TEXAS CHRISTIAN UNIVERSITY, FORT WORTH, FRIDAY, MAY 5, 1916

NUMBER 31

SHOWING ON TRIP IS GOOD

The first four days of this week's road trip by the T. C. U. nine resulted in one victory over Southwestern, 4 to 2, the loss of a five-inning game to Southwestern by a score of 1 to 0 and the dropping of two games to the Texas Longhorns Wednesday and Thursday by very narrow margins, 2 to 0 in the first, and 1 to 0 in the second.

A Good Showing.

This showing is considered a good one, for had the second game with Southwestern continued, it's a 100 to 1 shot that the Christians would have copped it; and the class of ball put up by our nine at Austin was the best the Longhorns have met this season. It was freely admitted that T. C. U. has the fastest team that has been pitted against the crack University of Texas nine.

Doubleheader at Georgetown.

On account of an all-day rain the game scheduled for Georgetown Monday was postponed and a doubleheader was staged Tuesday. T. C. U. took the first easily and by the end of the second inning in the second game it was so dark that the men could not see and objected to playing longer but yielded to Southwestern's demands that they finish the fifth. The field was so muddy that the games were necessarily slow. Although the mud holes had been filled with sawdust the mud worked up and impeded the work of the players.

"Shorty" Vaughn occupied the box during both games and pitched great ball, striking out twelve men in the first game and four in the second. Christenberry caught both games.

Classy Ball at Austin.

Harry Lee did mound duty in the first game against the Texans and "Judge" Raley received. Willis served for T. C. U. in the second game with Raley behind the bat.

From all descriptions, these games must have been the kind that thrills the grandstand, featured by tight work on both sides and a first-class brand of baseball all round—the sort that delights the fan.

Following games with Baylor at Waco Friday and Saturday the team will return home Sunday. Friday and Saturday of next week T. C. U. will meet Baylor here for two games.

ARTICLES ON SCIENTIFIC TOPICS BY PROF. WINTON AND HIS WIFE PUBLISHED

Although T. C. U. can claim among its faculty members several who have done some writing for publication, probably none of them have had more success along this line than Prof. W. M. Winton, head of the biology department of the University. The attention of many students has been attracted by an article by Prof. Winton in the current issue of the Scientific Monthly on "The Significance of Venoms." This paper was written as a result of experimental investigation which Prof. Winton has been carrying on for some time on the physiology of various lower animals.

For several years Prof. Winton has been publishing technical articles of a scientific nature in a number of journals, including Scientific Amer-

Add-Rang and Shirleys to Meet in Last Society Contest of Year May 11

The last of the three annual intersociety contests will be held next Thursday night, May 11, in the main auditorium.

Although little excitement has been aroused over the approach of the debate, the men who are to represent the societies in the contest have been diligently at work since their selection and have analyzed the question thoroughly. The proposition which will be up for discussion is: Resolved that a defensive alliance of the American republics should be substituted for the Monroe Doctrine.

James H. McBride and W. L. Thornton will defend the affirmative for the Add-Ran Society and J. H. Monk and William Jones will argue for the negative for the Shirley Society.

ADD-RANS-CLARKS TO BRING BEN GREET HERE

A contract has been closed by the Add-Ran and Clark Literary Societies with the Ben Greet Woodland Players for two performances here on May 17.

The plays will be presented in Forest Park amid the natural woodland surroundings which prevailed during the days of the great author. "Much Ado About Nothing" will be given at the afternoon performance and "Romeo and Juliet" at the night performance.

The appearance of these famous players here again this year will mark the third time T. C. U. students and Fort Worth people have had the opportunity to witness Shakespearean plays produced without the artificial stage settings commonly used nowadays. The Ben Greet Company appeared at Forest Park last year and the year before under the auspices of the Shirley and Walton Literary Societies.

The career of the Ben Greet Woodland Players is a record of more than one thousand successful open-air performances before the principal schools and exclusive clubs of America and England.

Joe McNamara and W. L. Thornton are general managers for the Add-Ran and Clark Societies in arranging for the plays. Announcement of the ticket sale will be made later.

ican, Science, Educational Review, School Science and Mathematics, Western Journal of Education and the Scientific Monthly.

Writes Popular Stuff.

Prof. Winton has a hobby for writing popular "stuff," of presenting technical, scientific facts in language which the average unscientific reader of the magazine can easily understand and enjoy. He has been doing this work principally for the Youth's Companion; for the past two years practically all the unsigned paragraphs on interesting scientific topics have been contributed by him. The American Boy also uses quite a good deal of this material.

Mrs. Winton Also a Writer.

What might be termed a happy coincidence is the fact that Mrs. Winton is also deeply interested in scientific work and is a writer of ability. Her work is mainly on nature study. She has published articles in the Saint Nicholas Magazine, Home Progress, and the Woman's Home Companion.

MORE 'A' STUDENTS ON HONOR ROLL LAST TERM

An examination of the Registrar's records indicates that a better class of work was done by the students during the winter than during the fall term. There were not only more students making higher grades but fewer failed to make passing marks.

During the winter there were seven who made no grade below "A" as against two for the fall term. Besides these there were thirty taking regular work in the College of Arts and Sciences who made no grade below "B."

Girls Do Best.

