FORT WORTH, TEXAS, FRIDAY, NOVEMBER 7, 1913

NUMBER 8

DIAMOND HILL HIGH VS. T. C. U. GIRLS.

T. C. U. Basketball Girls Capture Fast Game From Suburban High School Team--Score 14 to 19.

Monday on the grounds of Diamond Hill High School, located north-east of the packing houses, T. C. U. girls' basketball team carried away from the game there the big end of a 14-19 score. During the first quarter Diamond Hill played T. C. U. off her feet, running up a score 7 to 1. At the beginning of second quarter Coach Bentley shifted Annie McLendon from guard to off-center, removing Tot Estes from the latter position to that off guard. This change seemed to be the only thing needed, for every play during the next three quarters ran as smoothly as if worked out on paper before hand. During this quarter, by Katie May Cook's skill at jumping center and the perfect teamwork of forwards Minnie Proctor and Charlie Koch and accurate goal pitching of the former (she threw five straight from the field and one foul) T. C. U. ran her score up to 12, holding that of the opponents to 7. The third period was one in which everyone played the game. During the first two quarters Katie May Cook ran things her way at jumping center, but during the third Diamond Hill came in for a reckoning, but the reach and swiftness of the long center from T. C. U. was more than a match for the local at her best. The locals managed for 4 the visitors 2, making the score Diamond Hill 11, T. C. U. 14. It was in the fourth period that Venice Luce and Tot Estes did their most clever work at T. C. U. guard. Diamond Hill began with a rush as if to take the situation by storm; just as they started out in the first quarter, smashing the basket for one field and one foul goal in the first few minutes. But the visitors settled down to business, checked the stampede and ran up their score until it stood 19 to 14 at the close of the game.

The Diamond High girls won the basketball cup in their division of the high schools last year. They indeed show the skill of much experience in handling the ball and great cleverness in teamwork. Be it said, also, to the credit of those people, that their fairness, subordination to the officials, and their general hospitality are of the rarest kind. T. C. U. will welcome them on the return of the visit.

It is wonderful what a change has been wrought in the T. C. U. team in the last two weeks. The work of Katie May Cook at jumping center shows up as having improved by a hundred per cent., indeed there are few if any who can excel her at that position. Annie McLendon surprised even those who expected the most from her, so well did she play her position at off-center. During the first things didn't go well at guard, mainly because Venice Luce and Annie McLendon were not trained together. But with the help of Tot Estes, Miss Luce distinguished herself in favorable keeping with the record made by her teammates. In the last quarter, when the demand on them was the greatest, both these guards responded creditably. When either Captain Minnie or Charlie Koch got the ball there was danger in the camp of

THE BAND IS MAKING RAPID PROGRESS.

Our band, under Sam Frizzell, is making surprising progress. If you had dropped in on the members in Prof. Cahoon's studio during practice three weeks ago and done so again last Monday, you could hardly have believed that it was the same bunch. From the musical standpoint, it was not. The fellows have pulled themselves out of painful discords and are beginning to play together like a real brass band. There are at present sixteen members in the band, a majority of whom are already good musicians; and the others are getting into the swing with remarkable rapidity. There is no reason why they should not. Sam enjoys talking music, and knows what he is talking about. He has been leader in several professional orchestras and bands, can play practically any instrument well, and has had enough experience that he can help his musicians out of any difficulties. Prof. Cahoon has been assisting him whenever possible, and both say for a certainty that when the band goes to Dallas with the football team on Thanksgiving it will be a credit to T. C. U. All the players ask for now is a good set of uniforms, and they are ready to prove themselves the most agreeable asset and the best advertisement the University has.

