\$13,000.00 Needed to Complete Clark Hall

A Complete List of Donors to Clark Hall

T. S. REED, Beaumont
Who gave \$25,000.00 for Endowment.

Clark Hall Nearly Complete.
\$13,000.00 More to
Be Raised.

Clark Hall, the men's dormitory of T. C. U. is nearly finished. It has been the policy of the Board of Trustees to build only so fast as the subscriptions came in, but because of the necessity for completing the building by the opening of the session, not only on account of the crowded condition which this hall will relieve, but also on account of the revenue it will produce, the members of the Board borrowed the balance needed at the Western National Bank of Fort Worth, on their personal note. And they did this in addition to giving all the way from \$500 to \$2,000 each. Brethren, we must raise this \$13,000 at once and show these true and tried trustees that we will hold up their hands rather than ride while they pull us.

When this hall is completed and paid for we will have only one more stop to reach the Reed and Jarvis gifts of \$40,000. That step is to pay off floating indebtedness.

Some Big Gifts For Clark Hall

An examination of the list of donors to the Clark Memorial Hall fund discloses the following interesting facts: that two persons have given \$2500 each; seven \$2000 each; twelve \$1000 each; thirty-two, \$500 each; twenty-one \$250 each; ten gave \$200 each; twenty-two \$125 each; eighty-two \$100 each. It is the purpose of the financial secretary to find at least two more that will give \$1000 each; twenty to give \$500 each; nine to give \$250 each; ten to give \$200 each; eight to give \$125 each and

eighteen to give \$100 each. We have the brethren who have the money. God has entrusted you with the means and is now calling upon you to bring the tithes into the store-house.

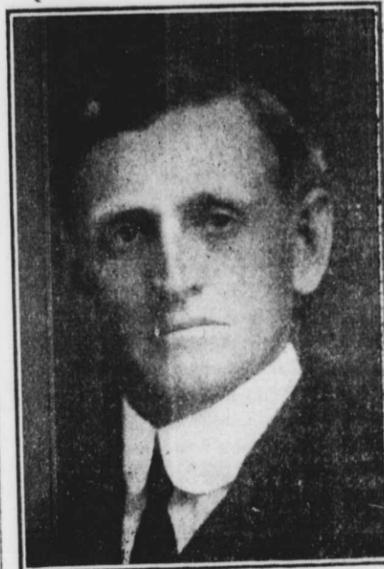

ENDOWMENT GIFTS

Since the campaign for endowment on a large scale started, the following donations have been made: \$25,000 by L. C. Brite, of Marfa, for the English Bible Chair; \$25,000 by T. S. Reed, of Beaumont, for the Chair of Mathematics; \$15,000 by Major Jarvis, of Fort Worth, for a Science Chair. The latter gifts, however, are conditioned upon the completion of Clark Hall and the payment of the floating indebtedness.

L. C. Brite

"L. C. Brite, of Marfa, is an unusual man. Few people know of the wonderful work he is doing in a quiet way to extend the kingdom. He is a thorough

going disciple. He believes in the plea of those disciples who call themselves Christians only. He is said to be possessed of some 170,000 acres of ranch land and has much fine blooded stock. He pays the most of the minister's salary at Marfa, fifty dollars a month on the Alpine preacher's salary, helps to build churches in all West Texas. He buys McGarvey's Sermons and "The Church of Christ by a Layman"—these are books of more than three hundred pages each—and doctrinal tracts by the thousands and distributes them everywhere he thinks they will do good. This year he gave \$25,000 to T. C. U. These are, perhaps, only few of the many good things this earnest Christian man is doing. We did not earn these things from him though we had a good visit with him in his home. His good wife joins him heartily in every good work. Such people are a great blessing to the world; may their kind increase."—Christian Oracle.

W. M. WILLIAMS
Endowment Secretary

Out At Amarillo

President F. D. Kershner and Financial Secretary W. M. Williams, of T. C. U., recently visited Amarillo in the interest of the institution, remaining over Sunday when Dr. Kershner delivered to great sermons before appreciative audiences. Members of the church, of other churches, and others were loud in their praises of the talented young president, and many new students will be enrolled in T. C. U., as a result of this visit. Secretary Williams reports a gift of \$1000 for Clark Hall from Mrs. Lee Bivins.

