

Students Invited to Lounge to Hear Mutual's Salute to T. C. U.

Students may hear the Army's national radio salute to T. C. U. from 4:30 to 5 p. m. today in the Student Lounge, according to Student Body President Ben Hearne, Jacksonville senior. Hearne, in co-operation with Merideth, Lounge manager, is arranging for a radio to be placed in the Lounge in order that students may have an opportunity to hear the program to be presented over the Mutual Broadcasting System and local Station KFJZ.

The broadcast will originate at 12:30 p. m., eastern time, today, and re-broadcast it at 4:30 o'clock

from the Army Band Auditorium, Fort Meyers, Va., and will be carried by Texas stations at 11:30 a. m.

Because classes are scheduled at this hour, Gene Cagle, manager of KFJZ, has made arrangements to transcribe the program and re-broadcast it at 4:30 o'clock

in order that more students and faculty members may hear the show.

The program will include both T. C. U.'s "Alma Mater Hymn" and "Fight Song" played by the United States Army Band, and other musical numbers, in addition to about 10 minutes of script

devoted to T. C. U.

Arrangements for the program were made by Paul O. Ridings, director of publicity, with officials of the Department of the Army. T. C. U. will be the thirty-seventh school saluted in a series of programs dedicated to American universities.

Pre-Enrollment To Be Aug. 2-6

New Procedure Adopted For Enrolling: Line at Library to Be Eliminated

Aug. 2 through 6 has been selected as the pre-registration dates for the fall semester, and the process is going to be much easier than in the past, says Dr. Thomas F. Richardson, director of student personnel, and chairman of the Committee on Registration. This committee, appointed by President M. E. Sadler, has mapped a plan whereby students who are now in school, or those who were in school at the close of the spring semester, may pre-register without the inconvenience of standing in lines, Dr. Richardson adds.

Returning students will not go to the Library at all, and those who follow the schedule outlined below will be all set for next fall's classes, he remarks.

1. Go to the Registrar's Office for necessary papers.
2. Go to major professor or designated counselor (if no major has been declared) where registration card will be filled out and where proposed courses will be listed.
3. Go to various department offices where these courses will be scheduled as to section, hour, teacher and room. I. R. M. cards also be picked up here for course.
4. Go back to major professor for checking and approval.
5. Go to dean of school for his approval.
6. Veterans go to V. A. Office, Room 205, Administration Building, for processing V. A. forms.
7. Go to Registrar's Office where all papers will be taken except identification card.

V. A. checks probably will not be delayed if veterans pre-register. Dr. Richardson emphasizes. He adds that classes will go as usual during the pre-registration period. However, there will be someone in all offices at regular office hours to give out the I. R. M. cards.

Carleton Replaces Huessy in Evening College Faculty

Dr. Theodore Carleton, psychiatrist at the United States Public Health Hospital, has replaced Dr. L. R. Huessy as lecturer in psychology in the Evening College, according to President M. E. Sadler.

Dr. Huessy was recalled at the end of the first term to Washington, D. C., for reassignment. Dr. Carleton did graduate work at the University of Minnesota, and earned his M. D. degree at the University of Oklahoma. He taught psychology at the University of Minnesota and until recently was director of the Psychological Clinic in Oklahoma City, Okla.

Father-Son Duo Included

Survey of Campus Reveals 34 Family Clans Enrolled

It runs in families—attending T. C. U. that is. It is not unusual to find a student who is the third or fourth or even fifth generation to claim T. C. U. as their alma mater, but the more recent "fad" is for two or more members of one family to be on the campus at the same time.

A Skiff survey shows that there are at least 34 such combinations on the campus this summer. Roy and Wendell Towery form the only father-son duo. Papa Roy is a graduate ministerial student, and his son Wendell is a senior education major. Both are from

Fort Worth.

There are three mother-daughter combinations, according to the survey. Mrs. L. G. Steers, Kansas City, Mo., head campus nurse, is working toward a B. S. in nursing, while her daughter, Susan Blanche, Big Spring, is a sophomore nursing major.

Mrs. E. J. Laine and Janice have at least one thing in common: besides being mother and daughter they are both senior art majors from Fort Worth.

