VOL. 27.

FORT WORTH, TEXAS, WEDNESDAY, MARCH 27, 1929.

NO. 25.

AS WE SEE THINGS

By RAYMOND H. COPELAND.

ONE foot went forward and the other dropped back; the process continued for over a mile, but at the end of the mile, I was home, perhaps a bit footweary, but nevertheless, I was home, and for several reasons, I had enjoyed my walk.

IN the first place it gave me time to turn over in my mind the events of the evening, and in the second place, one doesn't quarrel when he walks under a shining moon that is "Making whoopee!" with rolling gray clouds amidst a dark blue sky. In fact, it makes a rather nice place to let your brain "wander" a little.

WE had met, the group of us, to talk over in open discussion, certain problems, and we had talked; some of us had even had a few thoughts, and had expressed them. At the end we decided to investigate further into the subject of our discussion, and then talk some more about it sometime.

SO, as I walked, I wandered about those things about which we had talked. I recalled my own ideas on the subjects and saw that, in general,—there was not a great deal of difference between my ideas, and some of the ideas of the other people, but still a little—just a little.

THERE is one word in the English language that I rather dislike. It happens to be a word which is used to measure people with, and in my estimation, it has outlived its time. The word is SUCCESS. This word has gotten to be almost the only word we measure people by, and its a poor measuring stick.

I BELIEVE a far better word would be SERVICE. If we could put the word SERVICE into every place that we use the word SUCCESS, a little different psychological effect might be shown in the way we measure people.

OF course, all people don't misuse the word, but there are a great many people who let a poor meaning of the word creep into their vocabularies. If John Jones has a million dollars, they say he is a success, but if Prof. Dumbell has spent years in teaching students, they find it pretty hard to say that he is a success.

IT wouldn't be hard to say that he is a SERVICE, but unless John Jones, the man of millions, has done something with his millions to be of service to mankind, applying the word service to him would be so utterly impossible, that sometime or another, some of the so-called successes, might do something to get their names under the new heading.

THERE might be a lot, in fact there probably is a lot that can be said against my idea, (MINE except for thousands of other people probably) however, despite whatever is said against it, I am sure of one thing, and that is, we have worn out this old word, SUCCESS, through our failure to correctly apply it, and maybe if we had a new word, people might work along different lines.

WE may study a lot, learn a lot, and then not make some serviceable use of our knowledge, and as far as SUCCESS is concerned, be great, but as far as SERVICE is concerned, be ultra-microscopic. This idea of service is gradually creeping into our present day philosophy, but if it wasn't for the gasoline filling stations, and advertising concerns, SERVICE would sure have a hard battle.

BY nature we like to be served. Since the beginning when Eve served Adam an apple, or when one piece of protoplasm broke away from another piece, and poured itself around some small particle to serve itself as food, man has always liked to be served, but he has always had the idea that something

'29 Scholarship And Fellowship Winners Listed

A. Brooks, S. Latham, G. Jones, J. Kinch Get \$500 Awards.

OTHERS YET TO BE GIVEN

\$250 Places Go to P. Smith, C. Atkinson, L. Hendricks and F. Pitts.

The awarding of four fellowships and four scholarships for the scholastic year of 1929-30 was announced this week by Dr. John Lord. Selection of the following students was made on the recommendation of the department heads through the approval of the Graduate School.

Fellowships: Biology and geology, Miss Anne Brooks; education, Sidney Latham; French, Miss Grace Geraldine Jones; Spanish Miss Jeannette Kinch.

Scholarships: Biology and geology, Miss Pauline Smith; Miss Catherine Atkinson, Leo Hendricks; government, Franklin Pitts.

The fellowships are worth \$500, tuition to be paid extra, and the scholarships \$250 with tuition to be paid.

Fellowships in chemistry, mathematics and English, and scholarships in Bible (three to be given) and biology and geology are yet to be announced.

Interseminary Meet To Be Held at S.M.U.

Dallas School, T.C.U. and Trinity Again to Participate in "Unity" Conference.

The next interseminary meeting to be held between Texas Christian University, Trinity University, and Southern Methodist University, will be at S. M. U. on April 16, it was announced by E. R. McWilliams, director of the T. C. U. group, Monday.

According to McWilliams, the subject for discussion at S. M. U. will be some phase of certain underlying forces which are bringing about unity among the churches. The subject may be approached from the standpoint of sociology, psychology, economics, and other social sciences.

Plans are being made for one other meeting this semester to discuss other phases of the subject of Christian unity. It is probable that the next meeting, following the S. M. U. meet, will be held at Trinity.

Would You Eat? Be Nice to Home Economic Girls

Better be nice to any girl taking the home economics course of meal planning and table service, and maybe you'll get invited to lunch or dinner. Two girls, as a part of their work in this course, were hostesses at two luncheons last week.

Miss Ruth Mahlen had as her guests last Tuesday for lunch Misses Lillian Eylers, Nancy Pringhurst, Dorrit Moses, Ruth Barnham and Elberta Sturm. Violets were used as a centerpiece and the place cards were designed with violets. Miss Catherine Knight was waitress.

