FORT WORTH, TEXAS, FRIDAY, APRIL 29, 1938

NUMBER 31

King to Talk On European Experiences

Lecture to Be at 8 O'clock Wednesday Night in Auditorium.

Abroad 17 Years

'Inside' Story of Developments in Foreign Affairs to Be Revealed by A. P. Man.

"An American Reporter in Europe" will be the subject of the talk by Frank King, Texas manager of the Associated Press.

The lecture will be given at 8 o'clock next Wednesday evening in the Auditorium, sponsored by the lectures committee and the department of journalism.

King has served 17 years on the staff of the Associated Press London bureau, and has covered many of the most important European news stories.

In his talk, he will tell how news is handled there, how the American correspondents combat censorship, and will give the "inside" story of many recent developments in Europe.

A graduate of the University of Missouri in the class of 1917, King began work for the Associated Press the following year. He went to Siberia with the American army, as special correspondent for the A.P., and the Japan Advertiser, leading English language newspaper of Tokio. Later, he was stationed for a few months in Russia.

The lecture is open to T.C.U. students and faculty members without charge as one of the regular lecture series. Admission for outsiders will be 50 cents.

Students from the journalism classes of the Fort Worth high schools will attend as guests of the department of journalism.

Sadler to Give Baccalaureate

Dr. M. E. Sadler, pastor of the Central Christian Church at Austin, will deliver the baccalaureate address at 11 o'clock Sunday morning, May 29, at the University Christian Church. President E. M. Waits has announced.

Dr. Sadler is the former dean of Lynchburg Christian College, Lynchburg, Va., and received his Ph.D. degree at Yale University.

The speaker for the commencement exercises at 8 o'clock Monday night, May 30, will be Dr. Edgar DeWitt Jones, pastor of the Woodward Avenue Christian Church, Detroit.

"Business" Students Change Picnic Date

Spring Social Will Be at Swift's Camp on Lake Worth, Tuesday, May 10.

The business administration department's picnic has been changed from May 5 to Tuesday, May 10, Dr. A. L. Boeck reports.

Students in the department and their dates will meet at 2:30 o'clock the afternoon of the picnic at the Arch. Private cars will take them to Swift's Camp, Lake Worth.

There will be a charge of 25 cents per person.

Bob Ward, who is in charge of arrangements, says that finals in the baseball tournament of the department will be the highlight of the day. Captains for the teams are being elected this week.

Gertrude Van Zandt, '31, Attends Chemical Meet

Miss Gertrude Van Zandt, a chemistry major who graduated from T.C.U. in '31, has been visiting on the campus for the past week.

She is now working with the Eastman Kodak Company of Rochester, N. Y., and was in Texas to attend the American Chemical Society meeting in Dallas.

She has a sister, Nell, who is a freshman at T.C.U. this year.

Purple Annual Has "Oodles" of Shots

Credit Goes to Loveless, Official Photographer of 1938 Horned Frog.

Three hundred rolls—2400 shots! These figures tell in a brief but exact manner just what to expect in the 1938 Horned Frog, for they indicate the number of rolls of film and the number of snapshots taken for the annual.

Starting with the Freshman Prom, the staff made pictures of every social event, athletic game and meeting on the campus.

Much credit for this large group of pictures is given to Roy Loveless, official photographer.

"At the beginning of the year, we were determined to have at least one picture of every day student in the University, and we feel sure that every student will find his or her picture somewhere in the book," says Editor Bob Belzner.

Eddie's Band Rates Recall

Wire Netting on Gym Will Keep Out Mosquitos, Gate Crashers.

Tomorrow's hop is not a recording dance, but a record will be made. Eddie Daniels' Dallas orchestra will become the first band not affiliated with the school to rate an encore performance.

Enough students remembered the Homecoming Dance last fall when Daniels played, that their requests led to his appearance here tomorrow night.

Dance Manager Vincent Ziegler has also announced that another innovation in Frog dances will be made. There will be a wire netting across the back doors of the basketball gymnasium.

The netting will serve two purposes—enable the doors to be opened for fresh air in the event of a hot night, and to keep people from slipping in.

The dance will be a regular hop, lasting from 9 p.m. to midnight. So for 65 cents a couple, students can see and dance to a phenomena—an orchestra that Frogs want to hear again.

Macmillen Interview On Radio Tomorrow

Vaughan's Dictators to Be Presented on 30-Minute Period on KTAT Sunday.

Francis Macmillen, noted violinist, will be interviewed by Prof. Claude Sammis on the Intercollegiate Series of radio programs at 9 o'clock tomorrow morning over WBAP. Miss Carolyn Webster and Miss Virginia Clark will both be presented in vocal selections, with Prof. Keith Mixson accompanying. Miss Clark and Miss Webster will also give two duets.

The Dictators, led by Kenneth Vaughan, will be featured in a half hour of music on the regular Sunday afternoon broadcast at 6 o'clock over KTAT. Members of the band are Jack Harrell, Jimmy Petty, Carl Garner, Don Hayes, Atkins Gibbs, Hershel Gibbs, Wayne Dunlap, Woodrow Lipscomb, H. C. Hudson and Dan Hamilton.

"The Cask of Amontillado," by Edgar Allan Poe, dramatized for radio by Kenneth Hay and W. A. Welch, will be given on the 5 o'clock Wednesday afternoon program over KTAT by the Radio Technique Class. Members of the cast will be Miss Jean Lipps, Miss Kathrine Tucker, W. A. Welch, Kenneth Hay and Joe Frederick.

Tomorrow Is Deadline For Writing Entries

Dr. Rebecca Smith has announced that all entries in the writing contests, including the Bryson, freshman and short story contests, must be in the English office not later than tomorrow. Winners will be announced in chapel on Creative Arts Day, May 11.

Senior Week Will Include Picnic, Dance

May 23 to 30 Are Dates Announced for Annual Class Festivities.

Party at Pres. Waits'

Baccalaureate Services and Commencement Exercises Will Climax Program.

A picnic, Class Day activities, a reception and a dinner dance will be highlights of the annual Senior Week program, announced this week following a meeting of class officers and the social committee.

Dates for Senior Week are Monday, May 23, to Monday, May 30, inclusive.

The week's activities will open with the class picnic, Monday afternoon and evening. Details are yet to be completed as to place and program.

Tuesday, May 24, will be a Senior Day. A concert by the Horned Frog Band and the customary Senior Day activities will be held in front of the Library that evening.

A bridge party for senior girls will be held in Jarvis Hall parlors Wednesday afternoon. President E. M. Waits will give a garden party for members of the class of '38 at his home that evening.

Details of the program for Thursday of Senior Week have not been worked out, but the committee is working on plans for an open house and a theater party.

The dinner dance will be held at 11 o'clock Friday evening. Saturday evening the seniors will attend the regular campus dance in the Basketball Gymnasium.

Baccalaureate services will be held at 11 o'clock Sunday morning, May 29, in the University Christian Church. A senior tea is scheduled for that afternoon in Jarvis Hall parlors.

Climaxing the Senior Week activities will be the annual commencement exercises, scheduled for 8 p. m. Monday, May 30, on the campus.

