

Juniors Lead On Honor Roll

11 Students Make All 'A' Grades—67 Navy Men Listed Among Leaders

The junior class leads the Honor Roll for the summer-fall semester, announced this week by Registrar W. Hutton, with 67 names out of a total of 198.

The seniors are next, with 60 representatives. The sophomores are third, with 50 names, and the freshmen fourth, with 20. One is a special student.

Sixty-seven of the 198 are Navy men.

Eleven students made a perfect record of all "A" grades: Lloyd Allen, Wilma Brown, Tom Dent, Nina Elliott, Elizabeth Maguire, Bob Magoffin, Mrs. Edith Morgan, Cyril B. Oranhood, Donald Payne, Karl Wyatt Tuttle and Harley Webb.

Don Gillis to Go to Chicago NBC

Don Gillis, B. M. '35, will leave Dec. 22 for a new job with the musical production department of the National Broadcasting Company in Chicago. He will be accompanied by Mrs. Gillis.

Gillis, who was band director and instructor at T. C. U. from 1935 to 1941, has been associated with the production department at NBC for the last 15 months.

Periodicals Given Friend to Library

Through Dr. Gayle Scott, a friend has given a large file of the East Texas and Gas Journal, East Texas Oil Weekly and National Petroleum News to the library.

Among the new books are: "C/o Strasser," by Corp. Thomas St. Onge; "Cow by the Tail," by Jesse James Benton; "But Gently," by Robert Nathan; and "Not If You Must," by Lucius Harrell.

From Coffee to Juke Box—Campus Drug Staff Is Wise to Students' Weaknesses

By GEORGE CONNER

If you are a typical T. C. U. student, you help to down fifty gallons of coffee and fifty gallons of cream daily. Furthermore, you spend more five dollar bills than you do any other denomination, and you buy more cosmetics and shaving preparations than you do school supplies.

You are very nice to wait on, you are "precious," your looks are such that you can not be distinguished from a freshman or a senior and you visit the drug store more on Sunday than any other day.

Your favorite drink is a chocolate milk shake, chewing gum precedes candy on your list of desires, and you hardly ever buy stimulants to keep awake during class sessions. Your "Hit Parade" for this week is "Hard-earned Hannah" and "Don't Cry Baby."

At least, these are the observations of those working in the T. C. U. Pharmacy. It is Miss Louise Tubbs of the cigar counter who comes daily at 3 o'clock and "engages" your face and the music that you select on the juke box. And it is she who thinks you "precious."

It is A. T. Harrell who has observed and supplied the data on the soda fountain.

24 Horned Frog Favorites to Be Presented In Red, White, Blue Setting Tomorrow Night

"Catz Limited" Works In True Scientific Spirit

Not to let the big-time "Bring 'Em Back Alive" hunters get away with all the glory, a campus corporation called "Catz Limited" has been founded to carry on the work in a small-time way.

The members of "Catz Limited" are Miss Florian Felknor and Miss Bobbie Ruth Chumbley. They've chosen as their slogan, "Make the fur fly."

But it's not so bad as it sounds. The girls are prompted in catching cats by a true scientific spirit—and, besides, what if they do get a little remuneration on the cat-market?

Hearing that there was a shortage of cats for biological experiments, the two girls decided that they would do something to aid the cause. So last Saturday they set out to bring in some kitties. By collecting offensive felines from neighbors and friends who were trying to get rid of them, they managed to rake up eight fine specimens.

Monday they set out to get two more, bringing their total to ten. Then the cats were sold to a biological supply company in Dallas, which in turn will "fix" them for biological experimentation and sell them back to the T. C. U. biology department.

Brite Trio Is Conducting Revival at Denison Church

A Youth Revival is being held at the First Christian Church at Denison by Frank Crow, Bob Matheny and Jimmy Tinkle. Crow is preaching, Matheny leads the singing and Tinkle plays the piano.

"The boys have made an excellent beginning," says the Rev. Ben F. Hearn, A. B. '29, pastor at Denison, in a letter to Dean Colby D. Hall.

logical supply company in Dallas, which in turn will "fix" them for biological experimentation and sell them back to the T. C. U. biology department.

