A WEEKLY NEWSPAPER; PUBLISHED UNDER THE AUSPICES OF STUDENT BODY OF TEXAS CHRISTIAN UNIVERSITY

VOL. X

FORT WORTH, TEXAS, THURSDAY AUGUST 22th, 1912

NUMBER 45

MANAGER PARKS.

"Bingo" Parks needs no introduction to a T. C. U. follower. He has been with the school for several years and has been always a puller for athletics. Ben was manager of the team last year and made a success of the season, even if he was handicapped by taking the strings in the middle of the race.

He has been hard at work all summer and has a world of new material for the team to be built from. We know it cannot but be a success.

COACH STEWART.

Coach Willis Stewart is a Fort Worth boy and is a graduate of Vanderbilt University. He played end on their team and has a reputation of being a hard fighting leader of men.

He has the proper spirit and is enthusiastic about T. C. U. football. He knows the game and with the material we can offer him and the support the student body can give him and our warriors I am sure we will have a winning team in 1912.

Miss Ella Brown, one of T. C. U.'s most popular students says "Every time I get a copy of the dear old Skiff, it just makes me want to get out and 'boost' for T. C. U. with all my might." The Brown family is on their way to Mexico in their car, taking time to camp out, fish and hunt on the way.

Miss Lizzie Owen of Marlin will be back the coming year. She was the honor graduate from the Academy and was known and liked by all. Her sister will be with her, also her niece from Arozina.

REPORT FOR DUTY.

Manager Parks requests the Skiff to state that he will be here by Sept. 6th to get things in shape for the football men. Capt. Ware and Coach Stewart will also be here, and they want as many of the men as possible to report about that time.

Two dozen new suits have been ordered and other equipment galore.

Remember and get here by the SIXTH OF SEPTEMBER.

OUR SCHEDULE.

At the close of the article by Manager Parks we give our football schedule. This should be an interesting item to all.

Glancing at it, one can readily see that we have some very good games for Fort Worth. We play Poly two games and Baylor one at Morris Park.

Our game this year with Austin College is to be played at the State Fair grounds in Dallas. We want all the students to arrange to go over and help us put on some show in our sister city.

All the games promise to be good ones and well worth anybody's time and money.

COMING BACK.

Of last year's scrubs we will have: Perry L. Johnson, who played at guard; Carl Tomlinson, a tackle; Aaron Griffing, an end; Dad Tennill, halfback; Albert Moore, quarterback; Fred Simpson, fullback; Alvin Street, a halfback; Bib Lines, a tackle, and many others who did not fill permanent places. They are all coming out in full force and fight for their places as never men fought before.

Bro. W. M. Williams, our endowment secretary, has written from Plano, sending a long list of prospective students. He sent in a room reservation for Miss Maggie Forman of that place.

WHERE THEY ARE.

Capt. "Bun" is on a ranch near Colorado, Texas, working at hard labor in an effort to get in shape. We predict a good season for him.

Bugs Thanisch is working in North Fort Worth.

Grady Lavender is at his home in Palestine. He is performing prodigious feats and will be hard as nails.

Cecil Stiles is in Teel, N. M., working on a ranch. Stiles will be back fighting as hard as ever.

Grover Stewart is in Denison, Texas, pecking the daylights out of a linotype machine. That's not very strenuous exercise, but that elongated red-haired preacher will be going good, never you worry.

Luther Parker is down at Corpus Christi, where he is striving to regain his equipoise after his strenuous work in summer school. Parker will be back, never worry.

John P. Cox is working at his home in Hillsboro. John P. will be back in full force and the way he will rip open those tissue paper lines will be a fright. Fifteen long and loud.

Chas. Bussey, the boy from Hutchins, is at work for Diggs Bros. here in Fort Worth. Chas. will be back this year. We thought he was a good quarterback last year. He will be better than ever this.

"Ben" Gantt, the husky substitute guard, is working on a farm near Burleson. Ben will be hustling some one to keep him off Varsity this year.

Thos. Hopkins is at Cleburne playing baseball and getting in trim to "hit 'em hard." If "Hop" bucks like he throws to second, look out, you opponents.

Dr. Lockhart was out the other day.

