

LINE UP FOR "ON TO BAYLOR" TRAIN THANKSGIVING

MORE THAN 200 STUDENTS SIGN PETITION FAVORING COCKRELL AS PRESIDENT

No action was taken by the board of trustees at their meeting here Tuesday in regard to the election of a president to succeed Dr. Frederick D. Kershner further than the appointment of a committee to consider the matter and make a report to the board at their meeting next February.

A petition signed by more than 200 students of the University asking that Prof. E. R. Cockrell, dean of the Law School, be chosen to fill the place left vacant by Dr. Kershner was presented to the board but was quietly ignored. It is now in the hands of T. E. Tomlinson, president of the board. It is not known whether the board will consider it at all in the election of a president next February.

The committee appointed to make recommendations concerning a future head of T. C. U. consists of C. W. Gibson of Waxahachie, Van Zandt Jarvis of Fort Worth, H. W. Stark of Gainesville, E. M. Waits of Fort Worth and L. D. Anderson of Fort Worth.

A letter from Dr. Kershner saying that he has accepted the editorship of the Christian Evangelist was read before the trustees. It was stated that both the Evangelist and the Christian Standard, published in Cincinnati, had offered Dr. Kershner places and that he had chosen to go with the Evangelist in order to end a fight between the two papers and restore harmony.

A proposition concerning the publication of the Christian Courier was also taken up with the board. It was decided to form a company to have charge of the state paper with a capitalization of \$10,000. As soon as \$6,000 of this amount is subscribed a charter will be taken out.

Following the report that Dr. Kershner would not return to T. C. U., discussion among the students of the University, as to a capable successor led to a petition being drawn up by officers and leaders of the student body favoring Prof. Cockrell. It was circulated Sunday and Monday, more than 200 students signing it. The petition was formally and enthusiastically ratified at a mass meeting of the Students' Association Monday evening.

The petition which declared Prof. Cockrell the practically unanimous choice of the student body follows:

To the honorable Board of Trustees of Texas Christian University:

Gentlemen: We, the undersigned students of T. C. U., respectfully invite your attention to the following facts:

First: That the student body is largely self-governing under the honor system; that this plan of government is now in its second year of successful operation, and as a body the students have co-operated with the authorities for better internal discipline, for a closer and more friendly relation with the city of Fort Worth, and for the largest interests of the school generally.

Second: That the avowed plan of the faculty has been to increase and further enlist this student co-operation and not to discourage it.

Bearing these facts in mind, we humbly and respectfully petition our board that our wishes and interests may be strongly considered in a matter very vital to our interests. As ardent

(Continued on page 4)

TRINITY GAME TO BE EASY PICKING FOR VARSITY MEN

It is expected that T. C. U. will have little trouble in downing the Trintontians at Waxahachie Saturday. The Varsity eleven is going against the Presbyterians with the intention of revenging themselves for the disaster at Houston Saturday and in so doing to practice up a little for the big game with Baylor.

The men whom Coach Freeland will take with him are: T. P. Frizzell, Raymond Fox, A. Kornegay, W. B. Higgins, John P. Cox, Abe Greines, Ralph Martin, Ed Stangl, Howard Vaughn, Aubrey Cooper, Joe McNamara, J. Humphries, Jesse Martin, Joe Edens, Otis Ramsey, John Nelson, George Herd.

Returns from the game will be shown play by play on the Record score board Saturday afternoon. A direct wire from the field to the Record office, Fifth and Throckmorton streets, has been secured.

The one thought which should now be uppermost in the mind of every loyal T. C. U. student is the thought of that trip to Baylor on next Thanksgiving. The Baylor student body and home-coming committees have been giving an important place in their pamphlets and publications to the T. C. U.—Baylor football game of the 25th of November.

