125 Students Will Compete At 7 Tonight

Novel Events Are Lined Up for Big Open House by Keplinger, Prouse.

Everything Is Free

Marionette Show, Four-Act Play Are Scheduled Besides Swimming, Boxing, Other Contests.

By VERNIE BARBER

Tonight is the night, etc. Only five other times in T. C. U.'s history has there been an approach in free entertainment value to that offered by the sixth annual Intramural Open House—and once again when the Yankees got chased at the first battle of Bull Run.

More than 125 contestants—a record number—will be on hand to put on three full hours of continuous entertainment.

In addition to the regular events of swimming, boxing, basketball, fencing, badminton, etc., several special and novel events have been lined up by Prof. Tom Prouse and Intramural Manager Tom Keplinger.

A marionette show—a four-act play, "Rastus Plays Pirate," is in the bag through the courtesy of Hugh Ashburn of the Recreation Department, in co-operation with the WPA. The show will be presented in the basketball gymnasium.

Minstrel Show to Be in Wings There will be a minstrel show waiting in the wings that will be presented if time permits, and an indoor horseshoe match between State Champ Ralph Travis and Prof. C. R. Sherer, and a student team of Ed Norment and Stanley Wilson.

What cake is to ice cream, the basketball game between the Red League Juniors and the girls should be to the Open House. The Seniors "won" the right to meet the girls by going down in defeat in a close overtime game Wednesday night with the Juniors of the same league. The boys will be led by Davey O'Brien and Arthur Moseley. The game will be played with the boys wearing boxing gloves and according to women's rules.

Wrestling Match to Be Climax As a climax there will be a wrestling match between the campus champ, "Killer" Bill Lewis, and the captain of Hitler's Torture Guards, the Masked Marvel, who was run out of Germany because he was too rough. The Masked Marvel promises to unmask if defeated. Tom Keplinger will referee the grunt and groan grind by compulsion.

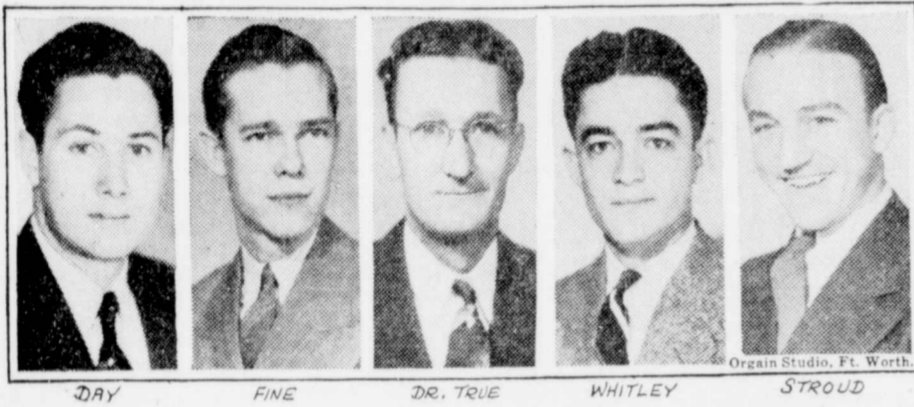

Festivities get under way in the basketball gymnasium at 7 o'clock with the basketball championship, the Red League Juniors playing the Blue League Juniors.

At 8 o'clock the interest shifts to the pool when the various swimming events get under way. At 8:30 p. m. two other events start. There will be a fencing exhibition between Miss Florence Behler and Miss Paula Murchison. The badminton championship is also scheduled for this time.

Boxing to Begin at 9:30 p. m. At 9 o'clock the scene shifts again to the Basketball Gymnasium with the marionette show. When the clock hands point to 9:30 o'clock the seven

"You Snap 'em, We'll Print 'em," States Jackson

It's easy. All you have to do is click the shutter and there you have it. Well, maybe not a prize photograph the first time, but with a little practice you'll soon get one you can turn in to the annual staff. Then you'll have the thrill of seeing one of your own snapshots printed in the Horned Frog.

"We know everyone wants to see pictures of his own friends in the annual," says Editor Sam Jackson, "and the way to make sure of this is to turn in to us all those old campus snapshots you've been saving. Send in either negatives or prints, and if they're suitable, we'll use them. By the way, all negatives will be returned."

The annual staff has also set next Saturday as an absolute deadline for all clubs to hand in their money for annual pages. "We must have the money or have made arrangements with all clubs by that time," says Sam, "for that part of the annual will go to the engravers March 15."

I. R. C. Members To S. W. Meeting

Dr. W. J. Hammond and 12 members of the I. R. C. will leave Thursday afternoon for Fayetteville, Ark., where next week-end the southwestern regional meeting of International Relations Clubs will be held at the University of Arkansas.

This region is composed of clubs from colleges in Texas, Louisiana, Oklahoma and Arkansas. Last year more than 200 delegates attended the meeting at Shawnee, Okla.

Miss Amy Hemingway Jones, national executive secretary of the I. R. C., will preside.

Three T. C. U. students will be on the program of the two-day meeting. Misses Beth Lea and Jewel Dillinger will read papers on "Democracy, Can It Survive?" Rawlins Cherryhomes, president, will close the conference with a talk on "American Foreign Policy—Neutrality, Co-operation and Isolation."

Geology Class to Leave For Arbuckles March 29

The class in "field and structural geology" will leave March 29 for the Arbuckle Mountains in Oklahoma for their annual spring trip. They will stay at Cedarvale Camp near Turner Falls.

