

Three Senior Offices To Be Filled Nov. 28 Amendments Up Also

Petitions for senior class vice-president, senior secretary-treasurer and graduate representative to the Student Council will be due at noon Tuesday, Miss Betty Joe Gambell, newly appointed chairman of the election committee, reports.

These were the only three offices which were not petitioned for in the last regular student body election, held in October. These three offices, along with two constitutional amendments, will be voted on Tuesday, Nov. 28.

Since it will be impossible to hold a meeting of the V-12 men to elect a Clark Hall representative to the Student Council, petitions will be filed for the office and will be voted on along with the senior class and graduate student officers. Navy men petitioning for the position must have their petitions signed by 35 residents of Clark Hall.

Students running for senior class offices must file petitions containing 20 names of senior class members. Those petitioning must be members of the March graduating class, have no more than 120 hours and have a 1.00 average. The graduate representative to the Council must have full graduate standing and his petition must be signed by 50 per cent of the graduate students. All petitions must be turned in to Miss Gambell.

The proposed amendments to the student body constitution are: (1) Freshmen will be allowed to run for the offices of assistant yell leaders. Those freshmen, if elected must maintain a 1.00 grade index to hold their position. This rule shall apply so long as there are freshmen on the varsity team.

(2) The amendment calling for a Council representative for each of the student dormitories shall be changed to provide that one representative shall be elected to represent both girls' dormitories.

These amendments will pass provided 25 per cent of the student body votes and a majority of those voting approve.

A town student representative (Continued on Page 2)

Play Try-Outs Set for 1 P. M.

Freshman, Sophomore Classes Issue Appeal For Would-Be Actors

Try-outs for the Freshman-Sophomore Play Contest are scheduled for 1 p. m. today in Room 304. Casting of Miss Rose Million's original one-act play, "Tell Me, Pretty Maiden," was begun Wednesday.

Chosen for the freshman contest production is Hildegard Flanner's "Mansions," which calls for a cast of two girls and one boy.

Robert Kasper's "Echo" is to be the sophomore presentation, having a cast of one girl and two boys.

Miss Doris Mahon will direct the freshman group and Jimmy Tinkle will be in charge of the sophomore cast. The casts will be chosen from volunteers from the two classes.

Miss Million's play, which calls for four girls and three boys, will be presented before a meeting of the Poetry Club and Sigma Tau. It will not be entered in the Freshman-Sophomore Play Contest.

The contest, an annual event, will this year be sponsored by the freshman and sophomore class presidents. Proceeds will go for Ranch Week expenses.

"Times of Your Life" Walker's Sermon Topic

"The Times of Your Life," will be the subject of the Rev. Granville Walker's sermon Sunday morning at the University Christian Church. The anthem will be "Holy Art Thou," by Handel.

At Evensong, the message will be delivered by Charles Malotte. Jim Davis will have the interpretative reading and Miss Betty Easley will sing "Trust in the Lord," by Macdermid.

Prof. Major Attends Institute of Letters

Prof. Mabel Major is attending the annual meeting of the Texas Institute of Letters in Dallas today.

Campus to Get in Groove

New Trimester Brings Confusion, Color to Campus

New freshman caps, old freshman caps, lines from the business office to the end of the hall, noise in the library—and school started off with a bang last week.

New students are being initiated into the old T. C. U. custom of saying "howdy" to everyone else on the campus—no introduction necessary.

Registration had its usual mix-ups. Betty Rosamond registered for her classes wearing yellow fingernail polish—"to liven things up, you know."

Backslapping and "When did you get back?" echoed from every corner of the campus. By Saturday morning workers in the bookstore began saying, "Sorry, we don't know whether we have that (Continued on Page 2)

Pep Rally-Assembly Today, Get-Together Tonight, to Put Frogland in Football Mood

A combined pep rally and assembly at noon today, and an informal get-together in the Basketball Gymnasium tonight, will help new and old students get acquainted and get everyone ready for tomorrow's game with the Red Raiders.

The yell leaders, band and student body officers will be on hand to welcome all students to the assembly. The band will play several numbers, student body officers will be introduced and President Joan Gardner will make a short talk.

12 Favorites To Be Elected Each Class to Choose 3 Girls—Voting Due 9-12 o'Clock Tuesday

Nomination of favorites for the 1945 Horned Frog will be held from 9 until 12 o'clock Tuesday morning, Miss Sherley Glasscock, editor, announces. This year the annual will only have girls in the favorite section and each student may nominate three from each class.

The six girls who receive the most nominations will be placed on the ballot which will be voted on the following Tuesday, Nov. 21. The three names receiving the most votes in each class will be announced Nov. 24 in The Skiff as the 1945 favorites.

