- Swing Out
- Girls Get Chance
- Kay Writes Jim
- Prof. Experience

BY JIM NICOL  
Student Dance Manager

All work and no play will make you a dull person.

Come on—enjoy yourself—you are only young once; so lets all swing out and forget our troubles. There is no better tonic for your personality than to enjoy yourself at a real T. C. U. school dance. Your school dances are known for their real honest fun and spirit.

This year we are going to have different kinds of dances. Vice versa and goulash dances are a lot of fun; so watch out gang you are going to have lots of fun. Last year you talked about the funny incidents at the one lonely vice versa dance. This year we are going to give you a plenty to talk about. We are going to give the girls a break and have plenty of goulash dances.

At these dances the girls can come stag and tag the same as boys. If you get stuck girls, well, its "goulash" and then leave that old wallflower boyfriend. Its your chance to get even girls; so don't pass it up. I can just see that old boy now—that look on his face when that sweet thing says "goulash."

Dont get worried gents, for we are going to have plenty of those Sandbur Country plain vanilla dances where you can take your one and only. Here is a tip for you freshman girls—that homecoming dance is going to be a big affair; so get those boys on the line. Thats about the time that people get out their long-handles and strut around the floor to keep warm. Shux, that is a favorite affair.

Kay Kyser wrote me and said that he was engaged on the week end that I wanted him. Kay said that he knew of a swell fellow with a coming band that lived down in this good part of the country. His name is Jimmy Petty and he really is the tops. He also said that we probably knew that, but he just wanted to make sure.

Here is a little note that Professor Experience left me. He asked me to please give it to the students. Are you ready?

Quote—"Children take heed to this advice, for it comes from a long experience in college life. First, study hard on week days. Then when the week end comes around you can take in that swell school dance and not have to worry. In such school activities as this you will find your real school life."

"If you can't dance very good, get a girl and come down in those slick leather sole shoes. Tell her that is the way the folks down home dance and then she will just adore that old country style of dancing. When we throw vice versa and goulash dances, join in the fun girls, for it is swell to be a good sport. Try it and see if you dont have a good time. After you leave the old school, you will look upon those dances with fond memories. They will be precious gems in your memories of life." Unquote.

Don't forget Professor Experience's advice, for those dances are given for your benefit and pleasure.

Well, I will meet you when you are at your best—down at the Big Gym dancing away your worries.

## TCU Employment Agency Receiving Applications

All students interested in part-time or full-time employment should register immediately with the T. C. U. Employment Agency.

Registrations may be made with A. L. Crouch in the Business Administration Office between 11 and 12 o'clock any morning.

Students already registered should fill out new applications as new records are being installed.

## 1500 Invited To Reception By President

### Faculty Members, Students to Be Honored at Affair Wednesday Night.

### Will Begin at 8 P. M.

Parents and Patrons Also Invited to Attend—to Take Place in Library.

Faculty members and students are being honored at the annual President's Reception to be held in Mary Couts Burnett Library at 8 p. m. Wednesday.

"All students especially are urged to come and meet the faculty socially," says Mrs. Gayle Scott, chairman of the invitations committee.

Five hundred invitations have been issued to parents of the Fort Worth students, school board members, patrons of the schools and presidents of the Fort Worth civic organizations.

Members of the various committees met yesterday and today to complete plans for decorations, refreshments, entertainment and music. Dean Otto Neilsen and Elizabeth Shelburne will appoint students today to assist the courtesy committee.

### Chapel to Hear Popular Songs

Playing three currently popular songs, the T. C. U. Symphony Orchestra will be featured on the regular Wednesday morning chapel program.

The ballads to be included are "In an Eighteenth Century Drawing Room," "Deep Purple" and "Over the Rainbow."

Granville Walker will deliver the prayer and President E. M. Waits will preside.

In an effort to develop a more formal chapel program, the Rev. Perry Gresham and the University Christian Church Choir under the direction of Arthur Faguy-Cote, led the current series Wednesday with a formal worship service.

The program, which included a professional, an invocation by Dr. John R. Lord, selections by the Choir a hymn, was climaxed by an address by the Rev. Mr. Gresham on "Enlightened Religion."

"Due to the excellent response on the part of the students, we will attempt to present a similar service at least once a month," said President Waits.

