Leap Year Edition

Edited by Co-eds

Public Lectures Course Dropped From Calendar

Disinterest Is Reason for Action Taken by Committee.

REFUND WILL BE GIVEN John Langdon-Davies and Gay McLaren Are Released From Contracts.

Because of lack of the necessary financial support on the part of students and the public, the T. C. U. Public Lectures Series has been discontinued, according to Dr. Newton Gaines, chairman of the committee.

Refund to Be Made.
The two remaining lectures, John Langdon-Davies, scheduled for tonight, and Gay McLaren, scheduled for April 13, will not appear at this University.

Each ticket holder is entitled to a refund of 50 cents, since original cost of the season ticket was \$1.50 and only four of the six scheduled lectures have appeared. Starting today and continuing for one week only, the 50 cent refund will be made upon presentation of the ticket at the cashier's window in the T. C. U. business office.

Future Series Doubtful.

According to Dr. Gaines, there probably will be no Public Lecture Course the next school year, but the Lectures Committee will keep in touch with public speakers. Dr. Gaines stated that in the case of sufficient demand for a lectures series on the part of students and the public, another course will be presented at T. C. U. in some future year.

Journalism Congress Will Be April 8-9

T. C. U. to Send Faculty and Student Delegates to Baylor College.

Prof. J. Willard Ridings and Joseph R. Cowan, will represent T. C. U. at the annual meeting of the Southwest Journalism Congress to be held at Baylor College, Belton, April 8 and 9. Also two official student delegates, not yet announced, will attend from this University.

Miss Helen Zene Wortman of Baylor College is the president of the Congress. The organization has a membership of 13 colleges.

Among the prominent speakers at the meeting will be M. E. Foster, editor of the Houston Press; John King, managing editor of the Dallas News; Clayton Rand, publisher of the Gulfport (Miss.) Guide; Judd Mortimer Lewis, recently made poet-laureate of Texas.

The Congress met at the University of Texas in Austin last year. Those who attended from T. C. U. were Misses Lillian Lundberg, Gwendolyn Montgomery, Harriet Griffin and Marjorie Lee Robison, and Paul Martin, Samuel Frankrich, Jack Belzner, Cowan and Prof. Ridings.

the innocent ... by stander ...

BEN BOSWELL not being able to talk to himself through the Innocent Bystander this week, since this is a co-ed edition.

JENNINGS JONES reading the "Screen Book" when he should be studying math.

PANSY TEAGARDEN feeling slightly dizzy after her cup of tea last night.

MORA LOU WASHAM (STEAM-BOAT LOU) looking for her name in the Skiff. Well, here it is!

JUDY TRUELSON wanting to know whether MRS. BROCKETTE counts his "adversity."

Chronic chapel cutters: EVELYN GREEN, KATHERINE CANNON, LEE GLASGOW, LOUISE CAUKER, HOWARD FITCH, ANN McLEAN and JERE VAN ZANDT. CHARLIE CASPER acting the baby in chapel—as usual.

"Miss B. B. A."

Miss Floyd Edmondson was crowned "Miss B.B.A." for 1932 at the annual banquet held by members of the business administration department at the Fort Worth Club last week.

We'll Give Up! Physicists Make Rain in Class

Vivid, stringy flashes of electricity flashing against a dark background. The crackling noises usually accompanying an electrical storm. The pungent smell of ozone. Not the setting for a melodrama. Merely Prof. Newton Gaines performing an experiment for the benefit of his Physics 31 class.

By using an induction coil, several batteries, a spark gap, and a dark screen, this class can produce a man-made thunder storm at a moment's notice. "The only thing that is lacking," explains Brandt Conway, assistant in the department, "is rainfall." For ultimate realism this is secured by means of an ordinary sprinkling can. This bit of apparatus is filled with water and suspended from the laboratory ceiling. "When we want rain we get it," and pulling a string attached to the can, Conway gave the Skiff reporter a practical demonstration. We might mention, however, that he forgot to get out of the artificial rainstorm himself.

Yarbrough Wins Gough Contest

Clyde Yarbrough won first place in the Gough Oratorical Contest Wednesday night in the University Auditorium, speaking on the subject "God Give Us Peace." Yarbrough received the gold medal and \$25 offered by Dr. R. H. Gough of Fort Worth and sponsor of the contest.

Second place was won by J. W. Sprinkle, who was awarded first honors in last year's contest. "The Realization of World Peace" was the subject of Sprinkle's talk Wednesday night. He and Paul Martin, another contestant, will be the T. C. U. representatives in Durant, Okla., Saturday at the intercollegiate oratorical contest at Southeastern State Teachers College.

The other entries in the contest were Marion Hicks and Patrick Henry. Baylor B. Brown, Roy Tomlinson and W. A. Nelson were the judges.

T. C. U. Glee Club to Give Church Concert

The T. C. U. Men's Glee Club will appear in concert at the Hemphill Heights Methodist Church Sunday evening at 8 o'clock. This will be the last local concert before the club leaves on April 3 for a tour of east Texas.

Selected members of the Men's Glee Club will sing with the Choral Club in the University Auditorium Sunday afternoon, March 20, at 4 o'clock in a Palm Sunday service. This program is another of the twilight hour musical series sponsored by the Women's Club of T. C. U.

White, Ziegfeld Could Solve Problem of Perfect Girl Here

By LUCILE HATHEWAY.

Since curves, angles and straight lines are all dominant in the figures of the Horned Frog beauty candidates, they would serve as a good proposition for a geometry class.

If Florenz Ziegfeld and Georg White were the professors of mathematics in T. C. U., they would solve the problem in the following manner:

Miss Eloise Barksdale's height (although Ziegfeld might argue that she should be one-half inch taller, White would say, "No, I think the ratio will work out perfectly this way") plus the neck of Misses Irene McCommas or Mozelle Bryant, would be White's next suggestion.

The other figure specialist would want to put down Miss Janet Largent and says, "You better put Miss Margaret Shaw's name down there plus the waist of Misses Mary Louise Gilliam or Janet Largent."

