New Buildings Comtemplated In 'Expansion'

Union Building, Girls' Dormitory and Science Building Are Planned.

Five-Year Program

L. C. Brite Is Presented With Hand-Lettered Testimonial at Silver Anniversary Dinner.

A \$1,000,000 program of expansion for T. C. U., to provide three new buildings and additional endowment, and the raising of \$100,000 additional endowment for Brite College of the Bible were both approved yesterday at the annual meeting of the Board of Trustees.

Details of the new program are yet to be worked out, but it is probable that the proposed buildings will be a science building, a union building and a new girls' dormitory. It is hoped to realize the entire program within a period of five years.

Detailed reports were made to the board yesterday by President E. M. Waits, Dean Colby D. Hall and Business Manager L. C. Wright.

Improvement Is Keynote
"Improvement" was the general keynote of these reports, showing that the University enjoyed one of its best years since 1930.

A Silver Anniversary dinner of Brite College of the Bible was held Wednesday night in the Cafeteria. President Waits was the presiding officer.

The invocation was given by the Rev. M. A. Buhler of Marfa. Speakers of the evening were: Dean Colby D. Hall, the Rev. Perry Gresham, the Rev. Patrick Henry, the Rev. Patrick Henry, Jr., Noel Keith, Mr. and Mrs. L. C. Brite and President Waits.

A hand-lettered testimonial of appreciation addressed to Mr. Brite was presented to him at the dinner. The dedication read:
In Appreciation
"Only the recording Angel could estimate the fruitfulness of your contribution to ministerial training, Mr. and Mrs. Brite, through your generous funding of the Brite College of the Bible and your continued faith and inspiration during this quarter of a century.

Those who have had the joy of fellowship with you in this Kingdom enterprise, by teaching, by studying, and by preaching, present this simple token as a symbol of their appreciation for your gifts and for your helpfulness.
They wish also to express their deep and abiding faith in that 'gospel of Christ' which is God's 'power unto salvation' and the hope of the world."

Mr. Brite was re-elected president of the Brite College trustees at a meeting Wednesday. The Rev. L. D. Anderson of Fort Worth was re-elected secretary and George Cuthrell of Tyler was named vice-president to succeed Andrew Sherley of Anna.

University Church To Hear Dr. Palmer

Noted Theologian Was Pastor in Hawaii—Now President Chicago Seminary.

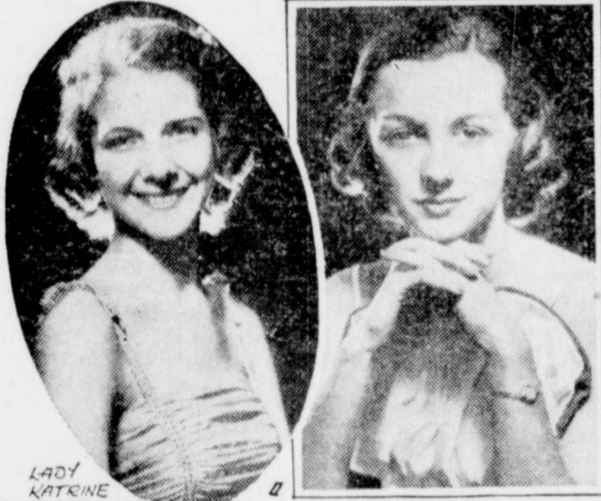

Dr. Albert W. Palmer, president of the Chicago Theological Seminary, will be a guest speaker at University Christian Church at 7:30 o'clock Sunday evening.

Dr. Palmer, famous preacher who held for some time the pulpit of Union Church in Honolulu, Hawaii, and also that of the Congregation Church in San Francisco. He was chairman of the delegation who interviewed President Roosevelt with reference to the economic conference.

Music for the services will be furnished by the choir, and the offertory will be played by Miss Mari-frances Bibb, harpist, and Mrs. Q'Zella Oliver Jeffus, organist.

After the address, the educational projects committee of the church, headed by Mrs. H. C. Burke, Jr., will give a reception for Dr. Palmer in the church parlors.

Freshmen Favorites

LADY KATRINE FINE RUTH PRIEST

MILDRED STRONG MARJORIE STEVENSON

Here is the first publication of the 1939 Horned Frog beauty page candidates. Pictured above in the first of a series of the 16 candidates for pages are the freshmen favorites, Fort Worth's candidates in the race are Miss Lady Katrine Fine, upper left, and Miss Ruth Priest, upper right. Lower left is Miss Mildred Strong of Henderson, and Miss Marjorie Stevenson of Sweetwater is shown at the lower right.

Open House Set March 3

Prouse Promises Event Will Be "Bigger and Better," With More Spills.

Take down the calendar and mark a date . . . March 3. Cancel all engagements, and make plans to be on hand when the curtain goes up on the Fifth Annual Intramural Open House.

"It will be bigger and better, with more thrills and spills than ever before," says Prof. Tom Prouse, originator of Open House on the T. C. U. campus.

The program will start about 7 p. m. with an intramural championship basketball game. This will be followed by badminton, fencing, swimming, boxing, diving and other attractions. As an added attraction this year, Fred Nemitz, swimming instructor, is attempting to put on a water polo game. This will be a novelty on the campus, and Fred promises that his boys will put on a rough and tumble water fight that will be well worth seeing.

To top the night off, there will be the Golden Gloves boxing matches (formerly Silver Gloves). At present there are about 22 who are planning on entering the "Gloves."

Gold medals will be given the winner in all events.

Program to Feature Music By Dvorak, Beghon, Bizet

The "Finale" from Dvorak's "New World Symphony" will be the featured number of Sunday night's "Backstage With the Horned Frog Band" broadcast. The program will originate from the Band House at 10:30 p. m. and will be broadcast over station WBAP.

"Prelude," by Beghon, and "Fandango," by Bizet, will be included on the broadcast. A new arrangement by Wayne Dunlap entitled "Melange in a Modern Mood," will be introduced on the program.

The band is now rehearsing for swing programs to be given later in the month at Polytechnic and Riverside High Schools.

43 New Students Begin Spring Term

Texas University Leads With 4 Out of 27 Transfers—36 Are Local Students.

Of 43 new students enrolled for the spring semester, 27 are transfers. Only seven are from out of town. The University of Texas leads with four transfers. Three came from N. T. A. C. and three from Fairmount Junior College in Washington, D. C.

Two students each enrolled from Texas Tech, T. S. C. W. and Tulane. Freshmen who enrolled are: Elmer Addington, Newton Addington, W. G. Blackmon, Joe Campbell, Miss Lurleen Craddock, Jack Craig, Charles Conway, Miss Margaret Dixon, Miss Mildred Hearne, Harmon Hightower, Miss Doris Huddleston, Joe Rogers of Henderson, William B. Strange of Dallas, Miss Johanna Wollner, Lloyd Wright, and Miss Virginia Roberson.