The Presentation Ball, at which the 12 girls who were selected will be presented, will be held Saturday, Dec. 9, Miss Glasscock adds.

Literary Checks Donated For Prize by O/C Crouch

O/C A. L. Crouch, former president of the Poetry Club, has recently sold five poems to The Saturday Evening Post, which had previously published six of his verses. He has sent all of the checks he has received from the Curtis Publishing Company to the English department, to be held in trust as prize money for the Southwest Literature Contest.

Crouch is at Aberdeen Proving Grounds, Md. His poems regularly appear in Yank and other army publications.

Teachers of V-12 Men To Meet 4:30 Monday

A meeting of all teachers who instruct V-12 men will be held at 4:30 p. m. Monday in Room 201 of the Administration Building, Dean Jerome Moore announces. Lieut. George C. Decker has been asked to discuss with the faculty new forms and problems of instruction for the Navy.

Formal Dance For Homecoming

A formal "Homecoming Dance" has been planned by the Student Council to welcome back all exes, as well as visitors from the University of Texas, who will be on the campus for the game, on Homecoming Day.

The dance will be from 8 until 12 o'clock on Saturday night, Nov. 18, in the Basketball Gymnasium. Dance Manager Jesse Mason says Dale Woodward's band will play for the dance and the price will be \$1.25, couple or stag.

600 Books From Yale Are Loaned to Library

More than 600 books from Yale University were received by the Library this week. Among the works are several out-of-print editions, including a group of German publications.

The material is being loaned by Yale's Missionary Library, though its subject matter is not confined to religious themes, according to Mrs. Bertie Mothershead.

Among the works are four 1906 volumes of Otto Pfeleiderer and a copy of Edgar Peer's "Studies of the Spanish Mystics."

Cecil Hyatt Is Added To Brite College Faculty

Cecil Hyatt, Baptist Seminary student, has been added to the Brite College staff. The step was taken as a means of meeting an unusually heavy demand for elementary Greek, according to Dean Colby Hall.

The yell leaders will stage a pep rally, with the first appearance of new Head Yell Leader Wilma Faye McGlothlin, who replaced Kenneth Womack, V-12 man who was transferred.

The Frog Horn (for freshmen in a haze) will be passed out to new students to help them get acquainted with songs, yells and general information on the school.

The get-together will be held from 8 until 11 p. m. Dance Manager Jesse Mason has planned to have a Paul Jones and other dances to help the students meet each other.

"The affair will be informal, and everyone is supposed to come whether he has a date or not," Mason says. "The idea is to come, have a good time and maybe find someone so you'll have a date the next time," he adds.

The dance will be sponsored by the Student Council, and it's all free!

Sadler to Greet New Students

President M. E. Sadler will deliver a message to new students, Tuesday, at 11 a. m., when a special program is held in the Auditorium, marking the opening of the new trimester. It will be the first general assembly of the new student body.

Dean Jerome Moore will preside, and Prof. C. A. Burch will give the invocation. Dr. Fred West will read the scriptures and two special numbers will be sung by the Choral Club. The Rev. Granville Walker will give a prayer and Dr. A. L. Porterfield will pronounce the benediction.

Classes will be dismissed for the assembly.

Dr. Lord in New Orleans For Alpha Chi Meeting

Dr. John Lord is in New Orleans representing T. C. U. at a national meeting of the Alpha Chi honorary society. He is scheduled to return to the campus Monday.

Churches Name Sadler President

President M. E. Sadler was elected president of the International Convention of the Disciples of Christ at that organization's recent annual meeting in Columbus, O.

The convention is made up of the Christian churches all over the world, chiefly, of course, in the United States and Canada. Election to the office represents the highest honor the churches can pay to an individual.

Dr. Sadler succeeds Dr. Clarence E. Lemmon, minister of the First Christian Church of Columbia, Mo.

47 Californians, 1 Texan, in New Navy V-12 Contingent

Fourteen states, with California leading the list, are represented in the new group of Navy V-12 men which has just made its appearance on the campus.

Forty-seven men call California home, with Los Angeles and her 12 representatives at the head of the list of 27 California cities included. Three Navy men each come from Pasadena and Fresno. Two come from each of Glendale, Santa Barbara, South Gate, Monterey Park and Oxnard.

Only one Texan, from Highland

Park, Dallas, is in the lot. Arizona and Michigan have four men each in the group. Each of the states of South Carolina, Georgia and Tennessee have two V-12ers now at T. C. U. Other states represented are Virginia, Iowa, Utah, New York, Kentucky, Ohio and Pennsylvania.

