Elliott Is Speaker At Y.M.C.A. Meeting

Noel Roberts, President, Leads Organization in Round- Table Discussion.

"The future of America depends on how we remake America," averred Dr. Edwin A. Elliott in an address at the inaugural meeting of the Y. M. C. A. round-table forum group held Wednesday at 1 p. m. in the alcove of the cafeteria. "We want to be able to scrap all inadequate institutions and to remake those which still have some utility."

In his denunciation of the present economic system, Dr. Elliott pointed out that the American workingman must be protected against accident, illness, old age, and unemployment. The question of war was also treated with. "The only way we can avert war is to take the profit out of war." His conclusion was an urge for the remaking of the concept of Christianity.

Following Dr. Elliott's address, a round-table discussion was led by Noel Roberts, president of the Y. M. C. A. Approximately twenty-five boys were present. Prof. Jack Hammond will address the group next Wednesday on "Disarmament."

BULLETIN

Name of the winner in the election of head yell leader will be posted on the bulletin board in the main hall this afternoon as soon as all votes are counted, according to Alf Roark, student body president. The election was held Wednesday morning in the freshman-sophomore chapel and the junior and seniors cast votes this morning. Only two candidates, Howard Walsh and Roland Balch, were in the race.

Since students failed to send enough petitions to the student council by last Monday noon, the council named five of the most logical candidates and submitted the names to the student body. Frank Miller, Lee Glasgow and Ed Tyson withdrew from the race.

A pep meeting will be held at 7 o'clock tonight in the big gym before the President's Reception with the new yell leader in charge.

Fifteen Faculty Men Have Been On Athletic Teams of Colleges

Fifteen men on the Texas Christian faculty were athletes during their college careers. Nine of these former athletes were Frog performers at one time.

Dean Colby D. Hall was the first man to receive a letter for college competition. He lettered in football for the Purple and White in '96, '97 and '98. He was substitute end on the first team and captain and fullback of the second squad. Later at Transylvania, he was the champion indoor athlete of the school. The indoor athletic championship was won by being the outstanding tumbler, mat man, etc.

L. C. Wright, present athletic director of T. C. U., played six years on the Frog eleven and was captain during the last two years. He played for the Purple from 1904 to 1909 inclusive. Mack Clark, W. J. Hammond and Walter S. Knox were former track men on the T. C. U. squad. Clark was an all-around track performer and lettered in 1926 and 1927.

Hammond was a dash man and lettered in 1917. Knox lettered on the thinny-clad squad in 1923 and in 1922 played on the Christian net team.

"Dutch" Meyer, present freshman football and varsity baseball coach, was a three-letter man for three consecutive years at T. C. U. He lettered in football, basketball and baseball. His last year of varsity competition was 1922.

Raymond "Bear" Wolf, Horned Frog line coach, lettered in baseball in 1924 and 1925 and was a

letterman in football during the same seasons. He gave up a year of conference eligibility in order to play professional baseball.

Dr. Ivan Alexander and Dr. Walter Moreman, both of the biology department, were two-letter men in football. Alexander lettered in 1922 and 1923. Moreman received his letters in 1923 and 1924.

Francis A. Schmidt, head football and basketball coach, played football for Nebraska in 1904, 1905 and 1906.

Dr. John Lord, head of the government department, was a three-letter man three consecutive years at Transylvania. He lettered in football, basketball and track. His last year of eligibility was 1917. Prof. Pickrell is another Transylvania letterman, making his "T" in 1919 on the basketball team.

Dr. Raymond L. Welty, of the history department lettered at the Kansas Teachers' College in basketball and football in 1916 and 1917. He was captain of the cage squad in 1917. He was forced to give up one year of activity due to an injury received early in his senior year.

Prof. Charles R. Sherer, head of the mathematics department, was a cage performer at the University of Nebraska in 1916 and 1917.

