Frogland to Welcome Thousands at Homecoming

Texas Christian To Meet Steers Here Tomorrow

Largest Crowd of Year Is Expected for Battle.

13TH MEETING OF TEAMS

Both Teams in Good Shape for Crucial Tilt - Longhorns Hold All-Time Edge.

By JACK BELZNER.

Saturday will be the thirteenth clash between the Texas Christian Frogs and the University of Texas Longhorns. It will be the first meeting of the two teams in the new Frog stadium and will be played before what is expected to be the largest crowd to see a game in the plant this year.

Both coaches will be able to call on any member of their squad, neither team having any players on the hospital list. The Texas team is expected to open up with passes and end runs with all of their power in the backfield, combined in Shelley, Koy, Perkins and Stafford. The Frogs will retaliate and offer the Steers some of their own medicine, according to the dope. Both teams will have a good defensive club on the field.

In the twelve games played to date between the two clubs, Texas has won ten games and the best the Christians could do was win one and tie one game.

Last year's game in Memorial Stadium at Austin ended in a 15-to-12 victory for the Longhorns. As in every game the Christians played last year, the opposing team scored first and then the Frogs made two markers before the Austin players could stop them. Cy Leland ran 90 yards for the first Frog touchdown after receiving the kickoff from Perkins. He outraced the entire Steer team and stiff-armed Capt. Gordy Brown on the Texas 40-yard stripe as he went by and from there he had a clear field to the pay-off marker.

In 1928 "Ramming Rufus" King made the only score against the Frogs in the game on Clark Field, and the following week the Longhorns were crowned Southwest Conference champions when they defeated the Texas Aggies.

In the mud battle at Austin in 1927 the Frogs won a moral victory when they held the highly touted Littlefield team to a scoreless tie. The Christians went to Austin doped to lose the game by two or three touchdowns and for the first time in history tied the powerful State team.

The first game was played between the two schools in 1897, when Texas Christian was known as Add-Ran College. That year the Frogs started the entire state by holding the Steers to a 16-to-10 score. The two teams again met in 1904, and the Frogs were down to 0.

Again in 1906 the Horned Frogs journeyed from Waco to Austin to meet the Texans and were turned back to the tune of 20-to-0. After another two-year break the Frogs again attempted to break their losing streak against the Steers and were defeated 11-to-6 in a fast game at Austin.

In 1909, 1912 and 1915 the Frogs were downed by the Texas teams with little effort by 24-to-0, 30-to-10 and 72-to-0 scores, respectively. After the 1915 game the Frogs met the Longhorns only once before entering the Southwest Conference. This was in 1918, and the Steer backs pushed over three touchdowns to win 19-to-0. In 1924, the second year the Frogs were in the Conference, the Steers turned the Frogs back by a 13-to-0 score.

Student Group and Dr. Scott Take Trip

Attend Meeting of Paleontologists in Oklahoma and Make Field Trips.

Several representatives from T. C. U. attended the Fall Field Meeting of the Society of Paleontologists and Mineralogists at Ardmore, Okla., Oct. 24-26.

They were Dr. Gayle Scott, Gordon Copeland, Monroe Jackson, Brasler Stroud, Peter Smith and Howard Carrell. Dr. Plummer, of the University of Texas, and Dr. Thomas, district geologist for the Pure Oil Company, also joined the delegation.

In Ardmore, the members of the convention made two field trips. They visited localities of the Paleozoic age and the Arbuckle Mountain regions. At the night meetings the trips were discussed and explained.

ANOTHER EXTRA!

The Skiff's second football extra of the season will appear tomorrow afternoon at the finish of the Texas Christian-Texas University football game. A full play-by-play report of the Frogs' fourth conference tilt of the year will feature the extra. Jack Belzner, Skiff sports editor, and Jay Williams, editor, will be in the press box at the stadium calling the detailed report over a special telephone to the Tribune plant in town, where Joseph B. Cowan, journalism instructor, will take the plays and prepare them for the edition. Copies of the sports extra will be delivered a few minutes after game time to the cafeteria and dormitories and to business houses near the campus.

"World Peace" Is Fellowship Topic

Pageant Is Presented - Hammond, Elliott Are Speakers.

The singing of "The Son of God Goes Forth for Peace," led by S. W. Hutton, began the University Religious Fellowship program in celebration of Armistice day last Sunday night. "World Peace" was the topic of the program. Several other songs of peace were sung by the congregation, followed by a prayer for peace led by H. L. Pickerill.

The high light of the program was a pageant, "The Tree of Memory," directed by Mrs. Helen Walker Murphy. Mr. C. W. Murphree, accompanied by Miss Philo Mae Murphree, sang the national anthems of various countries, as girls, costumed to represent the countries, appeared on the stage.

England was represented by Miss Jacque Lansdale, France by Miss Mary Elizabeth Turentine, Italy by Miss Ruby Jean Hilgers, and Belgium by Miss Francis Griggs. Jack Murphy was flag bearer, Roy O'Brien took the part of an American soldier, and Harry Harrington portrayed the part of a sailor. At the conclusion of the pageant, the congregation sang "Onward Christian Soldiers."

Dr. W. J. Hammond made a short talk on "The Moral Equivalent for War," and Dr. E. A. Elliott spoke on the "Modern Trends Toward Peace." The faculty chorus sang "I Ain't Goin' to Study War No More." Dan Packard played the piano prelude and the offertory. Dean L. L. Leftwich offered the benediction.

Class in Penmanship Progressing Rapidly

Student Should Take Invitation Before Recommended by Teachers.

According to Dean Colby D. Hall, the recently organized class in penmanship taught by Miss Ruth Williamson is progressing rapidly. Another group will be started as soon as enough names are added to the roll. All teachers are requested to recommend to the Dean any student that needs help in penmanship. This is to be an invitation to the students rather than a compulsion.

"Any student who is conscious of the need for improvement in penmanship should be wise enough to seize this opportunity and not wait for a recommendation," stated Dean Hall. Any student who is interested may turn in his name in writing to Dean Hall, Prof. John Ballard or Miss Williamson.

Mrs. Murphy and Girls To Attend Conference

Mrs. Helen Walker Murphy and Misses Elizabeth Ruff, Thelma Lawrence, and Laura Lee Barclay will leave Thursday morning for Baylor College, where they will attend the annual convention of the Texas Athletic Conference for College Women. Band Plays for Ross S. Sterling

Radio Program Is Given - Miss Weldert Is Honored.

Making their headquarters at the Rice Hotel in Houston last Saturday, the Horned Frog Band led the greater part of the pre-game celebration in the city. Arriving at the hotel about 8 o'clock, the band, under the direction of Prof. Claude Sammis, gave a short concert in the lobby, and then paraded down the main streets of the town.