## Band Has New March, Arrangements for UCLA

When the Horned Frogs and the Uclans meet in Los Angeles tonight the air will not only be filled with passes but with several new arrangements and a brand new march by the Horned Frog band.

George Campbell has composed the march, but as yet it has no name. Director Don Gillis says that he hopes the student body will supply a name for it.

Campbell has also made new arrangements for "Blues in Swingtime," the U. C. L. A. Fight Song and "I Never Knew." Ed Lee has arranged "Scotch Swing" and "Some of These Days."

Gillis has arranged "Oh Susannah" and "National Swing" while Julius Winkler did the same for "One O'clock Jump." The band will also feature a new version of the "St. Louis Blues," Paul Whiteman's arrangement of "The Eyes of Texas," a new arrangement of the Fight Song by Ed Lee and the perennial favorite, "White Heat."

A new five-way saxophone section will be featured with the solos being taken care of by Gene Scrugham on the tenor saxophone, Ed Lee and Emmett Spinks on their trumpets, Jimmy Petty and his clarinet and Gillis on the trombone.

The Frog swingsters are no strangers to the fans on the coast having appeared there several times before. Each time they have received tremendous applause from the Californians.

We are going to try to live up to our reputation with the coast fans and I'm sure we will do it," said Gillis. In preparation for the trip new signs have been painted on the base drums, the base horns have been shined and new plumes for the caps are being sent to Los Angeles via air from Philadelphia.

Forty-two men and Drum Major Tom Barber and Director Gillis are making the trip. The bandmen include: Jimmy Petty, Monroe Bicknell, Louis Hoblitt, Robert Glaze, Bill Douglas, Howard Rector, Emmett Spinks, Ed Lee, La Nee Davenport, Eddy Jackson and Gilbert Jackson, Carl Shirley, Charles Horan, Rex Beene, Hazlett, Lawrence Schenk, Duer, Willie Black, Eltinge Portefield, Russell Caviness, Don Ver Duin, Harrison, Sutton, John Hayes, Gene Scrugham, Clyde Gibbs, Julius Winkler, Price Doeier and Danny Hamilton.

Pitts Crudgton, John Covanes, Guy Baird, George Campbell, Billy Lewis, Emmett Spinks on their trumpets, Jimmy Petty and his clarinet and Gillis on the trombone.

## Fate Plays Joke As Council Votes In Gym, No Smoke

Fate will have her little joke on the Student Council.

At the meeting Tuesday night the subject of smoking at school dances was brought up for discussion.

Prof. Charles R. Sherer explained at length that the question was not and had never been one of morals, but that the fact that the Basketball Gymnasium was a fire trap was the motive for exercising a ban on smoking.

President Bill Chappell then said, "It has been moved that smoking be banned at school dances so"—suddenly the light in the room interrupted him by blinking solemnly off and on, like a gigantic wink. When it came back on, the faces of the entire Council were rosier, and sheepish laughter was much in evidence.

## Students, Band Rally Thursday

### Yell Leader Kellam Thanks Students For Help at Last Session.

Yells in swingtime and the Horned Frog swing band will be the main features of the pep rally to be held next Thursday night at the T. & P. station when the Frog gridsters leave for Fayetteville to play their first conference game.

"Since the team does not leave until 11:00 P. M. Miss Shelburne, dean of women has granted late permission to all women dormitory students," said Duane Kellam, head yell leader. Everyone will meet at the Arch at 9:30 Thursday night and transportation will be provided for all dormitory students.

"We wish to thank the town students for their fine spirit and co-operation in providing transportation at our last pep rally," said yell leaders Duane Kellam, Bill Crossfield and George Stroud.

Further announcements will be made in chapel next Wednesday.

### Three T.C.U. Graduates Awarded Fellowships

The English Fellowships at T. C. U. are held this year by Misses Virginia Griggs, Mary Louise Witherspoon and Frances Harris, all of whom hold a degree from T. C. U.

Miss Griggs is on leave of absence from the Fort Worth Public Schools to study for her Masters degree, and Miss Witherspoon has leave from Bartlett High School in Bartlett, Texas.

Further announcements will be made in chapel next Wednesday.

Combined enrollment figures of both the day school and Evening College have soared past the 1400 mark this week according to Registrar S. W. Hutton.

