## BAYLOR GETS FIRST OF 2 GAME SERIES; SECOND CALLED OFF

### Rain Prevents Frogs From Getting Even With Bears for 10 to 1 Victory

Baylor swamped T. C. U. 10 to 1 in a one sided game on the varsity diamond last Wednesday, when the Horned Frogs went to pieces and were unable to keep the Baptists from turning the field into a race track. Crotty and his eight supporters had the Baptists beaten one to 0 for six innings, but at the beginning of the seventh the whole T. C. U. rank gave like an old bridge and errors, fumbles and wild throws were featured for two innings.

Crotty and Captain Knox both pitched an excellent game for their teams. Crotty struck out nine men and Knox struck out the same number. Both pitchers walked three. Crotty after holding the men from Waco for six innings without a hit took a new start in the ninth and fanned three men.

In the first inning Henry walked Bloom the first man at the bat, who scored on sacrifices made by Gunter and Christenberry. This ended T. C. U.'s scoring. Baylor scored seven runs in the seventh on five hits and several errors and added three more points to the list in the eighth on two hits and some more errors.

The score.

## DR. KERSHNER ADDRESSES MINISTERIAL STUDENTS

Dr. Kershner addressed the Ministerial Association Thursday evening. In his speech he emphasized three things—scholarship, sympathy and spirituality. Scholarship, he said, would demand respect; that human hearts were touched by sympathy, and it was impossible for a preacher to know God and not be spiritual.

All who have associated with Dr. Kershner feel keenly that his life is an example of these fundamental principles.

## SHAKSPEAREAN PLAYS TO BE STAGED AT FOREST PARK MONDAY-TUESDAY

Nearly Same Cast as Last Year in Ben Greet Woodland Company—Heavy Ticket Sale Insures Crowd at Performances

The Ben Greet Woodland Players are known wherever the English language is spoken and this wide acquaintance would assure popularity even if the company had never appeared at T. C. U. before. The performance is given on the green with simply a background of trees and shrubbery.

A peculiar fact is that the plays are given virtually in their entirety. Not a line has been changed from the way it was first acted in the seventeenth century, and throughout the country hundreds of critical people have expressed their appreciation for Mr. Greet's intelligence in leaving the original text as it was written and not attempting to improve on the great master.

The cast, which is headed by Elsie Herndon Kearns, is with a few minor

exceptions, the same as appeared here last season, and includes Mr. George Sommes, Henry Calver, George Hare, Raymond Bramley, Thomas Kelly, Rosalind Ivan and Jessamine Newcombe.

The plays selected for this year's engagement are "Twelfth Night," "Taming the Shrew" and "The Merchant of Venice" and will be given at Forest Park May 10 and 11. The choice of plays is generally conceded to be very fine. Seats are on sale at the university and at Field-Lippman Piano Store 610 Houston street.

Following a visit to Texas Woman's College last week, by E. R. Bentley and Alden Evans, where they announced the coming of the players at chapel, a large number of the girls expressed their intention of coming

## PICNICKERS PAY FOR JOY WITH SUNBURNED SKIN

On Monday, May 4, the Y. M. and Y. W. C. A.'s of T. C. U., chaperoned by Mr. and Mrs. Bentley and Mr. and Mrs. Batson, went out to Lake Worth for the biggest picnic of the year.

The two organizations reported the largest attendance in history at this meeting. The boys financed the proposition, while the girls furnished the lunch; and the "young men" are convinced that they got the better of the deal. The lunch boxes varied in size from a normal suit-case on up to a healthy steamer trunk. The ap-

## SECOND TEAM DROPS ONE TO CLEBURNE ATHLETICS

T. C. U.'s second team lost to the Athletics of Cleburne, 15 to 5 last Saturday afternoon on the latter's field. The loss was due to the faults of the second team, perhaps after the first team, throwing the ball away and fumbling it. Both teams hit about the same but the T. C. U. men made a number of wild and unnecessary errors that were very costly.

