### Polliwogs Have Tough Schedule

Tarleton Plowboys Are First on Schedule Here Oct. 24.

Coach "Dutch" Meyer of T. C. U. is putting his Polliwog squad through stiff workouts in preparation for a game with the strong John Tarleton squad here Friday, Oct. 24. The Plowboys are in the junior college class, but present a strong aggregation that has proved to be hard to handle in the past years for the Polliwogs. Coach Meyer anticipates a hard game, and it will give him a chance to determine who is best suited for different positions. He will also get a good line-up on the men for varsity material for next year.

In the past years the Polliwogs have proved to be better than the junior college teams, but Coach Meyer is not taking any chances of getting slipped up on. He drills the Polliwogs on fundamentals and individual assignments.

### Experiments With Ants Made By Dr. Glaze During Summer

Dr. J. A. Glaze, head of the psychology department, conducted some experiments last summer to test the assertions of Major Hingston's book, "Instinct and Intelligence." The book is a presentation of the major's observations while a member of the British Army in Mesopotamia and India.

Three problems were attacked. The major states that when an ant finds an insect that he cannot drag or carry to his nest, he will go for help and leave a trail of scent from the insect to the nest. In making this test, Dr. Glaze used the common red ants of this vicinity and experimented with ten colonies. The red ants do not signal their fellows in any such way as the major discovered that the little black ant of India does. They do, however, have a keen sense of odors. When meat was placed on the leeward side of their nests they could not find it, but when it was placed on the windward side, they reared their heads in the air and made directly for it. An obstructing rock in the way was carefully explored before they went

on to the food. Beefsteak, salamo, bread and liver, as well as grasshoppers, were used in the experiments. More than a hundred observations were made.

The instrument magnifies to 50 diameters and can be used to record the movements of seemingly stationary plants.

Peter Smith, M. S. in geology and nephew of Major Hawley, has been preparing with the machine a film of fresh water life of this vicinity. It accompanied a lecture by Major Hawley which was sent to the national convention of water works engineers in Richmond, Va., October 15-16.

### Deer-Proof Fence of Stadium Is Boon to Gate-Crashers of Campus

You just can't keep a good gate-crasher down. Gate crashing is a profession that is present wherever there are athletic events, operas, shows, circuses or entertainments of any kind.

Gate crashing is an art that was made famous by "One Eye" Connelley a few years back. Several around the T. C. U. campus have made quite a name for themselves and boast that they have never failed to see what they started out to see.

Even at the new T. C. U. stadium there were a few who made the grade. At a meeting of the gate crashers a few days before the T. C. U.-Arkansas game, it was decided that the deer-proof fence would hold them out of the park. The only thing left to do was to go through the gates.

When those who got through the gates were on the inside they literally "took off." All but one made the run for a "touchdown." The poor unlucky fellow who failed to score was tackled from the rear by a fence watcher as he neared the 2-yard strip.

Twenty-five members of the Horned Frog team left this morning at 8 o'clock for the Aggie stronghold. They will arrive at the Aggie city this afternoon at 2 o'clock and will hold a light practice session on Kyle Field at 4 o'clock. Tonight they will make their headquarters at the Aggie Hotel. The remaining 15 members of the team will accompany the student body on the trip.

The first special will leave at 8:20 a. m., and will be composed of 16 cars, including a lunch car, diner, two Pullman cars, observation car, baggage car, and ten chair cars. The second section will be made up exactly as the first section, except that it will not have Pullmans.

Horned Frog students and faculty members have been invited by the cadets to have lunch with them at the A. & M. mess hall immediately after the arrival of the trains. They will also be guests at dinner after the game. The 100-piece Aggie band will be at the depot to welcome the specials and to lead the procession to the dining hall.

Hart Hall, a recently completed dormitory in the center of the Farmer campus, will be turned over to T. C. U. co-eds for the day.

The Christian student body has also been invited to attend the annual A. & M. rodeo, which will take place tonight at the Aggie baseball field. There will be a pageant and a sweethearts' parade as the initial numbers of the rodeo program. Then there will be a bronc riding contest, mounted wrestling between the cavalry and artillery, steer riding, trick roping, a battle royal and a bull fight, according to word received from Harvie D. Pool, rodeo manager.