Rufus Whitley New FFF Head

Rufus Whitley was elected president of the Frog Forensic Fraternity for 1938-39 at the regular meeting of the organization Monday night.

Other officers elected were: George Stroud, vice-president, and Doyle Fine, secretary.

Plans were made for the final jamboree of the Fraternity to be held May 9 at Lake Worth. This will be the last get-together with the club for Richard Poll and Byron Buckridge.

Dr. Lord Will Attend Alpha Chi Council Meet

Dr. John Lord, and possibly C. H. Richards, will attend the 17th annual meeting of the council of Alpha Chi, national scholarship committee, meeting in Conley, Ark., May 6 and 7.

Dr. Lord is vice-president of the organization.

Jack Gordon, "Pop" To Join Skiff Staff

Next week's Skiff will be edited by the staff of The Fort Worth Press. Jack Gordon will write the "Snooper" feature. Pop Boone will be in charge of the sports column. Other Press staff members will return to college for a week, to try their technique on campus journalism.

In turn, Wednesday's Press will be edited by The Skiff staff. Paul Ridings will be editor for the day; Bill Haworth, sports editor; Miss Frances Taylor, society editor; Jimmie Matthews, amusements editor. Other journalism students will fill various staff jobs.

The Yellow Peril will strike on the campus at the close of the chapel hour next Wednesday morning. Copies will be distributed at the doors of the Auditorium.

May Day Festivities Are Set for Tuesday

Identities of Senior Queen, 6 Attendants Not Disclosed Until Ceremony.

The time has come for Maypole dances, May flowers and May queens.

The May Day festival, given yearly by the girls in the dormitories, will take place Tuesday in the Rose Garden.

The May queen, whose identity will not be disclosed until Tuesday morning, and her six attendants, will be chosen by vote of all girl dormitory students. They will be elected from the senior dormitory girls.

"Puck," "Robin Hood," "Maid Miriam" and other fairy tale sprites will dance attendance on her majesty.

Mrs. Georgia Harris will serve breakfast after the ceremony. The freshman girls will have charge of arrangements and decorations.

The festival will be over in time for 8 o'clock classes, Miss Elizabeth Shelburne has announced.

Two Singers Are Held Up

Would-Be Robbers Attempt to Hijack Glee Clubbers on Trip.

By JAKE SMITH

BEAUMONT, April 28—Barry Hill and Charles Musgrove will have a fearsome tale to tell their friends when they return to the Frog campus tomorrow.

George Garrett and the bus driver, Bob Blands, saved them from two would-be hijackers. The would-be robbers threatened them in the shadows of the courthouse at Center, as they were returning from a reception after the concert.

To start the trip off right, John Hayes hit his head on the hatrack and cut a gash. Then, as a follow-up, Eltinge Porterfield decided that home was the best place after all, and so he returned to Fort Worth on the train from Palestine.

The Glee Club has given nine regularly scheduled concerts so far, and three extemporaneous concerts.

"We have been cordially received at every stop and have had an invitation to come back next year," says Prof. W. J. Marsh.

The two girls who are accompanying the club are doing as well as could be expected with 30 boys. Monday night, the "Sweethearts" were presented with two huge baskets of the famous East Texas roses.

Ampersand Pledges 14 New Members

Initiation Services to Be Held in Jarvis Sunday—Miss Shelburne to Honor Girls.

Initiation services for Ampersand pledges will be held at 7:45 o'clock Sunday morning in Jarvis parlors. A breakfast for the new members given by Miss Elizabeth Shelburne, will follow the services.

Fourteen girls were pledged to the society Monday. They are: Misses Virginia Barkley, Marjorie Beetham, Ruth Clark, Marth Cecil Graves, Dorothy Jordan, Mary Porter, Frances Porterfield, Clara Shelton, Janis Stephens, Wynette Story, Frances Taylor, Hazel Thompson, Jessie Van Horn and Frances Wand.

Guests at the breakfast Sunday will be Misses Rosalie Leslie, Richards, Texas; Lide Spragins, original sponsor of Ampersand; Eula Lee Carter and Rebecca Smith and Mrs. Sadie Beckham.

A formal tea will honor Miss Leslie, women members of the faculty, new members of Ampersand and Fort Worth alumnae, from 4 to 5 p. m. Sunday at Jarvis Hall.

Miss Leslie, who is spending the week-end on the campus, will inspect the organization with a view to future affiliation with Mortar Board, national honor society for senior girls.

She will be in Jarvis Hall at 1:30 p. m. tomorrow to meet pledges and members of Ampersand.

Class Voters Have Choice In 5 Offices

8 Places Lack Opposition, 4 Posts Are Minus Candidates.

Vote on Wednesday

Crews, Wilkinson, Brooke, Stuckert, Haley, Whitley, Taylor, Buckingham Unopposed.

By PAUL RIDINGS

Campus politics continue to be a "ho hum" affair, even after the petition deadline for class elections has closed. Scheduled to be elected next Wednesday are five officers for each class and the editor and business manager of the 1938 Horned Frog.

Only five of these 17 posts will offer any choice to the voters. Eight candidates will go into office without opposition, and four posts have no office seekers.

The four posts which have no candidates will be filled with floor nominations at a class meeting, following the general election Wednesday. The new presidents of each class will call these meetings. This policy was decided upon by the Student Council election committee as the best suited for the need.

Progressive Party Enters Two Offices without candidates are vice-president of the junior class (of next year), business manager of the sophomore and junior class, and secretary-treasurer of the junior class.

The eight officers who will be named automatically, as they lack opposition, are Sophomore Council Member Ed Brooke, Sophomore Secretary-Treasurer Florrie Buckingham, Horned Frog Editor Frances Taylor, Horned Frog Business Manager Lamar Stuckert.

THE BALLOT	
Seniors	
President: Dick Crews.	
Vice-President: Gene Haley.	
Secretary: Ann Whitley.	
Business Manager: Ward Wilkinson.	
Council: Landon Colquitt or Paul Snow.	
Horned Frog Editor: Frances Taylor.	
Horned Frog Business Manager: Lamar Stuckert.	
Juniors	
President: Tom Barber, John Estill.	
Vice-President:	
Secretary:	
Business Managers:	
Council: Ada Helen Read, Clarice Rumph, Harry Stiefel, Evelyn Watkins.	
Sophomores	
President: Ed Moroney, Malcolm Stevenson.	
Vice-President: Lefty Alexander, Edgat Shultz, George Stroud.	
Secretary: Florrie Buckingham.	
Business Manager:	
Council: Ed Brooke.	

ager Lamar Stuckert and all the senior offices—Dick Crews, president; Gene Haley, vice-president; Miss Ann Whitley, secretary; and Ward Wilkinson, business manager.

Olin Jones petitioned for the office of Horned Frog editor, but candidates for this position, as well as the year-book manager job, must be approved by the publications' committee. At a special meeting yesterday morning, Jones' candidacy was approved.

The Progressive Party entered two candidates in this election, concerning themselves only with the Council posts. They entered Paul Snow for senior representative, Clarice Rumph for junior, and decided to support Brooke as the sophomore choice.