"The day school enrollment is recorded at 1158 so far and the Evening College figures are still increasing rapidly due to the later registration. The combined figures should total approximately 1700," Mr. Hutton says.

New members accepted were Jim Gean, Jack Sherley, Hal A. Siro, Misses Marie Seaberry and Mary Margaret Womack.

Prof. Hammond, sponsor, discussed plans for future engagements which the club has accepted. "Propaganda vs. News" will be the topic for discussion at the next meeting.

New officers are: Rawlins Cherryhomes, president; Jewel Dillingar, vice-president; Vera Williams, corresponding secretary; and Beth Lea, recording secretary.

## Let's Cooperate

The ideas about co-operation and co-operatives are in no respects new on campuses of many schools all over the world. If a group thrives and progresses there must be co-operation on every hand; it is the only democratic way of close association.

The residents of Clark Hall have attempted to solve this problem by establishing a co-operative store that enables the students to get the advantages that originally went to the middle man. This system does not, however, remove the "middle man" completely from the scene. He is hired by the residents to operate the whole system. In this manner the entire group is pleased since residents get lower prices and the original entrepreneur holds his job.

Why can't this example be transferred to the T. C. U. bookstore. Here each year, the students pay many hundreds of dollars to

earn which coincides exactly with the common "middle man." The bookstore then must make a profit in order to maintain this economic status. But why does it have to uphold this economic system? Would it not be just as profitable for the employees if they remained on the same salary, which instead would be paid directly by the students, as it would be to carry on the system common at present?

Let the students buy membership cards into an organization which they will run themselves. In this manner the students can take advantages of the savings offered in mass buying. They will be buying for themselves from wholesale concerns where there will be no profit for a retail organization. There is no reason why this student body should pay a large profit on every book that is purchased. The only profit there should be is just enough to defer the expenses of freight, salaries and upkeep. The rest should go to the students in savings. This system is definitely not a dream; it has worked elsewhere, it will work here. Who will be responsible for making the T. C. U. bookstore a co-operative?

## Act Now

Each year when the annual is published and presented to the students, the students have an abundance of remarks, suggestion and criticisms to make on how the year book could have been improved. But this criticism comes too late to be of any use to the book that is already out.

Next spring there will probably be comment. This year the Horned Frog editor will endeavor to put out a book the students will be proud of and one that will please them. But there is only one way for him to succeed: By having the full co-operation of each student.

The book is for the students and it is their responsibility as well as their duty to assist in making this year's annual bigger and better than ever. What can be done, you say?

The answer lies in you students. YOU can turn in candid campus shots that you would like in the annual. YOU can have your picture made at the appointed time so there will be no difficulty with extended deadlines. YOU can make your suggestion NOW.

So, students, the Skiff says, "Act now, don't criticize next spring!"

## Are You Ashamed?

When the "Star Spangled Banner" is played at a public gathering, there isn't a red-blooded American in the crowd who doesn't stand at attention. (See Senator Dies for a definition of "Americanism") The reason? Deeply rooted in the heart of everyone is a personal pride in his country and its ideals. He is thankful for refuge—a haven—such as the United States offers in such times as are fomenting on foreign soil.

Are T. C. U. students ashamed of the school they attend? Is there anything shameful about an institution with the principles and deep-lying current of democratic friendliness that Texas Christian possesses? The lack of student response to the Alma Mater song can not be blamed on the freshman by a wishy-washy pack of buck-passing upperclassmen. They didn't honor the school song when they were freshmen.

Seniors will be leaving this campus this coming spring without having ever learned the words "Hail, All Hail . . ." Much less have they made any effort to teach a freshman the song, or even see to it that he learned it. Yet, there isn't an upperclassman in school who hasn't at one time or another reprimanded a lowly "fish" for not knowing his, the upperclassman's, name.

Honour where honour is due—a justified respect for a deserving institution—an innate pride, if only personal—at least one of these should be incentive enough for the most individualistic and sophisticated student to remove his hat and at least stand quietly while the band plays" . . . Praise to thee, T. C. U."

## Just "Fresh-Men"

There is a group of young gentlemen on our campus—yes, very young, who think when they start to wear that little green cap' that the right to be gentlemen has been taken from them.