Not so easy a job, say the girls, because some of those cats are wild and mean. And, besides, their friends have somehow taken a cool attitude toward the whole thing.

"They just don't understand, I guess," sighs Miss Felknor.

Dance Fund Is Limited to \$50

General Council Account To Receive Balance—Fee Is \$1.25 for Presentation

Fifty dollars will be left in the dance fund at all times in the future. Any additional balance will be transferred to the general Council fund. Money in this fund is used for Homecoming and other celebrations, and projects such as the scholarship fund and any other business of the Council. This action was taken at the Student Council meeting Tuesday.

The amendment to the constitution which has been under consideration concerning changes in election procedures was vetoed. Changes in the constitution will be left up to the judiciary council which will be appointed by Prof. C. R. Sherer.

It was decided that \$1.25 will be charged for couples or stags at the Presentation Ball tomorrow night.

All 'Y' Groups to Meet For Christmas Program

"A new approach for using the Christmas spirit" is to be the theme of a "candle light" service Tuesday when all three groups of the "Y" meet together in Brite Chapel.

In order to prevent a conflict with the Civic Music concert, the service will begin at 7 p. m. and will end at 7:30 p. m.

Prof. C. R. Sherer's group of the "Y" will have charge of the program. Clinton Henderson will play organ selections and Miss Nina Elliott will read a Christmas poem, and every one present will have a chance to join in singing Christmas carols. Students and faculty members are invited.

15 Oil Paintings of Trees On Exhibit in Little Gallery

"Trees" will be the theme of the fourth art exhibit of the year, to open in the Little Gallery Monday, Prof. S. P. Ziegler reports. There will be 15 canvases in the group of oil paintings.

"They represent the trees of this immediate vicinity mainly, and at the most advantageous season of the year," Prof. Ziegler comments.

"The color schemes and the compositional plans are varied to suit the subjects."

The exhibit will last until Jan. 8.

"T. C. U. in Wartime" to Be Ball's Theme—Joe Albright's N. T. A. C. Orchestra to Play

Twenty-four Horned Frog favorites will make their bows in a patriotic setting of red, white and blue at the annual Presentation Ball at 9 o'clock tomorrow night in the Basketball Gymnasium.

The favorites will make their appearance from behind giant silver letters, spelling out "T. C. U." in front of a blue background with red stars. The setting carries out the "T. C. U. in Wartime" theme of the annual. Miss Bettye Flo Baker, Horned Frog editor, will present the favorites.

W. J. Hammond To Supply Eats, Bunks for I. R. C.

Dr. William J. Hammond is to provide housing and meals and to assign papers to the estimated 75 delegates who will attend the regional meeting of the International Relations Club, to be held in March at Our Lady of Victory College.

Sister Mary St. Patrick of O. L. V. will be in charge of arrangements for the meeting, to be held under the auspices of the Carnegie Endowment for International Peace, which will furnish two speakers for the occasion.

Three round table groups will simultaneously discuss these questions: "Global War and Its Consequences," "First Steps Toward Peace" and "Problems of a Global Peace."

Goode Hall Has New Dorm Rules

Three new house rules were unanimously passed Wednesday night when residents of Goode Hall met with Dr. T. F. Richardson to plan a new standard of dormitory life. The new house rules cover the time for room clean-up and time limits for use of the game room, piano and ping-pong set.

The standardization of hazing and the relationship of freshmen and upperclassmen have been set aside for a future date.

Profanity, general behavior and protection of school property were viewed in the light of personal problems. Dr. Richardson suggested that the men of Goode deal with these problems as they would in their homes.

The possibility of a house mother was another topic set aside for future reference.

Dr. Holsapple Attends Conference in St. Louis

As executive committee member of the National Association of Colleges and Universities in Aviation Training, Dr. C. K. Holsapple was present at the committee meeting last week in St. Louis.

War, transition to peace and post-war problems as they affect college aviation training, were the main topics of discussion.

Miss Elizabeth Biser Will Work in St. Louis

Miss Elizabeth Biser will begin work in January with the Christian Board of Publication, St. Louis, as an editor in the "Children's Literature Department." No one has been found to take over her work at the University Christian Church.