Transfers and the colleges they have attended are: William Edward Albrecht, N. T. A. C.; Silas Borden, Tulane; Miss Wanda Briggs, S. M. U.; Bill Caudle, Mineola, University of Texas; Leo Crowder, East Texas State Teachers' College; Miss Muriel Harvey, Ardmore, William Woods, Fulton, Mo.; Elton Hodges, Penwell, N. T. A. C.; Louis Luskey, University of Texas; George Miller, Rice Institute; Paul Moore, El Paso School of Mines; Miss Mary Patton, Rotan, Texas Tech; James Perry, Coffeyville, Kan.; Westminster College, Fulton, Neb.; Miss Beatus Potishman, Sullins College, Bristol, Va.; Mrs. Porter M. Randall, Washburn College; Miss Mary Ray, T. S. C. W.; Miss Vesta Swaim, Gladewater, Kilgore Junior College; Robert Waugh, Tulane, University of Alabama; Miss Mary Elizabeth Whitcomb, Bethel Woman's College, Hoskinsville, Ky.; Miss Alta Wilderspoon, T. S. C. W.; Jack Hunnicutt, University of Texas; Miss Elizabeth Ann Kelo, T. S. C. W.; Clark Leggett, Midland, Texas Tech; Misses Ila Ridgeway, Martha Louise Smith, and Barbara Anne Smith, Fairmount Junior College, Washington, D. C.; Leslie Spoons, N. T. A. C.; and Robert Whitehead, University of Texas.

Group of Six Is Appointed For Clean-Up

Committee Named by Pres. Waits From Faculty, Student Council.

Chairman Unnamed

Aim of Campaign is to Investigate Campus Problems and Enforce Regulations.

A huge general clean-up campaign on the campus got under way this week with the naming of three faculty members as a committee in charge, and the naming of three members of the Student Council to co-operate with them.

President E. M. Waits last Thursday placed Prof. C. R. Sherer, Dr. A. L. Porterfield and Dr. J. L. Whitman on a committee to investigate campus conditions and to make what recommendations and changes they deemed necessary.

The Student Council was asked in meeting Tuesday night to represent the student body, and Guy Daniel, president, Walter Becker and Miss Martha Cecil Graves were named to meet and co-operate with the faculty group.

Although President Waits has named no chairman of the group yet, Prof. Sherer said he felt "confident that the committees will meet the first of next week, or possibly sooner."

"The purpose of the campaign," Sherer stated, "is to clean up the campus, enforce some of the campus regulations, try to halt or remedy the present situation of destruction of property, and to investigate such problems as insufficient lighting throughout the University, and others."

The committee asked the co-operation of the entire student body. It was suggested that any students with constructive criticisms or suggestions to make, turn them in to any of the members of the joint committee.

Second Autographed Ball To Be Awarded at Mexico

A second football is being autographed by the T. C. U. football team and will be sent to Mexico soon to be presented by the Rev. Glen C. Hutton, pastor of the First Christian Church there, as a second prize in a contest held Jan. 15.

The attendance contest was won by the minister's son, with 64 guests; but a young girl of the church had 50 and will be presented with the second ball.

Ki Aldrich made the first presentation. Others who attended were President E. M. Waits, John Hall and Earl Clark. The Rev. Mr. Hutton is a brother of Registrar S. W. Hutton.

Because this is the "gol-darndest, ding-busted, doggonest" Courting University in Texas, The Skiff is presenting the annual list of odds on the various campus couples' chances of lasting through the spring semester. The Skiff is presenting merely the odds and a tip on each couple—it definitely will not be bookie for any bets. As usual, the boys' names are listed alphabetically.

Table with columns: Names, Odds, Tip. Lists various campus couples and their odds for lasting through the semester.

New Smith-Major Book Southwest Interpretation

By FRANCES TAYLOR

Southwest literature with its colorful background of cultures, from the chant of the Indian and the "tall tale" of the backwoodsman to the "limpid style" of a modern novel, has at last come into its own. For the first time, a methodical history of this last American frontier has been prepared—by Dr. Rebecca Smith, Miss Mabel Major and J. M. Pearce in their book, "Southwest Heritage."

The authors are well-qualified to write a history of the Southwest. Dr. Smith, head of the English department, and Miss Major, professor of English, have collaborated on four other books on Southwest literature. Dr. T. M. Pearce, professor of English at the University of New Mexico, is editor of the New Mexico Quarterly.

The essence of the conglomeration of cultures has been captured in 134 fast-moving pages. The mystical beauty of the Indian superstitions, the charm and pathos of the Spanish troubadour's songs, the rugged cowboy life in the cattle country, the rich content of biography and autobiography, all have been caught with a keen sense of judgment and of humor.

Do not be misled by the subtitle of the book, "A Literary History With Bibliography." It is not an academic and dry recording of dates and writers, but rather an interpretation of "the quality of Southwestern experiences—caught in memorable words."

F. F. F. to Debate In Norman, Okla.

Five Members to Attend Forensic Tournament—Whitley to Enter Speech Contest.

T. C. U. representatives will attend the University of Oklahoma Forensic Tournament at Norman, Okla., Feb. 17 and 18. Rufus Whitley, Doyle Fine, Scranton Jones and Arthur Norred will enter the debate division. Rufus Whitley will enter the radio speaking contest. Dr. Allen True will accompany them.

Last Wednesday Scranton Jones and Arthur Norred debated two members of the American Institute of Banking on the subject, "Federal Incorporation." It was a non-decision debate.

Brigham and Mixson Are on Concert Program

John Brigham and Keith Mixson appeared on the fourth concert program of the Pro Arte String Quartet Tuesday night at Anna Shelton Hall. Mr. Brigham, tenor, sang two Debussy songs and W. Franke-Harling's "Wing of the East." Mr. Mixson at the piano assisted the quartet in one number. Prof. S. P. Ziegler is cellist of the quartet.

Leon Hubbard Appears On Chapel Program

Leon Hubbard, 12-year-old Fort Worth violinist whom Prof. Claude Sammis terms "sensational," was presented in the Auditorium at the chapel hour Wednesday morning. Leon, who studies under Prof. Sammis and attends McLean Junior High School, played "Gypsy Airs." For an encore, he played Kriesler's "Schoen Rosemarie."

Club Makes Mystery Plans for April 26—Dinner, Picnic, Programs Are Discussed.

All the members of the Los Hidalgos who are "in the know" are going around with a mysterious gleam in their eyes these days. And it's all because they are making some very secret plans which will be brought to light the night of April 26.

"Rug Cuttin'" To Come Off In 'Big Barn'

Frog Jitterbugs Will Dance to Kyser, Goodman, Dorsey, et al.

Tariff Is Two Bits

Hop Begins After TCU-Hog Basketball Game—Gideon Promises Lots of Recordings.

Frogland jitterbugs will have a chance to show the hillbillies from Arkansas the proper collegiate method of "cutting a rug" in the Basketball Gymnasium tomorrow night.

For, after the basketball game with the Arkansas Razorbacks, Dance Manager Leroy Gideon and his staff will prepare the Gym for a bit of jamin'.

"You can dance to your favorite band—be it Kay Kyser, Benny Goodman, one of the Dorsey boys or any of the others—for only two-bits a pair," Gideon has announced.

Gideon has promised more and better recordings than ever before for the hop, which will be a sports affair. As usual the cost will be 25 cents for couples and stags.

So, it's "Com'on, chillun, let's dance!"

"Do You Have It?" Los Hidalgos Asks

Club Makes Mystery Plans for April 26—Dinner, Picnic, Programs Are Discussed.

All the members of the Los Hidalgos who are "in the know" are going around with a mysterious gleam in their eyes these days. And it's all because they are making some very secret plans which will be brought to light the night of April 26.

