NUMBER 44

THE CHIEF COOK.

The subject of this article hails from West Texas. His name is Mr. Graham, but from now on is to be known as "T. C. U. Chief Cook." Does he know how to cook? Well, you can take our word for it that he does, else you can wait until September and once more fall into line with the throbbing crowd and "try out" for yourself. Anyway, we know this comes as good news to you. The 13th of the month is considered by most everyone as being unlucky, yet all the "burnt-out, starving batchers" will testify that this was the LUCKIEST DAY of all for them; several even want to be pinched to see if it really was so, the good dinner the new cook prepared, that seemed so much like a Christmas dinner. Why, those who came in with long faces, "sour on the institution," were soon smiling down at those light, hot biscuits, in such a manner that it would even make the angels of heaven green from jealousy, to say nothing of the generous pieces of chocolate cake and pie. This is the cook that our popular new business manager, Prof. Dacus, has secured for the coming year. He will have assistants, but will oversee everything and be responsible for our future happiness. We have been assured that while we may not have as great a variety as in other years, yet what we do have will be so well prepared and appetizing that we will be forced to look elsewhere for "grumbling and knocking."

ALL HAIL TO THE CHIEF!

THE SPECIAL SKIFFS.

This issue of the Skiff is being devoted primarily to the College of Business. The issue which is to follow will be devoted to the athletic phase of our school life. The two following issues will contain information concerning Fort Worth, T. C. U. and many minor matters.

The next number is to be the athletic number, and we want all the "dope" we can get. We want to know where all our old letter men are and what they are doing; we want to hear from all the men who will be back, and we want to know of all the new ones who are going to try. If you have any news along this line, just write it out and send it along. We will appreciate it.

The information numbers are especially open to the various organizations that they may boost themselves and pull for new members and more enthusiasm. It's up to the presidents now to get in their work and either do it themselves or "prod up" their reporters and go to boosting for the cause they represent.

We are holding up two nice articles for these issues and hope to have many more by the time they come around.

It is rumored that Gordon McFarland is even now burning the midnight oil. Oh, you Mac!

Miss Clara Townsend has the thanks of all for the crate of peaches she sent last week. They were sure dandies.

AT WORK.

The forces that have been here all summer are hard at work trying to get things in shape for the coming session. Every new man who happens along is put to work also. A force of the students are busy cleaning off the campus and actually removing the brick piles from in front of the buildings. The fires consuming rubbish are burning constantly, and slowly but surely the grounds are being bettered and made nicer. Walks will be laid in the near future.

The business office is a regular hive of industry. Our genial business manager, J. A. Dacus, has three stenographers busy attending to correspondence and mailing out the various advertising literature. He was first called upon to put Miss Clara Whitman to work in order to get catalogues mailed. Mrs. Wilson was added to the office force Monday of this week, and now it is no uncommon thing to send out fifteen hundred or more catalogues and bulletins in a day. This can mean only one thing—a big, hustlin', bustlin' school the coming year.

Miss Minnie Frederick writes that she is working at Broken Arrow, Okla., and will not be back in school. She has a most excellent position with a manufacturing company as stenographer. Of course she got her training in the T. C. U. College of Business.

Buford Isaacs' sister was out to see him Saturday.

COLBY D. HALL.

The many friends of Colby D. Hall will be pleased to know that he has been chosen to fill the chair of Latin made vacant by the resignation of Dr. Eskridge. Bro. Hall comes to us known and loved by all the student body, and we predict that he will be as popular here as at Waco. He has resigned his pastorate at the Central Church of Waco and will assume his new duties Sept. 10.

RESERVE YOUR ROOM.

My dear friend and fellow student, have you reserved your room for next year—not just asked for it, but have you got it signed up to you? Every old student was sent an application blank and was expected to fill it out and return with \$10, that his room might be held for him. Some have neglected to do this and may not have the room of their choice for the coming year unless they get busy.

This is important to you and to the school. It will save you trouble when you get here and will help the school authorities out by saving them the very same trouble. There's always a mix-up and a scramble for rooms. If you have paid in advance for a particular room, it is surely yours.

The ten dollars will not be lost to you, but will apply on your next year's account.

There are only a few rooms left in Jarvis Hall. It surely looks like we are going to have a lot of girls.

Boys will be quartered in the main building as well as in Goode Hall.

