THE SKIFF

... in Your
Student Lounge

Official Student Body Publication at Texas Christian University

VOLUME 47

2733

FORT WORTH, TEXAS, FRIDAY, JULY 1, 1949

NO. 37

8 General Reasons Cited—

'Save Lounge,' Say 76 of 100

More than three-fourths of 100 students interviewed by The Skiff this week expressed a desire that the Student Lounge be "saved."

Seventy-six replied, "Yes," to the first of four questions in the poll, "Are you interested in what happens to the Student Lounge and/or its fountain?" Only 22

said, "No," while two had no comment.

Reasons for concern about the lounge's future fell into eight general categories. When the 76 were asked the "why" of their interest in the lounge, 61 gave answers which are tabulated as follows:

17—It meets students' recreational needs.

12—It provides a good and needed campus meeting place.

9—It makes it possible to obtain food or drinks conveniently.

4—It is necessary to student morale.

3—Its failure might endanger plans for the proposed student union building.

3—It is a good place to play cards.

2—It provides an opportunity to watch television.

1—It is a good place to study.

While only nine of this group gave replies pertaining to the fountain, answers to the poll's second question, "Would you be satisfied with the lounge if the fountain were closed and machine dispensers installed?", indicated that the fountain is an important asset.

Pointing up the need for the fountain, 41 said "No," but they were slightly outvoted by the number—45—who said they would be satisfied with dispensers and no fountain. Two of the latter group, however, qualified their answers by suggesting that the fountain be closed only in the summer and that at least another attempt be made to operate it during the regular school year, making a true count on this point, 43 to 43.

Fourteen expressed indifference in reply to this question.

• See LOUNGE, Page 4

Congress Investigating Possibility Of Taking Over Student Lounge

Operation of the financially-floundering Student Lounge may be taken over by the Student Congress.

Congress members voted unanimously Tuesday to appoint a committee to investigate the possibility of their assuming management of the lounge.

"For the opportunity to operate the lounge fountain," says Doc Kelly, Student Association president, "congress is willing to assume the original debt and any future deficit but not operational debts of the past 14 months. We believe, however, that the lounge can proceed on a money-making basis."

Profits would be applied to the debt of \$3494.56 owed to the Administration for the initial costs of the fountain.

The fountain showed profits in January, February, March, and April but lost \$211.99 in May. Bill Bishop, Corpus Christi junior and lounge manager told congress. There is no overhead except salaries of employes, he added.

Bishop will present a financial report to the Administration July 1.

Members of the committee

Dean Sowell Honored

Appointment of Ellis M. Sowell, dean of the School of Business, as a trustee of the Corporation of the Pension Fund of Disciples of Christ for a five-year term beginning Jan. 1, 1950, was revealed this week.

appointed by Kelly to investigate the lounge change are: Bill Hamilton, Fort Worth sophomore; Theron Oxley, Fort Worth sophomore; Tommy Hanna, Fort Worth senior; George Wilde, Graham senior; Jack McSwain, Hattiesburg, Miss., junior; June R. Welch, Gainesville senior; Dr. W. J. Hammond, history professor; Ralph Wetherall, director of dormitories; Dr. Hilton Shepherd, business administration professor; and L. C. Wright, business manager.

Petty Loan Fund Set Up; 'Touches' Limited to \$10

DR. THOMAS RICHARDSON

"Sorry. Can't go. Flat broke." Such tersely-worded statements of financial condition may well be a thing of the past for T.C.U. students; for as of this week, a student petty loan fund has been set up to tide them over monetary crises.

At the same time, figures released by Dr. W. J. Hammond, administrator of the long standing student tuition loan fund, reveal that in the past year the number of loans granted by the tuition loan fund exceeds that of the preceding 10-years.

The new fund was established with passage of a bill by the Student Congress at its Tuesday meeting—a bill which appropriated \$500 from the congress' permanent improvement fund to be loaned to students in amounts up to \$10.

A committee of five—three University employes and two members of the Student Association—has been appointed in accordance with the bill's requirements to administer the making of loans through the Business Office.

L. A. Dunagan, cashier, is chairman of the committee, and will give final approval on all loans. Ralph Wetherall, acting director

All-Student Hop Is Next Friday

Harvey Anderson's Orchestra Will Play for Colonial Dance

The biggest social event of the first six-weeks term—an all-student dance, with an orchestra—is all set for next Friday night, and tentative plans have been made for a watermelon party July 11.

