Press Congress To Be Held at T. C. U. April 4-5

Prominent Texas Journalists and Students to Attend.

PROF. RIDINGS PRESIDENT
Dealey of Dallas News, Foster of Houston Paper and Others to Speak.

Dr. James Q. Dealey, editor of the editorial page of the Dallas News, and Marcellus E. Foster, editor of the Houston Press, will be among the speakers at the joint meeting of the Southwestern Journalism Congress and Southwestern Student Press Club to be held in T. C. U. April 4-5. Prof. J. Willard Ridings is president of the congress. Miss Pauline Barnes is president of the student group.

Sam P. Harben, secretary of the Texas Press Association, probably will speak Friday afternoon on "Opportunities in the Country Field." Fred Dye, who is head of the Texas Bureau of the Associated Press, will speak on "The Associated Press."

Dr. Dealey will lecture on "Know Your World" on the morning of April 5. He is a nationally known educator and the author of a number of books concerning sociology and government.

Foster will speak on "The Newspaper of Yesterday, Today and Tomorrow." He writes the editorial column which is signed "Mefo." This column is syndicated to all of the twenty-six Scripps-Howard newspapers. In addition to these speakers, negotiations are under way for other prominent men and women of the newspaper world. There will be a speaker from each of the member schools. These schools are: Baylor College for Women, College of Industrial Arts, Southern Methodist University, Texas A. & M., Texas Technological College, Trinity University, University of Texas, and Texas Christian University.

The congress will open Friday morning at 9 o'clock in the Brito auditorium. Registration headquarters will be in the Brito club room. After the registration the roll call and the secretary's report, the congress will go to the auditorium in the administration building for chapel.

Friday evening there will be a combination of social entertainment and speeches in the Brito club room. The arrangements are not definite, according to Professor Ridings, but it is probable that Mrs. Helen Walker Murphy will present some acts and that the Dana Press Club will give a play.

Saturday morning and afternoon will be devoted to regular sessions. Saturday night there will be a banquet. The place of the banquet has not yet been decided.

The Southwestern Student Press Club will have separate sessions Friday afternoon and Saturday morning. Homer Tomlinson, vice president of the All-Church Press of Fort Worth, will speak on "Advertising in Student Publications." Tomlinson is a former business manager of The Skiff.

New officers will be elected Saturday morning, according to Miss Barnes. The other speakers have not yet definitely accepted. There will be several round table discussions on subjects of general interest.

Spain Feature at Club

Colored Slides of Country, Men Shown at Los Hidalgos.

Colored slides of Spain, her rulers, buildings, famous paintings and landscapes, featured the entertainment of Los Hidalgos last Thursday night in the biology laboratory. Miss Elizabeth Rice, Miss Clotilda Anne Houza, Kenneth Martin and Melvin Beaver had charge of the program.

Immediately preceding the program a short business meeting was held to discuss a page for the annual. Also plans for entertaining the faculty at its meeting March 4 were made.

Dr. Glaze to Address Mothers

Dr. J. A. Glaze, professor of psychology, will address the Y. M. C. A. Mothers' Club Wednesday afternoon, Feb. 26, on "Behavior Problems."

\$2 Prize Is Offered For Best Skiff Copy

The Skiff offers a prize of \$2 each week for the best piece of copy written by a non-journalism student. The copy must not exceed 300 words. Miss Pauline Barnes, editor of The Skiff, and Prof. J. Willard Ridings, head of the journalism department, are judges.

All copy must be turned in at The Skiff office, the journalism office or placed in The Skiff box on the main floor of the administration building, by Saturday noon to appear the following Wednesday.

Simmons Band to Play

Cowboys to Appear at Central High School Tonight.

The Simmons University Cowboy Band will play in the Central High School Auditorium tonight at 8 o'clock.

This band is here under the auspices of the Central High School Ex-Students' Association.

In June the band will sail for Europe where audiences have already been arranged with a number of notable.

Tickets are \$1 for townspeople and 50 cents for students. They may be obtained either from Mrs. John F. Lyons at Fakes or from the bookstore, according to Doyle Goodwin.

Prof. Smith Will Give Series of Lectures

Prof. R. A. Smith addressed the elementary division of the Parent-Teacher Association last Monday on the subject: "Parental Education."

This was the first of a series of lectures to be given by him the third Monday of each month for the remainder of the season.

History of Texas for Past 400 Years, War With Mexico Outlined

Texas was under the rule of Spain for three centuries. Later, when Mexico revolted, she had no particular interest in Texas and invited Americans to settle here.

The Americans came. Most of them were from the Southwest. The population doubled and redoubled. When Mexico saw the interest the Americans were taking in Texas, she passed a law forbidding more Americans from coming into the country.

In November, 1835, a provisional government was organized for Texas, with Gov. Henry Smith and a council to manage public affairs. The Texans were still pledged to Mexico, however. When the Mexicans became suspicious of the Texans and passed laws keeping Americans out, the Texans revolted.

Other causes of revolt were the refusal to separate Texas from Coahuila, the proposed settling of Mexican convicts in Texas, the insolent tyranny of Mexican officers, who were sent here to collect taxes, and the entire lack of sympathy between the Anglo-Saxon and Mexican races.

March 2, 1836, at Washington-on-the-Brazos, Texas was declared a free and independent republic. David G. Burnett was made president ad interim.

The massacre of the Alamo on March 6, 1836, the destruction of Grant and his men, of Johnson and his soldiers at San Jacinto in February, and the surrender and massacre of Fanning and his men at Goliad on March 27, filled Texas with gloom. However, they were determined to gain their freedom.

The battle of San Jacinto, April 21, 1836, was a decided victory for the Texans. Santa Anna, the leader of the Mexican forces, was captured. This virtually ended the revolution. He sent the Mexican forces across the border, and promised to induce Mexico to recognize the independence of Texas.

Loans from the United States helped Texas to gather an army. Many volunteered to serve Texas from the United States.

