## FACULTY MIMIC FRIDAY NIGHT

### Texas Steers Will Invade Frogland Monday

#### EYES OF TEXAS WATCH OUT--COME OF SERIES

Monday afternoon the eyes of Texas University will center upon Frogland when the Longhorns meet T. C. U. in their initial scrap of the 1924 season for a two-game series on the Horned Frog diamond.

Fans over the state will watch this series with a great deal of interest as thus far these two teams have shown more stuff toward winning the top perch in the chase than the other conference contenders. The Steers have defeated the Rice Owls in two one-sided scraps and also took two games from the Aggies, one by an overwhelming score. They played Rice again yesterday and this afternoon but at the time this article was being written the results of the first game were not known.

This series will really test the strength of the two clubs as both will have ample time to get their team in good shape and with a week of rest the twirlers should be able to strut their stuff.

The Longhorns boast of having the best hurler of the conference in Ponsford, a southpaw who is showing a great deal of stuff this season, having made the Rice Owls look terribly sick with the willow and also holding the Aggies to three scratch hits. Ponsford did not do any mound duty with the Texans last season, but in the season of 1922, he won ten-conference games. He has won six games thus far this season, four of which were non-conference games. He will in all probability be Disch's selection to start the game Monday. Clements and Eckhardt are two more twirlers of the Disch team that have caused the opposing batsmen a great deal of misery and have yet to lose their first game this season. One of them will probably pitch the last game. Eckhardt hurled the game in which the Longhorns downed the Aggies 18-1 last week. He treated the Ricemen the same way. King and Burnett are also doing well, but as yet have not had an opportunity to work in a conference game.

The infield of the Steers is said to be one of the best in the conference. Their fielding to date is leading the way for the conference teams.

The initial base is being held down by Carson, second by Kibbie, short by Odum and third by Smalley. All four of these men are hitting above the .300 mark with Kibbie topping the list with a .402 percentage. Odum, captain of the team, is round the .342 mark and is also the leading base thief of the team. Carson and Smalley are hitting at a gait of .312.

The outfield is equally as strong in fielding but better in batting. Eckhardt, when not pitching, plays in the left garden and is batting at a clip of .397. When on the mound, his position is covered by King, who is hitting at about the same rate. Pratt is in center field but is below the .300 class. Pfammluche and King are taking care of the right field, both batting above the .300 mark.

On the catching end of the team, the Longhorns have Leissner and Ramsey, both of whom seem unable to find their batting eye and are below the regular averages.

Clements, one of the leading Longhorn hurlers, is leading the batting averages for the team with .421, and seems to be the willow "find" this year.

With this line-up the Austonians will invade Fort Worth Monday to bump up against the Frogs for the first crucial series of the season.

#### Student Body Elections Are Coming Soon

Elsewhere in the Skiff is a story on the coming student body elections for 1924-25. The provisions as set forth in the constitution are given there, and President Eli Smith will make the proclamation some time this week setting the date for these elections. According to the constitution, only fifteen days remain in which to turn in names for the candidacies of the various offices, so if you have someone in mind for any office, secure proper endorsement and see President Smith.

Be 100% Loyal Back Our Advertisers Watch Our Ads.

#### INITIAL BAYLOR SERIES SPLIT WITH FROGS

The Frogs' 50-50 streak continued to hold sway last week when they failed to cop the first game from the Bears, but came back in the second game and clouted the Bruin hurlers all over the lot for an 8-3 score.

"Hezzie" Carson started the first encounter but lack of control and erratic playing on the part of the infield drove him from the mound in the fourth inning after nine markers had been scored by the Bears. Tricky Ward then went to his rescue and pitched real ball, during the remainder of the game allowing but two runs. The game was slow and there was very little stellar playing on either side—about an even dozen errors being stacked up by both teams. Gore, who was sent to the showers by the Mustangs, and who also has failed to win any games of any kind this season, tossed the game opener for the Bears and, although hit heavily by the Frogs, the hits were so scattered that he was not touched for but eight runs.

In the second fray, Coach Bridges of the Bears sent in Freeze, his star hurler, with the intention of shutting out the Frogs, as he held the slugging Mustangs to three scattered hits a few days before and was the ace of the champs last year. Scott, the Frog ace, was sent to the mound to oppose the star hurler and succeeded in turning back the visitors by an 8-3 count. Scott was wild at times, passing seven men but by holding the Bears to four hits and striking out fifteen of them, he earned a good victory. He is beginning to get back to his real form which will be the leading factor in the championship race. Clark also shared in the honors of the game when he lifted the pellet for three bases with the cushions loaded in the second frame, bringing the Frogs' total to four runs for that inning—enough to win the game.