GRAYSON COUNTY CLUB

Eleven Grayson boosters met in Chapel one day last week and organized a Grayson County Club. This is county loyalty and a challenge to the representatives of other counties. Officers were elected as follows: Birge Holt, Sherman President; Lonnie Stewart, Denison, Vice-president; Mary Grace Muse, Sherman, Secretary.

the opponents. Almost without exception when they had the chance one of the two of them worked the ball back and forth to within safe throwing distance of their goal in spite of the close playing of their opponents, and the accuracy of both forwards is great. They were easily the stars of the afternoon steady, shure, and always together. Withal the credit for so good a team in T. C. U. is due to the excellent material among the subs. Only by the hardest training on the home court is it possible to turn out a winning team. There is no doubt but that almost as good a team as that which played Monday could be picked from the reserves.

Summary.

Forwards—D. H. High Ruby Pattison, Virginia Calkins (Capt.); T. C. U., Charlie Koch, Minnie Proctor (Capt.). Centers—D. H. High, May Will Calkins, Ova Dunn; T. C. U., Katie May Cook, Annie McLendon. Guards—D. H. High, Lois Parchman Buar Smith; T. C. U., Venice Luce, Tot Estes.

ORATORICAL ASS'N ELECTS OFFICERS

CONSTITUTION AMENDED

The members of the Shirley, Add-Ran Clark and Walton Literary societies met as an Oratorical Association last Saturday and elected officers for the ensuing year. J. Lindly Wood was elected president; Edwin R. Bentley, vice-president; Jane Barnard, secretary and Elsie Martin, Treasurer.

The meeting was called to order by Basil A. Hayes who was the vice-president last year. After stating the object of the meeting the house was opened for business. Mr. Bentley outlined a resolution which provided that the president of the association should be a senior; the vice-president, a junior; the president and vice-president members of different men's societies; secretary and Treasurer members of eifferent women's societies and that the president alternate year ly between the Shirley and Add-Ran Literary Societies. The resolution was unanimously adopted and the officers elected on the above platform. The Shirley president thus stated that his society would support an Add-Ran for president. The Add-Ran president, Mr. Jno. A. Rawlins, moved that a coin be flipped to determine which society would furnish the president. The Add-Rans won the throw and the officers were elected.

Committees were appointed to embody the above resolution in the constitution and to prepare a set of rules governing the preliminary debate which is to be held Nov. 21. The association will meet Tuesday to hear the report of the committee. Harmony and good feeling marked the meeting. A successful year is confidently expected. About eighteen or twenty men are out for the triangular debate.

T. C. U. LECTURE COURSE.

Steps are being taken to secure for T. C. U. a lecture course unsurpassed by that of any university in the state and by few in the country. A committee, composed at present of Professors Henry, Sutton and Beutel, Dr. Batson and Mrs. Sargent, and designated "The Committee on Lectures and Entertainment Events," will bring here from all over the world the big men whose work has vital significance at the present day. T. C. U. students and those living within reach of the University will have opportunity to hear men like Secretary of State Bryan and President Wilson, and men who hold similar positions in other walks of life. Specialists in art, music, education, immigration, missions, agriculture, poetry, travel, eugenics, reform, transportation, labor and all the lines of life that instruct, entertain and keep people in touch with the big

DR. AINSLEY SEES BRIGHT FUTURE FOR T. C. U.

I cannot say how profoundly I am impressed with Texas Christian University was the statement made by Dr. Peter Ainslie, of Baltimore Md., who delivered a course of lectures before the Texas Christian lectureship Tuesday, Wednesday and Thursday, in an interview with the University reporter Thursday afternoon. My expectations were great said Dr. Ainslie, and I have been surprised and pleased to see that T. C. U., Texas and the great Southwest have gone far beyond what I anticipated. I have been watching T. C. U. for the past four years and the growth which it has made since the Waco disaster has been nothing short of miraculous. The possibilities of growth are almost inexhaustible, considering the solid foundation upon which the university has been built, its strategic location at the gateway of Texas, and the vast natural resources from which it has to draw. The outlook is wonderful and I will presume to predict that within a few years Texas Christian University will take its place among the great educational institutions of the South. Texas holds the attention of the country with its growth, and I am sure that the start which Texas Christian University has made here, she will keep abreast of the times.