'Independence' Is March 3 Chapel Program Theme

Texas' 94th Anniversary to Be Honored by T. C. U. Clubs.

SPEAKER TO BE FEATURE

Lone Star State Only One That Celebrates on Freedom—Won During 1836.

Texas is the only state in the Union that celebrates her own Independence Day.

T. C. U. will observe Monday, March 3—the ninety-fourth anniversary of the birth of the Republic of Texas—with a Texas Independence chapel program featuring a speaker arranged for by the Parabol and Music Clubs. The T.C.U. Band will wear its new uniforms for the first time when it appears on this program.

Students who are natives of Texas were required to study the history of the state in high school, and they know the story of the Alamo, of the battle of San Jacinto and other historic events, perhaps better than United States history. But it would not be out of place here to recite a bit of Texas history for the benefit of students born and reared in other states.

Four centuries ago, when Cabeza de Vaca was shipwrecked on the Texas coast, he claimed the land for Spain. There came a period of a century and a half in which nothing was done with Texas.

In 1684, the French explorer, La Salle, through accident sailed into Matagorda Bay, and France laid claim to Texas. Alarmed at this, Spain in 1718 established the Alamo Mission, the nucleus of San Antonio. She built several other missions during the next 100 years but did not develop the country.

It was not until 1819, when Spain lifted the ban on American immigration into Texas, through the efforts of Moses and Stephen Austin, that Texas began to be populated. After 1819, American pioneers, adventurers and farmers came into the wide areas by the thousands.

Shifting policies of Spain and the long revolution of the Mexicans which established the Republic of Mexico in 1824, caused the Texas settlers serious difficulties. Dissatisfaction increased, and finally, after the fall of the Alamo, a congress at Washington-on-the-Brazos set up the independent Republic of Texas on March 2, 1836.

Then came a short period of war. Toward the end of April, the Texas forces, under Sam Houston, defeated a Mexican army and captured Santa Anna, president of Mexico, on the battlefields of San Jacinto. The war was over.

Ten years later Texas was annexed by the United States. In all, Texas has been under six flags; those of Spain, France, Mexico, the Republic of Texas, the United States and the Confederate States.

Prof. Baker returns after week's absence

Prof. Paul Baker has resumed his sociology classes after a week's absence due to illness. During Professor Baker's absence Miss Lamar Griffing took charge of the class in social case work.

Miss Dora Macy and Samuel Kitchin taught the classes in introductory sociology. Bill Rogers took charge of the government 12B class, and Henry Smith lectured to the class in criminology.

Two Girl Orators to Try Out

Misses Opal Gooden and Mary Ruth Campbell will try out in the girls' oratorical contest, which will be held the second week in March. The winner will represent T. C. U. in the state meet at Southwestern University in Georgetown.

Hearts and Names Made in Fresh Cement Tell History of Lovers

Some of the historical facts of ancient man were discovered from bits of rocks and stone. Our biologists trace the ages and study the developments of lower life by the use of the ammonites.

Moses first read the Ten Commandments from a pillar of stone, as bits of the history of T. C. U. students may be traced by the writings and sketches which were formed on the campus sidewalks when they were still fresh.

There are hearts and arrows crossed through them, and on one of these hearts in large letters reads "Dublin." Every one who is acquainted with Troy Baxter knows well that this is a bit of "ancient" history. Al Parker also has his name plus an old sweetheart of his. However, the marks are dull and almost gone.

Robert Pollard, who married Louise Dickerson last spring, has his name in large letters with a "31" by it. It seems that Pollard changed his mind, for he "quituated," instead of graduating in 1931.

Dean Hall Leads Lecture Series

Is Chairman of Y. M. C. A. Course for Men on Marriage.

To keep young men from making mistakes before marriage is the purpose of the series of eight lectures on "Marriage, Its Problems and Responsibilities," now being given under the auspices of the Y. M. C. A.

Dean Colby Hall will be general chairman of the course, and Prof. E. W. McDiarmid will give one of the weekly lectures.

The lecture series began Monday evening, and will continue for the next seven weeks. According to Dean Hall, the aim of the series of lectures is to impart information to young men contemplating marriage and to those already married, with the idea of preventing mistakes rather than curing them afterwards.

"Sociological Aspects of Marriage" was the subject of the first lecture given Monday evening by Judge Hal Lattimore. Subjects speakers, and dates of other lectures are as follows: "Eugenical Aspects of Marriage," by Dr. K. H. Beall, March 3; "Biological Aspects of Marriage," by Dean F. B. Isley of T. W. C. A., March 10; "Physiological Aspects of Marriage," by Prof. E. W. McDiarmid, March 17.

"Parental Aspects of Marriage: Insuring Child's Happiness," by Charles E. Baker, March 24; "Financial Aspects of Marriage," by W. D. Smith, March 31; "The Woman's Side of It," by Mrs. Robert W. Fender, April 7; and "Spiritual Aspects of Marriage," by Rev. J. K. Thompson, April 14.

Dean Hall will be chairman at all of the meetings and will lead the discussions after each lecture.

Will Speak Here

President W. O. Mendenhall of Friends University, Wichita, Kan., who will be the principal speaker at the Student Christian Conference, which meets at T. C. U. Friday, Saturday and Sunday.

Barbecue to Be Sophomore Stunt

All Students Expected to Attend Frolic on March 7.

An all-T. C. U. barbecue, given by the sophomore class, will be held in Forest Park Friday afternoon, March 7, from 5:30 to 6:15 o'clock, according to Wendell Schuler, president of the sophomore class.

Town students may buy tickets for 35 cents. These will be on sale at the book store Thursday. Tickets may also be bought from members of the sophomore class. The evening meal will not be served in the cafeteria Friday.

The dormitory students will be given tickets to the barbecue and a mimeographed program as they come into the cafeteria some time Thursday. The cafeteria is in charge of food accommodations for the picnic.