Ideas Wanted For Fiesta-Cade

Got any good ideas for parade floats, acts or specialties?

A contest which will present prizes for the best suggestions for T. C. U. participation in the coming Fiesta-cade parade has been announced by the social committee of the Student Congress.

But there is not much time. All suggestions must be submitted to the congress office by 4 p. m. Tuesday.

First prize will be a \$5 meal ticket from Oliver's Bite Shop. Second and third prizes will be four and two passes to the T. C. U. Theater, respectively.

The informal dance will be held from 8 to 12 p. m. in the first-floor ballroom of the Colonial Country Club, announced Richard Richard ("Chubby") Henderson, Electra senior and chairman of the Student Congress social committee.

Harvey Anderson's orchestra will play, and Henderson says the committee hopes to serve refreshments.

Tickets, 50 cents stag or drag, may be purchased today and next week between 10 a. m. and 12 noon daily in the vicinity of the Student Congress office. Those not getting tickets here may buy them at the door the night of the dance.

Thus far, the social committee's plans for the watermelon party set the free feed at 7:15 p. m. on the traffic circle behind the Administration Building.

One of last week's three socials was "unsuccessful," and the second was called off.

Attendance at the square dance Monday night on the tennis courts was termed "encouraging enough to have more of them" by Miss Kitty Wingo, assistant professor of physical education. There were enough boys but not enough girls to form two squares.

The dance on the tennis courts Friday night was rained out. Those who attended—it was reported there were six couples in all—retired to the Student Lounge.

The open house which was scheduled for Waits Hall, was canceled because the band clinic students, whom it was to honor, were not here. However, the social committee is making plans for another open house to be held July 12.

LAWRENCE INTRAVAILA

Intravaia Named Band Director

A new director for the Horned Frog Band is one of three appointments to the School of Fine Arts faculty for the fall semester, made this week by President M. E. Sadler. He is Lawrence Intravaia, B.M.E., M.M.E., Wichita University, Wichita, Kan.

Mr. Intravaia was picked from a large field of applicants auditioned all over the nation by T. Smith McCorkle, dean of the School of Fine Arts. Before service as a bandsman for the armed forces in Europe, he was a

member of the Civic Symphony Orchestra in Madison, Wis. He also has had special experience conducting dance bands and radio orchestras.

Two others joining the School of Fine Arts faculty are: Leonard M. Logan, III, B.F.A., M.F.A., University of Oklahoma, Norman; and Daniel A. McAninch, B.M., M.M., Eastman School of Music, Rochester, N. Y.

At present Mr. Logan is a graduate art assistant at the University of Oklahoma.

Dr. Richardson Named as Dean Has Responsibility of Handling Virtually All Student Affairs

Dr. Thomas F. Richardson, director of student personnel and head of the psychology department at T. C. U., has been appointed dean of students, effective Sept. 1, President M. E.

W, X, Y, Z HEAPS NOT JUST JUNK

The T. C. U. "junk heaps" under and around Barracks W, X, Y and Z are not junk after all.

They contain material worth about \$500, according to L. L. Dees, superintendent of buildings. The beds and ends of pipe and other metal objects are left-overs from the temporary buildings on the campus.

Items are still being used from the piles, says Dees, and will continue to be used until the heaps are gone.

Sadler announced yesterday. The position is new in the T. C. U. administrative organization. It was created to give administrative status to the student personnel program which Dr. Richardson has been building since joining the T. C. U. faculty in 1943. As dean of students, Dr. Richardson will be responsible for all student personnel activities and will report directly to President Sadler.

"This appointment is the culmination of a six-year program of developing a student personnel program at T. C. U.," President Sadler said. "The move will greatly strengthen the program by giving

Is Your Name Missing?

Hutton Releases Tentative Graduate List

More masters' degrees will be bestowed Aug. 28 than at any other commencement in T. C. U.'s history, according to a tentative list of degree candidates released this week by S. W. Hutton, registrar.

The class also looms as the second largest graduating group—either spring or summer—in the history of the school.

The August class, conditionally numbering 365 persons, will cost

T. C. U.'s 1949 graduates total to 895—the largest in any calendar year since the University's founding in 1873.

Of the 365 degrees scheduled to be given, 77 are masters, 12 are bachelors of divinity and 276 are either B. S. or B. A.

