NUMBER 28

## HORNED FROGS BEAT KANGAROOS TWICE

Games Are Listless; "Lefty" Lee and Lee Willie Twirl Good Ball.

(By Tom Gafford).

Harry Lee, T. C. U.'s crack south-paw, had the Austin College Kangaroos guessing in Monday afternoon's game and the Horned Frogs registered an easy victory.

The Kangaroos scored in the first inning when Lowe hit to right field for three bases and scored on Chesley's sacrifice.

T. C. U. came back and scored two runs in their half of the first inning, when Hale was safe on first, Christenberry singled and Douglas clouted one for three bags, scoring Hale and Christenberry.

In the fourth two more runs were annexed by T. C. U. when Vaughn doubled, Douglas slugged, scoring Vaughn; then Douglas scored on Ogilvie's single to right field. The result of the game was never in doubt.

On Tuesday afternoon T. C. U. chalked up another victory over Austin College, 7 to 1.

Lee Wille pitched a good game, allowing only four hits, while six were gathered off of Rainey.

Errors were plentiful on both sides, due to the high wind.

T. C. U. goes to Waco Monday to battle against the Baylor Bears for two games.

The box score:

T. C. U.		A. C.	
Ab	H O A E	Ab	H O A E
McKee, 2	5 1 1 4 2	Stephens, s	5 1 1 4 2

Summary: Runs — Raley, McKee, Hale 2, Christenberry, Vaughn, Doug-

(Continued on page 2).

## T. C. U.'S PROSPECTS FOR AUTOMOBILE PIKE

T. C. U. needs two good roads. The school should be united to the South and Southwest parts of the city by a pike leading directly east from the University to Eighth Avenue. Also a good road should lead North from the University, across the Trinity River and connect with the Benbrook road near the old Stove Foundry. Such a road would give a direct line to the old Stove Foundry community and Arlington Heights.

Persistent and seemingly well founded rumors insists that each of these roads are soon to be built. Their completion will soon be followed evidently by other events of interest and benefit to the University and the University community.

## BUSINESS VIZ ATHLETICS.

We have in our midst a Young Men's Business League. Nearly every one has sometime or another heard of what this Young Men's Business League has been doing. This bunch of live wires at their membership dinner on Wednesday of last week decided to boost the Fort Worth baseball team. This turn of events means that business men are now beginning to see the benefit and necessity of athletic promotion. Let's kind of look these boys over. Perhaps they will help T. C. U. put over some dandy big athletic ideas. We believe if properly presented their assistance would be beneficial.

## BIG SUCCESS SCORED BY SENIOR MAJESTIC

The Real "Madge" is Rivalled by the Upper Classmen Production.

Those who stayed away from the real Majestic to see the "Senior Maj." last week were not disappointed, for the upper classmen arranged six big acts and one extra, every one of which proved highly entertaining.

The bill opened with a "sun-bonnet chorus." As the curtains were pulled back the beautiful (?) forms of T. C. U. under classmen (of the male sex) were seen, garbed in appropriate chorus girl dress, so kindly lent to them by Jarvis Hall girls. This act was superintended by the Right Reverend Jess Martin, and the way his robust dancers performed was enough to put to shame the clever movements of the expert wiggler of the side-show.

Other offerings almost equally as unique and entertaining followed in rapid-fire order. The Swedish Nightingales proved to be none other than our own Girls' Glee Club, and they made the usual hit, having to respond twice to continued applause. The "Panther City Four," which is the T. C. U. quartet, were called back again and again, and still the audience was unsatisfied. The only fault the reporter found with this act was that the quartet failed to allow the audience to do all the laughing, but indulged frequently themselves.

M. L. Munday, as "Godsky," showed conclusively that he is a real hypnotist. This act was not a fake, but proved the power of suggestion and thought control. Professor Munday was well appreciated.

The "Society Act" was the acme of artistic vaudeville, and furnished a half hour of genuine pleasure. It opened with a mock wedding of Mr. Shirley Sweeney and Miss Ruth McFadin, with Rev. W. Jones officiating.

(Continued on page 3).

## OPERETTA BLUEBEARD SEASON'S BEST OFFERING

Enthusiastic Crowd Greet Musical Play by Girls' Glee Club.

Scoring a success, unprecedented in the annals of T. C. U. history, in histrionic and musicale presentations, the Girls' Glee Club presented "Bluebeard" in the chapel of the main building Tuesday night. Bluebeard, a one-act musical comedy, heralded as "Baby Grand Opera," was written and put to music by Thomas Hoffman Hamilton, professor of Voice, who has been with the institution for the past two years.

This playlet, drawn by the author from the popular fairy story originally composed by Charles Perrault, was charmingly constructed and transformed into the thought of the twentieth century to the delight and amusement of the audience, which was one of the largest ever seen in the chapel.

The character of Bluebeard, a heartless wife-murdering lord of Brittany with Turkish affections in dress and who evidenced a slight tendency in that direction in matters of polygamy, even though his manner was slightly ghastly, was enacted by Mr. Hamilton, author of the production and composer of all the music rendered by the T. C. U. orchestra during the evening's entertainment.

Supporting Mr. Hamilton, Miss Vestal Tompkins, in the stellar role of Fatima, seventh wife of the blood-thirsty and mysterious lord, who already well known to all T. C. U. people for her vocal attainments, and heralded in the advance notices as the understudy of Geraldine Farrar, won added laurels as an actress to the extent that all were glad that the famous star of the screen had fallen victim to the dreaded plague of mumps and allowed our favorite to delight her local admirers. Fatima

(Continued on page 4).