Forty-nine men come from the Navy V-12 program at Arizona State Teachers College, to head the list of colleges represented. Milligan College in Tennessee ranks second in transfers, with 12

Georgia Tech leads two. Ex-students are included also from Clemson, University of Michigan, Notre Dame, Northwestern, Albion (Mich.), Citadel, Pasadena Junior College, University of Redlands (Calif.), Berea, Ohio University and University of Cincinnati.

Chemistry, mathematics, biology, science and pre-engineering courses are included in the major fields of study. Two men are entering college for the first time, five will be juniors, and most of the other men will be classified as sopho-

mores. The average length of service is nine and two-thirds months, with practically all having had previous Navy V-12 or V-5 training.

Sixty of the men have taken active part in either varsity or intramural athletics. Basketball, football, baseball, softball, swimming, tennis, wrestling, boxing and golf are sports listed. Twenty-nine specify that they have played some college football.

Twenty-seven have held offices in classes or organizations, with

10 class or student body presidents in the lot. Nineteen have taken part in dramatics, 16 in student publications, 23 in religious organizations, 16 have served on student councils, 18 in musical organizations, 14 in oratory and debate, 15 have been members of honor societies, and 4 have worked in literary clubs.

Ten have had R. O. T. C. training and four others have served time with either the Civil Air Patrol, Memphis Naval Air Station, California State Militia or State Guard.

Stay Friendly

"Friendliness"—perhaps that one word describes T. C. U. better than any other word. New students and strangers are impressed by it; old students find it has become natural to them.

A new student walks across the campus, a little lost and a little shaky, and a dozen or more people smile and speak to him. Pretty soon he straightens his shoulders, smiles, speaks back and he feels fine. Right then, he's sold on the friendly spirit of the campus.

The school is small enough to allow everyone to know everyone else, and it's large enough for every student to find lots of friends.

War time has become a phrase for excusing shortcomings and mistakes, but being friendly doesn't require any scarce materials or extra energy. As new students come in, it's up to the old ones to break them in to the idea that, at T. C. U., everyone is a friend.

Theoretically, there are two systems

Just Use Sense

for getting through college. Neither is practical.

One method calls for a minimum of eight hours sleep each night and at least three hours of preparation for each class meeting.

The No. 1 program is largely of text-book origin, being much akin to the old theory of eight hours each of sleep, work and play. It is apt to be blown sky-high because not all "play" falls within the "play hours." Some unforeseen events, if ignored, may kill one's school spirit.

The second system allows for more play and does not extend over as much time, but it tends to shorten one's span of life. This plan of attack usually begins two weeks before final examinations and calls for ample doses of coffee, cramming and midnight oil.

In short, the problem of getting through college is an individual one. Perhaps the best program would be a combination of the two prevalent ones—being elastic enough to allow for sacrifices on either side.

PICKED UP PASSING BY

- Good Eating Places
- Try Banana Polishing
- Snowflake Visits Campus

For new students who like to eat but don't know where to find the "extra specials" in Fort Worth, here are a few tips. Try Denny Harman's for chicken—at 2616 West Berry, within walking distance of the campus. The Mexican Inn is tops in the city for tamales and tortillas. Try the Worth Cafe for Chinese dishes. The Wayside Inn is the best bet for steaks and the Chicken Bar tops 'em all for chocolate pie. Go to Coney Island's for coney islands, to Triple XXX for olive cokes and hamburgers, to the Blackstone Hotel for black-bottom pie, to Herman Jones for malted milks. For coke dates and grilled cheese sandwiches, it's the Drug. For hot lunches (especially chicken pie), it's Colonial Cafeteria. Both the latter places are close by and are student hang-outs (as if you didn't know by now!)

Mrs. Eva Jean McMahon keeps on going to school but she doesn't want to graduate too soon. She is carrying only six hours. She is a second-mester freshman transfer from Hockaday in Dallas and is just marking time until her soldier husband comes home from overseas. Then they will graduate together. She is the former Eva Jean Crowley.

"America's youngest sports commentator" is the title of Joe Shesid since he began a 15-minute sportscast at 6:45 p. m. every Saturday over radio KGKO. Joe is 18.

The department of home economics has some 80 girls enrolled in various courses, largest number for several years. But the situation is readily explained. The coded motto is "Be Prepared," and they're going to be able to take full advantage of the old saying that "The way to a man's heart is through his stomach."

Apple polishing won't work with Prof. J. Willard Ridings. He doesn't care particularly for apples, but he swoons over bananas. "Banana polishing" it is then!