Prof. E. C. Cameron, of Brite College, entered college too late in life to take part in varsity athletics but played football for an army team, stationed near the Mexican border, in 1914 and 1915.

Plans Trip to Chicago Band Members Start Campaign to Go to World's Fair.

Plans are being made by the Horned Frog Band to make a trip to the World's Fair which begins in 1933 in Chicago. A committee of three band members is working out details to raise money this year and next. Those on the committee are: Paul Packard, Tom Hanks and L. O. Dallas.

Prof. Claude Sammis, director, expressed the opinion that the band would probably be sponsored by the Chamber of Commerce and the University.

Since the band has been requested to appear at more concerts than it has been able to fill in the past few years, a committee will decide all public appearances this year. The committee is composed of Gibson Randle, Murry Livingston and James Watkins.

Pictures of the band will be made Saturday afternoon for the Horned Frog and downtown newspapers. The band has been drilling this week in preparation for a field demonstration at the football game Saturday. The drum majors will alternate on drills to be performed at all football games.

Around 175 Are In Night School

Largest Enrollment Is in Freshman Eng- lish Class.

Approximately 175 students have enrolled in the night school classes which are being offered at T. C. U. this year, according to an estimate issued from Dean Colby D. Hall's office. Although afternoon extension classes have been offered in previous years, the night school is a new development in the University.

Largest enrollment is in the freshman English class, with large attendances also registered in the public speaking and education classes.

According to Dean Hall, courses in the following subjects are being offered: business administration, Bible, economics, education, English, French, history, journalism, mathematics, psychology, public speaking, sociology, and Spanish. All classes carry credit as regular college work.

Students Are Invited To Visit Dean's Office

Mrs. Beckham and Miss Spragins Will Direct Educational and Social Affairs.

"Every student in the University is welcome to the new office of the Dean and Assistant Dean of Women," said Miss Lide Spragins, assistant dean of women, in an invitation to the student body yesterday. "The office is designed to be social instead of disciplinary."

The new office is located on the first floor of the Main Building and has been decorated and furnished during the summer months. According to Dean Sadie Beckham, tea will be served in the room many times during the semester.

In announcing the duties of the new office of assistant dean of women, Miss Spragins stated that her work was to be centered on educational guidance to the girls of the University. Dean Beckham will have charge of social activities.

A distinct feature of the new office will be the keeping of files on various entertainments of organizations during the year. Blanks have been made for filing in the office for coming entertainments. After the entertainment has been given, additional blanks are filled out for files stating the value, negative aspects and positive aspects of the group entertainment. Miss Spragins hopes to be able to give the groups in the future who are planning entertainments valuable information on the types of programs that have the greatest value.

Five freshmen were nominated for president of the class and a run-off was necessary between Sam W. Butler and Henry. Miss Judy Trulson of Dallas was made vice-president and Miss Christine Ackers of Abilene will fill the office of secretary-treasurer. The meeting was held in the University auditorium and Alf Roark, student body president, presided until Henry took the chair.

Physics Laboratory Gets New Equipment

Screw Cutting Lathe Purchased for Metal Workers Department.

Among the additional equipment in the department of physics is a South Bend screw cutting lathe. This lathe was purchased from George F. Townsend of Fort Worth and will be used by the students in metal work, according to Prof. Newton Gaines, head of the department.

With this new piece of machinery, students will be able to thread most any type of bolt or screw with the threads varying anywhere from 4 to 40 per inch. A three jawed chuck will enable the operator to steady any work and to either do an inside piece of work as is done in a pipe, or for an outside threading as on a bolt or screw. The apparatus is driven by a three-fourth horse-power electric motor.

Mr. Townsend has lent the department a metal saw machine which is run by a one-half horse-power phase motor. All those interested in the department of physics are grateful to Mr. Townsend for his active interest in T. C. U.

Prof. Gaines also adds that with the aid of the above mentioned apparatus along with addition of two new work benches, woodwork tools, and a wood turning lathe Brant Conway, technician, or any advanced student will be able to make almost any piece of apparatus desired.