The 77 masters' degree candidates will outnumber June '49 masters' degree holders by 28; the

June '48 group by 37; and the August '48 group by 30.

A student who feels that his name should be added to or dropped from the list should check with the registrar immediately, Mr. Hutton advises.

The 276 candidates for bachelor of arts or science degrees are:

Mrs. Betty Jane Ables, Mrs. Florence P. Allen, David M. Anderson, Guy R. • See CANDIDATES, Page 3

Training of Veterans Points to Efficiency

(From Tuesday's Dallas Morning News)

Results in the last five years have shown the wisdom of Congress in giving educational opportunity a major role in its help for veterans of the recent war. Already this training program has taken a bite of seven billion dollars from the taxpayers' pocket. But, in general, the educational benefits for veterans have been less wasteful than most of the others offered. This has been especially true since the cracking down on racketeers who set up phony schools to grab government and GI money and since the elimination of such dubious kinds of training as that in dancing and cocktail mixing.

Many of the younger veterans merely resumed schooling that the war had broken off. But others went back after a long interval for training they might have missed except for federal help. A few, mainly in the early days after the war, regarded the benefit checks as a pension, loafed on the campus and soon flunked out. But most of the veterans have taken their studies seriously and have tried to prepare themselves for better jobs than they otherwise might obtain. Some have earned high scholastic honors.

Incidentally, the GI program has been a boon to the colleges and universities, many of which were almost deserted by young men during the war. It has boosted their enrollment 70 per cent above the prewar level. The crest is now past, but seven years will elapse before the last GI receives his final educational payment. The training given will be reflected in worker efficiency for several decades. Even the hard-pressed taxpayer has no cause to regret this help given to those who risked their lives for their country.

Reading Legs

What will be the next revolutionary change in the conventional college curriculum?

Alberto Varga, artist and creator of feminine pulchritude in the form of the "Varga Girl," offers an answer:

It's legistry—leg reading. Yep, leg reading.

"A girl's legs," says Varga, "are the truest key to character and for revealing the traits which shape her destiny." He believes the secret of a girl's character and personality lies in the contour of her limbs.

This "discovery" of Varga's, if held valid, may revolutionize the study of psychology. Think of it! Textbooks filled with cheese-cake-type pictures. Class and laboratory "reading" of real, sure-nuff cheesecake-type gams.

Literally, psychology would be a model course.

Men students would attend class meetings with unprecedented regularity. And—can you imagine a guy not "reading" his homework?

"We can never be sure that the opinion we are endeavoring to stifle is a false opinion; and even if we were sure, stifling it would be an evil still."

John Stuart Mill

C of C's \$50 Starts Fund for New Lounge

A fund to establish a student lounge in the proposed School of Business building has been launched, Dr. Ellis M. Sowell, dean of the School of Business, announces.

The initial contribution was made by the T.C.U. Chamber of Commerce at the end of the spring semester. Jack McCarter Jr., B. S. '49 and the past year's chamber president, presented a \$50 check to President M. E. Sadler.

"The chamber wants to have a part in building a better School of Business," McCarter said.

'Burchbark' at Liberty

Walter E. Burch, B. A. '49, has been placed as editor of the Liberty Vindicator in Liberty, announces Paul O. Ridings, head of the journalism department. Burch was the Skiff spring sports editor and author of the column, "Burchbark."

The Skiff will print any letter to the Editor which meets the following qualifications: (1) it must be signed, although the writer's name will be withheld if he so desires. (2) it must be of general student interest. (3) it should be of reasonable length, preferably no more than 250 words. The Skiff reserves the right to edit letters to meet space requirements.

'Badly Bent' Agrees

Editor The Skiff:

How about re-printing the Skiff editorial—"The Fender Bender"—from your Friday (June 24) issue? And please re-print it every week until the "powers-that-be" at T. C. U. take some action to solve the problems that result from any attempt (save those made between midnight and dawn) to navigate the traffic (jam) circle back of the Administration Building.

It would appear that there is plenty of space available so that an adequate two-way drive could have been built instead of our concrete path that would be an insult to a good bicycle course. But since our cement sidewalk for cars is something that we must now live with, the least that could be done, it seems to me, is to follow The Skiff's editorial suggestion that the drive be made a "one-way" circle.

