Declaration of Majors

Sometime within the next two weeks, the registrar will set aside three or four days for all students who have not declared their majors to confer with either the professors or the registrar.

If any student has not declared his major by the time the new catalogs are distributed, conflicts may arise and difficulties in scheduling courses may be met.

Whenever the students have conferred with the heads of the departments, they should let the registrar know the major as soon as possible so that petition sheets may be sent to the professors.

If you have not yet decided upon a major, do so at once so that you may save many hours of labor in the wrong direction later on in your college life.

A Cafeteria Radio

Doctors have stated that a happy state of mind while one is eating is essential to good health. After listening to lectures for two or three hours in the morning, students sometimes are tired and their minds are clouded.

Why then not have music to displace this puzzled expression; this frown upon the brows of so many students? The University cafeteria has been sadly lacking in musical entertainment for many years.

Once in a while, students disagree with the food that is served them even though it is selected because of its health bearing qualities and a well balanced diet.

If music aids digestion and makes for health, why not satisfy this need of the cafeteria. The officials might hire some one to play the piano during the dining hours, they might hire an orchestra to play while the students eat, but all this is not practical.

With this added work and this added health is not the University justified in adding a radio to the equipment of the cafeteria?

Our Changing Fashions

It seems that fashion has to go back to some period or other in history to decide whether or not madame is to be daring and sophisticated or whether she is to be demure and dainty this season.

Fashion has gone Victorian. It has gone Second Empire. It has borrowed from Eugenie, Napoleon and the Tut-ankh-Amen girl. The Russians, the Chinese, the Japanese, and even the colonial maiden and the Gibson girls have had a part in deciding whether or not our shoes are to have toes in them or are to merely have soles.

Such changes in style satisfy the insatiable desire for novelty which is inspired for the most part by the merchants of feminine clothing. Such changes, however, make life interesting. For who knows at what time he will go to dinner and find his escort wearing the dress of a Turkish, Egyptian or Roman maiden? Such surprises add to the spice of life.

Of course there is a limit to the number of periods in history. So if one has become discouraged because opportunity doesn't knock at one's door, if he believes that everything has already been invented or discovered, he might try his hand at digging in history for new styles. There is a possibility that he might find that Princess Johanna, Elizabeth, Paula or Tisch-Tisch had a twist to her hat, a ruffle on her blouse or a swerve to her scarf which has not yet been discovered.

A recent discussion on disarmament at a student conference at Oklahoma University was interrupted by the noise of an R. O. T. C. band parading on the campus.

COULTER'S COLUMN

WHILE I'm waiting for an idea to type down for this column this week, a few suggestions might be made about the student body elections. Here's a few slogans for the candidates in the race:

- 1. Walsh will wash your troubles away.
2. Mehl's the male for the office!
3. It'll not be a fable if you elect Cagle!
4. You'll get a square deal soon if you elect Neilsen.
5. He'll show you some tricks—just vote for Hicks!
6. Personality, poise, perseverance—you can take stock if you vote for Dec.
And if Billie Dickey hands in a petition for the office, this might be a suggestion:
You can't be silly if you vote for Billie!

Now all we need is about four more candidates and the race will be complete—but who'll be left to vote?

The business manager has asked that notice be given to all candidates that all ads are strictly cash in advance.

That Idea hasn't been found yet, so the rest of this column will be purely rambling. Hayes Barker is studying in the night economics course for a change. Prof. Ashburn's class will soon enjoy a picnic. Dale Smith hasn't had his name in The Skiff this year until this sentence.

Others in the cast are James Ellison, Edward Van Sloan, Dorothy Burgess, Nat Pendleton and Flora Finch.

Another dance treat for the weekend is promised by manager George T. Smith for Casino Park on Lake Worth. For Friday, Saturday and Sunday night, Milt Taggart and his 11 Vagabonds of the Air will be brought to Fort Worth for a week-end engagement.

Wesley Davis is now charging ten cents a ride on his bicycle. This report comes from Clark Hall. Girls may ride for half price. Wesley also rents it by the evening to couples.

"Is that a good play down at 52nd and Broadway?"
"I'll say it is! They put the author, four girls and the stage manager in jail last night."

