VOLUME 51

No. 24

## Spring Election Is April 13, 14

Filing for places on the spring election ballot will begin Monday and continue until 5 p.m. Wednesday, says Miss Frances Nowotny, chairman of congress' elections committee.

The election will be held April 13 and 14.

Twenty-three student offices—president and vice-president of the Student Association, editors of the *Horned Frog* and *The Skiff*, cheerleaders and 14 congressmen—will be filled in the campus-wide election.

Also on the ballot will be finalists in the TCU Sweetheart race. Primaries this month narrowed to five the number of candidates for that position.

Miss Nowotny describes the correct procedure for students to follow in filing for candidacy as follows:

- 1) Pick up application forms at the Student Congress office in the Study Lounge.
- 2) Fill in the blanks completely after finding out correct grade-point average from the Registrar's Office.

3) File application at the congress office before 5 p.m. Wednesday.

Candidates will draw for positions on the ballot at 5 p.m. Wednesday in the congress office.

Congress has not decided yet whether there will be five or six cheerleaders next year, Miss Nowotny said. Last fall several congressmen were in favor of limiting the number to five.

Two congressmen each from the junior and senior classes and from the Schools of Business, Education, Fine Arts, Nursing and Arts and Sciences will be elected this spring.

Freshman and Sophomore representatives and lower class representatives will be picked next fall, according to the Student Association constitution.

Candidates for president and vice-president of the student body must have 1.5 grade point averages.

All other candidates must have averages of at least 1.0.

Presidential candidates should have completed 73 semester hours of work and aspirants for the office of vice-president must have completed 44.

(See SPRING ELECTION, p. 8)

## Lecture Set-Up To Be Changed

The lectures and concerts committee will not function next year as it has in the past, announced Amos W. Melton, co-chairman of the committee, this week.

Mr. Melton said the organization probably will be disbanded "because it has not achieved its original purpose." This opinion was voiced by Dr. M. E. Sadler, president of TCU, in a letter to Mr. Melton discussing the proposed abandonment.

"The idea will not be given up though," Mr. Melton said. "We'll still try to get good speakers or performers for the students. Possibly we'll try to get just one or two really exceptional people for the whole year."

The joint student-faculty committee was headed by Dr. Ellis Chunn until his resignation early this semester.

## Writing Entries Are Due April 11

Entries for the annual Creative Writing Day contests must be in the English office by April 11, Miss Mabel Major, associate professor of English has announced.

Awards for the winning entries will be made in an assembly April 15. Separate contests are open to upperclasses and freshmen in several divisions.

Further information may be obtained from Miss Major or the English department office.

## Travel, Golf, Fishing, Study, Loafing, Field Trips Included in Easter Holiday Plans of TCU Students

To one person the serenity of Honey Grove is perfection. Others feel Easter holidays will be better spent elsewhere.

Easter holidays mean time to study, golf, fish—or just be plain lazy.

Paperwork permitting, Capt. Harvey L. Dockery, air force instructor, will go to Honey Grove.

"That's my old home town," he explains.

"Viva La Mexico!" Don Duke, Hillsboro sophomore, says. "Juarez, here I come!"

William M. Rainwater, Fort Worth senior, "imagines" he will be recuperating from a wedding—his.

A meeting of the Southwestern Social Science Association will keep Dr. H. R. Mundhenke, economics department chairman, busy. Dr. Mundhenke is president of the association. Several other faculty members are expected to attend the meeting.

Ginny Godwin, Warren, Ark., sophomore, will explore a Texas ranch at Abilene.

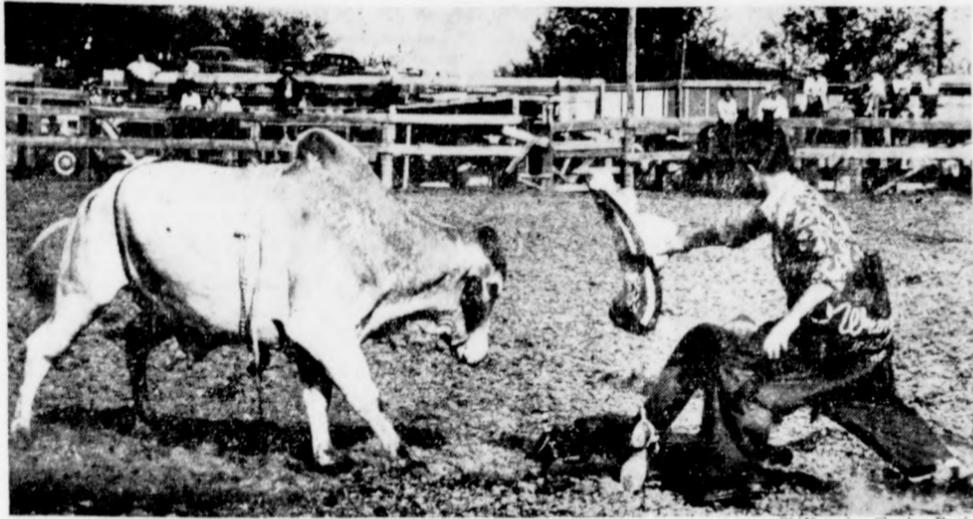

A sunny island off the coast of Corpus Christi will become vacation grounds for Prof. Lorraine Sherley and nine students: Joyce Rogers, Ronald Dieb, Ellis Amburn, Pat Whelan, Mary Morrison, Bob Sweeney, Jacquelyn Case, Jimmy Livingston and J. E. McDaniel.

Traveling in an "extra-large" station wagon, the group will spend a day in San Antonio studying architecture in that area.

Also visiting the Corpus Christi area will be 30 biology-geology students on an annual marine field trip.

An eight-car caravan will leave at noon Thursday. Friday morning the Texas State Fish and Game Commission will take the group on a boat trip for trawling animal life in Aransas Bay.

Dr. and Mrs. Willis G. Hewatt

## A 'Bulls'-Eye View

This bull at the Ranch Week rodeo is ready and he is aiming—at a point which his unidentified ex-rider lost no time removing from the scene. The clown is performing his most valuable duty, distracting the bull's attention from an indisposed cowboy.

## 600 Attend Ranch Week Rodeo; Humphrey Is All-Around Cowboy

If participation is any indication, then Ranch Week '53 was a success. Students flocked to all events.

The three-day week was officially kicked off with a Ranch Week review, a two-hour, 10-act variety show attended by 300 persons.

Sponsored by the Chamber of Commerce and produced by Charles Cobden, the show featured singers Miss Mary Sue Stramler, Abe Rodriguez and the "Frog Men."

Miss Gloria Martin danced and Misses Minnie Lampson and Lanelle Tankersly went through some hilarious record routines.

Music for an after-show dance was furnished by Bob Steele and his orchestra.

Considerable diplomatic embarrassment was caused Friday morning when the Arkansas representative was jailed by mistake. She was released, however, and Dr. Comer Clay was thrown in on "general principles."

Friday afternoon a faculty men's softball team, fired by the brilliant strategy of Dean Ellis M. Sowell, won over a girls' team 19½-9.

The girls made considerable protests about "lousy" decisions against them. They were especially sore about Dean Sowell's making a home-run by running the bases in reverse order.

A carnival highlighted Friday evening's activities.

The carnival was replete with candied apples, fortune telling, clowns and sideshows. Most spectacular booth was a "baseball-dip."

Pat Whelan and Darrell Simmonds took turns plunging into a tank of water—until the canvas tank broke and flooded out a Stu-

dent Congress saloon, located in a tent next door.

Saturday morning saw about 400 persons gathered on the quadrangle for contests.

Spattered spectators agreed that Bill Young, Fort Worth freshman, spat the longest to take tobacco spitting honor. Two-gulp Young also won a pie-eating contest.

Only other two-event winner was agile-fingered Bob McCathren, Breckenridge sophomore. He won cigaret rolling and teamed up with Jack Freeman, White Deer freshman, to win a two-legged race.

Robert Zotz, Cameron senior, puffed his way to a cigar-smoking victory.

Highlight of the contests was an egg-tossing event. When the egg-batter was cleared away, John Swaim, Jean sophomore, and Ronald Dublin, Artesia, N. M. junior, emerged in a tie with David Easterling, Fort Worth senior, and C. V. Dopson, Bastrop, La., junior.

More than 600 persons saw the Ranch Week rodeo.

Two first places and a third place in ribbon roping won and

"all-around cowboy" title for Ken Humphrey, San Angelo freshman.

Rodeo winners were: Bareback—Jack Bridges, Glen Rose junior; Calf roping—Humphrey (16.9); Bell calf—Art Hoera, Fort Worth junior; Ribbon roping—Claude Roach, Fort Worth sophomore (16.4); Barrels—Miss Gene McCathren, Saratoga, Ark., sophomore; and Bulls—Humphrey.

About 150 tired persons showed up for the Saturday dance. Music was furnished by the "TV trio" and light was courtesy of a WBAP-TV news cameraman.

Contest and rodeo winners were presented with prizes. A gift from the Chamber of Commerce was presented to the Ranch Week Foreman and Queen.

Representatives from SMU, Texas, Baylor, Arlington State, Arkansas, Rice and NTSC decided that Buck Sloan, Fort Worth senior was wearing the best beard.

Best dressed couple was cowboy James "Christmas" Barber, Midland, and cowgirl Miss Dot Traweek, Matador, both seniors.

## TCU Men Will Speak On Social Science

Several TCU faculty members will speak at the annual meeting of the Southwestern Social Science Association at Dallas' Hotel Adolphus next Friday and Saturday.

More than 500 educators from five states will discuss latest developments in the social sciences at the meeting.

Dr. Herbert R. Mundhenke, chairman of the economics department, is president of the association. He will speak at a dinner next Friday night.

Dr. Howard E. Jensen, distinguished professor of sociology, will speak the same night on "Value Judgments in the Social Sciences."

"A Re-study of the Business Curriculum at TCU" will be discussed in a paper presented by Prof. Henry Key, associate professor of business administration.

Dr. A. O. Spain, government department chairman, will preside at a joint history-government section meeting considering Far Eastern policy.

Dr. W. J. Hammond, history department chairman, will participate in a discussion in the history section. Prof. Charles W. Proctor, assistant professor of government, will report on Texas as a factor in the 1952 election.