After playing in the lobbies of several of the large banks, the organization went to the 22nd floor of the Post-Dispatch Building and gave a short concert for Governor-elect Ross Sterling. Many of the members shook hands with the next governor, and the band sweetheart, Miss Marie Weldert, was presented to him.

Early in the afternoon, a short radio program was given and then the band went to the football field. During the half, a short drill was given by both the Texas Christian band and the Rice band. The Texas Christian band drilled first. The yell leaders from Rice presented a bouquet to Miss Weldert. After the game Miss Weldert's picture was taken to be sent to the Hall of Fame of College Humor Magazine.

ON TO VICTORY!

Students of the University should be actuated by two vital factors tonight and tomorrow during the Homecoming celebration that will begin with a mammoth pep rally and powwow at the new Horned Frog stadium tonight at 7:30 o'clock.

In the first place, we are hosts this week-end to thousands of visitors, alumni and ex-students. Impressions of the 1930 spirit of this University will be gained tonight and tomorrow. Every act will be watched by critical eyes. The manner in which we react, the way in which we respond to this occasion, will be an imprinted memory in the mind of every visitor to Frogland. Tonight and tomorrow there must be no let-down in our enthusiasm and fighting spirit.

The second factor that should guide us in our actions is the fact that Texas Christian's Fighting Frogs have their second successive championship almost in their grasp. If that does not mean anything to every one of us then we are not endowed with the true spirit of our alma mater. Today the Purple and White banner rides the crest of the Southwest wave of football. It has been there since the opening day of conference competition. If that banner is to remain untouched and unequalled then it is the duty of every student of Frogland, male or female, to enter into the vast demonstration planned for tonight, with the climax in maddened, animated yelling to be reached during the game with the Texas Longhorns tomorrow afternoon.

While our "Famous Frogs" are arousing nation-wide interest in clean, hard-driving football, this student body can rise to heights never before attained. Texas Christian's "twelfth man" must keep pace with the football eleven.

The football team has only one crucial tilt—coming tomorrow. The student body has two—one tonight at the stadium bonfire, the other tomorrow afternoon in the east stands. Be gracious hosts to our visitors, especially to the students of Texas University. But remember, these thousands of exes and visitors are going away tomorrow night singing our praises or flailing our limitations. It's up to us. Let's back the Fighting Frogs and make this Homecoming the greatest ever.

IT IS SETTLED THAT:

Dancing, sponsored and approved by the administration, will never be a part of the social life of students in this University. That is the conclusion reached by each of the thirteen members of a student committee which recently sat in conference with two of the executives of this school.

This committee, motivated by the strong undercurrent of opinion that has been in evidence among many of the students since the semester opened, took it upon itself to get a hearing and settle the matter fully. The group was a representative one, led by the president of our student body, and included leaders from different organizations on the campus.

In a hearing which lasted the better part of an afternoon, this committee was allowed to present its side of the matter to the fullest extent. Each member expressed his or her reasons as to why he or she thought that dancing at T. C. U. would help solve our social problem. The consensus of opinion was generally the same throughout the group. That opinion was offered clearly, sincerely, and with all earnestness.

With every consideration for the earnestness and sincerity of the view as expressed by the student group, the two executives responded. They gave the reasons as to why it is not possible to institute dancing as a part of the campus life. They answered the question as fully and as sincerely as the student group placed the question before them. Their answer was satisfactory and convincing to each member of the committee.

This University is a church supported institution. It was explained that if dancing were allowed here the support of the Christian churches of Texas would be totally withdrawn. Such a situation would be detrimental. It was further explained that the institution of dancing in T. C. U. would cause a serious split among faculty members, among members of the board of trustees, and among the churches of the state.

Officials of the University are aware of the social problem here as the students—probably more so. They are as anxious to alleviate the situation as students are to have it alleviated. It is true that dancing is a part of campus life at S. M. U. and a number of other schools we can mention, but officials of those schools have warned us that dancing only retards a wholesome social life. Dancing at those schools does not solve their social problem. Then who are we to think that it would solve ours?

It seems, then, that those of us who must dance must do so at home, where dangerous, anti-social situations do not necessarily arise. Our fight for a more wholesome and universal social life on the campus is only beginning. To gain the desired objective we must work in harmony with the administration. We must take the initiative and co-operate. To say the least, the question of "Why do we not have dancing on the campus?" has been answered.

CARELESS AGAIN.

Again, as it happens several times each year, T. C. U. students have become careless in the appearance of the Horned Frog campus and buildings.

Friday gives the buildings and campus the worst appearance of the week. On that day The Skiff is distributed and students carelessly throw their copies where they finish reading them.

This does not excuse other days, however. Notebook paper, cigarette packages, and scraps of all kinds are thoughtlessly strewn in the halls and on the grounds.

Some students are still helping to make trails across the grass in different spots on the campus, others are persistent in marking up seats in classrooms, and others are only satisfied by marring the fixtures in the halls and buildings.

All of these hobbies could be remedied if only the students would stop and think of what little good they were getting out of it and how much they were carelessly damaging school property.

PEN AND INKLINGS

By Siddle Joe Johnson.

A SONNET FOR ARMISTICE DAY. (1930)

Twice six the years since war strode from our ken,
 But still methinks I see it in the sky;
 And hear the shrieks of shrapnel,
 groans of men,
 The tortured hearts of those who
 fight and die.
 The Golden Age, once heralded, has
 come—
 "Ay," brawling cynics say, "has come
 —and gone."
 Utopians, once clamorous, now are
 dumb;
 Men's hopes lie dead—the Age of
 Bronze is on.
 Men's hopes lie dead? Is this the
 aftermath?
 Old Time is still brooding on the
 Abyss,
 And star-born Mystery lies across our
 path;
 Are all grand destinies to run amiss?
 Not so; man ne'er remains 'till
 insensate clod
 While on him gleams the counten-
 ance of God.
 —By Herbert L. Hughes.

SONG OF THE JARVIS CO-EDS (With apologies to Poe)

Hear the ringing of the bells—
 Jarvis bell!
 What a world of courting its melo-
 dies dispell! How it tinkles, tink-
 les, tinkles,
 In the early air of night
 While the stars that oversprinkle.
 All the heavens seem to twinkle
 With a crystalline delight
 At our plight.
 Hear the tolling of the bell—
 Study bell!
 What a world of solemn thought its
 melodies foretell!
 At the coming of the night,
 How we shiver with affright
 In the melancholy menace of its tone!
 And for every sound that floats,
 There's an echo in our throats—
 And a groan.

The Greatest Sport of All
 Baths to me are sporty things
 I guess it's because they're rare
 The first I took I can't recall.
 Although I know I was there.

An interesting thing about a bath
 is the chasing of the soap
 I seem to have solved the problem
 By trying it to a rope.

Isn't it fun in the winter time
 To have the water hot
 It seems to warm you through and
 through
 Which brings about some thoughts.

