SENIORS VOTE TO DEDICATE ANNUAL TO W. C. STRIPLING

By vote of the senior class this week the 1916 Horned Frog will be dedicated to W. C. Stripling, head of the Stripling department store of Fort Worth. Formal dedication exercises in chapel will be held sometime in May at which time Mr. Stripling will be asked to be present.

Mr. Stripling is one of the leading business men of the city and has been a firm friend of the University since its establishment here. He has been very generous in his attitude toward T. C. U. and its students and their activities. Several speeches of approbation were made by leading seniors favoring Mr. Stripling as the man for whom the annual should be dedicated.

HOT CONTEST NOW ON FOR ANDERSON TROPHY IN TENNIS

The annual Tennis Tournament of T. C. U. for the Anderson trophy, given by A. J. Anderson Company, began the first of this week, and promises to be one of the most interesting tournaments that has ever been held in the University.

Besides those of known ability in the "net and racket" game, there are several "dark horses," or men who have improved wonderfully during the past year, and will make the stars of last season's tournament fight hard to hold their laurels. Prof. Cahoon, Paul Pirkle, Clyde Tomlinson, and John Pettus will, as usual, figure in the finals. Blume, a Fort Worth tennis player of note, is now enrolled in the University, and will no doubt aid the above named men in pushing Clyde Tomlinson, last year's winner, to the very limit.

Some of the "dark horses" are: Ray Skaggs, Professor Batson, Virgil Payne, L. Dutton, Ben Parks, and Kirk Parks. The last two named are finished tennis players, and have been practicing steadily. Skaggs and Batson have improved rapidly since last tournament, and the man who

"LOVELIEST TIME OF ALL AT C. I. A." SAY GLEE CLUB MEMBERS

"Lovely" seems to be the most appropriate word to describe the trip which the Glee Club boys took to C. I. A. at Denton last Saturday. At least that is the most popular word with the Glee Clubbers when they begin telling about the time they had on "Blue Serge Hill." Every man in the club says that he was besieged by so many wonderfully fascinating girls that he didn't know what to do (except one member who is accustomed to such adventures).

Quite a number were heard to say following the program at C. I. A. that the T. C. U. Club outclassed the State University Club easily.

The singers were entertained at the college Saturday afternoon with a reception which they report to be "something different." At supper only one man was placed at each table, this supplying him with nine girls to entertain him. It is easily seen why they say the supper was divine. Several received bids for the senior from which will be given in May.

The next appearance of the Glee Club will be at the Fort Worth Central High School on May 5. Director Cahoon will take the Glee Club to Waco on May 18 to sing at the state convention.

versity nosed T. C. U. out for a 6 to 4 score in a baseball game played at Dallas last Wednesday.

The contest was a see-saw affair, and was anybody's game up until the last man was out. James Willis, for the Horned Frogs, pitched six innings without allowing a hit. However, the high wind would not allow his "spitter" to break, and in the seventh the Methodists began hitting his offerings freely.

Edens, who replaced him, retired the side by striking out the last man. His wildness in the eighth got him into trouble, however, and he was taken out and Lee sent in.

Lee was not thoroughly warm and was hit freely, S. M. U. piling up their total to six. T. C. U. scored three runs in their half of the seventh, and threatened to tie the score. With two men out and Christenberry next up, Gunter tried to come home on a ball hit by Nelson, when the coacher would have held him on third.

S. M. U. comes here for a game May 16, and the home team is eagerly looking forward to revenge.

Jack Hudgins of Forney visited his sister, Inez, this week. Jack stayed with Loraine Dutton while on the Hill.

defeats either of them will not play a "loafing" game. Great things are also expected of Pirkle, who has put in much good work and shown great improvement since meeting Tomlinson last season.

The courts are in fairly good condition, and "tennis fans" may expect many a treat during the next few weeks.