"The barbecue will be very informal," said Schuler. "Dates are in order, and may be made before coming or after arriving at the park."

Among the many things on the program is a hobby horse contest. The most graceful hobby horse rider will be awarded a prize.

The Horned Frog Band will give an hour's concert. Following this there will be four seven-minute skits presented by the different classes in school.

A large Panatrophe will be placed in the park through the courtesy of a local music house. There will be five prizes. It will not be necessary to prom if some of the students do not want to, according to Schuler. There will be no filled prom program. All the prizes may be with the same person, or with five different persons.

Nel Roberts is head chairman of all committees in making arrangements for the barbecue. Others on the committee are Laurence Coulter, Gibson Randle, and Al Roark.

T. C. U. Loses Debates

Southwestern, Trinity Winners in Triangular Contest.

Southwestern University and Trinity University won the triangular debates from T. C. U. Friday night. The debate between T. C. U. and Trinity was held here with John Scott and Homer Peoples upholding the affirmative side of the question, Resolved, That the nations of the world should adopt a world-wide agreement for complete demobilization of all armed forces, except such as are needed for police purposes. The Trinity debaters were Harold McKinzie and J. T. Burns of Waxahachie.

T. C. U. sent a team to Southwestern at Georgetown to uphold the negative side of the argument. The members of this team were Paul L. Martin and Marion Hicks of Fort Worth.

Negro Hijacker Is Shot

Attempts to Hold Up Operator of T. C. U. Street Car.

A negro hijacker was shot when he attempted to hold up C. A. Cornett, operator of a T. C. U. street car. He boarded Cornett's car at Wylie Avenue and University drive early this morning and drew a gun on Cornett.

Cornett left the negro on the floor of the car and took him to the city hall. The gun the negro carried was found to be a small toy pistol wrapped with tape.

The wounded negro was taken to the City-County Hospital. His condition is considered serious.

The negro is believed by police to be the same negro who has held up several people here recently.

Christian Group To Be Here for Three-Day Meet

North Texas Students to Have Sessions on Campus.

TO HEAR MANY SPEAKERS

Educators, Lecturers and Missionary Workers Will Be on Programs.

"Students and Resources for a Christian World" will be the theme of the North Texas Student Christian Conference, which meets at T. C. U. next Friday, when approximately 175 students of fourteen Texas colleges will be guests on the campus. Dr. W. O. Mendenhall, president of Friends University, Wichita, Kan., will be the principal speaker of the three-day meeting.

Twenty educators, lecturers and missionary workers will take part on the program of the conference, which is held under the auspices of the Y. M. C. A., Y. W. C. A., Student Volunteer Movement, the Wesley Foundation and various campus religious organizations.

According to Lewis Copeland, chairman of the executive committee, all out-of-town delegates will be entertained overnight in the T. C. U. dormitories and in the community. Meals can be had at a minimum cost to the delegates at the university cafeteria or at cafes near the campus.

Those who will take part on the program besides Dr. Mendenhall are: Prof. George Steinman, Stephen F. Austin Teachers' College; Dr. J. Marvin Culbreth, secretary of religious education of the Methodist Episcopal Church, South; Miss Lucille Day, traveling secretary of the Student Volunteer Movement; C. T. Wharton, former missionary in Central Africa for the Presbyterian board.

Prof. B. B. McKinney of the Baptist Seminary; Dean L. L. Leftwich and E. R. McWilliams of T. C. U.; Dr. J. W. Simmons and Miss Sue B. Mann of T. W. C.; Claud Nelson, Ned Pope and Misses Celestine Smith and Fern Babcock of the Y. M. C. A.; Dr. Ledlow and Mrs. Ouida Center of N. T. S. T. C.; Miss Ernal Smith, Methodist student secretary at Denton; Dr. Aron T. Dewey of Trinity University; Dr. C. W. Hall of S. M. U.; and C. G. Fairchild, boys' work secretary of the Y. M. C. A.

Members of the executive committee, besides Copeland, include Miss Thelma Colvin, T. W. C.; John Solomon, Austin College; Miss Ernal Smith of Denton; Claud Nelson of the Y. M. C. A.; Joe Brown Love of S. M. U.; and Miss Lois Hall of N. T. S. T. C.

THE CHRISTIAN STUDENT CONFERENCE.

"Students and Resources for a Christian World" is to be the general theme of the three-day Christian Student Conference which will be in session here next Friday, Saturday and Sunday. Approximately 175 delegates representing the Y. M. C. A., Y. W. C. A., Student Volunteer Movement, the Wesley Foundation and other campus and religious organizations from fourteen Texas colleges are expected to arrive on the campus Friday.

The motivating purpose of the conference is the discussion of world religious and social problems of the time. In this age of an allegedly fast and wild younger generation, it is with pride that the work of the Student Conference is pointed out as an example of the constructive work which is being done by college students for the good of society. When the college student is too often pictured as an inebriate who contributes nothing but moral degeneration to the race, it is well to take notice of this conference of interested young people who are anxious to see the world made better. Clean minded, serious thinking young people who sincerely wish to accomplish something worth while are the kind of college students who will be found in this conference group.

The Skiff, in behalf of Texas Christian University and the T. C. U. members of the conference, is glad to welcome to the campus these delegates to so worthy a conference.

AFTER NINETY-FOUR YEARS.

While the voices of the townspeople at Washington, Texas, sang:

"For this we are determined, that Texas shall be free; "And Texas triumphant, our watchword shall be!" some 200 miles to the west young William Travis, with a small band of men, was fighting desperately for a republic of which they would never know.

That was on March 2, 1836. Just ninety-four years ago a handful of patriots founded a state that has come to occupy a place in the forefront of this Union. In 1836 the people of Texas had been aroused; "Remember the Alamo" was a stirring cry.