"I deem T. C. U. exceedingly fortunate" said Dr Ainslie "in having such a man as Dr. F. D. Kershner as its head." "I have known Dr. Kershner for a number of years and he is one of the most genuinely catholic, scholarly and unselfish men of my acquaintance. He is a man of almost unlimited vision and he will undoubtedly lead Texas Christian University to great things." Then too, I was greatly impressed with the student body of T. C. U. said Dr. Ainslie. "A more cleanly and intelligent body of young men and women I have seldom seen. Christian character and hopeful anticipation can be read in their faces."

On the whole, the impression is most gratifying, and I shall look forward to a future visit to Texas, Fort Worth and T. C. U. with great deal of pleasure."

world, will be brought to the chapel of Texas Christian University.

The committee asks the aid of the student body in this great work. In acting as a board of censorship, they will need as much information concerning entertainments as they can get; and in their efforts to secure men of talent and calibre, they must possess more knowledge of the world's workers of today than it is possible for them as individuals to possess. If any student of T. C. U. knows of a man or a woman who is doing a great work for humanity, whether at home or abroad, conspicuous or hidden, let him tell the committee of it, that they may secure this person if possible.

CHRISTIAN ENDEAVOR

In chapel immediately after Communion Service. Subject for Nov. 9: "Christian Home Life,"—2 Tim. 1:1-5. Leader, Joe Camp. Vocal Solo, Irvin Hefner. Subject for Nov. 16, "Temperance Facts and Figures."—1 Kings 20:1-21. Leader, Miss Nellie Elkin. Piano solo, Bertrand Goebel.

T. C. U. DEFEATS LOCAL Y. M. C. A.

14 to 0.

In a snappy game between Ft. Worth Y. M. C. A. and Cahoon's warriors Saturday afternoon an exhibition of real football was witnessed by the students on the local campus. Altho our boys defeated Y. some weeks ago by a score of 34 to 0, they came back strengthened to the extent that victory was to them little in doubt, and with Parker absent at fullback it looked for a time as if it would, at best, be a draw; however after the first two quarters our boys took new life and scored two touchdowns.

The first period was a toss-up neither side being able to break through for counting gains, but each team contending for every inch of ground and making first downs occasionally.

The second period was very much like the first, in so far as equality was concerned, but each team made longer gains and were getting together with better teamwork.

The third quarter changed the tide and our boys came back with a determination that scored a touchdown early in the period. Line bucks and end runs brought good gains until near Y's goal when T. C. U. was held for downs. Y then tried a forward pass and Stewart intercepted carrying the ball 20 yards for a touchdown. Reeder was successful at goal making the score 7 to 0 for T. C. U.

The fourth quarter found our boys making the same determined fight almost entirely on Y's territory. Several times when it seemed certain of a touchdown our boys failed to make the required distance. Finally, however, after holding our boys for downs on their 3 yard line. Y's took the ball and punted for safety. Griffiin received on the 30 yard line and returned 25. On the next play he went around right end for the last score and Reeder again kicked goal ending the game 14 to 0 in our favor.

Shelburne at fullback played a good game, going sometimes 30 and 40 yards while Griffiin did as well, but the most consistent ground gainer was again Bevans our left tackle. He always went through for a gain and many times, odd yards. Capt. Freeman, Wageman, and Reeder also played good football particularly on the defense and altho the whole team did good work, the final score is a pretty fair comparison of the two teams as seen last Saturday.

The line up.

T. C. U.	Position	Y. M. C. A.
Reeder	Center	High
Broadly, Hefner	Rt. Guard	Hill
Wageman	Left Guard	Defee
Freeman (Capt.)	Rt. Tackle	Gaines
Bevans	Left Tackle	Defee
McNamara, Cooper	Rt. End	McAdam
Clark	Left End	Randolph
McKown	Rt. Halfback	Willis
Stewart	Left Halfback	Fraze
Shelburne	Fullback	Webb
Griffing	Quarterback	Davis

Mrs. Sargent was sick Saturday, and was unable to meet her French and German classics.

EDITORIALS.

The Oratorical Association.