SPLENDID PROGRAM AT MUSIC CLUB MEETING

On Wednesday afternoon at 3:30 in the chapel the Music Study Club gave its second open program to a small, but appreciative audience. The program was one of the best that has been given.

A paper on the history of the piano and the pianoforte was read by Mary Snow McKinsey, which showed thought and study on such an extensive subject.

Francis Williams, Erskine Long and Lucile Durrett gave piano solos, and Anna McLendon, Franc Watkins and Glen Hutton, vocal solos, all of which were splendidly rendered.

The next meeting will be April 26 in the Shirley-Walton hall.

All of these programs will be open to students and any who may wish to attend from the city.

The graduates in oratory under Miss Leila Powell and the readings they will give on the dates scheduled above follow: Miss Lera Brown, Van Dyke's "Mansion"; Miss Beulah Lindsay, Victor Hugo's "Les Miserables"; Miss Maude Keith, "Monsieur Beaucaire"; Miss Sophia Bahan, "Madame Butterfly," and Clyde Gissom, Gailsworthy's "Strife." The programs to be given by the piano and voice pupils will be printed in The Skiff later.

REVIVAL MEETINGS BEING HELD IN CITY CHURCHES

Revivals are now going on in practically all of the Christian churches of the city.

The East Side Church is having a series of meetings conducted by the pastor, William Yesley.

Magnolia Avenue Church is having a series conducted by Rev. W. T. Brooks, evangelist, and Miss Gail Wilhite, gospel singer.

The First Christian Church is also in a meeting conducted by the pastor, Rev. L. D. Anderson, S. W. Hutton is leading in the song services.

Nathaniel Jacks and son are holding a meeting for W. B. Higgins at the Boulevard Christian Church. James A. Crain of the Chestnut Avenue Church, began a meeting April 14.

A committee consisting of Shirley Sweeney, Willis McGregor, Ora Leveridge and Homer Tomlinson, will confer with the 1917 senior medics and see whether or not they want representation in the Horned Frog.

Clarence Gunter is living down at Professor Cahoon's for the rest of the term.

DR. GOUGH PRESENTS MEDAL TO ORATOR

Enthusiasm ran at a high pitch Tuesday morning when Dr. R. H. Gough of Fort Worth presented a ten-dollar gold piece and a gold medal to John Keith, winner of the preliminary to the state oratorical contest. Dr. Gough, who has been one of the heartiest supporters of oratory in T. C. U. for years, made a speech of presentation and called Keith to the rostrum and gave him the awards, expressing the hope that he would also win the prize which goes to the winner of the state contest here April 21.

Keith, in his response, praised Dr. Gough for his generosity and support and promised to "give them all I've got." Fifteen lusty raps for Dr. Gough and for Keith were led by Homer Tomlinson.

Dr. Gough was the donor of the Gough trophy which is now in the possession of the Shirley Literary Society.

Mr. Knight has been granted a leave of absence for one year to make up work looking toward his Doctor's degree. He expects to return to T. C. U. for the session of 1917-1918. James A. Crain, present instructor in English, will take Mr. Knight's place next year.

Mr. Knight has been making experiments in methods of teaching in connection with his work here in T. C. U. and believes that by going to Clark he will be able to get at more books and papers on the subjects he has been studying and will have the opportunity to talk with the big men in psychology and education. He expects to classify and work up a large amount of notes which he has been gathering for some time.

Mr. Knight will work on a number of unfinished historical papers while at Clark besides doing some special writing. The American Antiquarian Society has its library in Worcester, Mass., this is probably the finest collection in the world of old American newspapers, pamphlets and manuscripts.

The fact that history and international relations are in the same department at Clark will aid him in pursuing the work in which he is particularly interested, international relations and their bearing on recent history.

Best Basis For Promotion

In carrying out his policy of system in the conduct of his office, Dean Colby D. Hall of the Brite Bible College, has introduced the plan of rewarding and promoting the young men who are working their way through the Bible College according to their merits. The man who has shown the most diligence in his work and has given the closest and most careful attention to his tasks is the first in order of promotion, and so on down the line.