The senior council race between Snow and Landon Colquitt is the only office to be elected by next year's seniors with any competition.

Two Are Junior Prexy Competitors
The juniors have competition in both races in which they have candidates, but they will be unable to elect a vice-president, secretary-treasurer and business manager until the special class election.

John Estill and Tom Barber are running for junior president, and Rumph, Miss Evelyn Watkins, Miss Ada Helen Read and Harry Stiefel are candidates for the junior council post.

Malcolm Stevenson and Ed Moroney are candidates for sophomore president, Edgar Shultz, Lefty Alexander and George Stroud are up for vice-president.

The election will be held in the same manner as the recent student body election, with the exception that three ballots will be made. Each student will be given a ballot corresponding to the class of which he is a member.

The Council "Pro"

Follow-through, of value to almost every athlete, is necessary in student government also. And to Dick Poll, student body president, should go an orchid for recognizing its value.

His work will make possible a more efficient student government next year. Poll is having the chairman of every Student Council committee prepare a report of the committee's activities this year.

This assignment extends to the most insignificant committee, and is to take in not only activities, but any thoughts, conclusions or ideas that they have formed in carrying on the work. These reports are being written, even if the work must hang over until next year.

The documents will prove a valuable supplement to the minutes and official records of the Council this year. Together, they will form a firm foundation on which to build the 1938-39 work.

The idea of follow-through should be applied to all work of the Council. A lack of its application has led to a failure to complete this year: the cafeteria investigation, new bulletin boards, moving of the trophy case, a scholarship for the student body president, etc.

But perhaps this year's Council may be excused for a lack of follow-through in its activities. It had little precedent, for not only were no such committee reports handed down, but there were not even minutes or official records from last year.

Experience should be the Council's "pro," and teach to the new group the important place that follow-through plays in its game.

Sleepy Collegians

Sleep—is or is not this a forgotten art on the college campus? Most students and professors will tell you that it is a forgotten one, that college students do not get nearly enough sleep.

But the results of a study by the University of Wichita, under the direction of Dean L. Hekus, indicate that one course in the everyday curriculum which college students do not neglect is sleep. They found that the average student sleeps 56 hours a week.

This is an average of eight hours a night, or, in other words, it is the amount that popular thought feels is enough sleep. But what of Edison and his four hours sleep, and the other tales of brief rest?

Prof. Tom Prouse, head of T. C. U.'s physical education department, says that it is impossible to determine how much sleep an individual needs.

Prouse adds this tip: Studies have shown that the most valuable rest comes in the first two hours.

Two other interesting conclusions come from the study at Wichita. The person who works the most is also the person who studies the most. And in relation to sleep, he who dozes the least, studies the most.

Another Obstacle

Graduation—that much sought-after item in college—has had another obstacle placed before it at Dickinson College. Participation in extracurricular activities has been made a requirement for graduation.

The idea sounds like a good one, for any active senior will probably tell you that he has gotten the best out of his college training from this extracurricular work.

As President Fred Pierce Corson of Dickinson says, "The plan is based on the belief that extracurricular activities should be a part of the student's development and should not take any time which belongs to other phases of student's development."

The student societies committee of T. C. U. has attempted to cope with the latter situation that Corson mentions through its activity limitation rule, discussed in last week's Skiff.

But little has been done to induce the student to activity. All has been done to restrict rather than to invite.

The Dickinson plan requires that a student make so many activity points per year during his sophomore, junior and senior years. Freshmen, in the interests of orientation, are barred from extracurricular activities.

A student's activities are regulated by his grade average. The "A" student is allowed unlimited activity, and the scale is graded on down, with greatest limitations on the "D" student.

The point systems of the two schools are too varied for comparison, but the Dickinson idea is a commendable system. Such requirements could easily be set up in the Frog point system.

Smile or Frown

Today complete plans for Senior Week are announced, and the prospective graduates may smile with anticipated pleasure.

But the grin can only be momentary for there will come to mind the last minute rush to complete school work, combined with the flurry of an extended social program.

An early consideration of these problems, with adequate planning of how to meet them, will lead to an increased enjoyment of the final spree in college.

And from Associated Collegiate Press comes another bulletin that will aid in removing the smile. Preliminary statistics indicate that the 1938 grad's job prospects are from 10 to 50 per cent poorer than in previous years.

Adequate planning will be necessary to meet this situation too, as grade-worrying changes for job-worrying with a diploma.

MOVIE PROGRAMS

By CLARICE RUMPH
Starting tomorrow at the Worth is none other than the show that everyone saw or should have seen this past summer at the Pan-American Casino, featuring Art Jarrett, the popular singing star of radio, stage and screen fame.

He is bringing with him the 24 Texas Comets, you know the line

The following persons, upon presentation of some form of identification at the Parkway boxoffice may see the feature attraction. This offer good for one week only:
Paul Dinkins
H. E. Mundebranke
C. R. Sherer
Mrs. C. E. Sherer
Lorraine Shirley
W. B. Clubb
Mabel Major
H. J. Jones
E. J. Hammond
Georgia Fritz

line that has got perfect synchronism and rhythm. Headlined along with Jarrett and the Comets is Gil Lamb, Frank Conville and Sunny Dale and Louis and the Oliver Sisters.

On the screen Carole Lombard and Fernand Gravet play the lead in the scandalous production "Fools For Scandal."

The Majestic this week-end is showing the MGM production "Everybody Sing" featuring Judy Garland, Allan Jones, Fanny Brice, Billie Burke, and others. Also on the same program is the No. 2 edition of Floyd Gibbons' adventure shorts titled, "Playing With Danger."

The Parkway goes highclass as they show Spencer Tracy and Joan Crawford in "Mannequin." This is showing Sunday and Monday. While if you don't like that the Tivoli will give you the "Thrill of a Lifetime" starring Betty Grable, Dorothy Lamour, Johnny Downs and Eleanor Whitney.

PERSONALS

Henry Swain visited relatives in Henderson last week-end.

Miss Kathryn Clinger spent last week-end with relatives in Austin.

Miss Jeanne Marr visited in Denton last week-end.

Bobby Bass visited at his home in McKinney last week-end.

Miss Sue Davis spent last week-end at her home in Cleburne.

Misses May Helen Ede and Virginia Ede visited relatives in Weatherford last week-end.

Miss Frances Ballinger visited Miss Kathryn Clinger on the campus last week.

Miss Marjori Gibson spent the last week-end in Houston.

Miss Helen Connor visited Miss Ann Goodner in McKinney last week-end.

Movies to Be Presented Thursday by Jack Lamb

Three hours of technicolor films, stills and standard movie shots will be presented at 7:30 p. m. next Thursday in the Auditorium by Jack Lamb, one of America's leading anglers and leading amateur photographers.

Lamb has visited most of the country's outstanding fishing spots and has a collection of more than 18,000 feet of film made from different points of interest. He recently returned from a trip through Louisiana, Florida, Virginia, New York and Canada.

The program is sponsored by the photography class of the physics department. Lamb was secured by Arthur Steele, sophomore member of the class, as his term project.