Mrs. Mary D. McNamara is a senior history major from Fort Worth, and her daughter, Mary Lou, a junior English major, lives in Waits Hall.

Husband-wife combinations are no longer a novelty on the campus. James R. and Jeanette Wright, of Fort Worth, philosophy and education majors respectively, are such a combination. James "out-ranks" Jeanette, however—he is a senior and she is a sophomore. Hugh and Jeanne Mitchell, Fort Worth, are both seniors. He is a business major and she is majoring in sociology.

Nellie Fields, senior psychology major, out-ranks Husband Larry, who is a sophomore psychology major. They are from Fort Worth.

Among other husband-wife combinations on the campus this summer are Lee, graduate ministerial student, and Mary Jo Hargis, senior education major, of Fort Worth; Basil, junior psychology major, and Melva Joyce, sophomore.

(Continued on Page Three)

Council to Seek Lounge Video Set

Plans for installing a television receiver set in the Student Lounge were studied by the Student Council at a meeting Tuesday night.

Student Body Vice-president Don Pierson, Fort Worth junior, was named chairman of a committee to get permission from the administration to install the set and to investigate the cost and means of financing installation of the receiver. The Council hopes to have the set in time for students to see the fall football games by television.

The Council also accepted the Budget Committee report, which set aside \$267 for an emergency fund; \$75 for cheerleaders' jackets; \$7 for a petty cash fund; and \$1 to pay the treasurer a salary in order that he might be bonded.

Recommendations by the Committee that the administration share the cost of cheerleaders' jackets; that a student activity fund be collected in the summer or that the Summer Council be given an advance from the Spring Council; and that the Student Body Treasurer's grades be withheld until books have been audited and student body funds have been turned over to the Business Office, were accepted unanimously by the Council.

The Council Tuesday night also defeated a motion to hire a dance manager this summer.

Shepherd, Sewell Conduct Business Men's Program

Dr. Hilton D. Shepherd, professor of business, and Dr. Ellis M. Sewell, dean of the School of Business, conducted the program of the National Office Management Association of Fort Worth Tuesday at the Worth Hotel.

The theme of the program was "How the School of Business at T. C. U. is preparing the office workers for the future."

Members of the National Office Management Association are the business men of Fort Worth and vicinity.

Election Planned Friday For Two Council Posts

An election will be held from 8:30 a. m. to 12:30 p. m. Friday, July 30, to fill two vacancies on the Student Council, according to a notice issued yesterday by Joe Mathers, chairman of the Council Election Committee.

Petitions for junior class representative and lowerclass representative will be accepted at the Student Body Office until midnight Tuesday, Mathers says.

These posts were left vacant when Frankie Robbins, junior class representative, and Bill Bogolin, lowerclass representative, withdrew from school for the second summer term.

'51, '52 Classes Not to Organize

The freshman and sophomore classes will not organize this summer. This announcement came from the respective class presidents, Miss Shirley Hammond and Joe Mathers, this week.

Both agreed that since there are but six weeks left of summer school, and that there is no business to take care of at this time, there is no need to organize.

The two class presidents' only responsibility will be to attend the council meetings in order to represent their classes.

Pres. Sadler Will Preach Sunday for Methodists

"This Business of Judging" will be the sermon topic of President M. E. Sadler Sunday morning at the Central Methodist Church of Fort Worth.

Going By Air

Former Council President Commissioned Missionary

"Gonna fly to South America?" at Hopkins Grammar School in New Haven, Conn. He also taught Spanish at Yale.

Thus young Edwin T. Cornelius III reveals the plans of his parents, Mr. and Mrs. E. T. Cornelius, Jr., former "inmates" of Frogland, and recently commissioned as missionaries of the Disciples of Christ by the United Christian Missionary Society in Indianapolis, Ind.

A former member of the Navy V-12 unit at T. C. U., Mr. Cornelius, or "Ed", as he was known to his classmates, was active in campus affairs, having served as Student Body president during his Senior year in the spring of '44. He was also a junior class favorite, was president of Los Hidalgos Club, and a member of Sigma Tau and Timothy Clubs.

Mrs. Cornelius was a member of Sigma Tau and the Danna Press Club.