## T. C. U. ORATOR CHOSEN FOR STATE ORATORICAL

Edwards Wins; Gold "T" Rings Formally Awarded.

The preliminary to the State Oratorical was held in the auditorium Thursday evening. There were four contestants, Willis McGregor, Ben M. Edwards, William Yelderman and Jesse E. Martin. Mr. Edwards was the winner of first place, and Willis McGregor took second honors. First place prizes consist of the \$25 medal given by Dr. Gough, a \$10 gold piece by the same donor, \$25 in cash by the T. C. U. Oratorical Association. Second prize is \$15 in cash from the Oratorical Association.

The winning oration was "Patriotism."

After the contest, "T" gold rings were formally presented to the triangular debaters and to Mr. Edwards.

The debaters are Willis M. McGregor, William Jones, Jesse Martin and W. B. Higgins.

The State Oratorical will be held at Trinity next Friday.

## HORNED FROG WILL BE OFF PRESS MAY 15TH.

Shirley Sweeney, editor, and Willis McGregor, business manager, promise the students and faculty of T. C. U. that the University year-book will be off press by the 15th of May. However, they will not be issued until those desiring books pay the last installment. This remaining amount is now due, and it is absolutely necessary that it be paid as soon as possible.

The students are waiting eagerly to examine the Horned Frog. The engraver of Southwestern Engraving Company stated positively that Mr. Shirley Sweeney's art work is the best he has ever seen.

## FISH WIN LOVING CUP IN FIELD DAY EVENTS

Preachers Down Faculty in Tug-o-War. Faculty Wins Ball Game. Dutton is High Man in Track Events. Loving Cup Given by Lubin Clothes Shop.

## FINISHED ARTISTS IN GLEE CLUB OF T. W. C.

Presenting a delightful and well conducted program, the Glee Club of T. W. C. appeared in recital in the T. C. U. Auditorium last Monday evening. Much talent was displayed by the members of the club. Mr. Andrew Hemphill is director of the club, and Miss Jewell Bethany is the accompanist. The feature of the program was its excellent charms and its freedom from ragtime music. The selections rendered by the entire Glee Club were varied in their nature. The number "Carry Me Back to Old Virginny," with Mr. Hemphill taking the solo part, was a most enjoyable one and was gladly received by the audience. The sextette, which was the final selection, also deserves special mention.

Aside from the numbers given by the entire Glee Club, there were several solos. Misses Helen Hines and Mildred Welch, soprano soloists, sang excellent selections. Miss Norma Rutledge delighted the audience with her clever and talented reading. Miss Hildred Harris rendered some pleasing numbers on the piano.

After the concert the members of the club were escorted to Jarvis Hall, where they were favored with a reception by the T. C. U. Glee Club.

## T. C. U. MEETS BAYLOR MONDAY AND TUESDAY

Coach Daniel has hopes that the two victories over Austin College have prepared the Horned Frogs for their clashes with Baylor University in Waco this coming Monday and Tuesday. With the exception of poor base-running, the team is going good, and at least an even break is expected with the strong Baylor Bears. The Purple and White are stinging the ball hard, and confidently expect to take the majority of the remaining games. A few days after returning from Waco, the Horned Frogs will meet Texas University on the local field.

## T. C. U. STUDENT SUFFERS GRAVE BEREAVEMENT.

The mother of John C. Nelson, law student and well known athlete of the University, passed away last week. John spent a few days at his home in Mangum, Oklahoma. He returned to take up his work again last Wednesday.

John's friends wish to express their sincere sympathy to him and his family in this great bereavement. Resolutions of sympathy and flowers were sent to Mangum by the student body of T. C. U.

## MISS ANNE McLENDON PLAYS A PRODUCTION OF CARL RUPP DOERING

Miss Anne McLendon entertained the student-body in chapel Wednesday with a beautiful piano rendition. The production was composed by Carl Rupp Doering, of the T. C. U. Fine Arts faculty, and its quality places Mr. Doering high as a composer. Miss McLendon played the difficult selection with pleasing interpretation and exceptional skill, and was rewarded with prolonged applause from the students and faculty.

Miss Ophelia Lambert, T. C. U. senior, who dropped out of the University for several weeks to teach English in the Granbury High School, has now resumed her work for an A. B. degree.

## C. U. S. S. E. S.

The C. U. S. S. E. S.—every last one of them, yes, all six!—met Tuesday evening for the first time since the measles broke out, lo! these many days ago.

The C. U. S. S. E. S. are no more what once they were. They organized as the "Beau-nots," but the romance that is budding among them robs them of this treasured bond.

History repeats itself. The Freshmen won the dual track meet and the Lubin cup Thursday against the Sophomores by a 43 to 29 score. L. O. Dutton (Soph.) was high man, taking four firsts and one third and tying with Fish for two second places. He scored 25 points for his class.

Following are events:  
Pole Vault: First—Barnes (Fish), 7 ft. 3 in.

Second: Dutton (Soph.) and Parks (Fish) tied—7 ft.

High Jumps: First, Alexander (Fish)—5 ft.

Second: Dutton and Dowling (Fish) tied—4 ft. 10 in.

Running Broad Jump: First, Alexander; second Albrecht; third, Dutton.

Short Put: First, Alexander; second, Reeder (Fish); third, Bradford (Fish).

Hammer Throw: First, Dutton; second, Alexander; third, Reeder.

Discus Throw: First, Dutton; second, Reeder; third, Alexander.

100-yd. Dash: First, Dutton; second, Cooper (Fish); third, Albrecht.