Miss Elizabeth Stoker was hostess at a luncheon Thursday in the home economics department's dining room. Her guests were: Misses Mamie Hair, Marvylene Bove, Boot Simmons, Beulah Griffith and Frances Anderson. Green favors, symbolic of St. Patrick's Day, were on the table. Miss Frances Ratcliff was waitress.

T. C. U. Girls in Debate

Misses Harriett Griffin and Gladys Martin will represent T. C. U. in a debate with a team from McMurray College, Abilene, at T. C. U. at 8:15 o'clock tomorrow night. They will have the negative of the question, "Resolved: That a substitute for trial by jury should be adopted."

Underneath him should do the serving. WHEN it comes to doing the service, a lot of us are still a little feather; we'd rather find someone else to do that part. It's all right for the thing to be done, of course, but we want SUCCESS so we can be served and so we won't have to serve. Kinda funny—that way.

Student Travels 5200 Miles to And From T.C.U.

Traveling 5,200 miles to and from school since September, Norwood Hiatt of Arlington has been late to his classes but twice this year, although he has been absent six times. Hiatt, a junior at T. C. U., spent his freshman and sophomore years at North Texas Agricultural College, where he was student assistant in the department of education. He is majoring in English.

Hiatt has traveled in every state in the Union and has visited many parts of Canada. He has been actively connected with newspaper work since he was sixteen years old. He is now connected with the Dallas News. Hiatt attended the last Democratic convention at Houston and wrote paragraphs on it for publication.

Graduates Visit T. C. U.

Self, Moore, Miss Mahon, Moreman, Attend Geologists Meet.

Selden Self, Marcus Moore, Miss Margaret Mahon and Walter L. Moreman, all graduates of T. C. U., were visitors on the campus last week. They came to Fort Worth to attend the convention of the American Association of Petroleum Geologists.

Self, Moore and Miss Mahon received their M. S. degrees here last year and are now with the Amerada, Empire and Humble Oil Companies, respectively. Moreman is now a candidate for a Ph.D. at the University of Kansas.

Has Convention Book

"Thy Kingdom Come" Conference Record Is in Library.

According to Prof. H. L. Pickrell, head of the department of religious education, the T. C. U. Library has been given a copy of "Thy Kingdom Come," a book which gives a record of the World's Sunday School Convention held in Los Angeles last summer.

The book was presented to the library by Robert M. Hopkins of the World's Sunday School Association. Hopkins was formerly head of the religious education offices at Indianapolis, Ind.

Dr. John T. Faris, who took active part in the convention, is editor of the new volume.

Give Shakesperian Recital

Miss Marie Bennett and Miss Genyva Adams gave a Shakespearian recital Sunday afternoon in the T. C. U. auditorium at 4 o'clock. Miss Bennett gave the "Merchant of Venice," Miss Adams gave "Cymboline."

Two New Courses

The two new clay tennis courts that were recently completed, have been reserved for the varsity use every afternoon from 2 to 4 o'clock.

T. C. U. Representative Students Are Beautiful But Not Dumb

Contrary to the popular theory that beautiful girls are dumb, statistics compiled at T. C. U. shows that T. C. U.'s beautiful girls are not dumb. Of the twenty-one girl students in the University who have been selected for the "beauty" or "representative student" pages in the "Horned Frog" annual for the last three years, nine were on the honor roll at the time that they were chosen and only five have failed in any subject during their four years in college.

Three of these have graduated "Magna Cum Laude," one of the highest honors that graduates receive. Four have held membership in the T. C. U. chapter of the Texas Scholarship Society, membership in which is open only to those who make an index grade in the upper 10 per cent of their class.

The three girls who graduated with honors are Miss Nella Byrne, A. B. '26, Fort Worth; Miss Belle Burnett, A. B. '27, Ryan, Okla.; Mrs. Jerome Moore, nee Miss Ruby Scott, A. B. '28, Denton.

Members of the Scholarship Society are: Misses Burnett, Byrne, Scott and

Robbie Lee Polk, senior in the university from Killeen.

Others who are on T. C. U.'s list of "beautiful but not dumb," are, Misses Helen Beren, senior, Snyder; Frances Brady, A. B. '28, graduate student, Waxahachie; Nora Bryant, sophomore representative last year, Breckenridge; Mae Nell Elliott, freshman representative year before last, Memphis; Betty Glenn, junior representative '27, Washington, D. C.; Martha Kate Haggard, freshman representative in 1926, Plano; Helen Jenkins, sophomore, Houston; Mary Madeleine Miller, A. B. '26, Fort Worth; Mrs. Warren Clark, nee Mabel Mills, B. B. A. '26, Duncan, Okla.; Mae Morgan, junior, Fort Worth; Mrs. Raymond Wolfe, nee Martha Mae Morris, A. B. '27, Fort Worth.

Kathryn Morris, A. B. '28, Graham; Mrs. Cooper P. Robbins, nee Elizabeth Nabors, junior representative last year, Humble; Elaine Sharp, freshman representative last year, Dallas; Sarah Hal Williams, junior representative in 1926, Hamilton; Anna Mary Mars, freshman representative in 1926, Curby.

Seniors Choose Gift on April 8

Gates, Tower, Portrait of "Prexy," Statuary Are Suggested.