The returning trains will leave College Station at 6 and 6:30 p. m. or 6:30 and 7 o'clock, according to Butler S. Smiser, business manager of T. C. U. The exact time will be determined by the amount of time required for the gridiron contest. Enough time will be allowed for the students to eat and walk to the depot. Students who wish to stay over for the dance may return on the 11:59 train. All of the trains will run on a five-hour schedule between Fort Worth and College Station.

The special rate allowed by the Southern Pacific Lines, according to E. A. Pennington, is as follows: Round trip tickets, \$3.40. Pullman rates for the round trip, \$3.63 for a lower berth, and \$2.40 for an upper.

The initial kickoff of the game will be at 3 o'clock, and the Frog mentor, Francis A. Schmidt, will probably send the same team against the Aggies that started against Arkansas last week. One possible change might take place in the starting lineup in that Hubert Dennis might replace Leland. In that event, Hinton would start at quarter.

The committees in charge of the trip are: For the Kiwanis Club, Clarence Kraft, Lucian Wright, B. S. Smiser, D. W. Carlton and Dr. Jack McLean, chairman; for the Southern Pacific Lines, C. S. Elliott and E. A. Pennington.

### A NAME FOR THE NEW STADIUM.

A magnificent new stadium without a name? Certainly not, but isn't it high time that one be selected? It has been a long, hard job getting the new field built, and a little thing like a name should not stand in the way of the continuity of events. So far it has been easy and convenient to call it the new stadium, but the new will soon wear off and "New" will not be appropriate.

The new stadium (there it is again) and its completion have been given unlimited publicity. Pictures have been published, countless descriptions have been written, and even a new song was written for its dedication, but in every case it has been referred to as the "new stadium."

Now as to the name. It might be a good idea to have a contest and select the best one submitted. Of course, there are several that suggest themselves immediately. In the first place it might be called Clark Field, as was the old stadium. But it seems there should be a distinction between the two. Then there are names like Frog Stadium, Waits Stadium, Schmidt Stadium, but there are objections to all of these. The first name is suitable, but it isn't different. With a stadium like ours we should have an unusual name for it. Either one of the other two would do also, but it seems not quite fitting to name it for some one who is now connected with the University. It might be named for any one of several prominent Fort Worth citizens, but in this case somebody's toes might be stepped on.

This problem is not one to be decided by any small group. It is our stadium and we all should have a part in its naming. Suggestions would be in order.

### THAT EXTRA HOUR.

It was the policy of the administration last year to keep the library open at night until 10 o'clock. This policy afforded University students ample time in which to prepare lessons, use reserve books, and get up all assignments that call for library preparation.

This year the library is being closed at 9 o'clock, and, obviously enough, many students are feeling the loss of the extra hour. Especially is this true of town students, most of whom cannot return at night until 7:30 or 8 o'clock, and hence are rushed in preparing lessons and readings before the library closes.

Dormitory students are feeling the loss also. On pep meeting nights it is impossible to return to the dormitories and get to the library before 8 o'clock. On other nights in the week, students do not get through with dinner and get settled for library work before 7:30 o'clock, usually later.

Some students can finish what they have to do in the library from that time until 9 o'clock, but there are many who do not finish. Those who do not must discontinue their study hour to return to the dormitories, where it is rather hard to fall back into the study line. There is reason to believe that in many cases students cannot or do not continue the work that they would have finished in another hour at the library.

Students who were not in school last year may come to adjust themselves to the present rule, but upperclassmen, familiar with last year's 10 o'clock rule, are finding the 9 o'clock closing hour a handicap.

### BUY YOUR LECTURE TICKET.

Again the students are urged to take advantage of the bargain offered in the season lecture tickets for \$1.50, while regular admission to each lecture will be \$1. Buy tickets now from members of the senior class.

The lectures scheduled begin Oct. 23 with Senorita Luisa Espinel, Spanish dancer and singer. Feb. 12, Capt. John Noel presents his film, "The Epic of Mt. Everest." He ranks among the best outdoor photographers. Capt. Noel is not only a lecturer and photographer but also a scientist, explorer, and noted author. Since he has recently returned from northern India and the Himalaya region, his lecture promises entertainment.

