Frank Merriwell Had Nothing On Campus Hero, "Winchell" Says

About three and a half years ago "Mr. Modesty" was an humble shipping clerk in a large local wholesale house. Today he is one of T. C. U.'s greatest athletes and most likeable personalities. Yesterday, he shipped electrical appliances into the houses of many who read this story. Today, he ships "A" grades into the registrar's office.

Blond hair, 6 feet in height, green eyes that beam with generosity off the athletic field, a sturdy body like a football player, a name like a "Mr. Modesty" could be found on our keyboard.

Old timers and lifers about the campus will recall a certain pair of lovers of last year's vintage who were apt to innocently obstruct your path wherever you happened to be. The tall, slim, boy always carried the girl's violin case and had that "young calf" look so peculiar to some of us. His blonde companion wept bitter tears when her dark lover received a goatskin last year. In- stead, she sought out our hero with success. Last Sabbath, "Mr. Modesty" could

Violin Students Win in Contest

Miss Twitty and Luper
Are Euterpean Con-
cert Winners.

Miss Doris Nell Twitty and Albert Luper, T. C. U. violin entrants in the eleventh annual Euterpean contest held at T. W. C. Saturday, April 23, carried off first honors in the advance student and artist divisions of the contest.

For his contest number in the artist group, Luper played the "Concerto in E Minor (first movement)" by Mendelssohn, a number which seniors in Eastern universities are required to play before graduating. Luper, as winner of his division, was also awarded a 15-minute radio contract with WBAP. He will play every other week and will receive \$10 for each concert.

Miss Lurames Reynolds, a student of Luper, was the winner of the 13-year-old class.

The number played by Miss Twitty was an advanced class student was the "Concerto in A Minor (first movement)" by Viotti. Entrants in the artist group were at liberty to choose their own numbers.

Judges for the violin contest were Prof. Christian Thaulow of Simmons University, Abilene, and Prof. A. Nelson of the Violin Conservatory at Wichita Falls.

Athletes Leave For Drake Meet

Oliver, Casper, Phelps, Spear-
man and Coach Clark Go
by Automobile.

The Horned Frog sprint relay team composed of Red Oliver, Charlie Casper, Blanford Spearman and S. L. Phelps left Wednesday en route to Des Moines, Iowa, where they will compete in the annual Drake relays. Coach Mack Clark accompanied the quartet.

Besides the sprint relay, the individuals will compete in their specialty events. Red Oliver will meet some of the best sprinters in the country when he lines up for the century dash. Charlie Casper will also meet his first strong competition of the year. Capt. George Saling of Iowa State negotiated the high sticks in 14.6 at the Kansas relays last Saturday. To date Casper's best mark is 14.9. Just how much difference the strong competition will make remains to be seen.

Blanford Spearman will enter the broad jump and the hop, step and jump. This hop, step and jump is a new one on the Horned Frog star, but he will give the best strong competition.

Dallas is a member of the junior class. He has served on the annual staff for the last three years. His brother, R. Z. Dallas, was editor of the 1930 Horned Frog. His home is in Corpus Christi where his father, the Rev. W. O. Dallas, is pastor of the First Christian Church.

Coulter is a senior and will receive an A. B. degree in June. This is his fourth year of experience on the Horned Frog staff. He has also been a member of The Skiff staff for four years.

Campus Side Show Boasts Freaks With Frog Spirits and Purposes

"Right this way, lay-dies and gentle-men to the main entrance to the big show. Biggest and largest as-sembly of curious curios ever gathered together under one roof."

Judging by the banners, streamers, and what-nots in the hall just outside the auditorium, that is what one would expect to hear. Possibly he would hear it if the proper barker were around.

Ah, just the man, Hays Barker, himself, passing down the corridor. The painted banners are placed there begging for votes, for in case you don't know it, there is to be an election this week (see story elsewhere in The Skiff) and almost a dozen students are aspiring to the various offices given by the student body.

But what a barker could do with said banners. "Here; folks, you see Jimmie Pate, the man with the fighting frog spirit. Yes, friends, I know you've seen men with frog eyes, frog legs, frog livers, but never with a frog spirit. Complete proof of the theory of reincarnation and in this booth we have Otto Nielsen, the man with a purpose. Show 'em your purpose, Otto. See it, folks. It's that

Miss Ernestine Scott and Carl Sain Receive Majority of Votes for Skiff Editor and Vice-President in Election

Ben Baxter and Jimmy Pate Will Be in Run-off
For Position of Head Yell Leader—
Miss Sellers Secretary.

