## Voice of the Editor

by  
Lois Jeane Cayce

As another session of T. C. U. begins, we college students should feel extremely fortunate.

Our American way has made it possible for us to follow education to a higher plane. This is indeed a privilege.

Perhaps you new students do not realize it now, but take the advice of one who says from experience—"College days are the best ones of your life." An era is opening before your eyes that will be a memorable one.

This so-called era will not be apparent to you right away. It is a gradual, underlying process that will mark a change in your being without your knowledge until its processes are outwardly seen.

During this change you will come to appreciate education and culture more fully. But most of all you will learn to appreciate people. Nothing can quite take the place of college associations.

To derive these benefits from your life in college, you must enter into it with all the zeal possible. You have come to the best school in the world to take advantage of college life at its prime.

T. C. U. is friendly. You will find its students far from being snobbish and its faculty members genuine friends of youth. You need not lack activities, for they are in abundance here.

T. C. U. is a place where you may broaden your outlook, enrich your personality and conquer seemingly distant horizons.

Be a part of T. C. U., and let T. C. U. be a part of you.

## Presidents Greet Freshmen

The words of our favorite minister ring in my ears as I come to greet you. He said, "Beloved, these are troubled times!" And beloved, he is right, but never must we forget that we are still human beings pursuing those timeless subjects of human nature. You see that means that we must act like humans in spite of the time; it means that we must study and go to football games just like we have always done, and enjoy them like we always have—the ball games I mean.

I congratulate you on being a student in this great institution which we choose to call T. C. U. It's a great school that you will grow to love as dearly as you love your own soul. It is here for your help, so I hope you will let it do that for you.

The Student Council and your student officers want to welcome you, and ask your co-operation in all things throughout the year, and we assure you we will do all we can for you.

Dunny Sims,  
president of Student Body.

We are happy indeed to welcome you to the opening of the 70th session of Texas Christian University. Through its long period of useful service, several splendid traditions have grown up around this institution. It has been noted for its democratic spirit and for the loyalty and co-operation of its students.

You are entering university life at the most crucial moment in the history of our nation. You will want to help maintain here the kind of program and life which will add to and not detract from the strength of our nation. Many adjustments have had to be made and it will be necessary to make many other adjustments because of the war emergency. All of us are anxious to do what we can to help.

As we go along in the work, you may have suggestions for improvement at several points in the program. These suggestions will be heartily welcomed and carefully considered.

It is our earnest hope that this may be an unusually effective year in your university experience. Best wishes to everyone.

M. E. Sadler, president.

## Ed Lally to Play for Dance---Foster Party Will Be Same Night

## Election Date Is Announced

Students to Vote on October 8 for Class Officers, Representative

Five elections will be combined into one and held Oct. 8. Petitions are due by noon Thursday and must be submitted to Miss Mary Charlotte Faris, Dunny Sims or Miss Lois Jeane Cayce.

Also to be elected are a president of the junior class and a vice-president of the senior class. These vacancies are due to the resignation of Jo Ed Hill and the withdrawal from T. C. U. of Joe Campbell. These petitions likewise must contain 20 names.

A graduate Councilman is to be elected at this same time. Petitions for this office must have 35 names.

Stating a preference as to the student trip will also be part of the election. The choice lies between A. & M., Oct. 17, Rice, Nov. 21, and S. M. U., Nov. 28.

## Girls to Aid Band For First Time

The Horned Frog Band invites girls to become members for the first time in its history. With so many of the boys in the ranks of Uncle Sam's armed forces it is necessary to call on the girls for aid. The band members now number around thirty, but N. J. Whitehurst, who is taking the place of Don Gillis, wishes to build the membership up to 45 or 50. If this number can be obtained, he believes a good showing on the gridiron as well as in the stands may be made.

"If you play any instrument, come on out and work for Mr. Whitehurst, the band and your school," says Melvin Dacus, band president.

Dr. T. S. McCorkle will assist Mr. Whitehurst in taking on the music department responsibilities.

The annual Freshman Prom will be held at 8:30 p. m. Saturday, Oct. 3, in the Basketball Gymnasium. Ed Lally's orchestra will play for dancing until 12 o'clock midnight.