Miss Jacque Lansdale of Oakwood, who was a journalism student in T. C. U., and who edited the Oakwood Oracle during the summer, has transferred to the University of Texas.

LET'S HAVE A BAND SWEETHEART.

The Horned Frog Band has been severely criticized for having a band sweetheart in the past, and when the announcement was made that there would be two drum-majors this year, the band received other unfavorable comment.

One of the greatest complimentary honors that can be conferred upon a Texas Christian girl is that of being Horned Frog Band Sweetheart. This year, the members of the band have not decided upon a sweetheart, and, with two drum-majors out in front, it seems almost impossible to have a girl on the field.

THE OPEN FORUM AND STUDENT OPINION. The question is often asked by students, "How can I make known my opinion on some question of interest to the students?"

The publishing of some letters has resulted in controversy—controversy that proved beneficial because of the interest created.

THE STUDENT COUNCIL. The Student Council can do its best work only when it has the full co-operation of the student body.

"BY THE SWEAT OF THY BROW." At the practice game Friday, Sept. 18, between Texas Military College and Texas Christian, a vender was grossly mistreated by a citizen.

Students, let's get behind that council and maintain a co-operative attitude toward its work. Make it your council, and you will be the beneficiaries.

COULTER'S COLUMN

"After dinner speaking isn't a new idea," says Parson Brown. "I'm sure that everyone recalls the fact that the jawbone of an ass was fatal to a gathering of Philistines."

Mora Lou Washham really likes to chew gum. At the prom the other night she was made to throw out a nice new stick of the flapper's best friend by her big sister, Wilma Spratt.

And here's a clipping from somewhere—"Oscar Pluvius says that he is going to put off his education until after he gets his degree."

The old adage, "An eye for an eye and a tooth for a tooth," was applied until the demand was so great that lawyers finally took up getting \$50,000 for an eye and a divorce for a tooth.

A girl can feel sure of her boy friend when he doesn't mention that she forgot to put any powder on before she left her room.

Correct this sentence: "I don't believe that a girl should become tanned," says Kay Prather.

Being collegiate: Making fun of the fellow who is always looking for snap courses. Taking the same course he suggests to us later in our college life.

Too many people remarked that last week's Skiff had too much of my material in it. Can I help it if I had to leave out that extra seventh column and couldn't print the things that usually go in it.

Dr. Elliott says that he couldn't possibly afford to drink intoxicating drinks. And I thought that the salary cut was only ten per cent in the University.

All kidding aside, Dr. Elliott says the reason he can't afford to drink is that he is an Irishman and always goes to extremes.

Poise is the ability to look nonchalant when your professor passes when you are copying the day's problems from a fellow classmate.

We feel that the only true way to play contract bridge is for the partners to get together in the next room and compare hands. This will at least do away with having to learn that a bid of two hearts means that your partner wants you to bid in spades since he has the ace, king, queen, jack and ten of diamonds to counteract your next raise of five no trump, doubled and retripled four times.

Some freshmen outgrow fancies of youth and others still delight in making a fuss over having to go to chapel.

Dear Editor: "Dean Hall and President Waits have both set forth sufficient reasons why we cannot dance at the prom, and we hope that every student will do his best to conform with the rules."

PEN SLIPS

By THELMA BREITHAUPT

I'VE PUT MY DOLLS AWAY I've put my dolls away today, Although with backward looks, For I am growing up, you see, And now must think of books.

I dressed them in their dainty clothes, And tied their little shoes; But putting them 'neath lock and key Is not the thing I choose.

They've stood by me through clouds and rain, And kept my secrets too; And never fussed when I was cross, Or felt downcast, or blue.

It isn't fair to lock them up, As though I didn't care, For, when I come in after school, I want my dollies there.

So when it's night, and candlelight, And no one's there to see, I'll put the books upon a shelf And take my dolls with me.

—MARIE HAMLETT.