Pastor Walter P. Jennings and his good wife are much beloved, not only by their own membership, but by the people of the city generally. He has done a great work here; and the magnificent church and beautiful parsonage which has been built under his ministry right in the face of drouth stricken conditions, are fitting monuments to the services and sacrifices of this mighty man of God.

The membership of the church is not only cultured but consecrated also; and it is a great pleasure to visit among these people. Amarillo will send a large delegation of students to T. C. U. this coming session.

Clark Hall.

As we have several times over assured you through these columns, this year will be the greatest year in the history of T. C. U. There are hundreds of boys and girls of limited means all over this state who are exceedingly desirous of obtaining that sort of training that will best fit them to live out a happy, useful and influential life. Young Couple Mary at Godley. Train is Held Fifteen Minutes for Them.

"At 8 o'clock yesterday evening Mr. W. C. Ferguson and Miss Willie Thetford were united in marriage at the home of the bride's parents in Godley. The wedding ceremony was held in the presence of a number of friends and relatives and the happy couple, after receiving the congratulations of all present, started to Cleburne in an auto

Solomon's Wisest Saying

Ministers of the gospel are supposed to walk in the footsteps of the wise as well as those of the meek and lowly.

Ministers of Chicago were asked recently by James Keeley, of the Tribune to compile what they considered the ten wisest sayings of King Solomon.

James Keeley is one of the great newspaper makers of the world. He knows and item when he sees it. He smells news the same as wild game scents an enemy.

He is willing to go to the Bible for inspiration.

He is willing to go to the sayings of Solomon or the Psalms of David.

The vote of Chicago ministers was for the following ten proverbs in the order named:

"He that is slow to anger is better than the mighty; and he that ruleth his spirit than he that taketh a city.—Proverbs vi, 32.

Go to the ant, thou sluggard; consider her ways and be wise.—Proverbs vi, 6.

Wine is a mocker; strong drink is raging; and whosoever is deceived thereby is not wise.—Proverbs xx, 1.

A soft answer turneth away wrath; but grievous words stir up anger.—Proverbs xv, 1.

There are three things which are too wonderful for me, yea, four; which I know not: The way of an eagle in the air, the way of a serpent on a rock; the way of a ship in the midst of a sea; and the way of a man with a maid.—Proverbs xxx, 18, 19.

Train up a child in the way he should go; and when he is old he will not depart from it.—Proverbs xxii, 6.

A good name is rather to be chosen than great riches, and loving favor rather than silver and gold.—Proverbs xxii, 1.

The fear of the Lord is the beginning of knowledge; but fools despise wisdom and instruction.—Proverbs i, 7.

Righteousness exalteth a nation, but sin is a reproach to any people.—Proverbs xiv, 34

If these sayings were wise in the days of King Solomon, they are wise today.

Human nature is the same today as it was in the days of Solomon.

"September Morn" pabulum has had a run in the newspapers of the land.

Now give the sayings of Solomon a run, read his sayings, digest them thoroughly, and profit thereby.

They are not intended for ministers alone, but for all men who read and think and for all men who think they think. There is a difference.—Fort Worth Record.

To Incoming Students

DO NOT take a cab. It will cost you \$3.00. Go to 7th and Main Sts. and take the Forest Park street car. It will cost you 5c.

DO NOT give your baggage checks to the transfer companies. They will charge you from \$1 to \$3 for hauling your trunks. Bring your checks straight to the Business Office and the T. C. U. drayman will haul them for 50c each.

T. C. U. Students Take Notice

Mutt discovered a "white hope" and brought him before Jeff for inspection; but was sorely disappointed when one punch on his "bean" from Jeff put him in the shade. That is funny to look upon.

But when we look upon the situation in Mexico, we are forced to assume a more serious attitude. It is said that the only way to settle the Mexican squabble, is for Uncle Sam to cut off "their bean". Being patriotic by nature, we stand ready to serve Uncle Sam at any time; and although we may be called to the front in the near future to help "clip beans". We are at present busily engaged in equipping a first class Tailor Shop in T. C. U. We will be prepared to do first class cleaning, pressing and repairing and will make a specialty of ladies work. We will also have on display, ready for your inspection an up-to-date line of samples and patterns.

Give us a trial; we will appreciate your patronage and guarantee satisfaction.