Seniors will decide on the gift which they will present to the University at graduation, at the meeting of the class on April 5, according to announcement made at the class meeting held at the chapel hour Monday. William Baleh, chairman of the gift committee, last Friday submitted four proposals for the gift. These and three others were voted upon by the class at the Monday meeting with the result that the final voting will be taken upon the following suggestions: Gates at the North of the campus, at the intersection of Cassell Boulevard and University Drive; one or two busts of famous authors for the library; a gate at the South end of the campus on Rogers Street; a portrait of President Waits; a companion, or tower, similar to the one on the campus of the University of California.

The approximate cost of each of these gifts will be stated to the class before the final vote is taken. Suggestions which were rejected were a car stop shed and a wall around the campus.

Students Judged By Their Use of Knives and Forks

"Eating houses where traits of character are discovered," says Jack Bailey, a student at T. C. U., who works during his spare hours at the Modern Cafe. "We judge a person's character by his manners," continued Jack, "the way he gives his orders, eats his food, and conducts himself while he is seated at the table."

The Modern Cafe is located just across the street from Britie College of the Bible, and it has been under the management of Mrs. Palmer since Jan-1. The cafe provides seats for forty-two, as there are seven tables and sixteen stools.

According to Bailey, the largest crowds gather just after the 12 o'clock classes, on some days the record shows over 200 sales. Sandwiches seem to be the best sellers among girls, with pimento cheese the most popular, while the boys prefer plate lunches. Pie is also a favorite dish among the boys.

"There appear to be kleptomaniacs among our students, judging by the number of soft shakers and silverware that disappears," he pointed out. "Some of the articles have later appeared in memory books, or hanging on the mirrors in the dormitories. Jack says that the girls are too kind to please, and that it takes them twice as long to eat as it does the boys, however, he added that they were more honest and were even pleased about paying their checks.

Students Enroll

Two new pupils have enrolled in the art department the past week. The pupils are Miss Grace King and Howard Huff, both of Fort Worth, who are taking only drawing and painting in T. C. U.

To Speak at Austin Meeting

Prof. Robert M. Duncan of the government department will speak Friday before the members of the Southwest Political and Social Science Association at Austin. His subject is to be "Allegiance in the Background of the American Concept of Citizenship."

Prof. Edwin A. Elliott will also attend the meeting.

Winton Lectures at A. and M.

Dr. W. M. Winton, head of the T. C. U. biology and geology departments, lectured to the science faculty of A. & M. College Monday night. The subject of his lecture was, "Recent Advances in Paleontology."

Has Part in Winning Play

Miss Leta Ray, a sophomore and a member of the T. C. U. Dramatic Club, played the leading role in "Betty Gets a Job" which was presented by the literary section of the University Club last Thursday afternoon at the home of Mrs. Colby D. Hall. This play won first prize in a recent contest held by the book section of the University Club. Miss Ray also read a short story, "The Big Road," and a poem, "Moonlight in Mississippi," which won first prize in the same contest in the short-story and poem divisions.

Physics Lab Has Last Microphone That Harding Used

The physics laboratory now has a microphone which is said to be the one into which former President Warren G. Harding last spoke. He is said to have used it in St. Louis, Mo., in June 1923.

The microphone belongs to the Southwestern Bell Telephone Company. Joseph B. Meacham, a student of physics at T. C. U. and an employee of that company, was able to secure the microphone for the physics department.

This microphone is now being used in connection with the newly installed oscillograph, an instrument which records sound waves, in an experiment to be made by members of the physics classes. According to Prof. Newton Gaines, students will be able to see the sound waves of their own voices.

T. C. U. Wins in Debate

Armstrong and Buck Get 2-to-1 Decision Over N.T.S.T.C.

The T. C. U. debating team, made up of Lloyd Armstrong and Hugh Buck, defeated a team from North Texas State Teachers' College, Denton, in the T. C. U. auditorium Friday evening.

Armstrong and Buck upheld the negative side of the question, "Resolved: That a substitute should be adopted for the trial by jury." A two-to-one decision was given.

Sponsors Chapel

Senior Class Provides Program of Music and Talks.

The senior class sponsored the program in chapel Friday, with Weir McDiarmid acting as chairman.

The program was opened with several numbers by the orchestra, conducted by Vess Taylor.

A devotional service on charity was then led by Warren Day, closed with a prayer led by Jean Hall.

William Baleh told of his meeting and talking with Richard Hillburton, who lectured at Central High School Wednesday night.

Roberta Dedmon played several popular numbers on the piano.

\$1000-Prize Offered

Seniors of '29 May Compete in American Mercury Contest.

Members of the senior class have the opportunity to become a contributor to The American Mercury in the October number.

The American Mercury offers \$1,000 in prizes to the class of 1929. One of \$500 to a man and one of \$500 to a woman for the best essays discussing their four years of college life.

For further details see the announcement upon the English department bulletin board.

Hat Remodeling Taught

Class Learns Millinery Designing and Making Over.

Making over old hats and designing new ones is the occupation of the millinery class in the home economics department. This class meets every Wednesday from 1 to 5 o'clock and is conducted by Miss Enlow.