Those who will make the trip will be announced by Dr. Gayle Scott next week. The group will return to Fort Worth March 31.

Twelve members of the Frog Forensic Fraternity left this morning for Waxahachie where they will participate in the annual Trinity Forensic Tournament at Trinity University today and tomorrow. Teams entered in the debating are Miss Margaret Biser and Miss Grace Jarnagin, Fred Cruseman and John McGraw, Joe Day and George Stroud, Sam Dugger and Scranton Jones, Arthur Norred and Rufus Whitley, and Doyle Fine and Ernest Finney.

Norred and Stroud will speak in the extemporaneous division, and Whitley will compete in the radio speakers division.

Wednesday morning the Horned Frog debaters will begin their annual spring tour when they journey to Shreveport for debates with the Centenary College teams that night. From there they will go through the southern states, meeting various college and university teams until they arrive in Knoxville, Tenn., where they will compete in the national meet of Phi Kappa Delta. The trip will cover approximately 3800 miles and last 19 days.

Doyle Fine, George Stroud, Joe Day, Rufus Whitley and Dr. True will make the trip.

"We will meet some of the outstanding speakers in the university world," Dr. True says, "and, while we don't expect to win a great deal in such competition, the experience should prove of much value to us in later tournaments and debates."

The catalog will list Ed Winton, Galen McKinney, Charles Roeser and Stanley Thompson, all of Fort Worth, and I. W. Keyes, Corpus Christi, as new members of the Board of Trustees. Men's Glee Club, Women's Chorus Start Trips March 26, Finish April 23.

Jacksboro Is First

Other Towns Include Breckenridge, Mineral Wells, Ennis, Waco, Lancaster, Hillsboro.

A series of seven concerts in surrounding towns will be presented by the Men's Glee Club and Women's Chorus starting Tuesday, March 26, and ending on April 23, according to Business Manager Jack Sherley.

"These appearances will serve to fill the gaps between previously arranged programs, and also give us a little extra practice and the school some publicity," he says.

The initial performance is scheduled for Jacksboro, to be followed on Sunday, March 31, with a concert in the afternoon at Breckenridge, and another the same night in Mineral Wells.

On Friday, April 5, the groups go to Ennis, then a week later appear in Weatherford.

After the State Choral Club concert, set for Friday, April 19, in Waco, the series will be closed out on Tuesday in Lancaster.

The program in Breckenridge is the only one that remains to be confirmed, and is the lone afternoon performance scheduled. No date has been set for a concert that will be given in Hillsboro.

'Varsity' Cast To Have Party

After all expenses had been cleared and everything paid for, the Varsity Show had enough left over to have a party for the entire cast. The date for the affair has not been set as yet. The idea of a party was brought up at a meeting of all members of the cast last Monday.

Miss Maria Domina, director of the show, will be given a \$25 dollar bonus for her work in the production besides her 10 percent of the net profits. Members of the cast also voted to give her an option on the contract for next year.

Prof. Charles Zlatkovich, Bob Johnston, Harold Caylor, Miss Juanita Foster and Miss Janis Warren are making arrangements for the party. They will meet at 4 p. m. today in the Men's Club Room.

'Backstage' Will Feature Fat Stock Show Music

With Bill Douglas writing script and Ed Loe in charge of the program, selections that will be used at the band's daily concerts at the Fat Stock Show will also be featured for the next two weeks on "Backstage" broadcasts at 10:30 p. m. Sunday over WBAP.

"Numbers will be well rehearsed at the show, and probably selected but a short time before they are aired. For that reason, no definite program can be released," says Director Don Gillis.

Plans for the coming social and for the banquet to be held sometime in May will be discussed when the sophomore class meets at 11 o'clock today in the Auditorium.

Miss Hutton T. C. U. Envoy

Freshman Girl Selected by Council to Go to U. of Texas 'Round-Up.'

Miss Anne Hutton, Fort Worth freshman, was elected to represent Frogland at the University of Texas's annual Round-Up to be held in Austin April 5, 6 and 7, by unanimous vote of the Student Council Tuesday.

Because of the short time in which the Council was given to choose a representative, it made the selection itself rather than stage a general student body election.

Miss Hutton will, along with representatives from other Texas schools, be the guest of Texas University during the Roundup festivities. She will participate in the rehearsal April 4, the Round-Up Revue the following day and will be a member of the Sweetheart's Court at the Texas Relays in Texas's Memorial Stadium April 6.

She will be escorted by Harmon Hightower.

Other business considered by the Council included a proposal to secure permission for dancing in the Cafeteria during the lunch hour in the Alcoe.

If the Administration's permission is obtained, a record machine will be installed in the Alcoe for the students' use. A definite announcement upon the outcome of the proposal is expected next week.

A suggestion box was placed in the hall of the Administration Building yesterday in order to encourage student participation in student government. The Council has promised to seriously consider all reasonable suggestions made.

Easter Dance Will Be March 16 in Gymnasium

"Tomorrow night's dance will be impressive by its absence," says Dance Manager Jim Nicol. "But start making dates for the Easter dance, Saturday, March 16," he adds, "because we'll make up for lost time then."

Plans for the annual spring banquet for Baptist students April 18 will be made at a special council meeting Monday at the Student Center.

The spring retreat for new and old council members will also be discussed.