COMING.

Hico, Texas, August 8, 1912.
Editor of the Skiff.

Dear Sir: I am sending some "dope" on the Commercial Department for this week's issue. Please revise as you see fit, for I am not familiar with this work as given in T. C. U. Will be there next week to help boost. Yours respectfully,

L. A. EUBANKS.

Miss Dorothy Williams will enter the College of Business in September. She is from Rule, Texas.

Grover Stewart writes that his brother Arthur will be with him the coming year.

THE COMMERCIAL DEPARTMENT.

This department will give you the very best training that can be given in a business college, for we have the best systems that we have been able to find, and have secured the services of people that have not only had experience in teaching in commercial schools, but have had the experience in business offices. These instructors will not teach theory but actual business as they found it in business offices.

It matters not what profession you intend to follow, you need a commercial training right now. Don't wait. Procrastination is the thief of time. Your future possibilities are being undermined each minute because you haven't trained your mind to take advantage of the business opportunities that are facing you.

Every minute of your life has a commercial value. The commercial world sets the price of this minute by the commercial knowledge you have. Commercialism rules the business end of the world. Are you going to be one of the commanding few or in the driven multitude? Prepare yourself by taking a commercial course in the T. C. U. Then you can avoid business errors and shake hands with SUCCESS.

Mrs. W. M. Williams and Noland and Mary Jane are back from Ladonia, where they have been spending the summer. They are reporting a most pleasant summer.

Miss "Sook" Gibson will represent the "Never Fail Co." in carrying a full supply of automatic razor sharpeners the coming year.

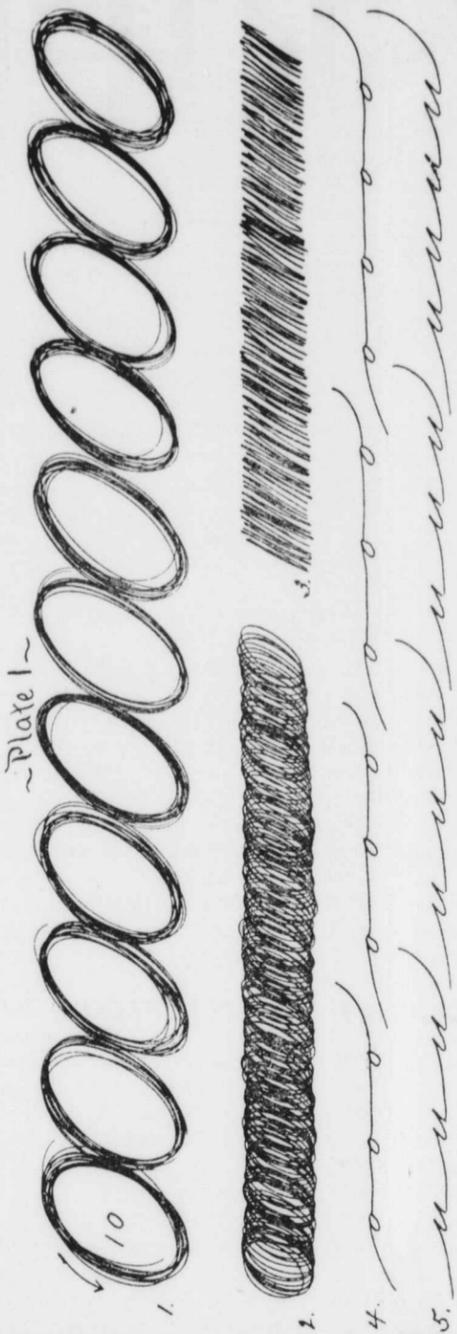

Miss Jessie McCammon of Beaumont was here the last of last week. She will be monitor on the first floor and assist Mrs. McKinney. Miss McCammon was a teacher in the Beaumont public schools for several years.

Fort Worth, Texas.