Those enrolled for the course are: Misses Charlotte Housel, Bernice Wesley, Mildred Tomlinson, Oleta Wistock, Mable Lee Gunter, Mozelle Johnson, Margaret Roberts, Amelia Edwards, Vera Turbeville and Charra Dirks. Misses Housel, Kelly, Tomlinson, Gunter, Roberts and Dirks are majoring in home economics.

Ridings Are Called to Missouri

Prof. J. Willard Ridings, head of the journalism department, and Mrs. Ridings, left Monday afternoon for Missouri, where they were called on account of the serious illness of Mrs. Ridings' mother.

CAMPUS CALENDAR

March 27-4 p. m., T. B. Smith lecture; 6 p. m., Junior picnic. March 29 and 30—Tournament plays under the auspices of the Public Speaking department.

"Bali, the Garden of the Gods," Is Lecture Subject

Andre Roosevelt Will Speak at T. C. U. on April 2.

HANDMAN HERE APRIL 4

To Talk on Economic Motives and Economic Interpretation of History.

Andre Roosevelt, explorer, and Dr. Max Sylvius Handman, professor of economics at the University of Texas, will lecture at T. C. U. April 2 and 4, respectively.

Mr. Roosevelt's subject is "Bali, the Garden of the Gods." He will tell of his explorations while on the island, illustrating his story with motion pictures which he made while he lived there.

He is a member of the distinguished Roosevelt family of America, born in Paris and educated in France, England and Germany. His love for adventure took him to the Dutch East Indies to the little island of Bali, where he became the only American resident.

Mr. Roosevelt was so fascinated by the beauty of the island and its natives, by their extraordinary and ancient civilization, their arts, laws and customs that he decided to remain and study them. He is now considered an authority on Bali, according to Prof. Newton Gaines, chairman of the lectures committees of T. C. U., and his knowledge has been obtained through years of association with the natives and their aristocratic chiefs.

The subject of Dr. Handman's lecture will be "The Economic Motives and Economic Interpretation of History." Dr. Handman was born in Rumania but is a naturalized citizen of the United States. He took his A. B. degree from the University of Oregon, his Ph. D. from the University of Chicago. He has done graduate work at Columbia and at the University of Berlin.

According to Prof. Edwin A. Elliott, professor of economics at T. C. U., Handman is the greatest economist in the south. He was chosen chairman of the division of economic history at the last meeting of the American Economics Association in Chicago.

Dr. Handman contributes to the Political Science Quarterly, The Dial, and Outlook magazines.

Does Research Work

Stewart Studies Reclassification of Animals Under Winton.

Edwin Stuart, a junior at T. C. U., has been doing research work according to the reclassifications of animals by blood count. Stuart has been directed in his experiments by Prof. W. M. Winton, professor of biology and geology. The blood extractions have been made from guinea pigs and rabbits that belong to the science department.

Stuart is a pre-medical student and will receive his B. S. degree next year at Washington University, St. Louis, Mo. He is now a member of the T. C. U. Band, Pre-Med Club and the Science and Biology Society.

Stuart is also assistant dean in Clark Hall.

ANNE HOWE SAYS—

Most girls are putout to walk home.

SOCIETY

Miss Bennett Gives Bridge Club Party

Miss Leora Bennett, 616 Travis, entertained the Merry Bidders Bridge Club at her home Thursday evening. In the games Miss Haynie Bell won high score and the cut prize went to Miss Louise Knox, a guest. Consolation prize went to Miss Vera Turbeville.

Refreshments in which the Easter motif was prevalent were served to the following: Misses Betty Southwell, Ida Katherine Moore, Louise Hunter, Gussie Lee Jones, Dorothy Crady and the hostess.

The next meeting will be at the home of Miss Dorothy Crady, 1106 South Lake, on April 4.

Miss McGahhey Has A. O. S. Club Party

The A. O. S. Club of T. C. U. was entertained last Wednesday evening by Miss Margaret McGahhey and her mother with a party given at their home on Fifth Avenue. The McGahheys formerly resided in Stuttgart, Arkansas.

Bunco was played by the guests and refreshments of fruit punch and cakes were served.

Members of the club who attended were: Misses Ruth Baber, Ruth Burman, Ruth Mahlen, Lillian Eylers, Beatrix Schallhorn, Elberta Sturm; Messrs. Bill Purdy, Claud Goodreau, Ted Comp, Bob McDaniel, Sterling Brown, Robert Qualls, Jack Greer and Miss Lenora May Williams, sponsor.

Spanish Club to Have Officers' Night

Officers' Program Night" will be observed by members of the Spanish Club tonight at their second meeting this year.

The meeting will be held in Prof. Claude Sammis' studio. Anyone interested in affiliating with the club will be taken in at this meeting, according to Miss Eula Lee Carter, sponsor of the club. The time and place for the future meeting will be decided upon tonight. A social calendar will also be discussed.

Those who will appear on the program are Kenneth Martin, Sue Montgomery, Frances Hill, Elizabeth Walling, Elizabeth Coker, Clotilde Houle and Rita Langston.

Congenial Co-Eds Elect New Member

The recently organized Congenial Co-ed Club took in one new member, Miss Marie Roberts, at its meeting last Thursday night at the home of the secretary-treasurer of the club, Miss Lesbia Word, 2561 Wabash Street. Miss Roberts, who was chosen to fill the vacancy left by Miss Ruth Ward, will be initiated at the next meeting of the club at the home of Miss Gertrude Van Zandt, 1818 Henderson Street on April 5.