THE SKIFF

Published Weekly on Fridays At Texas Christian University

Entered as second-class mailing matter at the postoffice in Fort Worth, Texas

Subscription price: \$2.50 a year in advance.

Mary Lou Slay Editor and Business Manager

The "Ride of the Valkyries" (if you don't know about that, ask a music major) had nothing on the ride of the Horned Frogs returning from Savannah, Ga. The squad missed train connections in New Orleans Sunday night. That meant staying over (without hotel rooms) until 2 o'clock Monday afternoon, arriving in Fort Worth at 8 a. m. Tuesday (after a night with no pullman berths.) Taxi drivers agreed to catch the train (for a price!) 20 miles out. 'Twas a wild ride, so the boys report, but the train was caught, pullman reservations were claimed, and the squad arrived home Monday afternoon, on time as scheduled.

Collecting Indian relics, such as tomahawks, arrowheads, pottery, etc., is a hobby of Dean Ellis M. Sowell. He has obtained most of his collection in East Texas areas.

Dick Tracy characters are always popular, but the present heroine, Snowflake, is just about the most popular gal on the campus. So popular is she that her name appears on the back of most of the cars parked on University Drive, including Dean Elizabeth Shelburne's. Whether it is the work of a single prankster, or whether all the students were curious to see if there really isn't any way to get it off, is a debatable question. But it remains that Snowflake is all over the campus these days.

New Trimester

(Continued From Page 1) book or not. We haven't had time to unpack the new shipments."

By the way, the sign in the bookstore that read, "You don't have to be crazy to work here, but it helps," is missing this trimester.

The first day of classes caused a lot of confusion, too. One-half of Prof. C. A. Burch's Bible class met in Room 204, Brite College, and the other half waited in Room 203. Prof. Burch played "Bo Peep" and went hunting for them.

Clubs are being reorganized. Choral Club practice has begun again. Miss Ann Barham is now a "professor" instead of a student. Girls who have been out of school for the summer are surprised at the redecoration of the Girls' Lounge.

S. C. A. to Seek New Members

Drive to Be Planned Tuesday Night—Officers Will Be Elected Later

Plans for organization, and for increasing membership, will be made at a meeting of the Student Christian Association, joint YMCA-YWCA group, at 7 p. m., Tuesday, in the basement of the University Christian Church.

Aims and ideals of the organization will be presented, and students interested in current affairs, school loyalty and spirit, campus reforms, and community problems, are invited to attend.

Miss Peggy Shamburger was elected temporary president when preliminary plans for organization were laid at a meeting Tuesday night. David Bunn, V-12 student, was named temporary vice-president, and Miss Doris Blessing was made temporary secretary. J. F. Alberson, V-12, and Avis Haden compose a publicity committee.

Prof. and Mrs. Charles R. Sherer and Dr. T. F. Richardson are faculty advisers. Permanent officers will be elected upon completion of a membership drive at the end of one month.

Three Senior

(Continued From Page 1) should be elected before next Tuesday. Miss Gambell adds. The girls' dormitory representative cannot be voted on until an amendment regarding that office has been put before the students.

In the Service

Ronald Cole, ex '44, is stationed at the A. T. B. Communications Office, in San Diego. He is seaman, second class.

O'Day Atherton, ex '44, has reported for duty in the Navy.

Bill Burdick, ex '44, is stationed at the Naval Hospital, Balboa Park, San Diego.

Milton Carleston, ex '43, is serving with the Marines in the South Pacific.

Pvt. Robert Routh, ex '44, is at Fort Sam Houston and is expected to be transferred soon.

Pfc. Melvyn Cobb, ex '43, is a chaplain's assistant at Fort Riley, Kan.

Col. Charles W. Christenberry, ex '17, has been awarded the Legion of Merit at his Italian base in recognition of "exceptionally meritorious conduct." He is chief of staff of a major command in the Mediterranean theater.

Charles Doug Kenney, ex '43, who is a pharmacist's mate third class, recently visited in Fort Worth. He is stationed at the Naval Hospital in Portsmouth, N. H.

Capt. John C. Donley, ex '40, was wounded in action in France while serving with an armored division. He is now at a hospital in England. He has been overseas nine months.

Tech. Sergt. Thomas F. Morrissey, ex '41, has arrived in Fort Worth on furlough after spending 20 months in the Aleutians with the 11th Air Force.

Joe Day, A. B. '40, has recently been promoted to captain. He is an instructor at Midland AAF.

Midshipman Harry Apetz, ex '44, is in Midshipmen's School at Columbia University. He will be commissioned in December.

Pvt. C. J. Fraley, ex '44, has recently been stationed at Camp Hood as a rifle instructor. He was on the campus this week.