The Oratorical Association has taken on new life. The four societies are in harmony. They have adopted an amendment to the constitution which provides a system of alternation in office which insures harmony. This is a wise plan. The work of the association requires a spirit and a vision broader than any society spirit can be. The oratorical and debating interests of the entire university are cared for by this Association, hence it is imperative that the spirit of the Association be as big as the University itself.

Come Again

The Texas Christian Lectureship has come and gone. It brought a rare opportunity to the university students. In the first place, it was a pleasure to have the good ministers and laymen of the state as our guests. In the second place the chief lecturer was one of the finest personalities we have ever met. He had a message which gripped the mind and soul. The influence on the student body by the Lectureship was of the very best. This annual meeting of study should be a regular part of Texas Christian University.

The Tennis Courts.

T. C. U. men, lead by Professors Batson, Henry and Cahoon are to be congratulated. They shouldered a splendid work and are succeeding. By their own money and efforts they are building four of the best Tennis courts in Texas. They are not building alone for this year but for decades to come. Permanency is the watch word of people in this century.

INTEREST DEVELOPES IN BASKET BALL

A meeting of all boys interested in basketball was called Tuesday evening. A committee was appointed to see the Athletic Director and obtain a site for the court. This committee will report at the earliest moment and work will be started on the grounds as soon as possible.

MRS. SARGEANT GOES TO AUSTIN

Mrs. Margaret L. Sargeant, head of our Language department left for Austin Thursday morning, where she will visit the State University. The object of her visit is to look into the work of Modern Language Department as to amount of work required, number of recitations in each years course and the credits allowed.

What maintains one vice would bring up two children.—Franklin.

College Press

Edited by Edwin R. Bentley

Medical Men Want to Get Acquainted.

Many, many times in the past twelve months we have wondered why it was not possible for us at the Medical College to get better acquainted with the good people at the main University. We are, perhaps without exception, the most likable aggregation of humble searchers after the well-springs of wisdom to be found in a long day's journey. With our first and second year men taking the major part of their work on the hilltop we hope that condition will be speedily remedied.—The Microbe (T. C. U. Medical Dep't)

We are willing.

Southwestern's Philosophy.

Well, we lost at Dallas, but our men put up a clean good game and they played football to the end. We're proud of them, anyhow.

—The Megaphone.

Southwestern has a weak team this year her opponents seem to be walking all over her. But the Megaphone takes the proper view of the situation in the terse statement above. She has a right to be proud of her team even though it has been given several severe drubbingr this season.

The Normal Star.

The Normal Star published by the students of SouthWest Texas State Normal at San Marcos is a credit to the school. The Normalites are to be congratuated. There are four state normals but the students of S. W. T. N. are the only one who publish a weekly.

The Corral.

The Corral, a monthly magazine published by the students of Simmons College of Abilene has reached the Skiff desk. It is one of the best arranged little monthly magazines which we have seen. The cover design is especially tasteful.

Douglas Tomlinson Scores a Scoop.

All the friends of Douglas Tomlinson, who graduated here last year, will be pleased to note that he is still making good. After leaving the University, he entered Columbia University. Since he has been in Columbia he has taken up the study of journalism. She following letter to his parents indicates that he is still making good:

"I was out to get an interview with the greatest publisher in the world, Lord Northcliffe of London, owner of five of the largest news papers on earth and of forty magazines. He was in New York only a short time and was naturally run over by requests for conferences with big men here. Well, I failed three times and it took three hours of careful planning to get there. Three or four tried to see him or phone him through his secretary during the half hour I was there.

"I suppose I must have used good horse sense in handling my part of the interview with him, because—what do you think!—when I had finished and started to leave, he voluntarily offered me a position with his London publishing house this summer."

—Daily Texan.

We are not surprised. Douglas got his start in T. C. U. We never doubted that he would succeed but it gives us pleasure to hear of the fulfillment of our expectations.

You Sarcastic Baylorite.