220-yd. Dash: First, Dutton; second, Barnes; third, Cooper.

Fish relay team ran the mile in 4:40, leaving the Sophs almost half a lap behind. Both teams were disqualified, however, for cutting the course.

Alexander was high man for the Freshmen, being credited with three firsts, a second and a third, totaling 19 points.

Reeder, a Freshman, showed up well in the weight class. With proper coaching, he will prove a most valuable man. He also has a good stride as was evinced in the relay.

Barnes scored high, taking first in the pole vault and showing excellent form. He stepped the 220 in good time, also.

Cooper and Albrecht each drew 4 points for their respective classes.

The Preachers won the first course in the tug-of-war, but the Faculty was unsatisfied, Coach Daniel being the only true sport in the crowd, as he alone hung on the rope while the Preachers pulled him through the muddy river. The Faculty, with a picked bunch of heavy weights, challenged the Preachers to another pull. The Preachers selected were much lighter than their Faculty opponents, and were drawn across the ditch. The Faculty laid aside their dignity and laid hands on the Preachers, shoving them back into the crystal sky-juice. The Preachers, however, lovingly embraced their Faculty friends and among the first to be ducked were Daniel and Cahoon. Colby D. and Dr. Batson were in the midst of the mele, also.

The Preacher-Faculty baseball game was extended beyond the usual length in order to play off a 5-5 tie. Cantrell presided at the mound, the first few innings, but the Faculty got the worst of the game and were forced to make some changes, Dan taking the mound the remainder of the game. Hardison worked the entire game in the pulpit for the Preachers.

The final score stood 6-5 in favor of the Faculty.

Batteries: For the Faculty—Munday, Cantrell and Daniel. Preachers—Noan Shockley and Hardison.

The Preachers showed some good material but a lack of team work and organization. Very few of the Faculty were able to fathom Hardison's offerings.

Dan showed old time form in the box. Without the trio, Munday, Cahoon and Dan, it would have been a sad day for the Faculty.

Students enjoyed the program of events to the limit, and were in full attendance at the field throughout the afternoon.

It was evident that the Faculty members enjoyed the holiday as much as the students, yet the students were loud in their expressions of joy and appreciation for the holiday. The silver loving cup will be awarded the Fish by H. F. Lubin of Lubin's Clothes Shop.

Coming soon!!! The Faculty Take-off. The Scream of the Year!!!

Subscription price, \$1.00 in advance. Two subscriptions (one out-of-town address), \$1.50.

PATRIOTISM.

Patriotism for our nation and State found a true mode of expression when a flagstaff and national emblem was desired by the student body. The Stars and Stripes floating on this breezy hill ought to preserve in our memory something of the priceless cost of that unfurled standard.

The clamor of war awakes a sentiment for closer union, for stronger ties and a fervent national spirit. Let us not forget that this same laudable consciousness can be and surely ought to lend itself to cultivation in the daily round and the common task. A patriotism which expresses itself only through cannon's roar and reeking shell and simply counts itself in "getting by" in times of peace—such patriotism is mawkish and unworthy of the name.

Students cannot fight any braver battle than a daily fortification against the temptation to be dishonorable in the classroom and so subdue lurking passions to conquer temporarily at other students' expense.

Let us be fair in our desire for patriotism and consistent in our expression of it.

In our friendly chats with city people let us occasionally mention some of our needs both as far as the school is concerned, also our T. C. U. community. Suitable roads is the current topic and what we desire is an intense consciousness for the construction of at least two roads of the modern type connecting our school with the city. At pres-

ent there is not a single road fit for automobile travel. This is unfortunate. Notwithstanding, we certainly rejoice over present prospects as mentioned in this paper elsewhere. May we use what influence we possess in bringing these proposed plans to pass.

ATTENTION, STAFF!!

Due to the excessive number of ads run by the business manager at present, the editor finds that little space is left for news, and therefore finds it necessary to request staff to be as brief as possible in their stories. Give the facts and most interesting points in each news item in short snappy articles.

"A CAMPUS BEAUTIFUL"

Mr. Durrett is carrying out his accustomed spring policy of beautifying the campus in every way possible. He has had plants distributed all over the campus, and "Kudzer" vines have been planted on the fence back of the Jarvis Hall. These vines grow about one foot a day, and it will not be long before they cover the fence. Bermuda grass is being set out in front of all the buildings.

WHY NOT? ITS PLAUSIBLE.

Why not allow the different literary societies to have charge of the chapel exercises sometime during this term? This was tried year before last, and found to be most successful. The writer remembers a very unique and interesting chapel program given by the Shirley Literary Society, and another equally as entertaining by the Add-Rans.

Such a plan of procedure accomplishes three important things: It arouses society pep and interest; it furnishes "something different" for the student body; and it affords real experience to the students who appear on the program. Such things add to the joy of college life, and kill a part of the hum-drum of the daily routine. Why not try this?

DEMOCRACY AND ECONOMY

In this "high cost of living" era, it is a worthy and thoughtful act on the part of the college man or woman who will, in every way possible, cut down the expenses of schooling, and thus help the "homefolks" bear the financial burden. Read this clipping from the "Daily Texan":

On account of the high cost of living and to be more in accord with the spirit of democracy, upon which Yale University prides itself, the Junior Prom there this year is to be given in the great dining hall, and a modest luncheon is to be served. No flowers will be allowed. These innovations, it is believed, will result in more students taking part in the festivities.

A CO-ED EDITION IN NEAR FUTURE.