The lineup for the Horned Frogs: Leveridge and Chambers, pitchers; R. Hays, catcher; Strong, first; J. Hays, second; L. Davis third; R. Martin, left; Cooper, center; Leveridge right and Jessie Martin short stop.

Although the first team will not play any more games this year, the second team intends to play several other games before the season closes.

Alden Evans, president of the sophomore class, was a guest at the Senior Prom given at C. I. A. last Saturday night.

### T.C.U. MEN RETURN BASEBALL VICTORS OVER TRINITY NINE

### Horned Frogs Show Better Form--Crotty Pitches Good Ball

T. C. U. defeated her old rival in baseball, Trinity University, in a close and fast game on the Waxahachie diamond last Saturday afternoon by a 2 to 1 score. Crotty pitched a brilliant game keeping hits well scattered while his men gave him excellent support playing tighter ball perhaps than they have played before this year.

McKenzie of Trinity fanned seven men but blew up in the sixth when the Horned Frogs started a batting rally. Watson relieved McKenzie and struck out five men. Crotty made seven whiff the breeze without touching the ball. Both teams made one error. T. C. U. got nine hits and Trinity got eight.

The Trinity men stated that Coach Moore's men showed up much better in this game than they did in the game played in Waxahachie a month ago which they lost to the Presbyterians. This improvement is undoubtedly due to Coach Moore's coaching.

### T. C. U. ROOTERS ATTEND GAME AND HOUSE PARTY.

On Saturday morning at 7 o'clock a party of seven left Fort Worth to enjoy the hospitality of Miss Margaret Gibson at her home in Waxahachie. After a few punctures and a drive over a recently discovered route to the city, the party arrived in time to attend the May-fete held on the campus of Trinity University. By the time the baseball game was called with Trinity, the supporters of T. C. U. had grown to a number of about fifteen. It was with much joy and "pep" that the visitors left the ball park after a glorious victory. One delightful round of pleasure made up the entire trip and it was with great reluctance that the party withdrew on Monday afternoon.

Those who composed the house-party were: Misses, Mary Grace Muse, Vista Woods, Carrie Cassell, Ruby Francis, Lola McFarland, Corinne, Barksdale, Margaret Gibson, and Messrs, Cassell of Fort Worth, Cumby, Harris, Gibson, McAril of Waxahachie, Curby and Cooper of Granview.

Mr. Cort, a representative of the Ben Greet players, was out Monday to talk over some business with a committee from the Shirley Literary Society, who are making arrangements for these players.

### Much Work Will Be Done in Six Weeks--Summer Session Opens June 14

T. C. U.'s summer school and T. C. U.-Tarrant county summer normal will open June 14. M. H. Moore, assistant superintendent of the city schools, Fort Worth, will be conductor of the normal and Professor John W. Kinsey of the faculty will act as secretary for the faculty.

The faculty for the regular session of the summer school will be composed of practically the entire faculty of the university. Professor Parks and Professor Winton, who have been away this year on leave of absence, will teach in the summer session.

The courses of the summer school are offered for three classes of students:

College students who desire to bring up some delinquent branch or lighten the work of the following year, or to remove some condition on previous studies.

Preparatory students who wish additional credits toward college entrance, or to lighten the task of the freshman year, or to secure advanced standing.

Teachers who take advantage of summer studies to improve their scholarship or to promote their college advancement between terms of teaching.

Instruction will be offered in almost every course in the regular curriculum provided enough students want that work. All courses offered will be completed in the summer school. No student can earn more than twelve credits for summer work. Twelve credit courses will require twenty hours of recitation each week, nine hour courses fifteen hours a week, six credit courses ten hours a week, and three credit courses five hours a week.

Fees will depend on the amount of work taken. The general rate is one dollar for each credit the course allows.

Mrs. Cockrell, director of the School of Art, will offer special summer courses to those who want art work.

In the department of Music, Mr. Cahoon, Mrs. Cahoon and Mr. and Mrs. Simpson will teach for a term of seven weeks. Instruction can be had in violin, voice and piano under these professors.