Joe Albright and his N. T. A. C. orchestra will play for dancing until 12 o'clock. Admission will be \$1.25, couple or stag.

The girl favorites, their escorts and the musical selections which will be dedicated to them during the program are as follows:

- Seniors: Miss Mary Louise Waldron, wearing a shell pink taffeta and net dress with sequin trim, with Zeke Chronister: "Always in My Heart"; Miss Peggie Harcock, wearing a white net dress with silver sequin trim and carrying American Beauty roses, with Clyde Flowers: "Secunde in Blue"; Miss Gaylene Schmidt, wearing a blue net dress with black velvet trim, long black gloves and carrying a pink carnation bouquet, with Clyde Politz: "Just As Though You Were Here";

Outmoded Constitution

Especially commendable in T. C. U. student government is the forthcoming revision of the constitution. Finding the need exigent, the Student Council has authorized the Judiciary Council to frame a new set of governing principles in provisional form.

For more than three years the student on this campus has been governed by a body of laws lacking in consistency. With the advent of the Naval V-12 unit, by-laws had to be introduced to give the new faction representation in the school's politics. As the months passed, problems which were not related to the existing constitution arose and, consequently, efficient government became something for which one could only hope.

Good administration cannot expect to be built merely upon hopes. This fact was realized by the present Council representatives, and they set to work solidifying the vacillating basis.

Should student government be compelled to continue under such conditions, the students will soon discover that their government is based upon fallacy and they will lose faith. Constitutional shiboleths at Texas Christian University must be justice, logic, and democracy. When the electors are given the opportunity to ratify the revised document, they must seek these qualities, and then vote as their convictions dictate.

Not Just Another Dance

Giant silver letters spelling out T. C. U. in front of a star-studded blue background. Red and white crepe paper adorning the walls and posts. Flags throughout the Gymnasium.

From this setting . . . carrying out the "T. C. U. in Wartime" theme of the annual . . . the favorites for the 1944 Horned Frog will be presented at the annual Presentation Ball tomorrow night.

It will be "the" night for 24 favorites selected by their fellow students. Upon the selectors, though, will depend whether this ball is just another "hop" or a night that these selected students will always remember—another tradition of T. C. U. carried on majestically in wartime.

The Memory Lingers On

"The song is gone, but the memory lingers on." So with the Haydn Festival, a landmark in the history of the finer arts at T. C. U. Under adequate direction and leadership, the annual music festivals have become major events, not only on the campus, but in the city as a whole. The Haydn Festival this year was not only a monument to the music of Haydn, but a credit to the University as well.

The music faculty, the Mixed Chorus, and the orchestra are to be complimented for bringing such a production before the public.

Confabs Bring Out Ideas

Talkin' Causes Right Smart Trouble, Starts Things Rollin' on the Double, Most times tho, The Talkin's Grand And Students Find Wherefore They Stand.

Joe College laughed to himself. Thoughts milled around Joe's mind as he walked the moonlit way across the campus . . . Thinking . . . Thinking . . .

Tonight at "Y" meeting the kids had discussed campus problems. "Sure it's all right for a girl to take a boy riding in her car . . . even with rationed gas . . . but none of this going dutch on dates!"

Then, there was last night when all the fellas had crowded into the room. The ideas seemed to be half and half: "I'd rather get a college education before getting into the fight." "This thing's not going by without me, I'm ready right now." He wondered how the conversation ever got around to whether blondes or brunettes were the prettier . . .

As Joe passed the post office, he passed some coeds "Oh, yes," one said, "do you think pink or green is best for bridesmaids?"

People like to talk more than anybody. A T. C. U. student has the right to opinions and the right to express those opinions as long as that right is also equally divided among the other students. Dorm get-togethers, club meetings, bull sessions all help the college student make the proper adjustments for future living. 'S fun, too.

'Trademark' Gets Frogs in Service 'Priority' Letters

They may be gone but they are not forgotten.

"They" are the ex-T. C. U. boys who are now in the service but who have left their trademarks on certain campus coeds.