But what of today, and of peace? On the border of Mexico those stirring days of hatred have been forgotten. The word from Brownsville to El Paso is peace. Some may inquire, "What kind of peace?" when at every outbreak of revolution in Mexico some border town hears bullets from peons' rifles.

The answer isn't found in Texas Independence Day speeches. Neither is it found written into signed treaties between the United States and Mexico. If you will step into the offices of American business men along this side of the border, or into Mexican trade houses on the other side, you will find that peace has been written into ledgers there, stronger than any peace pact could ever do it.

The business men of Mexico and the business men of the United States carry on their international relations in as quiet and peaceful a manner as any New Yorkers would in selling bonds in Wall Street. The comparison is a fair one.

Farther up in the States, perhaps, some persons who do not understand the mutual economic interest, nor the vital part that Texas plays in the life of Mexico, still "wave the bloody shirt" in their speeches from school platforms—not knowing.

Our Texas heroes would be the last ones to want hatred to remain after nearly a century. Texas, the state, is living up to its heritage.

THE MIDNIGHT MATINEE.

It was recently announced that the student body of the University would hold a midnight matinee at the Majestic Theater some time soon, for the purpose of raising funds to give a substantial gift to the student loan fund, sponsored by the Fort Worth Rotary Club. Fifty per cent of the proceeds of the show is to be turned over to the association, if the original plans are carried out.

The Rotary Club fund is used to aid deserving young men and women, who otherwise would be unable to do so, to obtain a college education. A contribution to this fund from the T. C. U. student body would constitute a commendable act of service. Students in so democratic an institution as this surely wish to help, in what ever manner possible, those who deserve and desire a college education.

Although the date of the show has not yet been announced, it is not amiss at this time to point out the beneficent motive in staging the performance. It is none too soon to urge students to support the show wholeheartedly when it is given.

GRASS OR PATHS.

Since the grounds are being covered with fresh dirt and new shrubs and trees are being planted, the campus should present a somewhat altered appearance this spring.

The removal of the old tennis courts in front of Goode Hall and the subsequent laying of a sidewalk from the hall to University Drive are other conspicuous and welcome improvements. Additional improvements are being planned by the administration.

Students, on the contrary, seem to be already taking steps in the opposite direction, judging from footpaths which have been beaten out across the grounds. Grass will have little chance to grow if students insist upon cutting paths across the campus. The most unsightly trails are those leading from the south door of the administration building to University Drive and from Goode Hall diagonally to the drug store. Little time is saved through the use of these paths; not as much as a minute is gained in either instance by leaving the paved walk. The loss in appearance to the campus as a whole seems far greater than the loss of time to the individual student. Pride in campus beauty should overshadow individual convenience.

Are students in favor of a more beautiful campus for T. C. U.? Have they a pride in its appearance? T. C. U. has outgrown footpaths, along with other childish things. Will students stay on the walk or will interested officials again post signs, "Stay off the Grass," which will again go unheeded? Should the signs be necessary?

Headlines and Bylines

BY CLARENCE MARSHALL

With the New York Newspapers.

When John McCormick, the noted Irish tenor, who recently completed his first talkie for Fox, arrived in New York seven photographers met him at the train. He good-naturedly posed for the camera men, but remarked that in his 26 years of arriving at the Grand Central Station he had never been photographed as he is now. "But now," he smiled, "that I am no longer a singer, but a motion picture player instead, I get a tremendous reception."

All of which proves that no matter how great a man is, according to his own lights, the motion picture lights will add to his news value.

Speaking of the talkies, they are not only revolutionizing the motion picture industry, but other businesses as well. A publisher in New York recently, when he published a new volume of poems, had phonograph records made of the poems to be sold with the book. And when John D. Rockefeller's autobiography came out, the publisher pasted a dime on the cover of each book. It would not be surprising if phonograph records of Zane Grey's novels came out, so that the illiterate could enjoy the thrillers.

Hugh Walpole and Thornton Wilder, two literary men who have lectured at T. C. U. in the past several years, recently held a debate in New York on "Resolved, That reading great fiction and drama throws a better light on experience than reading great history and biography."

Walpole had the affirmative side, while the author of "The Bridge of San Luis Rey" took the negative. An Eastern college student several weeks ago ran a large display advertisement in a New York daily. The ad said, in part, "That the advertiser was a young college man, a sophomore, who, without any obligation on his part, desired to be employed by a reliable business firm that was willing to take an interest in a young chap and give him a good salary. One for Miss Beckham, One for your lass, And one for your profs, Then maybe you'll pass."

Joseph Smith bought a rake, And sold it for some corn. The stuff he got was awfully bad, And now he's dead and gone. Eggs, butter, cheese, bread, Stuck, stock, stone, dead, Stuck 'em up, stuck 'em down, Now he wears a gangman's crown. There was a man in our town And he was wondrous wise; He sunk a snort of second run And put out both his eyes. And when he saw his eyes were out With all his might and main He guzzled down another pint And passed without a pain. Georgy Forgy, pudding and pie Kissed the girls and made them cry. It is well known he wasn't a shiek Because he had such a rotten technique.

One for your lass,
And one for your profs,
Then maybe you'll pass.

OPEN FORUM

Dear Editor:

On several different occasions I have visited T. C. U. and have had plenty of time to "view the landscape o'er," and my criticism is not the Class Rush Day Program or the food served in the cafeteria (although a volume could be written about the latter) but the unwritten law that prevails among the students themselves in regard to their social dealings with each other. I am not alone in this criticism either, as a number of T. C. U. students discussed this situation last summer while visiting in my home and all deplored it.

From the beginning of time girls have had to sit and wait for the members of the stronger sex to come to see them or ask them for a date to take them some place. So the freshman girl at T. C. U. takes her seat in Jarvis Hall and waits for a representative from Clark or Goode Hall to put in his appearance. She wants to meet the school boys so she makes a very pleasant evening together. A few nights after that Boy No. 1 shows up again and makes another date with the same girl and before she realizes it their names are connected—they are supposed to have a big "crush" on each other and all the other boys on the campus "give her a wide berth." Now she may be very much infatuated with Boy No. 1 and tickled to death to go with him, but many times she isn't so pleased and has to go with him or else sit at home and twiddle her thumbs—and, miracle of miracles, if Boy No. 2 asks her for a date Boy No. 1 immediately throws a fit and froths at the mouth.