As usual Captain Lovvorn was deprived of two times at bat by being given his base on balls; Freeze not taking the chance of tossing the ball over the plate for fear that the hard-hitting fellow might lift the ball outa' the park—he merely threw the ball to first four times, thus allowing the batter to get his base. This stunt was pulled in the opening game.

A slight shake-up was made in the team by Nance in the last game; Lovvorn being sent to third from left field in the place of Cantelmi who seems to be unable to connect with the pill as well as field his position in the manner it should be. Taylor was shifted from center to left while Bill Honey made his debut as a center fielder and fielded his position in good shape.

For the Frogs, Tankersley was high point man with the willow, getting four hits out of six trips to the plate. Other than the pitchers, he and Lovvorn were the only players not to make miscues in the two-game series.

#### Owsley On "Where Goes America"?

Colonel Alvin Owsley, past national commander of the American Legion, addressed T. C. U. Friday evening on "Where Goes America?" With a great personality, "the most influential unofficial personage in America" as his introducer, Leonard Withington, called him, completely won those who heard.

After a few pleasantries Owsley began the substance of his talk by decrying the racial segregations of our large American cities.

"There can be no loyalty in America unless the American language is spoken and taught. No child should reach maturity in America who can not speak English.

"I hope that the day has come in America when men and women will be big enough and true enough Americans to put American interests first rather than be bound by party lines and sentiments. I hope that hour has arrived in Texas.

"I am a Democrat now and was raised as one. I am bound by party lines only in so far as I think that party is putting America's interests first rather than selfish party interests. Whenever in the future my party fails to put America's interests first, then I am no longer bound by party lines."

Talked to Panama President. "When the Americans took over Panama Canal the first thing the United States did was to make the swampy lands healthy.

"I was the guest of President Zias at Havana and we were admiring the marvelously health and summery of the harbor of Havana. I saw the waves coming in, bursting eight feet in the air against the long sea wall. Part of the wall had fallen before the waves and I was told that that portion was of Cuban build while the walls that were standing were American.

"There is a performance in sake of humanity for which we Americans are proud.

"I was visiting a hospital of injured sailors in France. We saw the French banners which had been carried in days past, and other relics of past wars. On the floor we came face to face with a statue of

Jean d' Arc, a statue of matchless beauty. The little French lady who was guiding us told us that Jean d' Arc was the most revered of French women but if they could erect another statue it would be of an American "doughboy" because they had saved France from the heel of the Hun."

The speaker further declared that he would like "to see America move to educate the boys and girls to lead future America.

"I visited a community in Oregon where a community center house had been built. A gym was being used by the little boys of the city. The young men of that city were acting as life guards of youths in the swimming pool. I believe it takes this type of American to steer the ship of state steadily. I like to believe patriotic flames are not dead.

"Pershing said when he got to France, 'Laffayette we are here.' But a little Indian boy from Oklahoma when wounded and suffering on the battle field in France and a chaplain had found that life was not quite gone replied when the chaplain asked him: 'My son, what outfit do you belong to?' 'Outfit? Just write me down an American.'"

"We developed an unparalleled record in the past decades. We won for America a high and permanent place. Then came the great war. History had not given America a real place but now American manhood, brave and strong brought the German army to its knees and saved the day for humanity. This was not by chance.

"I would not exchange the glory of this republic for all the empires which have risen and fallen since time began. In our government—where authority comes from the consent of the governed—our part is to see that we hold America in the path that was first paid out for her—a republic for the people, by the people and of the people—that will not perish from the face of the earth. Nothing that we can do will ever tarnish or change what has passed, but the future is before us. We ought to sacrifice everything to make all citizens real and true to America."

#### Clarks Study The Tendencies of Modern Music

Monday night the Clarks gave a very interesting program on "The Tendencies of Modern Music." A short talk was given on modern composers, something of their lives and personalities. A comparison was then drawn with the lines and works of some of the famous composers of the past. This little discussion brought out some very interesting points and proved quite an entertaining study. Miss Pat Moon then very prettily played several selections from the works of some modern composers. The program was concluded by a reading by Miss Evelyn Baker, presented in a most clever and entertaining fashion.

A short business session then followed and plans for the following weeks were outlined.

#### Jarvis Jabber

A good many of the girls in Jarvis Hall were lucky enough to have friends with cars, who called for them Sunday afternoon, but a good majority did not and stayed at home, gazing out of the windows at the lucky ones.