At Texas Christian University the entire student body is a selfcontrolling body. Besides the conventional officers (president etc.) they elect a yell leader. We suppose this organization will exert a healthful influence on T. C. U.'s athletics.—Baylor Lariat.

Yes we have a yell leader. That is not all, we use him. The student body is supportig their college activities. You are right the organization exerts a healthful influence on T. C. U.'s athletics. Never before in the history of the university has there been such an altogether athletic atmosphere. Hundreds of dollars are now being expended in tennis and basket ball courts, a circular track, a gymnasium, etc. The healthy atmosphere is not all we have. We have a football team of which we are proud. They have lost one game (but not 77 to 0) and won three, but they have a clean record.

The Secrets Out.

Have you wondered at the unusually gentlemanly and ladylike conduct of Texas Christian University students? Have you made mental comment on the absence of roystering through town, hazing, class rushing, hair clipping and

all other forms of hullabalooing that are so common among most college students?

The secret's out. In the registrar's office out on the hilltop is a big batch of pledges signed by every student enrolled at the university. Every student was required to sign the pledge before he or she was permitted to matriculate.

The pledge is sweeping. It binds the student not to take part in hazing, class rushing or any substitute thereof.

Meanwhile, freshmen glower, grit their teeth and say sweet things about sophomores. Sophs treat Freshies with silent contempt.

—Star Telegram.

LIBRARY NOTES.

The library has received a copy of "The Constructive Quarterly, a Journal of the Faith, Work and Thought of Christendom. It is published by the George H. Doran Company of New York and by the Oxford University Press of London. The editor is Silas McBee of New York City. This is a magazine that represents all Churches and that has a world-wide circulation. The contributors are asked to contribute. In other words, "The Churches will be responsible for the kind of writers admitted to its pages, but the writers alone will be responsible for what appears over their own names."

In this, the third number of the first volume, and occupying a very prominent place, is an article by none other than our own President Kershner, Chairman of the Disciples' Delegation in the Federal Council of the Churches of Christ in America; author of "The Religion of Christ" and "Christian Baptism," two representative books among the Disciples of Christ.

The theme assigned to Dr. Kershner was "The 'Restoration' Plea of the Disciples of Christ." His article alone covers eighteen pages. Under the title in the "Contents" the following summary has been made:

"Catholicism proclaimed unity. Protestantism proclaimed freedom. Neither the one nor the other appeared to be able to secure a synthesis which should include both unity and freedom as elements. The divided condition of the Protestant world was the scandal of its friends and the constant point of attack of its enemies. How an apparently endless multitude of ever-multiplying denominations could be truthfully said to represent the One Body of Christ was a subject for anxious thought on the part of all reflecting minds. . . . Out of conditions such as these arose a plea for the union of all Christians upon the basis of the original Church as revealed in the New Testament Scriptures."

We could not persuade Dr. Kershner into allowing us to quote from some of the many letters concerning this article which have come to him from all over the world and from prominent Church leaders. Those of us who have come to know and understand him have long ago recognized this admirable thing about him, but somehow Texas Christian University always feels that his success is hers and she likes to share it with him. Dr. Kershner ranks among the foremost men of religious thought and action among the Disciples of Christ today. He has achieved great fame. We are proud that he is our leader. We are glad to know that under his name in this article is "President of Texas Christian University" with the Fort Worth left off. What greater advertisement in a world-wide way has T. C. U. ever had than this? We are more than glad to direct your attention to this "meaty" article, and to say that it can be had for the asking at the Librarian's desk.

Y. W. C. A's HALLOWEEN PARTY

The Y. W. C. A. held their annual Halloween entertainment last Friday evening in the parlors of Jarvis Hall. The parlors and halls were tastefully decorated with lanterns and other Halloween effects for the occasion, which was attended by a large number of the students.

The amusement started with a reading of "The Gobble-ums 'ell git you," by Miss Roberta Scot. Then came the weird march of the ghosts in which each ghost could only guess at the identity of his partner.

After the unmasking, fortunes were drawn from the "luck pot" and it was quite a disappointment to the late comers who in searching for their fate, drew out a handful of mud where others had found fortunes.