A. P. O. Satisfied As 130 Tell All On 'Print' Project

Not only the fingerprints, but also the age and color of eyes and hair of 130 students were sent to the Federal Bureau of Investigation as a result of the Alpha Phi Omega survey.

"We wish to thank the students for their co-operation which made the project possible," says Robert Lamsons, head of the committee in charge.

A wiener roast for Alpha Phi Omega members and dates will be held at Camp Leroy Shuman, Lake Worth, at 7:30 o'clock Monday evening.

"The price will be 25 cents a person," says Walter Spilsbury, chairman of the social committee.

Light

The improvement committee of the Evening College will take definite action sometime next week in a determined effort to get bigger and better lights for Evening College classes.

Action will take the form of the committee, and delegates from the classes, going from room to room with a light engineer to take a recheck of light equipment. After the investigation a report will be made to the administration as how best to increase the light. Coupled with this report will go a report from each of the classes meeting here and downtown concerning the adequacy of lights.

The Skiff would like to point out that merely putting large light bulbs in the present sockets will not be enough; more outlets will have to be established in order to obtain the uniform lighting required for best study in a classroom. These new outlets should be of the modern indirect type.

Open House Tonight!

The curtain parts tonight on the sixth annual intramural Open House. Inaugurated in 1935, the sports carnival has grown to be the climax to the intramural year on the campus, an event involving the participation of many students.

The surprising thing about the Open House is that it is staged entirely by students, without any outside participation. It provides a full evening's entertainment to the hundreds who see it, and yet it is free. It is strictly an amateur project, although it provides entertainment of professional calibre.

The Skiff congratulates the department of physical education for its success with the Open House.

"C" as in "Courting"

It is apparent that something must be done for the students on this campus. All last winter, the howl was for a student union building. The ambiguous answer to this was, of course, "There is such a building in the new expansion program." This speaks well for the winter of 1960.

Now it is spring. The presence of numerous couples on the campus, attests to this undeniable fact. An issue is at stake. A great part of the student life is involved.

With this enlarged student body, a larger faculty and more class space have been provided. But anyone will tell you that there is more to a school than the purely academic. In this case, there is a lot more.

T. C. U. is noted for the outdoor tendencies of its students—particularly in pretty weather, on moonlight nights and in couples. It's a custom—a great one. Is it to be discouraged because of too few benches to accommodate the amateur astrologers? Say it isn't so. That would be the death of Texas Courting University.

Spring Fever

OPEN FORUM

Dear Editor:

T. C. U.'s got a radio program, through the efforts of a few energetic students. The program almost died of inertia once, but is being heroically kept alive practically without support. This radio program means good free publicity for the school. It is also a splendid opportunity

for some of the campus talent to "out," as talent is bound to do, given a chance. In short, it is one of the more worthy things on this otherwise barren campus that the students think it is smart to belittle and ignore.

What does every other school in the conference have that T. C. U. hasn't? This term "school spirit" has been kicked around until it is beginning to resemble a Russian division, but the bitter truth is that this is what T. C. U. lacks.

I don't mean that T. C. U. students don't stand up for their school football team. That's all they do. That's all they know, much to T. C. U.'s loss. Our students are vociferously active to be so actively passive of any group in the state.

I say NUTS to a bunch of back biting, white livered nin-compoos that think anything worth while in a school is something to scorn. What is this, a rural institution for mental delinquents, or a university in the true sense of the word? Now I feel better, Tom Swiley.

Dear Editor: I have in my possession a catalog from a book concern in Columbus, Ohio. After a careful study of this catalog I find that the prices listed are lower than what the student has to pay for the same books in the T.C.U. Bookstore. I also find that if the price of the books purchased is over \$1.00 the company will pay the postage.

Just a few examples of prices in comparison. Said Concern vs. T. C. U. Bookstore: American Government, by West, T. C. U. \$3.75, other concern \$3.40; Office Management, by MacDonald, T. C. U., \$4.00, other concern \$3.40; Introductory Sociology, by Sutherland and Woodward, T. C. U. \$3.50, other concern \$3.15; Junior High School, by Pingle, T. C. U. \$3.00, other concern \$2.70. One can see at a glance that we are paying from 35 to 50 cents more on every book we buy at the Bookstore.

Of course every business, to be a good

business, must make a profit. This is OK and I grant that the T. C. U. Bookstore must make a profit if it expects to keep operating. Let it go on running as it is, but, I would point out that it is not necessary for every student to patronize it.

Students who desire to economize might find the following to their fancy: When the professor announces that a new textbook must be purchased by the pupils, is it not possible for the members of the class to get together and order all the books they need from one of these other concerns, and, at a reduction of from 35 to 50 cents per person? And another thing, the professor might be interested too, because I also read in the catalog that a desk copy will be sent to the instructor with an order of only ten books of the same title. That profit of 35 to 50 cents might just as well be yours.—Don J. Ver Duin.

Dear Editor: What is the matter with the boys who eat in the Cafeteria? I mean the ones who come over, particularly at breakfast, looking as if they just didn't bother to do anything about dressing.

What's the matter with them? Don't they have any personal pride? Do they think that just because it's nearly 8 o'clock that nobody will be there and it's not necessary to appear with anything neater than a worn-out pair of coveralls and beat-up shoes with flopping shoe laces?

Apparently, there is a shortage of combs in the boys' dormitories. Or are they under the impression that the administration furnishes combs and they just haven't received theirs yet?