Well, there's one thing most college boys can be thankful of—their wages haven't been cut. They never got any to be cut in the first place.

Little things you should know:
1. There is a tradition that no boy shall walk through the honeysuckle arbor between Main and Jarvis.
2. Math is no longer required in Texas Christian for a degree, but more freshmen are expected to take it than ever before.

3. The registrar never keeps anyone waiting.
4. Most of the girls in Jarvis keep their shades down. Oh yeah?
5. Dr. Elliott once was a manager of a store before he was 21.
6. The Skiff has editorials this week.
7. This line is put in here just to fill up No. 7.
8. Number 9 is the next number.
9. Here is 9.

I take this method of thanking the Texas Christian Student Body for the splendid support given the head yell leader and assistant yell leaders during this year. There could have been nothing more gratifying than the whole-hearted support of the student body. It is utterly impossible for any one man or any one group of men to instill the spirit necessary for success in a student body; it must be instilled in the student body by the group itself.

I feel that we have had a certain degree of success this year, but nothing like that of the past. With this thought in view I hope that my suc-

Play Girl and Man Wanted To Provide Entertainment

Kay Francis arrives at the Worth Sunday in "Man Wanted," a story of a beautiful and wealthy society woman who prefers business to the pastimes of the idle rich. Her husband, however, prefers the life of a playboy to that of commercial enterprise.

Miss Francis and David Manners are supported by a cast which includes Andy Devine, Una Merkel, Edward Van Sloan and Elizabeth Patterson. Devine furnishes the comedy support and Miss Merkel has another character role, that of the demanding young flapper, fiancée of David Manners.

The play is directed by William Dieterle who directed the successful "The Last Flight." Robert Lord has dialogued the story which has been characterized by critics as one of the smartest film plots in months.

"Play Girl," featuring Loretta Young, will arrive at the Palace tomorrow. Miss Young plays the part of a business girl who thinks that she can win financial success and a brilliant career without the responsibilities of motherhood or the bondages of love.

# EDITORIALS

By STANDARD LAMBERT.

The writer attended the Southwest Journal Congress held at Baylor College (Belton) Friday and Saturday. With the exception of all the beautiful ladies that we met, the outstanding feature was meeting the celebrated Elton Miller of the Baylor team and the less celebrated but justly W. J. Faulk, sports editor of the A. & M. Battalion.

Contrary to my original beliefs, Miller is actually intelligent. I will admit that I have placed him before my readers at his worst, in his weaker moments so to speak, which was probably unfair to him. After "slewing the alain thrice" (or something like that) as President Waits inevitably says at football banquets, we began to look toward the future, but two days was insufficient to decide who would win either track or baseball all this spring.

This Faulk guy from Aggieland spent most of his time with The Skiff society editor, but when Miller I could entice him away from her long enough, we found him to be better than either of us and a very likeable fellow—a typical Aggie. He was worried considerably about his Aggies repeating, as baseball champions. He was just as much chance to support a championship repeating baseball outfit as I did a two-time champion basketball team.

While the Frogs and Steers were playing Friday, three major league scouts were looking the boys over, and all of them agreed that Paul Donovan was the best big league prospect on either team Earl Slapnick of Cleveland was also favorably impressed with the work of Kinzy on the mound. Both Frogs are mere sophomores and playing their first year of intercollegiate competition. They may give this conference something to think about before they complete their eligibility in 1934.

TRACK prospects are the best in the history of the school. In fact, the Clarkmen have an outside chance to cop the conference honors. Houser gets in shape before the conference meet May 13-14. Granting they get their share of the breaks, they should take more first places than any other team, but since Coach Clark does not have a well-balanced team, he will probably fall into T. C. U.'s customary place—second. Oliver and Houser are good for first and second in the 100; and Oliver is also good for first in the 220 and low hurdles. Casper is good for first in the high hurdles. Chappell will probably make several points in the distance runs. Spearman is probably the best broad jumper in the conference and the sprint relay team is probably the best in the country. But when it's said, practically all is said. Of course there's Salkeld, Phelps, McCulloch, and the mile relay team that will add a few points but our big point winners will be Oliver, Casper, Spearman, Houser, and Chappell.