Every student in that institution has already reserved his seat in the grand stand, and what seats remain are being rapidly taken by the Baylor alumni and the people of Waco. It is estimated that a larger crowd will see this Thanksgiving game than the one which witnessed the Texas—Oklahoma game at the Dallas Fair. Now is the time to act. You may want to see those home folks pretty badly, but the bugle-call to rally round the purple and white ought to be stronger. If you go home Thanksgiving instead of to Baylor, it will simply mean that you are putting selfish desires, selfish motives ahead of everything else,—ahead of your duty to your team and your alma mater.

If the trip were going to cost a fortune it would be different; but the price is within the reach of everyone: \$1.25. The railway company only allows this low rate with the guarantee that at least 217 students make the trip. By going you not only fulfill your duty of loyalty to your college than which there should be none higher, but you also make it possible for those who are more anxious than you to go at a reduced rate.

What are you going to say when the committee comes around for your name? Will your answer brand you as a live wire or as a "dead" number?

Tickets are now on sale at the business office and by members of the student committees.

William Jones visited friends in the city last Sunday. Next Sunday, Nov. 7, he goes to Baccus, Texas, where he will preach in the morning and give a lecture in the evening.

No pressing by the Steam Roller Method—but you'll like our work—University Tailors.—Adv.

ORATORICAL ASSOCIATION WILL AWARD CASH PRIZES TO WINNER OF CONTESTS

Much interesting discussion has been heard among the members of the Oratorical Association of T. C. U. as to the best means to be pursued in carrying out the purpose of the organization. That purpose, according to the lately adopted constitution, is to "encourage oratory and debating in T. C. U."

The most universally favored plan is for the association to give letters and prizes to those students who win places in the preliminaries of all intercollegiate oratorical contests. The giving of prizes by the association is made possible by the plan of providing its funds out of the matriculation fees paid by all students. This matter has been referred by the association to its executive committee.

That committee has not yet fully developed its plan but the substance of it is as follows:

The association is to petition the faculty to allow it to give the representatives in intercollegiate oratorical contests letters such as are given to the athletic representatives of our school.

The prizes will be either a cash prize or a medal as each winner may decide. The amounts will be; in the state contest \$25 to the winner of first place and \$10 to the winner of second place in the preliminary. The winner of first place is already receiving a gold medal from Dr. R. H. Gough.

In the prohibition contest the winner of first place will be given \$15 and the winner of second place in the preliminary \$10.

It is also the desire of the association that we should have a representative in the peace contest again this year. If we succeed in getting back into this contest the winners of places will get the same prizes as are to be given the winners of the State Oratorical contest.

One matter that the association has already decided upon is that of providing for the triangular debaters out of the funds of the association. Such material will be placed in the library and all who wish to enter the debate will have access to it.

The plan which the committee is working on now will be put before the association during the next few days and it will be finally decided on.

TOO MUCH HEAT + TOO MUCH RICE CAUSES DOWNFALL

After holding Texas A. & M. to a close score and winning handily from the scrappy little Austin College team, Texas Christian University lost to Rice Institute last Saturday (Oct. 30) in Houston by the top heavy score of 33 to 3.

The cause of the defeat was simply an avalanche of Rice, if the reports of game are anywhere near the truth, despite the fact that some of the boys on the hill gravely assert that the excessively hot day was the cause of their downfall. When it can be said of T. C. U. that she could not make a first down except with the forward pass, and that she gained a total of only 10 yards by around end plays during the entire game, something must be wrong. In commenting upon the game, the Houston Post said that Rice outplayed T. C. U. in everything except the use of the

(Continued on page J)

Work in Department of Domestic Economy Making Rapid Progress

Domestic science in T. C. U. continues to make rapid progress. Though a new department, in one month's time a remarkable record has been made. Our success is assured, and has even gone beyond the expectation of those who have the interest of the work at heart.

At present the department is so crowded that Miss Moore has been compelled to give extra time, and if the demand increases, as it promises to do, a waiting list will be started, and other arrangements will have to be made.