Prof. Ziegfeld prefers the waist of Misses Doris Higgins or Smith such either Misses McCommas or Juanita Freeman's hips. However, White contends that Misses Dorothy Scott's or Shaw's would be a better solution. "All we have left to solve now is the

leg," says Prof. White, "and I think we should put down perfect for that." "Oh, by all means," adds the other mathematician, "so I'll write down plus Miss Shaw's thigh plus Misses Freeman's or Scott's calf."

"I prefer the calf of either Misses Smith, Largent or Lollie Botts," says white, "plus the ankle of Misses Botts, Barksdale or McCommas. His partner thinks to get the right answer Misses Largent's, Gilliam's, Bryant's or Higgin's name had better be put down for the ankle measurement.

"I've already added my parts and found the correct answer—a perfect girl," says Prof. Ziegfeld.

"Well, I get the same answer with my figures," replied White.

So by working with the T. C. U. beauties the two connoisseurs of feminine loveliness could each work his problem out in his own way and come to the right conclusion—a perfect figure.

Tomlinson to Be Speaker at U. R. F.

Press Club to Sponsor Program—Cotton Will Sing.

Douglas Tomlinson, president of the All-Church Press of Fort Worth, will discuss "Newspapers and Religion" at the University Religious Fellowship service which the Dana Press Club will present Sunday evening at 7 o'clock in the T. C. U. auditorium.

Sam Cotton will sing a baritone solo as a special number on the program.

The prelude will be played by J. Willard Ridings, head of the journalism department and sponsor of the Press Club. Prof. S. W. Hutton will lead the group singing, after which Dean L. L. Leftwich will offer a prayer.

Harriet Griffin will have charge of the offering. The benediction will be pronounced by Paul Logan Martin. Miss Ernestine Scott, president of the Press Club, will preside at the service.

The Fellowship program next Sunday evening will be a musical presentation under the direction of Mrs. Helen Fouts Cahoon.

Debaters Leave for Regional Tournament

Hicks, Martin, Mehl and Sayers Take Affirmative Side of Question.

Marion Hicks, Paul Martin, Milton Mehl, Reagan Sayers and J. W. Sprinkle left this morning for Durant, Okla., where they will represent Texas Christian in a regional debate and oratory tournament which is being held at the Southeastern State Teachers College today and tomorrow.

Martin and Hicks and Mehl and Sayers will enter the debates, while Sprinkle and Martin will take part in the oratorical contests. Hicks and Mehl are also expected to enter extemporaneous speaking. They are accompanied by Prof. Lew D. Fallis, debate coach.

The team of Thomas Magoffin and J. W. Sprinkle lost an audience decision to Joe Van Goskirk and Hooley Raper of Phillips University in a debate before the freshman-sophomore chapel Monday. Magoffin and Sprinkle were debating the affirmative of the Pi Kappa Delta question, "Resolved, that Congress should enact legislation to provide for the centralized control of industry."

Spencer Austin, coach, and Don Root and Grant Wilson, alternates, were other members of the party from Enid, Okla.

Is Honored

Miss Margaret Reeder, junior beauty, will represent Texas Christian in the Texas "Round-Up" at Austin April 15. She was selected by a vote by the student council Wednesday.

Path to Church Not Paved With Roses for Co-eds

"Girls remember your church duty." Almost every Sunday for 15 years Dean Sadie Beckham has placed this sign over the fountain in Jarvis Hall. An attempt to determine the number of residents in Jarvis who do attend church regularly was made recently. Forty-three women students were asked whether or not they attended church and to state their reasons.

Twenty-three girls answered affirmatively while twenty answered in the negative. It was found that 13 attend church down town, while 10 are members of the University Christian Church. The different denominations represented in the number that attend church are Baptist five; Presbyterian, seven; Methodist, seven; Christian, twenty-two; Episcopal, one, and Catholic, one.

The majority who are not regular attendants gave as their reason that they worked, were too lazy, weren't here or didn't want to.

One-Act Plays to Raise Travel Fund

Two one-act plays, "Fate Stalks In" and "Step-Mother," will be presented Thursday night at 8:15 in the Auditorium to help finance the trip to Northwestern University for the winners in the poetry reading contest. The winners are Clyde Yarbrough, Bill Gonder and Miss Lillian Anderson.

The cast of "Fate Stalks In" consists of Laurence Coulter, X. R. Campbell, Bill Gonder and Ruby Nell Poe. Those appearing in "Step-Mother" are Miss Corinne Lewis, Miss Camille Moore and Clyde Yarbrough. The tickets are 15c or two for 25c.

Frosh to Represent Local Bus Company

Francis E. Barnes, freshman in T. C. U., has recently been appointed the T. C. U. representative of the Southland Greyhound Bus Company. Barnes is now able to give complete information as to the fares and time schedule to all parts in and out of the state.

Who's the Ugliest T. C. U. Man?

Who's going to win the title of "The Ugliest Man in T. C. U.?" The run-off will come next week and the winner will be announced in the March 23 edition. And by the way, the winner will have his picture in the 1932 Horned Frog. Choose your man now!

Here's the dope: Put the name of the man that you think is the ugliest on the campus on the ballot, clip the ballot and place it in the Skiff Box. There'll be a prize for the winner and a second prize also to the next ugliest man.

I nominate _____ as the ugliest man of Texas Christian University.

Signed.....

Miss Reeder to Represent Frogs At Texas Frolic

Will Be Presented at University Ball in Austin April 16.

IS JUNIOR CLASS BEAUTY Student Council Selects Representative for Discipline Committee.

By ERNESTINE SCOTT.
Miss Margaret Reeder, junior, was chosen by the student council Wednesday from a group of six girls to represent T. C. U. this year at the Texas Round-Up at the University of Texas April 14, 15 and 16.

Miss Reeder with her escort, which she will select, will be presented along with the representatives from the other conference schools at the University ball to be given on the last evening of the Round-Up.