How about it, whoever has the authority to take such action? Is T. C. U. in league with the fender repair shops of Fort Worth (yup, that's right, I got one badly bent meeting another car on the circle this week, and that is why I'm mad)? What is holding up a move that every motorist on the Hill would regard as a progressive step?

Badly Bent

purple personals

RIGHT SHOE LEFT, LEFT RETURNED: The idea of having two left feet never before appealed to MISS JO ANN BRENNER, San Antonio sophomore, but she has decided it might be economical.

At the close of the spring semester, one of Miss Brenner's shoes—a right one—was being repaired in a local shoe shop. It wasn't quite ready when home-going time came, so the proprietor promised to mail the shoe to Miss Brenner.

But something happened. The shoe received wasn't the right one. In fact it was a left one—of the same size and style.

Now Miss Brenner spends a good part of her time worrying about some other young lady who's wondering what to do with two right shoes, one of which is wrong.

PHILOSOPHER SHORTAGE: Aristotle and Plato may be resting a bit uneasily in their graves these days—and with just cause.

The philosophers' heyday seems to be ending. CORTELL K. HOLSAPPLE, head of the philosophy department, says only one student is scheduled to receive a degree in philosophy this August.

The lone "thinker" is the newly-elected chief justice of the Student Court, TOMMY HANNA, Fort Worth senior.

SLEEPY HEAD: Sleeplessness and other people's troubles constitute much of the out-of-school life of EUGENE HEAD, Cleburne senior.

Working for a Cleburne mortuary daily from 3 p. m. to 7 a. m., Head answers emergency ambulance calls and helps conduct funerals. Alternate Sundays are his only days off.

Many a night's slumbering, grieves Head, is disturbed by the insistent ring of the telephone bell. One night last week, a suicide and a murder dragged Head's head from his pillow.

Head, who plans to be graduated in August, was principal of schools in Rio Vista last year.

1-Way Drive Is Proposed

'Labor' Report Also Heard by Congress

A plan to institute one-way driving around the traffic circle west of the Administration Building was among matters considered by the Student Congress at its meeting this week.

Included in the plan, presented by Bill Rea, Hamilton senior chairman of the student welfare committee, is a proposal to make parking behind Tom Brown and Foster halls diagonal instead of head-in. The purpose, said Rea, is to minimize "fender-bending." Rea stated that the Administration is sympathetic to the plan, but that nothing is definite as yet.

Louis Crittenden, Dallas sophomore, gave a report as chairman of the special committee investigating student employment. He said that the committee believed after studying the problem, the present employment facilities were adequate.

Thorp Andrews, Fort Worth sophomore, reiterated his stand that there are definite grievances—that high school students are being hired for campus jobs wanted by T. C. U. students. Congress voted to consider the matter further.

Vice-president Mike Saenz, Leado senior and chairman of the finance committee, issued a statement of general funds which showed a balance of \$783.46 after appropriations of \$405. The permanent improvement fund, from which \$500 was taken for the student petty loan fund, now totals \$526.60.

Harry Tucker, Fort Worth senior, was appointed by President Dee Kelly, Bonham senior, to fill the treasurer post left vacant by the resignation of Pierre Robert Brenham senior.

Hubert Eoff 'Proud Papa'

Mr. and Mrs. Hubert Eoff have announced the birth of a daughter, Linda Elizabeth, June 1, Eoff, Comanche senior, is a T. C. U. letterman, having played tackle on the 1948 football team. Mr. Eoff is the former Miss Jenn Friedel.

T. C. U. Plans 'Opera-shop'

Course to Serve As Local Training Center

Karl Kritz, an assistant conductor of the Metropolitan Opera Company, has been engaged jointly by T.C.U. and the Fort Worth Opera Association to produce opera in Fort Worth. He will also conduct a university opera workshop for the 1949-50 season.

The T.C.U. workshop is designed to train talent for the opera association and to build a professional training course at T.C.U. It will have three basic classes. A coaching class for singers, a class in opera chorus, and a teaching course in orchestration.

Mr. Kritz will begin work on the university workshop when the fall semester opens.

Mr. Kritz is a chorus master, concert pianist, accompanist and organist. At present he is conducting light opera in Pittsburgh and is also a director of the San Francisco Opera Company.