Mr. Beutel is giving a summer course in piano of six weeks, especially designed for those wishing to fit themselves for the teaching profession or teachers wishing to take additional work.

B. A. Hayes, J. O. Hayes and Mrs. Lela Bentley will give courses in book-keeping, typewriting and shorthand, respectively, in the College of Business.

The purpose of the summer normal is to offer assistance to such persons as may wish to prepare themselves to pass an examination for any grade of state certificate or raise any certificate to the next higher grade, or to such persons as may desire to better make preparation for teaching some particular branch.

A special rate of one and one-third fare has been applied for and it is believed that it will be granted by the railroads. On arriving at the univer-

### WHAT HO: CO-ED DEBATERS

If you don't believe that the modern college woman is rapidly taking advantage of every opportunity to fit herself for the increasing duties of a life of the greatest service, just read what the girls at the College of Industrial Arts are urged to do:

"In all co-ed colleges and universities this time of the year is given over largely to debating matches and oratorical contests. They are holding inter-state, inter-collegiate, inter-society, and even inter-sex contests. C. I. A., while not striving to take on all the activities of co-ed schools, should have as many different interests as possible and open up every field in which girls can take a creditable part. The two literary clubs offer an excellent opportunity for preliminary work, which could be done at the regular meetings, and a match debate between the clubs would furnish a delightful program for an open meeting. And then if enough interest and good enough material were discovered, it might be possible to have a college team, and then the question of inter-collegiate contests and debates would be open for discussion."

Good idea. T. C. U. has two college women's literary organizations, one of the purposes of which is to stimulate such work. These societies should mark this editorial from the Lass-O and challenge the C. I. A. clubs to mortal verbal combat. There is no reason why an interesting inter-collegiate woman's debate could not be arranged for next year.

C. I. A. is an exclusive girls' school. T. C. U. is a co-ed school. Co-ed schools turn out better all-round developed graduates than do institutions for girls only (C. I. A. company excepted). If the young women of the Chapparral and Mary Ellen Breckenridge Clubs of C. I. A. do not believe this, let them settle the question by a debate with the co-eds of the Clark and Walton Literary Societies of T. C. U.

Such a contest would be the first held in Texas and probably the first held in the South. The prediction could be made without exaggeration that it would draw a much larger crowd than any of the other inter-collegiate or inter-society contests scheduled for the year.

T. C. U. would be glad to have such a contest held in its auditorium. The Oratorical Association would be glad to do anything in its power to arrange the verbal battle between the ladies. It is neutral on the woman suffrage question.

### VARSITY CLUB ROOMS

No longer will the bachelorly inclined inhabitant of Clark Hall have to go to town when he wants to spend a few hours at the club or have a social game with his friends. Thanks to the thoughtfulness of Mr. Dabbs, the Varsity Club Rooms have been opened to the men of the university and now they can enjoy their "evening at the club" at home. Music by the victrola adds to the joy of life in Clark Hall.

Somebody once made the remark that the proctor of the dormitory was too much like an old maid. Not a boy in Clark Hall believes anything like that now. He is more like an accommodating mother in the way he looks after their welfare and needs.

The only objection which has been offered to the present administration of the club rooms is that smoking is allowed. Many of the students think that it should not be permitted in the public rooms.

### GLEE CLUB and ORCHESTRA SUCCESSES

How much Professor Cahoon's orchestra means to the university is not appreciated until it leaves for a trip with the Glee Club, and then it certainly is missed at the chapel exercises. Its absence from the institution leaves a gap which nothing else can fill. If the band boys who play in the orchestra could hear some of the remarks of the students, they would understand how much they add to the daily enjoyment of the chapel hour.

The Glee Club has made a splendid record this year. The popularity of our singers at every place they have given concerts attests to the remarkably successful season which they have had. No other organization in the university has had more approving comments made concerning its work.

These activities further demonstrate that whatever Frederick Cahoon turns his hand to is a success.

