

There've Been Some Changes Made

'Modified' Memorial Will Adorn Invitations

The first picture of the new memorial entrance, as it actually will appear when constructed, will grace the covers of the 1949 graduation invitations.

The drawing, seen Tuesday by a senior committee which adopted the invitation, reveals considerable change in the entrance design previously published.

Fate of N. S. A. at T. C. U. To Be Decided Feb. 16.

Voting Will Be in Classrooms; Skiff to Offer Pro, Con Debate

The fate of the National Student Association at T. C. U. will be decided by student voters Feb. 16, the Student Congress decided Monday night.

The election date is nine days short of the first anniversary of last year's election for affiliation with N. S. A.

Tentative plans for the election call for an assembly Feb. 15, a written debate offered by The Skiff and a classroom election.

Repp met with President M. E. Sadler yesterday to discuss the election. The convocation committee met yesterday to make plans for an assembly.

G-Men Get KTCU, But Crime Pays, Penalty Reversed

KTCU soon will be telling the campus—but the campus only—in a loud, clear tone that crime DOES pay.

The campus station was found guilty by a government man Tuesday. Its punishment, however, is to be in reverse.

After informing Radio Instructor Fred Folks beforehand that he was coming to check KTCU's power, a Federal Communications Commission official arrived to find the station reaching out past its "within 60 feet of the campus" limit.

Driving near power lines leading from the campus, the "man" picked up KTCU as far away as half a mile in some places.

After telling Mr. Folks to go right on with broadcasts this week, he scratched his head and left. But he's coming back Tuesday—with a solution to the campus "scientific mystery."

"He promises campus-wide reception and on less power," explains Mr. Folks. "He says he is going to dig into mathematics and physics books until he solves the riddle."

Each of the programs will be directed by Breeden.

Script for the broadcasts is being prepared by Frederick B. Folks, instructor in radio. Dr. Michael M. Winesanker, associate professor of music, is planning the musical notes.

Originally, speakers were planned for each of the programs; however, the School of Fine Arts decided to make the broadcasts entirely musical.

T. C. U. will take part in a musical program to be presented in S. M. U.'s McFarland Hall, Feb. 27. Breeden also announced.

Approximately 250 musicians from T. C. U., S. M. U. and Baylor will take part in the program.

Further details on the event will be released later.

Lounge \$1553.21 in Red In 9 Months Operation

Losing Trend Stopped as Profit Shown in November, December

The Student Lounge has lost \$1553.21—an average monthly loss of \$194.15—since its opening in mid-April, according to a report released Monday by the Student Lounge Committee.

In addition to spending \$3494.56 in establishing the lounge, continued the report, T. C. U. has subsidized it by paying its losses with the result that on Dec. 31 the amount due the University stood at \$5047.77.

No demands for repayment have been made, and no interest is being charged, however, the report stated.

The lounge's losing trend stopped in early November and profits totalling \$95.15 were shown for that and the following month, the committee reported.

Since instituting detailed cost analysis accounting in October the lounge has been able consistently to show profit, Dr. H. D. Shepherd, lounge committee chairman, stated Monday, and added that future prospects for the lounge are bright.

Though the loan for setting up the lounge was made without reservations and no plans were formulated for repayment, the University never intended to contribute the funds to the students, Dr. Shepherd pointed out when he announced that the committee anticipates gradual retirement of the debt from now on.

The lounge began operating with no arrangement for a periodic financial statement.

First regular financial statement prepared for the lounge was in October. In preparing the statement it was found through "check periods" that a loss of \$185.87 was incurred from Oct. 5 to 18. The second "check" disclosed a loss of \$165.28 for Oct. 21 to 31.

Continuing the cost analysis procedure and making changes where indicated, it was found that a profit of \$7.28 was made between Nov. 1 and 13. The next "check" with the different accounting method gave indication of its effectiveness, as a profit of \$87.87 was shown for the period from Nov. 15 to Dec. 17.

Even if monthly profits do not exceed the November - December record, said Dr. Shepherd, the entire debt can be repayed in about three years.

The University's attitude toward the lounge has been extremely lenient in view of the fact that President M. E. Sadler intended from the beginning that the project is a self-sustaining one, the committee declared.

"Inaltering lounge business procedures," the committee chairman said, "we will appreciate any written criticisms or suggestions on improving operations from interested students."

'A Good Thing,' Says Dietician About Cafeteria Investigation

Steps Being Taken to Remedy Major Complaints; Food to Be Warmer, More Sauces to Be Available

Mrs. Helen Orbeck, dietician, has pointed out exactly in what ways the food did not please students.

That about sums up her feelings on the Congressional probe as told to a Skiff reporter this week.

"I have never resented any part of the probe," Mrs. Orbeck states, "and I think it is a good thing. The survey has been open and aboveboard, and it disproves the supposition by some that the dissatisfaction is just foolish ideas of one or two persons."

She adds that the tabulations were constructive in the criticism and offered suggestions for improvements.

Steps are being taken to insure warmer foods during serving hours, she says, in an effort to eliminate one of the outstanding student complaints. "But the best equipment for doing this is not on the market at present," according to Mrs. Orbeck.

Explains Seasoning Practices Mrs. Orbeck agrees that the food is underseasoned, another main survey complaint. "Seasoning is a matter of taste," she states. In institutional cookery seasoning must border on the insufficient side so that persons of varying tastes may add spices, sauces and seasoning to suit their individual likes, the dietician points out.

Salt, pepper and vinegar are kept on the tables so students may further season the food. "More sauces will be put out for those who like highly seasoned food," Mrs. Orbeck says. In serving (More on Page 4)

No Socials Set As Dead Week 'Kills' Activities

Except for a basketball game Monday night and the Student Congress meeting Tuesday night, the student activity calendar for dead week is blank.

Dead week, from Monday through the following Sunday night, is the period before final examinations in which neither social functions nor club meetings may be scheduled, explains Dean of Women Elizabeth Shelburne.

The purpose of dead week, she says, is to give club officials and members a rest from responsibilities before examinations begin.