The merit system, as thus practiced, offers the best and really the most logical basis for promotion in any sort of work. It is more certain to fill responsible positions with capable men than favoritism on the part of the boss or seniority on the part of the worker.

This plan could be put into effect in other departments of the University with good results.

A Little Louder, Please

Frequent complaints have been made, and justly so, on account of the noise of talking and giggling which goes on during the chapel period. On one occasion the whispering was so prevalent that a visiting speaker inquiring of a professor if there were not a number of visitors present that morning; he did not think that students would preserve such bad order.

Although an admonition to certain students is in order, a suggestion is also in order in regard to the speakers themselves. That is that they speak louder. Oftentimes—almost always in the case of faculty members—it is impossible to hear in the back part of the chapel what they are attempting to say. And when a student cannot hear what is being said, he cannot be expected to keep quiet.

If the speakers would put a little more volume into their words, the order in the rear of the auditorium would improve perceptibly.

The "Big Brother"

By EDWIN ELLIOTT

There is today much talk regarding our nation as the "Big Brother" to those nations of Europe. Truly this should be our attitude toward them both in our thought and action. But as we undertake this mighty and worthy task let us look into the life of our own nation and into our individual lives and see if we are equal to the demands of such an undertaking.

If we who are older and those of us who are possessed with powers of mind and those qualities that constitute leaders are not brothing those about us who are younger than we, we will find ourselves unworthy of the "Big Brother's" place as a nation.

I want to speak directly and in a personal way to the students of T. C. U.; not forgetting however that the things I suggest I myself must practice.

You and I are placed in a remarkably responsible position to those groups of people younger than ourselves, and I want that each of us will realize that we are a "Big Brother" to them whether we assume the role or not. With the training which we are securing each day we must feel that truly we are making of ourselves leaders, because of the elements that all-round education brings into our lives. The boy or the girl between the ages of twelve and sixteen are not looking forward to the time when they shall reach the settled period of middle life, but their heart's desire is to reach the glorious period of young manhood and young womanhood. And so it is the age of the college group to which they turn their attention hoping to be as this group is.

The boy of the ward school hopes some day to be able to play football as his hero does on the varsity eleven, or to make an oration equal to that of the college orator, he even hopes for the day to come when he can dress as his hero does (including the long trousers and all). So when we think of ourselves as ideals of this oncoming generation it seems that it ought to appeal to the best that is in us and make us strive to nurture those things in our lives which will make of us worthy ideals. Each of us can in a very practical way become the "Big Brother" to those younger than we; both in our own families and in our circle or community by interesting ourselves in the things which they are interested in. It will be a great thing if each of us as we go to our own communities for the vacation season to find a group for which we can be a leader. Just simple things which you can give them; hikes to the woods, a swim in the creek, a moonlight picnic, a camp and trips to see a commercial institution in operation, factories etc. will please mightily the younger group and will give you such a hold upon them and influence over them that you can teach them vital life questions which they will heed because they know you mean the best for them. Work like this will do this for those who do it: it will bring them to the consciousness that they have played a part in the making of the life of the generation to come which shall constitute a nation fit to be called the "Big Brother."

SHIRLEYS TO HOLD THEIR BANQUET AT OPENING OF SCHOOL INSTEAD OF CLOSE

Elaborate preparations are being made for "The Famous Shirley Minstrels," which are to be staged by the Shirley Literary Society the latter part of next month.

Three committees have been appointed with Charles Christenberry, Jesse Martin and M. L. Munday as chairmen, to select the "end" men, the chorus, the songs and the jokes; at an early date regular practice will begin and no pains will be spared in getting up the best "coon" minstrels that is possible for a University to stage. The end men will consist of three pairs of singing and dancing negroes—"Rastas" McGregor and "Bones" Martin, "Charlie" Sanders and "Shorty" Vaughn. "Nebuchednezzar" Willis and "Rankin" Miller.