Of course much depends on the distribution of points. If the other schools will just fight it out in the events where T. C. U. has little or no strength, we could run off with the bones while the other dogs fought over it.

THE quartet composing the sprint relay team is probably one of the most talented track foursomes in the nation. With the exception of Spearman, all of them can negotiate the century dash in 10 flat or less. Houser holds the conference record in the 100 at 9.6. Oliver has run the 100 meters in one-tenth of a second over world record time. Casper holds the world high school record in the high hurdles and Spearman has bested the conference record in the broad jump three occasions this year. With all of them in good shape, they could almost win an average track meet.

### Dietzel Playing on San Antonio Nine

Ad Dietzel is playing baseball with the Texas Chiropractic College Hawks according to a story in the San Antonio Light. The lanky Dutchman will be found at first base, the same position that he was playing on the college varsity when he withdrew. The Hawks are entered in the Major City League of San Antonio. His affiliation is strictly amateur.

## Frosh Have Good Week on Court, Track, Diamond

### Netters Win Over John Tarleton Plowboys 4-3 Tuesday.

### WOLFMEN ARE VICTORS

### Ford, Simpson Star on Track in Sensational Victory Over N. T. A. C.

By CHARLIE CASPER  
Texas Christian's freshman athletes turned in a great week's performance by winning a victory in three sports in as many attempts. The tennis team won over the John Tarleton racquetees 4-3; the thin clads staged a great rally to defeat the N. T. A. C. tracksters in their first dual meet of the season and the baseball team topped the week's victories by defeating the varsity nine 13-10 in a thrilling game.

**Netters Defeat Plowboys.**  
The 1932 freshman tennis team gave a fair demonstration of its formidable strength Tuesday afternoon by the defeat over John Tarleton. This was their first match of the current season. The sets were close with Mark Hart and Judy Truelson coming to the rescue in the No. 1 doubles to win the match. The results were: Truelson (T.C.U.) defeated Casper, (J. T.) 6-2, 6-1; Hart defeated Smith, (J. T.) 6-2, 6-3; Poffenback (T. C. U.), was defeated by Tweath, (J. T.), 4-6, 3-6; and Roach, (T. C. U.), was defeated by Robbins, (J. T.), 4-6, 3-6. In the doubles matches Hart and Truelson defeated Casper and Smith, 6-3, 0-6, 6-1, while Roach and Poffenback were giving way to Smith and Robbins, 3-6, 4-6.

**Frosh Star on Track.**  
Weldon Ford and Dick Simpson, star frosh tracksters, were Coach Mack Clark's outstanding performers in their victory over the strong N. T. A. C. thin clads 47 to 39. Ford clipped the high hurdles and low hurdles in 17 and 28 seconds respectively, while Simpson had an easy time winning the quarter and half mile events in 53, and 2 minutes

15 seconds respectively.  
**Wolfmen Defeat Varsity.**  
Coach Bear Wolf's freshman baseball team handed the varsity its second defeat of the year to the tune of 13 to 4. Pat Henry, Lefty Hartman and Jimmy Walkup took care of the mound duties for the frosh with Hubert Dennis handling the catching. Ed Bryan, Frog relief pitcher, was touched for thirteen runs and nine hits in the opening inning and his team mates were unable to overtake such a lead. Red Gaskin, Ellis Taylor, James Jacks, Dan Harston and Hubert Dennis led the frosh batting attack. Dennis collected the only circuit drive of the game with three men on base in the first inning.

## Frogs Are Second In Abilene Meet

The Horned Frog thin clads, led by Red Oliver and Charlie Casper, took second in a triangular meet with A. C. C. and Daniel Baker at Abilene Saturday. Abilene Christian won the meet with 81 points. The Frogs' 71 points were good for second while Daniel Baker trailed with 11 points. Oliver won both sprint dashes and low hurdles for high point honors with 15 points. Casper's 13 points placed him on Oliver's heels for the honors.

Other first place winners for the Christians were Salkeld, discus; Spearman, broad jump; Chappell, 2-mile and McCulloch, pole vault.