Recitals and other types of college work outside of class may be scheduled, Miss Shelburne continues. Dormitory and library hours will remain the same during dead week and final examinations.

"I am not expecting anyone to plan any activity for examination week," Miss Shelburne says.

Pre-Counseled Students to Be First at Spring Registration

Committee Expects Speedier Process Than in Past; Freshman Assembly, Tests Set for Jan. 31, Feb. 1

Pre-counseled students will register first according to plans adopted Monday by the registration committee announces Dr. Thomas F. Richardson, chairman.

Provisions approved by the committee were:

(1) Pre-counseled students will register from 8:30 a.m. to 4:30 p.m. Monday, Jan. 31, and from 8:30 a.m. to 2:30 p.m. Tuesday, Feb. 1. Reverse alphabetical order will be followed, beginning with "Z".

(2) Beginning freshmen and transfer students will register from 2:30 to 4:30 p.m. Tuesday, Feb. 1. A freshman assembly will be held at 9:30 a.m. Monday, Jan. 31. Immediately following the assembly freshman testing will begin and last through Tuesday. Freshmen will also receive pre-counseling advice during the time.

(3) All other students will register from 8:30 a.m. to 4:30 p.m. Wednesday, Feb. 2.

With one week remaining, an estimated 1800 students have begun pre-counseling. Deadline is next Saturday.

Plans have been made for speeding up operations in the library during registration, reports Dr. Richardson.

"As many lines as necessary will be in operation at the Registrar's table," he says, "and I think this improvement alone will greatly speed-up the entire procedure."

To combat delays caused by crowds at tables as experienced during previous registrations, school and department heads will organize their staffs with special (More on Page 4)

Classes List Spring Socials

Dinners, Dances Highlight Next Semester's Calendar

Dances, dinners, banquets, breakfasts and picnics are on the social agenda for next semester. All classes, with the exception of the freshmen class, are planning dances, report the class presidents.

The freshmen are so low on funds that it would be difficult for them to sponsor a dance, says Miss Betty Criner, Fort Worth, president. Freshmen are planning a picnic and swimming party at Eagle Mountain Lake, she adds.

The seniors are to be well entertained, reports their president, Don Pierson, Fort Worth. They will be honored at the junior-senior banquet, and are also planning two dances of their own. One of these will be a formal dance, probably at Colonial Country Club. An informal dance will be held in April, a breakfast in May, and a picnic at Thorp Spring is under consideration, he adds.

Gene Schmidt, Evansville, Ind., president of the juniors, says they will be pretty busy in preparing to honor the seniors at the annual junior-senior banquet and dance, but the juniors do hope to have a dance of their own in February.

The junior-senior banquet will probably be in the Cafeteria with the dance elsewhere, Schmidt states.

Don Davis, McKinney, president of the sophomore class, expects to have another dance if the one scheduled for February is a success.

As yet, dates have not been set for the next class meetings, but each president reports that meetings are planned for the near future.

Free Dance Set For February 2

Two all-student dances are being planned for the spring semester. The first of these, a blue dance, will be Feb. 2, Wayne ("Bud") Roberts, Lamesa senior, dance senior, announces.

The hour and place for the first dance has not been decided.

"There will be an orchestra on hand," Roberts says. "Also there will be buses for free transportation."

The Student Congress approved the dance in its Monday night meeting. The affair also has been approved and entered on the social calendar by Miss Elizabeth Shelburne, chairman of social activities.

Proposed By-Law Would Change Cheerleader Election Procedure

A proposed constitutional by-law changing election procedure for cheerleaders will be submitted to the Student Congress Tuesday night.

The by-law calls for five cheerleaders, three boys and two girls, to be elected by the Student Association three weeks before the end of the spring semester.

Other main provisions in the proposed by-law are:

(1) Head cheerleader is to be a boy with previous experience as a T. C. U. cheerleader. However, in case no experienced boy is selected but two experienced girls are elected, the girl receiving top plurality of votes will be head girl leader.

(2) All students elected must have a minimum grade point index of 1.0 for the semester previous to being elected.

(3) Of the candidates who run for positions as cheerleaders, the three boys receiving the highest number of votes will be elected. The two girls receiving the most votes will be elected.

(4) The by-law was drawn up by a committee appointed by Student Association President Bob Young, Greenfield, Ind., senior, at congress meeting Monday.

Another 'Love' Takes Gwin, Though

Cupid Turns Thief; Steals Three Females From Band

Four loves have robbed the Band of its president, sweetheart and two drum majorettes.

Three of the robbers are husbands, and the fourth is an extended musical tour.

Most recent loss came this week when President Tommy Gwin, Amarillo graduate student, dropped his courses to join the Dallas Symphony Orchestra on tour as assistant tympanist.

Gwin, band president for three years, has been a member of the Dallas Symphony since Thanksgiving. He dropped out of school when he found he would be gone through finals.

Two female band members became "casualties" in New Year's week. Miss Patsy Lee Tapp, Sulphur Springs sophomore and granddaughter of Mrs. H. W. Tapp, married Gilbert Hester, Amarillo senior, in Weatherford on New Year's Day. The bridegroom is the son of Mr. and Mrs. U. G. Hester, Amarillo. The couple will live in Fort Worth while Hester finishes school.

Miss Gloria Gibbons of Marshall, freshman drum majorette, married D. H. Snyder, S. M. U. student, last Thursday. She is the daughter of Mr. and Mrs. J. H. Gibbons, Marshall. The couple will live in

Congress OK's \$492.50 Budget In Which \$430 Dance Is Planned

A budget calling for expenditures of \$492.50, including \$430 for a dance, was accepted by the Student Congress Monday night.

Other items provided for are a safe, a trophy case for the "Skillet" and engraving on the "Skillet."

Money remaining in both the regular and permanent improvement funds of the treasury after this semester's budget is removed will be carried over for use next semester. No proposal was made to put surplus money into the permanent improvement fund.

The dance is to be held Feb. 2, Wayne Roberts, Lamesa senior and dance manager, says.