Macmillen Will Conduct Lectures, Plus Classes

Francis Macmillen, famed concert violinist, will conduct a series of lectures during his five-week stay here, in addition to his master classes, according to Prof. Claude Sammis. The dates of the lectures will be announced later.

Macmillen was the honored guest of President E. M. Waits and Prof. Sammis at the Civic Music banquet Monday night at the Texas Hotel. Macmillen was introduced by President Waits.

Institute to Sponsor Lectures by Oil Men

Students are invited to attend two added lectures to be given at the Blackstone Hotel at 8:15 o'clock tonight, sponsored by the Institute of Public Affairs.

Judges W. E. McMahon and Frank Feuille, connected with the Standard Oil Company interests in Mexico, will be the speakers.

Tickets may be obtained free at the history office.

Old Motors on Display in Physics Laboratory

Five generator-motors, all dating back to the '80s, are on display in the physics laboratory this week and next.

The antique pieces of electrical equipment are all in perfect working order, having been reconditioned by students in the department.

The oldest generator is a Slattery-Wheeler model, dated 1880; with a single field coil.

There is an Edison generator, dated 1882, a Brush motor, built to run on arc-light current and a Manchester type of 1886.

Library Obtains Books Worth \$325 for \$17.20

Recently the Harvard University Press presented a list of books with the proposal that the Library staff could check the one, they wanted if they would pay packing and transportation cost.

The offer was accepted and a few days ago, 170 books were received, valued at \$325, which cost the Library only \$17.20.

Scandal Sheet Strikes Soon, So Snoopin' Slow

By SKIFF SNOOPER
SNOOPIN' this week has been very, very tough again. The whole staff is busy preparing the Yellow Peril, which strikes next Wednesday, and all the good society flashes have been given over to them. Then, too, Fort Worth is still sorta the same dull town.

Of course, there was the hop at the Casino last Saturday night and most everybody turned out. Different couples spotted there were Paul Snow and Mary Helen Lancaster, Kile Miser and Eunice Jones (that Saturday night affair), Joe Clarkson and Mary Eleanor Clements (and this must be getting serious, cause they're together lots lately), Henry Swain and Patsy Foster, and lots more.

Then, tangled up with a group of Cleburne boys (one of whom was well scared by a Purple supporter) were Mary Lois Springer, Sue Davis, Betty Lu Boyd and Eddy Ray Lees.

It was at the lake, too, that this week's feudin' between Virginia Lawrence and Rex McFall started. And the feud has raged extensively this week.

Prospectus for a better week of activity are somewhat enhanced this week with a dance of our own tomorrow night. Daniel's band is the best here this year (despite Phil Baxter) and with nothing to compete with the Hop, you should all be spotted there.

This last week has been a good one for engagements. Among those now on the register are Roberta Lee Hansen and Ned James, and Clemence Clark and John Stanley.

THE week also backfired, as Clarice Rumph got his ring back from the aforementioned Lees. But judging from the activity on the campus, Clarice came out the best, as he is doing well as a free-lancer.

Not engaged as yet, but at least rating the place of the very newest steadies are Jay Smith and Betty Seaton. After four years, the cage captain has at last found one, and this makes Seaton's second this year.

The most worried trio on the campus is Jack Harrell, Herschel Gibbs and H. C. Hudson. These three musicians were jammin' at the Jim (the Savoy of Cowtown) Saturday night, when—flash—a picture was taken. The boys are worried about the photo with the "black" and "white" elements—and Bob Belzner is reported to be including it in the Horned Frog.

FOR sumpin' or other, a prize should go to the quartet of Mary Jane Groom, Olin Jones, Martha Jane Majors and Paul Ridings. The boys have figured out a way to relieve their financial burden. Janie buys the drink one day, then Martha, then Paul, and finally Olin. Whatever Janie spends, each must follow suit. They have made a solemn pact to carry this out to the end of school.

It seems that the big, bad, beb Brummel of Fort Worth, ex-Rab Grady, is still hunting victims on the campus. His latest efforts were with Mary Jo Lawrence.

AND sumpdy better prepare some remedy for the fainters, as they walk in the Library, for it is really doing a capacity business now. All the couples were over Wednesday night, even Helen Hale and Jim Nicol.

There was also these pairs that may baffle—Helen Connor and Bobby Bass; on the other side, Woodrow Duckworth and Patsy Foster—what's this world coming to?

Free malts this week to our "hairy" males—Harry Newman Harris, Harry Stiefel, Harry Roberts and Jack Tittle.

University to Honor Dorm Girls' Mothers

Mothers of the dormitory girls will be guests of the University Sunday, May 8, in honor of Mothers' Day.

They will attend the pageant as honored guests Saturday night at the Stadium.

Brite Chapel Observes National Music Week

A musical program was presented in Brite Chapel this morning, in observance of National Music Week.

B. S. U. Council to Hold Installation Services

The B.S.U. council will conduct installation services for seven students at 7:45 p.m. Sunday at the University Baptist Church. Those who will be installed are: Misses Katherine Johnson, Elizabeth Thornton, Jean Lippis, Floyd Herring and Madeline McCarty, and Jack Perryman and Gail Smith.

Dallas Artist Exhibits Mexican Woodcuts Here

A group of 16 woodcuts by Miss Jessiejo Eckford of Dallas are now on display in the art studio.

Miss Eckford made most of the woodcuts on a recent trip to Mexico, and the majority of the group has Mexican subjects. Four of the series are in color, and the others are in black and white.

The exhibit will continue through next week and visitors are invited to see the display in the studio in the afternoons, Prof. S. P. Ziegler has announced.

Personality of the Week

Dr. Willis Hewatt

You know Dr. Hewatt can explain the difference between a microbe and a parasite so clearly that even a freshman catches on, but did you know that he can make his genius at handball equally clear to an opponent?

Dr. Hewatt is one of the best handball players in Fort Worth; in fact, ranks among the best three. He plays in tournaments both here and in Dallas.

An enthusiastic fisherman, he spends part of each summer baiting hooks and getting a sunburn. Last summer it was Idaho, and the summer before, he laid the scene of his fish stories in New Mexico.

You couldn't mention Dr. Hewatt without at least a word about Beth and Joan. Beth is the "monkey" and Joan the redhead, and they meet the professor on the corner after work every day, yelling the day's news at him from the time they see him leave the biology lab.

Dr. Hewatt received his doctor's degree from Stanford University. He was awarded his Master's and Bachelor's degrees at T. C. U.

He received his Doctor's degree for working with marine animals—"delving into the private lives of 'bugs' on the seashore," he explains more lucidly.

Several of his manuscripts on ecological studies have been published in various scientific magazines.

Dr. Hewatt has been teaching here five years. He adds, "Dr. Allen True and I have been in school together since we were in the first grade."

They went through high school together, entered T. C. U. and went to sunny California. You know the rest of the story. Or did you flunk history?

T. C. U. Students, Professors Give Optimists' Program

A group of T.C.U. students and professors will take over the program of the Fort Worth Optimist Club at a luncheon today at the Worth Hotel.