Why should they remember any of their training before coming to T. C. U.? Why should they bother to keep a date when they can have as much fun at a game of snooker? And it's certainly all right for a young "freshman Freddie" not to show up either at the prom or for several of his dances if he doesn't particularly like the way one of the girls wear her hair, her southern drawl or her height.

When time for the prom rolled around last Saturday night there were suddenly several grandmothers, broken legs and peculiar illnesses that came on about 7 p.m. If for no other reason these boys should have a sense of decency—for a change.

One freshman girl was escorted home from the prom by one of the professors because her "green-capped hero" suddenly decided to leave—either because she wasn't a jitterbug or maybe because she was—maybe because he didn't particularly like the color of her dress or the flowers in her hair. Anyway, the height of rudeness was reached by several frosh!

There is nothing that can be done about last Saturday night but in the future upperclassmen should make it a point to give their freshmen a few chapters in Emily Post to read daily before the prom. Indeed, the color of their caps is often reflected in their actions.

## Shall We Smoke?

The calendar says we live in the Twentieth Century, but rulings on the campus point to the times of Good King George.

The question is: Shall a student if he so desires be able to take a drag off one of his favorite weeds between classes without leaving the halls? The students have been informed that they may expect severe punishment if caught smoking in the halls because it is alleged that the butts clutter the floor and make for an untidy building. True, students do not like to put the butts in their pockets and seeing as how there is no other place handy, they drop them on the floor.

So, why not, instead of trying to limit students from smoking in the halls simply because it clutters up the floor, place several big urns on each floor filled with sand so that the students will have a place to drop the butts. Other schools do this and seem to be able to keep their halls clean, so, why can't T. C. U. help their students enjoy their stay here instead of limiting their every action.

It is estimated that if the amount of time spent in a drug store by a student was known, it would exactly equal the number of his class cuts.

T. C. U. really has local color. Those cow-trails cutting across the campus lend that "mekid-looking" Western atmosphere.

## THE SKIFF

## Around and About

In the first place, this column is for your benefit. I'm talking to you, LUG. I know you're reading this. This is the first place you look when you get your SKIFF. Well, let me tell you something—There won't be any "Around and About" if you don't do something about it. Do you like to read this tripe? Oh, yes you do. You keep hoping your name'll appear in print—dirty print. Now I'm snoopy, I'll admit. But I ain't NEAR SNOOPY ENOUGH to cover this whole dang campus. So kick in with some dirt—any dirt—at the SKIFF office, or no column.

The GIBSON HOUSE grapevine system reports the story of the plumber and the maid. One of the alleged RESIDENTS had presumably begun her BATH, when, it is reported, in barged the PLUMBER. (Now sue us.) It is conjectural which of them was the more embarrassed.

From the same source trickles the "info" that VINETA WORTHINGTON joins the ranks of the "promised." The lad is a minister from the school across town.

This is to dispel all rumors to the effect that JOEY (LOVER) JAMES is going steady with that HI! BLONDE. He ain't going steady with anyone. UNQUOTE. They say once bitten . . . But it really isn't cricket for him to run around this way. It's indecent to FORGET so soon.

I told you so, I told you so, I told you so. I always knew these here now STRAPLESS EVENING GOWNS were brewing TROUBLE. Well, the combination of no straps and jitterbug dancing was too much for a tiny lass' zipper Saturday night.

I hate to get started, but the HEELS really showed their true nature about the PROM. Onions to a large group of them—including—but there isn't room. But this calling off of dates doesn't do the trick.

And it is authoritatively reported that one couple (a couple constitutes a boy and a gal) was found in JAVIS PARLOR sometime around 1:30 O'CLOCK SUNDAY MORNING.

MAX BALLENGER has been studying in the presence of the blonde JANE CHILTON.

And try to beat the duo of HOMER BAUGHMAN and BETTY JO BILLS for a "cute" freshman couple.

Scribe JOHN GOODSPREAD is reported to have gone to MICHIGAN this summer for a week's stay. He stayed six—climaté?

JEAN (TENNESSEE) WALKER has acquired the class ring of one BILL WRIGHT. When will these freshmen learn?

"Why don't you speak for yourself, GEORGE?" YELL LEADER STROUD had a little misunderstanding with la Findlayson, and BUDDY HAL GARDINER drew the sucker role to try and fix it. Truly an enviable assignment. Look at Belgium.