RETURN Lovely it is at first to see Hill and meadow, path and tree,

And those dear few beloved of me. Bitter it is to find again People with thorns along the stem, Springing like nettles after rain.

OH, SINGING WATER Oh, singing water, What song from my throat Can match the lovely song you sing? You that have sung so long Tell me of blue herons in quiet pools, Tell me of swooping gulls Above the fish piers.

Oh, singing water! Break noisily upon these rocks, Cover them with slime and sea weed. Break holly upon these rocks.

—LENA AGNES JOHNSON.

BEAUTY Beauty is a lazy thing Lying calm and still; And beauty is a princely thing, Parading on a hill;

Or beauty is a dynamo Like lightning in the rain. Sometimes I think that beauty is This gnawing in my brain.

THEATERS ON THE AIR

Tallulah Bankhead and Fredric March appear together in "My Sin" which comes to the Worth tomorrow for four days.

Miss Bankhead is an American girl—a Southern girl. She was born in Huntsville, Ala., and was named after Tallulah Falls in Georgia.

"Street Scene" with Silvia Sydney, Estelle Taylor, and William Collier, Jr., comes to the Palace Sunday for a week.

Show gossip: Richard Barthelmess showed that he wasn't afraid of letting some one else share his close-ups in his last picture, "The Last Flight."

Estelle Taylor won't recognize the divorce that Jack Dempsey has been granted in Reno.

It is rumored that Fort Worth will have a big community showhouse on Pennsylvania Avenue in the near future.

And the latest report from Hollywood states that theme songs will return to the screen before long.

Oh yes, Dorothy Lee played the feminine lead in "Caught, Plastered" and she really looked dizzy when she drank some lemon soda (99% alcy-hawl).

Every "good" newspaper has to have a radio column. Knowing that a college student must listen to a few radio programs in order to exchange the latest slang, bum jokes, and technique with the girl friend;

The following programs are standard ones and may be picked up at the same hour every day this week: For the janitors of Clark, Goode and Jarvis Halls, who have to get up early, we suggest they listen to WFAA's 6 o'clock fiddle band.

8 a. m. is a good time to hear popular organ numbers from KTAT. 8:30 a. m. finds a good daily record program from KFJZ, which is proving popular with the boys in the dorms.

1:00 p. m. is noted for the opening of the Barnstormers' band from KTAT. Popular numbers played different—"very different."

4:15 p. m.—Jack Miller sings especially for the ladies from KRLD. "Better than Rudy Vallee." (Note the quotation marks.)

6:30 p. m.—Give ear and foot to the music of Henry Busse and his plenty torrid dance orchestra.

Jack Langdon and Juanita Freeman seem to be holding down the steps in front of the gym pretty well this year. But Juanita, if I were you I'd get Jack to pick out a more secluded spot to do his wooing.

Mary Eva Dillingham seems to like flaming red fingernails and form fitting dresses. Well, it's all right because the form is in good taste.

We wonder if Anna Byrd Harness and Cody Sandifer are going to keep that place all year. Every time some couple wants to sit quietly around and talk about their school work, they always find that Cody and Anna Byrd are there getting their campus course too.

Wonder where John McGaughey was going with two girls yesterday? One of them was Mary Frances Roberts but we couldn't see the other girl's face.

And say, have you noticed this overwhelming devotion of Vance Woolwine—and his weakness seems to be Philo Mae Murphree. Howdy Vance, Howdy Philo Mae—that's the way you always greet them since they are always together.

Jay Williams really fell for some one last Friday at the football game. He was looking back up into the stands and fell three rows of steps before his ankle caught him.

SOCIETY

By ERNESTINE SCOTT.

The annual President's Reception will be held tonight from 8 to 9 o'clock in the Mary Coats Burnett Library. The procession will be headed by President E. M. Waits and Dean Colby D. Hall.