Both the safe and the trophy case, which will cost approximately \$55, will be bought with

Debate Tourney Starts Tomorrow

Forensic Forces Prepare To Repel Sunrise Invasion

Twenty-two T. C. U. defenders are going through a last-minute battle drill today after receiving notice that the campus is to be invaded at sunrise tomorrow.

The invaders will swoop down en masse to engage the school in a six-hour duel. They are to come 50-strong and from three schools. Defending T. C. U. will be 11 debate teams from the varsity squad who so far this year have not taken part in an off-campus debate meet.

Arriving for the debate "offensive" will be 12 teams from Baylor University, 10 from N. T. S. T. C. and three from S. M. U. The Dallas school's forces were weakened because this week is "dead week" at that school, an S. M. U. official has informed Director of Forensics E. L. Pross.

The encounter is to get underway at 10 a. m. and will not die out until about 6 p. m. The event has a double significance for T. C. U. debaters. They will also be vying for a chance to represent the school at its first appearance in season competition, only 28 days away.

Debating skirmishes will start throughout the day at just any locale. After teams are paired they will hunt vacant rooms in which to hold their debates. With

Symphony Band Begins Series

Monday Radio Program To Be First of 6 Shows

The first program of the University Symphony Band's "The 1949 Radio Series" will be broadcast over WBAP-820 from 10:30 to 11 p.m. Monday, announces Band Director Leon Breeden.

This program will be the first in a series of six which will be given each Monday night at the same time through Feb. 21. All programs will be transcribed.

Lewis Gillis, Fort Worth junior, will be the soloist on the initial program. Gillis, to be featured on the trombone, will play "Adagio" from "Concerto for Cello" by Joseph Haydn.

Tommy Gwin, Amarillo graduate student, will be the soloist on the second broadcast.

Each of the programs will be directed by Breeden.

Script for the broadcasts is being prepared by Frederick B. Folks, instructor in radio. Dr. Michael M. Winesanker, associate professor of music, is planning the musical notes.

Originally, speakers were planned for each of the programs; however, the School of Fine Arts decided to make the broadcasts entirely musical.

T. C. U. will take part in a musical program to be presented in S. M. U.'s McFarland Hall, Feb. 27. Breeden also announced.

Approximately 250 musicians from T. C. U., S. M. U. and Baylor will take part in the program.

Further details on the event will be released later.

## "Ma" Orbeck's Eatery

The Student Congress investigation into the food situation at the T. C. U. Cafeteria has been commended by President M. E. Sadler for its thoroughness and impartiality.

Yet, even though many students agree that several phases of the Cafeteria operation do not meet up to certain standards which they prize dearly, it would be unfair at this time to Mrs. Helen Orbeck and her loyal, efficient staff to start spreading the blame in one particular spot, as some students are presently doing.

There are many problems facing "Ma" Orbeck which did not come out in The Skiff story on the report, and some are pretty tough, too.

In the first place, it is almost impossible to prepare 1800 individual meals per day and please everyone with the seasoning.

Americans of German and Spanish ancestry like their food well-seasoned, but those with English and Scandinavian forebears prefer little pepper and salt. It could be that that 53.1 per cent who claimed "too little seasoning" in answering the questionnaire have German and Spanish forefathers and the 1.8 per cent who insisted that the food had "too much seasoning" are descendants of the sea-faring English and Norsemen.

Another problem the investigators brought to "Ma" Orbeck's attention is the need for variety in the evening meal. This need was attested to by 56.6 per cent of those interviewed. Again, it should be pointed out that it is nearly impossible, under the present price system, to serve the various delicacies and goodies that mom used to sling together on dad's "little old salary." But even so, "Ma" Orbeck is willing to try.

One of the minor gripes unravelled in the survey was the "criticism of the cashier's attitude toward students." After this much-abused worked mentally added the price of 1800 meals a day in her head and listened to wise-cracking student jokes without end, one shouldn't expect her to give out with a Pepsodent smile every minute of every weary hour. She, too, is only human—just like everybody else.

Everyone knows that "Ma" Orbeck's Eatery is not perfect. Neither is man, nor dog, nor donkey.

In all fairness to "Ma" and her staff, students should hold their wind until she has had an opportunity to hoist her sails in good order. The investigation has warned her of dangerous reefs ahead. If she is a good skipper she will recognize the danger. Students should give her a chance before they start opening up their destructive wind bags.

## Where Were the Frogs?

Why wasn't T. C. U. adequately represented at the Southwest Conference dance on New Year's Eve?

T. C. U. sent a queen to the dance, but provided no entertainment skit as had been requested. Only a mere handful of Frog students attended the affair.

Lack of funds, entertainers and interest are reasons advanced by Bob Young, student body president, for the poor showing made by T. C. U.

Young made an honest effort to obtain entertainers, but as most of the student body was out of town for the holidays, the program attempt was futile.

Every school in the conference, with the exception of T. C. U. and Baylor, participated in the dance program.

Does this indicate a lack of interest in conference affairs, a lack of school spirit, or an indifferent Student Congress? Probably a combination of these three factors contributed to the Frog "let down."

It is unfortunate that T. C. U. did not play a greater role in this first conference dance, but perhaps it will make the Frogs realize that they "missed the boat" and strive to put on a better front at the next affair of this type.

## The Third Call

The Horned Frog has issued its third appeal for clubs to get their material for a page in to the annual.

On the sea, the third cry for help comes when the victim is sinking for the last time. Obviously the Horned Frog is not in such desperate straits, but something is missing when campus organizations fail to respond to a call made to get a permanent record of their year's activities.

The fault may lie with the Horned Frog staff members, who do not keep regular "office hours." Two Thursdays were set aside by the editor and his assistants to meet club representatives, however.

If the club section of the annual is not complete, the editor must compensate by enlarging other sections of the annual. The finished product will sketch a picture of individual student life and a lack of club activity or interest.

If the club section is not complete, the 1949 annual will be a lasting indictment of the school spirit of those clubs that did not take the time or the interest to answer the third call for help from the annual.

Extra-curricular activity is the sugar-coating which coaxes many a student to swallow the curriculum pill.

A student who admits he was wrong proves he is wiser than he was before.