Dr. A. L. Porterfield will act as chairman of the day and will present Prof. F. Woodall Hogan as speaker. A brass quintet composed of Wayne Dunlap, Kenneth Vaughn, Woodrow Lipscomb, Ellis Henderson and H. C. Hudson will play.

Prof. Hogan will speak on "How We Make Our Gasoline Today."

Parabola Officers to Be Chosen Next Thursday

Officers will be elected and plans discussed for a math jamboree around May 11 at the meeting of Parabola Club next Thursday.

Dr. H. J. Ettinger of the University of Texas was elected president of the Texas division of the Mathematical Association of America at the recent meeting here. The organization will meet next year at Abilene.

New 1938-39 Catalogs Released This Week

The University catalog for 1938-39 was released this week by Registrar S. W. Hutton's office.

The first meeting of the classes next fall is scheduled for Sept. 19, with the freshman organization program taking place Sept. 16-18. The new catalog, which includes the University register for 1937-38, has been increased 20 pages over last year's.

Gresham's Subject to Be "The Way, Truth, Life"

The sermon Sunday morning at the University Church will be "The Way, The Truth, and The Life." The anthem will be "Lift Up Your Heads."

At Evensong, the subject will be "He Restored My Soul."

Wasserman Tests

For the past few months, The Daily Texan has centered its attention on arousing student interest in the Wasserman tests, now available on the University campus.

The tests are being heavily backed by the clubs and campus leaders. Recently the total reached the 300 mark. Following telegraphed inquiries to five of the nation's largest universities where voluntary Wassermans have been installed recently, answers to The Daily Texan revealed that in all cases the plan is progressing successfully and student response is enthusiastic.

The University of Illinois, University of Minnesota, University of New Mexico, University of Oklahoma and the University of Kansas have endorsed the plan.

By MEGE McCLINTON

The natives at C.I.A. are hide-the girls and believe in a song session. Each year the dormitories compete in a "sing-song" contest.

The winners are presented with a gold loving cup. The cup was won this year by the juniors of Breckenridge Hall.

Taylor's Invite

Another bit from the C.I.A. campus: We couldn't help but notice that the girls wrote to Robert Taylor—no less—and asked him to be a guest at their annual Senior Formal held recently.

Even though the bill-a-do was written on perfumed stationery, with matching ink and seal, along with an imposing array of stamps, that gentleman refused the invite.

The girls claim that friend Robert answered their appeal with elaboracy, but we have never gotten any reports from eye-witnesses to the royal reply.

Mother, Brother, Sister Of Miss McCoy Killed

Miss Evelyn McCoy was called to her home in Fort Arthur Tuesday night because of the death of her mother, brother and sister.

They, with her father, R. L. McCoy, were driving across a drawbridge which had been opened. Not seeing a warning signal, they plunged into the water below. Mrs. McCoy, Doris, 9, and Mike, 3, were drowned. Mr. McCoy was seriously injured.

RIDINGS RITINGS

By SCOOP

HORNED Frog baseballers hold the conference leadership in at least one department. Paul Tankersley, who is credited with two of the Frogs' three victories, is tied with John Garnett of Texas as the leading hurler. Neither has a loss on his record. However, Garnett has four victories.

The complete record on Tankersley shows that he has worked in four games, completing two and has pitched 18 1-3 innings. He has struck out 11, has given up but three runs, allowed 13 hits, walked but two and hit only one man. Such a record definitely brands Tank as an outstanding pitcher.

Durwood Horner, the Frog hurler, who is credited with the other victory is a notable feat in itself. If you will recall, Horner let the Rice Owls down with one scratch hit in last Friday's first game.

Horner, too, has worked four games also, completed three and pitched 31 1-3 innings. The Poly boy has been nicked for 36 hits and 38 runs, has walked 24 men and hit two and struck out 10 batters. Horner had the unfortunate task of facing the Steers when they netted 21 runs. He has won one and lost three.

In the hitting department, the Purple is not doing so well, but here, surprisingly enough, Horner comes to the front again. He is the fifth ranking hitter in the conference, and the leading Frog batsman. He is batting .385, with five hits in 13 trips to the plate. The only extra-base blow to his credit is a homer.

For men who are in every game (that is batters who have been to the plate more than 25 times), Williams of A. & M. is leading, with an average of .378; Churchhill of S. M. U. is next at .375; then Texas's Hill, .370; and guess who ranks next—SLUGGER DON LOONEY of the Frogs, who is hitting at a .344 clip.

The Frog clean-up man has 11 hits in 32 trips to the plate. He has also scored four runs. Only extra-base blows, Looney—the lover turned slugger—has to his credit are two triples. Other facts on his record at the plate are two sacrifice hits and three runs batted in.

As a team, you all know that the Frogs rank fifth in the regular standings, but their .224 batting average and their .917 fielding average place them fifth in these departments too. The conference standings with these averages thrown in are:

Team	W.	L.	Pct.	BA	FA
Texas	6	0	1.000	.314	.950
A & M	7	3	.700	.283	.924
S. M. U.	5	5	.500	.249	.894
Baylor	3	3	.500	.233	.925
T. C. U.	3	6	.333	.224	.917
Rice	1	8	.111	.146	.893

The team as a whole has been to bat 281 times and has hit safely in 63 of these trips. They have scored 31 runs. As fielders, the Frogs have put 217 men out, made 94 assists and committed 28 errors. Two clubs have made more errors than the Frogs—the Aggies have 29 miscues on their record and Rice, 37.

Polliwog 9 Defeats Varsity Team, 2 to 0

Game Originally Scheduled for Hillsboro May Be Played Here Tuesday.

Another scalp was added to the belt of the Polliwog nine as they turned back the varsity team by a score of 2 to 0 on the T.C.U. diamond Monday. Air-tight fielding and errorless ball was the feature of the Frosh attack. Roach reports that the game originally scheduled with Hillsboro to be played there will, in all probability, be changed to the local field on Tuesday.

Heavy stick work by M. B. Short and Paul Sorrells has been a feature of the games played to date.

Frogs Leave For A. & M., 4-Way Meet

Purple, Baylor, S.M.U. Trackmen to Try to Down Favored Aggies.

2 Unable to Go Out

Harrell, Nicol Out for Season—Coach Puss Clark Counting on Erwin, Cook, Hall for Tallies.

In their last big meet before the conference final, the Frogs will engage in a quadrangular meet tomorrow afternoon at College Station against A. & M., Baylor and S.M.U. Coach Puss Clark and about 18 boys leave in the morning for Aggie land by bus.

Although A. & M. will be favored to win the meet because of their finishing ahead of the Frogs at the Stock Show meet here early this spring, the Purple runners must be figured as strong contenders.

Since March, the Clarkmen have come along fast. New material has been developed, and some of the veterans have been shifted to different events in order to effect a more balanced squad.

Harrell, Nicol Out
All of the Frogs are in good physical shape except Bob Harrell and Jim Nicol, who have not and who will probably be unable to compete any this year. Harrell is through with athletic competition as this is his last year, but Nicol will have two more years of eligibility.

As usual, the Frogs will be expected to hold a big advantage in the weights. Puss Erwin, Bob Cook and Johnny Hall are being counted on by Coach Clark to stack up the tallies in the shot, discus and spear tossing events.