Past accomplishments of Mr. Kritz include work in Europe and the United States as assistant conductor and chorus master. He has also made concert tours with James Melton, Rose Bampton, Jessica Dragonette, and others.

Work Starts On Annual

Photographer's 'Birdie' May 'Fly' to Campus

Annual pictures will be made on the campus for the first time in the Horned Frogs' history—if the photography specifications, as outlined by the new editor and business manager, are realized.

Detailed plans for the taking of individual portraits have been drawn up and released for proposals. Five photographers have been asked to submit estimates. Other photographers interested may contact Mrs. Marilyn Lynch, Fort Worth junior, business manager, for proposal forms.

Contracts will be let by the publications committee as soon as possible after proposals are in.

Miss Billie Marie Meyers, Fort Worth junior and editor, and Mrs. Lynch had their first official meeting with Prof. Paul O. Ridings, faculty adviser, last week to begin work on next year's annual.

Miss Meyers is now outlining a dummy for the book. Such work is preparatory to letting the engraving contract.

Herpetologist Club Hears National Meeting Report

A summary of the proceedings of the American Society of Ichthyologists and Herpetologists national meeting was given by Dr. John Forsyth, associate professor of biology, at the Herpetology Club meeting Thursday night in the basement of Clark Hall.

At the convention, held in Washington, D. C., June 18 to 21, Dr. Forsyth presented one of the 25 papers read before the conference. His report was on reptile conditions on the Edwards Ranch in Tarrant County.

Kilman to Have Operation

Harold Kilman, Shamrock junior and T. C. U. letterman, will undergo surgery next week to have a blood clot removed from his leg. When the old football injury began bothering Kilman, he was forced to cancel a scheduled boxing match for last Tuesday with Don Thompson of Odessa.

150 Expected to Register July 8 For Yale Institute Summer School

Approximately 150 persons will register for the Yale Institute of Alcoholic Studies Summer School July 8.

Students who have applied in advance include ministers, priests, rabbis, social workers, brewers and distillers. A representative from Egypt's Department of Interior will attend, and Alabama will send 18 teachers.

Several applications were received from Negroes, but they were rejected because of the lack of near-the-campus eating places for colored persons.

Men attending the school will be housed in Foster Hall, and

the women will live in Jarvis.

Lecturers, besides Dr. E. M. Jellinek, dean of the Yale Institute and director of the school, will include five University faculty members. They are: Dr. Cortell K. Holsapple, dean of the Evening College; Prof. Noel E. Keith, assistant to the president; Prof. C. Stanley Clifton, assistant professor of sociology; Prof. Paul O. Ridings, head of the journalism department, and Dr. William L. Reed, associate professor of religion.

Other registrants will be specialists in psychology, sociology and physiology.

The 12 candidates for bachelor of divinity degrees are:

Hugh Baker, Earl Bissex, J. B. Blunk, J. C. Bradshaw, E. H. Brimberry, Russell Cooney, Howard Detweiler, Rodney Blasecock, O. L. Hargis, Harry Purviance, LeRoy Riley and Claude Snowden.

Ex-Frog becomes Cat, and he may become a Dodger—but he will have to go to Cairo . . . Illinois, that is, to do it.

William Odin Bronstad, ex-Frog baseballer from Fort Worth and known to teammates as "Broomstick," inked a contract with the Fort Worth baseball club Tuesday.

Bronstad will be optioned to the Cairo, Ill., Class D club of the Kitty League.

For the '49 Frogs, Bronstad played center field and batted .237 for the season, hitting safely 14 times in 59 trips to the plate. He hit two triples and one home run while knocking in seven runs. He ranked fourth as a Frog hitter.

Bronstad had two years' eligibility left at T. C. U.

Hanna Made Chief Justice

139 Ballots Are Cast In Monday's Election

Tommy Hanna, Fort Worth senior, was elected chief justice of the summer Student Court; four other judges were chosen from a field of ten candidates, and two Student Congress posts were filled Monday in a special election in which 139 ballots were cast.

Hanna was high man in the court race with 117 votes, automatically becoming chief justice.

Other judges elected were: Miss Camille ("Penny") Pennington, Benton, Ark., senior, with 90 votes; Bill Marshall, Fort Worth senior, with 86; George Wilde, Graham senior, with 85, and James Vaughn, Fort Worth senior, with 72.