While doing his graduate work at Yale, where he received his B. D. degree this June, Mr. Cornelius taught languages at Danbury State Teacher's College and

about July 31, they plan to fly to Medellin, Colombia, where Mrs. Cornelius will enter language school, while Mr. Cornelius will be doing preliminary research on the Guarani tongue—the native Indian language of Paraguay.

About March 1 of next year, the couple will begin work in Colegio Internacional at Asuncion, Paraguay, where they will be head residents in the dormitory of the school.

At 2½, young Edgy III is already a veteran traveler with some 17,000 miles to his credit. The trip to Colombia will be an additional 10,000 miles.

"Gonna fly to South America," he chatters happily.

Hines, Moore Picked to Talk

Noted Oil Man, Pastor Accept Invitation to Speak At Graduation Exercises

Harry Hines, Dallas oil man, and the Rev. Mr. H. Guy Moore, pastor of the Broadway Baptist Church of Fort Worth, have accepted invitations to speak at T. C. U.'s commencement exercises and baccalaureate service on Aug. 29.

Mr. Hines, who will speak at the commencement exercises, is president of the Laymen's League of Texas which he founded in 1935 at the Texas State Convention of Christian Churches.

He is also a former chairman of the Texas State Highway Commission and has held positions with the Board of Councilors of the American Petroleum Institute and the board of directors of the Mid-Continent Oil and Gas Association. He is a past president of the symphony orchestra, Civic Grand Opera Association, Community Chest and Red Cross of Wichita Falls.

Mr. Hines is also vice-president of International Council of Religious Education at Chicago of which former Gov. Harold E. Stassen of Minnesota is president. He is well known for his ability as a speaker and as an organizer in the religious field.

The Rev. Mr. Moore, who will deliver the baccalaureate sermon, received his A. B. degree from William Jewell College, Liberty, Mo., in 1931. In 1934 he was awarded his Th. M. degree from the Southwestern Baptist Theological Seminary at Louisville, Ky.

In recognition of his achievement in the religious field, the Rev. Moore was awarded an honorary Doctor of Divinity degree by William Jewell College in 1945.

He is a former pastor of Leeds Baptist Church, Kansas City, Mo.; Maplewood Baptist Church, St. Louis, Mo.; and Wornall Road Baptist Church, Kansas City, Mo. Since 1947 he has been pastor of the Broadway Baptist Church of Fort Worth.

The Rev. Mr. Moore is a member of the board of directors of William Jewell College and the Home Mission of Southern Baptist Conventions.

Singing Star Offers \$250 For Folklore Manuscript

A prize of \$250 has been offered in a contest open to all university students for the best manuscript on American Folklore by Miss Jo Stafford, radio singing star.

All manuscripts must be in before Dec. 15, 1948 and must contain collections of folklore or folksongs, collected from the primary sources, written in publishable form and submitted as a piece of original research.

The English office has information regarding contest rules for all persons interested.

Video's Coming—Maybe

A television set may be available by this fall in the Student Lounge if plans of the Student Council are carried out. Appropriation of student funds for such an obvious campus asset will undoubtedly meet with more student favor than the recent allotment of \$400 (later cancelled) to send four delegates to a national N. S. A. convention.

With the coming of television to Fort Worth in September, high quality entertainment—sports, movies, dramas, news, and educational programs—will be available nightly. T. C. U. itself will have the distinction of being the first in the Conference to have its football games televised regularly, beginning with the T. C. U.-Arkansas game. The Cotton Bowl game is also due to be aired locally over WBAP-TV. Two stations will be available in the Fort Worth-Dallas area by the end of the year. Eventually there will be seven stations in the area, most of which will have national network affiliations.

Of course, T. C. U. students will want to "take in" all this entertainment yet the cost of a video set would obviously prevent most from so doing. Hence this plan of using student funds to provide something of interest to most students is destined to be one of the most popular actions ever taken by the Student Council if it can be carried through to completion.

But the Council committee appointed to investigate the possibilities of putting the plan into effect has a real job to do. A good quality set with a 52-square inch viewing screen capable of accommodating about 15 persons costs nearly \$400, including installation. A 300-square inch screen which will accommodate about 200 persons, can be installed for approximately \$1400.