"It will be an affair in which the entire school can take part, but we can't reveal the plans now. Students should watch for placards, the theme of which will be "Do YOU have it?" says Miss Eula Lee Carter. (It's anybody's guess just what YOU are supposed to have.) Len Davis, president, has developed the idea and is in charge of all arrangements.

Other activities which were discussed at the business meeting Wednesday night included the progressive dinner to be held March 8, which will mark the 10th anniversary of the club.

The next regular meeting of Los Hidalgos will have a program picturing "Spain in Song and Dance," and will present folk-songs and dances and show Spain's contribution to opera. Feb. 22 will be the date of this meeting.

Last Chance?

A story in this issue of The Skiff gives the news of the start of a huge general clean-up campaign on the campus.

Some of those students who form snap judgments may consider this campaign just another of "those annual nuisances." But the thinking members of the student body will realize that the situation has passed the stage of being merely another effort to keep our halls clean.

Those who have studied the situation realize that this may well be the Administration's last effort to co-operate with the students before taking rather summary action. It has always been the Administration's belief that Texas Christian students are fairly mature men and women and that, as such, they can be reasoned with. That is why there are no "policemen" on the campus to enforce the "no smoking" rule and other such Administrative regulations.

Every student on the campus knows that he is disobeying a rule when he smokes in the halls and every student knows that he is being discourteous and rather rude when he throws paper and trash on the floors. He realizes quite well that such actions are not the actions of a mature college student.

Efforts of varying nature have been made to stop this disobedience and rudeness, and efforts have been made to halt the depredations of the "campus rats." But little has been accomplished.

This time the Cabinet has appointed a faculty committee of three, which has been supplemented by a committee from the Student Council, to investigate the situation and to make such recommendations as they deem necessary.

The committee has pointed out that not only will efforts be made to clean up the halls and to stop smoking, but constructive suggestions and criticisms from the students will be entertained. This campaign will include such features as investigating and improving, where necessary, lighting conditions throughout the University, and other such problems.

The students should realize that this work is being done for them and should co-operate with the committee in charge. They should realize that such co-operation is desired and should be forthcoming, not only because this may be their last chance to co-operate, but because it is a worthy project.

Be Fair

The battle of the century is about to begin again on our campus—the spring elections. The first, the election of the most representative students in each department, will probably set the pace for future "politic-ing."

There is always a degree of intrigue present in our elections. You naturally divide yourselves into factions, choose your candidate and present your side of the case in a loud voice.

Our method of nominating candidates—choosing them at random and voting the same way—is not conducive to practical selections for filling an important office.

Personalities rather than abilities tend to be the determining force in selection of a candidate for office.

So let's set the pace in your vote for the first election of the year—the most representative student. Forget personalities and be fair.

A Suggestion

The faculty has under consideration a plan to include in the University schedule classes at the 10 o'clock hour on Monday and Friday.

This is not to be construed as an effort on the part of the faculty to remove a student privilege. Rather, is an effort to determine whether the students need the hour and whether they use it constructively.

Of course, a great many students waste the period. There can be no doubt about that. But it is equally true that it is a useful hour and is used to great advantage by some students, perhaps more than is realized.

The Skiff's suggestion in the matter, as it seems that another class period must be formed in order to accommodate the increased curriculum, would be: that freshmen and sophomores taking those courses where remedial or extra work is required, be scheduled with a class during the 10 o'clock hour. The matter could then be placed in the hands of the individual professors.

Juniors and seniors have more use for the free period and are more apt to use the time constructively. Particularly is that period an excellent one for class and committee meetings, and, as upperclassmen form the more active part of the student body, The Skiff feels that the period should be left open for them.

Now Is The Time

College students are lucky! The average student in college has two "New Year's" every year . . . the first semester and the second.

Two new "leaves" can be turned over every year.

If you can't understand why you didn't make a good grade in a course, now is the time to find out. It could be that you didn't allot your time as you should. Maybe you "went-steady" rather than "went-a-studying." Anyway, now is the time to make the correction; not in May.

Things look rosy now, and if every day's work is taken care of EVERY day, things won't look so dark along towards the end.

Languid Majority

"Languid" means . . . "indisposed to physical or mental labor." "Majority" means . . . "more than half of a certain number."

These two words define the student body of Frogland to a "T." The students of T. C. U. have on their campus a basketball team that is playing their heart out, trying to put the Frogs in the limelight.

Some students have had the nerve to say that they have been here from two to four years and have never seen the Horned Frogs play a single basketball game.

There are only two more home games in this year's schedule . . . tonight and tomorrow night.

"Why? Daddy"

Today in this modern world of ours, the people don't take much time thinking out the reasons for certain phenomena. This can be easily illustrated as shown in the following process of elimination and lines of reasoning.

Why is a college student a jitterbug? A college student studies, a doctor studies, a doctor treats drunks, drunks have the "D.T.'s," "D.T.'s" are the jitters, therefore a college student jitters.

A college student studies, a doctor studies, a doctor treats the mentally deficient, the mentally deficient are nuts, nuts are full of worms, worms are insects, insects are bugs. Therefore the college student is a bug.

A college student dances, dance floors are made of wood, wood is inhabited by termites, termites are bugs. The orchestra swings, a swing is jerky, being jerky is a symptom of the D.T.'s, the "D.T.'s" are the jitters.

Therefore, when a boy leaves home to go to college, he becomes a jitterbug.

Our Neighbors Say

Choose Your Friends Like Clothes

Today, students are faced with a problem that will confront them throughout life—that of choosing friends.

Many students come to college with the sole purpose of obtaining an education through books alone. Others receive their education by books and friends. To the first group belong the bookworms; to the second, the campus personalities.

Never in the life of a student will there be a better time to make friends than in college. Why? Because the students you come in contact with today may be your associates tomorrow.

Check up. If you find that you are under par in the number of friends you have on the campus don't wait until tomorrow but begin now in building towards continuing a happy life after college days are over.

—The East Texan

Around and About

MANY and varied are the rumors circulating about the campus as to the real reason for CARMEN SCHENCK'S returning to the fold. About the only one we haven't heard is that Uncle Sam ran out of airplanes. Slippin' CARMEN?

It's debatable whether it's contagious, but just the same, there's a regular epidemic of diamond rings floating around. About the latest is the one Preacher GEORGE CUTHRELL gave LAUREIGH JONES. We'd hate to be the preacher that has to marry GEORGE. Imagine listening to everything the preacher says at your own wedding from a professional point of view.

OF course, there's the ring that LUCILLE SMITH has been sporting—and then MARGIE FOSTER springs a bomb-shell and drops out of school with the announcement of an impending marriage. Not the least surprised in the school was your scribe.

JEANETTE MANTOOTH and COTTON are making plans again. However, that's not news to a great many folks.

OUR most abject apologies, for chronicling departments stuff, but something really oughta be done about MILTON ATKINSON and GWEN BROWER. There, as one guy remarked, is a case for the bees.

AND has anyone heard all about that last "final" that ELWYN EPSY took? If not, ask the Shirley girls about it. It really must have been rough.

WHO will deah little MILLICENT RENFRO pester now that JACK (JEEPERS CREEPERS) MURPHY is going to check out on us? He is going to the U. of Tennessee.