A grand march followed by the ten prom dances has been planned. After this time, a regular dance is to be held.

Freshman are to be admitted free of charge to this affair upon presentation of their prom cards.

As in past years, the Student Christian Association will be in charge of the "big friend-little friend" arrangement. Beginning Tuesday there is to be a table in the main hall of the Administrative Building where students may find out who is their big or little friend.

A party will be held in Foster Hall for all students not desiring to attend the Prom. Information on this may be secured from Miss Ruth Hardy, president of S. C. A.

The committee in charge of arrangements for the Prom includes David McKee, Miss Mary Charlotte Faris, Horace Busby and Miss Mary Louise Waldron.

This committee has requested that all girls turn in any small mirrors they might have. These will be used for decoration purposes.

Songs to be used at the Prom and price of admission for those other than the class of '46 will be announced next week.

You Needn't Balk; Just Don't Talk

"Pst, pst, do you know where most of the United States Navy is? Why, my dear, it's at the bottom of the ocean. We've lost so many ships now, the Japs are constantly running over us."

Idle gossip, yes, but of the most deadly nature. We're at war! The United States and her allies are fighting to keep the Axis powers from enslaving the world in chains, which they would so willingly do.

Blabbermouth betrays his own Blabbermouth betrays his own countrymen and sets the scene for the greatest attack of them all, the one from within. He may separate the people from their beliefs in the fitness and supremacy of their country, by so doing, he brings to light the age-old prophecy—"A country united will live, but one divided must fall."

So, turn aside from listening to the fellow with the big mouth. And remember, refrain from being guilty of it yourself—just don't talk!

Assembly To Be Required

All students are required to go to Assembly this year, regardless of their classification. No student should mind going, since all programs will deal with information for the student body on war activities.

These meetings will open with patriotic and school songs. Military and educational leaders will be introduced and will advise students on matters of interest to all.

The program will not be overly long, closing within thirty minutes after 11 a. m. Two-thirds of these will be presentations of student activities.

This will be the University's way of coping with the war situation, and learning how we can cooperate with the government. Because of such an emergency, the morale of all groups must be kept up.

If every student will attend with such an urgent purpose in mind, the Assembly program will be successful.

Advice to Freshman Number 1,000,000

"Hey, Betty, how 'bout a date tonight?"

"I'd love to go with you, Bill. Where shall we go?"

"Oh, the Library is as good a place as any, I guess."

So another freshman couple make the same mistake as freshmen have done before. They make the great discovery that the Library is a place to have fun on a date.

But the Mary Coats Burnett Library, with its fluorescent lights, should be used for something other than a place to shoot a line to the cutest freshman girl.

It is all right to take a date to the Library, but after you tell Betty she is lovely in that new "Sloppy Joe," be quiet and study. If you have nothing to study, leave the Library.

The reserve books may not be

taken out of the Library, but other books may be checked out for two weeks. There are several reading rooms where quiet is the password, so do not disturb those who do go to the Library for study.

On your date tonight show that you are not a freshman in using a Library by keeping quiet and learning the use of the Library correctly on your first visit.

Be Democratic, Less Proud

In accordance with the changing times, every person at T. C. U. must alter his life in one way or another to fit into the war-time program.

For boys there are the several reserve branches in which to enlist. If unable to qualify for this, he can prepare himself to be an essential cog in the machine of war. Whether he is an enlisted reserve or studying to be an engineer or doctor, his place is significant.

But no war in history has reached victory unless the women folk were fighting behind the men behind the lines. Thus it is true in World War II.

Coeds may train themselves in special fields, supply those welcome letters from home or collect scrap for Uncle Sam.

All students must meet the needs of the war-time program and adjust themselves to a different school year than the usual one. To meet the situation, a broader social program must be employed.

Sufficient socials of the general get-together type are necessary in addition to dances. Girls must NOT stay away from parties because they don't have dates.

Cooperation of every person in T. C. U. is needed to make campus life this year more informal, democratic and friendly than ever before.

Foster Offers . . .