Time was when there was someone to MAKE the boys come to meals looking half-way neat. But that was in their early youth. They're in college now, supposedly old enough to know a few of the niceties of living with other people. But evidently they think being dirty, messy and ragged is a prerequisite for graduation. Can't anything be done? A Student.

Patent isn't pending - it's always at Striplings

By KEITH GUTHRIE

After a considerable drought in Frog victories this school year, it appears entirely likely that in the Purple baseball squad loyal fans will once again be on the right side of the ledger a majority of the time.

Conference competition won't be any bed of roses for Uncle Billy. Ditch will still have most of his championship team back. Mel Deutsch, outstanding pitcher last season, will be back, along with Johnny Hill, long distance hitter, and Bobby Moers, hot corner sensation.

Some sort of prize should go to Ronnie Brumbaugh, who is attempting to keep three major sports going at the same time, and making a go out of it to a certain extent.

The Frog tracksters will undergo their first test next week when they enter against a crack crew from all over the country in the Fat Stock Show meet.

The marionette show that Prof. Tom Prouse is going to stage just before the boxing matches tonight should really be good.

To big Buddy Barron goes the honor of being high-point man for the cagers this season. Barron accounted for 31 field goals and 21 free shots for a total of 83 points.

Table with columns: Name, FG, FT, TP. Lists scores for various players like Buddy Barron, Robert Grosceles, Ben Ahney, etc.

Relief Game Is Tomorrow At 3 o'Clock

Injured Players on White and Purple Teams Are Back in Harness.

Backs Look Good

Hightower, Kring, Thompson and Ware Shine in Practice Sessions This Week.

When the Big White Team tears into the Purples tomorrow afternoon, many of the big guns on both teams will be back in harness after laying out with injuries.

Coach Dutch Meyer was somewhat disgruntled with his No. 1 eleven by their showing against the Purples last Saturday when they dropped the set to the tune of 12 to 6, but in Wednesday's game he regained hope as the large boys swamped the set 34 to 13.

Cagle and Gibson Looking Good. Dean Bagley and Bill Ramsey led the Purple attack, but their work was hopeless trying to smash the staunch 210-pound line.

Ramsey is catching on fast in his new position at right halfback, and with his speed and ruggedness may shove someone for a starting berth next fall.

Bruce Alford went down last Saturday with a broken leg, and will be out the remainder of the spring session. Coach Meyer has shifted A. J. Huffman to fullback to help Kring, Paul Smith and Ray Neill with the duties.

Blackmon, Hampton May Be Back. Two other injured players, both with broken hands, may see action Saturday as both have had the casts removed.

Tennis Playoffs To Start Monday

Playoffs for the four positions on the tennis squad will get under way Monday afternoon on the newly repaired varsity courts.

Aspirants who will cross racquets include Tom Swiley, last year's captain; Carl Poll, No. 1 man last season; Dick Vickery, intramural champion; Phil Mahaffey, runnerup in the intramural tournament; Joe Russo, who lettered two years ago and is back to try for a place on the team; Tom Keplinger senior letterman; Jack Billingsley and Edgar Shults, both lettermen; and Robert Glaze.

Election of a captain for the team has been delayed until the positions are definitely decided. The first match for the netters is with E. T. S. T. C. March 15 on the varsity courts.

'Poss' Thinks Herr Hitler Captured All 'Polemen'

"Are there any pole vaulters in T. C. U.?" is the plaintive cry that Coach Mack Clark has been putting up for the last two weeks.

Clark was cheered somewhat when Ronnie Brumbaugh, speedy end on the grid squad, called for a uniform the other day. He will be a big aid to Howard Pope, soph contender.

'Play Ball!' Is Frog Call

First Intrasquad Game Will Get Under Way on Home Field at 2 O'Clock.

By KEITH GUTHRIE

Coach Walter Roach will put his newly-acquired baseballers through their first test this afternoon when the squad will be divided into two sides and an intrasquad game will be played.

The opposing sides have not been selected by Roach yet but it is likely that he will use every man that is out in an effort to get a line on their ability.

Two Question Mark Spots. The two question marks on the Purple nine, shortstop and pitching, seem to be shaping up exceedingly well for so early in the season.

Mendenhall Rushes 'Lefty'. On first base, Letterman Lefty Alexander has been hard-pushed to keep ahead of another smart-fielding sophomore, Ward Mendenhall.

Ralph Tankersley Cinch. Behind the plate Ralph Tankersley has things sewed up, seeing as how he is the only man out for the backstop job.

Work the past week has mainly been hitting and fielding practice in an effort to limber all of the boys up before going into actual game conditions.

Miss Wilma Creager spent the week-end at her home in Mineral Wells.

pell, P. C. Taylor and Jimmy Nicol. Duane Kellam, V. G. Smylie and George Hill are also out for the long races.

Bob Cook is the only weight man working out, but he divides his time between track and coaching the line-men in football practice.

Coach Clark has also released a tentative schedule. Texas University and East Texas State Teachers' College at Commerce have been dropped from the Frog trips.

O'Brien to Teach Frosh Pill-Hurling Technique

Davey O'Brien, newly appointed freshman baseball coach, will hold the first workout of the season for his future Ty Cobbs and Rogers Hornsbys, Monday, March 18.

Material for the frosh nine may lack in quality but O'Brien expects plenty of quantity when the pepper games and batting practice start.

Miss Catherine Childress spent the week-end in Dallas.

Soph to Lead Frog Golfers

Ed Revercomb Captures No. 1 Position on Purple Links Squad.