V. L. Granville comes to T. C. U. Nov. 12, offering his "Dramatic Interludes," taking in the whole range of dramatic literature. He will impersonate great dramatic characters. He was admired in Europe, Asia, Africa, Australia, and America. This will probably be the most noted lecture on the program.

James Westfall Thompson will come March 18. He is an eminent European historian. Some time during the second semester a musical critic, Sigmund Spaeth, of Princeton, will lecture. The lectures scheduled for this year do not promise the usual dryness which accompany many lectures. They will be entertaining as well as enlightening.

### AN AGGIE WELCOME.

T. C. U. Students ought to be and are proud of the amiable relationship that exists between our student body and that of Texas A. & M. In the entire Southwest Conference there are no two schools who esteem each other as highly as do T. C. U. and the Aggie school. Of that we are proud.

Tomorrow we make our biennial invasion of Aggie land. Those of us who have before now know what it means to be Aggie-welcomed, for it has put something in our hearts that has made us exponents of sociability and altruism. It has put into our hearts a feeling that will carry on with us through the channels of life that weave us into inseparable bondage with our friends.

New relationships, new friendships, stronger ties will be formulated tomorrow if we but co-operate with our hosts toward that end. Ray Walker, president of the senior class of A. & M., has already extended to us a personal welcome, and assured us that everything possible is being done for our pleasure and our convenience.

The Aggie spirit will prevail tomorrow, and as guests, we must be as gracious as our hosts. For two hours of the occasion we will be bitter enemies, as our Horned Frogs and their Fighting Farmers do battle on Kyle Field. But, win or lose, let's do our bit in keeping untainted and unshaken the existing ties between T. C. U. and A. & M.

### Open Forum

The expressions of opinion published in this column are those of individuals. They do not speak the opinion or editorial policy of The Skiff. The Open Forum is conducted to provide a free outlet for student opinion on any subject of general interest. This does not necessarily believe in any argument that is advanced here, but it does believe in the individual's right to address that argument.

Letters intended for publication in the Open Forum must be signed by the writer's name. The name is merely a matter of record and an expression of good faith, and a note of whom may be printed with the letter if the writer so desires. Communications of a libelous or scurrilous nature will not be published. All communications will be limited to a maximum of 300 words.

**Editor, The Skiff,**  
Dear Sir:  
Each year the discussion on the part of the student body concerning dancing at T. C. U. assumes greater proportions. And why shouldn't it? The administration, so far as I know, has given absolutely no reason, plausible or otherwise, for forbidding the art of terpsichore at this illustrious school on the hill. If it is felt by the authorities that dancing is coupled with degrading or demoralizing practices, then why don't they give the students a chance to show that a perfectly harmless dance could be staged in genuine Horned Frog fashion over in the big gymnasium or in the library with its ideal dancing floor? That's all the student wants—a chance to show that such an affair could be successfully sponsored by the student body or by some class.

If we are not given the chance, then we should be informed as to the obstacles standing in the way. The majority of the students danced at home before they came here, or in the cases of town students, danced at the present time in their homes. Why should the school with Southwest football championship be looked upon as a wall flower? I happen to know for a fact that students from a number of schools which have dancing actually laugh at T. C. U.'s danceless campus.

It is now time for us to step out of social oblivion and become somebody in ways other than intellectual and athletic.

Yours,  
Av Ridge Horned Frog.

**Editor, The Skiff,**  
Texas Christian University.

Dear Sir:  
Last year there appeared in the Open Forum column of your paper a letter suggesting the changing of T. C. U. to athletic teams names from Horned Frogs to some other "more appropriate," as the writer put it, name.

The idea met with much resentment and opposition from every side and the matter was soon dropped. Personally, the idea went the way it should go. I resent the calling of our team by any name other than Horned Frogs. It is traditional with University athletics, and as we know is respected as much as any "Mustang," "Bear," "Razorback" or "Longhorn."

However, why not follow the custom of newspapers outside the Southwest by using "Texas Christian" instead of the well-worn and confusing "T. C. U." Eastern newspapers and those of the West Coast, carrying stories of Horned Frog teams, invariably speak of the University as "Texas Christian."

This double moniker not only serves immediately to locate the school in the readers' minds, but also is catchy and pleasing to the ear. It at least serves to eliminate anyone's confusing T. C. U. with S. M. U., which happens more often than one might think.