Normal girls like to have several good boy friends and do not wish to settle down with one until they are ready to swear "hill death do us part," but the boys at T. C. U. are blessed with an abundance of ego and the very minute their girls are seen standing in the halls or walking across the campus with another boy they swell up like "pison pups" and declare their affairs all off.

I know a T. C. U. boy who nearly had hypochondria every time "his girl" even looked at another boy and he took it upon himself to ask every boy whom he thought might be the least bit interested in the said girl to please keep away. The result was that said girl "gave him the mitten" good and proper—she liked him as a friend and would have enjoyed going with him occasionally but as a constant diet she soon was fed up on him.

Boys should go with several different girls, for then they would know which type they like best and would not be so easily swept off of their feet by a purring little perfumed imp with a baby face putting mouth who wants to be petted. "Safety in numbers" is even truer with boys than with girls.

A normal girl is not a flirt, is not dying to be courted, but likes to have several boy friends because she loves friendship and companionship. She likes Fred because he converses well; Bill for his humor; Roy because he is artistic; Tom because he is athletic; Ralph for his good looks; Milt for his good bridge playing; Harry who dances well and Ted who sees the serious side of life, etc. And a normal girl gets lots of kick out of going with several girls of different temperaments.

This condition does not exist just in the freshman group. Only this fall a high and mighty senior said he was in a terrible predicament because the

14 New Dormitory Students Enrolled

Misses Loyse Price and Etoile McFadden, Exes, Return to Jarvis Hall.

Fourteen new dormitory students have entered T. C. U. for the spring semester. Some are transfer students, some new students and some are old students re-entering after being out for a year.

There are six new girls in Jarvis Hall. Those enrolled as freshmen are Misses Gertrude Sailors, Colorado; Katherine Price, Colorado; and Helen Jennings, Electra, who is a second-term freshman, having attended C. I. A. last semester.

Miss Loyse Price, Colorado, a former student of T. C. U., is enrolled as a junior.

Miss Etoile McFadden, Dallas, a former student of T. C. U., is enrolled as a senior. Miss McFadden has been attending S. M. U.

Miss Margaret Knowles, Houston, is enrolled as a sophomore, and has been attending Louisiana State University.

The new residents of Clark Hall are J. M. Mitchell, Quanah; Lester Ringgenberg, Grigsby Keetch, Fort Worth; Orville Talley, Simi, Calif.; Clayde Weaver, Belton; Henry Walters, Jackboro.

The new residents in Goode Hall are Asturo Marcio Comprino, Agua Calientes, Mexico; and L. J. Leatherman, who has returned to T. C. U. after being out a year.

Five Orators Compete

T. C. U. Men Will Try to Enter National Meet.

Texas Christian University is one of the 81 colleges to enter the Sixth National Intercollegiate Oratorical Contest to be held in Liberty, Mo., this year. Stewart Hellman, John Scott, Hugh Buck, Sterling Brown, and John Lowther will compete in the contest here. Others still have a chance to try out, according to Miss Katherine Moore of the public speaking department. The date for the try out will be March 7, in connection with the Gough contest.

The competition for the forensic honor open to college students in America foreshadowing bringing together this year the largest group of colleges and universities in any project of the kind in the history of American higher education, according to the announcement made this week at the national headquarters. A total of \$5,000 in prizes will be awarded, and the winner, who will become the national intercollegiate champion orator for 1936, will be awarded a prize of \$1,500. Second place will give a prize of \$1,000, scaling down to \$400 for seventh place.

Gordon Veight, Travis White and Leonard Schuler, all of Shreveport, La., were visited at Clark Hall by their mothers the past week.

Two girls at T. C. U. that he would like to go with were roommates. Can't something be done to correct this foolish situation? Can't the boys see that they are doing the girls a great injustice and robbing themselves of lots of fun by this silly custom?

Yours for more enduring friendship, On Looker.

"Which Pen Do Most College Students Demand?"

College Humor Magazine Asked 137 College Pen Dealers

45% Said "Parker Duofold"

In a recent nation-wide magazine poll of 12 vocational pen markets, Parker was first in 9 out of 12 vocations representing 94.72% of the vocational market.

In the new census of 137 college pen dealers, 45.11% say Parker is the official college pen—more than 2 to 1 the favorite over the next two nearest makes.

One big reason for Parker Duofold's overwhelming popularity is its convertible feature—like two pens for the price of one—for pocket, for study desk. Attaching a taper converts the Parker in 10 seconds from a Pocket Duofold to a Desk Pen.

So whether you want a Desk Set at once or later, if you now get the Convertible Parker Duofold Pen, all you'll need is a base to complete the set. A tapered end comes free. You save the price of a second pen.

See Parker's new streamlined shape that sets lower in the pocket because the clip starts at the top— not halfway down the cap. And see the name, "Geo. S. Parker—DUO-FOLD," that guarantees it for life!

March 5 Is Date For Junior Play

Cast to Present 'Come Out of the Kitchen,' 3-Act Comedy.

"Come Out of the Kitchen," a three-act comedy written by A. E. Thomas, will be presented by the junior class on March 5, according to Miss Katherine Moore, play director. The comedy will be presented in the T. C. U. auditorium at 8:15 p. m.

The play, one of the most popular comedies to be enacted by both high school and university dramatic clubs for the past few years, is expected to draw a large audience. Its setting is a Southern plantation, on which live four children of parents that have gone to Europe. The principal action takes place on this plantation, and deals with the difficulties the children have in trying to play the part of servants to some Northerners who rent the place during a hunting season.