HEY, gang! A new jitterbug has blossomed forth hyar on our campus. BUSTER REYNOLDS (the lad who still thinks the North Side gals are better) calmly walked away with the \$5 prize for the best dancer on the floor at the Forest Club last Sattidy eve. And (whisper it gently) it has been rumored around that "our editor" was seen cavorting a bit at the same place and time. What's this younger generation coming—to?

AND, if anybody would like to get a good look at this good looking North Side gal of BUSTER'S, just sorta wander down to the Den tonight. They are thar EVERY Fri. eve. As (sometimes) are BETTY DYER, BILL WILSON NITA LOU SHERMAN, MARY JANE WRIGHT, ED MORONEY, JUNE BRANT, DICK POLL, C. T. WARE, ELIZ. ANN JORDAN, and others. Seen recently were JEAN LIPPS, with a handsome young outsider; as was RUTH PRIEST (he was an Aggie).

AND have you ever seen the like of the birthdays that have been celebrated lately? Seems like a whole flock every nite. THE highlight of one of the biggest celebrations was JIMMY (GREETER) MORRIS receiving a congratulatory telegram from the boys exactly one week after it was sent. Such service! What will they think of next? Incidentally, the wire was from the renowned SCOTCHMAN'S CLUB. Ever hear of it? Us too.

FLASH! Love, at long last, his stricken BILL (TWO GUN) DAY! Yep, it's true, even tho' he isn't revealing her name. (P. S.: His roomy says he keeps muttering "DOROTHY" in his sleep).

Miss Martha Fallis, daughter of Prof. L. D. Fallis, has resumed her work here after attending U. C. L. A. in Los Angeles the past semester. She will graduate in June.

Social Calendar

Saturday, Feb. 11

6:30 p.m. Arkansas-T.C.U. Basketball Game—Basketball Gymnasium.

9:00 p.m. Dance—Basketball Gymnasium.

Sunday, Feb. 12

7:30 p.m. Address by Dr. Albert W. Palmer—University Christian Church.

10:30 p.m. Horned Frog Band Broadcast—Station WBAP.

Monday, Feb. 13

9:00 p.m. T. C. U. Broadcast—Station KTAT.

Tuesday, Feb. 14

6:00 p.m. Ampersand Valentine Dinner—Home of Mrs. Gayle Scott.

8:00 p.m. Student Voice Recital—Auditorium.

Don't ever believe those stories of boy-crazy girls who come to college just to find husbands. Of 333 O. U. freshmen girls answering a questionnaire, 313 checked "make friends" as the main reason for coming to college, but "make friends with men" lagged eighth.

Other reasons in the order of their importance were "learn how to study," "become more self-reliant," "acquire poise socially," "develop cultural interests," and "learn rules of social usage." Acquiring a more serious purpose was also a popular reply. Scholastic standing was considered the most serious problem and religious guidance the least important.

Some answers were like that of the girl who wants to prove her worth, if any; and others like that of the girl who came to "probe philosophic and aesthetic beliefs in search of knowledge."

You'd think football was out of mind here in February, but Louisiana State, among others, is still presenting trophies and holding dinners.

There's a blind candy salesman at Oklahoma A. & M. who can describe people almost by intuition. He does use some cues though. High voices usually belong to tall or blond people, deep voices to dark-haired, dark-eyed people. Tallness is estimated by the height the voice comes from, and weight by the feel of the hand. He recognizes 200 persons on the campus by the way they say hello. He can't tell by voice or handshake, though, whether a person is a student or a teacher. He says he's so happy he wouldn't trade places with the president.

Students Favor Keeping 10 o'Clock Period Open

Custom and the use of the period for special meetings were the two chief reasons given by the students this week in voting against scheduling classes at 10 o'clock on Mondays and Fridays.

In co-operation with faculty members, who are considering a change in the schedule to include classes at the "free hour" on Monday and Friday, The Skiff this week asked student opinion on the subject. Dr. Rebecca W. Smith, head of the faculty committee in charge of the investigation, has asked that all students with opinions on the matter leave them, in writing, at her office.

Custom was advanced as a reason against a change by several students, including Misses Elma Cudlipp, Jane Manning, Sue Hazen and Betty Giles. Ed Loe suggests that the off-hour is necessary because "Often that is the only time I have to prepare for my 11 o'clock class."

"The period when everyone is off is needed—for rehearsals and special meetings," says Miss Mary Harding Dillin. Miss Jean Burkett agrees with her: "I think students need some time to have class meetings and plan their activities. Those open hours are necessary."

Several students suggested that the proposed plan would be all right for upperclassmen. Says Miss Florine Rosenfelder: "For juniors and seniors it would be fine. They could have classes at that hour on M. W. F., but I don't see how it would work for freshmen and sophomores." Lacy McClanahan, Miss Elwyn Epsy and Miss Tiny James all suggested that the 10 o'clock period be substituted for the classes that meet at 12 o'clock.

"It would give that much more leeway in arranging programs, something that we need badly," says Miss Vida Webb. And Miss La Verne McKinney suggests that "it would be all right for necessary make-up classes, but others would not be advisable."

Milton Atkinson says, "I can see no reason for not having classes at that hour if it is necessary," while John Hall is of the belief "that the off-hours makes for closer relations between the students."

Adkins Gibbs says, "I don't think it is advisable because that hour has become a practice and social hour for most students on the campus, particularly town students who are not on the campus except during class periods."

"I don't think this hour should be a catch-all for all work which could be done at the regular time," says Robert Glaze, "but I think it is often a very convenient period in which to make up back work."

MOVIE PROGRAMS

By ERNEST PEYTON

Those famous dancing feet of Eleanor Powell will tap again this week-end at the Worth Theater in the film, "Honolulu." Other members of the cast include the sophisticated Robert Young and that pair of screwballs, George Burns and Gracie Allen. 'Tis all about a couple of film stars and their doubles and the ensuing complications. Might be termed a modern version of "A Comedy of Errors." It's hilarious entertainment, with an extra-special short feature also being shown. Frank McGlynn, one of the best character actors in the business, again portrays our Civil War president in the memorable short, "Lincoln in the White House." Included in the film is an excellent delivery of the famed Gettysburg address.

The aviation picture filmed in technicolor will be shown at the Tivoli Theater Sunday and Monday. Fred McMurray has the lead role in "Men With Wings," with Ray Milland, Lynn Overman and Louise Campbell playing strong supporting roles. It's an exciting cavalcade of American aviation from the start up to the present, including, of course, the Great War.

A big midnight preview Friday night will feature the Parkway Theater's program this week-end. James Cagney, who has been mentioned for the Academy Award for his role in this film, and Pat O'Brien share honors with the Dead End kids and Humphrey Bogart in "Angels With Dirty Faces." The friendship of Cagney, a public enemy, for O'Brien, a priest, and the desire of the latter to keep the "kids" from following in Cagney's footsteps provides one of the most thrilling climaxes seen on the screen in sometime.

And those who missed that famed "Men From Mars" radio broadcast will have a chance to see what scared their friends so badly at the Parkway next Tuesday, when the film version of H. G. Wells' "Things to Come" is presented.

Mrs. S. H. Jenkins led the monthly devotional at Gibson Cottage last Monday night. Miss Elizabeth Biser had charge of the music.