Editing a college paper without ruffling someone's feelings is like winking at a girl in the dark, lots of exercise but no results.

There are two types of students: those who do their work, and forget the task was before them; and those who don't do their work, and forget the task is before them.

## 2 Coeds Picked As Rodeo Belles

Two T. C. U. coeds have been selected as "Cowgirl Sweethearts" to represent their hometowns at the Southwestern Exposition and Fat Stock Show in Fort Worth Jan. 28 through Feb. 6.

Miss Janis Luker, 18-year-old sophomore, will ride in the grand entry and be introduced at the matinee rodeo performance on Decatur Day, Feb. 1. The Decatur High School graduate is the daughter of Phil Luker, owner-editor of the Wise County Messenger, and Mrs. LUKER. She has participated in girls' events at a number of rodeos.

Miss June Prichard, 17-year-old freshman, will be presented at the matinee rodeo performance on Seymour Day, Feb. 4. She is a Seymour High School graduate and the daughter of Mr. and Mrs. M. V. Prichard, who live on a farm near Seymour. She won first place in a PRICHARD cowgirl sponsors' event at the Electra rodeo last summer and has taken part in numerous other shows.

Plans are being made for a concert by the T. C. U. Horned Frog Band at the bandstand in front of Will Rogers Memorial Coliseum at a date yet to be set.

## Fractured Ankle Mended, Dr. Whatley Visits Here

Visiting on the campus this week and conferring with the administration was Dr. Francis Whatley, newcoming Spanish teacher who broke her ankle this fall. She will return to the campus a few days before next semester to begin her teaching duties.

## What's Your Ambition?

### Secret Desires Range From Betty Grable to Dirty Jails

"Suppressed," according to Webster, means "to subdue; crush; keep in or down; quell; conceal; or restrain the publication of. . ." Now it can be told, however. Deciding to no longer "restrain the publication of," T. C. U. students have confessed those long suppressed desires.

Miss June Adams, Marshall senior, has always wanted to blow the foam off a glass of beer into someone's face.

Glendon ("Happy") Hague, Cleburne junior, has long cherished the idea of being an end man in a Negro minstrel.

Unrefined as it may sound, Mrs. Marjorie Taylor, junior from Youngstown, O., says, "I've always wanted to spend one night in a dirty jail."

Miss Polly Conlisk, junior from Galveston, has had a secret desire to be a night-club singer, "one who wears sexy black dresses."

"I've always wanted to see someone rush in during a wedding ceremony—just when the preacher asks if anyone knows why the wedding should be stopped—and stop it," Bill Padon, Fort Worth senior, says. "Course I don't want anything like that to happen at my wedding!"

Miss Ann Zimmerman, senior from Cleburne, has always

## Picked-Up Passing By

### Troubled Times

Jim Hickman, Marshall junior, is a bit worried. He wrecked his car in November and used all his savings plus \$15, received for selling a pint of blood, for repairs. The loss of blood caused a layoff from work, which in turn caused a decrease in pay. Jim was forced to sell his body to a medical association to meet expenses. Now he is afraid they might foreclose on him.

### Quaint Quips

When Miss Mary Lou Russel, Fort Worth junior, was asked to give a five minute program in radio class she stood and said: "We will now have five minutes of silent prayer." . . . Spanish instructor, Miss Vera Maxwell said of her absent students: "I wish some of these absentees would come to class—I'd really like to meet them."

### Comment of the Week

Speaking of the soil-enrichment program under way on the back campus: T. C. U. has long had its barn; now, it has the yard to go with it.

### Courtesy Personified

A thoughtless driver had parked in the center of the lot behind the Library making it impossible for cars to get out. When he returned he found this note pinned to his windshield: "You have caused me to be late to lunch and probably to work as well. I sincerely hope that you have not been as unfortunate as I and managed to get to class on time."

### Seeing Stars Again

The "blue star" hanging in the window of barracks Y is not the symbol of a newly formed from the residents to W. C. organization. It is a tribute ("Dub") Smith, Huntsville, Ala. sophomore, who has just received an invitation to report for an Army physical.

- ★ Body Trouble
- ★ Barn 'Yard'
- ★ 'A' New Angle

### Professorial Gems

Advertising Instructor R. V. Lesiker told his class if they would repeat a statement often enough, someone would start to believe it. The mass reply—"I deserve an A, I deserve an A." . . . Dr. Martine Emert, geography professor, explains there is no such thing as an old car. Her flivver, "The Green Dragon," recently celebrated its 18th birthday without a major repair. . . . Aviation Prof. Troy Stinson offers this motto to worrying students: Never take life too seriously—you never get out of it alive.

## corner comment

See where the Student Congress is buying a \$38 safe to hold Student Association fees for the first of each semester until time for them to go into the permanent improvement fund

Just so we in the Corner Comment office can sit back, snicker, and say "I told you so" at a later date, we would hereby like to go on record as favoring sidewalks across the parkway on University Dr. If it ever rains again, someone is going to get mired up pretty badly out there.

The campus survey on cafeteria food only scratched the surface. Corner Comment determined to go further and took a poll to find the foods that most offended student palates last year. Poached eggs breezed in the favorite with fried liver close behind. The individual findings were:

	Poached Eggs	Liver
Shouldn't be ate by dogs	46%	35%
Shouldn't be ate by dogs	76%	69%

As long as we're in a reforming mood, how about getting the student-boarders who eat in the cafeteria on the ball. Diners at the local establishment throw wet bread, pour coffee on one another, turn glasses of water upside down so that the busboys drench themselves while removing them, et cetera. Persons who dwell in abodes of glass should not toss stones.

J. Paul Sheedy\* Switched to Wildroot Cream-Oil Because He Flunked The Finger-Nail Test

THE hair that bothered this tortoise didn't run him a race, as they "tort us" back in school. His hair just kept getting in his eyes! Being naturally slow, it took some time for him to try the Finger-Nail Test. But when he did, brother, did he move fast for a bottle of Wildroot Cream-Oil—and look at him now! No more dryness and loose, ugly dandruff! Wildroot Cream-Oil keeps his hair well groomed all day long. What non-alcoholic Wildroot Cream-Oil containing Lanolin did for Sheedy, it can do for you. So get a bottle or tube today at the nearest drug or toilet goods counter. And have your barber give you professional applications. You'll like what Wildroot Cream-Oil does for your hair—so mock this turtle and start using it today.