Pvt. James Atchinson, ex '44, visited the campus this week while in transit to Camp Maxey from Camp Wolters.

Ensign Jack Gunter, ex '44, was transferred to an embarkation point in Norfolk, Va., this week after having completed work at

Notre Dame. He was on the campus last week.

Lieut. Roger C. Neely, Jr., ex '42, has participated in 32 combat missions in the European theater. He is the pilot of a Liberator.

Lieut. J. S. McMinn, ex '36, Thunderbolt pilot, has been visiting his parents in Fort Worth after completing 47 missions over Europe.

William B. Roosa, ex '42, has been promoted to corporal at Murco Army Air Field, Calif.

Ensign Ray Wood, ex '44, received his commission from Harvard University Nov. 1, and visited the campus while home on leave. He will report Monday to Fort Pierce, Fla., for special duty.

Lieut. (jg) John Estill, B. S. in Commerce '40, has returned to Fort Worth after 18 months duty on Gibraltar. After his leave, he will be stationed in Houma, La.

Olin C. Jones, A. B. '38, chief specialist in the Navy, and athletic instructor at Dartmouth College, Hanover, N. H., is visiting his parents in Fort Worth.

Maj. Samuel Pace, ex '26, public relations officer of the office of chief of ordnance, Detroit, is visiting in Fort Worth now.

Second Lieut. Robert K. Baret, B. S. in Commerce '40, recently graduated from the AAF Navigation School at San Marcos.

Kathryn Jewell Kleinschick, ex '43, received her wings as a Women's Airforce Service Pilot at Avenger Field, Sweetwater, this week.

Downing Rice 13 to 7, Tech Rates 'Tough' For Revamped TCU

Improved Raiders Favored To Take Frogs--Tilt Looms As Heavy Offensive Contest

Season's Records—

TEAM	W	L
T. C. U.	0	0
7-Kansas U.	0	0
34-S. P. A. A. F.	0	0
4-Arkansas	0	0
15-Texas A. & M.	0	0
19-Oklahoma U.	0	0
19-Chatham Field	0	0
TEXAS TECH	27	27
13-Lubbock A. A. F.	27	27
14-Texas A. & M.	27	27
7-Oklahoma A. & M.	14	14
7-Tulsa U.	34	34
39-Southwestern	21	21
25-Canyon Teachers	6	6
13-Rice Institute	7	7

Texas Tech, with only two victories in seven games, will nevertheless be favored to win from T. C. U., with four victories and a tie in six starts, when the two meet at the Stadium at 2:30 o'clock tomorrow afternoon.

The reason? Well, the Red Raiders have played a stiffer schedule. Texas Aggies, Oklahoma Aggies, Tulsa, Southwestern and Rice are really major opponents, and any team in this section might lose to them.

Then the Raiders have been improving steadily. The Frogs, on the other hand, are not the team they were during

the season. Too many key men have been lost and the reserve strength is not what it should be in some spots.

Don't be fooled by that 13-to-7 T. C. U. victory over the Texas Aggies and the Tech loss, by 14 to 27, to the same eleven.

Frogs Not as Strong

The Frogs are not as strong as they were when they won the Aggie game. The Raiders, on the other hand, are considerably stronger, as evidenced by their 13-to-7 victory over the Rice Owls Saturday.

Coach Dutch Meyer's depleted squad gained 11 men this week, but the newcomers are not expected to learn enough this week to be of much help against Tech.

Rob Reedy, a speedy back from Arizona Teachers, Flagstaff, may be pressed into service, but the men who defeated the Chatham Field Blockbusters will carry most of the load again this week.

There is little difference in either poundage or experience between the two elevens. Both coaches will probably start eight freshmen, and reserves for both teams are almost wholly first-year men.

Average weight of Tech is approximately 180 pounds; of T. C. U., 182 pounds.

Schlinkman Is Tech Star

Walter Schlinkman, 185-pound fullback, was the stand-out performer for the Raiders in defeating Rice last week. The Frogs will have their hands full in stopping his charges.

But Coach Meyer figures to make a few points himself. In fact, the affair might turn out to be one of those offensive battles where the score mounts and mounts.

Reports Ready for 117 Taking Freshman Tests

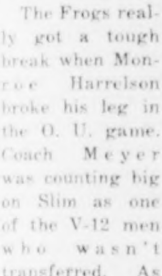

The 117 freshmen who took the psychological examination last week may receive their scores at the student personnel office, Room 205, Administration Building.

Those students who were unable to take the examination should watch for announcement of another date on the bulletin boards and in The Skiff.