Because so few students could watch events on the smaller screen, obviously a larger screen is preferable. But \$1400 is probably more money than can be appropriated for the project at this time, so there is going to have to be a "digging" for funds.

Still the Council should be complimented for this start on a plan for the use of student funds in a manner that will benefit the most possible students. With this thought in mind, when the television set is purchased, it should be one that will afford maximum pleasure to the greatest number of students.

And, to borrow an "old saw," "Where there is a will, there is a way!"

Who's to Blame?

The Student Council this week voted not to hire a dance manager this summer. This means, apparently, that there is not to be a student body dance. The reason for their action, the Council said, is that the students do not want a dance because the summer school schedule does not leave time for "frivolity."

The Recreation Committee's fun program fell through for lack of student interest and support. The time element was one factor in this lack of interest, it is said.

These examples might well form the basis for the opinion that student recreation should be completely eliminated during the summer terms.

On the other hand, there could also be an opinion to the effect that the time element has nothing to do with the lack of in school "extracurricular" activities. Students, it could be pointed out, must have time for recreation, judging by their off-campus activities. Yet summer campus activities do go begging for participants.

Who's to blame?

On Other Campuses

Baylor University's Jackie Robinson left this week for London to participate in Olympic-basketball games. Robinson, all-conference Bruin guard, will play with Phillips 66 Oilers.

Grants Given For Research

Three Faculty Members Receive \$1650; To Do Further Special Studies

Three members of the faculty have been given research grants for further studies in their field by the Faculty Research Council and a fourth is soon to begin work on his grant, announces Dean Jerome A. Moore, chairman of the council.

Recipients are Dr. Walther Volbach of the speech-drama department, Dean Cortell K. Holsapple of the Evening College and Dr. W. W. Wood of the English department.

Dr. Volbach who received a \$650 grant, will do research this summer in opera staging. He has experience in opera direction here and in Europe.

The project of Dean Holsapple and Dr. Wood, recipients of \$500 grants, includes study of the use of Audio-Visual aids in the teaching of freshman English. Both have done research in this and related fields.

Dr. Michael M. Winesanker of the music department, who was granted an award earlier, will study this summer at the Library of Congress in Washington, D. C.

He will do research work in the English comic opera of the late 18th century.

Two Students Take Firsts In Model Plane Contests

Two T. C. U. students have won first places in "Class B Open" events of two model airplane contests held during the past two weeks at Dallas and Wichita Falls.

J. R. Pinkston and C. D. Heather, Fort Worth juniors, jointly built the 51-inch wing span endurance model equipped with a one-cylinder gasoline engine, which won the honors.

The award for the contest held July 11 at Dallas was a gold-plated trophy, a plaque with eagle and airplane ornaments on base and top. Some 200 contestants participated.

The students won \$10 at a meet Sunday in Wichita Falls.

July 31 Set as Deadline For Ordering Invitations

July 31 will be the final date for graduating seniors to order invitations, according to Miss Jean Robeson, president of the senior class. Rings and pins may be ordered before or after that date, she says.

Take time out for a crisp-cold, energy-lifting Dr. Pepper. It's a liquid bite that's delicious as it is nutritious. Get one at 10 and at 2 and 4 o'clock. You'll be surprised how quickly and effectively it perks you up. The flavor is unique...you'll never tire of the taste.