It is possible that the young ladies of Texas Christian University will be given a chance to show their journalistic ability sometime soon. The girls of the A. & M. College of Oklahoma put out a splendid edition of their college weekly a few weeks ago, and there is no reason why our girls cannot do the same thing. Here is a clipping from the "Orange and Black," the publication of the Oklahoma A. & M. College:

**THE TIGRESS EDITION.**  
Who said the girls of A. and M. couldn't put out a paper? Well, there is certainly no one who would make that assertions now, for they have demonstrated their ability in an unmistakable manner. The prevailing sentiments expressed on the campus are, "It was certainly fine," "It was sure good," "It was interesting."

The girls of the staff of the Tigress Edition are to be very highly complimented on their work. They gave the girls a view of College activities and furnished material for enlightenment on the woman's side of College life in a very pleasing and acceptable paper.

This University in company with scores of other schools has afforded splendid opportunities for its student body to have inculcated in its midst sore and distressing religious problems. Simple association with student life gives birth to the abolition of many dearly cherished religious convictions. Presumably sooner or later we are benefitted by casting asunder much of the needless freight which was thrown in the hull of our vessel before we left port. Now, in our College life and experience, just how have we to know what are the "surroundings" of paganism in our religious treasure house?

The miraculous and wonderful propagated in the Bible schools soon lends itself to a clearer light of criticism—consequently the student drifts to the other extreme and the mawkish sentimental religionist blames the biologist, philosopher and incidentally the teacher of social sciences for the oftentimes outward readjustment of ones religious bearings.

Is not the average student of two or more years standing heterodox? Is it because the findings of the laboratory, the discussions in the class room and the tenets of philosophy balance more favorably student's mind? Whose fault is it when a brilliant student, one religiously disposed, confesses that he must find out what philosophy says before he can now accept Christianity?

Ought not the University to have an open forum so that the troublous vital religious problems of the students might be interpreted and partly solved? To have such problems is a mark of progress. What we need is to separate the chaff from the wheat and we have a few members of the faculty who are well qualified to clarify the student's mind along these lines — but alas!

Government wireless stations have been planned for Indo-China that will be powerful enough to communicate with points more than 3000 miles away.

An eight-hour clock is the invention of a Californian, letters on the dial that change indicating the three parts into which he would divide a day.

The United States army owns a patent for wireless equipment for aeroplanes that weighs but seven pounds and will transmit messages seven miles.

Hattilu West visited friends Monday and Tuesday.

Mrs. Wirtz's daughter is visiting here from Waco.

Annah Jo Pendleton spent Sunday with Mary Louise Foster.

Monette Whaley spent several days in Jarvis Hall.

Ruby Douglas spent the day with the Ingalls Thursday.

Sadie Tankersley arrived Friday night to visit Mary Strange.

Mr. and Mrs. Fletcher and son are visiting Dorothy Fletcher.

Josephine Holtclaw is back from Buda.

Mary Louise Foster spent Wednesday night in Jarvis Hall.

Mary and Ethel Biggerstaff, Mary Melton, Lena Bilbright and Sybil Black attended the Y. W. C. A. Convention at Dallas Thursday.

Friday afternoon saw great preparations among the girls for the Press Club banquet. Young ladies from other colleges of Texas who were guests of the Press Club were Miss T. M. Bass of Southwestern; Miss Jessie Wilson, Miss Sammie Coffee and Miss Carolyn Troutwine of Baylor; Miss Mildred Paxton and Miss Mamie Goodnight of Simmons; and Miss Lennie Hallman, Miss Lydia Smith and Miss Rhea Fabj of C. I. A.

**A LETTER OF WARNING.**

Note—On account of the increasing prevalence of automobile accidents on railroad crossings, all the railroads of the country are co-operating with the newspapers of the country for the purpose of devising some means of decreasing the frightful loss of life in this manner. We reproduce herewith a copy of a letter sent the Skiff by a representative of the Texas & Pacific Railway:

February 10th, 1917.

Editor The T. C. U. Bulletin, Fort Worth, Texas.

Dear Sir: Automobile crossing accidents are becoming so distressingly frequent, resulting in such an appalling loss of life, that some drastic preventive method should be devised.

In fully ninety per cent of recent cases investigation develops that carelessness of the driver of the automobile was primarily responsible for the accident. If drivers could be impressed with the necessity of Stopping, Looking and Listening before undertaking to cross a railroad track, the majority of these destructive accidents would be avoided.

Will you lend us your aid in a propaganda to educate the automobiling public against this danger? We enclose copy of a notice we are distributing among as many automobile drivers as we are able to reach, and shall be glad to receive and consider any suggestions you, or any of your subscribers, may make intended to reduce this peril.

Yours truly,  
 S. H. ELLIOTT,  
 General Manager.

ating. After the wedding an informal reception was held, at which Miss Vestal Tompkins sang, Miss Gladys Richards read, and Miss Genevieve Goff danced. There was not a dull second in this act.

The climax of the program was a negro minstrel. The house was kept in a continual roar with the realistic darky antics and jokes of the two end men Jess Martin and John Sturgeon. These two men were supported by two other black-faced comedy-dishers, Harry Bradford and Shirley Sweeney. Harry acted very natural.

Excellent music was furnished by the T. C. U. orchestra. The production was a success in every way. It was managed by the Seniors, Alden Evans and Clyde Arnsperger.

**ANOTHER CRY FOR PRIVILEGES.**

(Editor's Note:—This article was written before the faculty saw fit to grant the new privileges. It shows how badly they were really needed.)  
 Last Sunday evening the following conversation was overheard by the writer of this article:

A Freshman Girl—No, we can't go to town to church tonight, there are no privileges.