Displaying amazing consistency, Ed Revercomb captured the No. 1 position on the golf team last week by carding a 75, 76 and 77 over the Glen Garden layout for a 54-hole total of 228.

Beasley, aided by an unerring putter, led into the final round of qualifying with a 36-hole total of 132.

After taking a disastrous 89 on the first round, Fitzgerald came back to score a 77 on the final 18 and capture the fifth position.

The squad will enter the Fat Stock Show golf meet to be held at Worth Hills, March 9.

"It is certain that we will enter one four-man team, and possibly two," says Prof. Tom Prouse, coach.

If this is done, Bill Parker will play the fourth position on the second team, having qualified in the eighth spot with 250. The first scheduled match for the team is on April 8 at Glen Garden with Wichita University.

weight division boxing exhibition begins.

Judging by the Wednesday night preliminaries, they promise to be very colorful—red, black and blue.

Following the leather slinging, the wrestling event will be the finale.

Entrants for boxing are as follows: Bantamweight—James Moore vs. Eugene Minor.

Featherweight—John Donley vs. George Stroud.

Lightweight—Vic Weingartner vs. Bill Dunnigan.

Welterweight—Jack Hudson vs. Johnny Covannes.

Lightweight—Woodrow Lipscomb vs. Richard Allen.

Heavyweight—Darrel Palmer vs. Aaron Barker.

Juniors Beat Seniors For Red League Flag

A clear title has at last been decided for the Red League of the intramural basketball race.

The Juniors took the Seniors in the final game of the three-game playoff 30 to 28. The Seniors had possession of the ball most of the time,

maybe a black eye is to walk up to one of the past season's cagers and ask, "Well are you glad it is over?" For to them those words are unnecessary—it just goes without saying.

Last Friday and Saturday nights the Frogs ended their cage season without any blaze of glory against the Arkansas Razorbacks.

Saturday night the cagers hit their stride again and the Hogs came out with a 52-to-36 victory.

The Frogs ended the season with 11 defeats and one victory. They also picked up the losing streak, that dated back to the season of 1938, and ran the total up to 22 before they finally turned the tables on the Texas Aggies to break the streak.

but failed to take advantage. Davey O'Brien, Durward Horner and Logan Ware used their varsity football experience to full advantage, and Jack Odle, Connie Sparks and Lefty Alexander also utilized theirs for the Juniors.

Two free throws by Monnigan cost the four-year men the game in the final minutes of the fourth quarter. The Juniors scored quickly in the overtime period and held the lead, and the ball, until the final whistle.

Open House Contestants Outshine Campus Society

By LOIS HERZ

Well, it looks as if the campus socialites will have to tuck their dress-up outfits and trailing gowns away and concentrate on sport events this week-end.

Time for the Open House has rolled around once more, and it is the one occasion in the year when the fellows are willing to do or die just for the privilege of basking in the light of their best girls' admiration.

All of them can't come out winners of course, but most of them can manage to get a little feminine solicitude with a black eye, a wrist in a sling or an adhesive patch or two. There is nothing like the pathetic "my-valient-struggle-was-in-vain" look of an injured athlete to panic the coeds.

Fifty years ago the proper young lady would have encouraged her best beau in his athletic endeavors by embroidering his initials on his satin boxing trunks and then sitting back at the event and applauding his victories with daintily gloved little mitts. Now she would probably don slacks, throw a towel over her shoulder and step up to the corner to tell him just how to land those right hooks. She might even join the melee if he happened to be getting the worst of the deal.

Week-End Echoes: Boutonniere for the boy friend... 65 cents per... costs checked... somebody please tag him... oh gosh, what do I do now? ... O. K., I'll follow him... he's a swell dancer... 20 15 cent sandwiches at intermission... more tags... twelve o'clock... three hamburgers and a milk shake? oh, dear... good-night, sweet, thanks for the date. Say, isn't it wonderful leap year is just ONE in every four?

Someh'n' Ought to Be Done: A kindergarten in New York has graduating exercises for the five and six-year-olds with caps, gowns, diplomas and all. Wonder if they give the kids an address on the cruel public schools they are about to enter?

And also an Ohio State fraternity has officially barred women for one week-end of every year. Say the rules, "No dates, no shaves, no haircuts, no shirts, no ties or pressed trousers and, above all, no communication with any girl, maid or woman." They even go so far as to remove all the girls' pictures from the rooms and deposit them in a safe until Monday morning. Why, there ought to be a law!

- Welcome
- Open House Grows
- Special Events

By TOM KEPLINGER
Student Intramural Director

Welcome to the sixth annual Intramural Open House. Intramural Open House was started in 1934 by Prof. Tom Prouse. The main events were basketball, fencing and a dance. In 1935 boxing was introduced and ever since then boxing has been the main drawing card. However, wrestling was introduced last year and there are hopes that this sport will help draw an even bigger crowd.

During the first years of Open House there were more contestants than spectators. However, Intramural Open House has become an annual event which everybody in T. C. U. looks forward to attending.

Each year Open House becomes bigger and, we hope, better. Prof. Prouse is always open for suggestions to help make the program an even bigger success. This year there will be the championship basketball game between the Red and Blue League to start the ball rolling. Between the half of the basketball game there will be an exhibition of fencing between Miss Paula Murchison, who is the national champion of the women, and Miss Florence Beheler, who won the state championship last year. All this will happen in the Big Gym.