Dr. Comer Clay is general program chairman. Professors Key and John Wortham are local arrangements committee members.

Dean Ellis M. Sowell is a member of the constitutional amendments committee. Prof. Warren K.

Agee is director of publicity for the convention.

About 15 faculty members and a number of TCU students are expected to attend. The meetings, beginning at 8:30 a.m. Friday and ending at noon Saturday, are open to the public.

Such fields as accounting, agricultural economics, business research, geography, history, government and sociology will be represented.

## Convocation For Easter To Be Today

The last religious convocation of the year will be held at 9 a.m. today in Ed Landreth Auditorium.

An Easter message, "The Meaning of Sacrifice," will be given by Don Baugh, Brite College junior.

The University Choral Club will give a 30-minute program of choral numbers and solos.

All classes are dismissed for the service, to be presided over by Roy Rutherford, Brite College senior.

The prelude and postlude will be furnished by Emmet Smith, instructor in organ.

Dick Russell, Texarkana sophomore, is in charge of arrangements.

Easter holidays will begin at 10 p.m. Thursday and classes will resume at 8 a.m. Tuesday, April 7.

# 13 Faculty Members Receive Promotions

Promotion of 13 faculty members, authorized by the Board of Trustees last Friday, will be effective Sept. 1.

A "normal budget" of \$2,500,000 for next year was approved at the meeting.

The following faculty members received promotions in rank:

- 1) Dr. Willis G. Hewatt, from professor of biology to chairman of the biology-geology department.
- 2) Dr. Leo Hendricks, from associate professor to professor of geology.
- 3) Dr. E. C. Polk, from assistant professor to associate professor of English.
- 4) Dr. William G. Stryker, from assistant professor to associate professor of English.
- 5) Dr. Bita May Hall, from assistant professor to associate professor of French and Spanish.
- 6) Dr. Merrill Rippey, from assistant professor to associate professor of history.
- 7) Dr. H. M. Moseley, from assistant professor to associate professor of physics.
- 8) John L. Wortham, from assistant professor to associate professor of economics.
- 9) C. J. Firkins, from instructor to assistant professor of psychology.
- 10) Dr. Ralph Guenther, from associate to full professor of flute and theory.
- 11) S. Walker James, from instructor to assistant professor of speech-drama-radio.
- 12) Dr. Leslie P. Evans, from associate to full professor of education.
- 13) Dr. Margaret Rouse, from

## April 1 Set As Deadline For Annual

Wednesday, April 1, is the copy and picture deadline for the 1953 Horned Frog, Annual Editor Kent Henderson announced this week. "We're shooting for May 20 as the date of distribution," Henderson said.

The annual yearbook banquet will be held the evening before distribution starts. At the dinner, the theme, the dedicatee, and "Good People" and "Unsung Hero" awards will be presented.

This year's book will have a padded cover, Henderson added, and will contain 344 pages, just 24 fewer than the 1950 annual, the largest ever produced at TCU. Last year's edition contained 304 pages.

The annual will be distributed from Building 5. Acting Business Manager Jim Hatley, Phillips senior, will supervise.

**For Dependable Service . . .**  
**BERRY STREET SHOE REPAIR**

**FOX BARBER SHOP**  
 JUST AROUND THE CORNER FROM UNIVERSITY DRIVE AND BERRY STREET

The following 12 faculty members were placed on permanent tenure:

Dr. Corrie W. Allen, professor of education; Dr. E. L. Pross, professor of speech-drama; Dr. Hendricks; Dr. E. R. Alexander, associate professor of chemistry; Dr. L. M. Cecil, associate professor of English.  
 Dr. John H. Hammond, associate professor of Spanish; Dr. Irene Huber, professor of German; Dr. Comer Clay, associate professor of government; Dr. Martine Emert, associate professor of geography; Dr. Landon A. Colquitt, associate professor of mathematics; Dr. Robert H. Talbert, professor of sociology; and Dr. A. T. DeGroot, professor of church history.

## Ancient Pottery From Palestine On Display Here

Biblical times are made to seem a present reality by the archaeological exhibit in the Library.

A "juglet" dated about 3000 B.C. antedates a bowl-fragment of 100 A.D.

The pieces are part of a collection of 59 objects presented to TCU by the 1952 senior class of Brite College of the Bible, and this is their first showing here.

Dr. William L. Reed purchased the collection from the Palestine Archaeological Museum in Jerusalem, while director of The American School of Oriental Research from September 1951 to May 1952.

Correlated with the exhibit, there is a table of archaeological reading material, both technical and non-technical.

One quarterly, "The Biblical Archaeologist" for February 1953, contains an article by Dr. Reed on the latest exploration news in Jordan. It was co-authored with C. Lankester Harding of the Jordan government's department of antiquities.

To give an insight into the land in which items in the collection were excavated, a National Geographic Magazine is open to article entitled "Hashemite Jordan, Arab Heartland."

## 500 Cadets Due At Ball Tonight

More than 500 ROTC cadets are polishing brass in preparation for the second annual military ball tonight at the New Casino.

The formal dance will swing into action to the music of Curley Broiles and his orchestra at 9 p.m. Clyde J. Moore, San Angelo junior, will be master of ceremonies.

Announcement and presentation of the 1953 Air ROTC Sweetheart will be a featured event. Transportation Corps Sweetheart, elected earlier this year also will be presented.

Three girls from the nine nominees have been selected for Air Force honorary positions.

Military professors and representatives from other colleges and universities have been invited.

## Mrs. M. E. Sadler Undergoes Surgery

Mrs. M. E. Sadler underwent a four-hour operation last Friday at Harris Hospital.

Hospital authorities said yesterday her condition is fair.

She is expected to return home in about a week.

## Buck Sloan Accuses Congressmen Of Ranch Week Irresponsibility

Buck Sloan, Fort Worth senior, stood before Student Congress Monday, stroked his Ranch Week beard and released a firm but polite tirade against the congressmen.

When he finished, Ren Kent, presiding officer, answered the former Ranch Week foreman's charges.

Sloan criticized what he termed the legislators' "irresponsible" management of the bus to Saturday's rodeo and the "inconsiderate" treatment of women representing seven other schools in Ranch Week activities.

There would not have been a bus, Sloan said, if he had not ordered it himself. Congress voted to charter the bus but failed to appoint someone to arrange for it.

"No one was even there to take up the money," the indignant Sloan advised. "I searched around for someone to collect the 15-cent fare I heard you set and finally got Carol Bailey to do it."

## Art Chair Still Vacant; New Librarian Due Aug. 1

Dr. T. Smith McCorkle, dean of the School of Fine Arts, is now interviewing applicants for the position of chairman of the art department.

Prof. S. P. Ziegler was retired as chairman last Friday at a spring meeting of the Board of Trustees.

Claud G. Sparks, a member of the reference department staff at the University of Illinois Library, will replace Mrs. J. E. Mothershead as librarian here Sept. 1.

Dr. Willis G. Hewatt, professor of biology, also was named at the board meeting as new chairman of the biology-geology department, replacing Dr. Will McClain Winton, who was relieved of the chairmanship at his own request.

Sparks, who will arrive Aug. 1, received his Master of Arts degree here in 1949. He was graduated from East Texas State Teachers College in 1943 with a B.S. degree.

Dr. Winton had been chairman of the biology-geology department here since 1913. Dr. Hewatt, the new chairman, was one of Dr.

## Recitals Scheduled For Three Students

Three student recitals are scheduled for presentation at 8:15 p.m. Monday and Tuesday in the Little Theater.

Miss Carolyn Kay Hartman, a first-year piano student from Fort Worth, will be presented in the Monday recital, playing compositions by Bach, Mozart, Schumann, Brahms, Chopin and Lindoff-Soloti.

Tuesday's program will be a joint piano and voice recital.

Miss Betty Grimes, Mineola senior, will sing selections from Denaudy, Pergolesi, Rosa, Horn, Schubert, Loewe, Rubinstein, Head, Elgar, Watts and Beach.

Lloyd Scurlock, Fort Worth sophomore, will share the program with Miss Grimes, playing compositions for piano by Chopin, Scriabine and Debussy.

Describing congress' method of inviting cowgirls from other colleges and universities, Sloan said: "A fine way to treat those folks!"

His chief criticism was that correspondence before Ranch Week had not let the visiting women know about what kind of a hostess would meet them, whether or not an escort would be provided or what they would be expected to do here. Several women had to buy or borrow western clothes after they

arrived, he claimed. Sloan was certain TWC was not even invited.

"TWC was invited," replied the student body president. "Now the letter might have been misrouted after it reached their campus, but I know it was sent."

"But we didn't charter a bus," Kent said. "That was an oversight on our part."

Congressmen agreed that letters of invitation sent out next year should be mailed several weeks earlier and should be more informational.

### Three Speech Correctionists Teach Patients to Talk Again

The current work of three TCU speech correctionists with a number of patients at the United States Public Health Service Hospital has been called "miraculous" by John Watson, the hospital's educational supervisor.

Two aphasic patients who had been totally without speech for six years were speaking several common phrases after their first two-hour session recently with Mrs. Dorothy Bell, director of the speech clinic here, and two of her students, Misses Glenna Wilson,

Nocona senior, and Iris Tolver, San Angelo sophomore.

Each week the men learn to speak a few more phrases. They were merchant seamen who suffered injuries during World War II that resulted in damage to areas of the brain.

"For the first time in six years these men are interested in living, and their anticipation of the weekly clinical period is almost pathetic to observe," Watson said.

"The services of Mrs. Bell and her students in helping many other patients here to overcome voice and diction difficulties are invaluable."

### Campus Chest Collects \$1851

The 1953 Campus Chest Drive collected a total of \$1851, treasurer Melvin Shupp, San Antonio senior, announced Wednesday.

Seven hundred twenty-five dollars of the total has already been pledged for the Campus Chest Foreign Student Scholarship, Shupp said. Aristides Charalmpous, of Aegion, Greece, has been named recipient of the 1953 scholarship.

Four hundred forty-three dollars collected at TCU's championship basketball game with the Texas Longhorns has been pledged to the Gonzales Warm Springs Polio Foundation.