In other election races, Theron Oxley of Fort Worth edged M. H. Tiner of Sugarland for sophomore class president by a 12-11 vote, and Ralph Stinson, Fort Worth, defeated Miss Helen Billingsley, Fort Worth, in the freshman class representative race by 7-4.

Oxley and Stinson were sworn in Tuesday night at the congress meeting.

'Publicizing Fiesta-cade' To Be Press Club Topic

Behind-the-scenes information on publicizing the Fiesta-cade, Fort Worth's centennial show, will be given to members of the J. Willard Ridings Press Club at 8 p. m. Thursday.

Guy Witherspoon, whose firm is handling publicity for the show, will speak to the group. Refreshments will be served after the meeting at 2561 Wabash, announces Mrs. Marilyn Lynch, club president and Fort Worth junior.

McCorkle Will Conduct Music Camp Orchestra

Dr. T. Smith McCorkle, dean of the School of Fine Arts and conductor of the University Symphony Orchestra, will conduct the Transylvania Music Camp Orchestra in its annual concert July 10 in Brevard, N. C.

Approximately 60 leading musicians are on the camp faculty, of which Dean McCorkle is a part. These persons are from music schools over the country—including Eastman, Oberlin, Juilliard and Curtis—and from symphony orchestras of Philadelphia, Dallas, New Orleans and other cities.

Dean McCorkle will spend next week at the camp in rehearsals. He plans to visit the University of North Carolina, where he taught before coming to T. C. U.

Alumnus Jean Hill Given Scholarship to Juilliard

Miss Betty Jean Hill, B. A. '49, has been given a scholarship to the Juilliard School of Music in New York City by Harry Hendel, conductor of the Dallas Symphony.

Miss Hill will attend a six-weeks term at the school starting July 5. She will join the Dallas Symphony this fall.

A violinist, Miss Hill was a member of the T. C. U. Symphony Orchestra for four years.

She is now vacationing at her Spearman home.

Alumnus Barratt Named Evening College Teacher

Ernest S. Barratt, M. A. '49, has been named temporary instructor of psychology in the Evening College, announces Cortell K. Holsapple, dean of the Evening College.

Barratt succeeded A. F. Rhea, who resigned because of illness in his family.

11 Marriages, 2 Engagements Fill Bride-Groom List for This Week

Eleven weddings and the announcement of two approaching marriages fill the bride-and-groom list this week.

Miss Ellen Johnson, B. S. '49, became the bride of Ross Berry, ex '47, June 23 at the First Congregational Church. Both are from Fort Worth.

Friday, Miss Betty Doan, Greenville senior, became the bride of Dave Bloxom, B. S. '49 from Houston, in a garden ceremony at the home of the bride's parents. Mrs. Bloxom will be graduate in August.

Also wed Friday were Miss Lee Ora Leavitt, B. S. '49 of Fort Worth, and Donald D. Couch, Fort Worth senior. The rites were read at the Hemphill Presbyterian Church.

Miss Ila Mae Bivens of Springtown became the wife of Ress David Fite, ex '48 of Childress, Friday at the Maddox Avenue Baptist Church.

Miss Margaret Elizabeth Buxton Overmyer of Oak Park, Ill., became the bride of Dr. James O'Neill McBride, B. A. '38 of Fort Worth, last week in Oak Park.

In a Saturday ceremony at St. Ann's Club, Miss Betty Jo Burks and John A. Sherrod, ex '49, were married. The couple is from Fort Worth.

Miss Gloria Mosley and James Douglas Wiley, B. S. '48, of Fort Worth were married Saturday at the University Christian Church.

Vows were exchanged Saturday between Miss Billye Jean Trimble, ex '47, and Sherman Burt, of Fort Worth. President M. E. Sadler read the ceremony at the home of the bride's parents.

The marriage of Miss Teddy Jeannine Adcock of Irving and Lynn C. Gardner, Fort Worth senior, was solemnized Saturday at St. Luke's Catholic Church in Irving. Gardner will receive his degree in August.

Miss Mabel Bell of Gresham became the bride of Thomas Stewart, ex '49 of Tyler, recently in Tyler.

Miss Christine Bonnielle Johnson, ex '45, of Long Beach, Calif., was married to William Wilson Hargus of Marathon Tuesday at St. Mary's Catholic Church.