You can take the high road

Names 'n Notes

What is believed to be a record for the oldest student actively attending classes was set this week when D. A. BICKEL, 71, Arlington graduate student, enrolled at T. C. U. A retired former N. T. A. C. professor, he is taking religion courses . . . MISS JANIE SHEPPARD, junior from Midlothian, is a catcher for Teague Used Cars, in the Fort Worth city league . . . WILLIAM CAFFEY, junior from Colorado City, is a younger brother of CLFTON CAFFEY, captain of the 1947 Frog football team. WILLIAM, who works on the switchboard in Tom Brown Hall, does not play football . . . MISS BETTY ALICE LEWIS, freshman for Odessa, was a court reporter for the Army in Yokohama, Japan, for two years . . . MISS GLENDA RUTH BROWN, graduate student from Richland Springs, rode a mule to the bottom of the Grand Canyon on a recent vacation . . . J. WARREN DAY teachers at NIGHT, the Evening College catalog reveals . . . When HARTWELL RAMSEY, Fort Worth graduate student, completes requirements for his B. B. degree, he will hold three Bachelor's degrees. He received an A. B. in 1938 from Johnson Bible College, Kimberlin Heights, Tenn., and an A. B. in June from T. C. U. . . Most unusual request of the week comes from the students of A. H. ROSENTHAL, teacher of salesmanship, and HENRY HARWELL, municipal accounting instructor, both of the Evening College staff. Seems that the students liked the two courses so well, they asked that they be extended an additional week . . . The present coaching staff at T. C. U. earned a total of 42 letters in their undergraduate days. COACH L. R. ("DUTCH") MEYER leads the list with four letters in basketball and baseball and two in football . . . JAMES WRIGHT, Fort Worth senior, holds down four jobs besides attending school. He is pastor of the Central Christian Church at White-wright, pastor of the First Christian Church at Blooming Grove, a student employee on the campus rebuilding project, and an employee in the Evening College office when he isn't attending night school.

T. C. U. to Have Speaker Bureau

Plans to introduce an audience Speaker Bureau for T. C. U. students who are interested in public speaking are now being made by Dr. E. L. Pross of the University speech department.

The Speakers Bureau, as explained by Dr. Pross, will be an organization for students who wish to gain experience in the public speaking field. Each student chooses any subject that he wishes, preferably one that he knows the most about, and then speaks before all types of organizations. Clubs using the speakers pay all expenses incurred by the speaker for transportation and meals.

"The benefits derived from an organization of this type are obvious," says Dr. Pross. "Not only do the speakers gain invaluable experience in speaking, but it is also a great aid as far as public relations are concerned at T. C. U. And of course the clubs using the speakers obtain good programs at a minimum cost."

John Shirley, senior from Ranger and a member of the T. C. U. debating team in '48, will act as manager of the Speakers Bureau. He acted in this capacity for the debating team during the '48 season.

3 New Student Assistants Named for Second Term

Appointment of three new student assistants for the second six weeks summer term was announced this week.

Miss Mary Betty Camp, Fort Worth freshman, has been named to the Library staff, according to Mrs. Bertie H. Mothershead, librarian, and Miss Mary Lee McNamara and Robert Padgett, both Fort Worth juniors, are new English office assistants.

"Beyond Indignation" Is Sunday's Sermon Topic

"Beyond Indignation," will be the sermon topic of the Rev. J. M. Moudy, assistant pastor of the University Christian Church at 10:50 a.m. Sunday.

Floyd Lisle will sing a solo, "Like as A Father," by Scott. Mrs. Edward C. House will be organist during the two week absence of Mrs. Q.Zella Queen Jeffus, organist.

Edwards to Play in All-Star Game

History repeated itself this week when Weldon Edwards, former Frog tackle and now senior of the Washington Redskins, was added to the collegiate squad that meets the Chicago Cardinals in the annual all-star football game Aug. 20 at Soldiers Field. The first T. C. U. all-star grid choice, Ben Boswell, '33, was also a tackle.

Edwards, one of two Texans named to the squad this week, was all-conference tackle in '46, and made second all-conference again in '47, despite the handicap of a broken jaw suffered in the Arkansas game.

Roland Nabers, center from Texas Tech, was the other Texan named this week, bringing to six the number of Texas stars included thus far on the collegiate squad coached by Head Coach Frank Leahy of Notre Dame. The other four are Passer Bobby Layne of Texas; End Max Bumgardner of Texas; Quarterback Al Johnson of Hardin-Simmons; and End Sid Halliday of Southern Methodist.

Flyers to Hold Sunrise Party

Ten members of the Flying Frog club will leave Fort Worth Sunday at daybreak in four planes for a flight to Possum Kingdom Lake and a sunrise breakfast to be held at Costello Island located in the middle of the lake. The group will land their planes on a runway located on the island.

It will be the first flight of this type made by the Frog club since the sunrise breakfast fad has become so popular among clubs.