After a short business meeting at which a constitution was adopted, bridge and other games were enjoyed by the members of the organization. Prizes were won by Misses Edith Day, Allene Allen, Betty Lee Blankenship and Gertrude Van Zandt. A color scheme in pink and lavender, the club colors, was carried out in violets and ribbon table decorations.

Officers of the club are: President, Margaret Moore, vice president, Betty Yater Marcey; secretary-treasurer, Miss Ward and parliamentarian, Lomoyne Laurence.

Refreshments were served to the following: Misses Allen, Blankenship, Van Zandt, Marcey, Laurence, Edith Day, Erel Day, Moore and Ward.

128 Candidates Seeking Degrees

More Seniors Majoring in English — 78 to Get A. B.'s.

One hundred and twenty-eight seniors at T. C. U. are candidates for graduation in June, according to an unofficial list compiled by Registrar E. R. Tucker at T. C. U., which shows 78 of the number as seeking Bachelor of Arts degrees, 18 Bachelor of Business Administration degrees, 14 Bachelor of Science, 10 Bachelor of Music, 7 Bachelor of Education and 1 Bachelor of Science in Home Economics.

More of the prospective graduates are majoring in English than in any other one subject, 20 showing this subject as their preference. Commerce comes second with 18 majors, history third with 13, and Spanish next with 11 majors.

Personals

Miss Alleen Cunningham of Taylor spent the week-end with Miss Margaret Johnson.

Miss Mildred True returned to school last Friday after a four-day's illness.

Miss Mae Nell Elliott of Memphis, Texas, sophomore in T. C. U. last year, visited her brother, Rainey, and other friends on the campus last week. Miss Elliott is teaching near Memphis this year.

Troy Baxter, Paige Harrell and Pete Reed visited their home in Dublin recently.

Miss Corinne Cunningham, a former student of T. C. U., spent the week-end as the guest of Miss Dorrit Moses.

Mrs. Dixie Smith, Snyder, is visiting her daughter, Miss Dixie Ruth Smith.

Miss Mildred Goinn spent the week-end with Miss Arrawannah Taylor of Arlington Heights.

Miss Marjorie Lee Robison spent the week-end at her home in Forney. Seldon Self, M. S. '28, was on the campus Sunday visiting his sister, Miss Betty Self.

J. W. Hinton spent Sunday at his home in Cleburne.

T. L. Montgomery was among the T. C. U. students in Waco this week-end.

Chester Crow was called to his home in Austin last week on account of the death of his grandfather.

Aubrey Elkins was visited this week-end by his mother and sister from Waco.

Club Hears Paper On Edgar Lee Masters

Miss Ina Bramblett read a paper on "Edgar Lee Masters, the Poet" at a meeting of Sigma Phi Delta, freshman girls' literary society, in the Brite Club room Tuesday evening.

Miss Harriet Griffin led the discussion and roll call was answered by quotations from author being studied. Miss Edna Mae Beck, president, presided over a short business session. Twenty-nine out of the 36 members of the club attended the first regular meeting of the organization which was only recently formulated, according to Miss Nellie Cook, faculty sponsor.

Club Sings German Songs at Meeting

The group singing of German songs was the feature of the regular weekly meeting of the German Club last Tuesday evening. Miss Annabel Hall directed the singing, and was assisted in the interpretation and pronunciation of German words by Miss Margaretha Ascher, associate professor of German, supervisor of the club.

One year ago:
 March 25—Stewart, Hellman wins Gough Oratorical prize, speaking on "From Isolation to Leadership."

March 26—The athletic department honors senior letter men in football with a dinner at Lake Worth.

March 27—B. B. A. students manage Washer Brothers' store for an afternoon.

March 28—Fifteen students from the Journalism classes visit the Dallas News.

March 29—The University Interscholastic League holds one-act play contest at T. C. U.

Five years ago:
 March 26—E. E. Dale, professor of history in the University of Oklahoma, reads poetry in chapel.

March 27—Dick Gaines discusses Eugene O'Neill's "All God's Chillun Got Wings" at a meeting of the Add-ran Literary Society.

March 28—The T. C. U. orchestra gives radio program over WBAP.

March 29—Jim Slayter wins honor of representing T. C. U. in Gough Oratorical Contest.

March 30—T. C. U. Tennis Team loses to Trinity Tigers.

Ten years ago:
 March 25—Men's Glee Club goes to Waxahachie to give program.

March 27—Track Team accepts offer from Austin College to have dual meet there April 1.

March 29—T. C. U.'s 1000 per cent baseball crew defeats Utility team.

Lockhart Talks at Brite Chapel

"God delights in well-balanced people," said Dr. Clinton Lockhart at Brite Chapel last Wednesday. "The possibilities of a man are unlimited. A well-balanced education that includes an understanding of God's two great books, the Bible and nature, and a well-balanced purpose, that goes very far to make a man, are the essentials of a well-balanced man. A great purpose is the balancing power of life. Fit your purpose into God's purpose, and it will not be fragmentary. God in Christ, Christ in us, and we in Christ make the well-balanced life."