The remaining \$683 was divided between the World Student Service Fund and Gonzales.

Final distribution will be \$725 to the Scholarship Fund, \$643 to Gonzales, and \$483 to WSSF, Shupp stated.

### Horton Recovering From Rodeo Injury

Jack Horton, Chamber of Commerce president, is recovering at Harris Hospital from a shoulder injury received in the Ranch Week rodeo.

"Willy Do" did it. That is the horse Horton attempted to ride in the bareback riding event.

He will be hospitalized for about one week.

### 'Stampede Bluff' Viewed by 1244

The recent Little Theater production of John W. Young's "Stampede Bluff" was attended by 1244 students and local patrons, Miss Doris Lavy, theater business manager, announced.

"Attendance was not as good as it has been for the other plays this season," Miss Lavy said.

The last two performances were the only ones that drew full houses.

Both the play and its performance received a favorable notice from John Rosenfield, a Dallas critic.

### Gough Oratorical Contest Open to All Undergraduates

Preliminary rounds for the 40th annual Gough Oratorical Contest, open to all undergraduate students, will be held at 4 p.m. April 22 in the Fine Arts Building.

Eight or nine finalists will be chosen from the preliminaries, depending on the number of participants, Dr. E. L. Pross, professor of speech-drama, said.

Finals will be held at 7:30 p.m. April 30 in the Little Theater.

Prizes to be awarded winners in the contest are: first place, gold cup and \$25; second place, \$15; and third place, \$10.

Dr. Pross said students desiring to participate should contact him in the Fine Arts Building as soon as possible. They need to register for the contest and obtain rules.

The late Dr. Roy H. Gough originated the contest in 1914.

Among past winners have been Dean Jerome Moore, 1923; Charles Proctor, assistant professor of government, 1925; former District Attorney Stewart Hellman, 1928; and the Rev. Granville Walker, 1933.

Winner of last year's award was Gerald Fugit, ex '52.

### New Type Music Program Is Planned by Fine Arts

The School of Fine Arts has planned something new in musical entertainment here.

A program for organ, string ensemble and oboe will be given at 8:15 p.m. April 6 in Ed Landreth Auditorium.

The event will be the first time for such a program to be presented here.

The following program will be given:

"Chorale Prelude for Organ and Oboe" (Krebs)—Mrs. Joan Balajka Painter, organ, and Dan McAninch, oboe.

"Sonatas for Organ and String Ensemble" (Mozart) — Ronald Gray, Miss Patty Coleman and Emmet Smith, organ; and the ensemble: George Studdard, Vernon Hendrix, Misses Sylvia Parker and Jean Majors, violin; Miss Dixie Bennett, cello; and Joe Cleveland, viola.

Trio Sonata in D for Organ and Strings (Corelli)—Mrs. Lee Hen-

richs, organ; and the ensemble. Miss Marylouise Baker, associate professor of theory and violoncello, is directing the ensemble.

### Frogs Vanquish West Pointers In Debate Meet

Paige Mulhollan, Fort Smith, Ark., freshman and Ted Jackson, Fort Worth junior, defeated the touring U.S. Military Academy, West Point, N. Y., debate team Monday in the Little Theater.

Argued was the national intercollegiate debate question, Resolved: That the Congress of the United States Should Enact a Compulsory Fair Employment Practice Law.

Last weekend the debate squad participated in a tournament at Northwestern College, Natchitoches, La. Misses Anne Fowler, Harrison, Ark., freshman and Judy Moritz, San Angelo freshman, advanced to the elimination rounds.

In individual events Mulhollan reached the finals in extemporaneous speaking.

### Dr. Sadler Will Speak At A&M Commencement

President M. E. Sadler has accepted an invitation to give the commencement address at Texas A&M College on May 29.

# Hutton Releases Tentative List Of Spring Degree Candidates

About 337 students will receive degrees at spring commencement. This is a decrease of 82 from last year's total.

A tentative list of candidates for degrees has been released by Registrar S. W. Hutton.

"Any list issued now is tentative and depends upon many completion factors," the registrar said.

Mr. Hutton said that if a name due to be on this list does not appear, the student should call the omission to the attention of the chairman of his department.

Both May and January candidates are listed under the degrees that will be conferred at Commencement May 31.

"All candidates are to appear in person to receive the conferred degrees," said Hutton. "Any student who because of distance, illness or other valid reason cannot be present for Commencement must be cleared ahead of time through the office of Dr. C. Stanley Clifton, director of admissions."

Omission of home town indicates that the candidate is from Fort Worth.

## Miss Sherley's Portrait Being Shown at McLean

A portrait of Miss Lorraine Sherley, associate professor of English, is one of the Dickson Reeder paintings now being exhibited in a one-man show at McLean Junior High School here. It also has been exhibited in the Betty McLean Gallery in Dallas.

Reeder is a Fort Worth painter and stage director.

Two portraits owned by TCU were borrowed for the show. They are "President M. E. Sadler" and "Dean Colby D. Hall."

## Student-Faculty Relations Can Be Improved, States TISA

Student-faculty relations here can be improved, say delegates to the Texas Intercollegiate Student Association convention last week.

Bob Beals, one of five congressmen who attended the meeting on the Rice Institute campus, suggested to congress Monday that a coffee hour for students and faculty members might be a good thing.

"We need some place where we can buddy-buddy around for a while," he said.

C. J. Firkins, dean of men, accompanied the congressmen to Houston.

He said a "Folks' Day" in the fall during which faculty, students and parents could get

together at a giant reception possibly could be worked out. "We ought to be able to manage a get-together before or after one of the football games," the dean said.

While the TISA delegates were talking about student-faculty relations, a similar discussion was going on at the Southwestern Journalism Congress on the University of Houston campus.

A delegate from the host school reported that the president of the University of Houston regularly has a "coffee hour" with students.

Beals also told congress he believed an honor system would work here.

He said he discovered at the TISA convention that a number of Texas schools have successful honor systems.

After a discussion during which several congressmen said they doubted the wisdom of even considering the formation of an honor system here, the matter was dropped.

## Air ROTC Cadets May Go To Camp Near Home Now

Air ROTC cadets have been advised they may spend their four-week training camp period "right near home" this summer.

More than 50 TCU juniors have been virtually assured of camp assignments at one of the 15 participating Air Force bases in Texas by Air ROTC Headquarters in Montgomery, Ala.

The announcement contrasts last year's policy that sent TCU cadets to bases in California, Arizona and Florida.

The change of policy is brought about by the transfer of Air ROTC from the Continental Air Command to the Air University.

Sixty-one Air Force bases over the United States are preparing for the largest camp program in the Air ROTC's history.

All cadets must attend the summer encampment before they receive their reserve commissions.

## Tour Will Offer English 324b Credit

Dr. Troy C. Crenshaw, English department chairman, told a WBAP-TV audience yesterday about his "Literary Pilgrimage" to Europe, a tour from July 13 to Aug. 28.

Appearing on Ann Alden's program, Dr. Crenshaw told of the cities and countries to be visited. Among these tourist havens are Paris, London, Venice and Geneva.

In English classes this week announcement was made that sophomore English 324b was available. Previously only upperclass credit had been offered.

Anyone wishing further details may obtain information from Dr. Crenshaw.

Gene McJunkins Loves Rodeos

# Ranch Week Queen Longs for Cherished Prize; a Buckle

By JIMMY SUGGS

On sultry summer afternoons, when most persons are looking for a cool shade, Miss Gene McJunkins, Ranch Week Queen this year, heals for a dusty rodeo arena. And she loves it.

Gene, who praises her horse Snip the way a teenager would praise a souped-up Ford, started rodeoing when she was a high school sophomore and has been winning prizes ever since.

She laughingly admits that her 18-year-old Buck, a horse she rides only in parades now, won more honors than she did at her first rodeo at Hope, Ark.

"They judged us on our horses and saddles, our own appearance and our western clothes," she says. "My horse and saddle won. I didn't."

One prize she has never won is the prize cherished by all performers, a buckle. Most of her prizes have been cash, she says.

"If I ever win a buckle," she says, "I think I'll just quit."

A Harris College of Nursing student, the Saratoga, Ark., sophomore goes to school the year around.

In a National Intercollegiate Rodeo Association race at Sam Houston State College earlier this year she missed winning a buckle by three-tenths of a second.

Last summer she rode in Rodeo Cowboys' Association rodeos at Denton, Mesquite, West, Streetman and Bowie.

This spring Gene plans to compete in intercollegiate rodeos at Baylor, A&M and Hardin-Simmons. The Hardin-Simmons rodeo will be the National Intercollegiate

Rodeo. April 10 and 11 she will represent TCU at the Manada, SMU's spring festival. Congress picked Gene to attend the festival, SMU's first.

Manada is said to be an Indian word that means "a herd of mustangs."

Snip, named for the "snip of white on his forehead," is Gene's favorite of all horses.

"I wouldn't trade Snip for any other horse," she says. "He'll just run his heart out for you."

Snip is sick now. Gene says she won't attend any other rodeos until he is well.

"If you go and don't rile," she explains, "they don't even know you're there."

"Anyway, it isn't much fun to go to a rodeo and not get to compete in it."

## IF YOU CAN WIN THESE WINGS YOU CAN EARN OVER \$5,000 A YEAR AFTER GRADUATION

### Important facts about the opportunities for YOU as a Commissioned Officer—Pilot or Aircraft Observer—in the United States Air Force

**Must I be a college graduate to take Aviation Cadet Training?**

No. But you must have completed a minimum of 60 semester hours or 90 quarter hours toward a degree. In addition, under the new Aviation Cadet training program, you must be between the ages of 19 and 26½ years, unmarried, and in good physical condition—with high requirements for eyes, ears, heart and teeth.

**How long before I get my commission?**

60 calendar weeks. You will receive the finest aviation training in the world—training that not only equips you to fly modern military aircraft but prepares you for executive and administrative work as well. At the completion of your training, you will have acquired a commission as a 2nd Lieutenant and the coveted silver wings of the United States Air Force.

**Where do I take my training?**

Pre-flight training will be at Lackland Air Force Base, San Antonio, Texas. Primary, basic and advanced training will be taken at any one of the many Air Force bases located throughout the South and Southwest.