RECOGNITION SERIES

Students' Meals Mrs. Harris' Job Over 19 Years

Connected with this institution's administration are those individuals who are always behind the limelight. Through their efforts the parade is put on, but they are on the sidelines cheering, never in the uniform. In order to give credit where it is due this series is dedicated to the men and women backstage.

A familiar figure in her crisp uniform and soft white hair, Mrs. Georgia Harris has been holding down the all-week job as stewardess of the Cafeteria for the past 19 years.

Born in England, she has traveled over most of the United States, Old Mexico and Canada with her family. Mrs. Willis Hewatt, wife of the biology professor, is her daughter.

Mrs. Harris says her biggest job is serving a variety of food in a way that will satisfy the students. Her biggest problem is not very complimentary for the students. It is maintaining good conduct in the dining room.

In her time off—which isn't very often—she likes to work in her garden. Her roses receive most of her attention, she admits. Needle-point and afghans are her specialty.

Charles Cope to Join Rose's New York Show

Charles Cope will leave for New York the last of March to join Billy Rose's show which will open at the World's Fair.

Charles has had dancing experience in the Casa Manana revue which Rose staged here in 1936 and 1937.

Purple Sport Parade

By BILL HAWORTH

Track and field practice started this week, and for the first season since he has been coach of the Frog cinder path specialists, the usually talkative, enthusiastic Mack ("Poss") Clark didn't have a statement to make about track prospects for the coming season.

When approached for an interview or conversation of any kind Poss casually pulls a yellow envelope from his coat pocket and holds it up for the party of the second part to read. Neatly-typed thereon is, "I have lost my voice. You do the talking."

When asked a question, Poss scribbles an abbreviated answer. Not a word has he uttered in several weeks. The trouble is a bad throat infection. Clark has been advised to refrain from talking at all for at least three more weeks. He is in a stew right now because he cannot be out on the track with his familiar baseball cap and an old pair of pants, putting the Purple tracksters through their paces.

Poss has a pair of fine point-makers in Gail Smith and Bob Cook, both juniors. Gail is looking forward to his next meeting with Rice's great Frank Bell. Bell is the lad who broke the half mile record last year in the conference meet. Gail also cracked the mark, but was beat out by the Owl by a few strides.

When the two hook up again it will be a duel to watch. Bell, a senior this year, has reached his peak, as seen from this corner. On the other hand, the hard-working Smith is due to improve. It would be no surprise to see the conference record lowered again when they contest it at College Station in May.

In fact, the Frogs have a fine chance of putting two records on the books this year. Bob Cook may break the shot-put record. Last summer in practice he heaved the 16-pound weight over 50 feet. The record is 50 feet, 4 inches.

Although this year should see the Frogs have their best track year in several seasons, 1940 looks to be the time for the Clarkmen to be at their best since the Cy Leland and Red Oliver eras. With Smith and Cook and a fine-looking freshman bunch coming up, the Christian track team may take its place among the conference leaders.

Three more weeks and the fifth annual Intramural Open House will take place. As in the past, most interest will be centered upon the fisticuffs. More talent is available this year than ever before. Competition is keener in all divisions of the boxing tournament, as well as the other sports.

Truelson's All-Stars To Play Azle Quintet

To Meet Another Strong Team Monday Night After Losing 45-39 to Taylor.

Judy Truelson's T. C. U. All-Stars will play the strong Azle Independents in Azle Monday night. Last night they played Weatherford Junior College in Weatherford.

The All-Stars dropped a close game to the Smith Motor All-Stars of Taylor last Saturday night, 45 to 39, at Taylor.

Truelson's team, composed of I. B. Hale, David O'Brien, Ki Aldrich, Russel Hensch and Pat Clifford, led throughout most of the first half but the reserve strength of the Taylor team finally wore them down. The T. C. U. team led at the half, 17 to 13, with Russell Hensch and I. B. Hale leading the attack.

Hensch was the high point man and individual star of the game with 16 points while O'Brien, Hale and Clifford all scored six points each. Jimmy Britt, former John Tarleton star, led the Smith Motor team with 14 points and Jay Smith was runner-up with 12.

The Smith Motor All-Stars are at present leading the Austin city league and hold a victory over the St. Edwards University team. Jay Smith, former Frog, is captain of the team, which is composed mostly of former college stars.

"Gloomy" Gus Isn't Gloomy Over '39 Nine

Squad of 8 Lettermen and 8 Sophomores Will Report March 1.

Ralph Corbett Lost

Frogs to Play 15-Game Schedule Starting March 24 in Dallas With S.M.U. Mustangs.

What Frog supporters hope will be one of the Purple's best baseball seasons in recent years will begin March 1. The date is one set by the Southwest Conference as a restraining time for organized diamond workouts.

Coach Howard Grubbs has eight returning this spring from the 1938 nine and a promising group of sophomores from which he hopes to mould a winning team.

Back from last year's club are Ben Abney, 3rd base; Robert Forte, 1st base; Mack Best, catcher; Don Looney, outfield; Arthur Moseley, shortstop; and pitchers, Paul Tankersley, Woodrow Duckworth and Durward Horner. Ralph Corbett, fifty second sacker of last year is not in school this semester.

Grubbs also may be without the services of Horner, who turned in some great twirling jobs last year.

The big junior is recovering from a hernia operation and it is feared he will not be well in time to get in condition for his mound duties.

One new addition who is expected to boost the Frog Stock is hard-hitting Billy Bilderback, classy blond first baseman who has been an amateur star here for several seasons. Bilderback was ineligible last spring.

Up from the Wogs will come the Tankersley twins, Dennis and Ralph, Rusty Cowart, Jack Odle, Ross Vanderkolk, Paul Sorrells and others.

Don Thompson, who attracted the attention of Grubbs last year with his pitching, is ineligible this spring because of his grades.

The conference schedule for the Frogs is as follows:

- March 24—S. M. U.—at Dallas.
- March 25—S. M. U.—at Dallas.
- March 30—Rice—at Fort Worth.
- March 31—A. & M.—at Fort Worth.
- April 1—A. & M.—at Fort Worth.
- April 7—Baylor—at Waco.
- April 8—Baylor—at Waco.
- April 13—Texas—at Fort Worth.
- April 14—Texas—at Fort Worth.
- April 19—S.M.U.—at Fort Worth.
- April 22—Texas—at Austin.
- April 29—Baylor—at Fort Worth.
- May 10—A. & M.—at College Station.
- May 11—Rice—at Houston.
- May 12—Rice—at Houston.

Track Squad Gets to Work

Nearly 30 Candidates Turn Out for Freshmen and Varsity.

By BILL HAWORTH
Almost 30 track and field candidates, both freshman and varsity, reported for formal practice Monday afternoon. With their first meet, the annual Stock Show affair, five weeks off from today, the Frog runners, jumpers and throwers have plenty of work to do.

Pat Clifford is in charge of the entire group and will continue in this capacity until around March 1. Head Coach Poss Clark is unable to talk because of a throat infection and will not take over the coaching reins until that time.

With nine lettermen returning, the Purple is expected to make a better showing on the cinder path this spring than it has in the last four or five years.

Leading the list of returning vets are Capt. Johnny Hall, Gail Smith and Bob Cook.

Hall, almost 200 pounds overweight at 195, is working hard to get in shape by Stock Show time. He is a sprinter and 440 man.