Represented in Exhibit

Zeigler Has Picture Displayed by Southern Art League.

Prof. S. F. Zeigler is represented in the annual exhibition of the Southern States Art League in San Antonio by a lithograph "Discovery Field." The picture is a view of an oil field, showing derricks, stream, tank and bushes. The foreground shows a small lake for drilling.

The Southern States Art League is an organization consisting of 500 members who are artists and art patrons. The members live in the Southern States or were born in the Southern States. Two groups of pictures are selected each year and sent on a circuit to art centers of the South. Two years ago Professor Zeigler was represented on the canvas, "Proven Fields," which is now hanging in Jarvis Hall.

Fine Arts News

Dr. H. D. Guelick, head of the Fine Arts department of Texas Christian University, was appointed chairman of the music contest committee of the International Boys' Week and Girls' Week to be held in Fort Worth late in April. This week is an annual observance throughout the nation.

The Saturday evening radio concert over WBAP by artists of the Fine Arts department will be broadcast next Saturday by Miss Lillie Mae Dinkins, pianist, and Miss Edith Kelsey, soprano.

The regular Wednesday afternoon student recital in the studio of Dr. Guelick will be given this afternoon by Misses Mary Spratt, Maxine Garrett, Edna Gibbard and Allah Reeves.

Miss Elsie Willis, Miss Edith Kelsey, Prof. Morrison and William Balch are singing in the St. Andrews Episcopal Church choir.

Cecil "Buzz" Morgan spent Saturday and Sunday in San Angelo.

Thursday, Friday and
Saturday by

The Collegians

At Your

PALACE THEATRE

College life is vividly portraed by THE COLLEGIANS. They are a lively group of young actors and their college pranks will keep you laughing long after you have left the show.

Come with that "College Spirit," prepared to make "WHOOPEE" with THE COLLEGIANS.

A new series is shown every Thursday, Friday, and Saturday.

The Collegiate Clothes worn by "The Collegians" consist of Sport Clothes, Evening Dress, Formal Wear, Street Clothes, and many novel creations for the well-dressed "Campus Lights."

These new and appropriate styles for the college boy and girl are displayed on this page.

Be sure your wardrobe is complete before leaving for the Easter Holidays.

Frog Flashes

Dutch Meyer's baseball nine showed some real stuff against Spick Clark's Daniel Baker team Friday and Saturday. From the looks of the team now, the Frog banner should be carried to a high perch in the conference race.

The pitching of Walker and Cox is a pleasing bit of subject matter for a Frog fan to think about. These two lads were in mid-season form against the Hill Billies. With Walker and Cox as mainstays, and Buckley, Chappell, Atkins, Sanders and Eury in reserve, the pitching problem seems to be solved.

The hitting strength of the Meyer men is a matter that pleases the coach very much. Buckley, Walker, Griffin, Flynn, Grubbs, Carrell, Wallin, Sain, and Wright connected solidly in the two-game series.

Hobo Carson, former star Frog moundman and now with the San Antonio Bears, is showing up well in practice games. The word comes from the Alamo City that he will probably stick. Harry Taylor will report to the same club when the present school term is out at Post, where he is coaching. He is an outfielder.

Now that spring training is over, Coach Schmidt has returned to Arkansas to finish out his contract with the Ozark school. He will return to Fort Worth the latter part of August to make preparations for the opening of fall practice on Sept. 10.

Matty Bell will terminate spring football work at A. & M. soon and return here to finish out his contract year. Bell had more than 40 men out for practice at College Station.

The practice game between the "Purples" and the "Greys" Saturday showed that there would be several good men on the 1929 gridiron squad. The letter men showed up exceptionally well, especially Capt-elect Brumbelow, Red Moore, Griffith, and Barr.

The game ended like the kind you read about. The score was tied, 0-0, and only one minute to play. Hinton, quarterback on Griffith's "Gray" team, tossed a pass to Snow, end, who ran 20 yards for a touchdown. Before the kick-off could be completed, the gun shot to end the game.

Incidentally, Hinton and Snow are both freshmen. The combination should go good next fall. Other freshmen that showed possibilities are Dennis, "Football" Moore, Pollard, Green, Woolwine and Elkins.

T. C. U. sends Cy Leland to the Texas relays at Austin this week-end. The good showing that he made in the Southwest Fat Stock Show meet has put the Lubbock flash on the map. The boys in the dormitory call him "Dash."

If the Frogs can "break even" with the Longhorns, they have a good chance to give the Dischmen a run for the money in the conference race. Dutch Meyer states that he does not fear their offense so much as he does their defense. Texas University baseball teams have always been noted for a strong defense.

Walker will carry the brunt of the mound duty today. Cox will take the box tomorrow.

Graduation will not hurt Dutch Meyer's men this June. Only two seniors are on the squad, and both of them are rookies, that is they have not played varsity ball before. Ralph Sanders and Gordon Griffin are the two; the former is a pitcher, while the latter is an outfielder.

With a year's seasoning and experience, the 1930 team should be 25 per cent stronger than the present team. Sain, Williams, Chappell, Carrell, Flynn and Wright are sophomores that make up the squad.