**What happens if I flunk the training course?**

Every effort is made to help students whose progress is unsatisfactory. You can expect extra instructions and whatever individual attention you may require. However, if you fail to complete the course as an Aviation Cadet, you will be required to serve a two-year enlistment to fulfill the minimum requirement under Selective Service laws. Veterans who have completed a tour of military service will be discharged upon request if they fail to complete the course.

**What pay do I get as an Aviation Cadet? And after?**

As an Aviation Cadet you draw \$109.20 a month pay. In addition, you get summer and winter uniforms, flight clothes, equipment, food, housing, medical and dental care and insurance . . . all free. After you are commissioned a 2nd Lieutenant you will be earning \$5,300.00 a year—with unlimited opportunities for advancement.

**Are all Aviation Cadets trained to be Pilots?**

No. You can choose between becoming a Pilot or an Aircraft Observer. Men who choose the latter will become commissioned officers in Navigation, Bombardment, Radar Operation, or Aircraft Performance Engineering.

**Do Aircraft Observers get flying training, too?**

Yes. Aircraft Observer Cadets receive approximately 200 hours of "in the air" instructions. The primary phase of Aircraft Observer training is the same for all branches (navigation, bombardment, etc.). The basic and advanced phases of training vary, depending on the specific course you pursue.

**What kind of airplanes will I fly?**

You will fly jets. The Pilot Cadet takes his first instructions in a light, civilian-type plane of approximately 100 horsepower, then graduates to the 600 horsepower T-6 "Texan" before receiving transition training in jets. You then advance gradually until you are flying such famous first-line aircraft as F-86 Sabre, F-89 Scorpion, B-47 Stratojet, B-50 Superfortress. Observer Cadets take flight instructions in the C-47 Dakota, the T-29 Convair, and the TB-50 Superfortress before advancing to first-line aircraft such as the F-89 Scorpion, B-47 Stratojet.

**Will my commission be in the Regular Air Force or Reserve?**

Aviation Cadet graduates, both Pilots and Aircraft Observers, get Reserve commissions as 2nd Lieutenants and become eligible to apply for a regular Air Force Commission when they have completed 18 months of active duty.

**How long must I remain in Service?**

After graduation from the Aviation Cadet Program, you are tendered an indefinite appointment in the United States Air Force Reserve and are called to active duty with the United States Air Force for a period of three years.

**What recreation and leisure time will I have as a Cadet?**

Discipline will be rigid—especially for the first few weeks. However, it is not all work. You'll find swimming pools, handball courts, movies and other forms of recreation on the post.

**Where will I be stationed when I get my commission?**

You may be stationed anywhere in the world . . . Hawaii, Far East, Europe, Puerto Rico, elsewhere. During your tour of duty, you will be in close touch with the latest developments in new flying techniques. You will continue to build up your flying experience and later should have no difficulty securing a CAA commercial pilot or navigator rating.

## Your future is assured if you can qualify! Here's what to do:

- 1 Take a transcript of your college credits and a copy of your birth certificate to your nearest Air Force Base or Recruiting Station. Fill out the application they give you.
- 2 If application is accepted, the Air Force will arrange for you to take a physical examination at government expense.
- 3 Next, you will be given a written and manual aptitude test.
- 4 If you pass your physical and other tests, you will be scheduled for an Aviation Cadet training class. The Selective Service Act allows you a four-month deferment while waiting class assignment.

**WHERE TO GET MORE DETAILS**

# EDITORIAL COMMENT

It's Here To Stay

## Natural Death Or Suicide?

The lectures and concerts committee will be disbanded if current plans are fulfilled. The way everything has been working out this year the demise is not too untimely.

The programs were of limited appeal and poorly attended by both students and faculty. We respect the purpose behind the committee, but better results might have been obtained.

TCU needs some culture past the textbook stage. It seems almost tragic that the School of Fine Arts is practically the only group that is doing anything about it.

Next year a few choice speakers will be scheduled, according to Amos Melton, joint chairman of the committee.

The Skiff hopes such a quality-not-quantity plan works and we hope the quality is something that the students will enjoy as well as benefit from.

## Our Brand of Approval

To President Jack Horton and other members of the Chamber of Commerce, The Skiff expresses congratulations and appreciation for sponsoring and staging of the best Ranch Week program we can remember.

All activities were interesting and well planned and the products evidenced many hours of work on the part of chamber members and others.

We believe, however, that the unusual student attendance and interest which were shown illustrate the excellence of Ranch Week much better than any plaudits The Skiff might extend.

"I think Ranch Week went over better as far as student participation than in any previous year," remarked A. M. Holcembach, assistant to the dean, School of Business. "The carnival was a mainstay in the activities."

Dean Ellis Sowell of the School of Business participated in the various contests and adds, "I had fun—I enjoyed it all!"

Turning to a subject not so pleasant, we remember the administration has stated that Ranch Week was on probation, with its continuance subject to good student conduct.

We believe that conduct this year was decidedly better at all Ranch Week affairs than in previous times.

There was, admittedly, a certain amount of drinking and rowdiness by a few persons. But it is an inescapable fact that there always has—and always will be—some of this unfortunate activity, not only during Ranch Week, but constantly during the school year.

There is a tendency to forget the great majority of students who do cooperate and to point out the small number of persons who cause the controversy and talk of discontinuing Ranch Week.

At this point the Administration comes face to face with the basic issue of the whole situation: Shall the great majority of students who are willing to cooperate be made to suffer for faults of the few who will not?

The answer is as basic and simple as the question. Ranch Week should continue as long as students desire it.

## They've Served 99 Years

This was supposed to be a laudatory editorial.

It isn't—it is not sufficient. No space in this entire paper could hold all the commending remarks we would like to make.

Instead, we would like to say "thank you" to three well-known members of the faculty who retired last week. The three of you and the 99 years of service that you have rendered us will never be forgotten.

In fact, we don't intend to try to "remember" you! We don't want you to get that far away from TCU's activities. None of us wish to let your outstanding attributes disappear from this campus.

The thoughtfulness of the head librarian, the direct contact with many of us individually, of knowing us and helping us with our problems. . . .

The cheery smile and warm good humor that penetrated into every corner of the Fine Arts Building, the labors of the artist himself. . . .

And to lean over the shoulder and watch the careful plays of the campus domino veteran—these we don't want to miss.

Since you have been here, this campus has grown from a handful of buildings on the west campus to a great Southwestern university. Like the buildings, the three of you are an established institution at TCU, and an institution is something we don't give up easily.

We don't intend to invite you to "drop around sometime." We don't have to—this is your campus and invitations aren't necessary.

You're right, this isn't a laudatory editorial. It's a thank you note and an open letter to three faculty members who have helped us all an awful lot."

Our warmest thanks to Mrs. Mothershead, Professor Ziegler and Mr. Dees.

# TCU's Increase in Enrollment Cited As Part of National College Trend

By IRENE ROUNTREE

It was a dangerous thing to do—leaving the campus to the cowboys last weekend while congressmen and journalists went off to Houston.

But from all reports, a good time was had by all. And as for us, we gained a new viewpoint or two. Perhaps we shouldn't admit it, but we sometimes make rather dis-

paraging remarks about our alma mater. It should be stiffer academically; social life is nil, and so on.

But we discovered it's a pretty good place after all—once we got away from it.

Particularly vocal about praising TCU were some former students who are now studying at the University of Texas Medical School in Gal-

veston. Mark Finley, ex '52, and Joe Sears, B. A. '52, especially stressed how well this school had prepared them for graduate work, as compared with other schools represented there.

\*\*\*

At the board meeting Friday President M. E. Sadler spoke of the small but significant increase in enrollment this year.

Setting out to discover just what the significance of this increase was, we found that it was part of a nationwide trend.

Overall increase in the number of new students in college this fall was 13.7 per cent, which the United States Office of Education termed "exceptionally large." In fact, this is the first increase since 1946. The decline had been steady since 1949.

If a large-scale personal interview were held, the desire for a good job after graduation would probably be the most prevalent reason given for college attendance.

Wide publicity has been given to the need for college-trained persons, especially for those technically trained. This factor has probably attracted many to campuses of higher education.

A slight increase in the number of high school graduates, along with a tendency for more of them to go to college, brought on not only by occupational ambitions but also affected by a desire to improve one's own status, accounts for some more.

R. Clyde White at Western Reserve University made a study on this subject and points out that these factors are as important as birth rate in determining the number of college students.

Anyway you look at it, the international scene affects college enrollment.

Korean veterans have returned. College may be a means to postpone military service because of the selective service policy.

Some want military service so they will be eligible to attend school under the G. I. bill.

And still others want to go to college so they can be commissioned when they are inducted.

Statisticians back in Washington figure the 6.1 increase in number of women attending school is evidence of the present good economic conditions, because women are more financially dependent than men.

One other possible explanation for the increase is the intensified effort of many colleges to attract more students to higher education. Business Week hinted darkly in the November issue about colleges lowering admissions standards to attract more students.

But whatever the cause or causes, it looks as if increased enrollment is here to stay—at least through the 60's. The World War II bumper crop of babies will have taken over campuses by then.

## LITTLE MAN ON CAMPUS

by Dick Bibie

"I say, Dean, isn't there something that can be done about this 'B-average-in-the-major field' requirement?"

## Sociology Professors Discuss Juvenile Delinquency, Jail Breaks

By SALLY ABEY

The papers and radios screamed this week with news of another jail break in Fort Worth. This time three men were killed. Three men—17, 18, 20.

These youths died for suspected robbery and car theft . . . and a jail break.

Officials have condoned the killing by saying:

"What would you do if a gang of criminals came at you with clubs and knives? . . . I guess this shows these hoodlums and thugs we mean business. Anybody who tries this stuff again will get the same treatment."

We guess they mean "shoot first and ask questions later" by "the same treatment." Maybe we're soft, but we think there are other ways to remedy the situation.

Curious about juvenile delinquency like this, we wandered over to the sociology department to talk to Drs. Austin L. Porterfield and Robert Talbert, who have recently finished a study of crime in Southern cities. We wanted to find out why kids born on the wrong or right side of the tracks wind up with their names in bold-face type in a jail-break story.