Foster Hall, in which all dormitory girls are living this year, is "dedicated to the Christian culture of young women." Those now living in Foster are the first to enjoy the facilities of the new building and the responsibility is with them to create an atmosphere in keeping with the ideals and purposes to which the dormitory is dedicated.

Among the privileges granted for the more enjoyable living of the girls is the use of a lounge on second floor, with adjoining reading room and kitchenette, which will be open from 7 a. m. until 11 p. m. each day. The sun deck on the third floor remains open continually, with complete trust placed in the girls to make wise use of these privileges.

Foster Hall is a magnificent structure, and the girls should be interested in keeping it beautiful not only for themselves, but for those who follow in the years to come.

Come On, Chilluns, An Les' All Sing

Once upon a time on a hill in Fort Worth, there stood a university whose students proudly paraded a purple and white flag with the emblem of a horned frog upon it. And as they paraded that flag, or when they stood in silence at a gridiron battle or when assembled together in their chapel, they raised their voices lustily in song. Sometimes to a slow, more reverent tune, other times to one fast and spirited.

The year 1938 might have been the time, and naturally

GIRLS are to be members of the Horned Frog Band for the first time in history. Example of the new innovation is Judy Davis, below, as she played with the band at the T-P Station Tuesday.

T. C. U. the school. But the students have changed since that year of a smashing, winning football team. Then, every student knew the words and wasn't too bashful to sing when the band played the Alma Mater. And as the trumpets peeled off into the fight song, they sang right along with them.

Their voices weren't any better than those of every student body that has been at Frogland or is here now. Why not show that the students here now have as much pep and school spirit as any student body ever had? Learn the words to the Alma Mater and the fight song, and sing right along with the band.

Make it a contest. Freshmen, learn the words and sing them, and show up the ones in the classes above you. Or, sophomores, juniors, seniors, you do the same thing and show these young upstarts a thing or two. Anyway, everybody sing.

Get Pictures Made Early

It might sound like firing the gun before the half is over to speak of your yearbook, the Horned Frog, at this early date. But since an annual is composed of pictures and pictures are made at the beginning of school, now is the time to have "your" picture made.

This year more than ever before it will be necessary for students to have their pictures made early, for all commercial photographers will be limited to one-third of the material that they used last year, by the end of November.

Your photographer, Orgain's, has enough material on hand now to take care of all student pictures if they will come in before the end of November. Besides considering the material situation, students should think of those "My-Picture-isn't-in-the-annual" blues that come in May to the fellow who was careless in the fall.

Get a jump on the gun and get your picture made now!

Time at Hand For Loyal Fans

Horned Frog sports fans will have to be more loyal than ever before this year.

Reason—the student body is smaller.

In fact, the entire student body should support every home game, freshman or varsity, 100 per cent. Chances are that this will be the last college football season for the duration. Freshmen as well as seniors may be playing their last season. They are putting out their best. Why shouldn't the student body be more loyal than ever before?

First opportunity to see a T. C. U. team in action will be Tuesday night at Farrington Field. The Wogs meet N. T. A. C. of Arlington. The first-year men have a good club. Let's give them a big turnout Tuesday to start the season off right.

After a good beginning Tuesday, the pep rally Thursday comes next and then the big opening home game for the varsity with Arkansas next Saturday.

It's up to you, newcomers and oldtimers, to make this football year a success for the team and the school.

Want to Meet Pearl Harbour? See Ernest Allen

Ernest Allen got a taste of what might have been Registrar S. W. Hutton's humor last week. Ernest had the responsibility of conducting a freshman group over the campus, and on his list of followers appeared the name of Mrs. Pearl Harbour.

He doubtless braced himself for their first encounter, but Mrs. Harbour failed to respond to her name when the roll was called. Ernest is still anxious to make her acquaintance.

Council Comment

The Student Council got under way for this year at a meeting Monday.

Beginning the session, PRESIDENT DUNNY SIMS read a letter of recommendation to the Council. Included in this were suggestions for a permanent list of students in Uncle Sam's service, several constitutional alterations, putting into use the croquet court by Gibson House, installation of a railing on the Library steps and a fountain on third floor. He also suggested seeing what action could be taken on a student body trip this year.