The Devil's Dream

The devil dreamed one August day that the kingdom of heaven had passed away and he was ruler and had full sway. So he rose from out his fiery berth; creased was his mug with wrinkles of mirth as he said, "I believe I'll go to earth." Then he took his leave from his gloomy band and flew 'til he saw the shimmering sands of Texas, yecept the Promised Land. He landed, when biff! behind the ear a mosquito hit him, and loud and clear the insect chorus he could hear. The sweat broke out on his fevered brow as never in all his life 'till now and he wailed "It's a darned hot day, I trow!" So the devil journeyed up and down and cussed and sweated as he went his round from the simmering range to the sizzling town. His face looked weary, his step grew weak; parched was his hide that had looked so sleek, and his voice was so cracked he scarce could speak. But the devil awoke from the awful spell, more thankful than words could ever tell to find himself safely in bed in— well, the moral we gleam from the devil's dream: You may wake like he did, so don't cuss the scheme, for things may not be as bad as they seem.

here, there was a very rapid drive made for the depot, and the people along the way wondered what was the matter as the auto rushed on, but it was all explained when the couple reached the depot in time to catch the train before the 15 minutes were up, and the Santa Fe train made up the 15 minutes before the train reached Temple. May these young people overcome all the obstacles in life, as they did this, the first one they encountered.

"Mr. Ferguson, the groom, is from Alpine, Texas and the bride is one of the fairest daughters of Godley, and her popularity in that section was attested by the numerous presents received and the showers of good wishes bestowed. The couple have been sweethearts for several years and both graduated from Texas Christian University last year, and it is said that they will teach school together at Athens, Texas, the coming session.

"They have the distinction of being the only newlyweds in Johnson County who have ever held a fast passenger train on a big railroad system like the Santa Fe. The Enterprise congratulates them and along with all their friends wishes them a long and happy life."—Cleburne Examiner.

Alumni Notes

Mr. T. J. Dean, Pastor of the Christian church at Jacksonville, is with us at present. He is gratified over the way things look, and says he hopes to visit us some time during the session. He is still thinking about beautifying our campus, and points with pride to spots which show the results of his handiwork while here.

Pauline

Miss Pauline Wynne has returned from her vacation and is busy getting the business office straightened out. Miss Pauline will be our banker for next year as well as bookseller. She says that she has been enjoying the summer very much, and only regrets that she cannot enjoy the summer and school term at the same time.

Fort Worth--Dallas C. E. Picnic

Last Monday was a gala day in Forest Park. In fact it was such a gay day that some of the merriment reached T. C. U. The Fort Worth Christian Endeavors entertained the Dallas Endeavors, and they did it well. Many of the young people visited T. C. U. and expressed themselves as being well pleased with its appearance. Our College of Business Principal, Professor Patrick Henry, made an address during the day. He is the State President of the Endeavors.

Mrs. Sweeney

Mrs. Sweeney and her two sons have arrived and have already started the Ministerial Boarding Club. Mrs. Sweeney has transformed Goode Hall, and it now fairly shines from the result of various scrubbing thru which it has been put.

Mrs. Sweeney comes from Gainesville, Texas and is well known to the Brotherhood throughout the state. She will be a very material addition to our community, and we are glad indeed to have her. She was a minister's wife and will know how to take care of our preacher boys. Her two sons are fine young fellows and we are expecting them to take an active part in our student life. They are both musicians and will play in the band.

Messrs W. D. Lipscomb and Edgar Lowe came out to see us Monday. Lipscomb's sister will be here next year.

Mr. and Mrs. Kinsey have returned. Likewise Juanita. Naturally, Sisk is happy.

Mr. J. Willard Cockrell, Pastor of the Christian church at Midlothian, Texas, was here yesterday. He is doing all in his power to help T. C. U. to grow.

Clark Hall

Continued from page 1.

asmuch as these boys and girls are here, it is the duty of Texas Christian University to help to give them that training.

We have had scores of applications for rooms this summer. In fact two-thirds of the rooms in Clark Hall are reserved for boys who have already paid a fee in order to have the room reserved for them. But the rooms are not finished. And when it is finished Clark Hall will be the nicest building we have, and we appreciate it accordingly.

But Clark Hall must be paid for. And when it is finished it will not be paid for. We lack \$13000 yet of having enough funds to complete it, and are depending on the Christian Brotherhood of Texas to help Brother Williams to raise it.