For example, one of our students in speaking of "Rags to Riches" to some fellow in West Texas, was astounded when the man came back with: "Yes, I remember him. He was an all-American end from S. M. U." It was no joke. The fellow had just gotten crossed up, so I am certain that many others do when "T. C. U." and "S. M. U." are spoken of.

I hope you soon will introduce Texas Christian to its fans from now on and drop the T. C. U. Folks outside of our own Southwest do not know what T. C. U. stands for, but they certainly know what Texas Christian means to football fandom.

Yours for another championship.

### Spanish Class Gives Fellowship Program

Twenty-five Members Depict Finding of America by Columbus.

The class in "Spanish Civilization" sponsored the program for the University Religious Fellowship Group last Sunday evening in the University auditorium.

The program involved the idea of Columbus Day. Twenty-five members of the class interpreted the various scenes.

Miss Leta Ray portrayed the part of "The Spirit of Christianity," Bob Gray that of "King Ferdinand," Miss Sheila Grace Whitener that of "Queen Isabel," Melvin Beaver that of "Christopher Columbus" and Noel Snow that of a priest.

Perry Sandifer was assisted by Miss Ruth Johnson in directing the mass. Miss Eula Lee Carter, teacher of the class, directed the program.

The program of the Religious Fellowship will be held at 7 p. m. in the future instead of 7:30.

### Prof. Smith to Preach Sunday

Prof. Raymond A. Smith will preach at the Sunday morning service of the University Christian Church in the absence of the Rev. A. Preston Gray, pastor, who is in Washington, D. C., attending the International Convention of Disciples of Christ. Prof. Smith's subject will be, "Religion and Education." Prof. S. W. Hutton, chorister, will sing a solo, "Back From the Long Ago," by Brown-Fillmore.

### PEN AND INKLINGS

By Siddie Joe Johnson.

#### A SONNET

A dream of love, a home where roses wind  
About an arch above a lattice gate,  
Where I should live in such a happy state  
That worries I should scarcely ever mind,  
And there at evening time my love would find  
Me waiting close beside the little gate.  
With dreams half-waking, forming while I wait  
For him with whom my love and life entwined,  
And would you be content my dearest heart,  
To dwell apart where roses always bloom.

To share with me each burden from the start;  
Sweetheart, my heart, could I so much assume?  
But then the picture I describe, I doubt  
My own desire to see it carried out!  
Lillian Anderson.

#### Cameron Talks at Brite Chapel

"Jeremiah and the Rotary Club of Jerusalem" was the subject of the address made by E. C. Cameron, professor of Old Testament, before the meeting of Brite College Chapel Wednesday morning. Dean Hall led the call to worship.

#### Mrs. Tucker to Speak To T. C. U. Co-ed Class

"Choosing Life's Mate," is Subject for Discussion Next Sunday.

"Choosing Life's Mate," will be the topic for discussion in the Co-ed Class of the University Christian Church Sunday school next Sunday morning. The lesson subject will be a continuation along the lines of social teachings found in the Bible.

The Co-ed Class is comprised of upperclassmen, freshmen, and boys and girls that live near the University, but who do not attend T. C. U. The class is taught by Mrs. Hazel Tucker, instructor in psychology. According to Mrs. Tucker, all young people who are not regularly attending some Sunday school class are invited to meet with the Co-ed Class.

"We are studying social teachings of the Bible, with an emphasis being laid on the family and home," Mrs. Tucker said. "The purpose of our class meetings is to make more real the teachings of the New Testament in their practical application."

On Sunday, Oct. 26, there will be a membership tea given at the home of Mrs. Tucker for class members and for those who are not affiliated with any other class. The class has an average attendance of about thirty-five.

Butler played a great game on the defense, as well as carrying the highly-rated Razorback linebacker, Dale, out of the path of the ball carriers. This is Butler's last year of varsity competition. He is expected to play many outstanding games for T. C. U. this year.

#### Convention Is Attended Five Leave for Disciples of Christ Meeting.

President Waits, Dean and Mrs. Colby D. Hall, and the Rev. and Mrs. A. Preston Gray left this week for Washington, D. C., to attend the International Convention of Disciples of Christ. The convention will be held October 14-23.