Male students now on the campus with the idea of finding "the" girl to give their rings and pins to, may just as well drop the idea. Only freshman girls seem to be eligible.

For proof of who is eligible or ineligible, just drop around to the post office any day when the mail comes in. You'll find such coeds as Margie Walton, Betty Lou Hendler, Nell Nettles, Lorna Culp, Fay Garner and Margaret McKennon "sweating it out" for letters from "that" boy.

Those six are just a few of the girls who jam the postoffice every day. The rest of the time—except what is taken up by studies and classes—is spent writing letters.

Then there are other girls who spend their time writing and receiving interoffice letters from the boys on the campus. An example of this is Bettie Mae Davis.

To top all this off, you may see the "double header" girls—Margaret Culp and Doris Hampton—who receive letters from afar and also the inter-mail, yet still have time to keep up the morale of campus males by showing them a little attention.

You Don't Say!

POLLY FAYE CLARK is the great-niece of Addison and Randolph Clark, founders of T. C. U. . . . JEAN DUCKWORTH has killed three panthers . . . ALFRED JONES was born in Hawaii and speaks the native language . . . MALCOLM WILSON was voted the healthiest baby in Louisiana when he was 1 year old. He has a hot water pad as a trophy of his victory . . . CARLIE CURRIE once placed first in a Shirley Temple contest at Coleman . . . SADIE SCHLESSER won a prize with a four-legged chicken at a pet show in Mason . . . V. M. TOOMEY bought a model T Ford in Killeen for \$9 and drove it 400 miles to Houston . . . FRANCES STRAUS won a box of all-day suckers as first prize in a spelling contest in the third grade . . . DORIS MAHON has completed her first novel . . . DEAN JEROME MOORE played football for Midland College (located at Midland, Tex., now defunct) when Dr. John Lord coached there . . . ELAYNE HENDERSON, tumbling cheer leader, has been doing acrobatics since she was 5 years old.

Scoring of Frosh Exams Completed Tomorrow

Scoring of the freshman psychological examinations will be completed by tomorrow, according to Dr. T. F. Richardson, and the interviews will begin this week. Dr. Richardson points out that the psychological examination completed will give the student a rough idea as to his mental capacity and his occupational and that the personality of the student will now receive the attention of the student personnel office. All students may avail themselves of the personality test though advantage will be in the personal interviews to get a freshman schedule for the year.

Frogs to Meet Tech In 2 Lubbock Games; May Play Mexican '5'

Coach Hub McQuillan and eight of his basketballers will leave Thursday night and head to Lubbock, where Friday and Saturday nights they will tangle with the Texas Tech Raiders.

Of the eight cagers making the trip Thursday, three will be Navy V-12ers. Three more Navy men will leave the campus Friday night for Lubbock, to take part in the final game. The original three V-12ers will leave immediately after the first fray. All this traveling is because of the 48-hour leave rule affecting the Navy men.

Little is known about the Tech team but indications are that the Raider five is strong. It is, of course, composed of civilians.

Tentative games are scheduled against an amateur team from Saultillo, Mexico, Monday and Tuesday in the Frog Basketball Gymnasium.

President Sadler to Speak To Publicity Association

President M. E. Sadler will speak this afternoon on "Publicity Problems of Post-War Education" at a district meeting of the American College Publicity Association at Hotel Texas.

Sunday he will speak twice at the First Christian Church in Abilene. His subject for the morning will be "The Function of the Church in a World at War." In the evening he will speak on "The Japanese Situation." This meeting will be attended by men from Camp Berkeley.

Monday President Sadler will visit the officers and chaplains at Camp Berkeley. Wednesday, he will visit a similar group at Camp Walters.

John Mullen Will Speak At Weekly Brite Chapel

John Mullen, endowment fund secretary of the Texas Christian Missionary Society, will speak at 11 a. m. Wednesday in the Morro Memorial Chapel.

Paul Nelson, ex '42 student, returned Monday to the campus as an instructor in aerology in the Naval Flight Instruction School. He comes from the R. A. F. school at Terrell.