By LAURENCE COULTER.

Marion Hicks and Milt Mehl, both of Fort Worth, polled the greatest number of votes in the race for Student Body President of Texas Christian University for 1932-33, it was announced at 11 o'clock this morning by Alf Roark, present student body president.

There was not a majority in the president's race, according to Hal Wright, vice-president of this year's student body, who had charge of the primary election. Results in the president's race were: Hicks, 225; Mehl, 218; Gene Cagle, 137; Otto Nielsen, 92, and Howard Walsh, 21.

Miss Scott Wins.

Miss Ernestine Scott polled 350 votes to gain a majority over her two opponents, Ben Boswell and Paul Martin. Boswell polled 160 votes and Martin 187 to give the editorship of The 1932-33 Skiff to Miss Scott with a bare 3 votes majority. Votes were checked and rechecked in this race.

Carl Sain and Miss Scott were the only candidates in the primaries to poll a majority. Sain with 437 votes won from Miss Maurine Parnell, with 127 votes and Clayton McCutcheon with 127 votes, in the race for vice-president of the student body next year.

Run-off for Yell Leader.

The chase for the position of Head Yell Leader will be between Jimmy Pate with 241 votes and Ben Baxter with 321 in next week's finals. Ralph Brown polled 132 votes.

This year marked the largest number of candidates for student body offices in the history of Texas Christian University. Miss Doris Sellers was unanimously elected secretary treasurer of the 1932-33 student body without opposition on the ballot.

Council to Get Keys.

A motion by members of the student body that gold keys be awarded members of the Student Council beginning this year carried with only 14 negative votes. This vote was held separately from the student body election and the members of the student council and the officers of the student body this year were not connected with the voting in any way on this motion.

The constitution was amended in the University chapel some time ago to provide that any student with a majority would be elected to office without a run-off.

The constitution states that a run-off of all candidates in the primary will be held one week from the primaries, so the finals will be held in Wednesday's and Friday's chapel of next week.

Skiff to Bring Results.
The Skiff will again bring the re-

Alf Roark, president, Hal Wright, vice-president, and Miss Elizabeth Ruff, secretary-treasurer, of the 1931-32 Student Body officers wish to announce that the following helped count the votes of today's election:

Dr. Edwin A. Elliott, council advisor; Joe Sargent, Miss Janet Largent, Robert Chappell, Miss Lillian Eylers and Laurence Coulter.

All signed the pledge: "We, the undersigned, hereby wish to state that the votes in the primary election of the officers of the 1932-33 student body were carefully checked and counted and the results are correct in every respect."

THE EDITOR.

Results of the election and will be delivered by 12 o'clock noon to the University.

A giant political rally is being planned with speeches, band music and other entertainment. This will probably be held Tuesday night on the campus if plans go through. Announcement will be made in Monday's chapel and on the bulletin boards.

Prof. Pickerill to Be Pastor in May

Prof. H. L. Pickerill will be the pastor of the University Christian Church for May.

Prof. Pickerill's sermon subject for Sunday morning is "The Nature and Need of Religion." Sunday, May 15, he will preach on "The Function of Religion," and his final message, which will be Sunday, May 22, will have as its subject, "Transmitting Religion."

The Rev. J. M. O'Heeron, pastor of the Central Christian Church in Waco, will deliver the sermon for the Mother's Day Service May 8.

Children Will Be In U. R. F. Service

"Grandmother's Spectacles," a Children's Day play, will be presented under the direction of Miss Mary Broadus at the University Religious Fellowship service Sunday evening at 6:30 o'clock on the University campus.

Dan Packard will play the piano prelude. A prayer will be offered by Prof. H. L. Pickerill, and the offering will be in charge of Prof. S. W. Hutton, educational director of the University Church School.

Frog Field

How many of you ever saw a child two years old without a name? How many of you ever saw a new building being erected which did not have some kind of a name? How many of you ever saw a stadium without any name except "new stadium?"

You have never seen a child of two without some kind of a Christian name. You have never seen a building which did not have some name attached to it. You may have seen a building such as the Moore Building, the Jones Building or the Finegan Building and not know who they were named after—nor sometimes even know their names, but you more than likely have never seen a building without some sort of name.