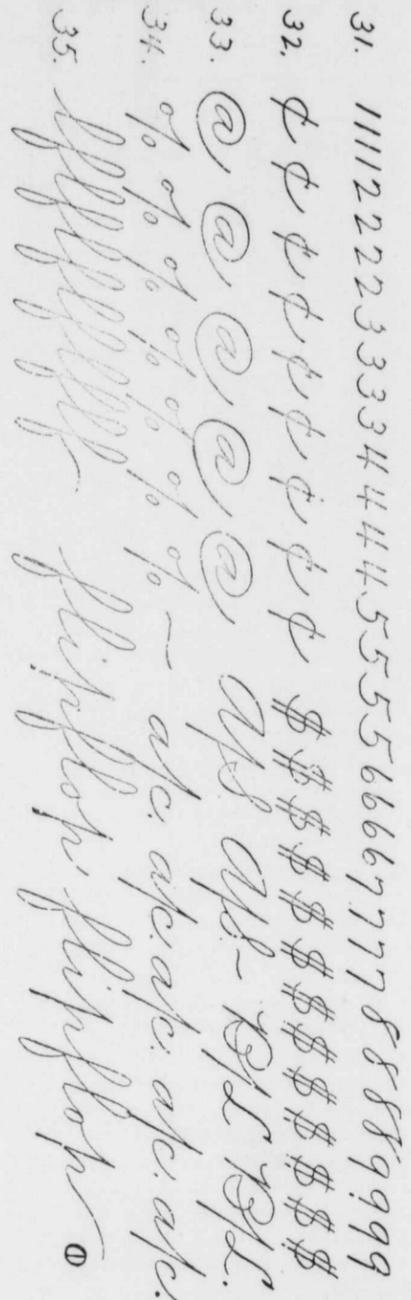

Editor of The Skiff:

Dear Sir: I have been enjoying reading the Skiff this summer. I am in Fort Worth tonight on my way to Colorado to spend my vacation. I wish I could get out to the university but won't have time. My sister, Roberta Scott, will be in T. C. U. this fall. With best wishes,
LORINE SCOTT.

Buford Isaacs of Midland came in Monday to go to work on the Employment Agency. He is now at his task. A fuller write-up is found elsewhere.

STUDENTS EMPLOYMENT BUREAU ORGANIZED.

For years students have been prevented from coming to T. C. U. on account of not being able to obtain employment. Every year the university helps many worthy young men or women to attend by giving them work in the university and on the campus; but every year there are far more applications for work than can possibly be granted. Consequently many who would like to attend T. C. U. are forced to remain at home and possibly never receive a college education.

This year the business office has had many more applications than ever before, so it was decided to establish a students' employment bureau and make a strenuous effort to find a place for every boy and girl that applies for work. Buford Isaacs of Midland was chosen to have charge of the employment bureau and he arrived Saturday morning and started to work

The university will, as usual, give employment to a large number of students, as many as is practical for it to do so. All others, the employment bureau expects to put in private homes, to work around the house for their board or to secure half-time work for them with some business firm, with hours so they can attend classes. There seems to be quite a number of ways for boys and girls to make their way through college if they know how to find them, and the employment bureau will do all in its power to hunt out these places and give them to the person best suited for them. In fact, this early quite a few nice places have already been found.

If you know of a place where some boy or girl can make all or a part of their expenses, you would not only be helping someone attend college, but you will be doing a valuable service to the university if you will report the place to the University Business Of

"Bob" Lines is wanting to haul all the students' trunks and other baggage the coming year. Bob is spending the summer at Altus, Okla., but he will be back in time to attend to all the hauling. He is one of our best students, and deserves your patronage.