The Round-Up is sponsored yearly by "The Cactus," yearbook of the University of Texas. Miss Frances Anderson, a 1931 graduate, was the T. C. U. representative last year at this affair.

Miss Reeder is a candidate from the junior class for a beauty page in the Horned Frog this year.

Selections for the student representatives on the Discipline Committee were also voted on at this meeting of the council. Clyde Yarbrough, Bob Preston and John Hirstine are the boys chosen from the senior class, while Miss Lamoyne Laurence, Miss Janette Holmes and Miss Philo Mae Murphree are the girls.

The six junior representatives are: Miss Doris Sellers, Marion Hicks, Howard Walsh, Miss Ernestine Scott, Miss Mozelle Bryant and Billie Dickey.

It was voted at this meeting that the editor of The Skiff on his election automatically becomes one of the four members from the senior class on the council. This will start with this year's student elections.

T. C. U. Library Buys 500 Volumes for \$10

Old Editions Are Found Among Collection Belonging to Mrs. J. B. Thomas.

In a lot purchase of about 500 books bought last week for \$10 from Mrs. J. B. Thomas of 2433 Winton Terrace West, Arthur R. Curry said Wednesday that he had found several old books of considerable interest.

Many of the volumes have long been out of print. Among them was found a facsimile edition of the original Kilmarnock edition of Robert Burns' poems and a first edition of Longfellow's "Tales of a Wayside Inn," published by Ticknor and Fields, Chicago, in 1863.

The books were part of the library of J. A. Thomas, early Texas educator and father of J. B. Thomas.

Some other volumes of interest found in the collection are: "Poets and Poetry of the West," by Coggeshall, 1860; Volume One Putnam's Monthly Magazine, 1853; Volume Two, Three, Four and Five, "Genius of the West," a monthly magazine of Western literature, 1847; Volumes Sixtyone, Sixty-two and Sixty-three, "Electric Magazine of Foreign Literature, Science and Art," 1864; "Gems From a Texas Quarry," by Ella Hutchins Steuart, 1885, and Volume Two, Three, Four, Six and Seven, "History of the Christian Churches" by Schaff.

A Bitter Pill, But—

Although it was tragical, basketball season is over. We have our regrets but no alibis. The sooner that the entire affair is forgotten, the better all T. C. U. will be.

We must forget the past and look forward to the future. In the remote future we have a great football team coming up and the basketball team will be back practically intact.

Coach Dutch Meyer says that he has some good baseball material and is expecting a fair season on the diamond. So one can see that this is no time for us to throw our hands up in despair because we lost a basketball championship.

In Dick Houser and Red Oliver, Coach Clark has two of the best sprinters in the nation. Charlie Casper, who is eligible for varsity competition this spring, holds the high school world's record in the high hurdles.

Coach Dutch Meyer says that he has some good baseball material and is expecting a fair season on the diamond. So one can see that this is no time for us to throw our hands up in despair because we lost a basketball championship.

What Can Be Done About It?

The University lectures course sponsored by the senior class has failed. It has been discontinued because of a lack of interest in the lectures offered.

The Skiff realizes that the lyceum is on the decline. Other colleges and universities are issuing calls for help along the same lines. "What can be done about it?" is the general question.

If it is this type of entertainment that draws, then why shouldn't those in charge of the local lecture series turn showmen and give the public what they want? This idea, of course, could be carried too far, but such entertainment as provided by Luckner and Halliburton was unquestionably wholesome.

The competition afforded the lyceum by the radio and talking picture is probably the main cause of this decline. It will take men and give the public what they want? This idea, of course, could be carried too far, but such entertainment as provided by Luckner and Halliburton was unquestionably wholesome.

International Relations Club

Texas Christian made a step forward Monday night when it took advantage of a fund and books furnished by the Carnegie Foundation to organize a T. C. U. chapter of the International Relations Club.

Such a club will be of much value to its restricted membership. There are no small number of serious-minded students in the University who are vitally interested in such questions. This will give them a chance to expound their ideas and exchange opinions and facts with the other members of the club.

Youth and War

War is no longer portrayed as a fight for a noble cause. Nor is it any longer considered beautiful and patriotic for one to die for his country. During the last war thousands of youths fought.

The youth of today seem to have an appreciation for the necessity of peace. This has produced introspection, which in a measure has counteracted the emotional fervor created by the advocates of war.

At present the nations' thoughts turn to war—as they face the possibility of becoming involved, it is hoped that this attitude of youth will influence those who have it in their power to help determine the peace policies of the nations.

Democratic plank: Are the voters going to allow the depression to Hoover over them for another four years?

A man's intelligence cannot always be judged by the length of the words he uses.

The Iowa swimming hole where Herbert Hoover used to dipport has gone dry; its excuse is that Herbert went dry first.—The Cincinnati Times-Star.

COULTER'S COLUMN

By THE CO-EDITOR.

LAST week Coulter made the grand mistake of choosing his perfect girl and was met on all sides with adverse criticism and even a few missiles from girls not mentioned.

I might as well start with the hair, as my contemporary did, and choose Howard Walsh's locks. Norman Welsh also has beautiful hair, and being a true woman, I'll change my mind and pick Norman's curly curls.

JACK LANGDON, the darling boy, has the cutest eyes and I could just look into them forever. They seem to sparkle and always seem to be smiling.

Now comes the hard part—noses. Little Eddie Van Orden, The Skiff business manager, gets my selection as the man who has the best looking nose on the campus.

THAT sweet boy, John Hirstine, would be my choice for a square jaw. I'll have to admit that this perfect boy would be funny looking with such a square jaw and such soft features as the above merit, but that's my choice.

Now for teeth. Frank Miller's uppers and Jinks Powell's lowers get the choice for my perfect set of teeth. Carley Bryant's ears are nearly too big to be my ideal.

CY PERKINS' smile is the cutest on the campus. I could appreciate a smile like his any time. In fact, I wish that he would smile at me once in awhile. I would just have to choose J. W. Townsend for his square shoulders.