If you have not donated toward this fund, do so!

AID SOCIETY ROOM IN CLARK HALL

Several aid societies have sent in contributions for the construction of Clark Hall, and it has been suggested that all the aid societies be invited to contribute, and that a room containing a tablet with the names of the contributing society be known as the Ladies' Aid Society Room. What do the societies say to this suggestion? They are foremost in every other building enterprise in the church, and we believe they want fellowship in Clark Hall also.

Write Secretary W. M. Williams, in care of T. C. U.

SELF DENIAL AND CLARK HALL

A sincere friend of Christian Education has suggested that those who have not already made contributions for the construction of Clark Hall and who do not otherwise feel able to make subscriptions, make some special self denial that they might give to this great cause. The following letter recently received from the "Old War-horse", A. J. Bush, of Yoakum—or rather I should say of Texas and the South-west—rings with the very spirit of self denial, the spirit of the Master:

"I am enclosing you a check for \$25 to apply on the completion of Clark Hall. Wife and I thought to spend a couple of weeks at Corpus Christi which would have cost us this amount extra, over living at home, and we have decided to remain at home and send you this. I hope the money will be forthcoming to complete the building before September 16th.

"Wishing you all success, I am
Sincerely your brother,
A. J. BUSH."

Here is a concrete example of self sacrifice. Who will follow this noble example? Almost anyone can deny himself or herself some luxury and be even happier in thus making a contribution for the completion of Clark Hall, which means so much to Texas Christian University and to the cause of Christian Education. Jesus' whole life was one of self denial, and when we practice this, we are being led by His spirit. Let us hear from the preachers and the people generally.

SACRIFICES FOR CHRISTIAN EDUCATION

The following letter suggests the sacrifices which some are making for Christian Education. It breathes the

very spirit of the Master, that of service and sacrifice, as well as humility.
 "Dear Brother Williams:
 "Enclosed find money order for \$2 to be added to the Clark Hall fund. I

In the last lap of the race to complete the building of the Clark Memorial Hall, the preachers are called on to join as a body and contribute \$5000. This is called the Preacher Club for Clark Hall.

The suggestion was made by a preacher, and it has already been taken up by a number of them on the first announcement. Before the letters ever reached the ministers, just from the announcement in the Courier, some responses came in with a check enclosed. The preachers are "all right" if you will just give them a chance.

The plan is to have 200 shares in the club at \$25 a share. This brings the amount low enough to enable most of the men to get in, and puts no limit on the number of shares a preacher may hold, giving those who are able opportunity to bring up the amount.

The club list is now open for membership. The letters are coming in. The work on Clark Hall goes on. The boys are getting their clothes ready to come to T. C. U. to live in the hall. All eyes are on this race of the University to provide for its increase. And right now all eyes are turned to see what part part the preachers will play when called on, toward building this much needed hall and most worthy monument.

Everybody is now waiting to hear from the preachers.

HOW IT STARTED

"Have you noticed how few preachers have subscribed to Clark Hall? What's the matter with our preachers, anyhow?" remarked one brother to a preacher friend.

"Well, you know how the preacher is compelled to lead out in every local offering, and give at the top of the list with a salary that will not stretch enough to cover expenses hardly," was the answer. There were plenty of reasons at hand. "But come to think of it, I would consider myself disgraced if a memorial hall were built to Addison and Randolph Clark and I had no part in it whatever. I have been expecting to put something in, but while the thousand dollar and five hundred dollar gifts have been coming in, I have felt that this was out of my class. When you get to my size, I want in."

"And that's about the way with other preachers" was the suggestion. "Let's give them a fair chance."

And so, on the last lap, while gifts of every size are needed to finish up the race, the preachers are given the opportunity to do the part of their ability. Each share is \$25, and no one will be

urged to take more than one. Yet there are many preachers who are just as able as anyone, to take \$500, \$100, or some such amount.

A WORTHY EXAMPLE

"I am giving all my life and all my income to the church as it is," thinks one preacher.

Yes, it was by sacrifice of men who gave their time, what little money they had, and then sacrificed some more besides, that the foundation of the church, and of Christian education was made possible.

Addison and Randolph Clark owned property in Fort Worth in an early day, right close in the city. The tract today is rated at millions in value. At that time men on every hand were holding on to land as a basis of future wealth. Many of them today are rich because of having kept their land. The Clark brothers saw a vision of a school, and gave up their possession to found one. Then the school was given to the church.