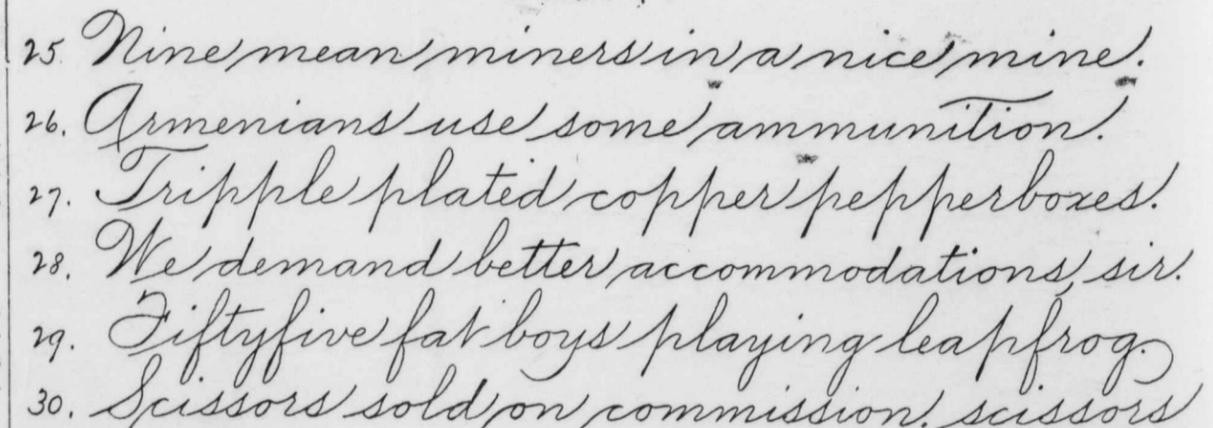

Dr. Chilton of Goliad was here Monday surveying our plant. He is the father of our popular Miss Katie Mae Chilton, whom all the students know. Miss Katie Mae is a senior special the coming year. She will finish in piano.

B. H. Simpson was a business caller Tuesday.

Miss Pansy Bozeman, who was the honor graduate of Bartlett High School last year, has reserved a room in Jarvis Hall.

Mrs. Allison of Polytechnic Hill was a welcome caller Tuesday.

CLARK HALL CAMPAIGN.

Though many have suggested that August is a dull season for a campaign to raise money—and it is—yet the work is being pushed with some success, as will be shown by the receipts of the past week given below. Most of the past two weeks was given to the matter of getting pupils, because the canvassers for pupils who were expected to be in the field could not give their time to the work now. Among the places visited are Gainesville, Whitesboro, Collinsville, Tioga, Pilot Point, Denton, Allen, McKinney, Farmersville, Paris, Honey Grove and Marietta and Antlers, Okla. At Gainesville I found Pastor Ernest Mobley ready to get off for a month's vacation, but he and Bro. H. W. Stark gave me all the time and assistance needed. Dr. J. W. Carey of Whitesboro lent a helping hand there. Matt Bradley, the famous Sunday school man of Tioga, made my stay there a delight, and promised some money for Clark Hall. At Pilot Point I met such men as R. T. Evans and Postmaster Carson, who can always be depended upon to have fellowship in the work. Bro. and Sister E. B. Peter of Denton entertained me in such generous style that I'll be glad to get back there again. Bro. W. L. Bush and Dr. Wolford at Allen left nothing undone to make my stay there pleasant and profitable. Prof. F. G. Jones of McKinney was

the next man I saw who always loves to talk T. C. U. I spent three rainy days at Paris, where I met quite a number of choice spirits, including the pastor, Bro. Ogle, Clements Few, Mr. and Mrs. H. L. Palmer, Mrs. L. E. Roland, J. E. Barry, Senator B. B. Sturgeon, Tom L. Beauchamp, Ben L. Billingsley, Mr. and Mrs. W. R. Wood, R. E. Roland, Jas. R. Roach, and others too numerous to mention. Pastor M. O. Ewing is doing things in and around Honey Grove. W. D. Darnell, the popular pastor of Marietta, Okla., is putting in good licks for T. C. U., and I shall not be surprised to see several pupils from that place.

Let every preacher in the State send Dr. F. D. Kershner the names of those who ought to be in T. C. U. Subscriptions for Clark Hall: R. E. Roland, Paris \$ 50.00 W. L. Bush, Allen 100.00 I. E. IN BEHALF OF CLARK HALL.

New York, July 29, 1912. Dear Bro. Williams: This may seem to come rather late in the day, but I wish to add one last appeal to the many that have gone out to the loyal brotherhood over the State in behalf of Clark Hall.

Yesterday I visited a great university and as I stood within her time-honored walls and gazed upon the magnificent buildings and equipment that make it possible for Columbia to graduate her thousands, I could not help but feel the insignificance of my own alma mater. But then the thought came to me that it is from small beginnings that these greater, grander things are built. Ideals are what count for most in the end, and these backed by a thorough equipment will attain. We have as grand an ideal for Texas Christian University as it is possible for man to conceive, and as I see her, transcendent in the light of a new era, I behold in her the beginnings of as great and glorious an institution as any of which the East can boast.