All parts have been assigned, and the cast has been practicing almost daily for the past two weeks. Miss Sheila Grace Whitner and Bob Gray have the leads in the cast, which also includes: Miss Frances Veale, Miss Francis Morgan, Miss Lamar Griffing, Miss Mary Sue Rumph, James Miller, A. T. Barrett, Jim Gaddy Norris, James Dacus and Cy Leland.

Harrell Leads in Musical Talent Among Students

Eighty-eight students in T. C. U. play one or more musical instruments, according to a recent survey. The piano, with fifty-six "ivory ticklers," ranks first among the instruments played. Violin, with thirteen, is second, then comes the saxophone with ten, closely followed by trumpets with nine. Clarinets are last with five.

There are twenty-two students in school who can play two instruments, seven who play three, three who play four and one who plays six.

Paige Harrell takes the lead when he lists the following instruments he can play: Trumpet, violin, bass, baritone, alto and valve-trombone.

Walter Hurst says he "plays at" four instruments and lists them as follows: Clarinet, saxophone, mandolin and baritone. Miss Martha Anderson also plays four instruments. They are piano, mandolin, guitar and ukulele.

The survey shows that seventeen students play string instruments and twenty-five wind instruments.

The kinds of instruments vary from a pipe organ, played by Miss Mary Louise Mobby, to a marimba, played by Miss Lillian Lundberg, Miss Lundberg and Miss Mobby also play the piano.

William Rogers and Hal Thompson play percussion "noise makers." It is probable that there are students in school who play instruments and whose names are not included in the eighty-eight, but the figures were derived from a questionnaire, and those students who failed to fill out the questionnaire are, of course, not included.

Miss Marjorie Scott of Ennis, was a visitor in Jarvis Hall last week.

Frogs Drop Pony Tilt and Pick Up Longhorn Affair

By CY LELAND.

The Frogs still have an outside chance to finish in third place in the present basketball race. Arkansas is firmly entrenched in first place after the Frogs defeated Texas the other night. If Texas defeats S. M. U. and T. C. U. wins their game with the Mustangs in Dallas Saturday, the Ponies and Horned Frogs will end the season with five games won and seven lost. Arkansas, Texas, and S. M. U. have practically clinched first, second, and third places, respectively, but the battle will be between the other four schools to keep out of last place.

"Uncle Bud" Eury, captain of the Horned Frogs, due to the fact that T. C. U. had only one game this week and Rice has three, will likely lose out as conference high point man, but he will be the leading scorer from the center position. R. Hart of Rice was second to Eury at the beginning of this week with 18 points, but with 33 field goals and 39 free throws, has a total of 96 points.

Eury's offense, defense and floor work stamps him as one of the outstanding centers in the conference. This is the second year that he has been among the conference leaders for scoring honors. In the game last Saturday at Austin, Eury consistently outjumped every center Fred Walker put in the game. This was one of the deciding factors in the 26-21 victory.

In the high scoring columns Prewitt of Arkansas stands about fourth and Noble Atkins is about 20 points behind him. Both men are listed in the official lineup as guards, but in reality Prewitt is a center. After the tipoff, Holt, Arkansas center, drops back to guard and Prewitt works under the basket. Atkins, therefore, with 55 points, leads all guards in the conference in total points, as well as in several other departments of play. Of the 55 points, only 13 are free throws, but he has the best record of any man on the T. C. U. squad in free pitches. He made 13 out of 18 tries. Wallin is close behind with 7 out of 11. Atkins' record is no accident; it is the result of much practice. Since the first of the year he has reported for practice from 30 to 60 minutes early and worked on shots from the foul line.

There has been quite a shift in the athletic department of Texas A. & M. Since the loss of Bob Countryman, who was varsity baseball coach last year, several minor coaching jobs have been changed. Roswell G. Higginbotham, former freshman coach, was promoted to varsity baseball men-coach. This left the position of freshman basketball coach open, and S. J. (Red) Petty was given the job. At that time he was assisting Higginbotham with the freshmen basketball players. Higginbotham's promotion also left the job of first-year diamond coach open. This place was filled by Captain Earl L. Lyons, who is attached to the military department of A. & M.

Captain Lyons, although almost unheard of in a baseball way in the Southwest, was quite a star in his day. He reached the peak of his career with Salt Lake City way back in 1912. He was sold for what was then considered a record price to the New York Giants, but severe injury to a finger just prior to the opening of the 1913 season kept him from reporting to his new owners, and he never returned to professional baseball. In 1919, however, he was manager of the A. E. F. champions, who won the intercollegiate title at Paris.

Right now Lyons has about 55 former high school and junior college stars for practice, and when basketball is over the squad is expected to be increased to 70. Included in this list are eight pitchers and seven catchers.

Red Petty will be remembered as a star football and basket ball player from 1926 through 1929. He was an all-conference end in 1928, and was captain of the Aggie cage team in 1929. His first-year basket ballers are making quite a record.

Statistics from A. & M. show that more than 700 students, or approximately one-third of the student body, are taking part in some form of organized athletics every day. In addition to freshman and varsity basket ball, baseball, hand ball, and tennis, golf, and swimming, there are intramural football, volley ball, hand ball, and horseshoe pitching. This last sport should be popular everywhere. At least the necessary layout is almost negligible.

Coach Clyde Littlefield of Texas University has probably the most enviable record of any athlete that has ever been in the Southwest Conference. He was a student at Texas from 1912 to 1916. There has been much argument as to whether Littlefield made twelve letters during his career at Texas, but from that school comes official confirmation of the fact. There was no first-year rule in those days, and he was awarded letters in football, basket ball, and track each

Game With S.M.U. Ends 36-35 After Extra Play Period.

FORM IS GOOD AT TEXAS

Schmidt Team Give Steers 26-21 Count and Will Play in Dallas Saturday.

By CY LELAND.