### MRS. G. I. ALEXANDER IS ORATORY ASSISTANT

Postgraduate '12 Succeeds Miss Humphrey—May Festival Called Off

Following a very serious operation at St. Joseph's Hospital in the city, Miss Ruth Humphrey, for a while an assistant in the oratory department, is reported in a very critical condition. During her short stay here, Miss Humphrey made a great number of friends who regret to see her leave. She was a popular teacher and much admired by all who knew her.

The May-fest which she was preparing for will of course, not be held now. Her steady work at teaching and preparing for the May day fete probably hastened her illness.

In her stead Mrs. G. I. Alexander is teaching. All expect Mrs. Alexander's success as a teacher, knowing how well she reads. Concerning her the 1912 Horned Frog says:

"If any one ever truly enjoyed her art, it was our post-graduate student of this year, Mrs. Alexander. Her love of art was no doubt responsible for the ease of appearance and expression and the aptness of interpretation which was hers."

Miss Gus Putnam from College of Industrial Arts was the week end guest of Louise Cabaniss.

Marion Baugh returned the last of the week from an extended visit to her home in Rogers.

Misses Jessie Mullins and Cora Lee Tanner from Dallas were guests of Anne McLendon last Monday.

Claude Montgomery, an ex-Poly student, visited here Tuesday. He will be with us next year and will be a tower of strength on the football team having been picked as all-state tackle two years.

Polk C. Webb, M. A. of T. C. U., superintendent of schools at San Gabriel, spent a few minutes on the hill Wednesday while on his way to the convention.

Jaunita Kinsey, '13, visited her father and mother on the hill Sunday and Monday.

### ALDEN EVANS APPOINTED NEXT PUBLICITY AGENT

To Succeed B. A. Hayes—Will Edit Summer Skiff

Alden Evans has been chosen publicity agent for the university for next year. He will succeed B. A. Hayes, who will not be here during the next session. Hayes will take up the study of medicine at the state medical school at Galveston in September.

Evans was selected because of his experience in newspaper work, and his interest in the welfare of the university. He has acted as sporting editor of The Skiff all this year and his work is well known to the student body. Last summer he reported for the Fort Worth Record and has a brother in the news room there now.

It is expected that Evans will edit the summer edition of the Skiff, which is sent to the high school graduates over the state. H. M. Durrett, new business manager of T. C. U., is planning some big things for the school in the way of publicity, and Evans will work with him in carrying out his plans.

### ADD-RAN SHIRLEY DEBATE TO BE HELD NEXT FRIDAY

Next Friday night the final intersociety contest of the year will be celebrated in the auditorium. The big attraction will be the annual debate between the Add-Ran and Shirley Societies.

W. B. Higgins and James H. McBride will argue for the Add-Ran Society, and Willis McGregor and John Keith will represent the Shirley Society on this occasion. All the debaters have been working with great zest during the past weeks in preparation for the contest and are eager to enter the fray.

Pep meetings will be held by both societies next week to arouse enthusiasm for the affair. The Shirley debaters will speak in a preliminary practice debate with M. M. Knight and B. A. Hayes Tuesday night on the same question that they will argue in the final contest.

### FORMER ORATORY TEACHER TO GIVE RECITAL AT T.C.U.

"Sidney Lanier and His Art," an interpretative recital, will be given on Thursday evening at 8 p. m. in the university auditorium, by Olive McClintic Johnson, writer, lecturer and impersonator. Miss McClintic was one of the most popular readers T. C. U. has ever sent out; and for several years she was the Head of the Oratory department. After leaving T. C. U. she spent several years in Oklahoma, recently returning from Oklahoma City to Dallas where she now resides.

Miss McClintic has read for the last five of the State Conventions of the Federated Clubs of Oklahoma, was State reader for the U. D. C. and gave readings at two of the Conferences of the Biennial Convention of the National Federation at San Francisco. She was winner in the last Short Story Contest under the auspices of the Women's Clubs and received a complimentary notice as reader and writer in the "Woman's Who's Who in America."