Now we'll rest our case on the reverberations.

What well known BUSINESS MANAGER has left old pastures for what he calls the real thing.

SCA Social Service Club  
Draws Up Plans for '39

Plans for the coming year were drawn up at the first meeting of the Social Service Club of the Student Christian Association held Tuesday at the home of Dr. A. L. Porterfield.

Those present included Dick Isaacs, Chester Gleason, Dick Clayborne, Mary Lois Springer, Clada Mae Jones, John Frank Lucas, Clarence Easter, Hal Siras, Betty Seaton, Ora Shelton, Elma Cudlip and Dr. and Mrs. Porterfield.

So, why not, instead of trying to limit students from smoking in the halls simply because it clutters up the floor, place several big urns on each floor filled with sand so that the students will have a place to drop the butts. UTCH MEYER will throw his charges into battle tonight and risk his last year's perfect record, so, with probably greater danger. The Skiff sports staff will attempt to predict the outcome of the game.

The Purple's engagements this year, that is, until we guess one or get our walking orders. Milton Atkinson, fresh scooper, thinks the score will read 20 to 7. Jimmy Morris, varsity sports writer, believes the score will be 27 to 13, while Jack Billingsley, intramural man, thinks 19 to 0 will be correct. The Horned Frog Tracks believes the score will turn out to be about 13 to 6. Of course, all of these picks are in favor of the home team.

Of interest to golf aspirants is an announcement made this week by Prof. Tom Prouse, head of the physical education department. For the nominal sum of three dollars Prouse will get 12 boys into the Worth Hills Club. This offer is open to sophomores and in some cases to freshmen. The golf played will be counted as physical training credit. All interested are urged to see Prouse at once.

The Frogs always have unheralded linemen who receive little notice until the end of their college career, then maybe some sports writer will give them the break that they have deserved all along. Men like Solon Holt and Allie White are good examples. This year is no exception in that respect for in our opinion Ennis Kerlee will be in line for some highly complimentary remarks before this season draws to a close.

Kerlee won his first varsity letter last year as a sophomore behind Allie White and this year he has stepped in to fill the tackle post, and is doing it well. There has never been any doubt in the coaches' minds as to whether he would be listed on the first string. Scaling around 210 Ennis may be one of T. C. U.'s greats some day, so, take time out sometime and watch No. 35 perform.

Down in Aggieland the fans are all pepped up over the showing of a couple of high stepping backs. Derace Moser, sophomore, showed a clean pair of heels to Oklahoma last Saturday, averaging 14.5 yards per carry. The other lad is Bill Conner who is touted by Coach Conner to take the place of Dick Todd.

In Shreveport the Centenary Gents are boasting a team composed of 22 lettermen headed by such stars as Ed Whitehurst and Weenie Bynum. These two lads were a thorn in the Frogs' side last year and if Coach Curtis Parker can be trusted they are a whirl of destruction this year.

Temple must have taken a leaf out of the Horned Frog book last year because word from Philadelphia indicates that the Owls are going to be a real threat in the air this year. The Owls' new mentor, Fred Swan, has worked out a pass system all of his own and promises that it will deal the opposition plenty of misery.

If the Horned Frogs had many more road games at the first of their schedule they would probably have to do like St. Mary's of San Antonio and hire themselves a tutor to lecture them as they traveled. After the fray tonight the boys will be off to the hills of Arkansas, and before they will have time to get their clothes cleaned they will be off to play the Temple Owls. All together the Purple will have traveled close to 5,000 miles in their first three games.

## Frogs Tackle UCLA Bruins In '39 Opener

Squad Works Out Twice on Way—Sherrod Is Defense Starter.

## 36 Boys Make Trip

Game to be Played in Los Angeles Memorial Coliseum—KGKO Will Broadcast.

Can the Horned Frogs of Texas Christian University beat the mighty U. C. L. A. Bruins? Experts seem to be about evenly divided upon the subject, but to a squad of 36 Purple and White footballers there is no doubt as to the outcome of the game. Not that the Frogs are cocky, far from that, but they have confidence in their ability to play football.