I won't choose feet, because all boys have big feet and just any boy's feet would suit me—except when I dance. I don't like John McDiarmid's feet because they are too big. They always find my toes no matter how hard I try not to get under his pedals.

FOR dressing, I'd pick Boaz Hoskins. This kind of dressing refers to clothes and not something to put on a salad, although Boaz is cute enough to drape a salad for decoration. I don't know just who to pick for the best personality on the campus.

The most polite man I know should have to go some to beat Dr. Elliott. I think he is ideal. If I pick a student, I'll have to pick Gibson Randle, but gee, Alf is politeness supreme too.

I'D LIKE to have a boy just about the size of Jack Langdon, because I like to look up to a boy. Of course, he would have to look down on me, but if he did I'd be thrilled to death.

Just to be catty, I'm going to tell you some of the things I don't like about boys—this is the first chance I've ever had. I don't like conceit. To tell you the truth, I can't see how in the world Standard Lambert can write his sports column the rest of the year since he isn't participating in any of the spring sports.

I DON'T like boys to be as nice as L. O. Dallas and then not ask me for dates. I'd rather that a boy wouldn't smile at me and wouldn't act as if he enjoyed being around me, if he isn't going to ask me for a date.

All in all, I like just any boy, if he asks for a date to take me to the show or to a dance. Gee, I've been catty, but I'm not catter than some boys I know who write columns in The Skiff every week.

All in all, I like just any boy, if he asks for a date to take me to the show or to a dance. Gee, I've been catty, but I'm not catter than some boys I know who write columns in The Skiff every week.

PEN SLIPS

By THELMA BREITHAUP.

PEONS Earth-bound the peons are To taks of unremitting toil. By knuckled hands they know The hardness of the soil.

Or rush of air. That turns its moulded form Again to lifeless dust. There lies my empty prayer. —Marie Hamlett.

At night when poets lift their song In praise of honest toil, Peons, looking at the stars, Despise the tyranny of soil. —Thelma Breithaupt.

INCENSE BURNED. A little mound of incense Burned in the cup. Its hidden fires of worship Have sent the pale blue smoke Rising upward, frail and thin, And now the cool gray ash Stands ghastly there Against the slightest touch

Or rush of air. That turns its moulded form Again to lifeless dust. There lies my empty prayer. —Marie Hamlett.

REALITY. Because— Together, we dreamed a dream, And thoughts that neither found the words To utter were somehow understood;

Because— Since we have parted, A song remembered, and the sight Of a saffron moon in a blue-black night

Because— Through Misty Veils beyond the stars I somehow know that I shall find The dream, the thoughts, the melody, I say I know Reality. —Ruth Johnson.

Hotel Continental and Dreyfus Case Move Into Screen Spotlight

By HELEN PUCKETT.

Drama takes the spotlight in the two new pictures scheduled for the Palace and the Worth Saturday and Sunday.

Motion picture fans will get relief from the usual society drama or underworld production in "Hotel Continental," which arrives at the Worth Sunday. In this picture, full of action, suspense and excitement, Peggy Shannon and Theodore von Eltz fill the leading roles.

"Hotel Continental" is a story built about a treasure buried in a very famous hotel. The action begins with the last night of the hotel, just before it is to be taken over by the auctioneers the next morning.

Another Fanchon and Marco production features Doyle and Donnelly and Sue Russell in "Hacienda." It is rumored that those who bring salt to the show will be served refreshments.

ON THE AIR

By HELEN PUCKETT

Maybe T. C. U. professors (Prof. E. W. McDiarmid mostly) do not favor the four "crooners" of radioland, as it appeared from a recent article in the Fort Worth Press; but, believe me, T. C. U. co-eds find them—well, that's still another story.

Musical programs—not jazz or classical but POPULAR music—come ace high with T. C. U. students. Some of the favorites and the T. C. U. notables who prefer them are Eddie Cantor—Ina Bramblett and several other mathematicians; any of the crooners—Elbert Haling; Alice Joy—Ernestine Scott and Jennings Jones; Paul Whiteman—Dean Murphy; Kate Smith—Mildred Kelly; and oh yes!—Sox, Sox! We're the Interwoven Pair, Billie Jones and Ernie Hare—Evelyn Green

Mrs. Morton Downey, nee Barbara Bennett, is a member of the famous Bennett family—Richard Bennett and his daughters, Constance, Joan and Barbara. Barbara, however, differs from the others of the quartet in that she is a brunet and that she prefers "the bungalow" to a career.

Static! *A* Dixie Lee, motion picture star, is Mrs. Bing Crosby. It's too bad, Anita Wilson... Kate Smith opens a week's vaudeville engagement at Chicago tonight. Come on Kate Smith fans, let's run up for the opening night... Elbert Haling spoke to the Fort Worth Electric Club on Amateur Radio Wednesday... Skippy has been on the air for almost two weeks now... William Gonder broadcasted from WEAP Tuesday night.

Blind Justice Shamed Him Traitor the DREYFUS CASE

with Cedric Hardwicke Beatrix Thomson

Robbed of honor, loved ones, country and freedom —by treacherous lies! A great hero and a greater love story!

Extra BING CROSBY In THE BILLBOARD GIRL Plus CARTOON COMEDY STARTS TOMORROW

PALACE

Just to start the big Skiff contest for the ugliest man on the campus off with a bang, here's a list of nominations: Harry Bates, Paul Bradford, William Fellows, Leroy Clardy, Miles Dewhurst, Charles (Fincklestein) Hanna, Murry Livingston, Milton Mehl, Columbus Lee Phenix, Chesleigh Shull, J. W. Sprinkle, Alto Tratum, Wooten Wooten and James Wiseley.

Lloyd Hunnicutt's name was suggested with the bunch, but that would have made the contest a walk-away. The other day Floy Edmondson told Marjory Scott that she was built like a kewpie. Now, Floy, is such nonsense befitting a queen?