Wildroot Company, Inc., Buffalo 11, N. Y.

Smoke a LUCKY To feel your LEVEL best!

Luckies' fine tobacco picks you up when you're low . . . calms you down when you're tense!

Luckies' fine tobacco puts you on the right level—the Lucky level—to feel your level best, do your level best.

That's why it's important to remember that LUCKY STRIKE MEANS FINE TOBACCO—mild, ripe, light tobacco that makes a thoroughly enjoyable smoke. No wonder more independent tobacco experts—auctioneers, buyers and warehousemen—smoke Lucky Strike regularly than smoke the next two leading brands combined.

Light up a Lucky! Luckies' fine tobacco picks you up when you're low, calms you down when you're tense. So get on the Lucky level where it's fun to be alive. Get a carton and get started today!

### TCU Faces Baylor Tomorrow; Challenges Arkansas Monday

Game in Waco to Feature Defending Champions; Razorback Invasion to be Last Game of Semester

The T. C. U. Horned Frogs meet the defending champion Baylor University, tomorrow night in Waco and return for a game with the University of Arkansas Razorbacks Monday night in Will Rogers Coliseum, then suspend action until after final examinations.

### Sport Searchlight

BY BILL REA  
Barring certain obstacles, such as final examination failures, within a couple weeks and possibly a change of ever confidence, the Wogs' hopes should remain intact to become one of the finest quintets in the Southwest Conference this season.

It was up to those who will be faced with the task of playing boys in several years if they improve any at all. They won't play next year and, for that matter, could hold their own in the varsity league right now. Three years ago a freshman from Baylor won the championship, so it isn't entirely out of the question to suppose the T. C. U. could win their share of the title this year—even against a class of competition.

Johnny Swain and Bud Campbell are expert floor men; George McCleod, Allan Brookshire, Harvey Fromme and James Knox supply the needed height; and Tommy Taylor is eighth on long shots. What with most of this year's varsity personnel graduating, they will form the bulk of the T. C. U. team for several seasons.

But reliable sources indicate that several of the boys are treading dangerous grounds regarding their books. It would be most unfortunate, not only for themselves, but for a large following of Frog supporters if some of the men would turn up ineligible. Through these men, T. C. U. fans see a chance of the Frogs climbing into prominence on the hardwoods.

Football item: Texas A. & M. is planning to take its freshman star, Glen Lippman, to specialists in the East this summer to see what can be done about a muscle condition that prevents the boy from playing more than a few downs at a time. The lad is hailed as the best broken-field runner since Dick Todd ran wild for the Aggies more than 10 years ago. Apparently they want him to stick around.

The Horned Frogs were victims of circumstances last Friday and Saturday nights—an exceptionally long streak by the Texas Aggies, and the superiority of Texas. The two made short order of the Frogs' "streak."

There's not much a team can do about it when its opponents start pulling shots out of their pockets as did the Farmers in the second half. If A. & M. were to maintain such a pace for the remainder of the season it could not get beat many times. In Texas—well, you can't do anything about that.

Even though defending champion Baylor bested the Longhorns in a non-conference game, we believe Coach Jack Gray's team will carry the crown to Austin after being stopped in March. In Tom Hamilton, Slater Martin and Al Madson, the Steers have as potent a scoring trio as there is in college basketball.

After the University of Arkansas comes to the Coliseum Monday night, the Frogs will have played every conference game except Rice. A real first-hand picture of the situation may be drawn then. Texas and Baylor meet next week, so the winner of that one should go into the examination "holidays" with three-fourth of the battle won.

For the first time in 20 years teams must journey to Fayetteville for one game and then enter the Razorbacks on their home courts. Before this year, two times were played at one setting to reduce travel expenses. Arguably, the change—getting rich and level eyes—don't worry them.

### Taylor Leading Winning Wogs With 57 Points

Red-thatched Tommy Taylor, first-year man from Poly High, is pacing the T. C. U. Wog scorers with 57 points in the four games played by the undefeated Wogs. Taylor, boasting an average of better than 14 points a game, had his best night against Grand Prairie Naval Air Station last Saturday night with a 22-point effort.

Behind Taylor is Forward Allan Brookshire of Lufkin with 40 points. Center George McCleod has 32 points and Capt. Johnny Swain, the nifty ball-hawk from Graham, has 27 points.

The high-scoring Wogs have racked up 267 points in four games for a very high average of almost 67 points per game, while holding their opponents to 156 points or 39 points a game. This gives the Wogs a record of better than a point and one-half a minute.

Here is the Wogs' scoring chart:

	G.	Fg.	Pt.	Tr.	P.	Tp.	G.	Av.
Taylor	4	22	13	7	57	14 1/2		
Brookshire	4	17	6	6	40	10		
McCleod	4	14	4	4	32	8		
Swain	4	12	3	9	27	6 3/4		
Knox	4	11	4	3	26	6 1/2		
Fromme	4	11	3	4	25	6 1/4		
Reynolds	4	9	0	5	18	4 1/2		
Barton	4	6	3	10	15	3 3/4		
Campbell	4	6	2	5	14	3 1/2		
Smith	3	3	1	1	7	2 1/3		
Ethridge	3	1	2	0	4	1 1/3		
Leach	4	1	0	1	2	1/2		

### TCU-OU Fliers To Meet Feb. 19

A T. C. U.-Oklahoma University inter-collegiate air meet is tentatively scheduled for Feb. 19 at either the T. C. U. Airport or at the National Guard Air Base, announces Aviation Prof. Troy Stimson.

Contests in 180 degree power off side approach spot landing, 360 degree overhead approach power off (spot landing) and 180 degree power approach landing are being planned. A bomb dropping event is being considered.

The Oklahoma flight club, the Air Knockers, will send a twelve man team to Fort Worth. Five Aeronaucs and a Cessna will bring the Oklahomans here, according to John L. Novell, president of the club.