When you don't feel just right
 to think,
 And your classes seem a bore—
 Just take a little time and bathe—
 You'll hate them all the more.

Some countries bathe but once a
 year.
 But still they do not croak.
 I wish I could go there now,
 For all the above's a joke.

It seems strange but all the big-
 gest flops in the history of the
 University have been caused by the
 professors. Yes, it just seems they never
 do ask what you've studied for.

Modernism: Coming to school early
 to get some lessons. Being late to
 class because you forgot to watch
 the clock while you were talking to
 some one in the library.

Just what is culture? Our school
 is supposed to be cultured, but still
 some students persist in sticking their
 gum under the arms of the chairs.
 Why, just the other day I left a piece
 of new grape gum under my chair
 that had just been chewed three min-
 utes, and the next time I went to
 class I got some peppermint flavored
 gum that had all the taste nearly
 gone. Let's all get together and car-
 ry our gum behind our ear, or organ-
 ize ourselves so that we will always
 get back our own gum. Suggestions
 will be gladly accepted as this is
 getting to be quite a problem.

Coca-Cola And Dr. Pepper Are Favorite Drinks

Coca-Cola seems to be preferred by a large number of the T. C. U. student body as their favorite fountain drink. As a thirst quencher, Dr. Pepper runs a close second. Grapejuice was admittedly the favorite of many girls, with cokes running only a few glasses behind.

When asked by the inquiring reporter what fountain drink she preferred, one pretty co-ed replied curtly, "Thanks, but I don't drink with strange men." Another young lady, less timid, when asked her preference, took her unsuspecting questioner by the arm and set a true compass course for the drug store. Her sense of direction was so keen, however, that the reporter, sensing trouble ahead, remembered an engagement and escaped.

An elongated freshman of some six-foot-four in height stated in a shrill voice that he "liked sweet milk best of all." Another freshman, not so dumb, stated that his preference of drinks varied with conditions. "You see," he said, "I always buy a five-cent drink when it is my money, but if someone is setting me up it's a different matter. I order malted milk, double thick, then."

Some queer preferences were uncovered by this survey. A certain young lady said she liked Coca-Cola with a little orange juice. Another co-ed said she always liked a spoon with her Coca-Cola so she could stir it. "Won't a straw do just as well?" she was asked.

"I can't pick up the ice with a straw," she replied.

KEEPING STEP.
 Again it has been demonstrated that the people of Fort Worth are keeping pace with other cities in the nation in welfare work. It is encouraging to note the manner in which the populace has responded this week to the call for used and cast-off clothing, to be utilized by welfare societies over the city in helping the unemployed and needy in tiding over the long winter months.

Today marks the third and final day of a drive for old clothing. A depot has been established at 105-7 Commerce Street, where citizens have been asked to deliver any and all clothing that can be used. This policy is different from the policy of former years in that both the gathering and the distributing of clothing is being done at the depot. In other years the agencies had to go over the city collecting, later distributing in the same manner. The drive has been highly successful and encouraging. The depot has been swamped with the offerings of citizens all over the city, who have contributed various sorts of clothing useless to themselves but which will help greatly in relieving the suffering and the wants of the more unfortunate in our midst. Take your old clothing to the welfare depot where it will contribute toward a commendable cause.

Texas Christian Overpowers Rice Eleven, 20 to 0

By JACK BELZNER

Pete Wright, director of T. C. U. athletics, is preparing for the largest crowd ever to be accommodated at a football game in Fort Worth. If good weather prevails, the crowd should be over 27,000 and that will mean the addition of 7,000 temporary bleachers. "Mr. Pete" is still getting long distance telephone calls and telegraph messages asking for reservations. He is not handicapped this year as in former years because any seat in the new stadium is a good spot from which to see the game.

Not only will the game draw the largest crowd of the season but it will be the football classic of the Southwest Conference for the 1930 season. The Longhorns of Texas University will be battling for a chance to stay in the conference, and the Horned Frogs will be attempting to continue their string of victories to 20, with only two ties to mar their record the past two years. Should the Christians defeat the Steers, the Texas team will be completely out of the running, and with a reverse the Longhorns will still have only a fighting chance. But a fighting chance is worth plenty. It is all that the Frogs have had the last two seasons and last year they were crowned champions and this year they are leading the conference and have a chance to repeat as victors.

Some Frog supporters are harping about our weak tackles and ends. This set of men is as good as any group of tackles and ends in the Southwest. They have only faltered once this year and then they were a long way from being outclassed. It is true that Rice bowed them under on a few plays last Saturday but nobody is infallible. Somebody is going to take them out once in a while. Watch these players instead of the ball-carrier for a quarter tomorrow and see if they don't carry out the Longhorns more often than they are carried out.

The five-man line used by Texas on the defense has caused quite a lot of comment this year. In reality this is a seven-man line with the ends playing back a few feet and was developed by Clyde Littlefield to stop passing attacks. To date it has been fairly successful but at the same time it has caused the Longhorns some worry on end runs. When Leland, Oliver, Spearman and Dennis, the Frog speed merchants, get to going off tackle and around the ends, the Texas end will need plenty of power plus speed to stop them and they can't do it during the whole game.

Again the Sunday papers came out and stated that Cy Leland was stopped by an opposing team. He was far from stopped, making more than 60 yards from scrimmage, caught two passes for 10 and 12-yard gains, respectively, and ran back four passes for some 40 yards. It is impossible for him to get off for long jaunts as he did in 1929, the opposition is hemming him in to the sidelines. And another thing, Cy is the greatest threat in the conference, he has pulled the opposing secondary in close and this gives other backfield men a chance to complete the passes over the center of the line. If there is anybody on the team, besides Capt. Noble Atkins, that is all-American, it is the fastest man on the gridiron in the world.

Texas football fans have shown that in their opinion, the most important factor in Southwest football is the winning of the flag. Little attention is being given to the S. M. U. Navy battle at Baltimore tomorrow although it is one of the biggest inter-sectional games of the year. The Mustangs should beat the Mids without undue trouble, and it will mean a feather in the hat of the Texans. But fans are primarily interested in the Frog-Steer game because the outcome will have an effect on the conference title. While tomorrow's game is going on here for the leadership of the league, Rice will meet A. & M. and both will be striving to keep out of the mire of the seventh position. Arkansas and Baylor will play at Fayetteville in the last conference game for the Porkers, who will be after their third conference victory. And the Bears will be after the win that will place them among the first division in the standings.

Rice does not have the weak team that some of the dopsters would have us believe, since Texas Christian romped over them to a 20-0 victory last week. Up until that game everybody either rated the Frogs even with them or just a step behind. Now, the Owls are rated by some as next to nothing. T. C. U. just took the fire out of them when their heavy forward wall snowed the Rice forwards under. If McCarble had snatched the pass on the Rice goal during the opening minutes of play, the game would have been entirely different. There is little doubt of a Frog victory but the outcome would have been tortiously close.