These men have known nothing but poverty all their days. This generation is reaping the benefit of their wisdom sacrifice. A school cannot be built in a day. The ripe and rich heritage of old Add-Ran is today the prime spirit that makes T. C. U. a great institution.

Who is there that would not count it an honor to have a share in building a monument to these founders, even tho' it costs a heavy sacrifice to do it?

THE COURIER APPROVES

"The T. C. U. is on the home stretch, a hard stretch, for the completion of Clark Hall, by the opening of school on Sep. 16. We suppose it is called the "home stretch" and the "hard stretch" is because the last resort and appeal is to the preachers, "the poor preachers". This appeal is not so bad. The Southwestern Methodists people, have had an every member campaign, every church campaign, and we hear incidentally that they put on an everybody campaign. T. C. U. has not as yet exhausted its resources."—Christian Courier

The preachers are far from being the last resort, even in a money call. But if we had to trust to a call to either the preachers as a whole or the big rich men of the churches as a whole, we would risk the preachers every time.

We are glad to approve the Courier's confidence in preachers.

MRS. BIVENS BECOMES ROYAL

The latest to join the Forty Thousand Club is Mrs. Lee Bivens, of Amarillo. She has contributed \$1000 for the completion of Clark Hall and the payment of the floating indebtedness, thus becoming a Royal member of the Forty Thousand Club, which club of sixty is to pay as much as two, T. S. Reed and Major Jarvis—that is; \$40,000.00.

Only recently Sister Bivens contributed liberally for the construction of the Old People's Home in Dallas. She realizes the money God has entrusted to her care still belongs to him and she is his trustee; and she is placing his money where she believes it will accomplish the most possible good. Indeed, she gives liberally to all departments of the church work, both at home and abroad. And she believes in making sacrifices to do this.

THE FORTY THOUSAND CLUB

Thirty Members Now Secured—Twelve Royals—Eighteen Liberals

"Some time ago, T.S. Reed, of Beaumont, on behalf of himself and family, donated \$25,000 to endow the chair of Mathematics, and Major J. J. Jarvis, of Fort Worth, subscribed \$15,000 to endow a Science chair. These gifts were made, however, on condition that Clark Hall be completed and the floating indebtedness of the institution provided for. At the time these gifts were made, (February 10, 1913), \$80,000 in addition to subscriptions already made were required to comply with these conditions. For the purpose of raising half that amount, or \$40,000, the Forty Thousand Club is being promoted. Its membership is limited to sixty—twenty Royals, who pay as much as \$1000 each, and forty Liberals, who pay as much as \$500 each. All other brethren in the state are asked to pay the remaining \$40,090.

The most important enterprise before the Disciples of the great Southwest is Texas Christian University, the only Bible College maintained by the Disciples in five great states of the Southwest, where candidates for the ministry may prepare for their life work. Indeed, the greatest need of the hour is Christian education.

The time for the opening of the next session is near at hand, and not quite half of the membership of this club has been secured. There are many men and women among the membership of the Disciples of Texas and adjacent states who are amply able to become members of this club, and enjoy the society of consecrated Christians who are making their lives and means worth while. Who will be next? Lately, five new Liberals have been added. Clark Hall must be completed and we cannot afford to lose the Reed and Jarvis gifts. Write W. M. Williams, care T. C. U., telling him you are interested in the club and ask him for the terms of payment.

Prior to the organization of the Forty Thousand Club, each of the following had already given a thousand dollars for the construction of Clark Hall, which means they have subscribed two thousand each for this enterprise: Col. J. Z. Miller, Van Zandt Jarvis, C. W. Gibson, Dr. Bacon Saunders, G. F. Stearns, Mrs. Getzendaner. Dr. Moore had already given \$600 to the construction of Clark Hall before making the above subscription, which raises his total subscription to \$1,100.—The Christian Courier.

Since the campaign for endowment on a large scale started, the following donations have been made: \$25,000 by L. C. Brite of Marfa for the English Bible Chair; \$25,000 by T. S. Reed of Beaumont for the Chair of Mathematics; \$15,000 by Major Jarvis of Fort Worth for a Science Chair. The latter gifts, however, are conditioned upon the completion of Clark Hall and the payment of the floating indebtedness of the institution.