In the intramural basketball race the senior "B" team has that league's championship practically cinched. They are undefeated. The "Rough Riders" are undefeated, too, and lead the Independent League. As yet the "A" championship rests between the Sophs and the Seniors. A play-off between the winners of the three leagues will decide the intramural champion of T. C. U.

Most of the Senior "A" team plays on the "Rough Rider" team. Wonder what will happen if the Seniors win the "A" championship? In other words, the "Rough Riders" and the Senior "A's" are the same team. Miami Professor to Teach Here

Dr. N. V. Clubb of Miami University will have charge of the English department for the summer session. Miss Lyle Spragins will instruct the freshman and sophomore classes.

Frogs to Meet Longhorns Today

Southwest's Baseball Season Opens With 2-Game Series.

The 1929 Southwest Conference baseball season will open today with a game between the T. C. U. Horned Frogs and the Texas University Longhorns.

Walker will pitch for the Frogs, with Sain behind the bat; Wallin on first, Carroll at second, Turner at short, Grubbs at third, Flynn in left field, Wright in center and Buckley in right.

A second game will be played tomorrow by the two teams. Cox will probably take the mound for the Christians.

The Frog training season was closed with a two-game series with Herman Clark's Daniel Baker team Friday and Saturday and a single contest Monday with Ennis, Texas, Southern Pacific team. The Hill Billies dropped both games to the Frogs. The score of the first contest was, 6 to 3, while it took ten innings for the Frogs to hang a 6-to-5 defeat on the visitors in the second contest.

The game Monday was dropped by a score of 4 to 2. Walker, Cox, Eury, Chappell and Sanders did the mound work in the three games, Walker and Cox being the most impressive.

Following the Thursday game in Austin the Horned Frogs will journey to Brownwood to play a two-game series with the Hill Billies, returning to Fort Worth Sunday. The squad left here Tuesday en route to Austin.

Practice Game Ends Spring Grid Training

Purple Victorious Over Group as Football Equipment Is Packed Away.

Spring football training was concluded with a game Saturday between the "Greys," captained by Austin Griffith, and the "Purples," captained by Capt-elect Lester Brumbelow.

Griffith's team was victorious with a score of 6-0. Hinton, Snow, Barr and Handler showed up well with Capt. Griffith of the winners. On the purple side Brumbelow, Green, Woolwine and Red Moore stood out.

Coach Schmidt was well pleased with the showing made and stated that he believed that the boys got a great deal out of the four weeks' work. However, interruptions made by the boys working at the Stock Show, and the weather, hampered the work considerably.

Football equipment was laid away at the close of the game until Sept. 10, when the training season for 1929 opens.

Relationships to T.C.U. Since '22 Vary for Teachers

To be the wife of a faculty member, then a student, then a member of the faculty and mother of a student, is the close relationship Mrs. Bryson of the English department holds to T. C. U.

Mrs. Bryson was the wife of Walter E. Bryson, head of the department of English, when he died in 1922. She continued her studies and received her B. A. degree at T. C. U. in 1924, and became an instructor of English. In 1926 Mrs. Bryson received her M. A. from Chicago University. At present Mrs. Bryson is dividing her time between her English classes and her young daughter, Virginia, a freshman at T. C. U.

Frogs To Play Cats, Ponies

Dutch Meyer's Horned Frog baseball nine will encounter the Fort Worth Cats Monday at La Grave Field. This game will conclude the practice season for the Frogs.

Two conference games will be played between the Frogs and the S. M. U. Mustangs on Wednesday and Thursday of next week.

Leland to Represent T.C.U. in Austin Meet

Winner of Stock Show 100-Yard Dash to Compete in Texas Relays.

Cy Leland, Frog dash man, will represent T. C. U. in the Texas Relays at Austin Friday, and in the S. M. U. Relays at Dallas Saturday.

Leland put himself "on the map" by winning the 100-yard dash at the recent Stock Show meet. His time was 10 seconds flat. He was barely nosed out by Phelps, of Abilene Christian College, in the 220-yard dash.

Representatives from schools in all parts of the Midwest will compete in the two-day event.

Schmidt to Arkansas

Spring Training Over, Coach Returns to Finish Contract.

Coach Schmidt left for Fayetteville, Ark., Sunday night. Spring training in football closed Saturday and the new Frog mentor returned to the Arkansas school to finish out the year's contract.

He will return to T. C. U. the latter part of August to make preparations for the 1929 season. Practice starts Sept. 10.

Frosh Baseball Men Called

Freshman baseball coach, Bear Wolf, urges that all freshmen baseball aspirants report to him for practice. Work has already been started with the first year men, but now that spring football is over, the new line coach states that he wishes all men to report for diligent practice.

Jarvis Sophomore Shopping List For Rush Day Revealed

A sentence which was heard throughout Jarvis Hall last week was "Have you your clothes for class rush day?" As some upperclassmen became enthusiastic over this annual day, they wrote down plans which had been made. One girl carried a piece of paper on which was written, "Shopping List—green paint, red, green, yellow, wire, ballin wire; sulphur; molasses; fly paper; stockings; lard; wieners; spitgefy; purple plume; red hat."