All the students who made straight "A" were girls. Four of them were dormitory girls and three live in the city. Of the thirty who made no grade below "B," nineteen were dormitory students and eleven were "out" students. Of this group sixteen were girls and fourteen were boys.

Miss Moseley is the only student who has made no grade below "A" during the year.

According to a thorough tabulation of all the grades for the term by Dr. W. H. Batson of the education department, the following honor students belong in the groups named:

JOINT SOCIETY PICNIC AT FOREST PARK TUESDAY

A committee consisting of B. S. Smiser, Abigail Willingham, Gertrude Davies and Horace Jones was appointed by President J. H. Monk of the Shirley Literary Society last Monday night to arrange for a picnic. It is probable that the outing will be taken the first part of the week following exams.

Arrangements have been made to hold the joint picnic next Tuesday afternoon at Forest Park. The Shirleys and Waltons will leave the campus about 1:30 p. m. and will take supper at the park. An outdoor program will be given and a game of baseball will be staged, the rival teams being composed jointly of girls and boys.

Chalmers McPherson of the Bible College faculty will preach the commencement sermon for the High School of Van Alstyne on Sunday, May 14.

Milton E. Daniel is representing T. C. U. at the annual meeting of the T. I. A. A. which is meeting at Houston this week. One of the important matters to be considered is that of Baylor's playing ineligible football men last fall.

WALTONS CHOOSE OFFICERS TO SERVE THEM NEXT FALL

New officers for the Walton Literary Society were elected at the business session last Monday night. Those chosen were Abigail Willingham, president; Monette Whaley, vice-president; Ora Leveridge, secretary; Bennie Ruth Clements, treasurer; Mollie Jones, first critic; Ireta Robison, second critic; and Masal Jeffers, parliamentarian.

These officers will serve the remainder of the spring term and will also remain in office during the opening months of school next fall.

EFFORT BEING MADE TO STOP VIOLATION OF LIBRARY RULES

A much closer watch is being kept by the librarian and members of the library committee on the reference books in the library. They assert that they will take drastic measures to put a stop to the practice of students carrying off books without permission or keeping them out overtime. A heavy penalty is provided for such offense.

One student who took out a book without permission this week slipped it in the next morning early while the librarian was not looking. Although he had a perfect right to take the book out overnight, Miss Nell Andrews, librarian, says that no exceptions are to be made to the rule that all books must be reported both when they are taken out and when they are returned.

C. E. MEMBERS ATTEND LOCAL CHRISTIAN ENDEAVOR UNION

The Christian Endeavor Society of the University was well represented at the meeting of the local Christian Endeavor Union held in the Broadway Presbyterian Church Monday evening.

A debating team composed of Charles Butts and Martin Green for the affirmative and Jack Hammond and Craig Dryden for the negative, discussed the following question: "Resolved: That the social side of Christian Endeavor is as important as the spiritual side." The decision was rendered in favor of the negative.

Following the business meeting, refreshments were served and a social hour enjoyed.

GLEE CLUB AT F. W. H. S.; TO GO TO CONVENTION

If advertising pays, the concert to be given at the High School Friday night, May 5, by the T. C. U. Glee Club ought to be a paying proposition. Early in the week the managers of the annual, for the benefit of which the program is to be given, began a systematic campaign to get every student possible to buy a ticket. Signs were placed at every vantage point in the halls and pretty girls were put to work selling the tickets.

Director Cahoon will take the Glee Club and orchestra to Waco Thursday, May 18, to give a program at the afternoon session on the last day of the state convention. It may be that dates will be made for concerts at Belton and Bartlett on the return trip.

William Jones preached the commencement sermon for the Duncanville High School last Sunday morning.

Although Prof. and Mrs. Winton are doing some individual work, she now being engaged in a study of heredity in Japanese rats and he in miscellaneous experiments on lower animals, the horned toad particularly, they do a great deal of work together. Keeps Heart Alive 100 Hours.

Last year while a graduate fellow at Rice Institute Prof. Winton began some studies on the machinery of the hearts of lower animals which he has continued here this year. He has been able to keep the heart of a horned toad alive 100 hours after it has been removed from the animal's body. Lockhart-Webb Wedding Is Beautiful Affair; Many T.C.U. Students Present

A large number of students and faculty members attended the wedding of Miss Naomi Lockhart and Mr. Spearman Webb in the chapel of the Brite Bible College at high noon Monday, May 1.

The continuous rain did not prevent the chapel from being filled to capacity by friends of the bride and groom.

The pre-nuptial song was sung by Miss May Orendorf of Van Alstyne, accompanied by Miss Aline Wilson. The wedding march was played by the T. C. U. orchestra. The following couples were included in the bridal party: Miss Helen Glover of Van Alstyne and Mr. R. L. Hall of Sherman; Miss Willyun Shipp of Frankfort, Ky., maid of honor and Mr. William Yesley; Mrs. R. J. Cantrell, sister of the groom and matron of honor, and Mr. Hubert Bookout of Sherman, best man.

The bride, dressed in a beautiful gown of white taffeta and tulle adorned with flowers, entered with her father and the bridegroom was attended by his father, Judge G. P. Webb of Sherman.

The ceremony was read in a simple but impressive manner by Dr. Clinton Lockhart, father of the bride, and the benediction pronounced by Judge Webb.

Mr. and Mrs. Webb will make their home in Sherman where Mr. Webb is engaged in the practice of law.