New students and upperclassmen may come to the personnel office for certain services. Personality, vocational and other tests are given as each case may require. These tests and services are without cost.

Miss Nell Van Zandt, assistant librarian, returned from her vacation in Swanee, Tenn., yesterday.

Joe Kucera was injured in the fourth quarter and forced out of the game, which hurt the Frogs' chances to come back. Joe had action in Swanee, Tenn., yesterday.

REELSON

GIBSON

McQuillan Will Build Speedy Cage Squad

Basketball made its appearance this week when Coach Hub McQuillan opened preseason night practice at the Frog Fieldhouse. More than 30 boys have been participating in the limbering up drills, the majority from civilian ranks.

McQuillan will bring the old form of razzle-dazzle basketball back to the Southwest Conference by putting on the floor a small team which will rely on deceptiveness and fast breaks against their taller opponents.

Several all-stars are listed on the team, which has a 'Yankee' touch to it. The majority of the boys are from Indiana, with Illinois and Kansas also represented.

Heading the list of cage candidates are George Sauer, Richmond, Ind.; Keith Hensley, Indianapolis, Ind.; Tom Gatzek, Richmond, Ind.; Gene Schmidt, Evansville, Ind.; George Rothbart, Chicago, Ill.; and T. L. Griffin, a Fort Worth boy from Paschal High.

Hensley Is Tallest.

Hensley is the tallest boy on the squad at 6 feet, 3 inches. He holds a medical discharge from the Naval Air Corps. Schmidt is an all-state player whose Evansville team won the Indiana state tourney last season. He is 17 years old.

Sauer and Gatzek played muni league ball last year in Indiana, but Sauer was all-state in 1942. Both have been rejected for military service.

Rothbart is another all-state lad. He was made all-state guard last year when his team won the Illinois state meet. A trick knee may hinder his playing somewhat this year, however.

Griffin was one of the better boys in the District 7-AA races of 1940-41-42. He is a transfer from the University of Texas and received a medical discharge from the Army Air Corps.

Gibson to Join Squad.

Several more men are expected out with the termination of the football season, including Merle Gibson of Parsons, Kan., of whom McQuillan expects great things.

McQuillan faces a heavy rebuilding job, lacking a single letterman or returning squadmen. Capt. Zeke Chronister remained for football but has finished his eligibility in basketball.

More than a dozen games have been carded by McQuillan outside of the regular conference schedule. Plans have been completed for an eight-day Eastern tour with the Purple cagers playing in both Buffalo Municipal Auditorium and Madison Square Garden. The Oklahoma City Invitational Tourney will be passed up this year in order to make the trip east.

Daily basketball work-outs will continue from 7 to 9 p. m. through the remainder of the football season. Fundamentals will be stressed at each work-out.

Coach McQuillan has 27 games scheduled for his cagers, 14 pre-season contests, 12 conference tilts and one postseason match. The Frog Cagers will play 14 non-conference games before the official schedule opens for them Jan.

5. There is a possibility that one or two additional contests may be scheduled before play begins.

The T. C. U. basketball schedule as it now stands:

Dec. 4—Dallas Naval Air Station, Fort Worth.

Dec. 6—Dallas Naval Air Station, Dallas.

Dec. 8—Waco A. A. F., Waco.

Dec. 9—McCloskey Hospital, Temple.

Dec. 11—Fort Worth A. A. F., at T. C. U.

Dec. 13—Fort Worth A. A. F., at the field.

Dec. 15—Texas Tech, Fort Worth.

Dec. 16—Texas Tech, Fort Worth.

Dec. 19—North American, Fort Worth.

Dec. 21—Navy Air Gunners School, Pussell, Okla.

Dec. 22—Naval Air Station, Norman, Okla.

Dec. 23—Naval Air Training Center, Norman, Okla.

Dec. 30—Canisius College, Buffalo, N. Y.

Jan. 1—Brooklyn College, New York City, N. Y.

Moore, Richardson Go To Meeting in Austin

Dean Jerome Moore and Dr. T. F. Richardson will leave for a week's state wide meeting at Austin tomorrow, Wednesday. Dean Moore will take part on a panel discussion regarding adjustment of activities and curricula for returned veterans. The meeting is under the auspices of the Association of Texas Colleges and is studying the matter of education for returned veterans.

Misses Gloria Jenkins and Martha Esser, freshmen, have recently been added to the Library staff.

'So Many Strangers,' But Frogs Tomorrow

"I've never seen so many strangers before." The old students say it every time a new trimester starts, and every time they are about right.