The Boy (Any Boy)—Well—I'm sorry. I wanted to go.

The Girl—Well you can go, but I can't—you go on and go.

The Boy—Oh, no. I won't go unless you can—guess I'll go to town and bum around.

This conversation may have taken place between any number of young people in this University and on most any Sunday night.

The significance of it is certainly obvious. There could not have been the slightest harm done to either one, nor would an unconventional deed have been committed if this young couple had been allowed to go to church together and how much better it would have been than what actually resulted: The young lady remained at home; the young man went to town and "bummed around"—which may have meant little, but the chances are that it meant much which was not to the best advantage of that individual.

And yet—time and again, we listen to chapel talks on the "Christian life," the "clean life," the "way to walk and live," the "evils of bad habits," etc., etc. until the whole field is thrashed out over and over.

The minds of young people are very easy to influence and many times, a little tact, a little diplomacy, a little analyzation would save them from falling into the wrong mould.

was the favorite of the evening. In her debut as a prima ballerina, Miss Anna McLendon won rounds of applause with her solo dance, which she executed with admirable grace and lightness of foot. As "little sister," who stayed to the last ditch with her Fatima after womanly curiosity had penetrated the secret closet of Fatima's master, Bluebeard, and brought his wrath on her head, Miss McLendon's acting won the hearts of the audience.

The incomparable triplets, played by Beatrice Rabe, Ruth McFadin and Grace Baily, were the delight of the audience and the interpretations were well rendered by the young ladies. One of the surprises of the evening was the Corps de Ballet, composed of Misses Goff, Bailey, McFadin, Rabe and Baily, which rendered a Folk dance, rivaling the Russian Ballet in precision and grace of execution and draw great applause from an appreciative audience. As the widowed mother with the

usual eye to the match-making of her girls, Miss Bernice Holmes scored a decided success both by her acting and her song.

Discarded by an unhappy fate, each more ghastly than its predecessor, the six "past wives" of the Lord Bluebeard who from the tomb in the private room of Bluebeard gave the manner of their demise to the unhappy ears of the curiosity-betrayed Fatima were enacted by Mrs. Hulsey, Misses Long, Stark, Hefner, Faulk and Davies.

The characters of Bill and Jack, sons of the widow, were played by Mrs. Hulsey and Miss Faulk; and Misses Fletcher and Ward appeared as pages to Bluebeard. Music for the evening was furnished by the T. C. U. orchestra under the direction of Frederick M. Cahoon.

Hugh Brewster, a student of both the Medical Department and the Academic Department of T. C. U., has been accepted into the Phi Chi Medical Fraternity. Mr. Brewster is a sociable companion and a good student, and will make a valuable member to this organization.

**HERE'S THE PERFECT GIRL.**

The following are the attributes of the perfect girl, as seen through Harvard eyes, some fifty bachelor graduates having, recently, and after considerable discussion, agreed on them for the "girl that's worth while."  
She is attractive, graceful and healthy, but not necessarily pretty.  
She can dress tastefully and entertain anyone and make him feel at ease.  
She can make bread as well as fudge and cake as well as a "rarebit."  
Her dancing is not necessarily the latest, her tennis is not necessarily up to the standard, but she is appreciative of the dance and of the sports.  
She is broadminded, sympathetic, tactful, unselfish, optimistic, thrifty, of good disposition and moderate in all things.  
She can stand reverses without worry.  
She is gentle to children and kind to older people, especially to her parents.  
She has a broad education, but not necessarily a college one.  
She is modest and true and home loving.  
She has good social standing, is of a religious nature and is not "too proud to pray."—From the Baltimore Sun.

**LOBBY LINGO.**

It is reported that Dr. M. O. Perry, '17, performed a great tonsillar operation but he lost the wire in the child's throat. Later the wire was found securely fastened in the snare.  
Dr. Smith Woodward, after giving a dog an anesthetic for some fifteen minutes without result, called for Dr. McKean to assist. McKean's fully developed sense of smell detected the odor of coal oil. This was the anesthetic Dr. Smith Woodward was giving. The medical profession owes a vote of thanks to Dr. Woodward for his discovery and our friend J. D. will confer a medal of merit upon him we are sure, as soon as the matter is brought to his attention.  
John M. Keith, graduate of T. C. U. and at present a foreman in King Candy Company, has been sick for a week, but is now rapidly recovering. Mr. Keith will enter the law department of T. C. U. next fall. He received his A. B. degree from this University last year.

**TWO FINE ARTS STUDENTS WILL VISIT GAINESVILLE.**

A voice recital will be given by Miss Una Stark, graduate in voice this year, at her home town of Gainesville. Miss Stark has studied under Mrs. Cahoon for four years. She proved a special favorite in her graduating recital last week, and will probably render the same program at Gainesville. She will be accompanied by Miss Inez Hudgins, who will also appear on the program in piano solo.  
A perforated bolt containing a wick to be soaked in oil has been invented for lubricating moving parts of machinery.  
New tiling for walls and ceilings has grooved edges that fit together and is attached by metal fasteners that enter the back of each tile, saving the use of cement.  
Apparatus that enables one surgeon to perform the operation of blood transfusion without assistance has been invented by a New York doctor.

TEXAS CHRISTIAN UNIVERSITY, FORT WORTH, TEXAS, FRIDAY, APRIL 20, 1917.

NUMBER 29

## T. I. P. A. IS GUEST OF LOCAL PRESS CLUB

Winners in Contests Announced—  
Banquet at Westbrook—Eight  
Colleges Represented.