Clifford vs. Todd
Capt. Pat Clifford will run the hurdles against his Baylor rival, "Cotton" Kimbriel, and also Dick Todd, the great Aggie halfback, who is a little better than average timber-topper.

Brad Snodgrass in the sprints, Gail Smith in the middle-distances, Bill Chappell and Perry Gandy in the distances, and Lee Duvivant in the pole vault will probably be the Frogs' biggest point-gatherers.

Next week the Frogs will journey to Commerce for a dual meet with the East Texas State Teachers.

Mrs. Murphy Giving 24th Annual Pageant

"Sleeping Beauty" to Be 12th Spring Show Produced on T. C. U. Campus.

Mrs. Helen Murphy will complete 24 years of producing spring pageants, 12 of which have been at T. C. U., when she presents "Sleeping Beauty," May 7.

Her first pageant was given at a country school, 25 miles from Menard, in 1914. The audience came in wagons and a few cars to spend the whole day, she recalls.

The largest pageant she ever directed had 3000 public school children participating. The most difficult and satisfying was Charles Wakefield Cadman's "Sunset Trail," presented in the stadium in 1931.

"My greatest ambition is to give one where I can have all the money needed for scenery and costumes," she says.

The pageants presented at T. C. U. and their themes, in the order in which they have been given from 1927 to 1938, are: "Ode to Spring," development of physical education; "Indian Spring," Indian costumes; "Greek Festival, Greek myths; "Chimes of Normandy," folk dancing of Normandy.

"Sunset Trail," cantata; "Life of George Washington," historical; "Spanish Fiesta," "Ruth and Naomi," religious story; "Hungarian Festival," peasant customs; "History of Tarrant County;" "Birth of Music," music and dancing.

Frog Netters, Golfers Rained Out of Matches

The Frog racket wielders were rained out of their Wednesday afternoon tennis matches with S. M. U., but the contest will be held either today or tomorrow.

The matches are scheduled to be played in Dallas on the Mustang courts.

The golf foursome also suffered a similar fate, as rain kept them from playing the T. W. C. team last Wednesday.

However, the team played the matches Thursday afternoon.

Who's Purple 9 Head? Surprise! 'Ain't None'

Many Frog baseball fans have probably wondered who the captain of the 1938 nine is, but the truth of the matter is that there "ain't no such animal."

Coach Howard Grubbs says that because there are so many sophomores on the team this year (six regulars) he has decided to wait until the end of the season before electing a captain, and then the election will be for next year's leader.

Stage Is Set For Pageant

Dr. Newton Gaines Will Be Narrator of 'Sleeping Beauty' on May 7.

Final rehearsals are being held and last minute preparations are being completed as the time for the annual pageant, to be held May 7, draws nearer.

Because he has seen the previous 11 productions directed by Mrs. Helen Murphy, Dr. Newton Gaines has been selected to be the narrator this year. He will tell the story of the "Sleeping Beauty."

The review will have three scenes and an introduction. Nineteen of the 20 principals will appear in the first scene. The princess makes her appearance as a baby, as a girl of 15 when she pricks her finger, and again after her 100-year sleep. Miss Emilie Mae Bass was elected by the student body to take this part.

Elwyn Espy, who won second place, will be the queen. Camille Fuller will be the king. Jack Murphy is the prince who awakens the princess from her long sleep with a kiss.

Misses Christine Smith, Susan Earhart, Florie Buckingham, Virginia Lawrence and Mary Porter will be ladies-in-waiting. Little Miss Marion Hammond, daughter of Dr. W. J. Hammond, will be the frog.

The villain of the show is Miss Frances Withers who, as the old witch, pronounces a curse on the tiny princess because she was not expected at the banquet in celebration of her birth and was therefore served on a silver, rather than a golden, plate. Coming to the rescue is Miss Martha Cecil Graves, the "Good Fairy," who tells the mourning court that a prince will awaken the princess in 100 years and then puts them to sleep for that length of time.

Other fairies are Marcella Buz, "Beauty and Grace," and Ruth Mulkey, "Music"; Gwendolyn Mann, "Song"; Burns Crotty, "Wit and Humor"; and Lenora Salmon, "Dance." Miss Frances Buster will be the kings messenger, "Boots of Seven Leagues."

Music for the show will be furnished by the concert band under the direction of Don Gillis. Mrs. Murphy wrote the pageant from a version she saw produced in New York several years ago.

Puss Cops Third In Kansas Meet

Puss Erwin returned from the Kansas Relays Sunday with a third place in the shot put event at that meet.

Puss, ranked as the best putter of the iron ball in the Southwest and undefeated this year until the Kansas meet, was beaten out of second place by several inches and was about two feet behind the winning toss. He tossed it 47 feet 1 inch.

He will get his stiffest competition from now on at the Conference meet two weeks hence, but is favored to win without much effort.

Miss Fenton Clark Is Sports Club Head

Helen Ruth Braselton, Jessie Van Horn Also Elected at Annual Encampment.

Miss Fenton Clark will be the first president of the Women's Sports Association, to be formed next year.

Other officers will be Miss Helen Ruth Braselton, vice-president, and Miss Jessie Van Horn, secretary-treasurer. They were elected at the annual camp of the W.A.A. at Lake Worth last week-end.

Track Team 1st in Meet

Pile up 83 1/2 Points in Triangular Affair Over SMU, Baylor.

For the second time this year, the Horned Frog track team won first place in a meet with Conference rivals when they completely dominated a triangular affair last Saturday against S.M.U. and Baylor in Dallas.

Minus their stellar weight man, Puss Erwin, who was competing in the Kansas Relays, the Frogs rolled up 83 1/2 points, more than the combined efforts of the Mustangs and Bears.

Capt. Pat Clifford and "Cotton" Kimbriel of Baylor renewed their feud in the hurdle races, with Clifford taking the lows and Kimbriel winning in the highs.

Ward Wilkinson won his first-place of the year in the javelin by tossing the spear over 180 feet. S.M.U.'s Doc O'Neill, conference record holder, was playing with the Pony baseball team and did not compete in the meet.

Lee Duvivant tied for first place in the pole vault, missing by 6 inches the 13-foot mark he has promised Coach Puss Clark.

Gail Smith continued to exhibit great form by emerging victorious in the middle-distance races, and the work of Perry Gandy and Bill Chappell pleased Coach Clark.

Johnny Hall pulled another one of his "iron man" stunts. He piled up 14 1/2 points by entering six events. Hall won the 220-yard dash, finished in the money in the 100, discus, javelin and ran in the relays.

The Polliwogs competed against the Colts and Cubs, but, mainly because of the lack of numbers, couldn't do much. Leonard Pugh copped the blue ribbon in the discus.

Clark announced Tuesday that he would recommend Eltinge Porterfield, Robert Groseclose and Pugh for freshman awards in track and field. The Wogs track season is officially over now, as they are allowed by conference rules to participate in only four meets a season.

Red-Head Named Pat Grabs Sport Laurels

By BILL HAWORTH
Red-headed Pat Clifford of Edna is the only athlete in Frogland to earn a "T" in three major varsity sports for the year 1937-38, a check-up reveals.