Some of the people who make this statement true are BEVERLY BROWDER, little sister of Ex Jerry Browder and EDITH DUBUIS and DORIS WILLIAMS, both of Paschal. All three are Fort Worth girls.

Transfers from other schools include BEVERLY JANE KASTNER, who comes from St. Joseph Junior College, St. Joseph, Mo., and POLY TERRILL, transfer from N. T. S. T. C. Beverly entered T. C. U. on a junior college scholarship and is a religious education major. Poly is a speech major and appeared on the "College Capers of the Air" last summer.

Among the freshmen on the campus is PATRICIA WARD from Longview. Patricia says her main interest is math. Imagine that!

ED NORRIS, an ex-service man, completed three and one-half years with the Army Air Forces as an aircraft mechanic before leaving his station in Puerto Rico for T. C. U. BEATTIE CLARK, another ex G. I., was in the infantry before coming here to school. He has been on duty in Africa, Sicily and Italy.

Indiana is probably producing more basketball material for T. C. U. than Texas herself. Out of seven new students from Indiana, six of them are here on basketball scholarships. They are KEITH HENSLEY, VIRGIL THORNBURG, TOMMY GATZEK, GEORGE SAUERS, GENE SCHMIDT and MUTT PASCO. The sixth hoosier is MONK WEAVER, who prefers music to basketball, although those who know him says he's a fair ball player too.

ELBA ALTAMIRANO is here from Mexico City and wants to learn to speak English better. She is here on a fellowship and is an instruction assistant in Spanish.

Musical to Feature Faculty Members

The University Place Music Club will present three members of the music faculty in a program to be given at the annual meeting Monday at Foster Hall. Mrs. T. Smith McCorkle will be featured as piano soloist, while Prof. Arthur Faguy-Cote and Prof. John Brigham will be vocal soloists. Dean McCorkle will be violinist for the occasion.

WSA Open House Thursday Night

The Women's Sports Association will hold open house for new members Thursday evening, at 7 o'clock in the Gymnasium. This will be the last opportunity for junior and senior girls to enter this organization and still receive credit for the work in P. T.

Poetry Club to Elect New Officers

Election of officers and reorganization of the Poetry Club will take place at 7:30 p.m. Monday in the Brite Club Room. Secondary purpose of the opening meeting will be to introduce new and prospective members.

Meeting 12 Mondays For Dramatic Club

Instead of the usual called meetings, the Dramatic Club has voted to have regular weekly meetings at noon on Mondays, according to Miss Doris Mahon, president.

Membership try-outs have been scheduled for the Nov. 20 meeting.

Capt. James E. Walker, ex '41, was recently promoted to that rank. He is serving as adjutant in the Army Airways Communication System headquarters in Egypt. He has been overseas 19 months.

Leon Breeden, New Band Director, Plans to Feature Popular Music as He Takes Over Frog Organization

By HATTIE STANLEY

"We're going to have a band that will make critics stand up and shout," promises Leon Breeden, who took over his new duties as director of the Horned Frog Band Nov. 1. "We'll pattern it after the band of pre-war days, playing swing, march and concert pieces on an equal basis."

Already the personnel has swelled to almost 60 pieces, and Breeden is spending his spare time hunting uniforms and searching for band equipment. (Take a look in your closet—maybe you've got one of the missing uniforms.)

Frances Hall, drum major, and Jackie Clardy, Rosemary Darby, and Harvey Anderson, assistants, are all set for tomorrow's game, when the "rejuvenated" band will make its first appearance. The new T. C. U. flag and a new Old Glory will march before the band at the beginning of the game.

He was stationed at Camp Waller, Fort Bliss, and Camp Sherman, serving in the coast artillery, in aircraft, and the infantry. He holds the position of band librarian in a 65 piece division band in all camps.

A native of Wichita Falls, Breeden is also a composer. His original piece "V-12 Swing," written in honor of the T. C. U. V-12, will be introduced at the game tomorrow. In his spare time, he ruelfully asks "What spare time he plays in Woods Moore's band at the Blackstone Hotel, Down town of arranging for Moore too.

Of special interest to students is the fact that the 23-year-old director is single, and, as he puts it, "definitely unattached." He is feet tall, and has dark hair, green eyes.

After 17 months' service, he was released and returned to T. C. U.

Of special interest to students is the fact that the 23-year-old director is single, and, as he puts it, "definitely unattached." He is feet tall, and has dark hair, green eyes.

All this and music too!

Meyer Seeking To Kill Off Jinx Of Tech Record

Coach Dutch Meyer has never managed for a gridiron victory over the Red Raiders of Texas Tech—and right now 1944 does not look to be the year for him to break the jinx.