Foster Howell may have been able to knock out all the boxers, but Mary Elizabeth Kingsbury certainly has knocked him for a row.

Last night at "Sick Abed," Ruth Morgan sat on the front row, so that she would be sure to see Gene Cagle when he came on the stage.

Who is this red-haired Tommy that comes all the way from St. Louis to see Thelma Lavendar? Did anybody see Elizabeth Schell and Madalyn Whitener walking down the railroad tracks the other day? No? Well, maybe it's just idle rumor.

Ed Mace takes the cake for having the shortest name on the campus and Josephine Von Sprecken for the longest.

Heat rises to the ceiling and so does Helen Puckett. Gibson Randle asked what chiseling had to do with him last week. It wasn't referring to poker, either. Chiseler would have been the correct term.

Why did Laurence Coulter want Kathryn Elkins to come to The Skiff office last week?—oh well, maybe it's just a habit of his.

Somebody heard that Maureen Corder is partial to Airdales—personally, though, we've heard her speak of "Collies."

Elbert Haling compares The Skiff to an ancient tombstone—but, anyway, he's just the radio editor.

Worth SUN. thru WED.

On the screen "Hotel Continental" A story of power in a setting of splendor with PEGGY SHANNON.

On the Stage "HACIENDA" A big time six act vaudeville show.

SOCIETY

By LUCILE HATHEWAY.

With the Stock Show holding the spotlight this week, Frog-jumps all Fort Worth by thinking in terms of ten-gallon hats, chappans, boots and spurs. T. C. U. is doing its bit toward the fair by sponsoring a booth, at which information pertaining to the University, illustrated pamphlets and stickers are distributed.

The booth, decorated in white and white, is made attractive by a setting of ferns, pot plants and plants.

The following girls are working at the T. C. U. stand: Misses Lillian Ruff, Ernestine Ruff, Jeanne Horsley, Marian Howarth, Hannah Ann House, Violet Huska, Lou Blumberg, Alice McAnand, Maxine Edwards, Dorothy Edwards, Jo Beth Arledge, Mary Seidel, Mears and Janelle Bush.

Holloway, Helen Millikin, Helen Wiseley, Louise Briscoe, the Botts and Velma Smith. Mrs. Beulah Boggess is in charge of the booth and is being assisted by Mrs. W. K. Rose, Mrs. William E. C. Blankenship and Emil Johnson, all of the T. C. U. Club.

Algalos Members

Major Parents

Algalos honored visitors and parents Monday evening in Brite College room with a colorful gypsy program.

Janet Largent conducted the program, which featured vocal selections from the Gypsy opera "Il Trovatore" by Miss Margot Shaw and Miss Godfrey of the Baptist Seminary. The two guest artists were accompanied by Miss Rowena Doss.

Another feature number was a gypsy dance by Miss Florence Fallis. Other participants in the program were Miss Dorothy Dillard, Miss Louise Doss, Miss Helen Millikin and Miss Conkling.

Miss Patricia Bookman of Central School and Miss Elizabeth Ruff fortunes by palm reading and the Phenix, assisted by Miss Maurine Justin, served refreshments to members and the following guests:

Mrs. D. L. Tandy, Mr. and Mrs. W. E. Justin, Mrs. E. I. Coffey, Mrs. L. D. Fallis, Dean Sadie Ham, Mrs. Roy Ezzell, Miss Thelma Carter, Mrs. C. E. Breithaupt, Velma Smith, Miss Bookman, Ruff, Godfrey, Miss Shaw, Bernice Armstrong, Misses Rita Louise Houle and Harley Patter-

son. According to Miss Eula Lee Carter, the next meeting of Los Higos will be March 17, when the annual progressive dinner celebrating the club's birthday will be held. The homes at which the dinner will be served are as follows: Senior, Miss Conkling; junior, not yet announced; sophomore, Miss Maurine and freshman, Miss Marguerite Tandy.

Senior Athletes to Be Honored

In honoring the graduating athletes, the annual senior sports banquet will be held next Tuesday evening at 7 o'clock at the Blackstone Hotel. The affair, which is to be a Dutch affair, is exclusively for seniors. It is

Jarvis Hall Notes

By RUTH MORGAN.

Miss Louise Briscoe was elected president of the Upperettes and Miss Evelyn Cahill was chosen secretary-treasurer of the Superettes at a meeting held in the Jarvis Hall parlors Monday night, to fill the vacancies left by the withdrawal from the University of Miss Josephine Newberry and the withdrawal from Jarvis Hall of Miss Helen Clark.

Miss Janette Holmes and Miss Rebecca Graves spent last week-end in McKinney.

Miss Ruth Cowan was at her home in Dallas for the week-end.

Miss Lillian Shertzer visited at her home in Cisco over the week-end.

Miss Madge Hall spent last week-end at her home in Cleburne.

Misses Eloise Washburn, Sarah Steele and Ruth Morgan were all in Greenville over the week-end.

Miss Katherine Ashford was at her home in Wichita Falls the past week-end.

Miss Annie Phares went to Dallas for the week-end.

Miss Nina Whittington also spent the week-end in Dallas.

Miss Maxine Edwards was called to her home in Oakwood last week because of the death of a relative.

Misses Griggs, Mae Housel, Evelyn Stobaugh, Marian Smith, Kay Prather, Philo Mae Murphree, Virginia Bradford and Mrs. Helen Walker, sponsor.

Miss Hazel Summers Weds Laredo Man

Miss Hazel Summers, graduate of T. C. U. and former English instructor, was married March 2 in Galveston to Joseph S. Morris of Laredo.

The couple left for New Orleans immediately after the ceremony. They are planning to take a boat trip to Mexico, staying some time in Mexico City and flying back to Laredo, where they will make their home at the Hamilton Hotel.

Mrs. Morris has been studying during the last two years in the University of Paris.

Alpha Zeta Pi Has Spring Initiation

Alpha Zeta Pi, honorary romance language fraternity, held its spring initiation meeting last Wednesday evening in Brite College clubroom.