But we must not wait for time and future generations to make her what she must be. Now is the time for all who profess to believe in her to rally to her support. Possibly very few, comparatively, know how absolutely imperative is the need for Clark Hall. To have it completed means accommodations for one hundred and fifty more students who are certain to attend the university; to fail will mean that three-fourths of that number, at least, will choose another school rather than suffer the inconvenience of boarding out in the city. Upon the erection and com-

Note To Student:- Ra and Ha are always written up. Ish and La may be written up or down. When Ish is written up its name is changed to Sha. When La is written down its name is changed to El. All other consonants are written naturally, that is, down, or from left to right. Please remember this comment.

DON'T BE A SECOND-CLASS MAN OR WOMAN.

You can hardly imagine a boy saying, "I am going to be a second-class man. I don't care to be first-class and get a good paying position. Second-class places are good enough for me." Such a boy would be regarded as lacking in good sense, if not insane. You can get to be a second-class man, however, by not trying to be first-class. Thousands do this all the time. So you see second-class men are a drug on the market.

Second-class things are only wanted when first-class cannot be had. You wear first-class clothes, if you can pay for them. Eat first-class butter, first-class meats, first-class bread, in fact, you prefer everything you eat to be up to this standard. You surely should treat your brain as well as you do your stomach. Second-class people are no more wanted than any other second-class commodity. They are taken and used when the better article cannot be had. For work that really amounts to anything, first-class men are wanted. So try to be able to hold the best position that can be found.

Do not work for a meager salary when you can get a good one. Time is too precious for you to waste as a shop worker, counter jumper, farm hand, or be forced to take some occupation that works you long hours and pays you little.

Try to educate yourself so that you can use your brains as well as your hands. This gets the money.

The time has arrived when business men demand young ladies and gentlemen with business ability. Business men of today are not going to take the time to train you to keep their books or to do their stenographic work. They are not running a kindergarten. So you must prepare yourself, if you want to get a position that pays. Study yourself, see where your weak points are, and try to stay out of second-class ranks.

Rev. Cephas Shelburne and George Shelburne of Dallas visited us last Friday for a few hours. Such men are always welcome.

Aaron Griffing was up last week to see us all. He was like a foretoken of the good things to come. "Baby Doll" is as full of "pep" as ever. He will be out in a suit Sept. 10.

We have a card from Highsmith, who is resting up among the clouds. No, he is not in Jacksonville. He is at LaLande, New Mexico.

S. F. Houchins and Dr. Lyon are holding a meeting at Vashti. They report it as very successful.

Thos. J. Dean wrote Monday for a room for his cousin, Claude Proctor. He also informs us that Miss Minnie Proctor will also be back in school. That's the old "pep," Tommie boy. Rustle 'em in.

Rev. N. L. Collins phoned in Monday from Milford to reserve his rooms for next year. He is bringing several new students with him. That always helps out. Let's all boost.

Miss Vista Woods, who has been visiting in Oklahoma, has returned to her home in Ladonia.

President Kershner preached at Garland, July 11th, and was given an enthusiastic reception. The church at that point is in a flourishing condition, and contains a number of loyal T. C. U. supporters.

Mr. R. A. Weaver, 1617 Hardy street, Houston, will probably enter T. C. U. in the fall as a new ministerial student.

Miss Roberta Scott of Palestine is one of the two new members of the Y. W. Missionary Committee. She is already at work getting in touch with her special part of the committee's work for next year. The other new worker in this department is Miss Clanton, Station A, Dallas. Cleora will have charge of the regular once-a-month mission meeting of the Y. W., and has her topics selected for all such meetings before Christmas. If she requests you to lead one of these nine meetings during the year, accept it as an honor.

Marvin Hill was in the city over Sunday. He paid us a welcome visit.

Miss Mae Hulsey contemplates establishing a photograph exchange bureau for the coming year. Those desiring membership will please correspond with her, Miss Hulsey, at once at Ladonia, Texas, as the number will be limited.

Mrs. L. A. Lynch of Midland, Texas, visited T. C. U. last Friday morning and was very favorably impressed with our locality and buildings. Her late husband was a student in T. C. U. at Waco in 1898-99. Mrs. Lynch is one of Midland's most active church advocates and takes much interest in our affiliated college there. We were glad to have her visit T. C. U. and she will always receive a hearty welcome from us.

H. Grady Twyman, a former T. C. U. student, is now pastor of the Christian church at Florence, Colo.

Mr. Earl Gough has been visiting the oil wells in Wortham.