The Horned Frogs, in their last two games, have exhibited a semblance of the form they showed in their first two contests with the champion Razorbacks. The 36-to-35 loss to the Mustangs last Wednesday night was a heart-breaking affair. However, the Frogs did not deserve to win after their poor first half showing. They did everything that a good basket ball team should do, and looked like the tail-enders they were.

The second half was different. The Frogs, bringing back memories of Coach Schmidt's great quintets at Fayetteville, looked like conference champions. They started the last period with the score 20 to 7 against them, and in a few minutes had run their points up to 23, while the Mustangs had increased their total by only two points. The game was nip and tuck until, with three seconds to go, the score was 31 to 30, with the Frogs in the lead. In a general mixup as to who called time out, it was finally charged to T. C. U., and this being fourth time out, Captain Skeeters of S. M. U. was given a free shot. He sunk it, and the game was forced into an extra period.

The 40-yard dash will be well taken care of by J. C. Boyd, Blakeney Sanders, Dan Salkeld, Sterling Brown, Elmo Milling, and Egles Burns. Harlos Green, former member of North Side High's crack relay team, will be out for the quarter after basket ball is over.

The half-mile entrants will be selected from Hugh Brents, Ralph Isley, Blakeney Sanders, Curtis Vick, and Garland Zimmerman. These five and Alfred Halliday and D. R. Bedford will also make up the list from which the entrants for the mile will be chosen.

The two-mile relay team will probably be William Gonder, Gordon Voight, Gibson Randle, and Kenneth Lacy.

John Hammond, Hubert Daniels, and Paul Snow will be the broad jumpers. Dennis, Al Parker, and Maynard Buck will try the high jump. Snow, Troy Baxter, and Paige Harrell will be entered in the pole vault.

The first meet of the year will be the Southwestern Exposition Meet at Louis J. Wortham Field, March 15. Part of the team will also be sent to the Texas and S. M. U. relays, Feb. 28 and March 1, respectively. There will be several dual meets before the Texas relays.

Volleyball Girls Are to Meet

Those girls who made letters in volley ball, and those who have made their thirty hours, will meet at the gymnasium at 1:30 o'clock Wednesday to discuss the volley ball stunt to be given at the W. A. A. Circus, according to Miss Harriet Griffin, manager.

Frog Tracksters In Good Condition To Enter Southwestern Exposition Meet March 15.

After two weeks of intensive practice, Coach Mack Clark has his tracksters in good early season condition. At the start of the season there was much uncertainty as to who was to be entered in each event, but this has been practically settled.

The entrants in the 100-yard dash will be chosen from the following: Chester Crow, Hubert Dennis, Cy Leland, Don Nugent, and Red Oliver.

The low hurdles will be run by Red Oliver, Paul Snow, and Elmo Milling. Since Hugh Buck's recent operation the high hurdles are left without an entrant at present, but there will be several working out for this event within a week. Al Parker, who at present is busy with basket ball, will be among these.

The 440-yard dash will be well taken care of by J. C. Boyd, Blakeney Sanders, Dan Salkeld, Sterling Brown, Elmo Milling, and Egles Burns. Harlos Green, former member of North Side High's crack relay team, will be out for the quarter after basket ball is over.

The half-mile entrants will be selected from Hugh Brents, Ralph Isley, Blakeney Sanders, Curtis Vick, and Garland Zimmerman. These five and Alfred Halliday and D. R. Bedford will also make up the list from which the entrants for the mile will be chosen.

The two-mile relay team will probably be William Gonder, Gordon Voight, Gibson Randle, and Kenneth Lacy.

John Hammond, Hubert Daniels, and Paul Snow will be the broad jumpers. Dennis, Al Parker, and Maynard Buck will try the high jump. Snow, Troy Baxter, and Paige Harrell will be entered in the pole vault.

The first meet of the year will be the Southwestern Exposition Meet at Louis J. Wortham Field, March 15. Part of the team will also be sent to the Texas and S. M. U. relays, Feb. 28 and March 1, respectively. There will be several dual meets before the Texas relays.

Buck Is Back After Operation

Hugh Buck, student body president, who has been absent from classes nearly three weeks because of an appendicitis operation, returned to school last Saturday.

Sophomores Cinch Independent Title

Juniors Also Win Game—Postponed "A" League Tilts to Be Tonight.

The juniors defeated the freshman 22 to 19 and the sophomores defeated the seniors 38 to 9 in last week's intramural games. Both games were in the Independent League, all "A" league games being postponed due to the varsity game on the night they were scheduled. Both games were played Thursday afternoon. The win cinched the Independent League championship for the sophs.

The junior-freshman game was a nip-and-tuck affair all the way through with the juniors holding a slight lead over their opponents most of the time. Thomas, junior forward, was high point man with 15 points. The sophomores easily outplayed the seniors and were never in danger. Schuttis and W. Cassidy tied for high point honors with 14 points each.

The last round games of both leagues will be played off this week end.

Free Throw Meet to Be Held on March 10

The T. C. U. free throw tournament will start March 10. All men who desire to enter the contest must sign up with Mr. Knox on or before March 7.

Three medals will be given to the winners of the first three places in the tournament.

year for four years. In addition to this, he was placed on the mythical all-Southwestern teams all four years in every sport. One of the track records that he set, in the low hurdles, was not broken until 1925, and then by Stewart Wright, a Littlefield-trained man.

Baseball Game Will Be Friday

First Practice Fray Is Scheduled With Diamond Hill

With the team clicking excellently on all nine cylinders as the result of three full weeks of almost perfect practice weather, Dutch Meyer will send his Frog baseball team into action Friday afternoon for the initial time this season. The Meyermen are scheduled to meet the Diamond Hill All-Stars on the Frog field at 4 o'clock.

The game Friday will start a practice season, which will see the Frogs in action against a number of amateur and professional teams, including the Fort Worth Cats and one or two American Association teams. Every man on the squad is expected to be tried out under fire during the practice season, in order that the Frog mentor may get a line on the new material as well as last year's veterans.