The S. C. A. was again granted the drink concession at the student dances. Prof. Charles Sherer was unanimously re-elected faculty sponsor of the Council.

Date for the Freshman Prom was set as Oct. 3, after a lengthy consideration. DAVID MCKEE, MISS MARY CHARLOTTE FARIS, HORACE BUSBY and MISS MARY LOUISE WALDRON were appointed as the social committee to work in collaboration with the dance manager.

A committee, composed of ERNEST ALLEN, MISS RUTH HARDY and JAMES MOUDY were elected to supervise all student body elections. The committee for Homecoming is made up of MCKEE, HEAD YELL LEADER MARSHALL MASON, ALLEN, MISS JUNE DAMERON and SKIFF EDITOR LOIS JEANE CAYCE.

The Council decided to hold an election Oct. 8 for freshman class officers, a senior class vice-president, junior class president and a graduate Councilman. Also at this election, students are to state their preferences as to a student trip, although the possibility of one is far from certain.

Financial reports showed that last year's Council turned over a small surplus to the incoming Council. Its dance fund, too, showed a net profit.

The first Student Council meeting was well attended and indicates a group ready to accomplish things.

On The Go

With the first week-end of school at hand and no campus activities scheduled, Froggies will want to be "on the go."

A good place to go would be the PARKWAY THEATER.

Showing Friday and Saturday is "TORTILLA FLAT," with HEDY LAMARR and SPENCER TRACY. Sunday and Monday—"TAKE A LETTER, DARLING" with ROZ RUSSELL and FRED MACMURRAY.

# Frogs to Meet Bruins in Opener Today

## New Squadmen To See Action In First Game

The fate of the Horned Frog eleven for the entire 1942 season may rest in the outcome of the game with U. C. L. A. in Los Angeles' Memorial Coliseum this afternoon.

Many close T. C. U. supporters and sports writers believed that was the case in 1939 when the Frogs lost their opener to the Bruins and continued with a disastrous season after they were touted to be a conference championship contender.

Both spirit and confidence were lacking the rest of the season after that 6-to-2 upset in '39. This year the members of the squad are wondering themselves just what sort of club they have. A victory this afternoon may kindle a spark that won't die out for the rest of the season. A defeat may stop them before they begin to reach their peak as a winning team.

Broadcast of the T. C. U.-U. C. L. A. game may be heard over station KFJZ beginning at 5:45 p. m. Fort Worth time. The opening whistle will blow 15 minutes later at 6 p. m. Charley Jordan of Dallas' WRR will give the play-by-play description direct from the playing field.

Due to be the chief Frog headache this afternoon is Bob Waterfield, triple-threat field general for the California team. Bob weighs 185 pounds, is a good kicker and was the leading passer on the West Coast last year as a sophomore.

Leading punter on the Coast last year was George Phillips, 205 half-back for the Bruins. Al Solari and Negro Clarence Mackey furnish the seat-back running.

Another star for Coach Babe Hornell's eleven is Senior End Milt Smith who is said to make the all-Pacific Coast team this fall.

Other veterans in the line are Jack Finlay and Capt. Charley Chuck Fears, 200 pound tackles, and Jack Lescolie, guard. Jerry Grubb, a reformed guard, is holding down the pivot post.

With a seemingly stout defensive line the Frogs chief worry may be pass defense and the stopping of wide end sweeps. U. C. L. A. looks to have the edge in the kicking game, but Van Hall, Emery Nix and Dean Bagley have shown great improvement in getting off booming punts that land out of bounds.

The play of two new Purple starters, Clyde Flowers, right tackle, and Sophomore Clifton Patton at left guard may have much to do toward an intersectional victory or defeat for the Meyermen.

Dutch Meyer is the sole coach with the stream-lined Frog squad of '33. Line Coach Hub McQuillan will scout the Arkansas game tomorrow.

Starting Frog team will probably be ends, Bruce Alford and either Bob Balaban or Drummond Slover; tackles, Derrell Palmer and Flowers; guards, Mike Harter and Patton; center, James Woodfin; tail back, Nix; half backs, Hall and John Bond; fullback, Bob McCollum.