Dr. Porterfield explained it to us. It seems everyone has a natural and a unique history. The natural history is what we all go through from conception to death. Unique history consists of various circumstances that makes each person's life different from every other person's.

He said it is like a house with many rooms. These rooms are birth, weaning, puberty, marriage, parenthood, menopause and death. Each person must pass through those doorways into the next room. If he is not ready to, a crisis results.

"We will have crime as long as people come to crises in life unprepared to move from one room of this house to another," the sociology department chairman said.

He then pointed out that 18-20 constitutes the highest age bracket of arrests because it is a period of transition. In contrast, in the 40's men have found they can't butt their heads against the wall and end up the winner the way they thought they could in their 20's. They find out their head is suffering more than the wall and often turn to alcoholism, dope or suicide.

But what about those kids who wind up in jails as suspects in car thefts, robberies, burglaries, rape? What will be done with them?

They will be shoved in jail and penitentiaries with hardened thugs who want little more than another chance to break society's mores and laws. The ones who hardly had a chance before will have less now. They will be branded "ex-con."

Even now there's a bill in the legislature to lower the death penalty to include 15-year-olds. Evidently some seem to think a threat of death will keep a child from breaking a law.

"That's like saying you will punish everyone who gets polio this summer," Dr. Talbert said.

You just can't prevent something by setting up a law against it. And you can't cure those kids behind the bars who have nothing to do all day but read the Christian Science Monitor or pulp magazines. Nothing to do but gaze from that top-floor cell on a cluttered floor and brood.

But most of all, you can't cure the three boys who died in the "break" . . . or mend the wound in their mothers' hearts.

# Rodeo Team in Houston; Breakfast Flight Sunday

Five members of the Rodeo Club will represent TCU at the University of Houston Intercollegiate Rodeo today and tomorrow.

Ken Humphrey, all around cowboy at the Ranch Week rodeo, will vie for honors in calf roping. He recorded 16.9 in the event last Saturday.

The only bull rider making the trip is Horace McNair.

Tommy Taylor, Jack Bridges and Richard Scott are entered in the bareback bronc riding.

"Y" officers for the coming year will be elected at a picnic Monday in Forest Park.

Members and others who wish to attend will meet at 4:30 p.m. at Waits Hall. The group will return in time for night classes.

Tickets are 25 cents each and may be purchased from "Y" cabinet members.

Sunday at 7 a.m. the Flying Frogs and guests will take off for a breakfast flight to either the Shangri-La or Rosser ranch. About 10 planes are expected to participate.

A photographer will begin shooting a 16 mm. film of the club's activities. Clyde Moore is to be commentator. The Air Force has requested the film for use in show-in-gather flying clubs.

Plans for an afternoon tea honoring Leti and Sociae were discussed at a recent meeting of Frogettes, freshman women's organization.

"We want to plan something so freshmen and upper class women can get to know each other better," said club president, Miss Mary Carlson, San Antonio freshman.

"This is the first time the Frogettes have tried anything like this. It would make a nice annual affair," she added.

The tea will be held either late in April or early in May. Definite arrangements will be discussed at the next meeting.

A communion service will be held at a meeting of the Methodist Student Movement at 5:15 p.m. Tuesday in Jarvis Hall.

The Rev. Thomas Sterck and the Rev. Leighton Farrell, pastor and associate pastor, respectively, of Matthews Memorial Methodist Church will serve the communion.

Dinner will be served.

Dean Paul V. Murray, of Mexico City College, will speak at an International Friendship Club meet-

ing at 7:30 p.m. Wednesday.

Dean Murray is to become president of Mexico City College in June. After the meeting he will answer questions about the TCU summer session in Mexico.

He will be on the campus Wednesday, Thursday and Friday to speak to other classes or groups interested in Mexico.

M. R. Lipkin, of the Sun Oil Company, will speak on "Separation by Absorption" at a meeting of the Fort Worth-Dallas section of the American Chemical Society at 8 p.m. today.

The meeting will be held in Room 112 of the Science Building.

A dinner at 6:30 p.m. at Matthews Memorial Methodist Church will precede the session.

Dr. John Andujar of the Fort Worth Medical Laboratory spoke to the National Science Club last night on "Biology and Chemistry of Cancer."

Mrs. Ann Farrell, wife of the associate pastor of Matthews Memorial Methodist Church, will speak at a meeting of the Methodist Student Movement at 5:15 p.m. Tuesday in Jarvis Hall parlor, announced the program chairman, Miss Vilma Stacher, Gallup, N. M., junior.

Dinner will be served.

Ten students have been named to Pi Sigma Alpha, national government honorary society, Charles W. Proctor, assistant professor in government, announced this week.

They are: Dan Morgan, Texarkana junior; Thorp Andrews, Fort Worth senior; Melvin Shupp, San Antonio senior; Mrs. Patricia Henley, Fort Worth senior; David Trevena, Fort Worth senior; L. M. Anderson, Fort Worth junior; Miss Ruth Martin, Fort Worth senior; Jack Miller, Plano, junior; Archer Marx, Houston junior; Gordon Gray, Fort Worth graduate student.

Members held a dinner last night at Charles of New Orleans with Dr. Otto R. Nielsen, dean of the School of Education, as speaker. Dr. August O. Spain, government department chairman, presented membership certificates.

Qualifications for the society are 12 hours in government with a B average and all other grades in the upper third of those made by TCU students.

The Business and Professional Women's Club held its annual spring banquet at Dennie Harman's last night. An informal program was given by club members.

## Science Teachers Talk at Schools

Six science teachers are giving a series of talks to Fort Worth senior high school science clubs.

Each week a professor goes to one or more schools and talks with the club members, and/or conducts a field trip.

Dr. Willis G. Hewatt, chairman of the biology-geology department, discusses shells; Dr. Edward E. Dale, professor of botany, talks on plants and conducts field trips; and Clifford E. Murphy, assistant professor of biology, speaks on fresh water biology studies.

Reptiles are discussed by Dr. John Forsyth, professor of biology, and atomic energy by Dr. H. M. Moseley, assistant professor of physics.

All the science teachers are called upon to conduct high school students on tours of the Science Building.

## Oklahoma A&M Named Host for 1954 Congress

The 1954 meeting of the Southwest Journalism Congress will be held at Oklahoma A&M in Stillwater, it was decided at the congress' annual meeting in Houston last weekend.

Prof. James C. Stratton of Oklahoma A&M was elected president at the meeting.

## She Never Yells

By ELLIS AMBURN

Dee Porter has never yelled even though she's been a cheerleader now for two years.

"I pantomime," says Dee, "because I have to."

MISS DEE PORTER

The blonde, 20-year-old junior couldn't keep from laughing as she explained her unusual situation:

"I'm studying voice and taking singing lessons every week.

"I'd become hoarse if I did a lot of loud yelling, and it would be impossible for me to get anything out of the lessons," she said.

The excessive hoarseness that results from yelling would also prevent Dee's participation in the TCU Choral Club, the "Madrigal Singers" and the choir at Central Methodist Church, where she was featured soloist recently.

The attractive Vernonite takes here voice instruction here from John Brigham, who is also choir director at Central Methodist Church.

Dee confessed that on several occasions during football games she got so excited she had to yell, but managed to check herself quickly.

"I don't think many people caught on to me because eventually I became pretty good at faking."

She "faked" again when she appeared in the "Tosca" chorus at Will Rogers Memorial Auditorium. "Believe it or not, I played a young man who was preparing for the priesthood."

Since the student is very young,

## Flying High

Capt. Harvey L. Dockery, Air Force instructor, and Miss Barbara Acker, Fort Worth sophomore and present Air ROTC sweetheart, take the controls of a military aircraft at Hensley Field, Dallas.

Miss Acker has been selected to christen a new type aircraft, the "City of Fort Worth," this spring. The airmen at Hensley voted her Lone Star Sweetheart during her recent visit there.

# Pantomiming Cheerleader Fools Fans As She Saves Voice for Singing

she explained, the role called for a soprano voice.

A music education major, minoring in voice, Dee wants to teach high school choral groups after graduation next year.

"And after I get more experience, I'd like to conduct private voice lessons, too," she added.

One of the most important goals she has set for herself is to teach a high school course in music appreciation.

"It's important that young people learn the fundamentals of music as soon as they can so that they may appreciate it fully later in life."

Working with young people at summer religious and music conferences is her favorite activity.

She has been song leader for the past three annual Christian Youth Fellowship conventions here.

Other than cheerleading, Dee's campus activities have included service with Student Congress and Mu Phi Epsilon, national honorary music sorority.

During her freshman year, congress appointed her Homecoming parade chairman.

"I was scared stiff because I'd never had that much responsibility before."

"Since I was an unsuspecting freshman, I guess they dumped the job off on me because no one else wanted it."

"The only consolation I got was a sympathy card attached to a chrysanthemum Dick Ramsey sent to me," she recalled.

She also was a delegate that year to the Texas Intercollegiate Student Association meeting in Houston and a class favorite.

Last year congress sent Dee as a beauty representative to Rice In-

## Holcembach Honored At YMCA Banquet

Albert M. Holcembach, assistant to the dean of the School of Business, was made an honorary member of the Fort Worth YMCA at a "Y" banquet recently.

The affair was given in honor of volunteers who helped with the YMCA program last year.

Mr. Holcembach conducted an industrial management course at a recent "Y" banquet.

stitute's "Rondelet."

She has enjoyed her two terms as cheerleader — even if she couldn't yell—and has some happy memories in that connection.

"But there were some unpleasant moments as well," she said.

For example, there was this year's football game with SMU, "when we tramped around the field ankle-deep in mud."

And all during last year's Texas Tech game cheerleaders had to dodge the lighted cigaret Lubbock fans kept flipping at them.

"I suppose the worse thing that ever happened came after I washed the tights I wear under my cheerleading skirt."

"By the time the tights had dried, they had shrunk so small that a baby couldn't get into them."

So Dee, sans tights, had to rely on friends in the stands to warn her when she was "jumping around too much" during games.

Needless to say, she's looking forward to next year when she can watch games from "an obscure spot in the stands."

## Congress Receives Request for Help In 'Tainted' Letter

In the name of anti-fascism a letter from Prague, Czechoslovakia, this week called upon Student Congress to "join with students the world over" in protesting the treatment of 41 youths in Spain.