Smith Nursing Leg

Smith is nursing a sore tendon in his leg at the present, but has been training for some time and is in fine shape. He is expected to pile up lots of points this season in the 800 yard run and the mile. Smith finished second in the 880 at the conference last year.

Even in the runnerup position the tall, long-striding Smith cracked the meet record.

Cook attracted much attention last year by winning the shot put as a sophomore and in beating teammate Puss Erwin. This year the husky blond is expected to again capture the iron ball event and perhaps break the conference record.

Wilkinson Not Out
Ward Wilkinson, one of this season's

Cagers Answer to Fancy Names When in Action

Members of T. C. U.'s cage squad have shortened each other's names so that they can call for the ball with one yelp. All but two of the 11 squad members have names long enough almost to justify a call for time-out in order to pronounce them. Six of the 11 have three-syllable names.

Of the five starters, four have seen changes in their names. Jack Billingsley is known as "Bill" or "Peets," and Woodrow Duckworth responds quickly when he hears somebody yell "Duck!" Mac Best looks for a receiver when he hears "Porky!" Brad Snodgrass is getting better acquainted with his new name, "Papa."

Ross Vanderkolk enjoys the distinction of being the only one to have three names. He answers to "Rosy," "Van," or "Leech." The Tankersley twins sometimes wonder which one is meant when they hear "Tank!"

Robert Groselose recognizes "Grosse" as being his mother's son, and Malven Stevenson answers to "Steve."

There was no agreement about the alteration of the names. The lads just acquired their "monickers" during the work-outs.

Two T. C. U. Fighters Decision Opponents

Alexander and Brown Withdraw From Golden Gloves After Taking First Bout.

Frogland's Golden Gloves delegates put up some good battles but the other fellow seemed always to come away with the medal. Of the four official delegates Lefty Alexander and Tom Brown made the best showing.

Lefty met Red Barnett Monday and went to work on him in such a hurry that Barnett spent half of the time on the mat. Alexander won a knockout in the second round. Lefty dropped out of the competition after winning his first fight.

Tom (Deacon) Brown was pitted against Bobby McDonald Monday and after three fast rounds Tom got the decision. He also declined to fight past the first round.

tor's best javelin throwers, will not be able to report for practice for a week or 10 days because of outside work.

Other lettermen include Lee Dunnivant, pole vault specialist whom Coach Clark has a lot of faith in, big Brad Snodgrass, dash man, Bill Chappell, Perry Gandy, and Jim Nicol, all distance men.

Squadmen from last year include Jack Perryman, hurdles and high jump, and Jimmy McGalliard, hard-working miler.

Newcomers to this year's team are Bud Taylor and Pharis C. Taylor. The powerfully-built Bud is training for the weight events. Pharis, although inexperienced, shows promise as a miler.

Soph thin-clads are Floyd McRoberts, who will participate in the jumps and hurdles, Eltinge Porterfield, discus, and Leonard Pugh who is a fine prospect for the iron platter event.

Clifford All Smiles

Clifford, who will remain as freshman coach after Clark's return, is enthusiastic over the first-year squad. Perhaps the brightest of the Wogs is Elton Hodges, former Breckenridge High flash. Hodges enrolled at midyear. He is a sprinter and has looked great in practice.

Floyd Thompson in the dashes and weights, Albert Weigand in the jumps and dashes, V. G. Smylie in the quarter mile and A. J. Huffman in the mile look good to Clifford.

Ed Revercomb, Howard Pope and Chester Graycock are all candidates for the sprints. Max Ballenger is out for the dashes and hurdles and Bill Riley the 440 yard dash.

Victor Weingartner, middle distance man, and Frank King, weights, round out the frosh squad.

Phillip Hurwitz will manage this year's team.

SPRING TERM - - - I Promise To:

- (2) Study my courses every night—then
- (3) Enjoy some swell food at the . . .

TOTEMBERGER SANDWICH SHOP
OPEN ALL NIGHT

60 Due to Report For Spring Practice

Month of Training Will Start Feb. 20—Shook Expected to Change to Center.

Football is almost a year-round sport at Frogland. It has been just about five weeks since the Sugar Bowl game, and now the calendar reveals that spring practice is but one week from Monday.

Feb. 20, Coach Dutch Meyer will assemble his squad of about 55 or 60 stalwarts and begin laying the foundation for the 1939 Purple eleven. Meyer plans to practice until March 17, which will give the Frogs almost a month of training.

Several changes are due to be made this spring. Most important shift concerns the switch of rugged Fred Shook from guard to center. Other changes are not definite as yet.

Steer Game Reads Same

Frogs Finish Strong as Usual, but Longhorns Grab Contest, 32 to 28.

By BILL HAWORTH

It was the same old story for the Frogs against Texas here Tuesday night—a hotly-contested game through-out with the Purple cagers coming within a hair's breadth of grabbing the lead in the closing minutes of play only to lose in the end.

The 32-to-28 loss to the Longhorns was the sixth defeat for the Christians in the conference race. The title chase is entering the stretch now, and it looks as if the Frogs are doomed for the cellar again.

The Steer tilt was a fast, thrilling affair all the way, with the Orange usually maintaining a five or six-point lead until the game was well into the second half. Here the Brumbelomen made things interesting with a rally that put them within one point of the Steers at 25 to 24.

Led by speedy Bobby Moers, the Texas offense hit its stride once again and cashed in a free throw and a pair of field goals to ice the game.

The Texas five, victors over the conference leading S. M. U. Mustangs the night before, are evidently greatly improved. They looked like a veteran outfit.

The Frogs had exceptionally bad luck with their shots. Two-thirds of their field goals rimmed the basket and trickled over the side, or bounced out of the hoop. On the other hand, the Steers made good approximately three-fourths of the field goals they attempted.

Abney Stands Out

Woodrow Duckworth and Ben Abney costarred as high-point men of the Frogs with nine tallies each. "Duck" turned in his usual brilliant game. Abney had his "kick-in" working to score twice in that manner.

The Frogs got revenge over the Denton Teachers here last Friday to a 42-to-37 tune. Duckworth sparked the Purple five to its first victory in many days by scoring 22 points.

Tall Porkers Tackle Frogs Here Tonight

Towering Razorbacks Boast 6-Foot, 8-Inch Center in Freiberger.

Hogs Are Favorites

Ozarkians Have Dropped Three, Won Three in In-and-Out '39 Conference Campaign.

By BILL HAWORTH

The Porkers come to town tonight. Arkansas' tall basketballers from the Ozarks meet the Frog cagers in the first of a two-game series that marks the close of the Purple's home season.

The Razorbacks, a sophomore outfit, lost their first three games in the conference race but, with the pressure off went on to capture their next three games.

The two Hogs who scored on the gridiron last fall against the Christians will be attempting to sink baskets here tonight and tomorrow. They are giant John Freiberger, 6-foot 8-inch center, and Maurice Britt, alternate guard.

However, the big guns of the Arkansas offense are Capt. Neil Martin, who scored 18 points against Baylor Friday night, and John Adams, soph, who tallied 17 points against the Bears the following night.

Martin has scored 75 points in six conference games.

Coach Mike Brumbelow will probably start his usual combination against the Porkers tonight. It will be Ben Abney and Brad Snodgrass at forwards, Jack Billingsley at center and Mac Best and Woodrow Duckworth at guards.

Coach Glen Rose will start Martin and Adams at forwards, Freiberger at center and Howard Hickey and Gerald Gammill at guards for Arkansas.