The Press Club of T. C. U. was the host of the Texas Intercollegiate Press Association for two days—Wednesday and Thursday—of last week. Delegates from the press clubs of eight Texas universities and colleges were present. These institutions were: Southwestern University, College of Industrial Arts, Simmons College, Baylor University, Stamford College, Texas Woman's College and Texas Christian University.

"Business Before Pleasure."  
The delegates arrived Thursday morning, and were soon after called into business session by Alden A. Evans, president of the T. I. P. A. Friday morning and most of Friday afternoon was spent in the transaction of the Association's business.

Informal Reception.  
Thursday evening, after the State Oratorical Preliminary, the delegates were the guests of Jarvis Hall at an informal reception. At this reception "everybody met everybody," and an informal program was carried out. Miss Powell, head of the T. C. U. Oratory Department, delighted the crowd with her reading, and Miss Una Stark entertained with several vocal solos.

Winners in Contests Announced.  
At the meeting Friday afternoon the winners in the short story, poem and essay contests were made public. Unusually good manuscripts were submitted this year by all the colleges. The winning poem was "Alfred Noyes," by Miss Flora Wells of Baylor. The winning short story was composed by Miss Mamie Goodnight of Simmons College and was entitled "Hearts." The essay that was given first place was written by Miss Ida Whitaker of Baylor, and was on "Alfred Noyes."

Banquet Friday Evening.  
The climax to the two-day convention was a formal banquet at the Westbrook Hotel. Charles Christen-

(Continued on page 4.)

## TEXAS U. WILL PLAY FROGS NEXT TUESDAY

Pitchers' Battle Between Lefty Lee and Lefty Thomas Expected.

The strong Texas University baseball team will appear on the T. C. U. diamond against the Horned Frogs next Tuesday, the 24th of April.

The Orange and White supporters have just finished taking three out of four from the A. & M. team, and are making this North Texas trip fully expecting to win all their games. Coach Daniel looks for a stiff battle, but expects to win. The game will be called at 3:45.

## STATE ORATORICAL AT TRINITY UNIVERSITY

Ben M. Edwards, T. C. U. representative in the State Oratorical, left for Waxahachie Thursday, accompanied by W. L. Thornton and William Jones. Jones is president of the Texas Oratorical Association. Edwards will deliver an oration upon the subject of "Patriotism."

## K. K.'S ENTERTAINED BY DR. AND MRS. BATSON

Dr. and Mrs. Batson entertained the "K. K.'s" in their usual delightful way last Wednesday night. The very cordial reception accorded upon arrival assured the guests of the warmth of hospitality existent in the Batson home. Various games were played and Miss Mars won the prize given for the highest score.

At the close, refreshments were served to the following:

Grace Baily, Una Stark, Genevieve Goff, Ava Lee Mars, Ruth McFaddin, Gladys Richards, Ava Maud Wester, Ruby Douglas; Messrs. Willis McGregor, Alden Evans, Clyde Arnsperger, William Jones, Shirley Sweeney, Harry Bradford, Gayle Scott and Tom Paul Sweeney.

## TRACK PROSPECTS FOR '17 ARE FAIR

With Proper Training Good Showing Should be Made at  
T. I. A. A. Meet.

At the time for the T. I. A. A. track meet draws near, interest runs high in track work, especially because T. C. U. has some good track men and because she will probably have a good representation at Waxahachie on May 4th, the big day about three weeks off.

Among the men who have shown up well in various events are Everett Bell, Karl Broadley, Lorraine Dutton, Ben Parks, Cedric Hamlin, Reeder, Alexander, Popanoe, K. Barnes, Ernest Ligon, and Jack Hammond. From these men, together with Nelson, Hale, Stangl and Raley from the baseball squad, a team should be picked that will make an excellent showing at the State meet.

In the dashes, Bell, Ligon and Dutton, Hale and Nelson will be hard to beat when in shape. Bell is probably the fastest man in the University. In the distance runs, Dutton is expected to be the leading man for the Purple and White. In the vaulting Ben Parks ought to be able to place in the T. I. A. A. meet. Barnes and Luck might also prove good material with the proper coaching.

In the broad jump, Ligon, Alexander, Popanoe and Dutton are going good. Broadley is leading the weight men in heaving the shot and throwing the discus and the hammer. Alexander and Reeder are also promising weight heavers, and Popanoe is improving rapidly. The need in all these events is a good track coach, one that can give his whole time to the track.

Broadley is probably the only hurdler, but is working good and

(Continued on page four)

## OUR TENNIS TEAMS EASILY BEAT S. M. U.

Four Out of Five Matches Are Taken by Purple and White Boys.

T. C. U. was victorious over the Southern Methodist racquetters Saturday afternoon. The Purple and White team won four out of five matches in a tennis tournament played on the new T. C. U. courts.

Ben and Kirkland Parks, Weston Williams and Shelby Faulkner represented the Christians against J. Thomas, G. Thomas, Hillburn and Whitehurst for the Methodists.

In the singles, Ben Parks defeated G. Thomas 6-0, 3-6, 6-3. Williams defeated Hillburn 2-6, 6-3, 6-3. Kirk Parks lost to J. Thomas 6-1, 3-6, 8-6.

The Horned Frogs captured both matches in doubles. B. Parks and Kirk Parks defeated Thomas and Thomas 6-2, 6-3.

Williams and Faulkner won over Hillburn and Whitehurst by the scores of 2-6, 6-2, 9-7. Both teams were in good form and played interesting tennis. Kirk Parks was handicapped by a bruised hand.