The Frogs will lay over in Los Angeles Friday night, starting for home early Saturday.

### Mr. and Mrs. Jack Odle Return to Fort Worth

Mr. and Mrs. Jack Odle have returned to Fort Worth to live. They formerly resided in Albuquerque.

Jack received his B. S. degree in '41. He is a civilian instructor at Mencham Field. Mrs. Odle is the former Miss Wanda Jean Lee, also an ex-student.

Shamrock. For a blushing answer just ask John himself when he returns from the West Coast.

It also seems that the "Wonder Boy" of the Frog team did not have too many troubles on his mind that a convertible couldn't cure.

**Mo's Musings**  
by Eimo "Mo" Webb

Comes the opening of the football season and with it predictions as to how the Southwest Conference race will wind up.

The consensus of sports writers saw a two way battle between the Aggies and the Longhorns with T. C. U., S. M. U. and Rice trailing in that order, grouped close together but giving no challenge to the two leaders.

Two predictors are known to have selected the Horned Frogs to cop the flag. They are Red Grange and George White. The latter took the Frogs to win in a close three-way fight with the Cadets and Texas.

Well, this column might as well stick its neck out with the rest. Usually on the pessimistic side when it comes to the chances of the Horned Frogs, a reversal takes place this season. Here is the way the end of the conference race looks to this corner.

	W.	L.	PCT.
T. C. U.	5	1	.833
Texas A. & M.	5	1	.833
Texas	4	2	.667
S. M. U.	3	3	.500
Rice	3	3	.500
Baylor	1	5	.167
Arkansas	0	6	.000

Which all means nothing and Arkansas will probably win the conference title.

Several former T. C. U. stars are doing all right with service teams. Bobby Sherrod was first string guard on the Eastern Army All Stars. Connie Sparks scored the only touchdown for the Army Air Corps team at Albuquerque last week-end. Rusty Cowart was listed recently as running second string quarterback on the strong Great Lakes Naval Training eleven. Besides those playing, many are helping coach these service teams.

Bob McCollum will probably play some fine football for the Frogs this year, but again he is troubled

with that bad back that caused him so much suffering last season. At the first of this year's practice, Bob hoped the old pain would not return, but after about 10 days Bob was once again slowed down from his top form.

McCOLLUM

Bob's play will undoubtedly have much to do with the success of the '42 Purple club. One of the smartest and most alert players on the team, Bob will probably do much signal calling with Emery Nix out of the line-up.

Visitors can see Arthur Renaud at Cook Memorial Hospital now. Doctors were pleased with the success of the operation to mend his crushed cheek bone and hope he can be up and around in two more weeks.

Before leaving for California, the football boys sent Arthur a basket of flowers. It will be many a day before the writer forgets the way the plucky Renaud apologized to the coaches for being hurt as he lay on the field with his cheek bone crushed and then as he left the field under his own power, apologizing to the team for having to quit.

If it is all right with you, Jean, this corner would like to say that a pleasing surprise has been the way Billy Blackstone's knee has held up under heavy scrimmage. Billy, a smart defensive player, will be of great value to the team.

Question? — Why does Big Jaw Bond keep making frequent trips to

## Wog Opener With N. T. A. C. Tuesday Night

### Ailments Allowing, Stout, Wright, Jarrell, Britain To Be Starting Backs

Plagued with injuries, the Wogs will open their season Tuesday night at Farrington Field against the N. T. A. C. team from Arlington.

If ailments will allow, the Wog backfield may open with four backs who played in recent summer high school all-star games. Those four are Pete Stout, Pat Wright, George Britain and Passer Martin Jarrell.

Melton Oldham and Tom Bishop will also see much action at lugging the ball. Almost sure to be missing is Harold Bierman, brother of Gus. An infection causing a slight paralysis of one side of the face may keep him on the side line.

Don Herring and Kenneth Wilcox should display some of the finest defensive play at guard seen on a Wog team in many a year. Again the injury link bobs up. Don may be out with a bruised foot. If so, W. E. Harrison will probably fill his shoes.