The Gypsie tent was a very popular place the entire evening. By the white light of a burning witch pot a pretty Gypsie read the palms. She predicted happy fortunes and dreadful misfortunes with equal calmness, and each new victim went back to his sympathetic friends to discuss what future his hand revealed.

The "eats" were truly Halloween style—apples, nuts and cakes handed out by a generous hand; and the favors were Halloween cards. At an opportune moment the T. C. U. Orchestra

appeared and gave several selections which were very much appreciated. Every one was sorry when the lights "winked" and they realized it was time for the fun to end.

WHY DON'T YOU TRY IT YOURSELF?

Almost every time the Freshmen have a class meeting the chapel doors are filled with the heads of curious Sophs. They seem to think it the strangest thing in the world that a class should have a little "pep", and seemed to be astounded by the fact that the Freshmen could meet and discuss their affairs. The Freshman suggest that the Sophs try it themselves; that they have a meeting sometime just for a change and organize an athletic team; that they give the "Fish" a chance to show them what they can do. Then perhaps their curiosity will not be so great.

Special Departments

Edited by Wm. R. Lines.

Miss Bonnie Williams has returned to continue her course in art. She was a student in that department last year and has gained many warm friends, who rejoice to learn of her return.

Miss Emma Hefflin of Fort Worth has matriculated to take a course in china painting.

The art department will give a sale of Japanese prints in the art room on Friday, November 7. Tea will be served.

Miss Aubry Fletcher spent the week end in the city.

C. O. B. is progressing nicely.

PROFESSOR BEUTEL AS A COMPOSER.

Two of Professor Beutel's compositions have been accepted for publication. "Noveletta," a composition for the piano, which Professor Beutel has dedicated to Rudolph Gonz, the celebrated Swiss pianist, will probably be played by this distinguished musician on his next tour of America. Professor Beutel and Gonz are close friends. The other composition, which is for the piano also, bears the title of "La Coquette." These compositions will probably be on the market by January 1. Professor Beutel is the author of several high-grade classical compositions. He is known not only in the musical circles of Texas, where he is highly esteemed, but is popular in all musical circles where talent and accomplishment are honored.

The band is progressing nicely and is expected to play in public soon. This is going some, considering the number of new men and the short time it has been organized.

How do you like our orchestra? Great, isn't it? That is a sample of what we are going to have.

If there are any silent hours in T. C. U., "let rocks their silence break," and get them in use. Don't be afraid to join the band; there are lots of new ones in it. What the band wants is you and your best efforts, and the rest will come out in the wash.

While stopping off here last week, Professor O. G. Osburn of Kerens handed us his dollar for The Skiff.

The Glee Club is being organized. That is great! It promises to be a live wire and that is greater. We have proof of it in our choir, and that is greatest.

"CHARACTERISTIC KERSHNER PARAGRAPHS"

From "The 'Restoration' Plea of the Disciples of Christ."

"Christianity is fundamentally an ethical religion. Its supreme values are expressed in terms of character and its constant emphasis is placed upon the worth of personality."

"The most significant feature of the Sermon on the Mount is its insistence upon the inner life of character as opposed to the hollow emptiness of ceremonialism."

"The personality of Jesus as the embodiment of a perfect moral ideal is the one irreducible feature of the religion which bears the name."

"The ultimate definition of a Christian must always include the idea of a more or less complete embodiment of the Christ ideal in actual experience."

"The individual whose character is fashioned after the perfect mould of the man of Galilee is a christian, whatever name he may wear or whatever creed may claim his intellectual approval."

"Christianity is not a stereotyped set of forms any more than it is an evolutionary process which is constantly growing beyond itself."

"The watch-word: 'Back to Christ.'"

"When people begin to get the same view-point, matters of detail will largely adjust themselves."

"Only through frank and courteous presentation of our different points of view may we all hope some day to reach that deeply conscientious and universal harmony of thought and action which shall conquer the world for Christ, and which shall answer His prayer that we all may be one as He is one with the Father and the Father one with Him."