All faculty members will be introduced to the T. C. U. students and their parents and friends. President Waits points out that this reception affords a wonderful opportunity for the people of Fort Worth to become acquainted with the faculty of T. C. U.

He also wishes to stress the fact that although in previous years written invitations have been sent out, a general invitation is being issued to the public this year through the newspapers.

Prof. J. W. Ballard, assisted by Miss Ruth Williamson, is chairman of the committee on arrangements. Dean Sadie Beckham has charge of appointing the girls that are to serve punch at the reception, and the music for the evening is in charge of Prof. Claude Sammis.

The library will close at 3 o'clock Friday afternoon in order to get the building in readiness for the reception that night.

Freshman Prom Is First Social Event

The outstanding social event on the T. C. U. campus this week was the Freshman Prom which was held Tuesday night in front of the Mary Coats Burnett Library.

Led by Patrick Henry Jr., of Wichita Falls, freshman president, and Miss Gladys Simonson of Denison, a grand march from the front steps of Jarvis Hall to the library steps opened the prom. Sandifer's Orchestra was seated at the library. The fountain lights played upon the sprays to set off the event.

At the beginning of the grand march a flashlight picture was taken for the Horned Frog at the band stand.

All arrangements for the affair were in the hands of the student council with Alf Roark, president, in charge. With Miss Corinne Koger of Taylor directing the dormitory students and Miss Marian Smith of Fort Worth, the town students, the Y. W. C. A. on the campus sponsored the big and little sister movement.

Under the new system of filling prom cards this year, each big sister signed her name to the prom cards in place of her little sister's name, as had been done before.

In calling for their proms, the boys went to the booth displaying the initial letter of the big sister's last name. This plan was more desirable than the old because it avoided the confusion met by a big sister when she had more than one little sister. It also proved more satisfactory in making the introductions of the prom dates.

Mr. Rogers Marries Miss Frances Rourke

The marriage of Miss Frances Rourke and Mr. William C. Rogers II of Houston yesterday culminated the series of parties which have been given in honor of the bride.

Mrs. Rogers is a former student of Texas Christian University and also is prominent in musical circles of the city. Mr. Rogers is a graduate of A. & M. College.

Supper to Be Given By Outcast Club

The Outcast Club will have its first meeting of the year Sunday evening in the form of a supper at the home of the sponsor, Mrs. Artemisia Bryson, 2917 Princeton Street.

Invitations have been extended to all girls who are interested in the club, which is an organization for girls who live out of town, but do not reside in the dormitories.

The social calendar and plans for the meeting will be made at the meeting, according to Miss Harriet Griffin, president.

Jarvis Hall Girls Hold Open House

The girls of Jarvis Hall held open house for the boys of Clark and Goode Halls last Saturday night.

Games of Jack straws and forty-two were played on tables set on the campus under the trees in front of Jarvis. Proms were also a feature of entertainment.

Eskimo pies were served for refreshments.

Houston Students' Club To Elect Officers

The initial meeting of the Houston Club will be held in the parlor of Jarvis Hall Wednesday evening at 6:30 o'clock.

Banquet Is Held by B. C. B. Association

The Brite College of the Bible Association held an informal banquet last evening in the dining room of the Main Building.

The invocation was given by Bob Preston, after which Otto Nielsen, president, led the singing of pep songs. The quartet composed of Prof. S. W. Hutton, Jim Parrott, Nielsen, and Perry Gresham, sang.

W. B. Harmon of Hope, Ark., and Clyde Yarbrough gave the addresses for the evening.

Nielsen presided at the banquet.

A joint recital of operatic and semiclassical music was presented by Travis Johnson and Mrs. Annabell Hall Bailey in the University auditorium Wednesday afternoon. The recital was sponsored by Mrs. Helen Fouts Cahoon, voice teacher of the two singers.

Mr. Johnson, a graduate of Baylor University, has studied two years under Mrs. Cahoon. He plans to leave immediately for New York City where he will continue his study in the Institute of Music.