The Christian blocking was much better in the Rice game than any other time this season. Every player stopped his man on the defense and laid it open for the tackler to down the man carrying the ball. On the offense, the Frog interference running showed marked improvements. The pass defense was up to the Christians standard of former games. It was great to see the ends drop back and intercept the Bird passes instead of standing on the line of scrimmage and merely breaking them up.

The Schmidtmens showed that they have a great defensive in that the Birds only made seven first downs and the Christians allowed them to have the ball during most of the game. After piling up two touchdowns, the Frogs lost their aggressiveness and chose to keep the Houstonians from crossing the tally line.

Martin Blocks Punt to Pave Way for Initial Score.

By JACK BELZNER

RICE FIELD, Houston, Nov. 8.—The Texas Christian Horned Frogs defeated the Rice Institute Owls 20 to 0 in the third conference victory for the Schmidtmens this season. Othol Martin, Jack County end, blocked a punt in the middle of the opening quarter and Vaught recovered for T. C. U. on that point, Griffith, Frog fullback, carried the ball twice and went over for the first Christian score.

Griffith, Spearman, Hinton Chalk Touchdowns as Frogs Win Over Owl Team.

By JACK BELZNER

RICE FIELD, Houston, Nov. 8.—The Texas Christian Horned Frogs defeated the Rice Institute Owls 20 to 0 in the third conference victory for the Schmidtmens this season. Othol Martin, Jack County end, blocked a punt in the middle of the opening quarter and Vaught recovered for T. C. U. on that point, Griffith, Frog fullback, carried the ball twice and went over for the first Christian score.

A ten-yard pass, Hinton to Spearman, who ran the remaining 45 yards for a touchdown, through the entire Owl team, netted the next tally for the Frogs and Griffith again kicked goal. From then on during the remainder of the game, the Frogs, with but one exception, were satisfied to sit back and play a defensive game.

Near the end of the game, Foster Howell intercepted a Bird pass on the Rice 16-yard stripe and from there a series of passes and plunges by T. C. U. netted another touchdown, which "Grassy" Hinton scored after a three-yard jaunt off tackle. Green failed to kick goal.

The Rice scoring punch was nipped in the bud during the first few minutes of play when McCarble dropped a pass from Hammett on the Rice goal-line. After that the Owls threatened only twice, and they were cut down readily by the Frog forwards.

T. C. U. made eight first downs and the Owls made seven, which would indicate that the game was more even than the score shows. The Christians went on the defense and let the Houstonians handle the ball most of the afternoon after scoring two touchdowns.

Johnny Vaught and Blannard Spearman were the most consistent Christian players. Vaught was usually the first down on punts and opened big holes in the Bird line for the Frog backs to go through. Spearman played a great offensive game, gaining almost every time he was on the receiving end of three passes that netted good gains for the Schmidtmens.

Lee, 150-pound half-back of the Owls, made long runs around the Frog ends. Twice it looked as if he was off for a touchdown, only to have Spearman and Leland cut him down. Pat Wallace and Seaman Squyres, star Rice backs, looked good for the feathered team, and it was hard for the champions to keep them from messing up the Frog offense.

The lineup: Texas Christian—Sal-keld, le; Boswell, lt; Butler, lg; Atkins, c; Vaught, rg; Howell, rt; Martin, re; Leland, qb; Woolwine, lb; Spearman, rh; Griffith, fb. Brilliant Sophomore Backs

Much credit for Texas Christian's success this season in holding the top of the conference ladder is due this brilliant array of sophomore backs. Blannard Spearman and Hubert Dennis, the two lads above with the dangerous stiff-arms, have developed into two of the greatest first-year backs in the Southwest. Red Oliver, the Poly buster merchant, has seen much service this year and will likely be heard from plenty the next two years. Buster Brannon, left-footed kicking artist, and Doc Sumner, lack only experience in their athletic make-up to be of valuable use as regulars. Otha Tiner was hailed as the best passer on the squad at the first of the season, but injuries have kept him out of service the past month. Tiner is a quarterback, Sumner a fullback and the others are halfbacks. Spearman and Dennis are slated to be in the starting line-up tomorrow.

Polliwogs Play In Dallas Next

First Year Men Will Meet Terrill Prep Thursday.

Cocher Dutch Meyer will take his Polliwog squad to Dallas next Thursday for its annual battle with the powerful Terrill Prep aggregation. This will be the third and final game of the season for the first year men. They have met and defeated two other strong elevens this season. John Tarleton was defeated 6 to 0 and the N.T.A.C. Argies were defeated 7 to 0.

The Polliwogs will go to Dallas with the determination of keeping a perfect record and to avenge the defeat the Terrill Prep gang handed the first year men two years ago.

Cocher Meyer states that all of his men are in excellent condition, and barring any injuries in practice, the squad will be intact.

The probable starting lineup for the Polliwogs will include: Langdon and Graves, ends; Kinzy and Wilkerson, tackles; Bassinger and Taylor, guards, with Thomas at center. In the backfield will be either Clyncor or Walker at quarter; Jordan and Myers, halves; and Kitchen, fullback.

Othol Martin Awarded Trophy for Rice Game

This week, the football squad voted Othol Martin the most valuable player in the Rice game, and he thereby will be awarded the Simon Jewelry Company trophy.

Martin is a veteran end, this being his last year of varsity competition. His greatest work has been the blocking of enemy punts, having blocked one in the Arkansas game and one in the Rice contest. His blocking of a Rice punt in the first quarter paved the way for the Frogs' first touchdown.

Othol Stell is injured in Park Football Game.

Othol Stell, a sophomore in T. C. U., who was injured in a football game played last Sunday in Sycamore Park is in the infirmary in Clark Hall.

Stell went out of the game in the early minutes of play with an injury which was at first thought not to be a serious one, although an examination late last Sunday night revealed that he had sustained two broken ribs and several body bruises. He will be confined to his room for several days.

Three Teams Lead in Intramural Football

Two Sophomore Teams, Juniors, Pace Field in Inter-Class Play.

The Sophomore "A" and "B" teams, with the juniors, are leading in the intramural tag-football race. These three teams appear to be the strongest in the race and have romped over their opponents with apparent ease. The sophomore teams appear to be about evenly matched, as the score of last Friday's contest indicates. The game resulted in a tie, 6-to-6.

The freshman "A" and "B" teams were scheduled to meet Friday afternoon, but the freshman "A" squad did not show up and the result was a forfeiture in favor of fresh "B," 2-to-0.

At the close of the season the four leading teams will play a round robin schedule to determine the winner.

Students Give Program

They were: "Nostalgia," "Ballad of the Old Woman," and "This Is He."

"World Peace" Is Fellowship Topic

Pageant Is Presented—Hammond, Elliott Are Speakers.