Ned Pyburn came in Monday from Comfort, Tenn., to attend school the coming year. He brought a friend, Will Pressley, with him. That's the proper spirit for all to show. Share the good things—T. C. U.—with your fellows. They are now hard at work helping put the grounds in shape.

Miss Elizabeth Henderson, the popular and much loved music monitor, has written that she will be back. We will certainly be glad to see her smiling face around the school once more.

Jack Farmer writes that his sister will be with him in school the coming year. Jack is going to continue making those delicious hot rolls for the hungry T. C. U. eaters. Yum, yum—fetch 'em on, Jack!

Miss McXie Mae Mason has our thanks for favors.

The summer address of our Lady Principal, Mrs. S. F. McKinney, is 2257 North Kedzie Boulevard, Chicago, Ill.

Mrs. Dora B. Cockrell's summer address is 2300 University Ave., Des Moines, Iowa.

Brother E. M. Waites, accompanied by Evangelist Hilton, visited the University last Tuesday. Brother Waites has promised us some chapel addresses covering his recent experiences in Palestine and the Orient, for the evening session. We are all looking forward to them with delight. Brother Hilton has just concluded a very successful meeting with one of our splendid Texas pastors, Brother D. R. Hardeson of Brady. Evangelist Hilton is well and favorably known throughout the state.

Mrs. C. I. Alexander is enjoying a pleasant visit with relatives and friends at Godley, Texas.

Mrs. L. M. Sargent, our new Modern Language teacher, writes from Paris, France, under date of July 15 that the French metropolis is unusually attractive this summer, and that the climate is delightful. Mrs. Sargent will reach America a few days before the opening of school.

Miss Ethel Brown writes that she and her sister will be back Sept. 10.

Miss Blanche Patterson will return in September to finish her work in the C. O. B.

Among our new ministerial prospects are Mr. Favor of Collin County, and Mr. Claude A. Mitchell of Duenweg, Missouri.

Mr. Fred C. Senior of 74 Brookland Road, Liverpool, England, writes under date of August 2nd, expressing his desire and purpose to enter T. C. U. in September.

Mr. G. W. Wolcott, a prominent stockman of Midland, has written reserving a room for his daughter, Miss Edith.

Miss Morrow of Seymour has had Mrs. W. B. Parke select a room for her in Jarvis Hall.

Miss Ruby Spiller has written, reserving a room for herself and her friend, Miss Norine Jenkins. They also reserved oratory time under Miss Reeves.

Miss Flora Bradford of Pilot Point has reserved a room in Jarvis Hall.

Remember Bob Lines wants to haul your trunk.

Mr. J. A. Dacus,
Fort Worth, Texas.

Dear Mr. Dacus:—

I received your letter some few days ago, and was very glad indeed to hear from you, and one thing made me glad, and that was your promotion.

Mr. Dacus, I would dearly love to come back, but have just started to work for the Purchasing Department of the National Railways of Mexico, in this city, and I think it means too much to me to leave it. Mr. Mel is the name of the "boss," and I am very much in love with him. He is such a nice old man. He has started me on a salary of \$45 per month, and if I prove satisfactory, and business flourishes, he said that he would of course raise it—which would tickle me to death.

This morning the first thing he gave me to do was some filing. He left me at 10:30 and I did not see him again until a quarter to three. That is the kind of a boss I like. Don't you agree with me, Mr. Dacus? And another grand thing about this position is the office hours: 9 to 12; 2 to 5.

I will write you again real soon, and I want to let you know that I appreciate it very much for remembering me in such a rush.

Wishing you all the good luck in your undertaking, I am, as ever,

Your ex-pupil,
LYNETTE PLUMLEY,
990 Broadway,

Beaumont, Texas.

P. S.—Give my love to all of the boys and girls, and kiss Bud Fisher for me.

Professor Cockrell has given up his supply work at El Paso, and is now in the field for the University.

Professor Alexander is located at 653 Ellis Ave., Chicago, Ill.

We are in receipt of a card from Miss Juanita Kinsey, who is spending the summer in Chicago. She is having a splendid time. She is taking some oratory work in the University.

Mrs. Gibson, "Ellie's" mother, has prepared for her daughter to bring to school with her twelve pint jars of jelly, chile sauce, and peaches. This notice is inserted for the benefit of Miss Gibson's friends.

Miss Grace Jones writes that she is coming Sept. 10, and is going to bring a friend with her.