Mrs. Bailey plans to enter the Atwater Kent Radio contest this fall. If successful in her audition, she will continue her study as the scholarship offered by this company stipulates.

Mr. Johnson was accompanied on the piano by his wife, Mrs. Travis Johnson. Miss Adeline Boyd, instructor of piano, accompanied Mrs. Bailey.

Curry Announces Rules of Library

Usual Hours Will Be Kept Unless Change Is Necessary.

Arthur R. Curry, University librarian, announced Tuesday that the usual library hours of 7:45 a. m. to 9 p. m., will be kept for the greater part of this year. There is a probability that later in the fall, if any situation should arise to warrant the action, the library will be kept open until 10 p. m. This, he said, can be made possible without any increase in expense by closing the library for one hour in the afternoon, probably from 5 p. m. to 6 p. m., or from 6 p. m. to 7 p. m.

Reference Books Issued
There is to be no change in the regulations on checking out books. Reference books kept at the desk may be checked out for home use at 9 p. m. provided they are returned by 8 a. m. Other books may be taken from the library at any hours and kept for two weeks only, a fine of two cents per day being imposed in cases where the books become overdue. Mr. Curry said that it might be beneficial to many students to have pointed out that reference books may be returned in the fifteen minute period between 7:45 a. m. and 8 a. m.

Many new books have been added to the library since June. A total of \$1,297.93 has been expended for new books, and \$65.62 for magazines. These books and magazines have been chosen in regard to subject matter to satisfy needs of nearly all the departments. Mr. Curry declared himself to be very grateful to Mrs. M. T. Burks for the gift of thirty-nine volumes embracing the works of E. P. Roe and Hall Caine. These include books by Arnold Bennett, George Eliot, A. C. Gaebelain, Arthur G. Leacock, William J. Long, H. E. Rives, J. F. Rutherford, William Shakespeare and Eleanor Glynn. Mr. Curry said that he had not decided whether or not to put Miss Glynn's book, "Six Days," in the library.

New Picture Added
Mr. Curry said that he was especially grateful to S. M. Gaines of the Buckingham Apartments for the loan of seven valuable pictures. One of them, a bust portrait of George Washington, while not signed, has been declared by experts to bear marks of being the work of the same artist who painted the archetypal portrait of Washington.

The library staff this year consists of Mr. Curry, Mrs. J. E. Mothershead, Loyd Douglas, Miss Leta Luyster, Miss Ruth Pruden, Miss Lou Blumberg, Miss Mary Carter, Miss Evelyn Franklin, Ed Mace, E. R. McWilliams, Gordon Musgrove, Mrs. A. B. Nelson and Miss Mary Louise Spinks.

Prof. Ashburn Tells Incidents Experienced as News Reporter

Interviewing cowpunchers, disturbing people's early morning sleep, walking blocks and blocks to get stories and then not get them was all a part of Prof. Karl Ashburn's experiences as a reporter on the San Angelo Standard during the summer of 1928.

"The first story that I ever wrote did not go over so big," he said. "I wrote my story, took it to the editor with a smile of satisfaction, only to be told that I was not writing a college thesis but a story for plain, ordinary people. So from that time I limited my vocabulary."

"At first I did not like the idea of nosing into people's business," he continued. "I had a hotel beat and the first time I called a person who was still enjoying his morning slumber and told him that I wanted a story, the answer I received wasn't so encouraging. In fact it might be considered a trifle shocking."

When asked who the easiest people that he found to interview were, Prof. Ashburn immediately answered traveling salesmen. I had a column in the paper called "Boasts and Knocks from the Visitors," and when I went to interview some of the hotel guests to get opinions about the town, I had various salesmen to tell me the most flattering things only to conclude with the statement that the only thing that the town needed

was the thing that they were selling. Once a man gave me an interesting and exciting story, which was two columns long, that was ruined in the last paragraph by turning out to be an advertisement of a tuberculosis remedy. And that was one of a reporter's difficulties, especially when one had to deal with quite a few of these publicity sharks and patent medicine advertisers."