The singing of "The Son of God Goes Forth for Peace," led by S. W. Hutton, began the University Religious Fellowship program in celebration of Armistice day last Sunday night. "World Peace" was the topic of the program. Several other songs of peace were sung by the congregation, followed by a prayer for peace led by H. L. Pickerrill.

The high light of the program was a pageant, "The Tree of Memory," directed by Mrs. Helen Walker Murphy. Mr. C. W. Murphy, accompanied by Miss Philo Mae Murphy, sang the national anthems of various countries, as girls, costumed to represent the countries, appeared on the stage.

England was represented by Miss Jacques Lansdale, France by Miss Mary Elizabeth Turentine, Italy by Miss Ruby Jean Hilgers, and Belgium by Miss Francis Griggs. Jack Murphy was flag bearer, Roy O'Brien took the part of an American soldier, and Harry Harrington portrayed the part of a sailor. At the conclusion of the pageant, the congregation sang "Onward Christian Soldiers."

Dr. W. J. Hammond made a short talk on "The Moral Equivalent for War," and Dr. E. A. Elliott spoke on the "Modern Trends Toward Peace." The faculty chorus sang "I Ain't Goin' to Study Way No More." Dan Packard played the piano prelude and the offertory. Dean L. L. Letwisch offered the benediction.

Elliott made a talk on "Peace" from an economic and social standpoint.

Frog-Owl Broadcast Attracts 200 Fans

Student Body Assn. and Skiff Are Host to Crowd in Auditorium.

Approximately 200 persons were the guests of the Student Body Association and The Skiff last Saturday afternoon in chapel, where a play-by-play report of the Frog-Owl game was broadcast from The Skiff office.

Jack Belzner, Skiff sports editor, was in the press box at Houston calling plays for Western Union operators who sent the game back to Fort Worth. The game story came to The Skiff office by telephone from the downtown telegraph office.

Lester Ringgenberg, freshman football star, broadcast the plays from The Skiff's offices to the assembly in chapel over a special hook-up loaned by the physics department of the University. Brant Conway, of the physics department, was in charge of the broadcasting apparatus.

Members who attended the meeting are: Misses Marie Roberts, Marjorie Miller, Thelma Breithaupt, Carolyn Lewis, Una Winters, Emily Garnet, Helen Crews, Gladys Dowling, Ruth Martin, Johnson, Spinks, Marjorie Robinson, and Helen Morro, and Dr. Herbert L. Hughes and James Wolfenden.

Meeting Held By Sigma Tau Delta

Miss Johnson's Essay, "Words," Awarded First Prize.

Miss Siddle Joe Johnson won the prize for the best essay at the meeting of the Chi Alpha chapter of Sigma Tau Delta, which met Monday evening at the home of Miss Gwendolyn Montgomery, 2000 Fifth Avenue. Her essay was entitled "Words."

Miss Mary Louise Spinks, program chairman, had charge of the arrangements for the program.

Following the business session of the fraternity, a buffet supper was served. A Thanksgiving motif was carried out in the decorations. The table from which the supper was served was covered with Normandy lace over yellow satin. A large bowl of bronze chrysanthemums and yellow cosmos formed the centerpiece of the table, with yellow tapers in bronze holders at each end of the table.

Members who attended the meeting are: Misses Marie Roberts, Marjorie Miller, Thelma Breithaupt, Carolyn Lewis, Una Winters, Emily Garnet, Helen Crews, Gladys Dowling, Ruth Martin, Johnson, Spinks, Marjorie Robinson, and Helen Morro, and Dr. Herbert L. Hughes and James Wolfenden.

Class in Penmanship Progressing Rapidly

Student Should Take Invitation Before Recommended by Teachers.

According to Dean Colby D. Hall, the recently organized class in penmanship taught by Miss Ruth Williamson is progressing rapidly.

Another group will be started as soon as enough names are added to the roll. All teachers are requested to recommend to the Dean any student that needs help in penmanship. This is to be an invitation to the students rather than a compulsion.

"Any student who is conscious of the need for improvement in penmanship should be wise enough to seize this opportunity and not wait for a recommendation," stated Dean Hall.

Any students who are interested may turn in his name in writing to Dean Hall, Prof. John Ballard or Miss Williamson.

Mrs. Murphy and Girls To Attend Conference

Mrs. Helen Walker Murphy and Misses Elizabeth Ruff, Thelma Lawrence, and Laura Lee Barclay will leave Thursday morning for Baylor College, where they will attend the annual convention of the Texas Athletic Conference for College Women. The convention meets Nov. 20-22.

Eighteen colleges will be represented and approximately 60 delegates will attend. Misses Ruff and Lawrence are the official delegates from T. C. U.

Spirit of Frogs Is Stirred at Rally

Amid a determined throng that shouted and cheered wildly in all directions, students, ex-students and Fort Worth citizens witnessed last night one of the largest pep rallies in the history of T.C.U. Large numbers crowded four sections of the west stand while hundreds stood in the field or watched the cheering mob from cars that were parked around the stadium.

Butler Smiser, business manager of T. C. U., sobbed audibly as he declared his faith in the Purple and white team. Smiser, who had been declared a fool for saying that the Horned Frogs were to be victorious today, said that they were not only going to win, but they were going to win 40 to 0.

Sidney Latham, head yell leader in 1928, sobbed too, as he sent forth

words of confidence for the boys who were fighting on the field. Latham declared that he had not had the privilege of leading the cheering of a crowd of students whose team had won a conference championship, but thought that he was addressing a crowd who would be well on their road to a second crown after today's game.

The speakers were introduced by Curtis McHorse, head yell leader. The program was broadcast over station KTAT.

Following the pep rally, all lights were dimmed as the trumpeters who stood at the top of the stadium played the alma mater hymn while the crowd stood in silence. A snake dance from the rally to the bonfire back of Jarvis Hall was led by the band. As the flaming mass

which was lighted as a blazing symbol of hopes for victory leaped skyward some 15 or 20 feet, the rosters stood until the intense heat of the flames forced them back from 50 to 100 yards. There the crowd stood while the band and pajama-clad freshmen marched around and around the fire. The flames from the fire lasted over an hour, and were finally extinguished by the fire department.

After the pile had, for the most part, been consumed, the students went downtown where a pajama and shirt-tail parade was staged. The students gathered in the lobby of the Texas and led by McHorse, Alf Roark and Johnny Lebus, assistant yell leaders, gave several cheers. Motorists drove downtown and jammed the streets while the freshmen danced, yelled and sang.

ON TO VICTORY!

Students of the University should be actuated by two vital factors tonight and tomorrow during the Homecoming celebration that will begin with a mammoth pep rally and powwow at the new Horned Frog stadium tonight at 7:30 o'clock.

In the first place, we are hosts this week-end to thousands of visitors, alumni and ex-students. Impressions of the 1930 spirit of this University will be gained tonight and tomorrow. Every act will be watched by critical eyes. The manner in which we react, the way in which we respond to this occasion, will be an imprinted memory in the mind of every visitor to Frogland. Tonight and tomorrow there must be no let-down in our enthusiasm and fighting spirit.