Rob El Cox, huge righthander, will probably start on the mound for the Purpose Friday. Buster Walker and at least one of the other twirlers will also serve two or three innings each in the box. Cox is the only pitcher that has rounded into form enough to divide the mound duties for a couple more weeks.

Last Saturday marked the first time since training was begun, three weeks ago, that inclement weather has driven the team away from drills on the field. A muddy diamond kept the team away from practice, although pitchers and catchers worked out for an hour or two beside the gym.

Meyer is elated over the excellent break the weather has given the team. Long batting and fielding drills have featured each afternoon's workouts. Five-inning, inter-squad games have also played a prominent part in rounding the team into form. If the Frogs keep improving their batting eyes, conference pitchers are in for a rather hectic season, for both the regulars and the yamigans have been clouting the ball hard and far the past two weeks.

The pitching has also been up to standard most of the time. Cox and Walker are expected to bear the brunt of the burden this season, although Rozelle, Rhodes, and Schuler have been exhibiting nice work. Those five form the present corps, though Roy Eury, Chappell, Atkins, and Flynn will join the staff next week.

The rest of the club roster includes the following: John Hirstine, first base; Howard Carrell, Buster Sterling, second basemen; Leo Buckley, Howard Baxter, third basemen; Howard Lee, Hunter Hill, shortstops; Hal Wright, Charles Griffin, "Grassy" Hinton, Virgil Roberts, Jere Van Zandt, "Wee Wee" Cassidy, outfielders; Ed Sahn, Jimmy Cross, Jay Williams, catchers. Clyde Roberson, outfielder, and Horace Wallin, first baseman, will join the squad after basket ball season is over.

Opera Chorus to Rehearse With Orchestra March 1

"The chorus is doing fine work, and most of the first act has been committed," said Dr. H. D. Guelick, who is in charge of the opera, "The Chimes of Normandy." The first rehearsal with the orchestra will be held March 1. Most of the cast has been selected.

Frosh Baseball Men Are Called

All candidates for the freshman baseball team should report at the gym for equipment Monday afternoon at 1:30 o'clock, according to Coach "Bear" Wolf. Wolf urges that all first-year men who are seriously interested report, but he does not want any one who does not intend to remain out all season.

Elective Course Offered in P. T.

Boys Must Be Able to Swim Before Credit Is Allowed.

Only 39 failed the first semester of the physical training course out of the 250 who started the course, according to Walter S. Knox, head of the physical training department of T. C. U.

"Until this year the students failed to realize that physical training was required until they started to graduate, but with the present co-operation of the board of trustees and the registrar's office most students will have P. T. worked off before they are juniors," said Knox.

The cabinet passed a ruling recently that any P. T. course failed by a student would take one semester hour away from his permanent record. This should prove to make the students take more interest in this work and not fail the course because of too many absences," continued Knox.

There are three semesters of regular class work offered by the physical training department. One of these courses must be taken twice in order to receive the full two years of P. T. credit required to graduate.

Touch football, basketball, track, baseball and swimming are now taught the freshman and sophomore classes. Recently a rule was passed compelling every boy to be able to swim before he would receive credit for P. T. work.

For all boys who have completed three semesters work, a new course has been installed. This course is in elective sports and cards are given to all members of the class to be filled out with their name, opponent's name and the name of a witness of the contest. The sports that may be played are: Handball, golf, tennis and swimming. Credit cannot be obtained by making all points in one sport. One-half credit is given on one sport only. The student may take up all of the sports if he so desires but one semester of credit is all that will be given him.

Miss Merle Griffith and Miss Emmy Lou King, former students of T. C. U., visited on the campus last weekend.

Thirteen Little Elephants Prove Omen to Bowen

Martel Bowen isn't superstitious, but he thinks his collection of thirteen toy elephants brings him good luck. He keeps his elephants on a three-decked ebony shelf in his room in Goode Hall.

Bowen has white, green, red and orange animals, some of them solid ivory, others made of jade and one made of pure agate. The elephants are of all sizes.

"As thirteen is my lucky number and elephants seem to be my lucky animals, I have decided to keep thirteen of them," Bowen explains. "It's a hard job, however, for the toys have a habit of disappearing one by one from my room. I have to buy new ones every week or so."

W. A. A. Pictures for Annual to Be Taken

W. A. A. pictures of baseball, swimming, life saving, and "T" girls are to be made for the annual soon. All girls who have enough points for pins, sweaters, or blankets, especially "T" girls, should have their pictures made, according to Miss Allene Allen.

Track, golf, archery, tennis, basketball, volley ball, handball, skating, riding, and hiking pictures have already been made.

Miss Florine Martin, a former student of T. C. U., visited Miss Bernice Austin this week-end.

University Church Leads by One Game

First Christian Team Is Second; Trinity, Central Methodist Tie for Third.

The University Church basketball team gained a one-game lead Thursday night by defeating the First Christian by a 21-11 count. Three games remain on the schedule for the church squad.

The lineup for the game was: Forwards, Williamson, Murphree; centers, Guhl, Housel; guards, Reynolds, Robbins; substitutes, Merrett, Shulls.

The University team leads the church conference, with First Christian second; Trinity Methodist and Central Methodist tied for third. Baptist Temple is in fourth place.

Cleburne Girls Defeat University Sextet 33-32

Cleburne defeated the University Church sextet by a 38 to 32 score Monday night in the gym. Proceeds of this game were for the benefit of the Burleson team, which is going to the state meet.

Lineup was as follows for the University team: Forwards, Williamson, Miller; centers, Guhl, Housel; guards, Reynolds, Robbins; substitutes, McCullough, Ruff, Brock. The next game scheduled for the University team is Thursday night week with Trinity Methodist.

Dr. and Mrs. J. R. Knight of Eddy spent the week-end here visiting their daughters, Misses Mary Jean and Katherine, and their son, Robert.