Further plans for the national meet, to be in Fort Worth in May, were also announced by Prof. Stimson. A budget for the national air show has been sent to George Haddaway, publisher of Southern Flight Magazine of Dallas, chairman of the flight budget committee.

### Games Today Conclude WSA Volleyball Tourney

The Waits-Jarvis team and the Town Freshman-Junior team got a head start Monday in the W. S. A. volleyball tournament being concluded today. The last two games are scheduled for 4 p. m. this afternoon.

The Waits-Jarvis team won over the Foster team, 29 to 14, while the Town Freshman-Junior team beat the Town Senior-Sophomore team, 28 to 22.

### Polliwogs Will Get Real Test; To Play 3 Tilts in Next 4 Days

Wogs, Undefeated in 4 Games, Will See Action in Kilgore Tonight, Waco Tomorrow, Coliseum Monday

Three games in the next four days will provide a real test for Coach Walter Roach's undefeated Polliwog cagers. They meet the Kilgore Junior College Rangers at 8 o'clock tonight in Kilgore; the Baylor Cubs at 6:15 p.m. tomorrow in Waco, and Kilgore in a return match at 6:15 p. m. Monday in Will Rogers Coliseum.

Both the Rangers and the Cubs are highly rated outfits. The Wogs—who have scored better than a point and a half per minute in four games—will have the height advantage over Kilgore but will face a speedy offensive attack led by Eldon Conrad, former Paschal High School ace.

Coach Roach will be pitting his charges against those of his former roommate, Coach Willie Walls, of the Rangers.

A regular starting quintet of George McCleod, center; Allan Brookshire and Harvey Fromme, forwards; and Capt. Johnny Swain and Bud Campbell, guards, will open for the Wogs tonight. Certain to see early action is the Wogs' leading offensive threat, Tommy Taylor. Although the Wogs' leading scorer, Taylor has yet to start a tilt for the first-year men.

The high-scoring Wogs have averaged more than 66 points per game and have eight more scheduled meetings.

### 20-Point Average In 3 Tilts Gives Dolnics SW Lead

Although the Frogs boast only one victory in three conference games for 1949, they have the circuit's leading individual scorer for conference play in Julius ("Daddy") Dolnics, their 29-year old center. Dolnics has scored 60 points in three contests for an average of 20 points a game.

Dolnics has netted 20 field goals and as many free shots. He has missed only two gratis pitches, giving the Gary, Ind., senior a free-shot average of .909.

Far behind Dolnics with 25 points in second place is Frank Kudlaty while Capt. Gene Schmidt was one point less than Kudlaty. Bob Hendricks has scored nine points, and Bill Moran and Bob Young have eight apiece. Bob Burton has scored seven points and Bruce Craig, five.

The Frogs have scored 146 points to the opposition's 169 points. T. C. U. has failed to lead at the half of any conference game this season, trailing twice by four points and the third time by eight. Strangely enough, the game in which the Frogs were behind by eight points at half-time found them winning at the end, 58 to 52, over S. M. U.

### Osburn Wins National Honors

Dick Osburn, Dallas, sophomore, made his last appearance as a "Junior" tennis player his most successful one. He teamed with Tony Trabert of Cincinnati to win the National Junior Indoor Tennis doubles championship in a St. Louis tournament held Dec. 27 through 31.

Osburn will be ineligible to compete as a junior again as he will be 19 before another major tournament is staged.

The champs, ceded No. 1 in the meet, defeated the second-ranked team of Steve Potts of Memphis and Allen Fischl of New York.

The former state singles champ from Highland Park High School and a prospective member of this year's T. C. U. varsity squad advanced to the semi-final round in the singles division. He defeated Vincent Townsend of St. Louis, Ray Walmoth of Culver Academy and Benny Sabieraj of St. Louis.

Osburn was ranked seventh nationally by the United States Lawn Tennis Association in his division for 1948, was rated No. 4 in doubles—along with Gerry Thomas of Washington, his partner in major tournaments last summer.

### Last Home Tilt Won From Hogs Starred Brannon

Sixteen years ago—on Feb. 3 and 4, 1933, to be exact—the T. C. U. Horned Frogs last beat Arkansas' basketball Razorbacks in Fort Worth. The Horned Frogs took both—29 to 19 and 30 to 26. Captain of that 1933 team was a senior named Byron ("Buster") Brannon.

Monday night the first Frog quintet coached by that same "Buster" Brannon will try to do what no T. C. U. basketball team has been able to do during the 15 seasons of Brannon's absence—beat Arkansas in Fort Worth.

Although the Frogs have dropped all 14 of their Fort Worth games with Arkansas during the past 15 seasons, it has been only three years since the last Frog victory in the series. T. C. U. won two of the 16 games played in Fayetteville, 28 to 21, losing the other 15 to 31. In 1946 they also split the two-game card, winning 53 to 50 and losing 36 to 58.

The Razorbacks hold a wide margin over the Frogs in points as well as games during the 15 seasons between Captain Brannon and Coach Brannon. Arkansas has scored 1487 points in the 30 games, T. C. U. 1016. The Razorbacks' widest margin of victory was 32 points, 47 to 15 in 1936.

### Varsity Cagers Drop 2 of 3; Wogs Win to Stay Unbeaten

A. & M., Texas Hand Frogs Successive Defeats; Taylor Stars as Freshmen Down Sailors, 87 to 46

The T. C. U. Horned Frogs made their first of three Southwest Conference appearances last week their best one. They got off to a roaring start in the league debut by defeating S. M. U., 58 to 52, but dropped decisions to A. & M., 58 to 42, Friday night and Texas, 59 to 46, the following evening.

Julius Dolnics pitched in 20 field goals and 20 out of 22 free throws for a three-game total of 60 points and the conference scoring leadership.

The Texas Aggies, ahead by only four points at the intermission, started hitting from all angles after the rest period and ran away from the faltering Christians, 58 to 42.