No teacher has ever come to our University who has shown more interest in her work than has Miss Moore. She is energetic, enthusiastic, and by her pleasing personality has won for herself and her department a host of warm and sincere friends. With such a teacher at its head, and with the strong backing that Mrs. Ida V. Jarvis is so capable of giving, the word failure will be unknown. Miss Moore has several young ladies in training for domestic science teachers, who are coming from the rural districts for a radius of ten miles or more. This goes to prove that the influence is far-reaching, and we hope to have still others from out of town.

It is with the special object in view

of developing our students in all womanly ways and graces, and of fitting them to become creators and preservers of the home, that the University offers a Department of Home Economics. The trend of modern education for women is toward thorough understanding of scientific home making.

The purpose of this department is twofold: First, it trains the student in the art of home-making and includes the study of foods, clothing, shelter and caring for the sick. Each course receives consideration from the standpoint of economy, health, convenience and art; second, the students are trained in such a way that they may use the work as a teaching profession or for such positions as dietitians in hospitals, artistic dressmakers, milliners and house decorators.

The Department of Domestic Science at present occupies one large room in the basement of the Administration building, including kitchen laboratory furnished with individual gas stoves and a dining room. The equipment is modern and ample for present needs, so that each student does individual work and uses up-to-date and practical methods in her cooking.

A division of the University library has been assigned to this department exclusively, and a large number of books and magazines relating to the subject is at the disposal of the students.

T. C. U. wants to be in line with the other 250 leading colleges and universities in the United States which are offering this work. Though an infant,

we look forward to the time when we will be the acknowledged leader in the state.

FINE ARTS STUDENTS GIVE INITIAL RECITAL

The students of the Fine Arts Department gave their first recital for this year Thursday afternoon. The programme was fruits of hard work already accomplished by the Fine Arts for this year. Those appearing on the programme were Gertrude Morris, piano solo; Elsie Baxter, violin solo; Ahta Harris, vocal solo; Thelma Smith, reading; Inez Hudgins, piano solo; Hattie Faught; Ruby Walker, reading; Vestal Tompkins, piano solo; Monette Whaley, piano solo; Alice Lemoine, vocal solo.

A quartet consisting of J. W. Shockley, Harry Bradford, Irvin Hefner, and W. I. Stevenson went to Mineral Wells last Sunday to assist R. A. Highsmith in a special musical service. They report a splendid time and we understand covered themselves with glory. They have arranged for a return date, also for a Glee Club concert in the spring.

LIVE-WIRE PROGRAM TO FEATURE Y.M.C.A. NIGHT

A live-wire program will greet attendants on the Sunday evening service in the Bible College chapel.

The Young Men's Christian Association will give its initial program of the year at that time. The work is to begin with the vim and enthusiasm which is to characterize it throughout the year. All that the leaders want and need is inspiration. What is to give them this needed inspiration is a record attendance on the part of the men of the University. Among the features which will be presented at the meeting are a discussion of the extension work by Errett Williams, a talk on "The Practicability of the Y. M. C. A." by Charles Christenberry, president of the University association, and an address by Prof. E. R. Cockrell on "The Relation of the Faculty to the Y. M. C. A."

Bright Idea; Help it

All sorts of bright ideas and worthy movements have germinated in the minds of T. C. U. folks this year looking toward the betterment of the institution which we all love. One of the most germane of all the ideas which are being worked out is the plan which Business Manager Durrett is putting on foot to gather a large number of flowers together this winter and keep them until next spring when they will be used to advance the campus beautiful idea.

Clark Hall basement has already been turned into a green house and numerous friends of the University have offered to give the school flowers which they will not be able to protect this winter. Others are asked to let the school have all plants which they do not want to keep during the cold days which are to come. Mr. Durrett will have them taken up and transferred to the campus. If they come from out of town he will pay the shipping charges.

The Alumni Are Behind Us

That the alumni of the University are behind their alma mater strong and are putting their best foot foremost in helping to put T. C. U. to the front is shown by the interest they have taken in the proposed athletic field for our school.