The hardest people to interview, according to Prof. Ashburn, were cattlemen. "Many of them would not give out stories because they did not want their wives to know where they were," he continued. "Once I wrote a story about a cattleman, his wife read it, came to town, and the result was that the hotel that gave out the story was threatened and, worse still, I was threatened to be shot."

"The thing that I disliked most was having to attend so many banquets, dinners and public meetings and listen to all the speeches," Prof. Ashburn said. "Then, to, there was the time element. Several times a fellow reporter would call over to my desk and ask me if I were working for a weekly."

When asked what he thought about a reporter's life, he smiled and said, "It is interesting for it gives one interesting things to do, and, to say the least, it is fascinating."

UNCONDITIONALLY GUARANTEED

By STANDARD LAMBERT

Elaborate plans, and practice sessions featured by hard blocking and timed only by the setting sun have been in vogue in the Horned Frog training camp this week to make preparations for the first "big" game of the season.

The "Hold that Tiger" phrase of the famous "Tiger Rag" has been adopted as the team's theme song as Bear Wolf's "C" team, equipped with Tiger plays, ran them against the varsity.

Coaches Schmidt and Wolf were far from pleased with the showing made by their charges against the Eagles last Saturday.

Tomorrow will see a different team on the field. The ones who witness the L. S. U. contest will see an offensive line charging low and hard; guards pulling out of the line for interference with zip and drive; backs running low and hard, picking their holes as a backfield man should; a defensive team "set" on every play, and eleven men snapping out of that huddle like a football team instead of like 11 inmates of the Old Women's Home.

Rice and T. C. U. were the only teams that opened their schedule last week, but all of them with the exception of Baylor swing into action tomorrow. With the exception of T. C. U., none of the conference teams should encounter much trouble winning.

Two Horned Frogs will have brothers on Dutch Meyer's freshman team this year. Wesley Green, three-letter athlete from North Side, is a brother of Capt. Green.

Hulin Martin, 180, backfield man from Jacksboro, is a brother to Othol Martin, who finished his college football career against S. M. U. last November.

The latest thing in football equipment is the blackboard that Coach Schmidt has put on the training table to diagram plays on while the team is eating.

Did you know that Howard Grubbs, former T. C. U. football star and present coach of Lufkin High School, won his first game of the season by a 44-0 score last Friday—that Grubbs should be one of the smartest high school coaches in Texas as soon as he gets a few years of experience—that he is the smartest quarterback that ever directed a Purple and White team—that the Frogs are in for a tough one Saturday—that all the wise boys are picking the "Alligators" to win—that we are going to see about that—that Elbert Walker is the best passer on the squad—that Buster Brannon has shown worlds of improvement over last year—that he may make his letter this year—that four of the five starting linemen on the 1929 championship eleven are tutoring football now—that Buck Barr has been elected coach at Kingsville High—that Brumbelow is at El Paso; Atkins at Borger; and Red Moore at Mineola.

Coach Prepares For Tiger Tilt

Frogs Down T. M. C. 40 to 0, Denton Eagles 33 to 6.

After having tested the strength of both the non-lettermen and the lettermen in two practice games last week, Coach Schmidt has been preparing his men for the game here tomorrow with the powerful Louisiana State University Tigers.

Last Friday the non-lettermen and the sophomores easily defeated the Texas Military College boys of Coach Lowell Parrish, 40 to 0, and the next day the lettermen took Coach Jack Sisco's Denton Eagles to a 33-to-6 cleaning.

Against the Terrell Bulldogs, Buster Brannon and "Lopin' Lucy" Phelps were the outstanding men for the Frogs. For the visitors, Whitey Baccus and Jimmie Stanton, a former Polliwog player, carried the brunt of the attack, and were outstanding for the Bulldogs.