Twin, do you know that we stood on the balcony for a long time Saturday night and watched you and your date sitting on the front steps? Better treat us nice.

#### Jarvis Hall Will Conduct Easter Program

The girls of Jarvis Hall will have full charge of the Easter services in the main chapel Sunday morning. It is probable that they will reinstate the old custom of observing Easter with the processional, but whatever their program may be, it will be of the first class caliber. Other services of the day will be a sunrise prayer to be held at 7 o'clock in front of Main Building, conducted by President Waits, and an Easter program in the evening in Main Chapel by the boys and girls of the Sunday school. The services of the past Sunday were under the supervision of Goode Hall, and the program, though not elaborate, was spiritual.

All of the girls on second floor refused dates Saturday night to stay at home and have a "get-together" meeting. Instead of getting together they scattered over the entire dormitory, playing "kiddish" games. The poor, new freshman was nearly run to death being "it" all of the time. Incidentally refreshments were served in several rooms, and when Kitty Penn returned home from her date, a monument was found, erected in her honor.

Girls having water-waved hair for Sunday were: Kitty Davey, Esther Moon, Nolene Simmons, Louise Scott and Katherine Poffenback. We hope Clark Hall took notice.

#### Frog Netmen Are Determined to Return With Big Tiger's Skin

The Horned Frog netmen will invade Waxahachie Friday where they will complete a dual match with the tennis squad of Trinity which was started by the two teams on the T. C. U. courts the early part of last month.

In the first match the Tigers succeeded in defeating the Frogs without much trouble, but as the latter team has been strengthened by the presence of Tomlinson, the Tigers will meet greater opposition in this meet. The various conference games have helped the Frogs greatly both in defensive and in offensive playing, and with a few more days of practice, they should be able to give the Tigers a drubbing and thereby break even on the two meets.

#### TRACKSTERS WIN FIRST CONFERENCE MEET

Showing excellent early season form in all events, the Horned Frog tracksters went through the meet by a 63-54 score. The Frogs grabbed first place in nearly all of the track events and split even on the field events.

Starting off by taking first in the first seven events, the Frogs looked as though they would cinch the meet in easy fashion as a 44.12 score had been piled up, but the Mustangs came to life in the field events and boosted their count a few notches higher.

The surprise of the day was in the half-mile event when Montgomery raced around the cinder path in easy fashion and then slowed down at the finish in order that Overton, who went around the Pony entries, might take first place and thereby join the ranks of the letter men. Overton also took second in the high jump. Other men to join the ranks of the lettermen on the track squad were Harry Taylor by winning the 220-yard dash, and Light in winning the 220 low hurdles. Taylor took his race in 24 seconds flat.

In the high jump, Parker jumped 6 feet and was rearing to go still higher but as the other entries had fallen out at a little more than five feet there was no use to use unneeded energy at that moment. This is better than the conference record which is 5 feet 11 1/2 inches, and held by Kingland of Rice.

Cantrell discovered he had a terrific arm for the weights by throwing the discus 133 feet 4 inches, beating the conference record of 132 feet 6 inches, and held by Keem of A. & M.

Although the Relay team did not take first, Coach Bell discovered he had a real sprinter in Crump who ran the circuit in less time than any member on either team.

Bell is now busy getting his men ready for the meet with Baylor to be held at Waco next week.

Summary of events:

Track Events.

100 - yard dash: Nicholson (T.) first; Taylor (T.) second; time, 10.2. (All times in tenths of a second.)

220-yard dash: Taylor (T.), first; Nicholson (T.), second, time 24 seconds.

440-yard dash: Vaughn (S.), first; Nicholson (T.), second; time, 53 seconds.

Half-mile run: Overton (T.), first; Montgomery (T.), second; time, 2:8.6.

One-mile run: Montgomery (T.), first; Robinson (S.), second; time, 4:50.0.

Two-mile run: McCarroll (S.), first; Hall (S.), second; time, 10:46.8.

120-yard high hurdles: Ward (T.), first; Morrison (S.), second; time, 17 seconds.

220-yard low hurdles: Light (T.), first; Morrison (S.), second; time, 27.8.

One-mile relay: S. M. U. first, com-

#### ANNUAL FUN FEST BIGGER THAN EVER THIS YEAR

The time-honored and always hilarious Faculty Take-Off will be given Friday evening by the senior class for the benefit of the Horned Frog.

President Roy Mack of the senior class announces that 25 or 30 students will be in the cast which will impersonate every member of the faculty. Mack himself will take one of the leading roles. The best of talent at mimicking faculty mannerisms and peculiarities with due regard to physical likeness, will be picked from all four of the school classes.