Miss McClintic is an unusually attractive young woman and her charming manner always wins her hosts of friends. The Daily Oklahoman says this of her: "A brilliant and intellectual reader, with a splendid stage presence and self-command."

No one is better qualified to bring us a Lanier message than is Miss McClintic. Those who do not already love this favorite poet of the Southland will after listening to this interpretation.

As this is a gift to her Alma Mater we hope to have a large and appreciative audience for this gifted young woman. Admittance will be by card and can be secured from the literary society presidents, the library or the dean's office.

Ruby Douglass and Hattie Lou West went to their homes in Cleburne to spend Sunday and Monday.

petites for consuming the contents of those miniature grocery stores was gained by carrying them from the end of the Rosen Heights car line to the Lake, a distance of about two miles.

Upon arriving, the young Christians were taken in a motor boat a couple of miles up the lake, three trips being required to transport the army. A few reckless zealots paddled the distance in a row boat. Disembarking, the motley throng proceeded to make the Feeding of the Five Thousand look insignificant. After the carnage, however, no basketful were left to be counted. It is reported that if anything the crowd had the edge on the Kaiser's army at mess time, which must be recognized as some efficiency. Mentioning any particular names would be an injustice to the rest. Every body starved.

After dinner, rowing, hill-climbing, etc., became the order.

"There is a pleasure in the pathless woods,  
There is a rapture on the silent shore;  
There is society where none intrudes—!  
By the deep "lake," and music in its roar."

We all know where a young man's fancy lightly turns on a Y. W. C. A. picnic. The young "rowists" came off the lake "with appealing eyes and a peeling nose" (B. I. B. '73). Several catastrophes were prevented by "divers" heroic rescues. It was de-

**MISS ANNA McLENDON GIVES SPLENDID RECITAL**  
Large Audience Attends First of Fine Arts Graduating Recitals

On Monday evening a very large and a highly appreciative audience greeted Miss Anna McLendon in the first of the three artist graduating piano recitals to be given this week. The chapel was well-filled with the artist's friends and admirers who received her program very enthusiastically.

Her love for her art and her talent at execution are no doubt responsible for the ease of appearance, brilliancy of interpretation, and aptness of technique which make her playing so enjoyable. Her difficult program of nine numbers was well-rendered and received much worthy praise.

She is a pupil of Carl Beutel, whose "Novellette," a recent composition, she played so delightfully.

**1,000 ATTEND MAY DAY CELEBRATION AT TRINITY**  
(By College Press.)

Trinity, May 4.—May 1 being declared a holiday by the faculty, Trinity University celebrated "May Day" with one of the most appropriate and interesting programs ever given on the University Campus. The program was made all the more attractive by the ideal spring morning.

Miss Dora Tucker of the class of '15 was May Queen. The whole program was well rendered and showed much preparation by all those taking part, as well as those who had it in charge. This occasion has become an annual affair. The day's program was witnessed by more than a thousand people.

cided not to deplete the iron supply by granting Iron Crosses where they were due.

The bunch got back to town about 6:30, and wound up a "perfect day" by taking in a picture show. If the fact that everybody is in favor it has any influence, there will be another Y. M.—Y. U. picnic at Lake Worth tomorrow.

**C. I. A. OBSERVES MAY DAY**  
(By College Press.)

C. I. A.—May 3 was observed as May Day at the College. More than seventy-five girls took active part in the program which followed the coronation of the queen.

Miss Bess Whitaker of the class of '15 was Queen and Miss Corrie Walker her maid of honor.

This is the first time in the history of the College of Industrial Arts that May Day has been observed. Because of the success of the first one, it is expected that hereafter it will be an established feature of the College.

**BRILLIANT SOCIAL AFFAIR**  
(By College Press.)

C. I. A.—The most brilliant social affair of the college year was given Saturday night, May 1, at Stoddard Hall by Miss Neale in honor of the Senior Class.

About two hundred guests were present including many from out of town.

Miss Nannie Penry of Dallas was the guest of Lena Beckham Reeder and Sarah and Katherine Durrett several days during the week.