The Frank North Co. will present "The Love Route" at the Savoy Theater week of November 2. They are having a successful run in "A Play Without a Name" this week. See Savoy add in the Skiff.

God helps them that help themselves.—Franklin.

Bible Department

President F. D. Kershner of T. C. U. has fallen upon a plan by which all the young people of the Bible Schools may have The Skiff, which is the student publication, at only 25c per year, whereas the regular subscription price is \$1. This bright college paper is to be enlarged and have a Bible School Department, which will contain a comment on the Sunday School lesson by President Kershner, a record of attendance, items of interest to Bible School workers, etc.

The plan contemplates the payment for the paper to be made by the various Bible Schools just as they pay for other Bible School literature, and for all the Skiffs going to one school to be sent to one person.

The plan was submitted to the Lectureship held the past week at T. C. U., and was enthusiastically endorsed by those present. The ministers and other church leaders realize that The Skiff will fill a long felt need, and bring our young men and women into touch with T. C. U. Several placed orders for Skiffs to be sent to their schools and a great number stated they would return home and take the matter up with their schools at once.

Within the next issue or two it is hoped that the paper will increase in size and President Kershner's articles will be ready.

The following Sunday Schools have already ordered the following numbers of Skiffs under the new plan: Denton, 12; Mineral Wells, 25; Melissa, 12; McKinney, 25; Greenville, 25; Royse City, 12; Paris, 15; Rev. Hoon, near McKinney, 6; Temple, 12; Cleburne, 12; Coleman, 12; Big Springs, 12; Hillsboro, 20; Stephenville, 12; Gainesville, 20; Taylor, 15; Longview, 15; Waxahachie, 15; Belton, 25; Palestine, 25; Dallas (Harwood and Grand), 10; Elgin, 12; Van Alstyne, 25; Marlin, 6; Houston, 6.

W. C. VEALE, Supt.

Belton Bible School Triumphs Again.

"I know you will want to rejoice with us today in Old Belton. Once more the First Christian Church Bible School leads the way. The Methodists, Baptists and our schools ste 400 as our Rally Day standard. The Methodists report 338, with 26 cradle rollers, the Baptists 330, the Presbyterians 150, outside of their cradle rolls, while we lined up with 500 present, besides 54 cradle roll and the home department just ready to begin business.

Offering \$12.55. Throw up your hat and yell. Wish you could be with us in our great convention, a program of which I send you."

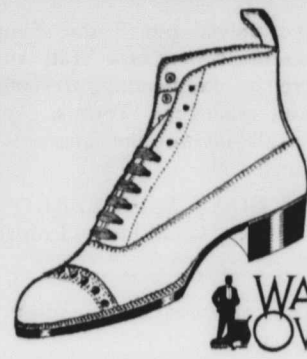

BROTHER RAINS AND T. C. U. PROSPECTS.

Growth and Prosperity of University Solution of Many Church Problems.

In a letter to financial agent W. M. Williams of Texas Christian University, Sec. F. M. Rains of the Foreign Christian Missionary Society, Cincinnati, uses the following complimentary and encouraging language: "This gives me an opportunity to do what I have intended several times, and that is to congratulate you upon the splendid service you are rendering Texas Christian University. I feel that our problems in Texas will be largely solved through that splendid institution. As Texas Christian University grows and prospers our brethren will come to a clearer and fuller realization of what we are doing as a people. The institution will help to open the minds and hearts of the younger men and women of the state and from it will go out streams of blessings of which you have never dreamed. May God grant to you richest endowments and blessings as you prosecute the great work."

Professor J. F. Bateman of Fort Worth High was out the other night and left his dollar for a year's subscription to The Skiff.

Diligence is the mother of good luck.—Franklin.

Margaret Gibson spent the week end with home folks in Waxahachie.

Margaret Gibson spent the week end with home folks in Waxahachie.

Louise Broach and Lucille Goss visited in Dallas Saturday.