#### THE DRUNK MAN'S DREAM OF PARADISE

On the island of Cuckoo  
Where they manufacture brew,  
And the stuff will knock your bloom-  
in' head a mile,  
Where they pump it from the creeks  
And then drink it by the weeks,  
Is the place I want to go and live  
awhile.

Where they drink it from the lake,  
And there ain't no poison "Jake,"  
O I'd love to be a swimmin' there  
right now,  
Where the drunken monkeys swing  
And the parrot "Hic" and sing,  
O that land to me would surely be  
a wow.

Where the palms cannot grow straight  
And they bend from the great weight  
Of the cocoanuts so brimmin' full of  
rum.  
Where the fish get drunk and walk,  
And the half-shot hippos' talk,  
Is the place I want to go (and I'm  
no bum).

So I'm goin' way down there  
Where there's likker in the air—  
Yes, there's Scotch and corn  
and beer and gin and rye.  
So goodbye to all of you;  
I'm goin' to Cuckoo,  
And I'm gonna drink and shout until  
I die.

—Ben Boswell.

## Dean Hall Speaks At Teachers' College

Three Stages of Preparation of Teachers Is Told at Convocation.

Dean Colby D. Hall was the guest speaker at the formal convocation of the North Texas State Teachers' College at Denton last week. Dean Hall spoke on the development and stages of preparing teachers for schools.

"There have been three stages in the task of preparing teachers," stated Dean Hall. "First was the stage in which teachers had no training and any one who had a little 'learning' could 'keep school.' The second period was the day of certification by examination. A person proved his ability to teach by a set of examinations. Then there were the normal schools where a few students were gathered together and prepared for the schoolroom."

In his speech Dean Hall praised the work of colleges for preparing teachers.

"The term general education probably has done more to make education universal than any other force. Most of you believe that the idea of universal education was here when you discovered America and you think that it has always been here. But you do not have to go back many years to find a time when a man who could read was as much a novelty as one who cannot read now is."

Miss Edna Sewall and Sally Thompson of Jacksboro, former students at the University, attended the T. C. U.-Arkansas game Saturday.

Marian Miller, Katherine Rose, Dorothy Eury, Mildred Bullock, and Mae Housel.

Miss Lucy Mae Merritt, manager of archery, has announced that hours may be made in archery from March 1 to May 1. Girls signed up for archery are: Misses Philo Mae Murphree, Mary Elizabeth Turrentine, Marian Miller, Mary Jean Knight, Frances Griggs, Mary Cecilia Gaudin, and Lucy Mae Merritt.

9 MILLION A DAY—IT HAD TO BE GOOD TO GET WHERE IT IS

# SPORT WAVES

By JACK BELZNER

More than 1,000 T. C. U. students will entrain for College Station tomorrow morning. Probably twice that many Fort Worth backers will make the trip on the two specials sponsored by the Fort Worth Kiwanis Club. If weather conditions are suitable many students and citizens will make the trip by automobile.

The Aggies have made every preparation for the entertainment of the Frog student body and faculty, including the rodeo, dance, meals and reserving a new dormitory for the use of T. C. U. coeds for the day.

After rolling up an impressive victory over the Arkansas Razorbacks last Saturday, the Frogs will be doped to win over the Farmers, especially since the Aggies have dropped games to Nebraska and Tulane on successive week-ends. However, by losing to these two teams, A. & M. did nothing to be ashamed of for both opponents were defending champions. When they meet T. C. U. tomorrow they will again be playing a 1929 champion, and sport writers over the state and nation are now saying that the Frogs will win the contest. Previous to the Aggies defeat by the Cornhuskers and Greenies, the Farmer outfit was doped to defeat Coach Schmidt's charges.

T. C. U. dedicated their new stadium over the Arkansas Razorbacks in a decisive way last week. The Porker team failed to get within the Christian 20-yard line. They did not make a first down through the line that "Bear" Wolf has built up from a few lettermen and a host of sophomore material.

Following is a reprint from the Arkansas Gazette: "The Razorbacks, at least, stopped Cy Leland, the Frogs' star sprinter, who was just one of 11 men today. Practically every time Leland was given the ball, he was tackled viciously by the Arkansas backs." It is true that Cy did not get loose from many long gains in the game, but he was not in the game much. While in the game, Cy grabbed two passes for good gains and circled the Porker ends for long yardage.