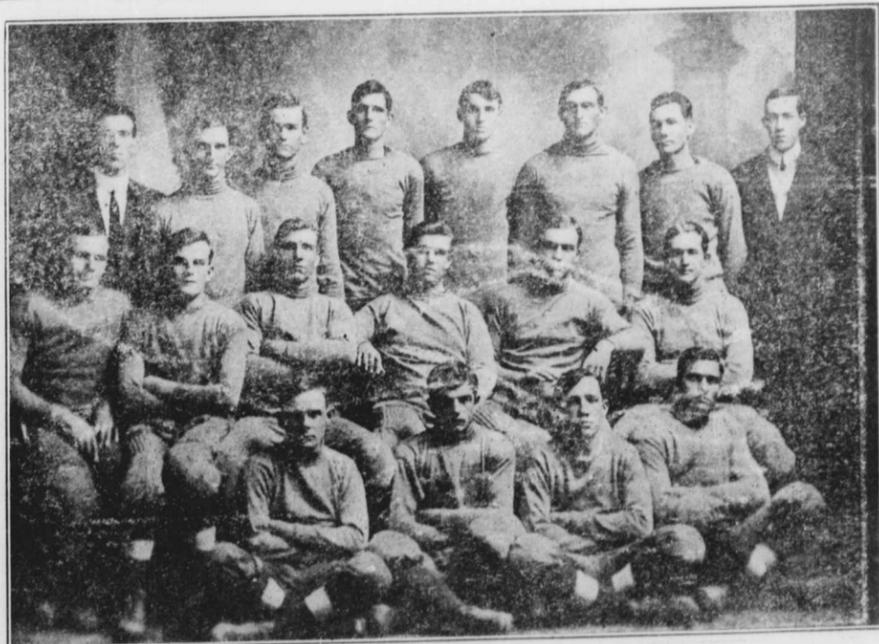

CAPT. WARE.

Our captain for 1912 is a well known football man. He started his career with Fort Worth High School. After two years' service there he entered old Fort Worth University. He played two years with them and upon their removal to Guthrie, Okla., he came to T. C. U.

"Bun" is a favorite in Fort Worth football circles and is loved by friends and feared by his opponents. He is large, fast and aggressive, and has played every position on the team at some time in his career.

"Bun" was captain of his high school team, of Fort Worth University team and is now our leader. He was successful when leading others, and we know he will make our team a winner.

STUDENT SUPPORT.

T. C. U. is noted for her "pep." What does this mean anyway? Just this. The students of this school are loyal to every phase of college life. They stand as a unit behind their teams and are unflinching in every duty to them.

Now we must show this plainer than ever this year. This issue of the Skiff contains all the popular yells and songs. The old students know them, and it's now up to those who are coming the first time to learn them and be ready for business when school opens.

It has now been almost three months since the "pep" was shaken up, and we ought to have a goodly supply on hands Sept. 10th. Let's all use it during the coming season. If we do, we will surely win out.

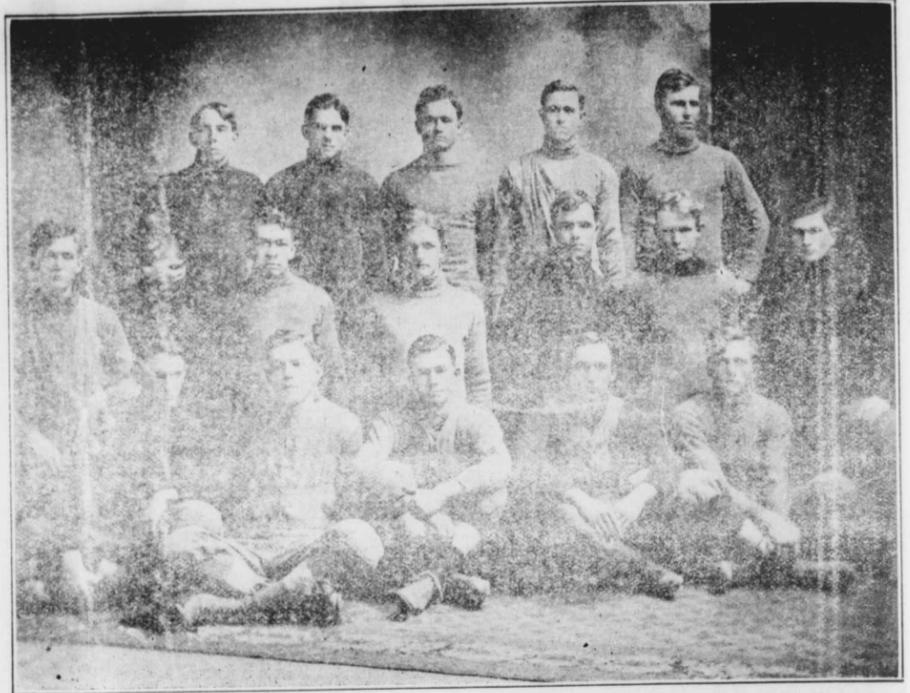

It's not the school which has the most scores that has won at the end of any contest. It's the school which has done her best, fought to the last and then gone home with a shout of pure joy for the spirit of battle which has been aroused.

