join? I want to tell you about one that you will want to join.

In many respects it is the most important organization in connection with the school. And although it was not organized till last spring it is by far the largest society in the school. Already we have 95 members, and are getting new ones all the time.

The good thing about this society is that you can be a member for a life time. We call it the Library Association of T. C. U. It has for its purpose the building up of the library. We have set our mark high and we expect to reach it.

"Two thousand members in two years" is our motto. We are expecting to enroll you as a one of the two thousand. It will be one of the first things that you will hear about when you come to T. C. U., so be prepared to say, put me down as a lifetime member.

TOM DEAN, President.

SKIFF NOTES.

Miss Beatrice Ragsdale, '10 Cooper is visiting in Bonham, Texas.

The students and many friends of Prof. George W. Fitzroy will be glad to learn that he is now on the fast road to recovery. He was taken ill with typhoid fever in June and since that time been in the Curtis-Witt Sanitarium under the care of a trained nurse.

The 9th of August he was moved to the Strange residence in N. Waco, where any message or cheer will reach him. His mother is now with him. She has been here for several weeks and will remain with her son until he is able to return to their home in Fitchburg, Mass.

All old students will be glad to know that Barney Holbert, '10 will be back with us next year in the capacity of bookkeeper. Mr. Holbert is well qualified for the position, hav-

ing had experience in that line of work in the County Tax Assessor's office in Waco, which position he has held since last January. Also Mr. Holbert is a thorough Christian gentleman with high ideals and a typical college man, making him very popular with the university men, and an example for the undergraduates.

Mrs. Cockrell is attending the Art Institute of Chicago, where she is studying the best methods and masters and selecting material to replace what was lost in the fire. She is going to visit other large cities and art centers before returning in order that she might be aided in selecting and securing the best material possible for the Art Studio of Texas Christian University. Mrs. Cockrell sends word to the Skiff to tell the prospective students that the Art Department this year at T. C. U. will offer advantages over last year, before the fide, and that it will offer advantages over the same department of any other school in the South.

Prof. Anderson reports that he enrolled sixty-three new girls last week for the coming session of 1910-1911. Prof. Cockrell went to Fort Worth Monday to get located after which he will go in the field to work in the interest of the school.

New has reached the Skiff that "Sheriff" Yates and Charlie Fields would both be back with us next year seeking their old places on varsity's eleven. All the old students will rejoice to hear this bit of news, for both of the above mentioned men are tried and found to be not wanting in the weight, strength, grit and stick-to-itiveness that makes a winning team.

Misses Harriette Shirley and Irma Gough and Messrs. Earl and Leon Cough are enjoying their vacation at Hereford, Texas. It is reported that the Gough boys are taking a private course of instruction in soil culture, it being also reported that the Hon. Karl X. started the natives of his country by making sudden appearance upon the political arena this summer.

Because of the delay in getting some of the cuts of the faculty, this issue of the Skiff will not contain the pictures of the faculty of T. C. U. for next year. It is hoped all cuts will be here in time to get in the next issue.

Miss Una Jackson, '12, has this week returned to her home at Alpine, Texas, from a short visit at Pecos, Texas, and has left on a flying trip to New Orleans with her father.

Many old students and friends will regret to hear of the death of Dean London, one of our popular students of '08-'09, which occurred at his home in Marietta, Oklahoma, June 25th. The Skiff as well as the entire student body desires to express their heartfelt sympathy to the parents of Dean. He was a good hearted boy, with a host of friends in T. C. U. His father was formerly a member

of the Board of Trustees and is an influential friend of the school. Dean was head bookkeeper of the John P. London Co. at his home town at the time of his death.

NOTES FROM FORT WORTH.

Prof. Lewellen continues to bring encouraging reports concerning the new Bible Hall.

Prof. Cockrell spent Monday and Monday night in our new home.

Bro. Addison Clark, the long and true friend of T. C. U. visited the new T. C. U. Tuesday.

H. G. Twyman spent several days in the new quarters. He made arrangements to take up the work at one of the Christian churches in the city.

Miss Letta Pitts, the popular piano girl of '10, and her mother spent a few hours in our new home Monday.

Mr. Cullen Graves of Hutchins made a pleasant visit Monday.

Mr. H. L. Calhoun of the city made a short call Monday, arranging for his daughter to enter school.

Bro. and Sister Waits were welcome visitors Tuesday.

"THE BUNCH."

Listen to "One of the Bunch" Will Return in Full Force.

To The Skiff:

Most of the bunch have been to Fort Worth and have seen the new home, and have expressed themselves as being most agreeably surprised at the equipment of the new buildings.

Everything is ideal, class rooms, girl's home, boys' dormitory, in fact everything is up to a standard which is worthy of dear old T. C. U.

All the bunch express their intention of returning to school with the good old time "pep" that has ever been characteristic of them. They hope to meet all their old friends and many new ones and will do their best to maintain the old school spirit—the equal of which it not to be found in any other school.

Meet us in Fort Worth September 14.

'ONE OF THE BUNCH.'
Hutchins, Texas, August 10.

Boost the football team for 1910.

What Is More Desirable

Than a real, live, newsp college weekly newspaper that gives the news and spirit of the University life?

Nothing—unless it be the college monthly from the same institution, which serves as a medium for the literary expressions of the student body and alumni.

There is not a friend or patron of Texas Christian University than can conscientiously afford to do without these two publications—The Skiff (weekly), and The Collegian (monthly), in their homes and upon their tables. They are managed, edited and printed by students of the University and deserve the patronage and support of every loyal student, friend, and patron of the University.

The subscription prices of these publications are:

The Skiff \$1.00 the year in advance.
The Collegian75 the year in advance.

A Bargain

By mutual agreement the managements of the two papers are making a big bargain to all students and friends of the institutions during the months of August and September in offering the two publications, The Skiff (weekly), and The Collegian (monthly), both for one year for \$1.50.

You can not afford to do without either of these publications, so don't delay in sending in your name and address, with the subscription price of \$1.50 for the year for the two papers to either one of the following:

The Skiff Staff—

Howard B. Dabbs, Editor-in-Chief, North Waco, Texas.
Clifton Ferguson, Business Manager, Alpine, Texas.

The Collegian Staff—

Miss Ethel Webb, Editor-in-Chief, North Waco, Texas.
Grover W. Stewart, Business Manager, North Waco, Texas.

After September 1, address either of the above care T. C. U., Fort Worth, Texas.

The pathos of death reaches its maximum when one enters the unknown world distracted by the mocking memory of fleeting pleasures purchased by sin; even those who find that they have done their duty can approach the grave "like one who wraps the drapery of his couch about him and lies down to pleasant dreams." —Commoner.

Baylor, Texas, A. and M., Southwest and some out-of-state schools. The best of these will be on our grounds.

Last fall we had poor prospects and did well. Next fall we shall have good prospects and do better. This is not speculation, but prophecy. Will you be there to see it come true?

J. F. BATMAN, Manager.

Heilman, the photographer, 109 1-2 South Fifth street, between Austin and Franklin streets.

Rufus' is the only shining parlor on the hill.