It seems that the Spanish students, vigorous opponents of fascism, have been imprisoned, their lives threatened.

Don Goldston, parliamentarian, studied the letter and the "enclosed literature." Explaining it to congress he said:

"The fact that it is from Prague labels it as being Communist-inspired."

He pointed out the old "Communist line" of propaganda—bacterial warfare in Korea by the United States, incompetence on the part of UNESCO and "US, the warmonger."

Words conspicuously absent from the letter and from its accompanying pamphlets included "Communism."

How Will It Be in 2023?

Collection Shows How College, Students Differed in 1880's

By CHARLES PUCKETT Imagine yourself in the year 2023. The scene is TCU's Library, where some of your old schoolday letters and souvenirs have been sent.

A student is studying your efforts. Just what will be his conclusions as to the differences of campus life in 1953 and 2023?

We'll probably never know, but we recently met, through her remembrances, a teen-age girl from an era 70 years in the other direction.

She was Miss Mamie Douthit, a student at AddRan College in the 1880's.

Spring Election

(Continued from p. 1)

Hours required for representatives to congress are as follows:

Junior class representatives, 54-83; senior class representatives, 84 and undergraduate standing; representatives from the five schools, at least 54.

Graduate students are eligible to serve as representatives from the various schools.

Horned Frog and Skiff editor candidates must be approved by the Publications Committee before they are eligible to file.

Applications should be submitted to professor Warren K. Agee, chairman of the publications committee by noon April 8.

The Skiff and Horned Frog aspirants must have completed journalism courses 333ab and 129, respectively.

The elections committee has set up campaign rules which, if violated, could cause the disqualification of candidates.

Campaigning can start Monday, April 6. It will end at 6 p.m. Tuesday, April 14. Putting up posters before official campaigning starts or failing to have them down when it ends are violations of election rules.

Posters in the Administration Building must not be larger than 18 by 24 inches. There is no size limit on posters used elsewhere on the campus.

Maximum campaign expenses are \$10 for congressional candidates and \$25 for president, vice-president, cheerleaders and editors.

"The committee certainly doesn't mean for those amounts to be minimum," the elections committee chairman said. "Students can campaign on much less."

All candidates will be introduced to the student body at a political rally at noon April 13 in front of the Administration Building.

Campaign speeches will be given by students running for president, vice-president and editorships. Cheerleader candidates will lead yells.

Ren Kent, president of the student body, will present the candidates.

Mobilgas logo with text: Your ASSURANCE OF QUALITY AND SERVICE. DAGGETT'S MAGNOLIA SERVICE STATION. UNIVERSITY DRIVE AT BERRY STREET WE-0128

She married R. C. Crane, Sweet-water lawyer and newspaperman, in 1892, and when she died her husband donated some of her keepsakes of AddRan days to the TCU Library.

Basically we would say, the collegians of AddRan were not radically different from today's students.

Of course, we don't send our best girl a note saying,

Miss Mamie: If agreeable, I would be pleased to accompany you to the entertainment Saturday night.

Respb., Tom M...

We have the telephone!

Nor do our invitations have written at the bottom, "Appr., M. E. Sadler." Addison Clark approved a few of Mamie's dates, but there are many more "phantom parties," singings and buggy rides which bypassed the good president.

One admirer was not at all formal in one of his letters. He started off, "Dear Little Blue Eyes" and signed himself "Brown Eyes." He spoke of the grand time they had working "examples" together.

"Examples" had another swain floored. He vowed he would be of any service to Miss Mamie, but he could not

Coming Up

- Today 9 a.m.—Easter Convocation, Ed Landreth Auditorium. 8 p.m.—ROTC Military Ball, Casino. Monday 4:30 p.m.—"Y" picnic, Forest Park. 5:30 p.m.—Student Congress, Study Lounge. 6 p.m.—DSF Cabinet, University Christian Church. Tuesday 12 noon—KTCU staff, studio. 12 noon—Chamber of Commerce, Colonial Cafeteria. 4 p.m.—Association for Child Education, Jarvis. 5:15 p.m.—MSM, Jarvis. 6 p.m.—Vigilantes, Jarvis 121. 7 p.m.—BSU, BSU Center. 7:30 p.m.—Canterbury Club. 7:30 p.m.—Hoe-Down, Gymnasium. Wednesday 7 a.m.—Canterbury Communion, Chapel, Brite College. 12:20 p.m.—Homiletic Guild, Colonial Cafeteria. 4 p.m.—Mu Phi Epsilon, Green Room. 5:30 p.m.—Presbyterian Student Association. 7 p.m.—Flying Frogs, Goodie basement. 7 p.m.—AF ROTC Flying Club, Clark basement. 7 p.m.—Chi Beta, Sterling house. 7:30 p.m.—Freshman "Y," Jarvis. 8 p.m.—Brushes, Fine Arts, 207. Thursday 6:15 p.m.—Evening College Council. 10 p.m.—Classes dismissed for Easter holidays.

work "examples." He proved his sincerity by enclosing a two-page Latin translation! and closed his note expressing hope that the wind would be right for their croquet game the next day.

We feel a bit guilty about not only reading someone else's mail, but reporting it too! And then we think of 2023. What do you suppose they'll have to say about us 70 years from now?

Listings Open For Summer Jobs

Railroading, directing city recreational programs and working in several of the national parks are some of the summer job opportunities about which students can learn in the dean of students' office.

Dr. Thomas F. Richardson, dean of students, says a railroad company is offering summer employment to college students with wages starting at \$1.50 an hour.

The city of Amarillo is looking for students to direct its summer recreational program. Pay would be \$135 to \$275 a month.

Board and room and spending money would be the wages for work in Estes Park near Boulder, Colo.

"That would be a real chance for a good vacation," said the dean.

Porterfield, Talbert Write on Crime

Dr. Austin Porterfield, sociology department chairman, and Dr. Robert Talbert, professor of sociology, are collaborating on a chapter for "The Urban South," a sociology textbook.

Their chapter is entitled "Urban Crimes" and will be incorporated with 15 to 20 other chapters by southern sociologists. The book will be published late this year by the University of North Carolina Press.

Miss Colvin Installed As BSU President

The Baptist Student Union recently installed its new officers in the Educational Building of University Baptist Church.

Charles McLaughlin, missionary of the Tarrant County Baptist Association, officiated.

The new officers are: president, Miss Violet Colvin, Lake Jackson sophomore; devotional vice-president, Billy Doyle, Fort Worth sophomore; enlistment vice-president, George Hill, Big Spring sophomore; secretary-treasurer, Miss Treva Thompson, Lake Jackson sophomore.

Social chairman, Miss Dorothy Carey, Fort Worth senior; mission chairman, Percy O'Rear, Fort Worth sophomore; publicity chairman, Sid Fletcher, Elkin, N. C., graduate; reporter, Miss Greta Lou Davis, Odessa freshman, and music chairman, Charles Matney, Fort Worth junior.

March 31 Is Last Day To Submit Typed Theses

March 31 will be the last day on which graduate students may turn in typed drafts of their theses, Dr. A. T. DeGroot, Dean of the Graduate School, has announced.

They then have five weeks to make revisions before submitting their final papers, he said.

Lucky Strike advertisement featuring a woman holding a cigarette and a pack of cigarettes. Text includes: 'Nothing-no, nothing-beats better taste and LUCKIES TASTE BETTER! Cleaner, Fresher, Smoother!', 'Be Happy-GO LUCKY!', 'Where's your jingle? It's easier than you think to make \$25 by writing a Lucky Strike jingle like those you see in this ad. Yes, we need jingles—and we pay \$25 for every one we use! So send as many as you like to: Happy-Go-Lucky, P. O. Box 67, New York 46, N. Y.'

# Hill Takes Mound Today In SWC Opener Here

Lean right-hander Tommy Hill will be on the mound at 2:30 p.m. today on the Frog diamond when the Froggies open their 1953 Southwest Conference chase against the Mustangs of SMU. Hill will be out for his third victory of the young season as he goes against the Ponies. Monday he won his second game with a brilliant relief stint against the Baylor Bears, 10-8.

Little Jimmy Stapleton, the fiery second sacker for the Frogs, may miss today's tilt. He injured his ankle against the Bears in Waco.

If Stapleton is unable to go today, regular third baseman Don Holland will move over to the key-stone sack, with reserve infielder Chuck Spencer taking over third.

Tuesday the Christians lost a heartbreaker to the Hardin-Simmons Cowboys, 12-11, in a 13-inning slugfest. Smashing out 16 hits, the Frogs continued their pounding of the ball.

Centerfielder Don Ford led the attack with four hits for six times at the plate. Chuck Spencer had three hits.

The marathon was rather one-sided up until the sixth inning when the previously dormant Cowboys came to life with a four-run outburst to tie the score, 5-5.

Lee Matinson, the sophomore pitcher-outfielder, went the first nine innings of the tilt, but yielded in the tenth to Norris "Shorty" Haggerton.

Matching run for run in the next three innings, the teams appeared to be destined to play on until nightfall. However, in the 13th the Cowboys hopped on Frog hurler Wayland Dedmond for two runs.

The Frogs could muster only one in their half of the inning.

Other than the Stapleton change, the line-up will probably remain the same with the exception of perhaps first base. Eldridge Miles may start on first as a result of his timely hitting against the Cowboys.

Miles drove in four of the Christians five runs. He hit .375 as a freshman last season.

Matinson, Ford and Doty will start in the outfield and Carroll at short, while Bill Frick will begin behind the plate.

Students will be admitted upon showing their activity cards. A fee of 50 cents will be charged non-students.

## Wogs Will Meet Colts

The Wog baseball team will be out for its fourth victory in a row this afternoon on the SMU Colt's home diamond in Dallas.

Fresh from three triumphs over high-school competition, the freshman baseballers will find the Mustangs somewhat tougher sledding.

Earlier, the young Frogs won over Fort Worth's Carter-Riverside and Dallas' Crozier Tech. Crozier went down twice last weekend by scores of 6-5 and 7-6, on the Frog diamond.

Carter lost a 5-0 battle March 17 at the Sycamore diamond.

Big Wesley McDonald, from North Side, will hurl for the Wogs tomorrow.