Well, let's have old Rip Ram!

Miss Lorena Wright will be back the coming session.

Miss Eloise Wagner of Pecos, one of the girls of last year, will be back with us again this year.

Reserves 1911

Three of the "6 B. B.'s" are enjoying a good time in Waxahachie. Sue Webb and Lucile Hailey are the guests of Margaret Gibson. They are enjoying the rides on the mule cars as well as automobile rides. The other B. B.'s are deprived of this pleasure on account of the distance to come. Catherine Dodd is visiting in Kansas and Missouri.

"Bingo" Parks was out between cars last Saturday. He reserved his room and one also for Lavender. They will both be back to help us win the North Texas championship—anyway.

Joe Camp of Pecos writes that he will assuredly be with us the coming year. Joe is a brother of our beloved Ray Camp and is a graduate of Midland College. He is an artist also. It is reported that Ray is slowly recovering from his attack of typhoid.

Randal Northrup of El Paso has reserved a room in Goode Hall. He is a nephew of Mrs. Lula Reed Owers.

Miss Grace Stovall of Granite, Okla., a sister of Harry and Willis Stovall, will be here Sept. 10 to enter school.

Max Crunk and Ernest Mauldin of Martindale, Texas, have reserved a room in Goode Hall. Max will be remembered as the long boy who just missed out from making Varsity in 1911 baseball season. We bespeak some better luck for him now.

Carroll McConnell of Palo Pinto, our genial postmaster, will be back real soon to take up the duties which his office requires of him.

Perry Johnson of Groom will be here Sept. 10 or thereabout, hitting the line as hard as ever.

Miss W. I. Birge, our popular professor of biology, has written the business office a long letter concerning her plans for the coming year. She also reports a good time this summer.

Miss Fay Eason has written reserving a room in Jarvis Hall.

Cecil Stiles writes for a room for the coming year. Cecil has been spending the summer in Tell, N. M., working on a ranch. He is now ready for a good season as the best center in Texas.

Miss Kate Redford, one of the city C. O. B. students, and Miss Clara Whuman spent Monday night with Mrs. O. A. Smith. Miss Redford has a very nice position in the city since she completed her work in the College of Business.

Prof. W. T. Hamner writes that he will be here about the 1st. He seems to be enjoying life in the mountains of Montana.

Misses Olla Pegues and Emily Bates of Olessa have written for their room in Jarvis Hall. The girls will all welcome these most excellent young ladies into their happy Jarvis Hall family.

Miss Lucile Richards has written for her old room in Jarvis Hall.

Miss Lola McFarland and Eileen Copeland of Ladonia have reserved a room in Jarvis Hall. There will be a nice colony of the Ladonia people the coming session.

Miss Lena F. Biggs of Sabinal, who was here during the fall term last year will be back Sept. 10. She has reserved her room in Jarvis Hall.

FOOTBALL SEASON, 1912.

By Manager Parks.

Prospects for a winning team this coming season, we are glad to say, are fine. Have been working on new material all the summer and have succeeded in getting several of the best gridiron warriors in the state. Some of the new men whom we will have to begin work with the old squad on the 10th of September are as follows: C. H. McChesney, Pecos, Texas; H. J. Lippold, Jr., Pompa, Texas; Clyde Mills, Lancaster, Texas; McCallum, of last year's Medical Department; two good men from Hillsboro; George Oliver of Mineral Wells, and a list of others who have played High School ball, will be with us.

I know that the lovers of football will be glad to learn that we are to have with us Mr. Hal Hunter of Allen, Texas, and the original Blue Rattan of Cooper, Texas—two players who have won fame in days past and will help T. C. U. fight on to victory this coming season.

Of last year's squad, we will lose only two or three men, having with us this fall the following: Bun Ware, Grover Stewart, Chas. Bussey, John P. Cox, Gardy, Lavender, Luther Parker, Cecil Stiles, Gantt Hopkins, Geiger, Alvin Street, Griffin and several of last year's reserves, who will make someone go to keep them off 'Varsity this fall.