Tonight the Meyermen will line up in the mammoth Los Angeles Memorial Coliseum in front of about 60,000 coast fans, who haven't forgot the show the Frogs put on in defeating Santa Clara twice in California. The game will get under way at 8 p.m., Pacific Coast time, and can be heard in Fort Worth, at about 10 o'clock over station KGKO, who will put the game on the air as soon as the Dixie Series baseball game is over, but in any case all of the game will be broadcast.

Coach Dutch Meyer didn't take any chances on the boys not being fully accustomed to lights for several times night games have almost been the undoing of the Horned Frog teams. The team worked out under lights once at Farrington field and twice since then on the road.

Word from California that there was a possibility that the game would have to be played on a wet field brought groans from Dutch Meyer as the Frogs haven't so much as even seen a mud puddle this year. A wet ball would mean that the Purple would have to confine themselves almost entirely to the ground, which would likely cut the Frogs' chances of scoring in half. However, the running attack, led by Connie Sparks and Earle Clark, isn't exactly something to be discounted without considering that they piled up quite a few yards and touchdowns for the home team last year.

From all indications it appears likely that all of the "A" team will be at full strength. Bobby Sherrod, who has been a doubtful starter for several weeks, is reported to be ready to take his guard post. This leaves only Lefty Alexander as a possible "crip" and while he may not start the game he is fit enough to see service if needed.

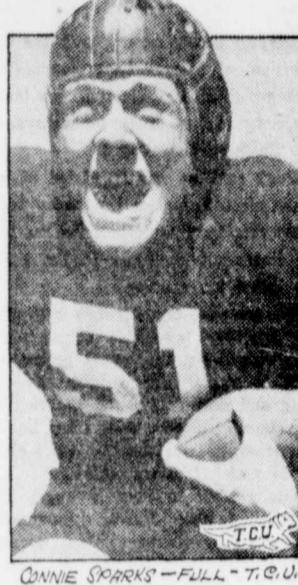

The team that will start the game tonight will be Durward Horner and sub-Capt. Don Looney, ends; Bob Cook and Enis Kerlee, tackles, Capt. Bud Taylor and Bobby Sherrod, guards; Fred Shook, center, Earle Clark and Logan Ware, half backs; Connie Sparks, fullback; and Jack Odle, quarter.

## Wogs to Show Their Wares Next Thursday

Weatherford Coyotes Are Guests For First Freshman Tilt

## Defense Looks Good

Bagley, Sherman Slover, Wright, Are Outstanding Men During Training Period

With two weeks of hard work behind him, including a rough and tumble defensive scrimmage against the Varsity team last Monday night, Coach Walter Roach's Polliwogs are rounding into shape this week for a tete-a-tete with the Weatherford Junior College Coyotes in the Frog Stadium next Thursday at 2:30 p.m.

The argument with the Coyotes will be the first scheduled game of the season for the Wogs, and the freshman coaches are working the boys hard to insure a good showing.

In the scrimmage against the Varsity last Monday night at Farrington Field the Freshmen were on the defensive all the time and had no chance to show their wares on offense. The defense, however, was unusually strong and Coaches Roach and Lacy McClanahan were very pleased.

During spring training of 1938 when Coach Dutch Meyer issued a call for a blocking back and a power runner, he was quickly answered by two boys, Earl Clark and Connie Sparks, who went on to play major roles in the Frogs' drive to the national championship. These same two boys are back again and it is around them that coach Meyer hopes to build another great backfield.

When Earl Clark reported for foot-

ball practice at Breckenridge High School in the fall of 1933 he weighed 138 pounds, yet he played regular blocking back for three years, making the all-district team the last two seasons he played. Earl also played in the high school band and orchestra. He now plays violin in the Fort Worth Symphony Orchestra. Clark is rated by Dutch Meyer as the best all-around player on the Purple squad. He has never been thrown for a loss during his college competition and he ranked third in the conference scorers last fall with 36 points.

Connie Sparks came from the class B school of Panhandle way up in North Texas. Connie lettered for three years there and during his last year was one of the four leading scorers in the Texas Interscholastic League. Connie ranks as one of the best punters and power runners in the Southwest and was all-conference fullback last year, his sophomore year. Connie led the Southwest Conference in scoring last year with 66 points and has two more seasons to go.

Not much is known about the Weatherford team except that they

have a sensational passer in Porter,

signal-caller for the Coyotes, and a

good runner in Tanner, right half-

back. The Varsity along with Marcell and

Odell Harrison, Derrell Palmer and Billy Blackstone, tackles, were in on most of the plays and Bill Wright, guard, seemed to be all over the field.

