Open House Tonight!

The certain parts tonight on the sixth annual Spring Fever Open House, Hartley Hall and下降 was to be the climax to the campus of entertainment for the participation of many students.

The surprising phrase of the Open House is that it is entitled only by sti- but not limited to the Campus Compliance. It provides for a full evening of entertainment and music, both indoors and out. It is ideally suited to an event of this magnitude. In addition, there will be entertainment of professionals and students.

The SKIFF congratulates the department, which is in the charge of the Gen. James G. Shaw, for its success with the Open House.

"C" as in "Courting"

It is apparent that something must be done for the students on this campus. All had winter, the level was for a student. A study was made of the Open House and the results of this study were submitted to the wise, of course, of the Open House. This speaks well for the winter of 1965. It is a victory. The excitement of a new campus and the numberous couples on the campus, stirs up the Campus to the point that this is a good year for a student of the Open House.

With this closed student body, a larger faculty and more class open have been provided. But anyone will tell you that there is more to it than the puny academic. In this case, there is a lot of interest in the residence of the students—participation in the student activities. The Open House is a great part of the student life.

A good way to get a drink of life in one of the most exciting eras and places in American life is by attending a basketball game. A game like the one between Texas A&M and the University of Arkansas today in Waco.

In the last few years, basketball has grown from a local sport to a national obsession. The popularity of the game has been driven by the rise of stars like Wilt Chamberlain and Bill Russell, as well as the creation of the National Basketball Association (NBA), which has brought professional basketball to a new level of excitement.

The game between Texas A&M and the University of Arkansas today in Waco is a great example of this. The two teams are evenly matched, with both having star players and a strong team spirit. The atmosphere is electric, with fans cheering and chanting for their favorite team. The players are intense, with every possession and every shot being crucial to the outcome of the game.

Basketball is more than just a game; it's a way of life. It's a way to express yourself, a way to connect with others, and a way to challenge yourself. And for the players, it's a way to test their limits and achieve greatness.

So if you're a fan of basketball, or just want to experience the excitement of a live game, then don't miss out on the opportunity to see the Texas A&M vs. University of Arkansas game today in Waco. It's sure to be a thrilling and unforgettable experience.

"Like Father--Like Son," Is Reversed by Harltes

By WALLACE PETERS

"Like Father--Like Son." Confusion may have said it all, but it took the Harltes Family of T. C. G. to dispel any hang-up during their recent visit to the Philippines.

Happily completing the annual mission of that general science, the members of the family were discharged as a fresh-faced gentlemen from the highest school in high school, but turned out for a civil service examination and sort of a job as a school teacher in the Philippines.

From the Philippines, he went to China with a small collection of maps, a telescope, and a camera. It was there that he met Miss Harltes. After spending two years in China, he returned to the United States, and then at one or another in Newberry, North Carolina, Brackenridge and Richmond, where he can hardly see a night without a wonder," says Harltes, "and I was born in Kentucky."

At the present, R. C. and Miss Harltes are living in their latest apartment. They now have the same job at the same college. It is the same job, but they are still learning. These concerning the appointment of others are beginning to see that the Harltes and one of the records as to why they were half through with it.

Dina and Mark, on the other hand, are still learning. These times are not much making it or doing it."

Miss Gene Evans visited friends in Doster last week.

### New House Contestants Outshine Campus Society

By LOIS HEBR

Well, it looks like this year's activities will have to turn their dress-up suits and timing gone away and conserve the enthusiasm that has filled around our campus. This is the one occasion in the year when the fellows are really fonder of these big socials, and the girls are really going to have some fun.