Another girl had a list which said: "Cafeteria lecture subjects—'Starving - Armenians,' 'How Many Wrinkles in a Barrel of Prunes?' (worked out by ration), 'How Long Is a Rope?' 'Starving Jarvisians,' 'How Big Is a Hole in a Doughnut?' Another sophomore was found in her room making signs to hang on the backs of the freshmen. Some of the signs were: Fred Erisman Is My Man; Wayne Shirley Is My S. L.; It Is Better to Have Loved and Lost Than Never to Have Loved at All; Flaggging My Man; I'm Going to Main Building to Meet Hugh Buck.

Southwest Golf Meet to Be Here

T. C. U. to Be Host to Conference Links Men in May.

The Southwest Conference Golf Meet will be played in Fort Worth on May 16, 17 and 18, according to Victor Robertson, captain of the T. C. U. team and No. 1 man.

Other meets will be with S. M. U. in Dallas on April 22. The T. C. U. team will journey to Austin for a match with the Texas Longhorns on April 27. The Frogs will be the hosts of the Mustang crew for a match on May 6.

Men for dual matches rank as follows: Victor Robertson, No. 1; Milton Sims, No. 2; Bill Rogers, Jr., No. 3; and Bailey Walsh, No. 4.

Six men are allowed in the conference meet here in May. Bud Norman and another player, yet to be chosen, will make up the six-man team.

Intramural Cagers' Last Game Tonight

Sophs and Seniors to Play for Championship of Class "A" League.

Featuring the last week of play in intramural basketball is the game tonight between the sophomores and seniors, who are tied for first place in the "A" Class League. The Rough Riders and Senior B have clinched the championship in their respective leagues, both teams undefeated so far.

The high light of last week's play was the 52-38 victory of the Sophomore A over the Faculty. John McDiarmid established a new individual high scoring record by chalking up 31 points in this game.

The intramural championship will be determined the last of this week by an elimination tournament between the winners of each league.

Draper Working Out at T. C. U.

Weldon Draper, former track star of the University of Southern California, is working out daily on the T. C. U. cinder path. Draper is getting in shape for the S. M. U. relays, March 30. The former Central High School dash man will run in an exhibition 100-yard dash with Percy Williams, Olympic champion.

Laura Shelton Compares Ride in Airplane to Taxi

"It's just like riding in a taxicab," was the way Miss Laura Shelton, who has charge of the University Book Store, described her recent ride in the Parker Duofold, airplane owned by the Parker Fountain Pen Company. "Understand, this wasn't the first time I have been in an airplane," Miss Shelton hastened to explain, "but it's the first time I've gone up in a closed-cab type."

THE FAIR

T.C.U. CHAFF

Ody Thompson reports on the progress of his class of campusology. Only one student qualified in the preliminary tests and Ody says she's coming along nicely. His aim seems to be to have her on the honor roll. After being coached by such an eminent and experienced professor as Ody, it's her own fault if she doesn't come out par excellent.

Said one Goode Hall Man.—If you ever step out with my girl again I'll shoot you.

The Culprit.—Well, I'll deserve it.

Austin Griffith says he's in favor of doing away with president's rush. No reason why he shouldn't like to be rushed, he's used to getting the grand rush, we understand.

Weir McDiarmid is a devoted son. Why he even let's his dad drive the family car . . . sometimes.

Class rush day revealed lots of things the student body has been wanting to know for some time. Jarvis Hall Upperettes were especially well pleased at the confessions of those little Frosh girls made on that day. Now they've got the low-down on every one of 'em—just what they've been waiting for all these months.

Randall Reed says people who are in love are usually dizzy about what they say at times. Lots of these T. C. U. kids must be in love.

With the quantity (and quality) of good looking biology teachers and lab assistants it's no mystery why so many students are developing an interest in biology.

A recent Star-Telegram reveals that at last a man has verified the statement that the editor always makes to the cub reporter:

"If a dog bites a man, that isn't news—if a man bites a dog, then there's news!"

Some man bit a dog . . . poor dog! One weary journalist says a girl biting a man isn't news, either. What we want to know, does this work vice-versa like the first one did?

Forrest White and Ernest Strange admit that they took a little girl home from the Fat Stock Show. Ten to one there was a motive in doing the favor. Strange has been known to give odds in a bet.

He says.—Never let a fool kiss you. . . .

She adds.—and never let a kiss fool you. . . .

Jack Shackelford and Gordon McMahon spent the week-end in Waco visiting friends.

Just arrived for Easter . . . and after

Drink Coca-Cola Delicious and Refreshing

PAUSE AND REFRESH YOURSELF

WHOA! HOLD EVERYTHING. HERE'S A LITTLE EXTRA-CURRICULAR DEMONSTRATION OF A PAUSE THAT'S GOING TO NEED PLENTY REFRESHMENT.

But you don't have to fall off a polo pony to demonstrate the pause that refreshes. Every day in the year 8 million people, at work and at play, find it in an ice-cold Coca-Cola—the best served drink in the world—the pure drink of natural flavors that makes a little minute long enough for a big rest.

OVER 8 MILLION A DAY

The Coca-Cola Co., Atlanta, Ga.

YOU CAN'T BEAT THE PAUSE THAT REFRESHES

IT HAD TO BE GOOD TO GET WHERE IT IS