The engagement of Miss Doris Elaine Lewis of Fort Worth to Jack S. Chance, ex '48 from Azle, was announced this week by her parents. The wedding will be

Aug. 4 at the Riverside Church of Christ.

Miss Virginia Beggs Anderson, ex '49, will be married to Charles Simons Aug. 6 in the garden at River Crest Country Club. Both are from Fort Worth.

Graduate Awarded Boston Scholarship

Miss Ruth Ann McLendon, B.A. '49, has been awarded a Jean Anne Crawford scholarship for study in Boston next year at the Fletcher School of Law and Diplomacy.

The scholarship, provided by Dr. and Mrs. Ivan C. Crawford of the University of Michigan, is to encourage young women to pursue courses in international affairs.

Miss McLendon, a Fort Worth, was graduated with honors from Polytechnic High School and majored in English at T.C.U. She was a member of Alpha Chi, United World Federalists, Pi Gamma Mu, Sigma Tau Delta and W. S. A. During 1947-48 she was an undergraduate assistant in English.

LOUNGE

Continued from Page 1

Eighty-six of the 100 interviewed indicated that they used the lounge and fountain. However, answers to the third and fourth questions of the survey, "How often do you use the lounge" and "How often do you make fountain purchases?" were so varied, they defied further tabulation.

Fifty per cent of those who expressed no interest in the lounge in reply to the first question admitted in answering the final questions that they did use the lounge and made occasional purchases.

Charles Beseda, Van Alstyne senior, summed up what seemed to be the general attitude when he said, "The lounge means much to me. It is a definite asset to the school. The fountain is a convenience to use and a good thing to have. Students should patronize the lounge and fountain."

To insure a better cross-section of opinion in the poll, The Skiff made 40 of its interviews with students whose curricular activities are confined primarily to the east campus, with the others "catch-as-catch-can."

RICHARDSON

Continued from Page 1

ing student affairs administrative status."

Dr. Richardson will continue as head of the psychology department but will limit his actual teaching to one or two courses.

Specific functions of the new dean will include housing for both men and women, testing and freshman orientation, student counseling, student discipline, extra-curricular activities, student employment, and veterans affairs. Offices and personnel currently handling those activities will continue their functions but will be directed and co-ordinated by Dr. Richardson.

The director of men's dormitories, dean of women, director of testing and orientation, student employment secretary and at least one special counselor will comprise the dean of students' staff. Faculty advisors, the student welfare committee, the committee on student societies, and the faculty committee on student employment will also work under his direction.

Tokyo Graduate Student In Hospital for Treatment

Miss Ayako Obano, graduate student from Tokyo, is in Harris Hospital undergoing treatment. She was taken there Saturday after being in the University infirmary several days.

Working on a B. A. in religious education, Miss Obano plans to return to her home after graduation. She taught in a Tokyo girls' school 12 years prior to coming to T. C. U.

Miss Obano will be in the hospital about a week, Miss Alma McLendon, acting dean of women, states. "She is getting along nicely," the dean says.

'Squares' Plan Weekly Dances

A student and a faculty member were named co-chairmen for the summer square-dancing group Monday night.

Rex Humphreys, Mineola senior, and Dr. Karl Snyder, assistant professor of English, were selected at the meeting behind the Administration Building.

The group, composed of persons who enjoy square-dancing, decided to meet from 7:30 to 9 p. m. each Monday on the tennis courts. "Next week, however, we will meet Tuesday because of the Monday holiday," Dr. Snyder states.

Beginners, as well as advanced square-dancers, and faculty members, as well as students, are invited to participate in the sessions, Dr. Snyder says.

FUND

Continued from Page 1

of men's dormitories and Dr. Hammond, who is congress sponsor, are also on the committee.

Any full-time student may get a "general" loan of \$10 with the approval of any one of the administrative members of the committee. "Emergency" or "greater need" loans will require the approval of all three members.

Students will have 30 days in which to repay loans, and an interest rate of 10 cents will be charged. Hours and grade points will be withheld in case of non-payment of notes.

During the past year, 25 non-cash loans were granted by the student tuition loan fund. They totalled \$2,199, the largest being \$210. The smallest loan was \$20, the average \$88. Of the total, \$825 has been repaid, and none of the loans is past due.