After the basketball game everybody will adjourn to the Little Gym to witness the special swimming events to be put on by Fred Nemitz, Jack Fry and Scot Mooring. Also, there will be a horseshoe contest with Ralph Travis, state champion, and Prof. Sherer, who will compete against Stan Wilson and Ed Norment. There will be many other novel events that will fill in the program.

The feature events of the evening will be a marionette show, a full card of boxing, and, to top the program, a professional wrestling match between the "Masked Marvel" and "Killer" Lewis.

Except for the marionette show and Ralph Travis, all the contestants will be T. C. U. students. Every student should attend the sixth annual Intramural Open House tonight. We hope to see everybody there and to give them a full night of free entertainment.

'Like Father-Like Son,' Is Reversed by Hartles

By WALLACE FITZGERALD

"Like father—like son." Confucius may have said it, but it took the Hartle family of T. C. U. to disprove it.

Completely reversing the ancient maxim of that oriental wiseacre, J. E. Hartle, Jr., of Boston, Mass., enrolled as a freshman at midyear, exactly 25 years after he graduated from high school at Eugene, Ore. His son, Bob, came to T. C. U. last September after having attended Harvard and Admiral Faragut Academy.

The elder Hartle likes the friendly spirit of T. C. U. and says, "The boys treat me as one of the fellows, but the teachers insist on calling me 'Mr.'" He plans to get his degree in science and is taking only three courses.

Bob explains this by saying, "Dad has time to take only 10 hours since he is working our way through college."

His course includes mathematics, economics and biology. "The biology and eco are easy enough," says Hartle, "but I'm afraid that math is going to 'stump' me."

Mr. Hartle has had a varied life,

having lived everywhere from Boston to China. He almost entered the University of Oregon after his graduation from high school, but instead took a civil service examination and secured a job as a school teacher in the Philippine Islands.

From the Philippines, he went to China with a major oil company. It was there that he married Mrs. Hartle. After spending two years in China, he returned to the United States and lived at one time or another in New Jersey, South Carolina, North Carolina, Massachusetts and Oklahoma. "But I am really a mid-westerner," says Hartle "having been born in Kansas."

At the present, Mr. and Mrs. Hartle are living in their trailer apartment at 3419 E. Belknap Street, where they have been since coming to Texas this Thanksgiving.

By next year, if plans work out, the Hartle family will have created material for Ripley. Mrs. Hartle, a graduate of Radcliffe College at Cambridge, Mass., plans to make it complete and enroll in the University to work on her M. A. degree in French.

Spring is Here! Time for Love, Picnics, Politics

Spring must surely be here. The grass and politicians are sprouting.

The past few days have brought out romance in the best of us. It is becoming increasingly difficult to find the right kind of bench. Couples are to be seen strolling hand in hand and sitting beneath the campus trees.

Bull sessions in the drug houses are becoming shorter, and Library study sessions are being held open air style. These first touches of spring makes classes more difficult to attend, and those that are attended are done so half heartedly and with one eye out the window.

Rumors concerning the approaching elections are beginning to start, and some of the professors act as if they were half through with the annual dose of sulphur and molasses. Days like these are what makes it fun to be in college.

Mrs. Gus Ramage of Waxahachie spent the week-end on the campus with her daughter, Miss Margaret Ramage.

Miss Martha Singer visited friends in Denton last week-end.

Sydna's Jitterbugging Really 'Extemporeaneous'

Jimmy Woodyard taught Miss Sydna Yokley to jitterbug at the same time the two were supposed to be giving an exhibition of it.

It happened during the Fat Stock Show good will tour to Waco last week. Jimmy and Sydna were demonstrating the Big Bend Dance (in honor of the proposed Big Bend National Park) at every one of the dozen or so stops on the tour.

After being ushered into Waco by a police escort (Sydna on a horse), the two were called on to do a jitterbug dance.

"Sydna had never jitterbugged before in her life," Jimmy explains, "so we were really extemporeaneous. But she did just fine at it."

Just Imagine!

By HELEN RUTH VERHEYDEN
Eleven Frog beauties are pictured in a downtown store window as symbols of spring flowers.

Clara Ann Lively, artist, runs true without her camera and film, has another hobby. She has the longest hair of any girl on the campus.

Two hundred-seventy-pound Giles Day made the biggest splash when he dived into the pool for the open house swimming relay.

Sam Jackson, who's never seen without his camera and film, has another hobby. He longs to beat it out on the drums.

Jack Bauter, Yankee newcomer on the campus, spent 20 minutes the other day trying to tell a visitor about a Texas rodeo.

The little white rats in the biology laboratory have now grown hair, and this week opened their bewildered eyes to gaze at a group of bewildered students.

Charles Zlatkovich was plugging the Finnish Relief Fund in class recently. "Imagine a guy named Zlatkovich taking up for the Finns," he chuckled.

Pertinent comment on "Grapes of Wrath," by Tance Neel: "I've been on a diet ever since I saw the picture. Every time I see any food, I wish the Joads had it."

Frogland's musical representation at the Fat Stock Show is not limited to concerts given by the band—Director Don Gillis plays trombone with the rodeo musicians each evening.

Gayle Pond and Lucille Ayres, top-notch French horn players in "Pop" Gillis' ranks, set a new precedent this week when they marched in the downtown Four-H Club parade. They are the first girls ever to march as members of the swing band.