### Moore Talks at Church

"Disciples of Christ Missions in Puerto Rico," was the topic of Dr. Jerome A. Moore, dean of AddRan College of Arts and Sciences, when he spoke to the Women's Council of the University Christian Church Wednesday.

## Hoopsters Will Receive 12 Letters

Twelve members of the championship Horned Frog basketball team have been awarded letters by the athletic council, it was announced this week.

Capt. Dick Allen and Johnny Swain were the only seniors listed and are the only two lost for next year.

Junior lettermen are Charles Brown, Ray Warren, Gorman Wiseman, Ross Hoyt, Henry Ohlen and Vergil Baker.

Sophomores in the group are Buddy Brumley, Charles White, Tommy Hill and Sonny Lampkin.

Swain is the only three monogram winner while Hoyt, Ohlen and Allen have two.

Besides 10 lettermen, Coach Buster Brannon has squadmen Johnny Crouch and John Nickens back next year. Bill Estill, high scorer for the 1953 Wogs, also will be available.

## Fresh From Tromping Cowboys, Golfers Face Two Busy Weeks

Fresh from a 4½-to-1½ victory over the Hardin-Simmons Cowboys Tuesday, the TCU golf team is set for a busy two weeks of play.

The Christian swingers opened their conference play yesterday in Dallas against the SMU squad. The Texas Aggies will be here

Tuesday to battle the Frogs on Colonial golf course.

After the Aggie match the Frogs will have little time for practice before they meet the Sooners of Oklahoma on April 6 at Colonial. Oklahoma has won three straight matches this season.

The Frogs, in winning their first match of the season from the Cowboys, displayed strength in the No. 3 and 4 spots.

Arch Marx, No. 3, and Dick Duckworth, No. 4, won their team match for the Frogs. Each was victor in his individual game, Marx 4 and 2, and Duckworth 6 and 4.

Graham Mackey lost the No. 1 match with East Texas State, and will tangle with the University of Houston here the following Tuesday. Thursday, April 2 will find them in Sherman for an encounter with Austin College.

The Gymnasium was built in 1921 and the Field House in 1926.

Clark Hall was added to the TCU campus in 1913.

## Netmen Prepare For SMU Clash

The busy varsity tennis team takes on the University of Denver here this afternoon in preparation for its conference opener tomorrow with SMU, here also.

The team will travel to Commerce next Wednesday for a match with East Texas State, and will tangle with the University of Houston here the following Tuesday. Thursday, April 2 will find them in Sherman for an encounter with Austin College.

In its last two contests, the team lost to Hardin-Simmons, 4-2, but bounced back to beat Southeastern State of Durant, Okla., 5-1.

## Ford Fulfills Coaches' Dreams With Versatile Athletic Feats

By ROSS HOYT

Rangy, colorful Don Ford, from Farwell is the type athlete coaches dream of but seldom find. Ford has tried his hand in three major sports here and has achieved no-

DON FORD

tority if not much glory in each. Baseball, basketball and football have attracted and been attacked by the ambidextrous Ford. Coaches say that he is a "natural" in any competitive sport.

Baseball is his first-love in athletics. He got his start on a semi-pro club in his home, which according to Don is, "as far west in Texas as you can get without being named Pancho or Pablo."

After his freshman year, Ford had to drop basketball from his list of Southwest Conference sports. As a freshman he had competed in all three.

"I just didn't have time to play all three and still keep my regular sleeping hours."

Generally conceded to be the wit of the baseball team, Ford has numerous "sayings" and anecdotes which keep the hardball boys in stitches.

### Vaught on Eagle Roster For Action Next Season

Teddy Vaught, co-captain of the 1952 Horned Frogs, has signed to play professional football with the Philadelphia Eagles next season.

A three-year letterman, Vaught led the Frogs in pass catching last season with 29 snags.

Kidded constantly about the thinness of his wirey legs, Ford stopped all scoffers with:

"Why you guys ought to pat me on the back respectfully for having enough nerve to run around on those things."

Along with his sparkling sense of humor, Ford is one of the top outfield prospects in the conference. His murderous bat pounded out a .500 plus batting average as a freshman, and over .300 last season.

"Hitting's easy here," the ever-modest Ford chuckled.

"Why you don't even have to hold one hand over your eyes to keep the sand out like you do at home."

This statement led to the relating of one of Don's favorite tales of west Texas.

The story concerned a West Texas baseball player who had been struck on the head by an irate baseball fan. After repeated dousings from a water bucket failed to revive him, Ford stepped into the picture.

"I knew just what to do," Ford said.

"Grabbing the water-bucket, I rapidly scooped up a bucket-full of sand and poured it into his face. Presto, he was on his feet. He was only 18 and had never felt water on his face before."

Don spends his few idle moments "diddling around" with other sports. During his off seasons he tackles tennis, golf, hand-ball, ping-pong, soccer, hunting, wrestling and wonder of all wonders, swimming.

"I learned how to swim when I was a freshman," he sheepishly admits.

Incidentally Don also shoots a mean game of snooker.

CHARLES GORDON

## Foster Ties Waits 16-16

Foster tied Waits 16-16 for the second time in the basketball division of the Women's Sports Association Spring Tournament Monday. Two weeks ago the teams tied with the same score, 16-16.

Miss Bettye Padon, assistant instructor in physical education, said softball will start April 9. This part of the tournament will be played from 4 to 5 p.m., Mondays, Thursdays and Fridays.

Miss Padon also has requested that badminton players check the bulletin board to see when the second round is being played. All badminton matches must be played off by Thursday.

### Colonial to Be Site Of Golf Tournament

Colonial Country Club will be the site for the Southwest Conference golf meet, May 14 and 15 Tom Prouse, golf coach, said this week.

All member schools will enter a team in the 72 hole individual medal tournament, advised Mr. Prouse.

### Already Has 35 Trophies

## Charles Gordon, Freshman Whiz, To Answer Frog Tennis Prayers

By PRESTON FIGLEY

Charles Gordon, San Juan freshman, has a high school annual. In that annual there is a picture. And in that picture, by looking closely, you can spot Gordon and his tennis coach. Twenty-eight gleaming trophies fill most of the space.

Since the picture was taken, Gordon has added seven trophies to the collection, which seems headed for continued growth. He compiled an impressive high school record, winning his district championship six times and copping the regional title three years.

In 1950 Gordon and his partner won the state class A doubles championship. The next year, as Pharr-San Juan-Alamo advanced to class AAA, he was on the runner-up duo. In 1952 he fell only after reaching the singles finals.

Gordon began playing tennis in 1946, and quickly reached headline proportions. Under the tuition of coach Ed Noble, he was the big gun of P-SJ-A through his high school career.

Gordon was on the student council four years, was freshman president and sophomore favorite, choir president, a member of Who's Who in high schools and, to top it off, state high school spelling champion last year. The boy is nothing

if not versatile! The 6'1", 175-pound netter says he would "like to play amateur and professional tennis eventually, but I didn't have much practice time." He works 40 hours a week at a local filling station.

On the courts, however, it takes a critical eye to spot rust in his polished game. The solidly built 18-year-old possesses a thunderous overhead, but admits it gives him the most trouble. Gordon has a wicked slice serve, solid ground strokes and the speed and grace to play an overwhelming net game.

The personable freshman once exchanged practice shots with the great Jack Kramer, and with a partner played colorful "Gussie" Moran and Pauline Betz Addie in a close 6-4 losing effort. He rates Johnny Hernandez, the Texas University star, as the best he played in high school. They met when P-SJ-A played the Texas freshmen.

"He really tromped me," remembers Gordon ruefully.

It's a safe bet, though, that the San Juan pre-med major will make TCU a sparkling tennis representative. He has the strokes, confidence, experience and most important, the determination.

Taking a Swing . . .

. . . is Mrs. Elizabeth Ellis, Fort Worth physical education major, during the Ranch Week girls-faculty softball game. She was also pitcher for the girls' team. Waiting anxiously for the one that never got there is Col. John Murray, professor of military science and tactics. Horace "Chief" Craig, Ranch Week foreman, is the bearded umpire.

## TCU Tracksters to Compete In Texas Relays This Weekend

TCU has eight freshman and six varsity members entered in the Texas Relays at Austin today and tomorrow.

Seven freshman and one varsity man left yesterday and the remainder this morning.

Yesterday's travelers included Van Williams, Dick Williams, Stanley Bull, Ray Taylor, Bill Estill, Don Sanford, Aubrey Owen, and one varsity member, James Wood.

Tracksters departing this morning were Bill Curtis, Wes Ritchey, Jim Roddy, Robert Gathright, Mal Fowler and David Finney.

Coach Mack Clark said TCU is entered in four varsity events; the sprint medley, mile relay, javelin and mile run.

Performing in the sprint med-

ley will be Fowler, Roddy, Finney and Gathright. The same four-some will enter the mile relay.

Wes Ritchey will throw the javelin, and James Wood will try the mile.

Ronald Clinkscale, ace sprint man, will not make the trip. He has not worked out any this week because of an asthma attack.

In the freshman division Bill Curtis, a first class hurdler, will

run the 120-yard highs; Van Williams, Bull, Taylor and Curtis will team up in the sprint relay; Owen, Bull, Dick Williams and Taylor will run the sprint medley.

Because of the fierce competition at the Texas Relays, TCU is not considered a threat to win the team title, but Clark said he thinks it is possible for a few individuals to capture honors.

### Wog's Condition is Reported Improving

Glen Herrington, the Wog baseballer who was injured March 2, by a batted ball in baseball practice, is improving rapidly.

Doctors feared that he could never regain the power to speak, but the youngster has fooled them all.

He can now utter words of one-syllable distinctly. His condition improves each day.

### Biologists to Meet Tomorrow at TSCW

Four professors, three faculty members wives and several students will attend an annual meeting of the North Texas Biological Society Saturday at TSCW in Denton.

## Martin Men Groaning Over New Spring Sport

Each Tuesday, Thursday and Friday amidst groans and moans of anguish the idle members of Coach Abe Martin's football team gather together and proceed to tempt to bat each other's brains out.

They clout each other about in a semi-organized sort of man-slaughter termed soccer. Only those young men not participating in regular spring sports receive a coveted invitation to the head-busting.