Bill Turnbow, Jim Kirkland and John DeWitt led the assault in the final period that the Purple couldn't match. The Farmers were unusually accurate as they hit a huge percentage of their tries from the field during the spurt. Ahead by 53 to 37 after 34 minutes of play, the Aggies began concentrating on possession of the ball, and the Brannon men had little opportunity to muster a counter offensive.

Dolnics scored 22 points for high man of the evening. DeWitt, Turnbow and Kirkland added 15, 14 and 13 points, respectively, for the Ags.

Dolnics could not cope with Texas' dazzling "threesome"—Slater, Al Madson and Tom Hamilton—and the Horned Frogs went down to their second defeat in two nights, 59 to 46.

The Christians held their own with the highly-touted Steers three-fourth of the way but wilted in the latter stages under a scoring barrage of the Texas trio. So completely did the top three Texas men control the Longhorn game that no other Steer managed to score until the game was 26 minutes old.

Ironically, four men (Dolnics, Hamilton, Martin and Madson) shared high-point leadership with 17—and they were all tied at the intermission with nine points each. T. C. U.'s Polliwog cagers ran their undefeated record to four games Saturday night with an 87-46 victory over Grand Prairie Naval Air Station.

Coach Walter Roach's basketballers jumped into a commanding lead at the opening whistle and held the Sailors without a field goal for almost nine minutes of the game. Controlling both backboards, the Wogs had little trouble with the visitors.

Table with columns: Govt. 321, Math 312a, Eco. 330, etc. Lists special exam classes and their exam times.

10 AM to 12 Noon TTS Are Sadler's New Hours

Because of the impossibility of keeping up with his correspondence during his short office hours, President M. E. Sadler will be in his office from 10 a. m. to 12 noon on Tuesday, Thursday and Saturday only.

40 Girls Apply for Rooms; Plenty More Are Available

Forty girls including 24 who have never attended T. C. U., already have made application for rooms in the dormitories for next semester, Miss Elizabeth Shelburne, dean of women, says.

Dean Lindley to Speak In Fort Worth, Dallas

Dean D. Ray Lindley of Brite College of the Bible will make two addresses this week, one in Dallas and the other in Fort Worth.

Rodeo Group

Two night shows and an afternoon performance are in the making, Hughes states. The night programs will be April 7 and 8. The daylight affair will be Saturday afternoon, April 9.

New officers were elected by the association at a Monday meeting. Glenn Smith, Fort Worth junior, is the new president.

Pre-Counseled

fic tasks in an effort to keep lines moving steadily, Dr. Richardson adds.

Also, the veteran's section will be moved out of the southwest corner of the Library to a more convenient spot, Dr. Richardson continues.

The business office will set up quarters at the Library's check-out desk and thus eliminate an extra line in the Administration Building, says Dr. Richardson.

Freshmen who have not received results of tests they took during Freshman Week, are urged by Curtis J. Firkins, director T. C. U. Testing Bureau, to report to his office, Room 14, Building 8, before they begin pre-counseling.

Free X-Rays Jan. 31, Feb. 1 To Be Offered to Students

X-rays for tuberculosis detection will be given free to T. C. U. students, Jan. 31 through Feb. 1, by the Tarrant County Tuberculosis Society, Mrs. Lucille G. Steers, resident nurse, announces.

30 Piano Students Enroll For Dohnanyi's Classes

Thirty T. C. U. students are among the 50 pianists enrolled in the master classes being conducted by Pianist-Composer Ernst von Dohnanyi this week.

A Good Thing

approximately 1800 a day, the Cafeteria must leave some seasoning to the individuals to please as many as possible.

"The attractiveness of the Cafeteria has a lot to do with students' opinions of the food," she adds. "If the dining room were more attractive it would set up an atmosphere for enjoyment."

New Equipment Requested

A request for new equipment and furnishings has been given to the administration. "Personnel is sufficient, but labor-saving equipment and uniform tables and chairs are needed," Mrs. Orbeck states.

Mrs. Orbeck, dietician for three and a half years at T. C. U., feels that dissatisfaction gets better things. The survey, in this regard, points out to everyone—students, administration and employees—how to better accomplish the task set forth for the Cafeteria.

Wray, Journalism Major, Killed in Traffic Accident

Funeral services for Arthur H. Wray, Jr., sophomore journalism major from Fort Worth, were held in Fort Worth Monday afternoon.

Wray was fatally injured in a traffic accident five miles west of Temple last Friday afternoon en route to a dance in Austin.

Wray's death was the second to befall a student of the T. C. U. Journalism department via traffic mishap in recent weeks. Coy M. Dyer, freshman journalism student from Fort Worth, died in an auto accident Dec. 23, in Fort Worth.

Two T. C. U. students and a former T. C. U. student were injured as passengers in the car which killed Wray. They are Miss Jean Miller, Fort Worth senior; Miss Betsey Campbell, Fort Worth senior; and Frank Sherwood, former T. C. U. student.

Speech-Drama's Telecast Postponed Until February

Speech-drama department's first television show, previously scheduled for 8 p. m. Thursday over WBAP-TV, has been called off until February, announces Fred Folks, radio instructor and the program's director.

WBAP-TV's facilities will be used at that hour to carry the first round of the regional golden gloves boxing tournament, station officials have informed Mr. Folks.

Layman to Address BSU On Religion in Business

The importance of taking Jesus as a business partner will be stressed by Harvey Fountaine, a layman at Evans Avenue Baptist Church, at a meeting of the Baptist Student Union at 1 p. m. today in Brite Chapel.

The program climaxes "Vocational Emphasis Week," says Miss Estelle Slater, city B. S. U. secretary, who is in charge.

Cold Weather Doesn't Bother 'Male Animal'

Although there was freezing rain and a warning by the weatherman of 26-degree weather Tuesday night, first night attendance at "The Male Animal" fell only 44 short of the all-time record set by "First Lady" on a warm Nov. 9 evening.

A crowd of 122—including 97 students—gathered at 8 p. m. in the Auditorium. The initial staging of the November play, however, drew 166.

Even though bad weather continued Wednesday, second night attendance soared to 170, only one shy of the attendance on that same night at the earlier play.