One of the best things the alumni could do for T. C. U. would be the erection of a first class athletic field with grandstand and gymnasium. It would be the accomplishment of a dream cherished by every man and woman who has ever been a friend and supporter of Varsity athletics.

Milton E. Daniel is to be especially commended for his enterprise and initiative in starting the movement to raise the \$10,000 for the athletic field.

As head of the campaign he deserves the enthusiastic backing of every student and alumnus of the school.

A Come-back

Recently 152 girls of Missouri college signed a pledge not to associate with young men who smoked cigarettes. Instead of meekly submitting to the fair sex the boys took up the fight and defied the girls. What they ought to have done was to sign a counter pledge that they would not associate with young ladies who used artificial means of improving their complexion.

Mrs. Cahoon went to Dallas Saturday and remained over Sunday.

W. H. Portwood and son of Seymour visited Jessie Lee Wednesday.

FORMER STUDENTS SEND GREETINGS

Edwin R. Bentley, president of last year's senior class and editor-in-chief of the 1915 Horned Frog, who is now superintendent of the Alpine public schools, in a letter to The Skiff sends best wishes to all his friends in T. C. U.

He is delighted with the progress T. C. U. is making this year in all departments. He also sent words of encouragement to the football team for the fine work they are doing this year.

"If the debaters and orators can do as much as the football boys, the school will truly get on the collegiate map" he said.

"I hope to see a bunch of the T. C. U. profs at the Corpus meeting Thanksgiving," he wrote.

Bruce Knight, now principal of the Stratford High School, has also written The Skiff concerning his life as a country schoolmaster. Excerpts from his letter follow:

"I am situated in one of those nice comfortable little country towns where everybody knows the business of everybody else better than he does his own, where information is transmitted mostly by word of mouth. We have telephones, trains, etc., but they take second balcony to gossip. The latter is infallible—it never omits anything.

"Morality is very high. We have good churches, no saloons, and the barbers all attend Sunday School. Spitting tobacco juice on the new church carpet and reading poetry are crimes absolutely unknown.

The characteristics sounds of the city are the squeak of the town windmill, the lowing of bovines on their way to the K. C. shambles, the bray of the city jackass (four legged), the sighing of the incessant wind, the wailing of divers brats and cats, and blatant shout of the Stratford University Freshman. As to freshness, the latter acknowledges only the T. C. U. article as his superior.

"The leading amusements are attending the prayer meetings and the 15 cent show and looking in the empty postoffice box.

"Athletics are almost entirely of the Mexican variety, which leads to frequent revolutions.

"I am certainly gratified to see the way the team is doing. They must beat Southwestern, because I have bet a girl on the S. U. faculty, a whole Coca-Cola that her alma mater is to have visited upon it the just due of past iniquities.

LAW DEPT STUDENTS EFFECT ORGANIZATION

Students of the Law Department have entered a float in the Pageant which is to held in connection with the Liberty Bell celebration in the city, November 18 and all of them will ride on it in the parade. This was decided at a meeting of the law students Wednesday. A committee consisting of Joe McNamara, Jesse Martin and Clyde Grissom was appointed to arrange the float.

Willis McGregor and Una Stark have been elected by the Juniors to ride on the T. C. U. float in the pageant. Charlie Butts will represent the freshmen.

Organization of the law students was effected Tuesday when they met and elected Carl Young of Fort Worth president, Bevie Biggers, vice president and J. N. Baldwin, secretary-treasurer. Young was a member of the junior law class at the University of Texas last year. He is very popular with the law students.

A formal challenge has been issued by the Laws inviting the students of the Medical College to a football game during the week of inter-class games following Thanksgiving. Although the Medics have not yet accepted it is understood that they are willing to meet the Laws on the grid iron.

Rev. G. W. Ray, pastor of the First Congregational church of the city, addressed the students of the Bible College at their chapel meeting Thursday morning.