Our coach, Mr. Willis Stewart, has been working hard with us all summer and we know that he is capable of turning out a winning team. He has played several years on Vanderbilt, was star on team, is an ideal athlete, quick, aggressive, cool and has the commanding ability that it takes to put out a winning team, and with the support and co-operation from student body and faculty we are bound to come out winners in 1912 football season. This we will have, as we always have had in the past.

We will say in this issue that we will have no training camp, as school opens so early—September 10th—but every man will be expected to be on the ground the evening of the 10th, and ready to uniform at 3 o'clock p. m., as regular practice will begin on that day. **DON'T FORGET!**

Schedule is as follows:

- Sept. 28—Britton Training School, at Cisco.
- Oct. 5—State University, at Austin.
- Oct. 12—Southwestern, at Georgetown.
- Oct. 19—Baylor, at Fort Worth.
- Oct. 24—Austin College, at Dallas

Fair.

Oct. 29—Polytechnic, at Morris Park, Fort Worth.

Nov. 9—Dallas University, at Dallas.

Nov. 20—Trinity University, at Waxahachie.

Nov. 28—Thanksgiving Game, Poly vs. T. C. U., at Morris Park, Fort Worth.

It is probable that we will play at Ruston, La., some time in November.

THAT'S RIGHT.

The best drawing card that any school can have is a successful athletic team, whether it be a baseball, football or track team. The boys scattered over the country know all the names and positions of each player. They know the good hitters of the team, the fastest base runners and the hardest tackles on the squad. In short, there is nothing that is mentioned about the men on the sporting page that escapes the eye of the average boy.

But does this have to do with athletics as an advertisement for the school? It simply means that the boys out over the State are given a greater stimulus to excel in sport, and out of these hundreds must come the few men on Varsity. Most of them are high school graduates, and by the time they graduate they have a strong ambition to enter some higher school and there make a record in athletics as well as in their literary work.

But do they always get to "go off to college?" We believe that more of them fail in this desire than their more "bookish" classmates. Yet if we will look around us we will see that there are as many college athletes in responsible positions as non-athletes.

T. C. U. needs to put forth a more determined effort to get these sterling young fellows. They come to us well developed physically, and it is our duty to develop them mentally and send them out well rounded men.

SCREENS FOR JARVIS HALL.

It will come as a welcome piece of news to the girls that Jarvis Hall is to be screened. Mrs. Ida V. Jarvis has taken up this work and will see that it is done up right. We can all rest assured of this, as we know how she does her work.

Sue Webb has been visiting friends in Waco and West.

EMPLOYMENT FOR BOYS.

The city is being canvassed to find places for the boys who want to make their expenses. The Employment Bureau has found quite a few places where boys can work before and after school hours, but here also the number of places are much fewer than the number of boys who want to fill them. We are working hard, however, to fix it so all who desire can attend T. C. U. If you have an application in for work and have not heard from us, write the Employment Bureau and tell them what you can do. If you have had any experience in any line of business, tell us and we will find you a place. Several places have been found for boys to work behind the soda fountain, some in shoe stores, some in offices as stenographers and some in various other kinds of establishments. If you can do any of these things, or anything else, write and tell us what, and how much experience you have had in that line.

If you know of any way or any place where a boy can work and attend T. C. U., let us know at once. Boys can be mighty helpful around the home—perhaps you can use one in YOUR home. Try it. Let us all work together and endeavor to get work for all who want to come.

Bertis Appleton, whom all the old boys know, came drifting in Monday morning, bringing a big box of real home cooked supplies with him. He was doubly, yea, thrice welcome. Bertis, "Shorty," or "Jeff," as you choose to call him, will be back at his old trade, that of doing T. C. U. tailoring. A. M. Echols will be in the business with him this year. They are now at work getting their shop ready for the fall business, and they will surely appreciate any order you can place with them.

Mrs. W. S. Rowland and daughter were out at school Monday with a view of the young lady entering school.

Oh, when old T. C. U. team falls in line,
 We're goin' to win another time;
 For the 'Varsity we'll yell, yell, yell;
 For the _____ ball team we love so well,
 And we'll roll old _____ in the sod.
 Rah! Rah! Rah!

Everybody works on our team,
 The team that wins the game;
 We all work together to honor Varsity's name.