"Figures have not been compiled to date," John Caylor, theatrical business manager, and Fort Worth graduate student, said today. "From all indications, however, the figure after tonight will meet or even pass that set at the previous production."

The four performances of the November play drew 750 fans, the highest number in the history of drama at T. C. U.

Final performance of "The Male Animal" is at 8 o'clock tonight.

Organization News

Club May Turn 100 T.C.U. Coeds Into \$75 Bonus

Wanted: 100 girls by Chi Beta. For if 100 girls spend a few minutes of their time on Jan. 25 inspecting sterling silver-ware, Chi Beta, the home economics club, will be \$75 richer.

Between the hours of 9:30 a. m. and 3:30 p. m. on that date a representative from a sterling silver company will be in the Mexican Lounge of Foster Hall to show different patterns of silver-ware. Each showing will take about 15 minutes.

The survey is being made nationwide to determine which patterns will be good sellers. Any girl interested in seeing the silver-ware should contact Miss Harriet Margo, Havana, Cuba, senior, of Foster Hall.

Dr. Cecil to Be Speaker At Poetry Club Tonight

Dr. L. Moffitt Cecil, assistant professor of English, will be guest speaker when the Poetry Club meets at 7 o'clock tonight in the home of Miss Mabel Major, club sponsor, 2814 W. Lowden.

A club president will be elected to replace Miss Edith Williams, Wylie, mid-year graduate. Host and hostess for the Poetry Club will be Ot Hampton and Miss Betty Sellers, Fort Worth seniors.

Miss Williams requests all members to bring original poems.

Brushes Roast Wieners

A wiener roast was held in Forest Park last night for members of the Brushes Club and their dates.

World Federalists to Show Film on War Prevention

"How to Conquer War" is the title of a film to be shown at a meeting of the United World Federalists at 7 p. m. today in Brite Club Room.

The film presents the historical background for world government. Dr. A. O. Spain, faculty sponsor, says anyone interested may attend the meeting.

Phi Sigma Iota to Discuss Mexico, Spain on Sunday

Two papers will be read at a meeting of Phi Sigma Iota, national romance language fraternity, at 3 p. m. Sunday at the home of Sam Gann, Fort Worth senior, 3006 Merida St.

Anthony Bicechi, Fort Worth senior, will read a paper on "The Mexican Side of the Texas Revolution," and Gann will discuss "Conditions in Spain as Pictured during the Time of Lazarillo."

Arts Festival

The music department will also have an evening of chamber music with a string quartet, piano quartet and wind sextet. A concert with student soloists is also scheduled during the week.

The oratorio "Elijah" by Mendelssohn, performed by the Choral Club and the Symphony Orchestra, will conclude the music department's offerings for the Fine Arts Festival.

"Antigone," a one-act Greek tragedy by Sophocles, will be presented by the speech-drama department. Three performances are scheduled at present.

Shakespearean Scholar To Speak Tomorrow

A Shakespearean scholar who directed Shakespeare productions for years at Festival House in Stratford-on-Avon will arrive on the campus to lecture 3 to 4 p. m. tomorrow in the Auditorium.

He is B. Iden Payne, who is teaching drama at University of Texas since his return from the English dramatist's birthplace in England. He will hold a question-and-answer session after the lecture.

Mr. Payne's appearance is being sponsored by Fallis Players, campus drama organization. "Everyone is invited," says John Caylor, club president, Fort Worth graduate student.

Meliorist Club Will Hear Lecture on Civil Rights

Garland M. Garvin, executive secretary of the Fort Worth Urban League, will speak on "The Negro and Civil Rights" at Meliorist Club's meeting at 8:15 p. m. Sunday in University Christian Church.

The Urban League is an organization devoted to the improvement of racial relations. Nominations for spring semester officers will also be presented at the meeting.

SMU Theologian to Speak At 2 Religious Meetings

Dr. William Ward Sweet, chairman of the Perkins School of Theology at S. M. U., will speak at two religious meetings Wednesday.

"Appreciation" will be his message at the 11 a. m. service in Brite Chapel. He will speak at the Homiletic Guild meeting at 12 o'clock noon in Brite Club Room.

Faculty Women's Tea To Be Tuesday

A tea, with a program featuring every art of the School of Fine Arts, will be held at 3 p. m. Tuesday in the main parlor of Foster Hall.

Mrs. Clarence Best is in charge of arrangements and Mrs. T. Smith McCorkle will pour. Highlights of the program will be an instrumental trio composed of Dr. Ralph Guerther, Miss Jean Stutzman and Leon Breeden, faculty members of music department.

Members of the program committee are Mrs. Walter Volbach, Mrs. Arthur Faguy-Cote and Mrs. McCorkle. The reception committee is composed of Mrs. S. P. Ziegler, Mrs. Michael Winesavker and Mrs. W. J. Hammond.

Dinner, Meeting to Close Priscilla, Timothy Calendar

A dinner and business meeting will close the social calendar for members of the Priscilla and Timothy Clubs tonight. Club members will meet at 6:15 p. m. at Colonial Cafeteria for dinner and meet at 7:30 p. m. in the Brite College Student Lounge for the business meeting.

Ellen Mussetter Elected President of Alpha Chi

Mrs. Ellen Mussetter, Fort Worth senior, was elected president of Alpha Chi, national literary society, Friday.

Other officers are: Vice-president, Paul Morgan, Fort Worth senior and secretary-treasurer, Billy W. Sills, Evant senior. Mrs. Mirth Sherer, history instructor; Mrs. Mary Canty, English instructor; and Dr. P. Dinkins, English professor, are elected faculty sponsors.

The initiation ceremony, which was to be conducted at the day meeting, was postponed yesterday in order to permit members to attend.

C. of C. Analysis Given By Fort Worth Manager

An analysis of the Fort Worth Chamber of Commerce was given by C. J. Watson, manager of manufacturing and distributing department of the downtown chamber, in a meeting of the T. C. U. Chamber of Commerce Wednesday in Brite College of the Bible.

Watson described the typical chamber of commerce, delineating its functions, its purpose and organization.