Scene Laid in Cabaret.

The plan is, that these end men will be waiters in a restaurant, and the chorus of about sixteen colored bankers, who will be the diners. Mr. Woodrow Horace Jones, as interlocuter, is proprietor of the eating house, and will be in charge of an interesting program given by the "bankers" and the waiters. This program will consist of popular songs both in solo and in chorus; both fancy and clog dancing, monologues, dialogues and jokes.

Mysterious Stunt Planned.

The main feature of the evening will be the "stunt" of "Sambo" Huddini Stovall, the mysterious coon from Terrell, who allows himself to be nailed up in a box, and then mysteriously disappears from the inside. Any one from the audience is welcome to come up and examine the box, and see that there are no trap doors; this act was pulled successfully in Samoan Islands, and mystified the natives there. So it should certainly fool the T. C. U. students.

The purpose of these minstrels is to raise funds to complete payments on the furnishings of the Shirley-Walton hall. The date will be announced as soon as possible.

PUPILS OF MISS WILSON APPEAR IN A RECITAL

Coeds not Allowed to Visit Library on Nights When Open

The Law Has Been Laid Down.

Co-eds will not be permitted to visit the library on its open nights.

Rather indefinite answers have been given to the following specific questions regarding the regulation:

Is it because the girls have no business there at night?

Is it because of a belief that the co-eds would take advantage of the permission by going other places than the library and engaging in other things than research in the library?

Is it because the presence of girls would distract the attention of the law students from their work?

Is it because the girls would talk so much that studying would be impossible?

Is it because the officials fear that the boys and girls would make the library a trysting place or that lovers would come to the library under the pretence of working merely to see each other?

Anyway, "Men Only," is the sign hung out by the library on Tuesday and Thursday nights.

E. R. BENTLEY ELECTED HEAD ALPINE NORMAL

E. R. Bentley, a member of the graduating class of 1915 and also a former instructor in the Academy, has been elected conductor of the Alpine Summer Normal, according to word received here this week.

Bentley is superintendent of schools at Alpine. His choice to head the Normal marks the first time a local man has been chosen for the place. A recent appropriation which he secured from the state enabled him to install cooking, sewing and manual training. All the printing for the entire school system is done in the high school print shop.

BERMUDA GRASS TO AID CAMPUS APPEARANCE

T. C. U. campus has a prospect of being covered with real Bermuda grass some day, instead of weeds and Johnson grass.

Practically the entire campus has been plowed up and Bermuda grass planted in rows. It is thought that in a few years this will result in a beautiful lawn covering the University campus, which will beautify the looks of things around the buildings wonderfully.

Ample provisions have been made for sufficient water for the trees on the campus by the laying of new water pipes.

Affinities

The worst affinities in sight
Promoting sad misrule,
Are those which oftenest unite—
The firearm and the fool.
—Washington Star.

But do not overlook the while
A pair of wondrous note;
They give us scareheads by the mile—
The rocker and the boat.
—Denver Republican.

But here's a pair to make you swear
And sharpen up your sword:
They're here, they're there, they're everywhere—
The poor man and his Ford.
—Baldwin Haston.

COOLING EXPERT VISITS

Mrs. Eliza Q. Fothergill, conductor of the Star-Telegram cooking school in the city last week, spoke in chapel Friday morning on the importance of domestic economy. She advocated compulsory courses for both men and women in this phase of work.

Mrs. Fothergill was the guest of Miss Mary Lee Moore, head of the Department of Domestic Economy, and inspected the work and equipment of the department. She was accompanied by W. H. Calkins of the Star-Telegram.

Endowment Secretary C. S. Weaver now has his office in what used to be the present's office, more lately the librarian's office. A new stenographer has been engaged to assist in the work which he is doing.