To whet the morbid curiosity that will draw a good crowd, Mack says that Mary Belle Hood and Rossie Lipscomb will be Mrs. Radliff and Mrs. Beckman, while Jim Slayter will be the suave and urbane Dean Elliott. Carlos Ashley will make believe that he is Dean Hall.

#### Girls, Would You Like to Go to Washington?

A free trip to Washington, D. C., will be awarded to three young women of America who are winners in a national essay contest sponsored by the Women's Overseas Service League and held for the purpose of calling attention to the Citizens' Military Training Camps. "Why a Young Man Should Attend a Citizens' Military Training Camp," is the subject that has been announced.

Any young woman in the continental limits of the United States who is 13 years of age or over, but who will not have reached her twentieth birthday on May 5, 1924, is eligible to enter the contest.

All essays must be submitted by midnight, May 5, to town, county or city representatives of the Military Training Camps' Association or bear a postmark not later than such day or hour.

The essays will be limited to 300 words in length. Essays will be judged strictly on a basis of originality, expression and sincerity.

Winners of county prizes will compete for state prizes, and three national winners will be chosen from the winning state and District of Columbia essays. These national winners will have all expenses of a trip to Washington paid and will be awarded prizes which will be presented by Mrs. Calvin Coolidge.

Essays will be submitted through local representatives of the Military Training Camps' Association to the C. M. T. C. officer. Any desired information can be obtained by writing to the C. M. T. C. officer, Headquarters 8th Corps Area, Fort Sam Houston, Texas.

posed of Moore, Mahoney, Sessums and Vaughn; time, 3:40.

Field Events.

High jump: Parker (T.), first; Overton (T.), second; height, 6 feet.

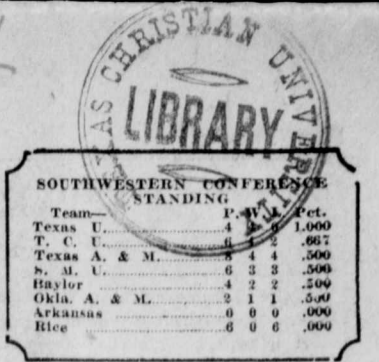

Broad jump: Lindsey (S.), first; Smith (T.), second; distance, 21 feet, 10 inches.

Pole vault: Morrison (S.), first; Stewart (S.), second; height 11 feet.

Javelin throw: Morrison (S.), first; Lindsey (S.), second; distance, 145 feet, 8 1/2 inches.

Discus throw: Cantrell (T.), first; Lindsey (S.), second; distance, 133 feet, 4 inches.

Shot put: Cantrell (T.), first; Lindsey (S.), second; distance, 41 feet, 4 1/2 inches.

## EASTER!

"He is not here, but is risen: remember how he spoke unto you when he was yet in Galilee.

Saying The Son of man must be delivered into the hands of sinful men, and be crucified, and the third day risen again."—Luke 24:6, 7.

Thus spoke the angel who was guarding the empty tomb of Jesus Christ when the women, Mary Magdalene, Mary, Mother of James, and others, came in search of Him on the third day after His crucifixion. It is impossible to even imagine, much less describe, the mingled feelings of fear, superstition, sorrow, and joy which were bound to have passed over those women upon hearing such words fall from the lips of that angel.

Thus, we have the description of the first Easter day. It was not known as such nor was it celebrated as such until hundreds of years after this event occurred, but, nevertheless, it was in reality the first Easter day. What did Easter mean to those people then? It meant that their Lord and friend, whom they thought dead had risen to walk again among His loved ones. It meant that uncertainty as to His whereabouts, His future actions, and His physical looks, literally pervaded the air and filled them all with a restlessness and a feeling of doubt quite beyond their control. The atmosphere was filled with the electricity of excitement. It meant a day of longing, of despair, of doubtful questioning, and of search for their risen but missing Master.

What does it mean to us today? It is a pitiful, but none the less true, fact that to most of us Easter is a day of beautiful, elaborate services, a special sermon, Easter egg hunts, and general hilariness. To be sure on this day joy and gladness should prevail, as this day marks the anniversary of the resurrection of Jesus Christ, but at the same time there should be an unusual feeling of reverence and meditation for so holy a day.

The practice of celebrating the day of our Lord's resurrection is in itself a modern institution, first introduced by the Jewish Christians of the early church, having originated in the observance of the Passover. This custom—the fast, the feast, and the celebration—has been preserved for the modern Protestant churches by the Catholics. Today the custom is kept in the month of April and serves to commemorate the Resurrection of our Lord and Savior, Jesus Christ.