The Frogs, of course, will be the underdogs again, but Brumbelow and the boys are counting on splitting the series and with a little luck hope to sweep it.

Soph Cagers Crush Intramural Frosh

Jim Roberts Leads in Scoring With 17 Points—Seniors Win Over Juniors.

Unleashing a scoring spree that seemed perfect, the Frosh crushed the hapless Freshmen 43 to 4 in the Blue League Wednesday afternoon.

Led by Jim Roberts, who scored 17 points, the Frosh held the first year men scoreless during the first half, but Franklin Perry finally managed to sink a field goal for the Frosh in the second half.

By virtue of this victory, the Frosh moved far into the advance of the Blue League race.

In the other game Wednesday afternoon, the Seniors defeated the Juniors 43 to 18 to place the two teams in a tie for second place. Bill Ewell was high point man for the Seniors with 23 while Bob Parker scored 12 points for the Juniors.

Last night in the Red League the

Frosh took on the Seniors and the Juniors met the Frosh.

Box Score:

JUNIORS (18)	SENIORS (43)
Kepfinger 0 0 0	Bradley 0 0 0
Parker 6 0 12	Smith 0 0 0

GORDON—Arrow's double-duty oxford . . . a fine comfortable shirt for year-round wear. \$2.

All Arrows have the Mitoga fit and are Sanforized-shrunk (fabric shrinkage less than 1%).

ARROW SHIRTS

Betty and Joe College To 'Hop' to Recordings

By FRANCES TAYLOR

The dance Saturday night will be plain vanilla, college hopping to recordings. It's like hitting ourselves on the head with a hammer because it feels so good when we stop to mention this: Wouldn't Saturday night have been a good time to have a Valentine dance with all the trimmings? It comes but once a year, you know.

POISONALITIES: Since nobody seems to be doing anything but waiting for the grades to be announced, this is a good time to analyze the attitudes of our fellowmen.

The most generally popular attitude seems to be one of what's-the-use-anyhow? To be specific, pretend you are watching students as they come out of an English class.

Here comes the near-genius. He makes the A's, the teacher listens respectfully to him when he speaks, his themes are read aloud in class. He's good—but not quite good enough. He can't understand because he has to work hard for what he accomplishes. Hence he joins the ranks.

Then there's the typical middleman, surrounded by his own kind. He goes to class just often enough to get his name on the grade-sheet. He's working for a college education—a well-rounded education. He's always taken his entertainment as it is planned for him, and his education must come in cans, also.

The last man out of the class woke up just in time to make it. He'll frankly admit he's here because papa was a college-man. If he ever gets out, he'll show everybody how a successful man looks. But right now, what's the use?

Let's pause here, click our heels together and bow from the waist. This is for the fellow who thinks he's lucky to be here, who likes to work for what he gets, and who knows he'll make a good shoe-salesman.

Incidentally, this was done with no malice or aforethought. You, individually, probably haven't reached the stage yet.

FADE-OUT: The best preserved of the University's possessions, as yet undiscovered by the campus rats, are the magazines in the Library. They haven't even been thumbed.

Faguy-Cote to Present Students in Recital

Arthur Faguy-Cote will present a group of students in a recital at 8 o'clock Tuesday evening in the Auditorium.

The following students will sing: Misses Ruth Beard, Bernice Griffith, Mary Goldsmith, Bita May Hall, Jane Hopkins, Jeanette Hopkins, Ann Hutton, Corinne Lewis, Gwendolyn Mann, Grace Lee McClenny, Gloria Queen, Carolyn Webster and Evelyn Woodley; Mmes. Harry B. Baker, Willard Barr, E. B. Fry, Gordon Llewellyn, Stokley B. Martin, J. E. McKinney, A. E. Soniat and E. T. Stearns; James Anderson, Willard Barr, John Hayes, Weldon McIver and Robert Way.

Rev. Mr. Lemmon Is Luncheon Guest

The Rev. C. E. Lemmon was the luncheon guest of Mr. and Mrs. S. W. Hutton Wednesday. He was their former pastor at the Hamilton Avenue Christian Church in St. Louis. At present he is a minister in Columbia, Mo., and is attending the Ministers' Institute as one of its speakers.

The Rev. Glen C. Hutton, brother of the registrar and pastor of the First Christian Church in Mexia, has been a guest of the Huttons while attending the Institute.

Lois White Marries R. C. Beck

Miss Lois White, who withdrew from T. C. U. at mid-year, was married Wednesday, Feb. 1, to Robert Clinton Beck, a senior at A. & M., in the first military wedding held there in many years.

Miss Frankie White, her cousin and only attendant, left after examinations and will be married to Raymond Fry of Harlingen, March 1. Lois will be an attendance at Frankie's wedding.

Miss Bailey Plays For Study Club

Miss Katherine Bailey played several piano selections on the annual club day program of the Book Department of the University Place Study Club at its meeting yesterday.

Mrs. Gayle Scott, also on the program, reviewed "Promenade."

Sisters to Entertain For Visitor

Misses Elizabeth and Margaret Jane Biser will have a party tonight at Gibson House in honor of their guest, Miss Martha Sue Cole, a student at Austin College.

Home Ec Club Plans Mexican Dinner

A dutch-treat dinner will be given by members of the Home Economics Club Wednesday at a local cafe specializing in Mexican foods.

At a called meeting of the Club last Monday, Miss Anna Marie Boyd was elected secretary-treasurer to fill the place of Miss Kay Beck, who did not return to school this semester. A business meeting of the club was held at 10 o'clock this morning.

Mrs. Scott to Entertain Ampersand Group

Mrs. Gayle Scott will entertain the members of Ampersand with a dinner party at 6 o'clock Tuesday night at her home. The party will follow the Valentine motif.

Mavericks Discuss Spring Plans

Spring semester plans were discussed at a meeting of the Mavericks Club this morning at the home of Mrs. Artemisia Bryson, sponsor.

Wogs to Play KFJZ In "Curtain-Raiser"

Freshmen Defeat "Exam Week" to Remain Eligible—Get North Side Ace.

Happy days are here again for Coach Walter Roach and his Polliwog cage squad, as mid-year examinations are over and every member of the team retained eligibility. Also, several fine prospects were added to the roster from the midyear entrants.

As a preview of the T. C. U.-Arkansas varsity clash tomorrow night, the Frosh will meet the strong munny KFJZ quintet. A game originally scheduled with Weatherford Junior College for Saturday night was cancelled because of conflict. Coach Roach will probably start the same five men as in the past. Game time for this battle is 6:30 p. m.

Last night the Frosh traveled to Decatur to play the Baptists a return game, having won a previous tilt here by a narrow margin. After this encounter with the junior college, there remains only two other scheduled games for the Wogs.

During the last several days of non-competition, the cagers have acquired a late season polish and should exhibit a winning brand of ball in their last contests. The Freshmen have sweated through long hours of scrimmage with the varsity, as well as sessions of passing, ball handling and free throwing among themselves. In the past games, Coach Roach has substituted very little, but the addition of a capable substitute center, Floppy Blackmon, ex North Side star, will probably make for more frequent changes in the lineup.

Four Students Work For Stage Productions

Four T. C. U. students aided in recent stage presentations in Fort Worth.