In the backfield, Roy Burklow, Marshall Goodwin, Bus Biernan and Bill Thompson showed up well.

"Defensively, we ought to have a scrapping team," said Coach Roach. "Offensively, well, it remains to be seen. We have an unusually good bunch of freshmen footballers this year and they look like they really want to play. There are several hard tacklers and that's an asset to any team."

Four Wogs are on the sick or injured list. Billy Sherman, starting center, threw a knee bone out of joint in Tuesday's scrimmage and will be out about three weeks. Howard Wilson broke a small bone in his wrist and will be out indefinitely.

One of the Harrison twins, Marcell, who is a probable starter at one of the end positions, bruised a shoulder in Tuesday's workout but the injury is not serious and he is expected to be ready Thursday. Bill Ramsey, fullback, has been sick for the past week and will be out indefinitely.

It turned out, however, that neither the coaches nor the freshman had a sunstroke. The barefoot boy was Raymond Neill, and he says he can kick a football farther with his shoes off than with them on.

## Hats Off to Boy Who Smacks 'Em With Shoes Off

Coaches Walter Roach and Lacy McClanahan thought the sun had affected one of their Freshmen football players the other day at one of the workouts. The coaches came onto the field to start the practice session and they saw one of the fresh running around without his shoes on. Presently, he picked up a football and punted. The ball went 70 yards down the field! "Whew!" said Coach Roach. "Lacy, maybe we've been 'touched' by the sun."

It turned out, however, that neither the coaches nor the freshman had a sunstroke. The barefoot boy was Raymond Neill, and he says he can kick a football farther with his shoes off than with them on.

## President's Reception Is T.C.U.'s Oldest Tradition

By LOIS HERZ

Tradition will take the place of honor on the social calendar this week and we'll all go to the President's Reception Wednesday night.

These young moderns are supposed to be a bit rebellious about tradition in general, but a college campus, even the most unconventional modern will admit, needs a certain amount of it. And so a college year just isn't complete without the annual reception—the one time when everybody has a chance to meet everybody else.

For this special occasion, the Library gets an extra polish and some decorative flourishes, everyone dresses his best, and then the introduction can begin.

It's especially an excellent time for new students and their parents to get acquainted with faculty members—and also those football heroes are going to be on hand.

JUST A NOTE of warning to reception guests: Don't be too upset if, at the end of the line of introductions, your name doesn't sound like the one you started out with. You might even come out with one you like better, and anyway, it's likely to happen to anybody.

CAREER-minded senior girls with a flair for fashion and writing have opportunity opened to them by a nationally-known fashion magazine this Fall. One prize in the contest (about which we'll have the details soon) will be a year of fashion work in New York and Paris—and what girl wouldn't trade her newest and giddiest hat for just a chance at that?

And while we're on fashion, it seems about time that a lively controversy on that subject was started. Last year everyone was discussing the "upity" hair-do. Lately a magazine commented, "Slacks are the coming thing. You can count the campuses on one hand where they are still forbidden."

So we intend to investigate the "slack-titude" on this campus. (Not advocating it, mind you, just curious.)

Member last week's puzzle—about the two hoop-skirted girls in the coupe? One resourceful freshman said he would leave the coupe at home and roll the girls to the dance.

### Officers Elected For Brushes

The Brushes Club met at noon to elect officers. George Louden was elected president, John Goodspeed vice-president, and Miss Beth Lea, secretary. Miss Marcella Bus is the social chairman. The club will have initiation for new members in a week or so.

## Fair Sex Elects "Big Boy" Pugh Matron of Court

Despite heavy boozing and the opposition of three other candidates, Leonard Pugh was elected by a large majority to the office of matron of the Business Law Court.

Pugh said he was so elated at his being elected, and of the heavy feminine vote that he pulled, that he had no statement to make to the press regarding his election.

The purpose of the court is to give the business law class actual practice with the proper court procedure.

If a student is caught chewing gum and doesn't furnish the rest of the class with wax, he is tried, and if convicted, he must sit the entire class up to a nickel bar of candy.

Other officers elected were: Bill Patton, judge; Malvern Stevenson, prosecuting attorney; Don Looney, sheriff and Billy Bilderback, bailiff.