## TENNIS TEAM GOES TO S. M. U. WEDNESDAY

Coach Cahoon will take Ben Parks, Kirk Parks, Shelby Faulkner, Weston Williams and Lorraine Dutton to Dallas Wednesday, the 25th, to represent T. C. U. in a tennis match against the Methodists. The local boys are expected to repeat their winning performance of last Saturday.

S. I. N. S.

The S. I. N. S. spent Wednesday night with "Slang" and "Levity," in room 228, Jarvis Hall. Chief diversions were delving into Truth and a ten-pound box of candy.

## PREPS. BEAT BY FISH IN FIELD DAY EVENTS

Overwhelming Victory for the Freshmen—Score is 52-11.

The Freshmen athletes won the second track meet of the spring term with a team of six men, who competed with a team of ten Preps. In the eight track and field events the Freshies secured 6 firsts, 5 seconds and 5 thirds, scoring 52 points against a measly 11 points of the lowly Preparatory students.

Alexander and Popanoe, both Fish, were high men, each scoring 16 points. Ernest Ligon, who was credited with 11 points, would have tied with Alexander and Popanoe had not the 220 been thrown out, for he took first place in this event.

Events and their winners were: 100 yd dash, Ligon (Fish), 1st; Jagoda (Prep), 2nd; Alexander (Fish), 3rd. High Jump, Alexander (Fish), 1st; Popanoe (Fish), 2nd; Ligon, 3rd. Shot Put, Popanoe, Alexander and Jagoda.

Discus Throw, Reeder (Fish); Popanoe, Alexander. Broad Jump, Ligon, Alexander, Reeder. Pole Vault, Ben Parks (Prep), 1st; Barnes (Fish), and John Luck (Prep), tied. Hammer Throw, Popanoe, Alexander, Reeder.

The Preparatory representatives came back in the relay and won out on the last lap. Alexander, after participation in almost every other event, was too exhausted to keep the big lead he started with, and his opponent, a fresher man, won only by a few feet.

The Preps proved better mud-crawlers than the Fish and won the Tug-o'-war after a stiff battle.

The Freshman class has triumphed over the Sophomores and the Preps in track and field events, and will have their year and their captain's name engraved upon the loving cup that will be given by H. F. Lubin of Lubin Clothes Shop.

## HORNED FROGS BREAK EVEN IN SERIES WITH BAYLOR

T. C. U. Hits Well in First Game, While Lee Holds Bears Helpless. Lee Willie Twirls Excellent Ball in All but One Inning in Second Game

## BAND CONCERT AND ORATION IN CHAPEL

Band Renders Patriotic Program—  
Gough Medal is Given.

Last Wednesday was the day for the fine arts number in chapel. The band had charge of the chapel exercises and rendered one of the most interesting programs of the year. Every student knows the band's quality and the chapel was filled to its capacity. After they had played several excellent selections President Waits announced that a collection would be taken up for the new bandstand which has been erected on the campus.

The plan of collection was for each class separately to march up to the rostrum and drop their pledges in the box which had been provided for the purpose. First the Senior Class made their contribution, followed by the Juniors, then the Sophomores, then the Freshmen, then the Fine Arts students, then the Laws, then the Preparatory students. After the students had made their contributions President Waits called upon the Faculty and they responded very generously. The students as well as the Faculty should be commended for their ready willingness to aid in any good enterprise.

The bandstand just finished serves in two different capacities. Besides a place for concerts it serves as a memorial to Prof. W. T. Hamner, one of the most faithful men ever

(Continued on page three)

The Horned Frogs and the Baylor Bears met in two clashes last Monday and Tuesday, and each came out of the conflicts with one victory

Monday afternoon, with Harry Lee at the helm, everything went the Horned Frogs' way, and the game ended with a 6 to 1 result with T. C. U. on the long end.

Harry Lee toyed with the Baylor swatsmen, letting them down with only five scattered hits. Ten men were forced by Lee to take their seats on the bench after vainly beating the air three times with their Louisville sluggers.

Ellis opened the game for the Green and Gold, but lasted only three frames. In the third he and his team mates blew sky-high and before Lefty Duncan could be rushed in by Coach Mosely, the wearers of the Purple "T" had piled up four runs. In this inning, after one was down, Christenberry and Douglas singled. Ellis then grew nervous, and knicked Eddie Stangl in the arm, thus loading the bags. With the squeeze play on, Christenberry stole home while Ellis leisurely wound up. Raley then singled, and Lee quickly followed suit, making four scores in all. Not satisfied, T. C. U. added two more off Duncan later in the game. The winners piled up twelve hits in all, and were robbed of several more by the brilliant fielding of Wilson and Roach of the Baylor outfield.

§Duncan relieved Ellis in first half. Summary: Struck out—by Lee 10, Ellis 1, Duncan 6; base on balls—off Lee 1, Duncan 1, Ellis 1; errors—Baylor 4, T. C. U. 2. Time of game 1 hour and 50 minutes. Umpire, Bonner.

In the second game Baylor bunched hits with T. C. U. errors and took the affair by a 5 to 1 score. In spite of the final score, Lee Willie pitched a good game, allowing only six hits. Farrington also performed well, allowing the Frogs but five knocks. Stangl's long three-bagger featured the hitting.

## HIGH SCHOOLS MEET AT T. C. U. ON 28TH.

The T. C. U. Interscholastic League will hold a declamation contest for the high schools of Tarrant County on the 28th of this month. Eight high schools are already planning to enter contestants.