Jimmy Petty played in the band with Major Bowes' Revue at the Worth last week, and Robert Glaze, Herschel Gibbs and Charles Richards all had something to do with the Lunt-Fontanne productions at the Majestic Monday and Tuesday.

Glaze played bassoon in the orchestra that furnished the musical effects for the plays and says he got the job by answering the company's request for a "good local bassoon-player." Gibbs was in the same orchestra.

Richards, a freshman, has for several years been the artist at the Majestic Theater.

Senate and IRC to Play Basketball Game Monday

Basketball teams of the International Relations Club and the Senate will tangle in the Basketball Gymnasium at 12:30 p. m. Monday. It will not be an intramural game.

The I. R. C. team will be composed of Jack Odle, John Grimland, John Goodspeed, Wilbur Mindel, Rawlins Cherryholmes and Dr. W. J. Hammond. For the Senate Walter Beck, Spencer Smith, Bill Halliday, Rex Howard, and Prof. L. O. Fallis will be the players.

The game was agreed to by representatives of the two clubs. This will be the first game for each team.

New Lettermen Take 'Medicine' From "T Gang"

T. C. U. became the "Little Italy" of Fort Worth last Monday—at least for the duration of one day.

The sinister gang known as the "T" Association took over the school. The incident was presaged by the unmistakable and undeniable odor of garlic, as seven men (by coincidence, all first-year lettermen) were taken in by the mob and sumptuously dined and feted. The entire of the day-long meal was—yes you guessed it—garlic. The same goes for the appetizer, the consommé, the salad course and the dessert.

The memorable incident was climaxed in the Gymnasium. After suffering untold tortures, the hapless seven were lined up in typical gangland fashion against the concrete wall of the Gymnasium, and the annual mob slaughter took place. "One Paw" Spinelli, alias Bob Jordan, is reported to have been the chief executioner.

The dead (figuratively speaking) are: Fred Shook and Bobby Sherrod, guards; Ennis Kerlee, tackle; "Dutch" Ehlers, end; Logan Ware, half; Jack Odle, quarter; and Connie Sparks, fullback.

The mobsters boastfully claim that "Lefty" Alexander, who fought in the Golden Gloves meet that night and consequently wasn't available for the festivities Monday, will "get his" next spring. Alexander lettered at center.

Don Looney Is Feted By Home-Town Clubs

"Smiling Don" Looney was toasted by his home-town Tuesday when he attended a banquet given by the Sulphur Springs Lions and Rotary Clubs. Coach Dutch Meyer, who was principal speaker, Bud Taylor and Albert Smith accompanied Looney.

Don was also presented before the Sulphur Springs High School, from which he graduated. There he introduced Meyer, who spoke briefly.

Frogs to Be Bolstered By Additional Material

The frogs' wealth of football material was bolstered considerably with the beginning of the spring semester.

Joe Rodgers, New London, followed the footsteps of his high school coach, Red Moore, Harmon Hightower, all-state fullback and ace passer from Paschal High School also enrolled.

And from the fine North Side High School team come Floppy Blackmon, Elmer Addington and Charlie Conway. Blackmon is also a promising cager.

Welcome news to Track Coach Mack Clark is the enrollment of Elton Hodges of Breckenridge, who attended John Tarleton. Hodges is a sprinter and a former teammate of Rice's ace timber-topper, Fred Wolcott.

Chester Gleason to Head Timothy Club This Spring

Chester Gleason was elected president of the Timothy Club for the spring semester at a meeting last Monday night. Other new officers are: Vice-President, Ed Brooke; secretary, Weems Dykes; treasurer, John Zarafonitis; social chairman, Dick Clayborne.

Installation of the new officers will be Monday night.

Ho Hum—O'Brien to Go To Pittsburgh for Dinner

Pittsburgh—or that part of it which failed to get to the Sugar Bowl—wants to see this guy O'Brien at close range.

Davey has accepted an invitation to be present at the annual Sportswriters' Dinner in Pittsburgh Feb. 19. He will be co-starred on the program with Marshall Goldberg of Pitt, Coach Bill Kern of Carnegie Tech, President Ford Frick of the National League, Manager Joe McCarthy of the New York Yankees, and several others.

Dr. Lemmon to Speak Before S.C.A. Today

The cabinet members of the S. C. A. are to have a luncheon with Dr. C. E. Lemmon, one of the speakers for the Ministers' Institute, in the "Y" Room at 12 o'clock today.

The Social Service Group will have a Valentine party at the home of Mrs. Oakley Morrison, 2551 Cockrell Street. The date has not yet been set.

Plans for organizing a group of freshmen who came in the second semester are now under way. At the cabinet meeting held at Dr. Cortell Holsapple's home last Tuesday night, plans were made for the finance campaign which will be held during the first of March.

New Horseback Club Will Organize Today

A Horseback Club, as a part of W. S. A., will be organized at 2 o'clock this afternoon.

"All girls who are members of W. S. A. and would like to join the Horseback Club, meet at Beasley's Stables this afternoon," says Mrs. Kay Spearman who will be in charge of organizing the club.

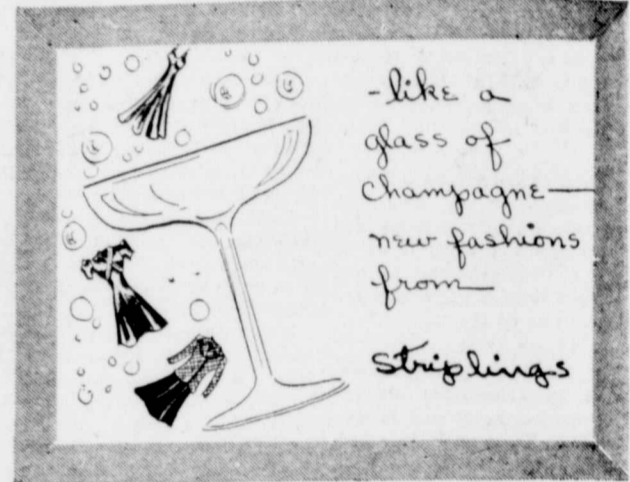

Mrs. Spearman will meet with the girls and will give them pointers in horseback riding. However, this is not a regular riding class as it was last semester.

Mrs. O'Brien's Reading Followed by Reception

"Missouri Legend," a story of the life of Jesse James, was presented by Mrs. Ella Mae Keith O'Brien Wednesday night in the Auditorium.

This is the third play to be read on the campus by Mrs. O'Brien. She was presented under the auspices of the Bryson Club. The proceeds from the program will be put into a scholarship fund.

Following the reading, Mrs. O'Brien was entertained with a reception in Jarvis Hall, with members of the club in the receiving line.

At Our New Shop

We make a point of considering each girl as an individual. We bring out those particular points of hair, skin, eyes and hands which spell a more beautiful Y-O-U.

a Happy Combination

that gives millions More Pleasure

... and millions of people before and after the show are getting more pleasure from the happy combination of mild ripe American and Turkish tobaccos found in Chesterfield.

It is the exact way these tobaccos are combined together that makes Chesterfields milder and gives them a more pleasing taste and aroma. This exact combination is found in no other cigarette.

When you try them you will know why Chesterfields give millions of men and women more smoking pleasure... why THEY SATISFY

Chesterfield

...the blend that can't be copied
...the RIGHT COMBINATION of the
world's best cigarette tobaccos