Invitations to join the club were extended to Misses Mary Lee Poin-dexter, Dorothy Ezzell, Anabel Gold-thwaite, Margaret Estes, Cora Lyle Ellis, Dorthea Mae Proctor, Ada Den-man and Venita Green.

The program, which was in charge of Miss Clotilda Anne Houle, consisted of a discussion by Miss Dorothy Conkling on one of Calderon's dramas and a current events-talk by Miss Marian Howrey. Dr. and Mrs. J. H. Combs provided the musical part of the program, offering several French songs.

Parabola Hears Students Talk

Edward Hooks, graduate student in the department of mathematics, and Jere Van Zandt, senior in the department of chemistry, were the principal speakers at a meeting of the Parabola last evening.

Hooks spoke on the vector analysis and its application in physics. Van Zandt explained the trisection of angles.

Howard Fitch is the chairman of the program committee.

Sigma Tau Delta to Discuss Drama

Contemporary drama will be discussed at the regular meeting of Sigma Tau Delta Monday evening at the home of Dr. and Mrs. M. D. Clubb, 2708 University Drive.

Papers on continental dramatists will be read by Misses Mary Broad-dus, Mary Louise Spinks, Ruth Johnson and Thelma Breithaupt.

Missionary to Be Here Next Week

The Rev. William Miller, traveling secretary for the Student Volunteer Movement, will be a guest on the campus next Thursday.

He will speak in the Brite College of the Bible clubroom at 7 o'clock that evening on his twelve year's experience as a missionary in Persia.

Dr. Lord Speaks at Club Meeting

Dr. John Lord's talk on "International Law" was the feature of the International Relations Club meeting last Friday in the clubroom of Brite College. After Dr. Lord's talk an open forum was held.

Those attending the meeting were Misses Mary Louise Witherspoon and Maybeth Ellis, and Dr. Edwin Elliot, Prof. James R. Gathings, Hal Wright, John Ruff, Marion Hicks, John Hopkins, Eugene Cagle, Kenneth Lacy and Paul Martin.

Paul Porter to Visit T. C. U. Campus Wednesday

Paul Porter of New York, representative of the League for Industrial Democracy, will be a guest of the campus next Wednesday.

What's your VERDICT?

© 1932, LIGGETT & MYERS TOBACCO CO.

Light up... Convince Yourself that Chesterfields Satisfy

FLIP OPEN a pack of Chesterfields! Help yourself to a cigarette... Light up... and let's get the facts.

Mister... you're dead right. They're milder!

It's no secret in tobacco circles that Chesterfield buys the finest tobaccos that grow... Turkish and Domestic... sun-ripened, mellow, pure?

Chesterfields are blended first... then cross-blended... to make them milder... and milder still! There's no

mistaking that rare balance of flavor built up by Cross-Blending. You enjoy it in every fragrant puff!

Even the cigarette paper is different. Cleaner, whiter, tasteless... the purest that money can buy.

Listen, smokers... this is straight. You can't put taste in a cigarette... unless quality goes in, too.

Pass your verdict on Chesterfield's Radio Program, too! Nat Shilkret's 35-piece Orchestra with Alex Gray, soloist, are on the Columbia Network every night except Sunday, at 10:30 Eastern Standard Time.

THEY'RE Milder... THEY'RE Pure... THEY TASTE BETTER... They Satisfy

SPORTORIALS

By HARRIET GRIFFIN.

In Memoriam.

FOR all sad words of tongue or pen the saddest are these: "It might have been."

The final standings of the teams are:

Team	Won	Lost	Pct.
Baylor	10	2	.833
T. C. U.	9	3	.750
Arkansas	8	4	.667
Texas	5	7	.416
A. & M.	4	8	.333
Rice	4	8	.333
S. M. U.	2	10	.167

THE total number of points scored by letter men in both the conference and non-conference games during the past is as follows:

Player	Non-conf.	Conf.	Tp.
Dietzel	112	191	303
Sumner	124	109	233
Walker	77	43	120
Brannon	35	50	85
Green	13	22	35
Vaught	12	2	14
Kinzy	11	8	19
	384	425	809

The seven letter men on the team and the student manager, Robert Chappell, will be awarded gray leather jackets with purple "T's" on them, according to Prof. E. W. McDiarmid, chairman of the athletic council, in announcing the awarding of letters.

THE sports editors of student papers in all the schools in the conference have named the first "official all-collegiate press team." The selections are:

First team: Sumner (T. C. U.) and Strickland (Baylor), forwards; Dietzel (T. C. U.), center; Brannon, (T. C. U.) and Murphy (Arkansas), guards; Francis Schmidt (T.C.U.), coach. Second team: Alford (Baylor) and Hess (Rice), forwards; Merka (A. & M.) center; Beard (A. & M.) and Sexton (Arkansas), guards; John Reid (A.&M.) and "Chuck" Bassett (Arkansas), (tie) coaches.

The idea originated at the desk of Standard Lambert, who compiled the votes and sent each sports editor a copy of the ballot.

DALLAS and Fort Worth seemed to have gotten together on the naming of an all-conference team. Standard Lambert and George White, Dallas News scribe, named the same team, while Pop Boone, Fort Worth sports writer, and Charles A. Burton of the S. M. U. Semi-Weekly Campus picked the same players for their all-conference selection.

GUS TEBELL, coach at Virginia and a member of the basketball rules committee, is in favor of rotating the jump and believes that it may become a rule. Tebell says that at present there is not much hope for a team which has everything but a tall boy who can jump, since the tip-off is about 40 per cent of the game and without it a good team may lose to an inferior one. He believes that if each man were allowed to take a turn jumping at center the game would be made much more interesting.

Coach Schmidt is not in favor of the plan. He needn't be since he has a Dietzel.

FRITZ CRISLER, the new Princeton coach, started playing football when he weighed only 92 pounds. He played because he didn't want to be called a quitter, but today few coaches let a 92-pound man play because it is dangerous.