With the exception of Hubert Dennis, the lettermen did not exhibit any flashy football against the Denton Teachers. Brannon, after giving such a good account of himself against the Bulldogs Friday, was put into the game Saturday against the Teachers, and did equally well in carrying the ball.

Coach Schmidt has been working his men hard all week in preparation for the Tigers, who are touted to give the Frogs their first defeat of the season. Coach Russ Cohen has a well balanced team, and the Tigers have a combination of weight and speed which Cohen has capitalized on.

L. S. U. Tigers to Battle Horned Frogs Saturday

Both Teams Built Up Almost Entirely of Veterans.

TO BE STRONG CONTEST Schmidt Will Have Only One Squadman in Starting Line-Up Tomorrow.

Boasting a powerful running attack, the Tigers of Louisiana State University will take the field against an equally strong Texas Christian University football team tomorrow afternoon at 3 o'clock.

Tigers Have Fast Men

Heading the list of the Tigers in the way of ability will be Butler and Bowman in the backfield. Both of these men can run 100 yards in 10 seconds, and both of them have many long runs to their credit.

Supporting the fast Tiger backfield, will be a 200-pound, fast-charging line. The Horned Frogs will be matched in size by the big Louisiana line.

Frogs Practice Seriously

Taking the Tigers seriously, the Frogs have put in a week of hard work in preparation for the tilt. Coach Schmidt will throw his entire strength into the starting line-up in hopes of stopping the wide sweeps and hard line bucks of the Tiger backs.

Starting the game for the Frogs will be Pruitt and Salkeld, ends; Boswell and Howell, tackles; Vaught and Evans, guards; and Townsend, center. In the backfield, Spearman and Dennis, halves, Hinton, quarterback, and Captain Green at full.

For the Tigers will be Wilson and Fleming, ends; Captain Khoury and Powell, tackles; Torrence and Moore, guards; McLain, center; Ogden, quarterback; Almkary and Bowman, halves; Smith, fullback.

Roe Joins Staff Of City Y.M.C.A.

Jack C. Roe, former director of boy's work at the Waco Young Men's Christian Association, has enrolled at T. C. U. Roe has joined the physical training staff of the Y. M. C. A. in Fort Worth.

Roe has had considerable experience in amateur boxing circles, and while a member of the Gary, Ind., team, won the feather-weight title in the Mid-State A. A. U. tournament.

Since that time he has coached boxing and wrestling at Gary, San Antonio, and Waco. He attended the Y. M. C. A. College, Chicago, and Baylor University, before enrolling at T. C. U. He will conduct boxing clubs for boys and youths at the Y. M. C. A. in addition to his physical training classes.

Lewis Copeland, a T. C. U. graduate in '31, was head resident of the Disciples Divinity House of the University of Chicago for the month of September.

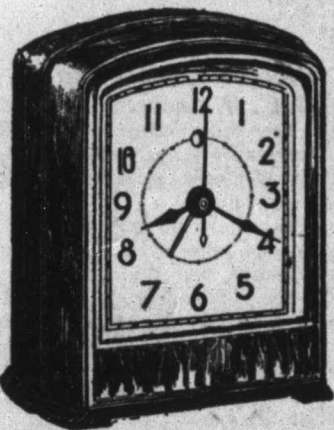

McDiarmid Wins 3 State Tennis Crowns

John McDiarmid proved himself a seasoned performer in tennis circles over the United States this summer in winning three state championships and one city championship. McDiarmid is number one man on the Texas Christian squad and should lead his team a long way in the conference meet next year.

McDiarmid won the state singles championships in Wisconsin, Arkansas and Louisiana. He paired up with Wilbur Hess of Fort Worth in winning the doubles championship of Wisconsin and then paired up with Sterling Williams of the University of Texas in winning the doubles championship of Louisiana.

In winning the city championship of Fort Worth, McDiarmid won from Charles Ewell, also on the Frog team. Ewell was paired with a Fort Worth man to win the city doubles championship.