Louise Broach and Lucille Goss visited in Dallas Saturday.

Blanche Baldwin, a graduate of art, visited friends and relatives in the University last week.

Blanche Baldwin, a graduate of art, visited friends and relatives in the University last week.

Johnnie Agnew spent the week end in Dallas.

President Kershner returned to the university this week after a hurried trip to St. Louis. The exact purpose of his visit is as yet unknown, except that he went as a member of a national church committee. Dr. Kershner himself says that the meeting was very important but of such a nature that he is unable to make it public at present. He will go again to the same city next week.

Myrtin Stringer and Josie Cannon visited Mrs. Grantland Anderson of Arlington Sunday and Monday.

Eula Brown and Eula Bevins visited friends in the city Saturday night and Sunday.

Laura and Gladys Huckabee spent Saturday in Dallas attending the fair.

Joe Axtell spent Friday night in Jarvis Hall.

Take notice, ye vicious medics! At the bottom of each page in your esteemed publication christened "The Microbe" you have put in daring print the words; "We Patronize Our Advertisers." Then among the most conspicuous of your ads we notice "Capt. Ray's Bar and Cafe" and "Jersey Cream Whisky, 1873." Say, do you mean it.

Booster's Pressing Club will press one suit each week and keep your shoes shined for \$1.00 per month. See our T. C. T. Agent in Byers Opera House Building.

J. B. ("Hebe") Frizzell of Dallas, who is secretary of Dallas Chapter of the Alumni Association, and associate editor of "The T. C. U. Grad," was over Sunday to see his brother, Sam W.

Talk about breaking camera! It actually hapened last week when the photographer attempted to take the picture of the basketball team. It was actually dramatic. The camera rocked on its foundation threateningly, and when Katie Mae Cook came up and joined the group a plate fell to the ground and broke. The team began to smile and picture maker had to withdraw at once to keep his whole camera from being demolished. He took the picture last year without mishap, hence the new members of the team must be responsible. As soon as he collects damages he will come out with a sira-nger camera and hazard another trial.

TENNIS AND BOY'S TENNIS CLUB

The long needed Tennis courts will soon be ours. A new court, beside the old court south of Goode Hall is already completed, and the two new courts east of Clarke Hall are nearly done. The framework of pipes upon which the wire backstops will be strung is already up and the courts are leveled off. When they are finished they will be not only the most durable and satisfactory but the prettiest courts we could wish for. The ground about them is to be sown in Bermuda, thus giving these courts a pretty surrounding and making them a big factor in beautifying the campus.

The boys of T. C. U. have formed a Tennis Association for the purpose of keeping up grounds, buying paraphernalia, arranging contests and and doing whatever may prove necessary for the fostering of the good sport. The following are the present officers: President, Clyde Tomlinson; vice-President, Ray Murray; Secretary-treasurer Bas'l Hayes; Manager, Dr. Batson. The personnel of the association is: Clyde Tomlinson, Patrick Henry, John W. Kinsey, R. A. Highsmith, Dr. Batson, James Crain, W. B. Higgins, C. C. Jones, Guy Razor, C. L. Sowell, Noel Branton, W. C. Osborne, Lily Ledbetter, Roy Graves, Willie Jones, R. L. Hayes, Jno. R. West, E. R. Bentley, B. A. Hayes, Buford Isaacks, Joe Sisk, D. H. Vaughn, J. B. Cantrel, Gilbert Le Baume, Carl Tittle, Albert Morton, J. C. Young, R. C. Bevan, Rowan Hudson, D. K. Tudor, Tyson Secrest, L. J. Hawkins, C. E. Burkhardt, Ray Mnrray, Homer Tomlinson, Carl Broadley, L. R. Widmoyer, W. S. Atkins.

Tennis in T. C. U. has received a new impetus which it has long deserved. Help out the good work. Join the Association.

"It ain't no use to grumble and complain, It's jest as cheap and easy to rejoice; When God sorts out the weather and sends rain, Why, rain's my choice." —James Whitcomb Riley.