When _____ calls the signals,
 And the backs begin to run,
 It's all off with _____,
 The game is won.

They say old T. C. U. has got some style,
 Style all the while.

 Saw it off short.

Good-bye, old _____;
 Farewell to you;
 You had your rep up,
 And we know that's true.
 Now you've lost it,
 Christians have won;
 You've got good players,
 But they sure play bum.

Old T. C. U. stands so strong and firm
 That Polytechnic looks just like a measley worm;

See that line-up there,
 Oh, Polytechnic beware!
 For we're going to beat you,
 And then how you'll rare!
 Now here and there you'll see
 Old Cox and Ware
 A-smashing through the line,
 A-shouting "I don't care!"
 The whistle begins to blowing,
 For old 'Varsity is a-scoring!
 Hear those rooters roaring—
 Oh, hoy they're roaring,
 Roaring, roaring for T. C. U.!

Oh, ain't it great—just simply great,
 To wipe old _____ right off the slate.
 Roll up the score,
 Make it some more,
 And make _____ go way BACK and SIT DOWN.

Boys Tennis Club

THE SCRUBS.

Yes, that's what we call them, but all honor to their lowly titles. It is an honor above that of being the bearer of no name. Meekly day after day they stand up against Varsity and serve as human buffers for the heavy batterings of the school's terrific battering ram. There's no glory in it—not much fun, but there's lots of hard work.

That hard work, though, is giving them training. If they are "yellow" it will soon show. If muscle is lacking and the strength to make the team is not there, soon there will be a vacant place. But above all it is training in perseverance, and then if success come what joy there is in it. The new letter man has actually won by his strength, skill and science the coveted honor.

No, indeed, they are not chowned while yet in the ranks. It's the successful ones who receive the wreath of victory.

But rest assured all who fall just short of the goal. There could be no success for your school without your support. You have not failed. You have helped others.

The office is in receipt of a splendid letter from Prof. Cockrell, who has been spending the past few weeks in the field in the interest of T. C. U. He sent in quite a list of names from Pecos, Qdessa, Midland, Big Springs, Colorado and Sweetwater. The chances of a big gathering of students from these places is most excellent.

Prof. Cockrell writes that he will be here in a few days to fix up his affairs for the coming year and that in a short time he will send for Mrs. Cockrell and the children. This is indeed pleasant news to us all.

Miss Libbie Wade, the girl from Elgin, has written asking for her room in Jarvis Hall. She also asked for a list of the new girls, that she might write for the Y. W. C. A.

CAME TO SEE HOME.

The unfortunates who are holding forth on the hill this summer were indeed highly pleased and honored when they received a visit from Mr. Bonner Frizzell, '09. Mr. Frizzell, as he is known to us, and Bonner to his classmates, is now one of the professors in A. & M. College of Texas. He is reflecting credit upon himself and his alma mater by his success in the world life, and as he goes on we bespeak for him still greater success. Such men are always welcome at T. C. U.

GONE HOME.

Geo. Mabee, who has been officiating as secretary during the summer, has gone to his home in Mangum to spend the remainder of the summer. George has been very faithful during these hot days and his smiling face will be missed by those he left behind. However, the call of the "old folks at home" was too great, and he finally was constrained to come up there and hold forth for a short time. We all wish him a good time and lots of fun for the succeeding hours of this short summer.

Miss Mildred Roberts of Waco will be back to take care of the athletic boys. Mildred writes that she has as much "pep" as she ever had. That listens good to us all.

THE EMPLOYMENT BUREAU.

The Employment Bureau has been hard at work this week and has found a number of homes in the city for girls where they can get their board for a little work—less than most of them are accustomed to doing at home. One or two places require no work at all; a girl is simply wanted for company. There has not been half enough places found, however, to locate all the girls who want to come to T. C. U., and who must work for part of their expenses or not be able to attend. There should be numbers of people here in Fort Worth who read this article who could very easily take a girl for her board and in this way help her get an education. If you can take one, get in communication with the Employment Bureau. Try to make a place. Ask your neighbor if she can't help a girl go to school. Think what it means to the girl and how little trouble it would be to you. Remember what your college education has been, and is, to you. It means just as much to some other girl, who must work her way. It is in YOUR power to help some girl be a power in the world. We can get you a nice, refined girl from a good home, who will be willing to help you in any way and will repay you amply in more ways than one. WILL YOU HELP ONE?