Despite their gripes and bruised noggins, Martin's men find this scheme in order to keep down ample waist-and hip-lines of his hefty charges.

"Any thing goes in that game," tackle Bill Sikes says.

"I was playing goalie the other day when a swarm of opponents converged upon me. Fifteen of them held me down while one man scored the goal."

Morgan "Wally" Williams is also a great admirer of this class-sic sport. He says this:

"Why I don't know how I'd spend these beautiful spring afternoons if it weren't for my new love, soccer. I'd probably just rest and lie in the sun, and that's not as much fun as skinning my nose, knees and knuckles playing soccer."

Look out for Southwest Conference soccer competition any time now!

## Ford Fulfills Coaches' Dreams With Versatile Athletic Feats

By ROSS HOYT

Rangy, colorful Don Ford, from Farwell is the type athlete coaches dream of but seldom find. Ford has tried his hand in three major sports here and has achieved no-

DON FORD

tority if not much glory in each. Baseball, basketball and football have attracted and been attacked by the ambidextrous Ford. Coaches say that he is a "natural" in any competitive sport.

Baseball is his first-love in athletics. He got his start on a semi-pro club in his home, which according to Don is, "as far west in Texas as you can get without being named Pancho or Pablo."

After his freshman year, Ford had to drop basketball from his list of Southwest Conference sports. As a freshman he had competed in all three.

"I just didn't have time to play all three and still keep my regular sleeping hours."

Generally conceded to be the wit of the baseball team, Ford has numerous "sayings" and anecdotes which keep the hardball boys in stitches.

### Vaught on Eagle Roster For Action Next Season

Teddy Vaught, co-captain of the 1952 Horned Frogs, has signed to play professional football with the Philadelphia Eagles next season.

A three-year letterman, Vaught led the Frogs in pass catching last season with 29 snags.

Kidded constantly about the thinness of his wiry legs, Ford stopped all scoffers with:

"Why you guys ought to pat me on the back respectfully for having enough nerve to run around on those things."

Along with his sparkling sense of humor, Ford is one of the top outfield prospects in the conference. His murderous bat pounded out a .500 plus batting average as a freshman, and over .300 last season.

"Hitting's easy here," the ever-modest Ford chuckled.

"Why you don't even have to hold one hand over your eyes to keep the sand out like you do at home."

This statement led to the relating of one of Don's favorite tales of west Texas.

The story concerned a West Texas baseball player who had been struck on the head by an irate baseball fan. After repeated dousings from a water bucket failed to revive him, Ford stepped into the picture.

"I knew just what to do," Ford said.

"Grabbing the water-bucket, I rapidly scooped up a bucket-full of sand and poured it into his face. Presto, he was on his feet. He was only 18 and had never felt water on his face before."

Don spends his few idle moments "diddling around" with other sports. During his off seasons he tackles tennis, golf, hand-ball, ping-pong, soccer, hunting, wrestling and wonder of all wonders, swimming.

"I learned how to swim when I was a freshman," he sheepishly admits.

Incidentally Don also shoots a mean game of snooker.

CHARLES GORDON

## Foster Ties Waits 16-16

Foster tied Waits 16-16 for the second time in the basketball division of the Women's Sports Association Spring Tournament Monday. Two weeks ago the teams tied with the same score, 16-16.

Miss Bettye Padon, assistant instructor in physical education, said softball will start April 9. This part of the tournament will be played from 4 to 5 p.m., Mondays, Thursdays and Fridays.

Miss Padon also has requested that badminton players check the bulletin board to see when the second round is being played. All badminton matches must be played off by Thursday.

### Colonial to Be Site Of Golf Tournament

Colonial Country Club will be the site for the Southwest Conference golf meet, May 14 and 15 Tom Prouse, golf coach, said this week.

All member schools will enter a team in the 72 hole individual medal tournament, advised Mr. Prouse.

### Already Has 35 Trophies

## Charles Gordon, Freshman Whiz, To Answer Frog Tennis Prayers

By PRESTON FIGLEY

if not versatile!

Charles Gordon, San Juan freshman, has a high school annual. In that annual there is a picture. And in that picture, by looking closely, you can spot Gordon and his tennis coach. Twenty-eight gleaming trophies fill most of the space.

Since the picture was taken, Gordon has added seven trophies to the collection, which seems headed for continued growth. He compiled an impressive high school record, winning his district championship six times and coping the regional title three years.

In 1950 Gordon and his partner won the state class A doubles championship. The next year, as Pharr-San Juan-Alamo advanced to class AAA, he was on the runner-up duo. In 1952 he fell only after reaching the singles finals.

Gordon began playing tennis in 1946, and quickly reached headline proportions. Under the tuition of coach Ed Noble, he was the big gun of P-SJ-A through his high school career.

Gordon was on the student council four years, was freshman president and sophomore favorite, choir president, a member of Who's Who in high schools and, to top it off, state high school spelling champion last year. The boy is nothing

The 6' 1", 175-pound netter says he would "like to play amateur and professional tennis eventually, but I didn't have much practice time." He works 40 hours a week at a local filling station.

On the courts, however, it takes a critical eye to spot rust in his polished game. The solidly built 18-year-old possesses a thunderous overhead, but admits it gives him the most trouble. Gordon has a wicked slice serve, solid ground strokes and the speed and grace to play an overwhelming net game.

The personable freshman once exchanged practice shots with the great Jack Kramer, and with a partner played colorful "Gussie" Moran and Pauline Betz Addie in a close 6-4 losing effort. He rates Johnny Hernandez, the Texas University star, as the best he played in high school. They met when P-SJ-A played the Texas freshmen.

"He really tromped me," remembers Gordon ruefully.

It's a safe bet, though, that the San Juan pre-med major will make TCU a sparkling tennis representative. He has the strokes, confidence, experience and most important, the determination.

### Carswell, Airline Seek Applicants For \$200 Jobs

Carswell Air Force Base is looking for "the perfect girl" to serve as a junior hostess.

At a salary of approximately \$200 a month the hostess would plan entertainment for Carswell airmen. According to an air base spokesman, she should have a good personality and must be intelligent.

Another air-related job is being offered by Central Airlines.

The airlines will pay a starting salary of \$200 a month to a person with journalism experience who is interested in doing public relations work.

Applicants must be able to take shorthand and type. According to the airlines, the job possibly will include TV work later.

Students interested in either position may obtain more information in the office of the Dean of Students, Room 107, Administration Building.

### DeGroot Gets 17 Reservations

Seventeen reservations already have been made for this summer's religious study tour in Europe, Dr. A. T. DeGroot, dean of the Graduate School, announced.

Studying "Church Co-operation in Europe," the tour will sail from New York aboard the 22,000-ton "Italia" on July 3.

The Rt. Rev. Geoffrey Fisher, archbishop of Canterbury, will receive the group on July 17.

Tour members will visit England, Scotland, Holland, Belgium, Germany, Switzerland, Italy and France before returning to New York August 24.

Six semester hours credit on the graduate level is offered for the course.

### 150 Directories Sold by Congress

At a "clearance" sale recently 150 copies of the Student Directory were sold.

Congress welfare committee sold the directories, which originally were priced at 50 cents, at half price.

Congress slashed price on the directories during the sale in an effort to get rid of a stock pile of 300 of the address and telephone books.

### Totten Is Made Marine Officer

Gerald Howe Totten, Fort Worth senior, was sworn in recently as a second lieutenant in the U. S. Marine Corps Reserve.

The oath was administered by Maj. C. S. Harrington, commanding officer of the Fort Worth reserve unit.

Lt. Totten joined the Marine Corps Reserve in 1947. He is the first man in the Eighth Marine Corps Reserve District to receive a commission through the meritorious non-commissioned officer program since the beginning of the Korean campaign.

He has been assigned to duty with Fort Worth's Organized Marine Corps Reserve Artillery unit.

### Slide Collection Given by Student

A collection of slides, showing sections of plants, plant and animal tissues, and other biological matter has been given to the biology-geology department museum by James C. Anderson, Fort Worth junior.

The slides were a collection of Dr. John D. Covert, Anderson's grandfather.

Dr. Covert gathered the specimens as a hobby. Some of them were prepared during the latter part of the nineteenth century and come from France, Germany and Norway.

Before the closing of the Fort Worth Medical School in 1916, the doctor taught there and carried on a practice at the same time. He died in the summer of 1951.

### District Five FTA Holds Session Here

The Future Teachers of America, of District five, convened here recently.

FTA is a high school organization which functions similarly to the Future Farmers and Future Homemakers of America.

Morning activities included addresses by Dean Otto R. Nielsen of the School of Education, athletic director L. R. "Dutch" Meyer and B. C. Shulkey, assistant superintendent of the Fort Worth public schools.

Entertainment was furnished by the School of Fine Arts.

After a tour of campus buildings, the future teachers lunched at Dennie Harman's.

A general assembly, work shops and a business meeting concluded the convention.

### Brite Students Start Clean-Up

Brite College students who live in the 40 apartments on Waits, Green and Lubbock Sts. set up a clean-up campaign this week.

The group of married students are beautifying their area by replacing shrubbery, putting gravel in alleys, improving playgrounds, cleaning up yards and planting flowers.

"We have been cleaning up our own places and helping our neighbors," said chairman of the campaign, Don Baugh, Brite College junior.

Thurman Morgan, director of ministerial students, is administrator of the apartments, owned by Brite College.

"Chesterfield is my cigarette—has been for years. I say... much milder Chesterfield is best for me."

*Peggy Lee*

# Chesterfield is Best for YOU!

CHESTERFIELD contains tobaccos of better quality and higher price than any other king-size cigarette... the same as regular Chesterfield.

**Chesterfield—first premium quality cigarette in both regular & king-size**

WHEN you are asked to try a cigarette you want to know, and you ought to know, what that cigarette has meant to people who smoke it all the time.

For a full year now, a medical specialist has given a group of Chesterfield smokers thorough examinations every two months. He reports:

*no adverse effects to their nose, throat or sinuses from smoking Chesterfields.*

More and more men and women all over the country are finding out every day that Chesterfield is best for them.

*Enjoy your Smoking!*  
Try Much Milder Chesterfield with its extraordinarily good taste.