HALLOWEEN NIGHT MOST PEACEFUL T. C. U. EVER SAW

T. C. U.'s Halloween celebration Saturday night was turned into a pep meeting to arouse interest in the excursion which the students and friends of the University are to make to Waco on Thanksgiving day to witness the last game of the season with the Baylor Bears.

Any disorderly or destructive Halloween tendencies which might have been in evidence on such an occasion were turned into enthusiasm over the proposed "On to Baylor" movement when the entire crowd gathered around a huge bonfire on the campus in front of Jarvis Hall and listened to peppery speeches by John Keith, president of the Students' Association, Prof. E. R. Cockrell, Dean W. B. Parks, and Chas. Christenberry, president of the Young Men's Christian Association.

Masked in all sorts of costumes, ranging from yama yama girls to Santa Claus, negroes, clowns, ghosts, gypsies, etc., the guests at the entertainment given under the auspices of the Y. M. and Y. W. C. A. of the University mixed and mingled playfully with one another in the parlors of the girls' home without recognizing even their best friends. The early part of the evening was spent in trying to penetrate the masks and disguises and discover who the other fellow was. Many of the students were so completely disguised as to be absolutely incognito up to the time everybody unmasked, not even their voices betraying them.

Refreshments of apple cider, doughnuts and apples were served during this part of the entertainment after which all adjourned to the campus where the bonfire celebration was held, presided over by John Keith.

The reception was over early and everyone departed for his home. The unusual lack of any disturbance or disorder during the remainder of the night has caused this Halloween to be termed the most peaceful T. C. U. has seen for a good many years.

Preparations for the reception in the way of decorations were made by officers and leaders in the Y. M. C. A. and the Y. W. C. A.

MAGNOLIA PHILATHEAS GIVE HALLOWEEN PARTY

T. C. U. girls who belong to the Philathia class of the Magnolia Avenue Christian church and their friends were entertained at the home of their teacher, Mrs. O. F. Carlson, 611 East Weatherford street, with a Halloween party last Friday night.

The rooms were decorated with hay, corn stalks and pumpkins. Jack o'lanterns were hung throughout the rooms and other Halloween decorations were in evidence. The masked guests spent some time trying to discover who the others were. Spooks was the game of the evening.

Among those present were: Misses Lela Bates, Lena Gilbert, Varine Varnell, Leola Ross, Lela Potter, Floy Agnew, Jessis Morris, Dorothy Mitchel, Beulah Bell, Lela Johnson, Ahta Harris, Ruby Jones, Ethel Johnson, Jacqueline Norwood, Masal Jeffers, Bernice Holmes, Mamie Watson, Daisy Potter, Jennie Mae Dowdy, Grace Bailey, Florentyne Gibbon, Pattie Herm, Irene Carson, Lettie Graham, Bennie Ruth Clements, Hazel Plumlee, Minnie Mae King, Janice Massay, Josephine Waggoner, Ruth McFadin, Lois Carpenter and Anna McLendon.

Messrs Glenn Hutton, Errett Williams, Billie Yesley, Harry Yesley, Ernest Richardson, Roy Jones, Horace Jones, J. N. Baldwin, Karl Young, Jack Hammond, Lorraine Dutton, W. L. Thornton, Charles Sanders, J. L. Ward, K. Y. Kasey, Lon Smith, Shirley Sweeney, J. T. Dickson, Noel Henderson, Curtis Bearden.

Miss Dorothy Agee has returned to her home in Sherman. She expects to be in school after Christmas.

Viola Coldwell returned the first of the week from her home in Garland where she had been for several days on account of illness.

The Volunteer Band met Tuesday night. The band has been studying conditions that exist in the trenches religiously.