The breakfast was decided upon at the conclusion of the practice flying meet held by the club at the T. C. U. Airport last Sunday.

Winner of the practice meet was Royce Livingston with 13 points. Tied for second place was Bill Padon, Fort Worth senior; Joe Helm, Fort Worth junior; and James Bollinger, sophomore also of Fort Worth, with 8½ points. Miss Mary Helen Rattokin, Fort Worth senior, had 3½ points.

The 15 members who participated in the meet practiced 180 degree side approach spot landings, 70 degree spot landings, and precision flights which consisted of take offs, landings, and flying traffic patterns.

Planes for the meet were furnished, free of charge, by the T. C. U. Airport.

more speech major, Fort Worth; David and Doris Mills, seniors, sociology and music majors respectively, Fort Worth; Cecil, senior government-economics major and Mrs. Alford, senior nursing student, Fort Worth; J. B. Blunk, a graduate ministerial student, and Juanita Blunk, senior sociology major, Fort Worth; Hugh and Ginger McConnell, seniors, advertising and home economics majors respectively, Fort Worth; Earl and Florian Stadler, biology students, senior and graduate respectively, Fort Worth; Bill and Betty Able, seniors, business and sociology majors respectively, Fort Worth; Mr. and Mrs. Harris B. Warrens, junior and senior education majors respectively, Midlothian; Harry, senior English-history major, and Jean Townsley, graduate English student, Fort Worth; Charles E. and Ruby Brown, juniors, commercial art and education major respectively, Fort Worth; and Alexander, sophomore journalism student, and Vivian Freedman, senior education major, Fort Worth.

Edgar Brimberry, graduate ministerial student, and his wife, Vera, graduate special student, are from Yuma, Ariz. Their brother, Robert Brimberry from Ventura, Calif., is a junior pre-law student.

The brother-sister team with a record for the longest distance traveled to reach T. C. U. is probably Miss Esther Batoon, junior nursing student, and her brother Reuben, junior religious education major, of Claveria, Cagayan, P. I. Miss Carol Henry is a freshman education major, and her brother, Roy, is a junior art major. They are from Hearne.

A Fort Worth team is Sue Cordry, senior, and her brother, Eugene, junior. Both are geology majors.

"Sister acts" on the campus include Miss Betty Carden, junior physical education major, and Miss Martha Carden, freshman pre-med student, of Tyler, and Misses Bettye, junior psychology major, and Jonnie Fewel, senior education major, Fort Worth.

James, sophomore business administration major, Horace, senior physical education major; and Ernest Bostick, senior business administration major compose a three-brother team from Big Spring. Bennie, senior foreign language major, and Jack McClure, sophomore business major, are a

brother combination from Fort Worth.

Business is the common interest of Robert and Harold Craig, brothers from Fort Worth. Robert is a junior and Harold a freshman.

Other brother combinations are Meade, senior business major, and George Crane, freshman pre-engineering student, Fort Worth; Dale, psychology major, and Norval Sellers, business major, Fort Worth seniors; Charles, senior music major, and James Patterson, junior business major, Fort Worth; L. F., senior accounting student, and C. L. Hall, freshman business management major, Fort Worth; Jack and Robert Guy, junior and senior respectively, are biology majors from Fort Worth; Ralph and Raul Rios, are sophomores and majors in government and pre-engineering, respectively, Fort Worth; and Garland, junior, and Thomas Polk, sophomore, business majors from Streeter.

Cafeteria Kitchen Using Walk-in Type Freezer Unit

A new freezing unit is being used in the Cafeteria kitchen this summer for the first time, says Mrs. Helen Orbeck, dietitian.

The unit is a walk-in type box with five by 11 feet of space for storage of meat, frozen fruit and vegetables. Temperature inside the box is five below zero.

Other additions to the Cafeteria include a thermostatically controlled deep fat fryer, a Cunningham glass washer and an electric meat saw.

Rubber Stamps Play New Tunes On Band Music

How would you like to stamp 112,500 pages, each with three different rubber stamps?

The voluntary task of stamping the Horned Frog Band's 1300 orchestrations, each containing 60 to 100 sheets, has been started by two Band members, Ray Luke, Fort Worth senior, and Wade Pogue, Fort Worth junior. Each sheet will be stamped three times, showing part and file number of the page and identifying the music as from the "T.C.U. Band Library."