The second factor that should guide us in our actions is the fact that Texas Christian's Fighting Frogs have their second successive championship almost in their grasp. If that does not mean anything to every one of us then we are not endowed with the true spirit of our alma mater. Today the Purple and White banner rides the crest of the Southwest wave of football. It has been there since the opening day of conference competition. If that banner is to remain untouched and unequalled then it is the duty of every student of Frogland, male or female, to enter into the vast demonstration planned for tonight, with the climax in maddened, animated yelling to be reached during the game with the Texas Longhorns tomorrow afternoon.

While our "Famous Frogs" are arousing nation-wide interest in clean, hard-driving football, this student body can rise to heights never before attained. Texas Christian's "twelfth man" must keep apace with the football eleven.

The football team has only one crucial tilt—coming tomorrow. The student body has two—one tonight at the stadium bonfire, the other tomorrow afternoon in the east stands. Be gracious hosts to our visitors, especially to the students of Texas University. But remember, these thousands of exes and visitors are going away tomorrow night singing our praises or flailing our limitations. It's up to us. Let's back the Fighting Frogs and make this Homecoming the greatest ever.

IT IS SETTLED THAT.

Dancing, sponsored and approved by the administration, will never be a part of the social life of students in this University. That is the conclusion reached by each of the thirteen members of a student committee which recently sat in conference with two of the executives of this school.

This committee, motivated by the strong undercurrent of opinion that has been in evidence among many of the students since the semester opened, took it upon itself to get a hearing and settle the matter fully. The group was a representative one, led by the president of our student body, and included leaders from different organizations on the campus.

In a hearing which lasted the better part of an afternoon, this committee was allowed to present its side of the matter to the fullest extent. Each member expressed his or her reasons as to why he or she thought that dancing at T. C. U. would help solve our social problem. The consensus of opinion was generally the same throughout the group. That opinion was offered clearly, sincerely, and with all earnestness.

With every consideration for the earnestness and sincerity of the view as expressed by the student group, the two executives responded. They gave the reasons as to why it is not possible to institute dancing as a part of the campus life. They answered the question as fully and as sincerely as the student group placed the question before them. Their answer was satisfactory and convincing to each member of the committee.

This University is a church supported institution. It was explained that if dancing were allowed here the support of the Christian churches of Texas would be totally withdrawn. Such a situation would be detrimental. It was further explained that the institution of dancing in T. C. U. would cause a serious split among faculty members, among members of the board of trustees, and among the churches of the state.

Officials of the University are aware of the social problem here as the students—probably more so. They are as anxious to alleviate the situation as students are to have it alleviated. It is true that dancing is a part of campus life at S. M. U. and a number of other schools we can mention, but officials of those schools have warned us that dancing only retards a wholesome social life. Dancing at those schools does not solve their social problem. Then who are we to think that it would solve ours?

It seems, then, that those of us who must dance must do so at home, where dangerous, anti-social situations do not necessarily arise. Our fight for a more wholesome and universal social life on the campus is only beginning. To gain the desired objective we must work in harmony with the administration. We must take the initiative and co-operate. To say the least, the question of "Why do we not have dancing on the campus?" has been answered.

CARELESS AGAIN.

Again, as it happens several times each year, T. C. U. students have become careless in the appearance of the Horned Frog campus and buildings.

Friday gives the buildings and campus the worst appearance of the week. On that day The Skiff is distributed and students carelessly throw their copies where they finish reading them.

This does not excuse other days, however. Notebook paper, cigarette packages, and scraps of all kinds are thoughtlessly strewn in the halls and on the grounds.

Some students are still helping to make trails across the grass in different spots on the campus, others are persistent in marking up seats in classrooms, and others are only satisfied by marring the fixtures in the halls and buildings.

All of these hobbies could be remedied if only the students would stop and think of what little good they were getting out of it and how much they were carelessly damaging school property.

PEN AND INKLINGS

By Siddie Joe Johnson.

A SONNET FOR ARMISTICE DAY, (1930)

Twice six the years since war strode
 from our ken,
 But still methinks I see it in the sky,
 And hear the shrieks of shrapnel,
 The tortured hearts of those who
 fight and die.
 The Golden Age, once heralded, has
 come—
 "Ay," brawling cynics say, "has come
 —and gone."
 Utopians, once clamorous, now are
 dumb!
 Men's hopes lie dead—the Age of
 Bronze is on.
 Men's hopes lie dead? Is this the
 aftermath?
 Old Time is still abrooding on the
 Abyss,
 And star-born Mystery lies across our
 path;
 Are all grand destinies to run amiss?
 Not so; man ne'er remains 'till
 insensate clod
 While on him gleams the countenance
 of God.
 —By Herbert L. Hughes.

SONG OF THE JARVIS CO-EDS (With apologies to Poe)

Hear the ringing of the bells—
 Jarvis bell!
 What a world of courting its melo-
 dies dispell! How it tinkles, tink-
 les, tinkles,
 In the early air of night
 While the stars that oversprinkle.
 All the heavens seem to twinkle
 With a crystalline delight
 At our plight.
 Hear the tolling of the bell—
 Study bell!
 What a world of solemn thought its
 melodies foretell!
 At the coming of the night,
 How we shiver with affright
 At the melancholy menace of its tone!
 And for every sound that floats,
 There's an echo in our throats—
 And a groan.

COULTER'S COLUMN

Glancing Around the Hallways
 Hello! L. O. Dallas. Wishing and
 waiting for some girls, or a girl, he
 stands down by the front door every
 day at some time or another—And
 Hubert Dennis with that perpetual
 smile—Wonder what Loyd Douglas
 does at the library—he's always
 working at something—What became
 of the paths across the campus?
 From all appearances they will soon
 be back. Every one walks in a dif-
 ferent spot, but since every one has
 the same idea there will soon be more
 than one path—Just how tall is Diet-
 zel? Has he stopped growing yet?
 How many horns is a horned frog
 supposed to have?—It's 9:30, and as
 thoughts must be somewhere else this
 must stop. (Please don't think the
 writer conceited because he calls this
 a thought.)

The Greatest Sport Of All
 Baths to me are sporty things
 I guess it's because they're rare
 The first I took I can't recall.
 Although I know I was there.

An interesting thing about a bath
 is the chasing of the soap
 I seem to have solved the problem
 By trying it to a rope.

Isn't it fun in the winter time
 To have the water hot
 It seems to warm you through and
 through
 Which brings about some thoughts.

When you don't feel just right to
 think
 And your classes seem a bore—
 Just take a little time and bathe—
 You'll hate them all the more.

Some countries bathe but once a
 year
 But still they do not croak.
 I wish I could go there now.
 For all the above's a joke.