At the same time the Hog backfield was stopping Leland, "Cowboy" Kyle was being stopped by Frog linemen. Kyle, in the game against Tulsa, returned punts 95 yards and against the Frogs he was able to run the punts back only 18 yards. Kyle cannot be underestimated by this comparison however. The Christians simply had him bottled up. When the Porker center passed the ball back, T. C. U. linemen would run over the weak Arkansas line with little interference.

Rice, the Mister "X" of the Southwest Conference, cannot be doped again this week. They travel to the Hog stronghold in the Ozarks and will meet a stronger team than the Frogs took on last week. The Rice team will be playing away from home and in a much cooler climate than they are used to. The Thomsen men will be rid of two handicaps that hampered their style last week—their sick list will be reduced and heat will be no factor in the tiring of their men.

Even if the factors above were left out very little could be predicted about the Owls. Some weeks they play good football and at other games their chowing has not proved them to a strong club. Approximately the same can be said of Baylor. One week they drop a game to Purdue because of their weak pass defense and the next week they humble the Trinity Tigers 54-to-0.

This week the Frog-Aggie tilt will be one of three conference games but it will hold the spot light because both teams are considered strong. The S. M. U.-Baylor game will be of considerable interest. The Ponies strength will be given a test against the Bears unless it proves a walk away for them. The Owl-Hog game will hold very little interest because the Porkers are now rated as a weak team and the general opinion is that the Rice sophomore team, although undefeated, is not of championship caliber.

In a non-conference game the Texas Longhorns will meet the Oklahoma Sooners at Dallas. This game will be of interest because Oklahoma defeated Nebraska 20-7 the week after the Cornhuskers dropped the Aggies 13-to-0. Texas was held scoreless during the first half of the game against Howard Payne last Saturday but ran up 26 points in the latter part of the game. The Sooners and Steers have met 24 times since 1900 and the Texans have won 15 of the contests.

For the first time in history T. C. U. has abandoned water buckets and milk bottles to carry water to the players on the field. This was made possible when Amon G. Carter donated a new rubber-tired water cart to the Frog team. Mr. Carter's idea was to keep the Christians in pace with the larger schools of the country. The total cost of the cart was \$340 including express charges from Providence, R. I. where it was manufactured by the Narragansett Machine Company. The cart is operated under pressure by use of a pump and the cart has a tray for wet towels, sponges, etc.

Soph Girls Win in Volley Ball  
The sophomore girls defeated the freshman girls in the first inter-class volleyball game of the season Tuesday afternoon. The sophomore girls won two out of three games.

### Aggies Hold Edge Over Frogs in 17 Times Teams Meet.

The Texas Christian University Horned Frogs entrained this morning at 8 o'clock for Aggeland to meet the Farmers for the eighteenth time in the football history of the two schools.

Since T. C. U. entered the Southwest Conference, in 1923, the Aggies have won only one game, tied two and lost three. The game was won in 1924, when the two squads met for the first time as conference foes. In the series of 17 games already played, the Aggies hold an edge over the Christians, having won 9, tied 3 and held the Frogs to 5 victories.

The first meeting of the two teams was in 1897, when the Farmers invaded the old Add-Ran stronghold at Waco and were turned back by a 30-to-6 score. From that time until the Horned Frogs became conference members, the Aggies won all but two games, the Christians defeating them in 1908 by a 10-to-3 score and a scoreless tie in 1909.

John Washmon, Frog center, was the hero of the contests in 1925 and 1926. In the first game he booted a field goal from the 35-yard line for the sole marker of the tilt. The eleven men who started the game for T. C. U. played the entire contest.

In 1926 a 13-13 tie was the result of a hard-fought game. The Aggies were doped to win by at least two touchdowns, but the determined little band of Purple warriors made the trip to Kyle Field to make the first touchdown ever scored against the Farmers from scrimmage on their new gridiron. Each team scored a touchdown, an extra point and two field goals. John Washmon kicked the ball through the uprights centering the closing minutes of the game to tie the count with A. & M.

The 1927 contest was played in Fort Worth. The Frogs entered the game rated as the underdogs. The strong Bell defense was responsible for the tie. During the third quarter, the Aggies pushed the ball to the Frog one-yard line and a first down. On two of the four plays "Rags" Matthews downed Joel Hunt for five-yard losses, and the Farmers lost the ball on downs. The other two plays were stopped by Pain Reynolds when the Aggie backfield attempted to plow the line.