OUR NEW PROFESSOR OF LATIN.

Many friends of T. C. U. have long known the very successful preacher of the Waco Central Church and former solicitor for the University, Colby D. Hall, who has recently been elected Professor of Latin to succeed Prof. Eskridge, who resigned to take charge of a girls' school in Oklahoma. While we are sorry to lose a teacher that for about fifteen years had maintained a high degree of scholarship in the classical studies of the University, we are counting ourselves fortunate to have so worthy a man to take the place.

Prof. Hall has had some experience in the Latin Chair of T. C. U., having filled the place at one time in the absence of Prof. Eskridge. He is a graduate of Transylvania University and the College of the Bible, and is a diligent student and excellent teacher. In disposition, personal bearing, sociability and balance of judgment, Prof. Hall is one of earth's noblemen. He will be not only accurate in his linguistic work, but will exercise a fine literary taste in the study of classic

composition.

Prof. Hall's deep interest in the University was fully tested when he was canvassing the state for money and students a few years ago. He did more than almost any other man to bring the University to the affection of the Christian people of the state, and to establish the custom of observing Education Day the third Sunday of every January.

A teacher's personal interest in the students is a quality of great value in a university, and in this Prof. Hall excels. During the session of 1909-10, he was chaplain of the University, and seemed to be the ever faithful friend of both teachers and students. His acceptability in University circles has thus been fully demonstrated. He will receive a hearty welcome into these circles again in September.

OUR DAIRY

We want TWENTY COWS. Of course we want these cows given to us. Who will be the first person to phone, telegraph or write us saying "a cow is being shipped to-day. Keep a close watch out for her."

With twenty cows we can cut down our expenses quite a good deal, have pure cream for our breakfast foods, plenty of sweet and buttermilk for all cooking purposes and still have quite a lot of fresh milk for table use. Just stop and think what this will mean to us and decide RIGHT THEN and there to send one or more cows to T. C. U. dairy. You have a spare cow and we are greatly in need of our own dairy. We have the ground and facilities for caring for twenty cows. Students help me talk up this DAIRY PROPOSITION. We must have these TWENTY COWS on the FIRST CALL. We will GREATLY APPRECIATE and take SPECIAL CARE of any cow donated.

Speaking earnestly in the interest of T. C. U.

J. A. DACUS, Bus. Mgr. P. S. Will ask for the hogs later.

Bro. Walter S. Smith, one of our able preachers from South Texas, was in to see us last Friday. Bro. Smith will be remembered by all the students of last year, as he spent several days at the university and gave us some interesting and instructive talks in chapel.

Robert A. Highsmith has returned from his vacation trip to his home in LaLande, N. M. He is actually fat, he ate so much. He reports a fine time huntin gand fishing.

Mrs. J. H. Fuller of Oak Cliff, Dallas, was out on the hill between cars Monday.

Emmett Spinks and wife, formerly Miss Gertie Stewart, were out Sunday bidding defiance to all the rules Mrs. McKinney ever made.

Harry Stovall is now here and at work. He will sure be in school the coming year.

Miss Nell Andrew left yesterday morning for Dallas, where she will spend a portion of her vacation. Miss Nell has been very busy all summer cataloguing the library.

Louise Miller has our thanks for favors.

Allen Freeman came in Saturday from Coleman, where he has been visiting a few days.

Mr. L. A. Eubanks, who is to be the College of Business man the coming year, arrived Monday and is busy arranging for his work for the coming year. He is on the go already, being busy sending out advertising.

Harry Andrew of Amarillo, a nephew of our librarian, Miss Nell Andrew, was in to see us all last Saturday. He will likely be in school the coming year. Mr. Andrew is a football and baseball man of some little experience, and can help Varsity go some.

Ernest Grissom and brother of Haskell will be in school Sept. 10., without fail. We welcome them to our T. C. U. host.

Miss Lela Odell of Haskell has written for her room in Jarvis Hall. She will be one of the jolly seniors the coming year.

Prof. C. A. Exley writes that he will be here about Sept. 6. He has been spending the summer at Chicago and reports a most pleasant time.

Pres. Kershner is in receipt of a card from Miss Lucy Ault from Dresden, Germany.

J. Lindley Wood of Mertzson will be back in full force Sept. 10.

Pres. Kershner has finally secured his phone. It is Rosedale 552.

Miss Mariana Stiles has written for her room in Jarvis Hall.