Band members have agreed to assist Luke and Pogue in their spare time.

The work is preparatory to the installation of a new filing system for the Band's music, which will include filing of the orchestrations with cards indicating name, composer and type of each selection.

Equipment, filing boxes, cards and envelopes have arrived.

"The system will facilitate rapid program planning and checking of music after performances," says Band Director Leon Breeden.

Ernest Repass, Fort Worth sophomore, has been named band librarian to replace Jack Widener, who transferred to Texas Tech at Lubbock.

Miss Susan Taff, junior, Rockmart, Ga., was called home recently because of the serious illness of her mother. She will not return until September.

Sidewalk Work Due in 10 Days

Work on laying concrete walks to replace those torn out in the University Dr. widening and resurfacing project will begin in about ten days.

This was revealed today in a report indicating that the entire project was moving at a rapid pace. Forms for the curbs were set up Monday, and the first portion of the "new" University Dr. was poured thereafter.

Following completion of the curb work, which is expected to take another 10 days, the work on the walks will begin. Laying of the walks is expected to take another 10 days, and then the re-laying of the drive itself is scheduled to begin.

The entire project is still expected to be completed in September, according to E. A. Landreth, vice-chairman of the Board of Trustees' building and grounds committee.

Sadler Gives Invocation At Saginaw Mill Opening

President M. E. Sadler gave the dedication prayer yesterday at the opening of the new two million dollar Burris Texaco Feed Mill at Saginaw. The new mill is one of the largest of its kind in the Southwest. The dedication services lasted through the day and were aired at 12 noon by the Texas Quality Network.

Miss Rosemary Wynne, A. B. '48, Waxahachie, and Miss Kay Simms, A. B. '48, Paint Rock, visited friends on the campus this week.

Second Term Vacationists 'Whittle' Campus Population

The end of the first summer term Saturday was the signal for an exodus from the campus of a number of teachers and students who will spend the next six weeks "in other parts."

Thirty-two girls from Waits Hall left last week-end, according to Miss Alma McLendon, acting dean of women.

Five members of the English department have taken off the last six weeks, and their plans range from just staying at home and taking life easy to doing work on doctor's degrees.

Mrs. Ruth S. Angell has no plans at all except to stay at home, and Miss Mabel Major will follow suit.

Mrs. Artemesia Bryson plans to visit her daughter and son-in-law in DeKalb, Ill., and then spend some time in Chicago where she will attend several plays.

Karl Snyder will go to the Evanston campus of Northwestern University to work on his doctorate. He and his wife will live with her parents in Milwaukee.

Noel L. Keith, special assistant to President M. E. Sadler, and his family will take a two-week's vacation visiting relatives in California.

Dr. Cecil F. Cheverton, head of the undergraduate religion department, left Sunday for a vacation in California. He will be one of the speakers at the Southern California State Convention of Christian Churches.

Mrs. Eugene Holmes, Foster Hall hostess who has been serving in Waits Hall the last six weeks, began her vacation Monday after attending the wedding of her granddaughter in Philadelphia. Miss. she will return to Texas to visit three of her daughters in Austin. She will be away until Sept. 1.

Miss Maybelle Tinkle, instructor in physical education for women, left Monday for Camp Waldemar near Kerrville, where she will be an instructor in archery. Miss. Tinkle plans to return to TCU in September.

Four instructors in the music and art departments are gone for the second term. Dr. and Mrs.

Michael M. Winesanker and daughter, Miriam, left Saturday for a visit at his home in Toronto, Canada, before he and Mrs. Winesanker go to Washington, D. C., where he will study for a month at the Library of Congress.

"I'm going squirrel hunting," says Mrs. Clover Shore, instructor in the art department. But first she will join her husband at the University of Texas, where he is working on his doctorate. They will leave in August for a trip through Louisiana and to Natchez, Miss.—and the squirrel hunt.

Keith Mixson, music instructor, will go to New York Aug. 1 for a month's visit, and Miss Mary Louise Baker, also of the music department, will leave this week for Estes Park, Colo., where she will vacation until September.