## Frogs Win From Texas Longhorns

### Kinzy Lets Enemy Down With Five Hits to Win 6 to 3.

Hersel "Slim" Kinzy, lanky sophomore right-hander, let the Texas Longhorns down with five hits to win from them by the score of 6 to 3. The lanky hurler was in top pitching form, and held the Texas boys to two hits until the last inning, two of the three made then being scratch hits. Kinzy was given excellent support by his mates. The Frogs nipped the Longhorn hurlers for nine hits to produce the six runs. "Grassy" Hinton

## Frogs Ready for Triangular Meet

### Baylor and Aggies Due to Crowd Locals for Honors.

The crack Texas Christian track team will enter their second triangular meet of the season tomorrow afternoon when Baylor and A. & M. come to Clark Field. Despite the fact that the Bears have practically a one-man team in the person of a certain Raymond Strickland, he will probably be good for several points in the field and weight events as well as the hurdles. The Aggies have a well balanced team and are strongest where the Clarkmen are weakest—the middle distance races and the weights.

The feature of the meet will be Red Oliver's attempt to disprove the theory that carrying a football will make 15 yards difference on the hundred. In the century dash he will carry the pigskin and try to win the race; however, despite where he finishes he will be clocked as he finishes to determine how much difference the poor start and loss of arm action will make.

This meet will give Coach Clark a good index about what to expect of his men in the conference meet.

led the hitting with a long home run. Paul Donovan, the youngest member of the team and playing his first year of collegiate ball, opened the first inning with a long triple which produced a run. Jack Graves, husky right fielder, had another good day at the bat, getting two timely hits.

With the exception of a few misplays by Walker, the Frogs had a perfect day in the field. The work of Paul Snow and Wallace was outstanding. Snow raced into deep short on one occasion to make an almost impossible catch to retire a man at first. Meyers, playing third base, made a beautiful one-handed stop of a fast one to throw out a man and help keep the Texas batters away from the bags.

Charlie Sullivan, hard-hitting Texas outfielder who got hold of a low one here in 1930 for the longest home

run on record at the old field, was helpless before the side-arm pitching of Kinzy.  
Coach Meyers did not entertain much hope of a conference flag at

first, but since the showing of Roark against the Aggies and Kinzy against the Longhorns, he has been driving his charges hard and hopes to finish at the top in the flag chase.

## "GRECIAN MOON" Maiden Form's latest BRASSIERE SENSATION

and may the best "Blurbs" win

464 cash prizes each month—2 first prizes of \$500 each

GET into this shaving cream "blurb" contest, men! Who are you for—Walt or Bill? Palmolive or Colgate's? We've discovered that men are rabid on the subject of shaving creams. Just try to tell a Colgate user there's anything better! Or try to convert a Palmolive user to anything else. You'll soon find out!

These are the two leading sellers among all shaving creams. Think of that—in a field of 176 competing brands! What we want to know is—why do you like Palmolive? Or why do you swear by Colgate's? Tell us!

Hence this little contest. There's money in it—lots of money. Get some of it! Help Walt out. Or help Bill out. Notice the two empty "blurb" spaces in the picture at the right. In ONE of these spaces (or on a separate sheet of paper) write what you'd say in favor of Palmolive—or what you'd say in favor of Colgate's. Write it now! And note! Mention your dealer's name. Then if you win, he'll win a prize, too.

Some hints to help you win

Here are some facts about the world's two largest selling shaving creams—Colgate's and Palmolive. Here are some of the reasons why men prefer these famous shaving creams.

#### PALMOLIVE

1. Multiplies itself in lather 250 times.
2. Softens the beard in one minute.
3. Maintains its creamy fullness for 10 minutes.
4. Fine after-effects due to olive oil content.

#### COLGATE'S

1. Breaks up oil film that covers each hair.
2. Small bubbles get down to the base of the beard, hold water against each hair at skin-line and soak it soft where the razor works.
3. Gives a close, skin-line shave due to small bubble action.
4. Gives a lasting, 24-hour shave.

### FREE SAMPLES

Men! A beautiful gift box containing generous sample tubes of both Colgate's and Palmolive Shaving Creams, as well as other useful toilet products, is being distributed. If you fail to get yours, ask the business manager of this paper why.