PRETTIEST GIRLS' PICTURES WANTED IN BEAUTY CONTEST

The beauty contest inaugurated by the Moulders of Fort Worth should be of special interest to all of the T. C. U.'ers, because it is a well known fact that there are more pretty girls in T. C. U. than in any other educational institution in the South, and because of the further fact that the proceeds received by the Moulders from this contest are to be used in aiding worthy young men and young women to acquire a collegiate education that are unable to pay for such an education.

If the interest aroused in the Moulders' Beauty Contest so far is any criterion of the interest that will be aroused in the future, it is safe to say that no local event in the history of Fort Worth will be of more intense interest than this beauty contest.

The plan adopted by the Moulders is unique and original.

Mr. H. L. Edwards, Most Perfect Imperial Recorder of the Moulders, says that they want the photograph of every beautiful girl in T. C. U. and, of course, that means every girl attending, for they are all beautiful. These photographs are to be sent or mailed to the Healy Theater and should have the name and address or the original written on the back. The photographs will not be seen by the public, but after being left at the theater will be kept under lock and turned over only to the judges appointed to make the selection. The judges will first select fifty whom they consider to be the most beautiful women in the city and will request these fifty to appear in person on a certain date before the judges. After seeing these fifty, the judges will select fifteen whom they consider to be the most beautiful of the city. A moving picture film will then be made of the fifteen selected, showing these beauties in a moving picture scenario and the public of the city will be invited to vote as to which one of these they consider to be the most beautiful, and the one receiving the highest number of votes will be crowned and declared to be Fort Worth's most beautiful woman.

The Moulders is an organization of men, imbued with the idea of benefiting their fellow man and doing good to others. They heartily believe in education and feel that every young lady and young man who wants an education should have the means of securing it, and the very first act of a man joining the Moulders is to contribute to the Moulders' Scholarship Fund.

T.C.U. PEOPLE TAKE PART IN DISTRICT CONVENTION

A large number of pastors and laymen in the University District of the Christian church as well as representatives from T. C. U. attended the district convention which was held at the Magnolia Avenue Church Monday, Tuesday and Wednesday. Thirteen counties are included in this district.

Members of the University took prominent parts in the three days' proceedings. The three main offices were filled by T. C. U. men. Dr. Clinton Lockhart was chairman of the convention, Prof. E. R. Cockrell vice-chairman and Prof. Colby D. Hall superintendent.

Among those well known to T. C. U. people who took an active part on the program of the session were S. W. Hutton, state Bible school superintendent; James A. Crain, pastor of the Chestnut Avenue Christian Church; C. S. Weaver, endowment secretary of the University; Mrs. J. A. Crain; Mrs. Terry King, state secretary of the C. W. B. M.; A. D. Rogers, state superintendent, and E. H. Holmes of Gainesville.

CHURCH DISORGANIZED

The University Church formally disorganized last Sunday night. There will be preaching services each Sunday but this work will be in the hands of a committee instead of being under the direction of an organized congregation.

The Moulders' Great Beauty Contest

Fort Worth's Society Event

The Moulders want to know who is the most beautiful woman in Fort Worth. To decide this they have inaugurated a Beauty Contest. From the entries in this contest fifteen of Fort Worth's most beautiful girls will be selected by judges composed of leading men and women of the city. A moving picture film will be made of these fifteen, showing them in a scenario and then it is desired that everyone in Fort Worth have an opportunity to vote as to which one they believe the most beautiful of all.

Votes will be cast at the Healy Theatre and everyone paying an admission to this theatre during the contest is entitled to a vote.

The Moulders are to receive a per cent of the admissions and money received from this source will be used by the Moulders in aiding worthy young men and women who are unable to pay for an education to obtain one.

During this contest COUPON BOOKS GOOD FOR \$1.20 WILL BE SOLD FOR \$1.00.