A woman will be the coach of one of the track teams which will participate in the track and field meet to be held here tomorrow.

The final word on basketball! Basketball games are merciless. There is a lot of luck in them, but it seems that there is a lot of luck in any competition.

Dr. Chambers to Speak To Biological Society

Dr. Leslie Chambers will go to Dallas Saturday, where he will give an illustrated lecture to the North Texas Biological Society which meets at S. M. U. His subject will be "The Effect of Sound on Organism." Prof. and Mrs. W. M. Winton, Dr. Gayle Scott and several biological students will accompany Dr. Chambers.

16 Horned Frogs Are Entered for Stock Show Meet

T. C. U. Athletes Hold 9 Records—Leland Holds Two.

CENTURY DASH FEATURE

Freshmen to Compete in Prep School Division—Simpson Will Not Run.

By HARRIET GRIFFIN. With approximately 16 men entering 11 events in the university division and 13 men entering 12 events in the preparatory school division, T. C. U. will be well represented at the Tenth Annual Southwestern-Recreation Track and Field Meet to be held on Clark Field tomorrow.

Coach Schmidt has especially urged that all students give the visiting athletes a big welcome tomorrow. A number of athletes are probably considering attending T. C. U. and the impression that they receive of the school tomorrow will influence their decision. So make the students feel at home, lend them a helping hand and see to it that all their contacts with the students are pleasant, Coach Schmidt said.

More than 1,000 athletes composing high school preparatory school, junior college and university teams are expected to participate in the meet which begins at 10 o'clock.

Frogs Hold Records. Nine records held by T. C. U. athletes will be in jeopardy tomorrow, among them being those established by Cy Leland in 1930 when he stepped the century in 9.6 and the furlong in 21.5 seconds. Since Leland is not in school this semester he will not be able to defend his record.

Charles Casper, sophomore, who holds the world's high school record in the high hurdles, also holds the Stock Show meet record in high and low hurdles and broad jump.

The high jump record is held by Jewel Wallace; the mile run by E. M. Fridge, and the pole vault by Lee Bassenger. The mile relay team composed of Robert Chappell, Jinx Powell, Casper and Fridge, also holds the record in that event.

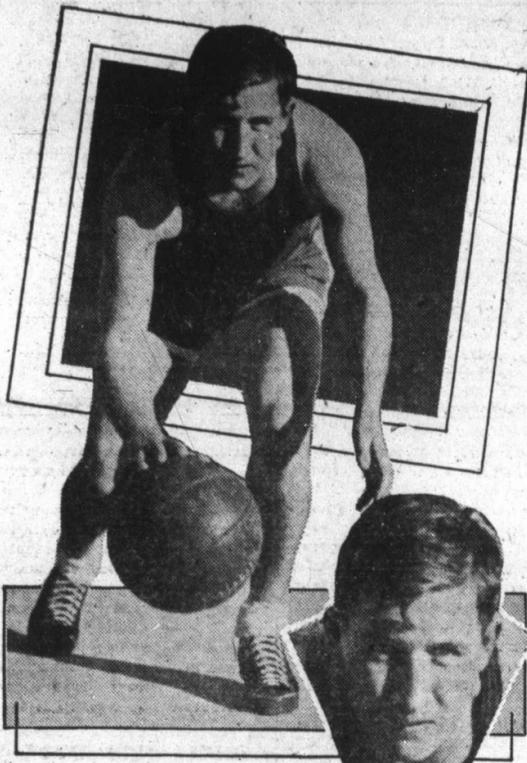

One of the features of the meet will be the battle for dash honors among Red Oliver, Dick Houser, and Peyton Glass of Oklahoma A. & M. Houser holds the Southwestern Conference 100-yard dash record while Glass won the 100 and 220-yard dashes at the meet here last year. Oliver was ineligible to participate in the university division last year but won the special 100-meter run by five yards in 10.5 seconds, which is one-tenth slower than the world record held by Charles Paddock and Eddie Tolan.

Dash Men Named. According to Coach Mack Clark the following is a tentative list of Horned Frogs entries in the university division: 100-yard dash, Red Oliver and Dick Houser; 220-yard dash, Houser and J. W. Townsend; 120-yard high hurdles, Charles Casper and S. L. Phelps; 220-yard low hurdles, Casper and Oliver; 440-yard run, Otha Tiner; mile run, Robert Chappell and Wirth McCoy; 1-mile relay, Tiner, Chappell, W. T. Anderson and Jack Langdon; pole vault, Bob Preston, and J. Wallace; broad jump, Spearman, Oliver and Anderson; high jump, Spearman, Wallace and Oliver; discus throw, Lon Evans and Dan Salkeld; shot put, Foster Howell, Salkeld, L. Brown, Doc Sumner and Evans.

Simpson Is Ill. Coach Clark's freshman group will be somewhat handicapped by the loss of Dick Simpson due to illness. Simpson was a San Angelo High School star and was to have run the half-mile and relay. A tentative list of the freshman entries is as follows: 100-yard dash, Louie Trainer and Don Thomas; 120-yard high hurdles, Jim Smith and Weldon Ford; mile run, Roy Boswell and Bill Barnes; 220-yard dash, Thomas and Trainer; 220-yard low hurdles, C. W. Armes and Ford; 880-yard run, Roy Boswell; 1-mile, Trainer, Smith, Thomas and George Magoffin; pole vault, Magoffin; high jump, Armes and Ford; broad jump, Magoffin and Thomas; discus, Judy Truelson, Claude Wilkerson and William Grose; shot put, Wilkerson, Truelson and Roberts.

Last year Rice Institute won the university division with 51 points, while the T. C. U. freshman won the preparatory school division with 71 points. Charles Casper was high point man in this division, accumulating 16 points.

Closes Career

One of the queerest fates ever to befall an athlete fell to Harlos Green when he was forced to end three brilliant years of football and basketball with a defeat. To double the bitterness the loss robbed him of playing on more championship teams than any other athlete and was to the school that he loved best to defeat.