The entire student body accompanied the Christians to College Station in 1928 to see the Aggies go down in defeat. The final score was 6 to 0. Austin Griffith plunged over center for the sole marker of the game, during the third quarter, after the Frogs had made a steady march down the field from the 42-yard line.

Last year's game was on Clark Field. The Frogs came from behind in the third quarter to score two touchdowns and a 13-7 victory. The Aggies scored early in the game and made their extra point with a pass. Mills to Alsbrook. Grubbs scored the first Frog counter in the early minutes of the third quarter after he, Leland, and Green had carried the ball from mid-field on a series of plays. Green added the extra point. On a trick play, Leland circled left for 42 yards and a touchdown. From then on the Farmers did not threaten the Frog goal. It was during this game that Grubbs, Atkins, Leland, Brumblow, Green and Hinton first gained state and national recognition.

Following is a list of former T. C. U.-A. & M. games, including scores, dates and where each contest was played:

## Frogs Winners Over Arkansas In 40-to-0 Tilt

### Entire Christian Squad Used During Game on New Field.

#### SQUADMEN SHOW TALENT

Hinton, Dennis, Oliver, Brannon and Spearman Score Touchdowns.

By JACK BELZNER

The 1929 champion Horned Frog machine dedicated its new \$350,000 stadium with a 40-to-0 victory over Coach Thomsen's Arkansas Razorbacks last Saturday afternoon.

The Arkansas team won the toss and chose to defend the south goal. This was a slight advantage to Arkansas as a steady south wind was blowing. With this advantage they held the Schmidtmen scoreless during the first period.

"Grassy" Hinton played a stellar role for the Christians and scored the first two touchdowns of the contest. The first was the result of a line buck and the second was produced by an 18-yard off-tackle slice, weaving his way through the entire Porker secondary.

The entire Frog squad was in the game at different times. There was little difference in the showing of the first and second strings, both outplaying the Hog team on the offense and defense.

The Porkers could not gain through the stone wall built up by "Bear" Wolf and were forced into the air. The pass route netted the Thomsen men most of their yardage, but, likewise, it cost them a lot of ground. McCulloch caught an Arkansas pass and raced 57 yards before he was downed on the Razorback 24-yard line. In the third quarter "Red" Oliver intercepted a pass from Uptmor and behind perfect interference scored the Frogs' fifth touchdown.

Hubert Dennis, whom "Bear" Wolf says was the best freshman prospect ever to play on one of Coach Meyer's Polliwog clubs, flashed his first-year form in the Porker contest and will give the other half back candidates plenty of trouble during the rest of the season. Dennis has had trouble with his punting and passing this year but he is carrying the ball and snagging passes with the best of them. He is a deadly tackler and knows how to break up passes.

The T. C. U. tennis team defeated the S. M. U. tennis team in a practice match here Thursday, Oct. 9. The six matches were divided, but by a conference ruling the team winning the first doubles match receives two points, thus enabling T. C. U. to win, 4 to 3.

Wasson and Newton, S.M.U., defeated Walsh and Wolfenden, T.C.U., 6-1, 6-0.

A return match is to be played in Dallas, Wednesday, Oct. 23. Conference tennis schedules do not begin until next spring, so the home-and-home play between T. C. U. and S. M. U. is in the nature of fall practice, comparable to spring football seasons.

## Why do Most Students buy Sheaffer's?

It is a fact proven by sales figures that among America's hundred leading colleges, each with 1700 or more students registered, Sheaffer's outsell all others. Is such leadership ever an accident? You know the answer. These sophisticated pen users have found that they like Sheaffer's individualized pen points, that they like the comfortable Balance<sup>o</sup> designed into Sheaffer's, that they like the streamlined, modern contour of the Balance<sup>o</sup> pen and pencil, and that Sheaffer's Lifetime<sup>o</sup> guarantee of satisfactory service means something.

That explains Sheaffer's college sales leadership, and prompts the suggestion that if you'll give Sheaffer's Balance<sup>o</sup> Lifetime<sup>o</sup> a class-room test, you'll adopt that pen for your Lifetime<sup>o</sup>.