Why is it that all beautiful pictures must have their rough places, or must at times be turned with their faces to the wall? Such is the case in the glorious picture of such matchless selfishness and sacrifice as was made by Jesus when he was hanged upon the cross of shame to bear the horrible sins of all humanity? It was not enough that the "Son of man be delivered into the hands of sinful men, and be crucified" nineteen hundred years ago, but He receives a new wound from the spear of some thoughtless or heartless person every hour of the day. There are so many who stab him, and nail him tighter and tighter to the cross in denying Him before their fellow men by committing sins both consciously and unconsciously.

We even have those who pose as wise, as morally good as scientifically superior, and as doubters and atheists who crucify Him anew by their very existence. A broad, a harsh, a hard statement to make, to be sure, but only too true. What man is so wise, so perfect, so superior as to have the right to brand the religion of Christ as a false doctrine; to deny the divinity of so perfect a teacher as the Matchless Jesus of Nazareth; to refute the idea that the Scriptures are inspired, or to even doubt, and express that doubt, that there is such an existing power as a Universal God?

But after all, we get nowhere in arguing these things. We have these people who spend practically their entire time trying to disprove the truths that Book, which has inspired so many millions of people to higher and nobler living, and they must be tolerated; but oh how false how empty, how shallow their lives must be! Why can we not all be filled with faith enough to believe there is a God, and why can we not all be filled with a vision so great, so all absorbing as to lead us to the nobler task of living for that Christ who died for us, and give Him a chance to RISE AGAIN. What a glorious Easter that would be!

## Easter Candy

What would this happy season be without a generous supply of fresh, tasty candy? We are prepared to satisfy your every need in candies for Easter. Consult with us first.

## DEFINITE PLANS BEING LAID FOR ERECTION OF LIBRARY

Plans for the erection of the new library at Texas Christian University provided for in the deed of trust of Mrs. Mary Couts Burnett, in addition to the \$4,000,000 that Mrs. Burnett has provided for the university, will be placed in the hands of prospective bidders during the coming week. The architects, W. G. Clarkson & Co., Fort Worth, announced Saturday that the new library will cost approximately \$150,000, cover a space of 110 by 80 feet, and will be built in classic design of cream brick trimmings in stone in keeping with the other buildings on the campus.

**Location and Description.**  
The building will be erected on Clark Field, directly in front of the administration building and 200 feet east of Forest Park Boulevard. It will have a capacity of 240,000 books and it will be twice the size of the Brite College of the Bible building. The main floor will contain the largest reading room in Texas, with seating capacity for 300 students being 107 by 40 feet with a 25-foot vaulted ceiling, an 8-foot wainscoting of ornamental San Saba marble, and walls of "Caen Stone." All flooring

throughout the building will be of silent rubber tiling. Special attention has been given to the lighting. High arched windows, twenty feet high on three sides, have been designed to care for this feature of the library.

**Arrangement.**  
The main floor will contain, in addition to the large reading room, an office and rest room for the librarian, two fireproof stack rooms or alcoves, a large distribution counter, and a special room to be used as an art gallery, museum, and as a depository for manuscripts and "first editions." Immediately adjacent to the distributing counter there will be a series of steel shelving with a capacity of 5,000 reference books. The librarian's desk will command a view of the entire reading room.

Entrance into the main reading room will be made through a lobby, 14 by 43 feet, highly ornamented with San Saba marble wainscoting and with a vaulted ceiling.

Two marble stairways will lead from the main lobby to the ground floor. The ground floor will contain a secondary reading room with a seating capacity of 250 students. In addition two rest rooms, one for men and one for women, a large newspaper and periodical room, storage rooms, a cataloguing room, a bindery, and a series of steel lockers will be provided. In the rear of the second ground floor an entrance and storage room will be provided for all shipments and incoming equipment. Electric elevators and "lifts" will convey the books to all parts of the building.

## United States Patent Office Has Big Task

There are 200,000 applications for patents on inventions now pending in the United States Patent Office, according to a statement today of the United States Civil Service Commission. To speed up action, Congress has authorized an appropriation which will permit the addition of 100 to the present examining force of 500.

The Civil Service Commission will hold examinations on May 7 and later dates for positions of assistant examiner in the Patent Office. The entrance salary is \$1,860 a year, and increases are provided up to \$5,000 a year.

Full information concerning the

examination may be obtained from the United States Civil Service Commission, Washington, D. C., or the secretary of the civil service board at the post office or customhouse in any city.