Another Wog bright spot on Coach Leonard Pugh's eleven is the long punting of End A. J. Coker. W. E. Carlisle will open at center, backed by Mike Wright, brother of Pat. Richard Stubbs, stand-out pivot man in the opening day of practice, will be on the side lines with a dislocated shoulder received that first day.

John Steele and Orville Lyles will probably get the call at the tackle posts.

Not much time has been devoted to offensive work, but Pugh hopes his lads will be able to make a good showing at the running and passing game.

The game starts at 8:15 p. m. under the sponsorship of the Frog Ex-Letterman's Association. T. C. U. students will be admitted on their activity books.

### T. C. U. Ex Manages Fifth Avenue Shop

Intramural tag football will start Wednesday afternoon under the direction of Scott Mooring. Of the 12 golf memberships for T. C. U. at Worth Hills, five have already been filled. The membership costs \$3.33 and lasts from October through December.

## P. T. Classes Compulsory

### Boys Must Take Training As Patriotic Gesture At Request of President

The time has now come when dormitory and shade-tree loafers must turn out and get a little exercise. Whether they can take it or not will be found out soon, for during the 1942-43 terms, all men must take a class in physical training.

Prof. Tom Prouse says that it should be more of a patriotic gesture for male students to willingly oblige than a task, since the president of the United States has asked all schools to make physical education compulsory. This program is to help make the nation's young men more physically fit when they are called into the service.

There are to be five classes in the mornings and one in the afternoon, so everyone's schedule can be accommodated. All students who have not already enrolled in one of the classes should sign up at once, at either

## "Frosh Week" Begins With "Gay Old Time"

By EDLEEN ARMSTRONG and MARY ALLENE INGRAM

After a week-end of frivolity and getting acquainted with each other and upperclassmen, the class of '46 has been initiated this week to the scholastic side of college life. But the freshmen haven't settled down to studying to such an extent that the thought of coming socials has been overshadowed.

Traditional "Freshman Week" begins Monday with freshman girls not allowed to wear make-up, and "Frog" will be painted on their foreheads.

Glamour girls will come into being when formals will be worn for the President's Reception next Friday night in Foster Hall and for the Freshman Prom Oct. 3. Already prom cards are being arranged for the "adopted" sisters and brothers for the gala occasion.

Another pep rally, including a snake dance, with freshman boys wearing pajamas, will be held Thursday night downtown. This follows the successful rally held Tuesday afternoon when the Frogs left for Los Angeles. The Horned Frog Band was on hand with its well-known brand of swing to give the boys a real send-off. Everyone should have a radio tuned in at 6 p. m. today for the U. C. L. A. game.

The Polliwogs will show what kind of team they have when they meet N. T. A. C. Tuesday night at Farrington Field.

The Student Council should be congratulated for publishing the Frog Horn "... for freshmen in a haze," which acquainted them with the school songs and traditions of the University.

Foster Hall is the new home for all girl dormitory students, including many Fort Worth girls. Most popular places are the lounge on second floor, with adjoining reading room and kitchenette, and the sun deck on third floor. The new buzzer system eliminates confusion, and seniors and freshman alike are becoming accustomed to it.

Remember the T. C. U. policy of democracy and friendliness, so listen to the game on the radio today, be on hand at the pep rally Thursday and join in the fun of "Freshman Week."

The party is an annual affair for the Meliorist Club. It will be held at the Burns' home at 2019 Ward Parkway. Tentative plans are games, songs and movies, says Melvin Dacus, president.

A committee, composed of the official board of the Meliorist Club, will meet Friday afternoon to make selections for a new vice-president to fill the vacancy left by Roy Bregg. The selections will be put before the club Sunday night.

Melvin Dacus presided at the Meliorist meeting last Sunday night. There were approximately 110 in attendance, he says. The Rev. Perry E. Gresham spoke on "What is Meliorism?"

Miss Mary Charlotte Faris, Weems Dykes and Dunny Sims spoke on "What Meliorism Has Meant to Me in School" in the friendship circle.