Frogs and Raiders have met three times since Meyer became head coach—1936, 1942 and 1943. The first two of these three contests were played in Lubbock, the Raiders winning 7 to 0 in 1936 and 13 to 6 in 1942. Last year, in Fort Worth, Tech caught the Frogs with their weakest aggregation of modern times and slaughtered them 40 to 20.

The series between the two schools started back in 1926, and totals eight contests in all. T. C. U. has won five and lost three of these. The all-time score is T. C. U. 146, Texas Tech 88.

The score by years:

Table with 3 columns: Year, T.C.U., Tech. Rows for 1926-1943.

Frogs No. 1

(Continued From Page 3)

counted personally for one of the three touchdowns with a 32-yard run, and threw passes to Merle Gibson for the other two.

Biggest day this season for T. C. U. followers was Saturday afternoon, Oct. 21, at College Station. The Aggies were set for slaughter. But the Frogs came away on the long end of a 13-to-7 score. After three weeks, Coach Meyer is still happy about the whole thing!

The Farmers fumbled all over the place and the Christians followed them around and picked up the ball. The Aggies simply couldn't come through in the pinches and the Frogs did.

A. & M., behind 7 to 0 at the half, flashed power and speed in the last half, but it wasn't enough. They managed for only one touchdown (although they threatened on a couple of other occasions), and the Frogs matched that with one of their own, leaving the Farmers stunned with their short end of the count.

Lieut. Rebecca Smith To Duty at California U.

Lieut. Rebecca Smith, English department head on leave of absence with the Waves, has reported for duty at the University of California. For the past year, Lieut. Smith has served with the Navy School of Oriental Languages at the University of Colorado.

Dr. and Mrs. Gayle Scott At Los Angeles Meeting

Dr. and Mrs. Gayle Scott are in Los Angeles for a meeting of the American Association of Petroleum Geologists. Dr. Scott, editor of the association's national monthly magazine, will address the group. Dr. and Mrs. Scott will return Sunday.

Elba Calls Mexico 'Home'—Coeds Discover Suite-Mate Really Knows Her Spanish

A couple of girls in Foster Hall are thrilled at being able to practice up on their Spanish first hand. It's because 19-year-old Elba Altamirano of Mexico City, daughter of a former professor of the University of Mexico, and herself a recent student there, is to be their new suite-mate.

Senorita Altamirano has just entered T. C. U. for the winter trimester on a fellowship in the department of languages. Miss Margaret McKennon of Waxahatchie, her roommate, and Miss Doris Hampton of Crowley, a suite-mate, both spent last summer studying at the University of Mexico. Miss Wanda McCulloh, Galveston, is the other suite-mate.

Miss Altamirano is a daughter of the late Prof. Alberto I. Altamirano, Litt. D., and at T. C. U. will be an assistant in elementary and commercial Spanish. Her mother, who is English and a native of London, met her father when he was Mexican Consul in Liverpool.

Miss Altamirano is making her first visit to the United States a session at T. C. U. "because I want to learn English," and because her mother wants her to learn English, a language she already writes well, and speaks creditably.

Making the equivalent of "A" grades in Mexico, she is a language scholar, having studied Latin, French and Spanish, in addition to English. At the University of Mexico, she took work in the school of philosophy and letters and was designated by one of

her professors as "the best student in school."

At T. C. U. she will take courses in English grammar, English literature, American literature, French drama, and history of the United States. She "has never had much time for a hobby because of her studies," but is interested in sports.

Miss Altamirano, a typical coed, might have been taken for any returning student upon her first appearance on the campus. Smartly dressed in a blue plaid sports suit, her eyes twinkled above a scattering of freckles as she enthused over the prospects of college life.

Lieut. Harmon Hightower, ex '41, is now with the Army Air Forces in England.

Lieut. Leslie Hightower, ex '41, is now a B-17 instructor at Weston. He recently returned from flight service in the European theater, where he was awarded the Distinguished Flying Cross, the Soldiers' Medal, the Air Medal with four clusters and the Purple Heart.

Lieut. James Herndon, B. S. '43, is stationed at Camp Waller.

Ensign Milton A. Atkinson, A. B. '40, is stationed at Wood, Fla.

T/Sergt. Roy L. Fielder, ex '41, is at the Army Air Forces Distribution Station No. 2, Ft. Beach, Fla. Sergt. Fielder, a radio operator-gunner, flew missions during 10 months in European theater, winning Distinguished Flying Cross and the Air Medal with one cluster.

Pvt. Jimmy Morris, ex '41, is stationed at Will Rogers Airport, Oklahoma City, where he is sports editor of the paper, The Field News.