It seems strange but all the big-
 gest flops in the history of the Uni-
 versity have been caused by the pro-
 fessors. Yes, it just seems they never
 do ask what you've studied for.

Modernism: Coming to school early
 to get some lessons. Being late to
 class because you forgot to watch
 the clock while you were talking to
 some one in the library.

Just what is culture? Our school
 is supposed to be cultured, but still
 some students persist in sticking their
 gum under the arms of the chairs.
 Why, just the other day I left a piece
 of new grape gum under my chair
 that had just been chewed three min-
 utes, and the next time I went to
 class I got some peppermint flavored
 gum that had all the taste nearly
 gone. Let's all get together and car-
 ry our gum behind our ear, or organ-
 ize ourselves so that we will always
 get back our own gum. Suggestions
 will be gladly accepted as this is
 getting to be quite a problem.

Coca-Cola And Dr. Pepper Are Favorite Drinks

Coca-Cola seems to be preferred by a large number of the T. C. U. student body as their favorite fountain drink. As a thirst quencher, Dr. Pepper runs a close second. Grapefruit was admittedly the favorite of many girls, with cokes running only a few glasses behind.

When asked by the inquiring reporter what fountain drink she preferred, one pretty co-ed replied curtly, "Thanks, but I don't drink with strange men." Another young lady, less timid, when asked her preference, took her unsuspecting questioner by the arm and set a true compass course for the drug store. Her sense of direction was so keen, however, that the reporter, sensing trouble ahead, remembered an engagement and escaped.

An elongated freshman of some six-foot-four in height stated in a shrill voice that he "liked sweet milk best of all." Another freshman, not so dumb, stated that his preference of drinks varied with conditions. "You see," he said, "I always buy a five-cent drink when it is my money, but if someone is setting me up it's a different matter. I order malted milk, double thick, then."

Some queer preferences were uncovered by this survey. A certain young lady said she liked Coca-Cola with a little orange juice. Another co-ed said she always liked a spoon with her Coca-Cola so she could stir it. "Won't a straw do just as well?" she was asked. "I can't pick up the ice with a straw," she replied.

KEEPING STEP.

Again it has been demonstrated that the people of Fort Worth are keeping apace with other cities in the nation in welfare work. It is encouraging to note the manner in which the populace has responded this week to the call for used and cast-off clothing, to be utilized by welfare societies over the city in helping the unemployed and needy in tiding over the long winter months.

Today marks the third and final day of a drive for old clothing. A depot has been established at 105-7 Commerce Street, where citizens have been asked to deliver any and all clothing that can be used. This policy is different from the policy of former years in that both the gathering and the distributing of clothing is being done at the depot. In other years the agencies had to go over the city collecting, later distributing in the same manner.

The drive has been highly successful and encouraging. The depot has been swamped with the offerings of citizens all over the city, who have contributed various sorts of clothing useless to themselves but which will help greatly in relieving the suffering and the wants of the more unfortunate in our midst. Take your old clothing to the welfare depot where it will contribute toward a commendable cause.

SPORT WAVES

By JACK BELZNER
Pete Wright, director of T. C. U. athletics, is preparing for the largest crowd ever to be accommodated at a football game in Fort Worth. If good weather prevails the crowd should be over 27,000 and that will mean the addition of 7,000 temporary bleachers. "Mr. Pete" is still getting long distance telephone calls and telegraph messages asking for reservations. He is not handicapped this year as in former years because any seat in the new stadium is a good spot from which to see the game.

Not only will the game draw the largest crowd of the season but it will be the football classic of the Southwest Conference for the 1930 season. The Longhorns of Texas University will be battling for a chance to stay in the conference running, and the Horned Frogs will be attempting to continue their string of victories to 20, with only two ties to mar their record the past two years. Should the Christians defeat the Steers, the Texas team will be completely out of the running, and with a reverse the Longhorns will still have only a fighting chance. But a fighting chance is worth plenty. It is all that the Frogs have had the last two seasons and last year they were crowned champions and this year they are leading the conference and have a chance to repeat as victors.

Some Frog supporters are harping about our weak tackles and ends. This set of men is as good as any group of tackles and ends in the Southwest. They have only faltered once this year and then they were a long way from being outclassed. It is true that Rice bowed them under on a few plays last Saturday but nobody is infallible. Somebody is going to take them out once in a while. Watch these players instead of the ball-carrier for a quarter tomorrow and see if they don't carry out the Longhorns more often than they are carried out.

The five-man line used by Texas on the defense has caused quite a lot of comment this year. In reality this is a seven-man line with the ends playing back a few feet and was developed by Clyde Littlefield to stop passing attacks. To date it has been fairly successful but at the same time it has caused the Longhorns some worry on end runs. When Leland, Oliver, Spearman and Dennis, the Frog speed merchants, get to going off tackle and around the ends, the Texas ends will need plenty of power plus speed to stop them and they can't do it during the whole game.

Again the Sunday papers came out and stated that Cy Leland was stopped by an opposing team. He was far from stopped, making more than 60 yards from scrimmage, caught two passes for 10 and 12-yard gains, respectively, and ran back four punts for some 40 yards. It is impossible for him to get off for long jaunts as he did in 1929, the opposition is hemming him in to the sidelines. And another thing, Cy is the greatest threat in the conference, he has pulled the opposing secondary in close and this gives our backfield men a chance to complete the passes over the center of the line. If there is anybody on the team, besides Capt. Noble Atkins, that is all-American, it is the fastest man on the gridiron in the world.

Texas football fans have shown that in their opinion the most important factor in Southwest football is the winning of the flag. Little attention is being given the S. M. U. Navy battle at Baltimore tomorrow although it is one of the biggest inter-sectional games of the year. The Mustangs should beat the Midies without much trouble, and it will wear a feather in the hat of the Texans. But fans are primarily interested in the Frog-Steer game because the outcome will have an effect on the conference title. While tomorrow's game is going on here for the leadership of the league, the Midies meet A. & M. and both will be striving to keep out of the mire of the seventh position. Arkansas and Baylor will play at Fayetteville in the last conference game for the Porkers, who will be after their third conference victory. And the Bears will be after the win that will place them among the first division in the standings.

Rice does not have the weak team that some of the dopsters would have us believe, since Texas Christian romped over them to a 20-0 victory last week. Up until that game everybody either rated the Frogs even with them or just a step behind. Now, the Owls are rated by some as next to nothing. T. C. U. just took the fire out of them when their heavy forward wall snowed the Rice forwards under. If McCarble had snatched the pass on the Rice goal during the opening minutes of play, the game would have been entirely different. There is little doubt of a Frog victory but the outcome would have been tortiously close.

The Christian blocking was much better in the Rice game than at any other time this season. Every player stopped his man on the defense and laid it open for the tackler to down the man carrying the ball. On the offense the Frog interference running showed marked improvements. The pass defense was up to the Christians standard of former games. It was great to see the ends drop back and intercept the Bird passes instead of standing on the line of scrimmage and merely breaking them up.