Last school year, the honor went to three—Sam Baugh, Walter Roach and Willie Walls—but "Red Dog" is the lone member of the three-letter species this year, participating in football, basketball and track.

On the gridiron, he is known over the Southwest Conference for his speed as a ball-bearing halfback.

Probably Pat's most spectacular feat on the gridiron came when he played in his first varsity game against Howard-Payne in Brownwood, 1936. With the score deadlocked at nothing-all, the red-head leaped high into the ozone in the closing seconds of the game and snagged a slippery, muddy pigskin, thrown from the great Baugh, for the only score of the game.

As a basketballer, Pat is regarded as one of the best all-around and most dependable guards on the Frog squad. Naturally, his great speed is a valuable asset to his club, and the Purple five has capitalized on his swiftness many times.

At the present, the versatile Clifford is captaining the track and field team. He first attracted attention as a thinly-clad when only a freshman, the day he broad-jumped 24 feet against S.M.U. in a dual meet.

Since then he has established himself not only as one of the sector's best jumpers but as a top-ranking hurdler.

And that's Pat—grizzer, cager, trackman—and to add to his honors, it might be said that he is regarded by his friends as the best-dressed Frog athlete. Here's where a wise-acre might quip: "If he could only cook!" But he can—and does! Pat works in a campus restaurant to help pay his way through school!

"T" Assn. to Have Charge Of Wednesday Chapel

The "T" Association will be in charge of the Chapel program next Wednesday. The program will be in observance of Mothers' Day.

Horner, Tank Due to Face S.M.U. Today

Victory Would Give Frogs Good Chance to Better Standing.

No Line-Up Change

Purple Will Meet Baylor on Local Diamond Friday, Saturday—Texas Plays Here Monday.

It's Horner and Tankersley again for the Frogs against S.M.U. in the afternoon's double-header in Dallas. The two big hurlers who showed up so well last week against Rice will attempt to tame the Mustang bats today. Coach Howard Grubbs has announced.

If the Frogs can turn back the Ponies twice, they will greatly enhance their chances of climbing up the conference ladder from their present fifth-place position.

After today's games, the Frogs play Baylor Friday and Saturday of next week here and Texas the following Monday on the local diamond. Another game with the Bears, which was rained out, is to be played before the season's end.

The same line-up which played against the Owls and Aggies will start today, including Mac Best behind the plate; Robert Forte, 1st; Ralph Corbett, 2nd; Ben Abney, 3rd; Arthur Moseley, short; Ben Dyess, Don Looney and Woodrow Duckworth in the outfield.

S. W. Track Meet To Be at S. M. U.

The conference track meet will be held at S. M. U. Friday and Saturday, May 13 and 14, Coach Puss Clark reports.

The meet was originally scheduled for Baylor, but the track there is not in shape for the meet.

It's Here! the fair's 45th Anniversary Sale!

'Going a-Maying' Sunday Is Quite Proper, Milady

By FRANCES TAYLOR
On Sunday will begin official "going a-Maying" time. That means you can select your queen of the May, borrow the family auto and revel in bluebonnets, black-eyed Susans and Indian cart-wheels all day, without the knowledge that the May queen is a relic of a heathen celebration to cloud your May day.

May Day is also the time when you reverse the proceedings of a long, cold winter and dance all day instead of all night. Instead of a fur coat, you must be wreathed in flowers. Instead of a band stand, pick out a nice, tall, green tree to dance around. The final difference that will mark your celebration of the beginning of summer time is this: You'll get up for the festivities about the time you went to bed last winter. But you can't have everything.

WITH A SMILE: Since May 8 is Mother's Day, we'll do our good deed ahead of time this month and remind you-all to buy something or other for mom. Remember, coming from you, anything is pretty nice, even though your best girl can't see it that way. You'll feel better when you glance at that red rose on your lapel if she has a new hanky in her purse or a box of chocolates at home.

STYLE SHOW: Since you've already bought all your spring wardrobe for Easter, we guess it's safe to give you some pointers on spring styles.

Chanel (y'know, the fashion designer) says of milady's dresses: "We must give woman back her weapons—lightness, grace and elegance." Which means that you'll have to wear chiffons, sheers, veils, capes and flowers, whether you like it or not.

This spring the hat perches. It hangs over one eyebrow, covers one ear or keeps the back hair in order. If the coed has a mania about the ravages of the sun, then she will have to wear two hats at once. One will be the crownless, floppy type, to guard her unfreckled nose; the other will tend toward the washbowl type, to protect her unstruck hair.

Simplicity seems to be the keynote, however. Wear play-togs of knee-length slacks, simple, hand-blocked linens, and pleated shorts with an over-skirt all day, and save your exotic tendencies until evening. Then you can either stay sweet and simple in a straight pique evening skirt, or go Southern in a gown with 50 yards of hoops and skirts.

Also, you have a chance to "express yourself" with eyelashes massaged a startling gold color, and still be accepted in polite, stylish society.

Speaking of fashions, there is definitely a place in this coed's style show for the June bride. Of course, she'll wear white, perhaps satin with Grandmother's lace veil, or maybe she'll be more modernistic, with a full, misty skirt of swirling marquisette, topped by a short veil. Her bridesmaid will have a gown of the same airy material, made full-skirted and a large white hat.

And if you think fashions for the bride are out-of-place in a collegiate style show, just ask the girl who'll be one this June!

English Staff to Attend Conference at TSCW
The entire staff of the English department will attend the conference of College Teachers of English at Denton tomorrow.

Dr. Rebecca W. Smith is a member of the Council of Ten of the organization and will attend the council breakfast tomorrow morning.

Dr. Smith will read a paper on "Early Treatments of the Civil War in Fiction" at the afternoon session. The day's program will include: The council breakfast; morning session on "Teaching Problems"; luncheon at T.S.C.W. cafeteria, and afternoon session on "Research Papers."

Civic Music Drive Ends This Week
The Civic Music membership drive for next fall will end this week, Mrs. Helen Fouts Cahoon has announced. Students who intend to buy tickets must do so this week, as they will be unable to obtain memberships next fall.

High Schools Take Over Los Hidalgos Meet
High School Spanish clubs of the city will have charge of the Los Hidalgos program at the next meeting Monday.

The meeting will be held at 7:30 p.m. in Brite College Club Room.

225 to Take Soph Tests

Exams Will Start at 8:15 o'Clock Monday Morning at Brite.

The annual nation-wide sophomore examinations will be given to more than 225 sophomores Monday and Tuesday, Dean Colby D. Hall has announced.

The list of sophomores who will take the pre-junior achievement tests has been posted in the main hall of the Administration Building, as well as the list of juniors and seniors who have not taken the exams and are eligible to do so. All upperclassmen eligible must make application to Registrar S. W. Hutton, Dean Hall reports.

"All sophomore classes will be omitted and all sophomores will be excused to take the tests. Presence or absence at these exams will count the same as regular classes," Dean Hall says. "All students taking the tests will report at Brite College at 8:15 a. m. Monday and Tuesday."