COME IN AND GET ACQUAINTED

# Toad Tattler

by Edleen Armstrong and Mary Allene Ingram

All Frog students are getting back into the swing of campus life here on the Hill. Freshmen with their green caps are in the limelight.

Freshman DORIS HAMPTON was the center of attraction at the get-together last Friday night when she portrayed a bride. Upperclassmen seem to approve of the new students, as ROGER NEELY has been dating PAT ALLISON; PRESTON STEDMAN has been seen with FAY GARNER; MORAN HILL with FRANCES ALEXANDER. However, freshman boys aren't being left out, because PAT HERRING has been dating MARGARET CULP, LORNA'S sister; HARRY KNOWLES has been with BETTY HENDERSON.

Early bids for popularity seem to point to Freshman FRANCES HALL and CAROL ELMORE. The most interesting campus quintet is BETTY JO LEWIS, F. L. LUCAS, NORMA PURVINES, JACK WILSON and JOHN FARRIS.

MIKE HARTER has been giving MARGIE WALTON a big rush. The

triangle between "LITTLE" DAY, OLGA ATKINSON and DEE EZZELL has been broken. DON is dating BETTY EASTLAND.

Students showed real spirit with the send-off they gave the boys leaving for California. The pep rally Tuesday proved that the flame is still burning between VAN HALL and GERLYNE SCHMIDT; FLOPPY BLACKMON and GENEVIEVE ABLE; CHARLIE CONWAY and ELLEN WERNER; DEBE LATHUM and DEAN BAGLEY; BEECHER MONTGOMERY and DOROTHY BRYANT.

GERRY BROWDER, HELEN ZIEGLER, MARY CHARLOTTE FARIS, BEVERLEY WADE and MYRA JEANE TOMPKINS are dating "uniforms" and may be called very patriotic. ROSEMARY WILLFORD came back from California with a ring on her left hand. JEAN BADGETT and BILLY BLACKSTONE have called the engagement off, but are still seen together. BETTY JANE JONES and DUNNY SIMS are a new campus twosome.

### Foster Takes Limelight—

## Mexican Lounge, Sun Deck Are Favorites With Coeds

Jarvis Hall no longer reigns as the sole femme fatale on the hill. Foster Hall has stepped in to give her a little competition. Fall is here and the coeds have flocked back to take up residence with her maidship, Foster.

All joking aside, it can truthfully be said that the coeds really looked forward to residence in the new dormitory. It has been furnished to perfection and it is all a girl could dream of for a nine-month home. The latest addition to the furnishings is two Chinese lamps which have been placed at each side of the fireplace in the living room.

All the windows are furnished with Venetian blinds. Each room is equipped with a buzzer by which girls may be summoned to the telephone, parlor or office without disturbance to others or unnecessary confusion.

The reading room, which opens into the second floor parlor, had its first book donated by Miss Charlie Pearl Griffin, A. B. '42. Miss Griffin saved \$25 of her allowance and gave a large dictionary for the reading room.

The T. C. U. alumni has \$50 toward a gift, and Mrs. Georgia Harris presented an alquipped quilt to be used in the guest room. Mrs. Harris made the quilt.

The girls' lounge is furnished Mexican style and is the true love of the campus. In addition to bright chairs and tables the ceiling is beamed and painted in dazzling reds, blues and yellows. A piano, radio and record player are at the girls' disposal. The sun deck, which also particularly thrills the girls, is completely furnished with white and blue lawn furniture.

Every girl is proud to take up residence in Foster Hall, which is dedicated to the memory of the late Houston Foster.

### Coffee Will Be Held By College Class

The Young People's Department of the University Christian Church will hold its annual fall coffee Sunday. The purpose is to welcome the old students back to the campus and to greet the new students. All C. P. T. students are invited to attend also, says President Melvin Dacus.

Coffee will be served from 9:15 until 10 o'clock Sunday morning and then the students will adjourn to the Brite College Chapel for a brief assembly period before Church services.

Oct. 4 has been set for the organization of the Sunday School classes, and for the election of the All-College Class officers. Dr. Edwin A. Elliot is to be the teacher.