The Schmidtmens showed that they have a great defensive in that the Birds' only made seven first downs and the Christians allowed them to have the ball during most of the game. After piling up two touchdowns, the Frogs lost their aggressiveness and chose to keep the Houstonians from crossing the tally line.

SPEARMAN, VAUGHT SHINE

Griffith, Spearman, Hinton Chalk Touchdowns as Frogs Win Over Owl Team.

By JACK BELZNER

RICE FIELD, Houston, Nov. 8.—The Texas Christian Horned Frogs defeated the Rice Institute Owls 20 to 0 in the third conference victory for the Schmidtmens this season. Othol Martin, Jack County and blocked a punt in the middle of the opening quarter and Vaught recovered for T. C. U. on the Rice three-yard line. From that point, Griffith, Frog fullback, carried the ball twice and went over for the first Christian score.

A ten-yard pass, Hinton to Spearman, who ran the remaining 45 yards for a touchdown, through the entire Owl team, netted the next tally for the Frogs and Griffith again kicked goal. From then on during the remainder of the game, the Frogs, with but one exception, were satisfied to sit back and play a defensive game.

Near the end of the game, Foster Howell intercepted a Bird pass on the Rice 16-yard stripe and from there a series of passes and plunges by T. C. U. netted another touchdown, which "Grassy" Hinton scored after a three-yard jaunt off tackle. Green failed to kick goal.

The Rice scoring punch was nipped in the bud during the first few minutes of play when McCarble dropped a pass from Hammett on the Rice goal-line. After that, the Owls threatened only twice, and they were cut down readily by the Frog forwards.

T. C. U. made eight first downs and the Owls made seven, which would indicate that the game was more even than the score shows. The Christians went on the defense and let the Houstonians handle the ball most of the afternoon after scoring two touchdowns.

Johnny Vaught and Blanford Spearman were the most consistent Christian players. Vaught was usually the first down on punts and opened big holes in the Bird line for the Frog backs to go through. Spearman played a great offensive game, gaining almost every time he was on the receiving end of three passes that netted good gains for the Schmidtmens.

Lee, 150-pound half-back of the Owls, made long runs around the Frog ends. Twice it looked as if he was off for a touchdown, only to have Spearman and Leland cut him down. Pat Wallace and Seaman Squyres, star Rice backs, looked good for the feathered team, and it was hard for the champions to keep them from missing up the Rice offense.

The lineup: Texas Christian—Sal-keld, le; Boswell, lt; Butler, lg; Atkins, c; Vaught, rg; Howell, rt; Martin, re; Leland, qb; Woolwine, lb; Spearman, rh; Griffith, fb. Rice—McCarble, le; Allen, lt; Morgan, lg; Hander, c; Burk, rg; Conklin, rt; Klerner, re; V. Driscoll, qb; B. Hammett, lb; Mueller, rh; T. Driscoll, f.

Brilliant Sophomore Backs

Much credit for Texas Christian's success this season in holding the top of the conference ladder is due this brilliant array of sophomore backs. Blanford Spearman and Hubert Dennis, the two lads above with the dangerous stiff-arms, have developed into two of the greatest first-year backs in the Southwest. Red Oliver, the Poly speed merchant, has seen much service this year and will likely be heard from plenty the next two years. Buster Brannon, left-footed kicking artist, and Doc Sumner, lack only experience in their athletic make-up to be of valuable use as regulars. Otha Tiner is a quarterback, Sumner a fullback and the others are halfbacks. Spearman and Dennis are slated to be in the starting line-up tomorrow.

Polliwogs Play In Dallas Next

First Year Men Will Meet Terrill Prep Thursday.

Coach Dutch Meyer will take his Polliwog squad to Dallas next Thursday for its annual battle with the powerful Terrill Prep aggregation. This will be the third and final game of the season for the first year men. They have met and defeated two other strong elevens this season. John Tarleton was defeated 6 to 0 and the N.T.A.C. Aggies were defeated 7 to 0. The Polliwogs will go to Dallas with the determination of keeping a perfect record and to avenge the defeat the Terrill Prep gang handed the first year men two years ago.

Coach Meyer states that all of his men are in excellent condition, and barring any injuries in practice, the squad will be intact.

The probable starting lineup for the Polliwogs will include: Langdon and Graves, ends; Kinzy and Wilkerson, tackles; Bassinger and Taylor, guards, with Thomas at center. In the backfield will be either Clynch or Walker at quarter; Jordan and Myers, halves; and Kitchen, fullback.

Othol Martin Awarded Trophy for Rice Game

This week, the football squad voted Othol Martin the most valuable player in the Rice game, and he thereby will be awarded the Simon Jewelry Company trophy.

Martin is a veteran end, this being his last year of varsity competition. His greatest work has been the blocking of enemy punts, having blocked one in the Arkansas game and one in the Rice contest. His blocking of a Rice punt in the first quarter paved the way for the Frogs' first touchdown.

Otis Stell Is Injured In Park Football Game

Otis Stell, a sophomore in T. C. U., who was injured in a football game played last Sunday in Sycamore Park is in the infirmary in Clark Hall.

Stell went out of the game in the early minutes of play with an injury which was at first thought not to be a serious one, although an examination late last Sunday night revealed that he had sustained two broken ribs and several body bruises. He will be confined to his room for several days.

Three Teams Lead in Intramural Football

Two Sophomore Teams, Juniors, Pace Field in Inter-Class Play.

The Sophomore "A" and "B" teams, with the juniors, are leading in the intramural tag-football race. These three teams appear to be the strongest in the race and have romped over their opponents with apparent ease. The sophomore teams appear to be about evenly matched, as the score of last Friday's contest indicates. The game resulted in a tie, 6-to-6.

The freshman "A" and "B" teams were scheduled to meet Friday afternoon, but the freshman "A" squad did not show up and the result was a forfeiture in favor of frosh "B," 2-to-0.

At the close of the season the four leading teams will play a round robin schedule to determine the winner.

Students Give Program

Mr. Ashburn in Charge of Group Presentation Sunday.

The theme of the program was "Religion in Modern Youth." Noel Roberts, president of the Y. M. C. A. of T. C. U., spoke on "The Y. M. C. A. as a Religious Organization," Lewis Copeland, president of the North Texas Youth Association, made a talk on "Modern Youth in Religion." Miss Siddle Jo Johnson read some of her original poems. They were: "Nostalgia," "Ballad of the Old Woman," and "This Is He." Misses Marion Miller and Elizabeth Strayhorn sang a duet, "Hold Thou My Hand," and Miss Strayhorn whistled selections from "Land of the Sky-Blu Waters."

The Fellowship class has a membership of about 250 and meets in the Medical Arts Building.