The Commission states that of approximately 80,000 applicants for patents made annually, fully two-thirds of them relate to some phase of the automobile industry.

## Announcing a Special Pre-Easter Exhibition of the Season's Best Styles in Women's Fashionable Apparel

Easter planning can no longer be put aside for some other time. Choosing must be decisive now—if you are to be ready for Easter.

### Dresses for Street, Afternoon and Evening Wear

The color note is artfully interpreted in these beautiful dresses which have just come in, in time for Easter shoppers. Newer types, in wonderful styles of lovely fabrics exquisitely trimmed for miss and matron so that she may look her best on Easter morn. No matter which of the newly successful modes you prefer—it is practically certain to be here—at a price that stands for unusually good value. They range from \$25 to \$195.

### Spring Wraps of Charming Originality

Fashioned of beautiful silks, Satins and light weight woolen Charmeen, in styles that assure personal comfort and smartness. Colors are mostly black, navy, rust and cocoa. Many of them are reversible. They are priced from \$16.75 to \$195.00.

### Suits—in the OrRosen Models

Boysish type suits that are all the vogue right now, in light weight woolen materials in navy and black hair line stripes. Captivating in their simple lines, which reveal fashion's newest style trend for present wear. They come in sizes 16 and 18 and are priced at \$34.75 and \$59.50.

### Touches That Tell Newer Blouse Fashions

Since the Suit verifies its claim of distinction in the Spring mode—here are blouses fresh from the stylists, revealing little refreshing touches of newness to give variety to one's blouse collection. Cleverly styled, of beautiful materials and colors, priced from \$5.98 to \$16.75.

### New Arrivals in Light Furs

Special showing of genuine Russian Sable Chokers, in single skin effects, priced at \$95 to \$150.  
Chokers of Baum Marten, special values at \$59.50.  
New Fox Chokers in shades of blue, platinum, beige, and peach. Priced at \$59.50 to \$175.00.

# Ex-Students' News

ED R. BENTLEY, Editor.

## FORMER STUDES SEND GOOD WISHES

A few expressions from former students who have written in:

"Good wishes for the success of undertaking."—K. G. Stroug, vice-president First National Bank, Italy, Texas.

"I take pleasure in sending my dues to the Ex-Students' Association and think it is a cause every ex-student should not forget. I still remember my term at T. C. U. very much."—J. C. Gowin, Jr., Farmers National Bank, Seymour, Texas.

"Proud to be able to co-operate—so here's my check. Trust I may be able to be there at commencement time. Yours for a greater T. C. U."—Judson H. McHaney, district and county attorney, Gregg County, Longview, Texas.

"I am glad to see you taking such commendable means toward the establishing of an Ex-Students' Association that will really further the cause of our school. I shall be very glad to receive the Skiff; and hope the Founders Day is a great success."—Morgan J. Davis, resident engineer, Triawah Tunnell, Inola, Oklahoma.

"I was delighted when I heard that the move which was started in Fort Worth during Thanksgiving week had progressed so far. I feel sure that the college will reap a great benefit due to the fact that you have taken over this work. You will find attached my check for the amount requested."—D. A. Shirley, registrar, The West Texas State Teachers College, Canyon, Texas.

"Dear Bentley: Glad you are on the job. If I can help any way, call on me. Drop in to see me."—Alden A. Evans, Star-Telegram, Fort Worth, Texas.

"I have just received a letter which says that you are again connected with T. C. U.—this time as representative of the University and director of the Ex-Students' Association. In my opinion they have chosen wisely and picked a good representative and director. Enclosed you will find my check for \$2.50 for 1923-24 dues to the Association. I shall also be happy to receive the Skiff."—Ernestine Robbins, Magnolia Petroleum Company, Dallas, Texas.

"Luck to you, Bentley!"—Roy G. Tomlinson, Star-Telegram, Fort Worth, Texas.

"It was certainly a pleasure to me to hear that you had taken the position which you accepted with the 'ole school.' I have seen the need for such a man, and, as I told Smiser in a recent letter concerning school matters, I felt that they had gotten a man fully capable of taking care of the work. I believe that, and wish you well in your new duties."—Clyde Tomlinson, Smith & Tomlinson Company, Hillsboro, Texas.

"I wish you success in your new work. Much good work can be done for T. C. U. if you can line up the old students. Although far away, I think of T. C. U. often and am always glad to do 'my bit'."—A. C. Williams, Examiner in Charge, Livestock Loan Department, War Finance Corporation, Washington, D. C.