Lurames Reynolds will play in the regional contest as a candidate for the U. S. Young People's Symphony Orchestra which will be conducted by Leopold Stokowski. She was one of the winners in the state finals in Austin.

Jean Shoemaker says her little sister's primer has an explanation of why the rabbit is the symbol of Easter. The story goes that once upon a time some little boys and girls, while hiding colored Easter eggs, saw some big bunnies hopping about. So they drew their own conclusions. Jean says she doesn't guarantee the authenticity of this version.

ECHOES FROM CLASSROOMS
"The way college works now, we teachers see only a slice of the students' lives."—Miss Mabel Major.
"I think concrete sidewalks are one of the worst things about this modern age."—W. J. Hammond.

YESTERDAY
Plans for Class Rush Day were under way back in 1929. Student President Weir McDiarmid and a committee advanced on President E. M. Waits with a grievance. The students didn't like a new rule which prohibited rubbing grease on the girls' heads.

*To My Passing Love
Honey, when
I think of your charms indescribable,
I know you're as lovely as sin
And twice as desirable.*

*Baby, I belong to you,
I tell you hold as brass,
But maybe I should tell you, too,
My constancy is as breath on glass.*

*I love you plenty, honey chile,
And I'll love you still for yet a while.
I'll place your memory in a gilt-edge frame—
But all the same, I'll forget your name.*

2 From T. C. U. Win Offices At Convention

N. I. C. C. Makes McKinney Vice-President, Barnhill, Board Member.

60 Attend Conclave

Chairman Patton Pronounces Affair "Successful"—Five Universities Represented.

Two T. C. U. students were elected officers in the National Intercollegiate Chamber of Commerce, which held its second annual meeting at the Texas Hotel last week-end.

Charlton McKinney succeeds Charlie Williams as vice-president; Jimmy Barnhill was elected to the Board of Directors. Both Barnhill and McKinney will serve on the board, which will meet in October, at a place to be selected, to choose the 1941 convention site.

Ed Hutton, Indiana University, was elected president; Harry Hornby, Baylor, will serve a second term as executive secretary.

Sixty delegates, representing five universities, attended the convention. Plans for extension were discussed during the three-day conclave.

"We hope to have more schools represented next year," says Harold Caylor, committee member. "In order to increase our membership, we have lowered the dues from \$50 to \$20 per year."

The University of Texas affiliated with the national chamber during the convention. Southwestern Louisiana Institute sent delegates to the meeting and is expected to join soon.

"The convention was a real success," says Bill Patton, chairman. "We did a lot toward spreading good will."

Members of the Varsity Show cast entertained during the banquet Friday night.

Freshmen Plan Theater Party

Members of the freshman class will sponsor an all-school theater party at 7:30 p. m. Monday.

The feature will be "Little Old New York," and is slated for the Hollywood. Admission will be 40 cents per person.
Carter Murphy stresses that the party is not just for members of the freshman class, but for the whole school, and that he, as class president, invites each member of the sophomore, junior and senior classes, the faculty members and graduate students.

Homiletic Retreat Plans Discussed at Luncheon

Plans for the Homiletic Guild Retreat scheduled for the first of April, were discussed at the noon luncheon of the club yesterday. Dean Colby D. Hall addressed members of the club at the meeting.
New officers were installed. Ritchie Davis assumed the office of president, and Leon England and Chester Gleason were installed as assistants to Lamar Hoeker.

Sammis Made Member Of Music Press Board

Prof. Claude Sammis this week accepted an invitation to membership in the advisory committee of the Music Press, a recently-created publishing company.

"On the board are many outstanding educators and musicians, so I naturally consider it quite an honor to be invited," Sammis says.

One a Drum Man, One a Gun Man: '40 Annual 'Eds'

All work and no play may make "jack," but the Horned Frog staff thinks it won't necessarily make a yearbook.

As a respite from the work among negatives, figures and plans, Editor Sam Jackson turns on his radio and gives a serenade with his drum sticks (if a serenade can be given with drumsticks) against a nearby filing cabinet or on his roll top desk.

Jackson is also a practitioner on the "sweet potato" and the slide whistle on which he sends notes floating or bouncing down the halls.

Photographer Roy Hearne gets a kick out of the Buck Rogers gun, and sometimes from his targets. The weapon fires a stick attached to a vacuum cup that sticks to the target.

George Loudon also entertains with his clever drawings. And the whole staff is just full of puns and the latest jokes, but don't be uneasy about your annual—some of the greatest things in the world originated while the originator was idling.

Open House Contestants Outshine Campus Society

By LOIS HERZ

Well, it looks as if the campus socialites will have to tuck their dress-up outfits and trailing gowns away and concentrate on sport events this week-end.

Time for the Open House has rolled around once more, and it is the one occasion in the year when the fellows are willing to do or die just for the privilege of basking in the light of their best girls' admiration.

All of them can't come out winners of course, but most of them can manage to get a little feminine solicitude with a black eye, a wrist in a sling or is nothing like the pathetic "my-valiant-struggle-was-in-vain" look of an injured athlete to panic the coeds.

Fifty years ago the proper young lady would have encouraged her beau in his athletic endeavors by embroidering his initials on his satin boxing trunks and then sitting back at the event and applauding his victories with daintily gloved little mitts. Now she would probably don slacks, throw a towel over her shoulder and step up to the corner to tell him just how to land those right hooks. She might even join the melee if he happened to be getting the worst of the deal.