Send or mail or bring your photos to The Healy

The Public Will Not See It

Write your name and address on the back of the photo and send it to The Healy, where it will be well cared for and returned. A large number of photos have already been left at the theater, and "The Moulders" want a picture of all the pretty T. C. U. girls

Don't fail to enter your best lady friend in the

Moulders Great Beauty Contest

DR. BATSON TO TABULATE AVERAGES OF STUDENTS ON COMPARATIVE BASIS

Averages of the grades made last year by the students who live in the city as compared with those who live on the hill and of the respective averages of the members of the various literary societies on a comparative basis are being tabulated by Dr. W. H. Batson, head of the Department of Education. He expects to have them finished by the last of next week.

The object of this work is to determine the difference in the grade of work which is being done by the day students and those who live in the dormitories, and to see which society has the highest standard of scholarship among its membership.

"In many universities where fraternities exist," said Dr. Batson in commenting on the matter, "such a comparative study is made and in case members of a certain frat show a slackness in their grades the authorities of the organization call their attention to it and stir them up to do better work."

Brushes Have Lawn Party

One of the most delightful affairs given by the Brushes this year was the informal picnic on the lawn at the home of Mrs. Cockrell, head of the art department. A most delicious menu was served and music and conversation formed the amusement of the afternoon.

Those who enjoyed this charming occasion were: Misses Craiger, Montgomery, Hirt, Luse, Tanner, Cassel, Wilcoxson, Wells, Moore, Armstrong and Douglass.

Mr. Casperson and the hostess, Miss Annie Lee Harris.

The T. C. U. Art Department had among its visitors Monday Raymond E. Fox and Miss Margaret Kennedy of T. C. U. and Miss Olive Owens and Miss Lois Bailey of C. I. A. at Denton.

FOR RENT—Nicely furnished front room.—Give breakfast if desired, to young man. One block of Forest Park car line, and fifteen minutes ride of College. Phone Rosedale 1439.

T. I. P. A. OFFERS THREE PRIZES OF \$25 EACH FOR COLLEGE LITERARY WORK

Here's a good chance for some T. C. U. student to get hold of some ready cash.

The Texas Intercollegiate Press Association is offering three prizes of \$25 each to the students of Texas colleges who write the best poem, the best essay and the best short story. Each college and university which belongs to the state association can present one entry for each prize.

The local contest will be held under the auspices of the University Press Club, but any student in the University is eligible to try out for the prizes whether he is a member of the club or not. The manuscripts submitted by T. C. U. students will be judged here and the best poem, the best essay and the best short story from the lot will be sent to the state association.

Some very creditable work was entered by local students last year which resulted in T. C. U. winning second place with one manuscript and third place with another. This year, three months' advance notice is being given in order that those who want to win the cash prizes and the honor will have plenty of time in which to prepare their manuscript.

One student may enter the contest for all three prizes if he thinks he has the ability to compose poetry, write a prize winning essay and a good short story. Entries from T. C. U. which take prizes will be published in the Horned Frog.

200 STUDENTS FAVOR COCKRELL AS PRESIDENT

(Continued from page 1)

admirers and supporters of D. F. D. Kershner, an apparently well-founded rumor as to his impending resignation fills us with concern. We wish to express our unbounded admiration of him as a man and as president, as well as our unlimited confidence in him. We also feel that we cannot too highly praise our dean, W. B. Parks whose tireless efforts in behalf of better facilities and more efficient organization here on the ground have resulted in priceless benefits.

If indeed our beloved president is to leave us for other fields of fruitful endeavor, we respectfully urge as the practically unanimous candidate of the student body Prof. Egbert R. Cockrell to fill the position thus vacated. We appreciate and feel the lure of the unknown and we are aware of the fact that ordinarily such men are brought from distant fields. Nevertheless, we do feel that in this case we have one man, the said Professor Cockrell, on our faculty, who stands out pre-eminently as the logical president of T. C. U., for the following and other reasons:

First: He has the unbounded confidence of the students and alumni. He is not only our wise counsellor, but is also our faithful friend. He, of all our teachers, present and past, is the one who has the student body near at heart. In victory he has rejoiced, in defeat he has consoled and encouraged, always he has cheered and advised us. Always he has stood for progress, for the truest and most lasting interests of the school.