Dougherty in Charge
Dr. J. H. Dougherty is in charge of the arrangements, assisted by several professors.

The tests are of an objective nature and rate T.C.U. sophomores on a percentile basis with 20,000 other sophomores over the country in each subject. The rank shown on the report sent each participant following the exams, Dean Hall explained, is not a grade, but is a comparison with the entire group.

"It is a part of our effort to individualize education," says Dean Hall concerning the purpose of the exams. "The results of the tests will be used by the students and by the teachers in guiding them in the selection of courses next year, and often in shaping life plans."

Tests to Aid Students
"The experience of these tests through the years will enable the administration to fit the courses and curricula better to the needs of the students. It is greatly to the advantage of the student to get a picture of his mental furniture. That is about what the tests aim to do."

These nation-wide exams have been carried on since 1932, while T.C.U. has had some of her own since 1929. Subjects covered in the examination include history and social science, fine arts, English usage, spelling, vocabulary, literary acquaintances and general science.

Concerning the attitudes of the students, Dean Hall says:

Students Should Do Best
"Each year a very few students are found who 'slack' the tests. They do not do their best and some even (very few) deliberately leave many answers blank. There is usually one fool who tries to be funny."

"Students should bear in mind that this is a picture being taken that will go down on the record to be inspected by future prospective employers, like a photograph. The student should approach the tests at ease, without strain or worry and work diligently, quietly, thoughtfully."

Pitchford Will Head Dramatic Program
Louis Pitchford has charge of the Dramatic Club program at 7:30 p.m. Tuesday evening in the Auditorium.

Steak Fry Held By Anglians
The Anglia Club had a steak fry in Forest Park Wednesday afternoon.

Miss Jean Turner had as her guests last week-end, Misses Elaine Doran, Anna Laura Amthor, Mary Nell Pratt and Evelyn Hamrick, all from T.S.C.W., Denton.

Miss Mary Lois Springer visited Miss Betty Lou Boyo in Cleburne last week-end.

for more smoking pleasure everywhere
Chesterfield is the right cigarette... They Satisfy

Jarvis Girls See Styles Modeled from Washer's

Jarvis Hall girls have been sporty-minded ever since the style show Washer Brothers presented last Tuesday night in the Jarvis parlors.

Misses Elsie Gay Cayton and Lillie Rostovsky from Washer's and Misses Bettye Seaton and Hazel Smith modeled play suits, slacks, beach robes and bathing suits. Miss Lucille Auten, in charge of the show, commented on each costume.

Miss Katherine O'Gara won the calfskin bag the store gave as a prize.

John Forsyth Awarded Princeton Scholarship

John Forsyth, instructor in biology since 1935, will attend Princeton University next year to work on his Ph. D. degree, it has been announced.

Forsyth, who received his M. A. degree here, has been awarded a scholarship of \$800 for graduate work at Princeton. This is the same type scholarship given Frank Loze, who is now working on his Ph. D. degree at Princeton.

Miss Carter Leaves For Fraternity Meet

Miss Eula Carter left yesterday for the state convention of Delta Kappa Gamma in Austin. The meeting will last through Monday. Miss Carter is serving her fourth year as president of the fraternity.

Dr. Hewatt Is Elected Biological Society Head

Dr. Willis Hewatt was elected president of the North Texas Biological Society, which met on the campus last week. The society will hold its annual meeting next year in Arlington, according to Dr. Hewatt.

Jitterbugs Rate Benny Goodman 'King of Swing'

Hail the "King of Swing!" Benny Goodman, the famous rhythm rajah, easily defended his title as the "King" in a recent survey conducted by The Skiff on the Frog campus.

Goodman's band polled 66 out of 220 votes to win over 36 other popular bands.

Guy Lombardo's music is second only to Goodman's with the students. Lombardo received 23 votes only one ahead of Tommy Dorsey and Wayne King who tied for third place.

The remainder of the votes were scattered to the other 30-some odd orchestras (even the Dictators and the Philadelphia Symphony Orchestra garnered a single ballot a piece.)

And for the favorite song for the favorite orchestra to play, "Thanks for the Memories" was selected, with that perennial favorite, "Stardust," in runner-up position. The winning melody received 40 votes and "Stardust" 23.

The Chase and Sanborn hour, with Charley McCarthy as the drawing card, nosed out Jack Benny's program as the favorite radio entertainment, 57 to 52.

Bing Crosby landed in third place, his Kraft Music Hall program getting 32 votes.

Finger Print Expert Will Lecture to Class

V. A. Leonard, from the fingerprint bureau of the city police force, will talk to Prof. B. A. Crouch's class in adolescent psychology at 11 o'clock this morning. His subject will be "The Delinquent Adolescent." He will demonstrate the lie detector. Other students may attend.

Macmillen Doesn't Mind 'Jazzing' Classical Music

By LOIS HERZ

With the arrival of Francis Macmillen, internationally known violinist, on the campus, three of our favorite theories concerning famous musicians were exploded. He doesn't fly into a rage at the idea of "jazzing" classical music; he admits he suffers from "stage fright" the same

as anyone else; and he doesn't practice an average of eight or ten hours per day.

Macmillen, who arrived here Monday morning to conduct master violin classes for five weeks, believes that the movies have been the biggest factor in influencing the "swinging" of classical music.

"The thing is all right," he says, "if it is not carried too far."

However, he does not think it fair to change the rhythm of such compositions as those by Tschaiikowsky and Beethoven.

"Those composers would turn over in their graves if they knew," he declared.

Macmillen admits that he "always has stage fright."

"Concentrated practice is the only thing that will help do away with it. My profession is the only one I know of in which there can be no 'faking'."

He practices on the average of four hours a day.

When asked to tell of his most interesting performance, he answered without hesitation that his first appearance in Vienna, when he was about 22 years old, was the most satisfying of his career.

"The concerts in Vienna have an intimate, informal air. Then, too, people have always enjoyed their early successes."

For the benefit of a curious coed, Macmillen gave a brief comparison of American and European college students.

"On the Continent, the students are very serious, and a great deal of study is required for a degree. However, the English students are very much like the American. All the young men go to college to get 'varnish'."

U. S. Sailors Have Nothing on Band; Both See World

The Frog Band made its last trip for this year when it attended the Chamber of Commerce convention at Wichita Falls last Tuesday.

With the conclusion of this jaunt, the Purple Swingers have piled up approximately 10,000 miles (actually 9,320) to their already large mileage records.

Two major trips were included in the year's itinerary. These were to New York and Columbus, Ohio. Also included are Stock Show "booster" trips and football trips in Texas.

The band is the most widely traveled organization on the campus and, according to Don Gillis, director, the bandmen "join the band and see the United States."

New S. C. A. Officers To Be Named Tuesday

The Student Christian Association is planning a combination social and business meeting Tuesday night in the form of a picnic.

"Next year's officers will be elected at the picnic," says Miss Marjorie Jones, president.

Tonight
CHESTERFIELD and PAUL WHITEMAN bring you preview coast-to-coast broadcast from New York '39 World's Fair
"Rhapsody in Blue"... thousands of happy dancers... a blaze of color... flags and costumes of every nation...