Captain Stars In First Game

Chronister Is High-Point Man—Army Air Field Wins in 2nd Half, 36-25

A coolness for the basket in the last half was the cause of the Frogs' getting off on the wrong foot and losing their first basketball game of the season Tuesday night to the Fort Worth Army Air Field, 36 to 25.

The T. C. U. five started strong, lost their lead late in the first half and never caught up in the second part of the fray. Capt. Zeke Chronister was high-point man for the night, tallying 13 points, pouring five field goals through the net in the first half.

Frog Get Early Lead

It was mainly through the sharpshooting of Chronister that the Frogs jumped into an early 10-to-5 lead. However, the T. C. U. men committed 18 fouls for the night, and it proved costly to them as it was through these foul shots—nine of which the Fliers made in the first half—that the Army led 18 to 15 at the midway point.

The close guarding of Chronister in the second half, and the inability of the rest of the Frog five to score accounted for the Fliers' building up a safe lead.

McNeeley, Hodgson Star

Clifton McNeeley and James Hodgson were the main guns for Coach Ab Curtis' team.

Besides Chronister, Stewart Allen, who made six points in the last half, and Neil McFarland looked good for the Frogs.

President M. E. Sadler was elected vice-chairman of the National Planning Conference of the Disciples of Christ at a meeting Monday and Tuesday in St. Louis.

Deacons, Sea Dogs Still Tied

Admiral King's Deacons and the Bulkely Sea Dogs remain in a tie for first place after Wednesday's games in intramural football.

The Deacons encountered stiff opposition in the Goode Hall Frosh before winning 12 to 8. The Frosh started with a safety, when Elwood Townsley was tagged behind his own goal line. Then Paul Lacy passed to Townsley for the Deacons' two touchdowns. "Lefty" Coates tossed to Charlie Haines for the Frosh marker.

The Sea Dogs buried the Nemitz Bird Dogs under a five-touch-

down spree, for a 33-to-6 count. Bob Harlan starred for the Sea Dogs with his bull's-eye passing. Joe Wallace, E. G. Brown and Bill Witte all scored. As usual, George Blackburn was outstanding for the Bird Dogs. He tossed to Perry Smith for the losers' lone score.

Registrar S. W. Hutton will spend the Christmas holidays in Topeka, Kan., with his daughter and son-in-law, Mr. and Mrs. R. W. Raugh.

Bob Bababan, who played for T. U. last year, was chosen on the 25-service team which was recently picked. Bababan developed fast while here, not reporting for football in his sophomore year, but a first-stringer in his junior year.

The intramural season got under way Nov. 1 and has been running smoothly under the direction of Tom Prouse. This is Prouse's 10th year at the head of this program, which was developed under him. Right now, the football season is in its closing round, with two navy teams leading, but all four of the teams are still in the race for the title. Of course, there are plenty of arguments every Wednesday.

Newest twosome on the campus is OWEN LEASE and NEL EPPERSON . . . Newest triangle is JOYCE BUSH, JANE WRIGHT and LEONIDA CURL.

ARF FULKERSON, FRANCES HOLLEY and JOAN MOORE all

had the same escort last Saturday night . . . must be some fella! ELIZABETH GLASSCOCK and LAURA KIRK get all fluttery and excited even at the mention of Eagle Mountain Lake nowadays . . . Word has it that NORMAN JENNINGS is a changed man . . . ESTELLE SOUTHWICK and GILBERT GRADY have called the "steady" part of their dating off for the time being . . . LIZANNE HILL and SARA LOUISE PALMER are kept busy making cookies to send to those certain somebodies (And can they make cookies! ummmm).

They say MISS BITA MAE HALL looked beautiful enough to eat at the Campus Club dance Saturday night . . . MIRIAM CLARK is the champion bowler of the campus . . . If you hear "Cuddle up a little closer" on the juke box over at the Drug look around, more than likely JIMMY BROWN will be there . . . it's his favorite.

Poetry Club Planning Christmas Party

The next meeting of the Poetry Club is to be a Christmas Party, if plans now being made are successful. The date and place have not been set.

Each member is to bring an original poem about Christmas.

Poetry Club officers have also begun to collect poems for their yearly anthology, which is published sometime during May.