Second: He is the one man who can achieve the end now one of the foremost in the plans of the trustees faculty and student body—a closer and more friendly relation with the city of Fort Worth.

For these and other obvious reasons, too numerous and altogether unnecessary to recount, we respectfully urge that in case of a vacancy his name may have the pre-eminent consideration it seems to us to deserve.

STUDENT LAW FIRMS ORGANIZED TO PRACTICE IN UNIVERSITY COURT

The First District Court of the Bar Association met in its initial session Thursday evening, Sept. 30. The court was called promptly at 7:30 p. m. by Sheriff Vaughn, and the jury was then sworn in by Judge Daniel.

The case before the court was as follows:

Miss Jones, a popular young society lady of Fort Worth, sued the Baldwin Bros. Soap Company for damages alleged to have resulted from the use of her photograph by the said soap company for advertising purposes.

The plaintiff, Miss Jones, was represented by Messrs. Monk and Keith of the law firm of Monk, Keith and Jones. The defendants, Baldwin Bros. Soap Company, were represented by Judge Grissom and Mr. Young, of the firm McNamara, Grissom and Young.

The first witness on the stand was the plaintiff, Miss Jones. After swearing to the court that she would tell "the truth, the whole truth, and nothing but the truth, so help me Bunkus," she testified that her likeness had been displayed over the city on billboards for advertising their soap, and that as a consequence both her health and reputation had been injured.

The next witness was Doctor Frizzell, the family physician of the Jones family. The doctor corroborated the testimony of physical injury caused by the use of her photograph.

First witness for the defendant was Mr. Carl Tittle. Mr. Tittle was not acquainted with Miss Jones, but expressed some doubt as to the picture of the advertisements being her likeness. He further testified that Doctor Frizzell was unreliable, saying "I would not let him doctor my dog."

Other witnesses for the defendant, the Baldwin brothers, stated that it was a custom to take such pictures for use in advertising, but that no evil intent was meant in connection with this practice. Attorneys Keith and Monk made short appeals to the jury requesting them to disregard the fact that no statute existed in Texas relating to the case and to render a verdict in favor of

the plaintiff on the grounds of commonsense and justice. The attorneys for the defendant did not consider much pleading to the jury necessary. Judge Daniel ruled that, according to law, the plaintiff had no case against the defendants, and accordingly non-suited the plaintiff.

The trial was on the whole interesting, but more time might have been spent in preparation. The Bar Association expects this year to do some real, beneficial work in law procedure. A judicial organization has been created consisting of three law firms: McGregor, Evans and Baldwin; Monk, Keith and Jones; Grissom, McNamara; and Young; judge, Daniel; clerk, Christenberry.

TOO MUCH HEAT CAUSES DOWNFALL

(Continued from page 1)

forward pass.

Granting that the down-state boys did richly deserve the long end of the score—which they certainly got—Varsity is still much in the running for third place in the T. I. A. A. this year. If the Christians win the remainder of their games they will have a fair call for that coveted berth. Saturday's loss to Rice simply made the Baylor game of more importance.

The men who showed best for T. C. U. in Houston were Captain Cox, Edens and Nelson. Edens attracted considerable attention by his accurate passes, which were handled in excellent style, by Vaughn, Cooper, McNamara, and J. Martin. In the last quarter, John Nelson kicked a goal from placement on the 22 yard line and those three points were all that saved the Christians from a dip in the proverbial lime-vat.

Rice scored two touchdowns in the first quarter, and kicked goal once. The second was scoreless, and hard fought. The Owls counted again in the third period, but missed goal. In the fourth, she added 14 more points to her total, making 33 in all.

During the last quarter, T. C. U. opened up her whole assortment of forward passes, but the only way the boys could get the ball over was by allowing Nelson to "Brickley" it between the posts