Dormitory Hostesses Honor Waits Girls

The girls in Waits Hall were honored with a tea from 10:15 to 10:45 p. m. last Friday night in the main parlor.

Hostesses were Miss Alma McLendon, Mrs. Eugene Holmes, Mrs. James R. Wright, Sr., and Mrs. Frances Blincoe, the dormitory hostesses.

Pineapple sherbet punch was served.

Dr. Cheverton to Deliver 5 Lectures in California

Dr. Cecil F. Cheverton, head of the undergraduate religion department, left Sunday for California, where he will deliver five lectures at the Southern California State Convention of the Disciples of Christ.

Officiating in his absence is Prof. George Fowler of the undergraduate religion department, whose office is on the second floor of Building 7.

8 New Residents Enter Waits Hall

Eight new residents moved into Waits Hall this week. They replace one-fourth of the 32 homeward-bound students who left last weekend at the close of the first half of the summer session, according to Miss Alma McLendon, acting dean of women.

Three of the eight are returning students. They are: Miss Helen Marie Brown, graduate student, Orient, Tex.; Miss Mary Jean Smith, sophomore speech major from Bonham; and Miss Joan Bettis, junior business major from Brownwood.

The four new students are: Miss Glenda Ruth Brown, '46 graduate of T.S.C.W., who has been teaching music at Beaumont for two and one-half years; her roommate, Miss Betty Alice Lewis, freshman, Odessa, recently returned from Yokohama, Japan, where she spent two years as a civil service employee; Miss Joan Folsom, freshman art major from Dallas, who has been attending the Miss Hockaday School for Girls; and Miss Kay McLean Quanah, a freshman.

Already in school, Miss Ellen Roye, graduate student from San Antonio, Tex., decided to move into the dormitory during the last six weeks.

Following the exodus of the 32 home-going students, there was almost a mass migration to all available south rooms in the dormitory.

Applies 1 Year Early

Scott Leaves India in '48; He'll Arrive in '49', Maybe

T. C. U. has received its first application of enrollment for the 1949-50 semester. The aspirant, recipient of a scholarship from T. C. U., left home in June for "the Hill," but he won't get here until the summer of 1949.

"I left Calcutta on June 10 in a cargo ship, but the situation became complicated and I'll be delayed," wrote M. M. Scott, head

Word was received just before the Skiff went to press that Mr. Scott has made arrangements to fly to Fort Worth, and hopes to arrive in time to enter T. C. U. for the fall semester.

master at Mission High School of Bilaspur, India. He will study physical education here, according to the letter received recently by Dean Jerome A. Moore.

The "complication" began when

a storm came up at sea. For 20 days and 3500 miles the ship tossed in the rough water, and at the end of test time was no farther than around the Indian coast.

The ship's doctor examined Scott, who had become sick, and advised him to forget the voyage and go ashore until calm weather.

Matters grew worse when Scott, whose visa expires on Aug. 1, found out from the captain that the

ship would not arrive in Montreal until around August 15. He disembarked.

"I want to request that you give me a chance to enter your University in 1949-50," he wrote when back in Bilaspur. "If the privilege is given I will leave by May 1 to avoid rough water and arrive early."

Dean Moore has an answer. The privilege is granted.

Compton College Transfer Will Try for Frog Eleven

Latest known addition to the 1948 Horned Frog eleven is John Morton, six-foot-two-inch and from Compton, Calif. Morton arrived on the campus and announced plans to try out for the varsity Sept. 1. Morton has played one year of college ball at Compton Junior College and has three years of eligibility remaining as a Frog.

Morton did not play with the California college when they met the Tyler Junior College of Texas in the Little Rose Bowl at Tyler in December because of a throat ailment. The newcomer is at present employed as a laborer on the Stadium construction job.

Miss Sue Whiteside, A.B. '48, of Seymour, is visiting friends in Waits Hall this week.

NATION-WIDE SURVEY SHOWS that more college students smoke Chesterfields than any other brand

NOTE TO READERS

"CHESTERFIELDS ARE MILD THAT'S WHY THEY'RE THE BASEBALL MAN'S CIGARETTE"

Ralph Kiner