This league is a new thing for Tarrant County and for T. C. U. It is holding this year only a declamation contest. Each year it will be enlarged and added to, until T. C. U. will be the annual meeting place of all the nearby high schools in both intellectual and track events.

## PROHIBITION CONTEST WEDNESDAY EVENING

W. L. Thornton will leave for Waco Wednesday, where he will represent T. C. U. in the State Prohibition Contest. He will be accompanied by William Jones. T. C. U. students feel that the University is ably represented in both the Prohibition and the State Oratorical contests.

## H. F. LUBIN TO GIVE LOVING CUP TO FISH

H. F. Lubin, of Lubin Clothes Shop, is having made a handsome loving cup, and as soon as it is finished, will have it publicly presented to the Freshmen class of T. C. U. The Fish not only defeated the Sophs on the annual field day, but also cleaned up on the Preps last week. This loving cup that is being given to T. C. U. by Mr. Lubin will each year have the name of the winning class and their captain engraved upon it.

## LAWS AND BRUSHES ENJOY RECEPTION

The students in the Law Department and the students of the School of Painting enjoyed an informal reception Friday evening at the home of Dr. and Mrs. E. R. Cockrell.

Talks and old-fashioned games featured the pleasure of the evening, after which delightful refreshments were served. Judge Brown was the "social favorite" of the evening.

**OPERETTA BLUEBIRD SEASON'S BEST OFFERING**

(Continued from page 1).

was the favorite of the evening. In her debut as a prima ballerina, Miss Anna McLendon won rounds of applause with her solo dance, which she executed with admirable grace and lightness of foot. As "little sister," who stayed to the last ditch with her Fatima after womanly curiosity had penetrated the secret closet of Fatima's master, Bluebeard, and brought his wrath on her head, Miss McLendon's acting won the hearts of the audience.

The incomparable trimplets, played by Beatrice Rabe, Ruth McFadin and Grace Baily, were the delight of the audience and the interpretations were well rendered by the young ladies.

One of the surprises of the evening was the Corps de Ballet, composed of Misses Goff, Bailey, McFadin, Rabe and Baily, which rendered a Folk dance, rivaling the Russian Ballet in precision and grace of execution and draw great applause from an appreciative audience.

As the widowed mother with the

usual eye to the match-making of her girls, Miss Bernice Holmes scored a decided success both by her acting and her song.

Discarded by an unhappy fate, each more ghastly than its predecessor, the six "past wives" of the Lord Bluebeard who from the tomb in the private room of Bluebeard gave the manner of their demise to the unhappy ears of the curiosity—betrayed Fatima were enacted by Mrs. Hulsey, Misses Long, Stark, Hefner, Faulk and Davies.

The characters of Bill and Jack, sons of the widow, were played by Mrs. Hulsey and Miss Faulk; and Misses Fletcher and Ward appeared as pages to Bluebeard.

Music for the evening was furnished by the T. C. U. orchestra under the direction of Frederick M. Cahoon.

Hugh Brewster, a student of both the Medical Department and the Academic Department of T. C. U., has been accepted into the Phi Chi Medical Fraternity. Mr. Brewster is a sociable companion and a good student, and will make a valuable member to this organization.

**HERE'S THE PERFECT GIRL.**

The following are the attributes of the perfect girl, as seen through Harvard eyes, some fifty bachelor graduates having, recently, and after considerable discussion, agreed on them for the "girl that's worth while."

She is attractive, graceful and healthy, but not necessarily pretty. She can dress tastefully and entertain anyone and make him feel at ease.

She can make bread as well as fudge and cake as well as a "rarebit."

Her dancing is not necessarily the latest, her tennis is not necessarily up to the standard, but she is appreciative of the dance and of the sports.

She is broadminded, sympathetic, tactful, unselfish, optimistic, thrifty, of good disposition and moderate in all things.

She can stand reverses without worry.

She is gentle to children and kind to older people, especially to her parents.

She has a broad education, but not necessarily a college one.

She is modest and true and home loving.

She has good social standing, is of a religious nature and is not "too proud to pray."—From the Baltimore Sun.

**LOBBY LINGO.**

It is reported that Dr. M. O. Perry, '17, performed a great tonsillar operation but he lost the wire in the child's throat. Later the wire was found securely fastened in the snare.

Dr. Smith Woodward, after giving a dog an anesthetic for some fifteen minutes without result, called for Dr. McKean to assist. McKean's fully developed sense of smell detected the odor of coal oil. This was the anesthetic Dr. Smith Woodward was giving. The medical profession owes a vote of thanks to Dr. Woodward for his discovery and our friend J. D. will confer a medal of merit upon him we are sure, as soon as the matter is brought to his attention.

John M. Keith, graduate of T. C. U. and at present a foreman in King Candy Company, has been sick for a week, but is now rapidly recovering. Mr. Keith will enter the law department of T. C. U. next fall. He received his A. B. degree from this University last year.

**TWO FINE ARTS STUDENTS WILL VISIT GAINESVILLE.**

A voice recital will be given by Miss Una Stark, graduate in voice this year, at her home town of Gainesville. Miss Stark has studied under Mrs. Cahoon for four years. She proved a special favorite in her graduating recital last week, and will probably render the same program at Gainesville. She will be accompanied by Miss Inez Hudgins, who will also appear on the program in piano solo.

A perforated bolt containing a wick to be soaked in oil has been invented for lubricating moving parts of machinery.

New tiling for walls and ceilings has grooved edges that fit together and is attached by metal fasteners that enter the back of each tile, saving the use of cement.

Apparatus that enables one surgeon to perform the operation of blood transfusion without assistance has been invented by a New York doctor.