"I wish to congratulate you as secretary of the Association, for I think it is an opportunity for you as well as very fortunate for Texas Christian University to be able to secure your services. You will do a work that no other alumnus could do, because of your experience and wide acquaintance with the public schools of the state. I feel that we are indeed fortunate that you could see your way clear to give up your ambitions in public work to serve your Alma-mater."—Elizabeth Tyler Wilkinson, Box 1006, Del Rio, Texas.

"Enclosed please find check for \$5.00 for our—Loy's and mine—Ex-Students' Association dues. We were both so glad to hear that you had returned to T. C. U. and had taken up this new work."—Lucile D. Ledbetter, 5316 Pershing, St. Louis, Mo.

"I am indebted to Mr. Jones for putting me in touch once more with T. C. U. activities. I highly favor the new Department of Public Relations and gladly contribute the small assessment towards its furtherance."—Mrs. Beatrice Robbins Miller, 417 W. Twobig Avenue, San Antonio, Texas.

Winfield Stirman (1914), prominent citizen and druggist of Athens, was a welcomed visitor in the corridors on Wednesday of this week.

Letters and dues have been received this week from the following: Mrs. J. T. Holmes, Rankin, Texas; Dorothy H. Brown, Big Spring, Texas; Miss Lucile Goss, 521 W. 17th St., Oklahoma City, Okla.; A. H. Sams, Benjamin, Texas; Mr. and Mrs. Loy Ledbetter, 5316 Pershing, St. Louis, Mo.; Mr. and Mrs. M. A. Buhler, Marfa, Texas; Mrs. F. L. Bramlette, 139 Dakota St., San Antonio, Texas; Ed. R. Bentley, T. C. U., Fort Worth, Texas; S. M. Melton, Alpine, Texas.

## Wise and Foolish Sayings of a Soph

Isn't it funny how things are divided in this world? The childless rich man has a twin-six, and the autoleless poor man has six twins!

We believe most anyone who tells us we're right, but it takes an awful lot of argument for anyone but ourselves to convince us that we're wrong.

"If you were busy being kind, Before you knew it you would find You'd soon forget to think 'twas true That someone was unkind to you."

"Have an accident?" "No, thanks, just had one."

"That's a terrible cough you have. What do you do for it?" "Cough."

Silence and time solve many problems.

Cultivate an optimistic outlook, and you will always have an optimistic outlook.

There is little to be gained, or given by brooding over your own unhappiness.

The season for "campusology" and "bugology" has opened.

If you don't have just what you would like, try liking just what you have.

You can't tell by the noise a fellow makes how much money he has but you can generally tell by how quiet he keeps how much he hasn't.

## WRIGLEYS

after every meal  
Cleanses mouth and teeth and aids digestion.  
Relieves that over-eaten feeling and acid mouth.  
Its l-a-s-t-i-n-g flavor satisfies the craving for sweets.

## SHIRLEYS WILL PRESENT OPEN PROGRAM

Tuesday evening, April 15th, at 8 o'clock the Senior members of the Shirley Literary Society will present in an open meeting a most interesting and enjoyable program. This will include a vocal selection by Fielding Bohart; a reading by Jas. E. Slayter, an address by Charles Coombes and several impromptu speeches labeled, "Confessions of a Necker," featuring such men as Dug Eush, Keith Camp, Jim Cantrell, Taylor, W. E. McConnell, Marvin Overton and other lovers of the "Skin you Love to Touch."

This is the fourth of a series of programs under the auspices of the various classes of the college. The first under the sponsorship of the Freshman class featured a boxing bill which was enjoyed by all. The second program, one presented by Sophomore members, aroused enthusiasm by the readings of Merrill Williams and the talk by Herbert Axtell. The Junior week found Homer Adams, Sam Pace and Jew Levy in the role of entertainers.

It has been suggested by some of the more thoughtful members of the society that a program be assigned to the members of the class of '38" to be headed by Goof Edens, Clinton Hackney, Al Nelson and others who expect to receive their degrees in the distant future. This suggestion will be discussed and decided upon at the Tuesday meeting. Come early and bring with you your vote and influence and also your friends.

Since this is to be an open program it presents a wonderful opportunity for "practice room" work in campusology. Come try for yourself. Opportunity knocks but once. Work with the crowd.

## Clark Hall Poutporri

Things have been very quiet on third floor this week-end because Charlie White is in Sunny Italy.

All the "Stags" followed W. E. McConnell into the dining room the night of the formal dinner.