## She Can't Lose; Frogs or Bruins Okay With Her

We have a Bruin among us! One of those California Bruins from U. C. L. A. is the person a spy and should we take the necessary steps—No, nothing like that for the Bruin is of a very gentle sort, Miss Leslie Lewis by name, who is a senior transfer from U. C. L. A.

Miss Lewis is not quite sure just who she would like to see win the game tonight being somewhat undecided whether or not she should chuck four years of Bruin spirit overboard and take up the Frog banner or not.

"After all," Miss Lewis says, "I can't just turn my spirit on and off like a radio, but give me time, this T. C. U. climate is beginning to make me feel for my adopted Alma Mater."

### Dames Club to Meet In Jarvis Hall

The Dames Club will have a meeting at 11 a. m. Monday in Jarvis Hall. Mrs. Bruce Banks is the president of the organization.

## Kampus Keyhole

By Helen Ruth

Snooping around . . . to find out that two freshman girls arrived on the campus in the wee, small hours, found their rooms in what they thought was the girls' dorm and went to bed—only to learn the next morning that they had slept the night in CLARK HALL . . . also that BEAUTY POTTS POTTISHAM didn't have a late date after Saturday night's prom and KEN GRIFFIN got all steamed up about nothing . . . and that CHARLIE ZLATKOVICH, now a pro, is going STEADY with TWO girls at the same time, VAS YOURE, SHARLIE?

Snooping' at PAUL'S, we found just what ANNE HUTTON, Paschal beauty now gracing our campus, will want . . . wedge heel suede shoes with alligator trim. In new fall shades and with bags to match. Also ANNE will like the genuine all-over alligator pumps with matching bags . . . PAUL'S at 606 Houston is an old-time T. C. U. favorite, and, confidentially, (DON'T TELL THIS TO A SOUL) has the cutest campus foot gear in town. An' we rilly mean it . . .

A fuzzy sportster called SHIP AHOY is the answer to that hat problem for Frogettes . . . You'll find it and all the other latest models at HAT LAND, 507 Houston. Of course you wouldn't be interested in anything so down to earth as PRICE but they sell for (shhhh)

\$1.95 up . . .

KAMPUS COUPLES, such as CAROL GOWAN and JACK BIGHAM, MELTON BARKER and JUDY WHITCOMB, MARCELLA BUS and JACK SHERLEY and LOIS HERZ and JACK REEDY will be glad to know that Frogland's most favored dance spot opens Oct. 19. THE DEN, Hotel Texas, stages a big opening with BOBBY PETERS and his CONTINENTALS playing. You'll remember BOBBY as the lad we all howled for last year. Who'll ever forget his take off on Snow White? . . . OR THE THREE TOPPERS (trio), or BETTY LOU, blonde vocalists with ooooomph!! However, girls, don't worry. She's happily married, so your current heart throb is safe . . . Also the DEN is being done over in 19 different pastel colors and will have new lighting effects. Don't forget a really BIG DATE—Oct. 19.

For a hair do that's sweet and simple and yet still smart (like the one LOUISE LACKLAND effects), go to R. E. LEONARD'S BEAUTY SALON, 815 Houston . . . YOU, TOO, can be a Kampus Cutie . . .

Tip to BONNIE WESTBROOK and VICTOR WEINGARTNER, whose popularity with freshman boys has been on the wane lately . . . You'll have a new outlook on life if you're wearing comfortable campus moccasins from JARMAN'S MEN'S SHOE STORE . . . They're hand-sewn Indian shoes made of oil tan leather and tied with buckskin, and come in sizes for either eds or coeds. You can get them at 802 Main for only \$2.95. JARMAN'S also displays those gay-colored socks which the guys are wearing this year to get even with the girls for THOSE HATS . . .

SOUR LEMONS to the guy who broke a date with HELEN JANE THOMAS for the freshman Prom because he was going steady with somebody else . . . HELEN JANE, however, doesn't let things like that bother her. We saw her at GAN'S the other day declaring she'd won the masculine Frog popularity with one of the combination slide and knit sweatshirts that GAN'S is selling for \$2.95. Combinations of kelly green and autumn brown and royal blue and duodenal are available in button-down-the-front models . . . 610 Houston . . .