Week-End Echoes: Boutonniere for the boy friend... 65 cents per... coats checked... somebody please tag him... oh gosh, what do I do now?... O. K., I'll follow him... he's a swell dancer... two 15 cent sundaes at intermission... more tags... twelve o'clock... three hamburgers and a milk shake? oh, dear... good-night, sweet, thanks for the date. Say, isn't it wonderful leap year is just ONE in every four?

Someh'ing Ought to Be Done: A kindergarten in New York has graduating exercises for the five and six-year-olds with caps, gowns, diplomas and all. Wonder if they give the kids an address on the cruel public schools they are about to enter?

And also an Ohio State fraternity has officially barred women for one week-end of every year. Say the rules, "No dates, no shaves, no haircuts, no shirts, no ties or pressed trousers and, above all, no communication with any girl, maid or woman." They even go so far as to remove all the girls' pictures from the rooms and deposit them in a safe until Monday morning. Why, there ought to be a law!

- Welcome
- Open House Grows
- Special Events

By TOM KEPLINGER

Student Intramural Director

Welcome to the sixth annual Intramural Open House.

Intramural Open House was started in 1934 by Prof. Tom Prouse. The main events were basketball, fencing and a dance. In 1935 boxing was introduced and ever since then boxing has been the main drawing card. However, wrestling was introduced last year and there are hopes that this sport will help draw an even bigger crowd.

During the first years of Open House there were more contestants than spectators. However, Intramural Open House has become an annual event which everybody in T. C. U. looks forward to attending.

Each year Open House becomes bigger and, we hope, better. Prof. Prouse is always open for suggestions to help make the program an even bigger success. This year there will be the championship basketball game between the Red and Blue League to start the ball rolling. Between the half of the basketball game there will be an exhibition of fencing between Miss Paula Murchison, who is the national champion of the women, and Miss Florence Beheler, who won the state championship last year. All this will happen in the Big Gym.

After the basketball game everybody will adjourn to the Little Gym to witness the special swimming events to be put on by Fred Nemitz, Jack Fry and Scot Mooring. Also, there will be a horseshoe contest with Ralph Travis, state champion, and Prof. Sherer, who will compete against Stan Wilson and Ed Norment. There will be many other novel events that will fill in the program.

'Like Father--Like Son,' Is Reversed by Hartles

By WALLACE FITZGERALD

"Like father--like son." Confucius may have said it, but it took the Hartle family of T. C. U. to disprove it.

Completely reversing the ancient maxim of that oriental wisacre, J. E. Hartle, Jr., of Boston, Mass., enrolled as a freshman at midyear, exactly 25 years after he graduated from high school at Eugene, Ore. His son, Bob, came to T. C. U. last September after having attended Harvard and Admiral Faragut Academy.

The elder Hartle likes the friendly spirit of T. C. U. and says, "The boys treat me as one of the fellows, but the teachers insist on calling me 'Mr.'" He plans to get his degree in science and is taking only three courses.

Bob explains this by saying, "Dad has time to take only 10 hours since he is working our way through college."

His course includes mathematics, economics and biology. "The biology and eco are easy enough," says Hartle, "but I'm afraid that math is going to 'stump' me."

Mr. Hartle has had a varied life,

having lived everywhere from Boston to China. He almost entered the University of Oregon after his graduation from high school, but instead took a civil service examination and secured a job as a school teacher in the Philippine Islands.

From the Philippines, he went to China with a major oil company. It was there that he married Mrs. Hartle. After spending two years in China, he returned to the United States and lived at one time or another in New Jersey, South Carolina, North Carolina, Massachusetts and Oklahoma. "But I am really a mid-westerner," says Hartle "having been born in Kansas."

At the present, Mr. and Mrs. Hartle are living in their trailer apartment at 3419 E. Belknap Street, where they have been since coming to Texas this Thanksgiving.

By next year, if plans work out, the Hartle family will have created material for Ripley. Mrs. Hartle, a graduate of Radcliffe College at Cambridge, Mass., plans to make it complete and enroll in the University to work on her M. A. degree in French.

Spring is Here! Time for Love, Picnics, Politics

Spring must surely be here. The grass and politicians are sprouting.

The past few days have brought out romance in the best of us. It is becoming increasingly difficult to find the right kind of bench. Couples are to be seen strolling hand in hand and sitting beneath the campus trees.

Bull sessions in the drug houses are becoming shorter, and Library study sessions are being held open air style. These first touches of spring makes classes more difficult to attend, and those that are attended are done so half heartedly and with one eye out the window.

Rumors concerning the approaching elections are beginning to start, and some of the professors act as if they were half through with the annual dose of sulphur and molasses.

Days like these are what makes it fun to be in college.

Mrs. Gus Ramage of Waxahachie spent the week-end on the campus with her daughter, Miss Margaret Ramage.

Miss Martha Singer visited friends in Denton last week-end.

Sydna's Jitterbugging Really 'Extemporaneous'

Jimmy Woodyard taught Miss Sydna Yokley to jitterbug at the same time the two were supposed to be giving an exhibition of it.

It happened during the Fat Stock Show good will tour to Waco last week. Jimmy and Sydna were demonstrating the Big Bend Dance (in honor of the proposed Big Bend National Park) at every one of the dozen or so stops on the tour.

After being ushered into Waco by a police escort (Sydna on a horse), the two were called on to do a jitterbug dance.

"Sydna had never jittered before in her life," Jimmy explains, "so we were really extemporaneous. But she did just fine at it."