The students of Clark Hall were awakened at a late hour Saturday night when wierd sounds were issuing from Earl Hall's room. Upon investigation there were electric wires found in his bed.

Several of the boys and girls have been seen leaving the campus lately, but from appearances they caught no bugs, and very few brought flowers back.

## Boy Howdy!!

Did you ever see anything like it? We admit it, and with a great deal of appreciation and pride, too. We don't mean "maybe" when we say that T. C. U. men are wearing Victory-Wilson clothes this spring with a still greater unanimity than in the past and you all know just what that means.

No matter where you go—to the classroom, the theater, the dance—or any social affair—you'll find the more smartly groomed men wearing Victory-Wilson Clothes.

We are glad to say that our store is fairly pulsing with the smart American adaptations of the popular English models. Yours is here for you. So "drop up" on your first trip down town and make your selection for Easter.

You Know the price range

# \$20.00 to \$40.00

## GOODE HALL GLIMMERINGS

In an attempt to imitate a chorus girl "Pilot" Redford sprained his ankle.

"Henwallah" McElroy wishes to announce that his car (?) is not for sale.

"Oscar" Smith and Kin Banham motored to Maybank.

Chas. Mohle purchased a new "Flivver" coupe. Here's hoping he isn't as tight as certain students we know.

Slime Pinkey is setting right for another meeting with the "board of education"—snap out of it, son.

"Monte's" father-in-law-to-be has been a visitor during the past week.

Straughn has begun to show signs of intelligence.

Mr. Chambers, father of "Arkansas" Chambers, was a visitor in the hall last week.

Friend Goldston and roommate "fired" at the Central Methodist young people Sunday night. No casualties.

Mary Crawford gave me a box of chocolates and said, "Sweets to Sweets."

Winnie—How nice.  
Mary—Yes, but today he gave me an ivory hair brush.

Mrs. Winn—John, you don't feed me candy like you used to.

Mr. Winn—Well, who ever heard tell of a man feeding a fish after he had caught it?

ing was characterized by remarkable tonal quality and extraordinary technique made possible by Mr. Otto's extremely agile pedal extremities.

The Organ Grinders closed the most successful banquet that has ever been sponsored by the Add-Ran-Clarks. All good things must end, as was well said by the Greasy Spoon chef last September, nevertheless, it was with great reluctance that the moon-calves, et al., departed into the night to seek a more private place to emit their windy sighs and such other plaintive outpourings as are necessary to the enjoyable Neck.

"A good time was had, etc."

## ADD-RAN-CLARK BANQUET WAS HIGHLY SUCCESSFUL

The Add-Ran-Clarks held their annual banquet April 10, in the Federated Women's Clubs. Sparking wit, pleasing jazz harmony, and a kind of food exactly opposite to that served in the Greasy Spoon, combined to make it a highly successful evening that will be remembered long after the scribe is barefooted on top of the head.

Interest never flagged, but mounted with each number on the program, and the high tide of merriment was reached when the doughty Dick Gaines and his Slimey mates broke loose with a series of jazzy numbers that sent covies of quails down the backs of some of our more devout brethren.

Rouss Baxter, president of the Add-Rans and toastmaster, led off with an impressive speech on the Add-Ran-Clarks. He introduced Tyler Wilkinson, president of the Clarks, who spiritedly told of the accomplishments of the Clarks, and closed with a catching interpretation of the spirit of her society.

"One-Round" Parker, in his witty and amusing style, toasted the Clarks. "Chet" Hagler responded in a speech gilded with humor and salted with a piquancy to suit the taste of every Add-Ran present.

Millicent Keeble and Hubert Robinson toasted the new members Sarah Hal Williams and Harris Tolar responded.

Shenna Hill delighted her hearers with a charming novelty "The Clarks of T. C. U."

Carlos Ashley scored with the most renowned poem of the smoke-house variety now extant, "The Hermit of Shark Tooth Shoal."

Josephine Reigle enlivened the evening with two naturally taking numbers, "The House With Nobody in It," and "Bill Says."

Gayle Scott spoke at length on the history of the societies and their intimate relation to the University. His speech was enlightening and well received.

Immediately after Mr. Scott had disentangled himself from his airy persiflage Mr. Baxter called upon the Seniors for such testimony as they saw fit to give. Hattie Rue Hartgrove won the prize with a novel contribution which would have laid the average Baptist "mullah" in the shade.

Otto's Organ Grinders then took the call, and they fairly reeked with harmony. Dr. H. G. Elkins, in a statement to the scribe, said, "Mr. Otto and his Organ Grinders acquitted themselves nobly. Their play-