Saint Patrick First to Instruct Irish in Art of Distillation

By GERTRUDE BERGIN.

Driving the snakes out of Ireland and turning ice into fire are not the only feats with which Saint Patrick is credited. Legend has it that he was the first to instruct the Irish in the art of distillation.

Saint Patrick made the Irish soil so obnoxious to serpents that they instantly died on touching it. Years after the death of Saint Patrick when a snake was found in Ireland, the people believed it to be a prophecy that the world was coming to an end. It was learned that the snake was brought to Ireland as an experiment by a scientist to see if it would live.

The foot-steps of Saint Patrick may be traced through Ireland by the various towns and parts that bear his name. There are Kilpatrick, Dalpatrick, Portpatrick, Innispatrik and Holmpatrik. He founded several churches now known as Kirkpatrick.

Saint Patrick has the distinction of being claimed by four countries—Scotland, England, France and Wales. As he was kidnaped when 16 years of age and sold into slavery in Ireland, it is uncertain which was his native country.

Howell Registers Technical Victory

Foster Howell took another step toward pugilistic success last Monday night in the Recreation Hall when he registered a technical knockout over "Ox" Key, former S. M. U. athlete, in the first round of a scheduled four round match.

From the opening gong Howell's attack was so vicious that Key evidently decided discretion was preferable to three more rounds. At the bell for the second round the S. M. U. man's seconds announced his withdrawal. Key's nose was fractured by one of Howell's right hand punches.

Miss Gunther to Be Guest Speaker

Subject of Address to Be "International Relations."

The International Relations Club of T. C. U. will have as its guest speaker next Thursday afternoon in Brite College clubroom, Miss Emma H. Gunther, who is making a tour of universities and colleges in the South.

Recently Miss Gunther completed a six months' trip across the continent, speaking on world topics before various International Relations Clubs in the United States.

Miss Gunther will appear in Fort Worth under the auspices of the Carnegie Endowment for International Peace. She will speak at T. W. C. Thursday morning at 10 o'clock.

Miss Gunther was for two years a professor in China under Institute of International Relations and the Carnegie Endowment for International Peace. For a number of years she was a member of the professional staff of Columbia University, where she was in close touch with foreign students.

Math Prof Says Proteges Excel In All Subjects

Sometimes it is generally said and believed that mathematicians are rather dumb in such things as English, history, French, Spanish, etc. But Prof. C. R. Sherer has found that such is not true. In fact he has decided that people who excel in mathematics are equal to almost anything.

The mathematicians of the special freshman trigonometry class organized at the first of this semester are very versatile in their range of subjects and are very consistent in their good work. It is found that most of the students in that class make as good averages in English as they do in mathematics—two widely divergent subjects. And it is quite an appalling fact that four of the girls are planning to major in French.

Of the 11 students in the University who made straight A's this last semester, 2 are members of this class—Miss Virginia Grubbs and Newton Bell.

With the exception of the two who have not decided what major they will choose and those who are majoring in French, the other nine have decided upon mathematics either as their major or as their minor. Four have chosen math as their majors and five have chosen sciences. The four students who are majoring in mathematics say that the special class has helped them to a great extent to decide upon their major subject, although they were all very fond of mathematics in high school. They are Misses Ella Stratman, Dorothy Coffman, Gaines Sparks and Newton Bell.

Those who are enrolled as regular members of the class are: Misses Coffman, Stratman, Elizabeth Howard, Charlotte Smith, Helen Veatch, Mary Carter, Helen Fellows and Grubbs, and Bell, Barnes, Louis Floyd, William Sparks, Ernest Chilton, Bill Morrow and Clarence Crotty.

The Choral Club will collaborate with high school and downtown choral clubs in presenting the cantata. The Fort Worth Symphony orchestra with two pianos will play the accompaniment.

INTRAMURAL SPORTS

By LOUISE CAUKER.

The intramural basketball season closed with a big upset last week when the Senior B team copped Intramural Championship by defeating the Senior A team 19 to 16. The teams went into the championship clash undefeated in their own league. Roark starred for the winners with 10 points.

Silver basketballs will be presented to the following members of the victorious B team: Othol Martin, Johnny Hinton, Earl Bullington, John Diarmid, Leo Butler, Alf Roark, Hayes. The following second place Senior A team members will receive silver medals: Vance Woolwine, Ed Shackleford, B. W. Spear, Hubert Dennis, Hal Wright, A. Weatherly and Paul Snow.

Junior A team climbed into the place position by defeating the Sophomore B team in a closely contested play-off game which ended 17 to 15.

Entries for the spring doubles tennis tournament are being received. Sports which still remain on the intramural calendar are track, swimming, baseball, golf and spring tennis. Although there will be no boxing this spring because of lack of prizes, awards for the contestants, it probably will be added to next year's intramural calendar.

Miss Spragins Honored By National Teachers' Association

Miss Lide Spragins has been selected by the National Council of Teachers of English on a committee to compile a course in oral English for junior and senior high schools of the nation.

Miss Spragins received notice of appointment this week from Miss Elizabeth W. Baker, head of the Department of English of the State Teachers' College in Fredericksburg, Va., who is chairman of the committee of the junior and senior high school section.

The appointment was approved at the meeting of the National Educational Association at the meeting in Washington, D. C., last week. Her work will be compiled by May 1.

Prof. Sammis Uses New Brand of Cigarettes

Shades of Rupert Howard Prof. Claude Sammis, smiling by tone for the Horned Frog band lights cigarettes by merely rubbing their tips on a red box.

No matches, no trick cigarette holders, no bon fires. How does he do this remarkable feat? Well, I'll tell you. The cigarettes are a brand known as "Dawn." Their tips are saturated with a certain vegetable compound which when rubbed on the red box of their container, burns into flame. Prof. Sammis calls this "handy." Prof. J. L. Whitman of the chemistry department calls it something like "spontaneous combustion."