Two years without a name! If you do not like Frog Field, the Home of the Horned Frogs, for a name for the new stadium, The Skiff asks that you send in your suggestions. Let's get our stadium named before school is out!

The whole area now surrounded by the high metal fence will contain the track, the baseball diamond and the football field. Frog Field would include all of these. Newspapers could tell where a Texas Christian athletic event was being played without having to describe just where each event was taking place at the "new stadium."

Next week a large pageant will be staged in the "new stadium." Why not start in with this event and let Fort Worth and Texas know that Frog Field is the Home of the Horned Frogs?

With the first football game next fall, everyone in the Southwest Conference would know that Frog Field, the Home of the Horned Frogs, is the name of our stadium. No longer would the "new stadium" be without a name.

Here's to Frog Field, the Home of the Horned Frogs! May you take our suggestion for all that it is worth.

In the Spring—

Now is the time for all good men to come to the point where love is in the air—where holding hands is a joy forever—where spring fever and lovelorn lassies and laddies monopolize the time. Look all around you. How many couples do you see holding hands? How many boys are looking into heavy-laden-lashed dark eyes with that look you know so well?

Co-education is a blessed event, judging from those who find time to study, court, go to shows, read and go on picnics. Co-education is a more blessed event because girls have unsuspecting boys to help them with this math problem and that physics experiment. But on the other hand, the boys are the aggressors in some cases when an English theme is due or when history notebooks have to be corrected to be submitted.

The boys work together, and the girls work together. Together, they work each other. But this editorial is getting nowhere. This is supposed to be a discourse on love.

There are couples on our campus who think that all the world is a stage and the men and women merely lovers. You see them at the bandstand, on the library steps, on the seats in front of the dormitories, in cars, just anywhere. The world to them is dark if they are not with that certain someone all the time.

There are two or three cases of courting on the campus which tends toward the ridiculous. There is a time and a place for everything, but these couples do not seem to mind this in the least. They had just as soon court in front of chapel as at home in the parlor, where all good courting should be done.

The do not see the sickening side of the situation. Sometimes these couples are absolutely disgusting and others turn away with a feeling of extreme sorrow that two young people could be so completely ignorant of the facts of love. Love is a beautiful thing. Why spoil it for others by appearing so ridiculous, Those Three Couples?

Co-Education or Just Education

In our age of revolts against all existing standards in everything, it is impossible for co-education to escape the usual amount of abuse. Of course there are arguments on both sides, but the "cons" overshadow the "pros" so overwhelmingly that the former wins with yards to spare.

Despite all the antagonists can say, they cannot get away from the fact that sex attraction is inborn as deeply as any instinct in the human category. Because of this, they just can't develop properly when they are separated. Experiments in strictly boys' and strictly girls' schools have proved this fact.

It is true that more than one boy and more than one girl has "flunked out" of school when they let a member of the other sex capitalize their time—but can this be laid to co-education? Doesn't more of the blame fall on the individual who does not have any control over himself and cannot proportion his time? Close investigation will reveal that those who flunk out because they let the opposite sex command too much of their time would not have stayed anyway. More fault lies in the individual, than the system. The ones who do not take their women or their men in moderation would probably take hold of something else and flunk out anyway. It's a matter of self-control.

Wholesale association of men and women improves both. It makes the man shave every day and try to look his best; it makes the women more careful about the arrangement of her rouge and it makes both of them appreciate the other's abilities more thoroughly. A boy or girl who is educated in a single sex school has a narrowed opinion of the other sex that is either lasting or difficult to change. Thus despite the weakness of the system (and these weaknesses are the weakness of the human race itself) it is superior to the old-fashioned view of keeping the sexes separated.

COULTER'S COLUMN

DID you ever stop to think just what makes a joke funny? There are jokes which bring chuckles. There are jokes which bring belly-laughs and there are others which bring a look of disgust upon the face of the listener. These last are the kind that I tell.

Now we'll start out with a joke that merely brings a smile and end up with one of mine. This one comes from the Temple Owl: "Is he lucky? Why he was born with a silver flask in his mouth."

BUT we must hurry on to give you a few of the better brand of jokes. Here we have one with a little more humor in it: And then there is the question of what Mahatma Gandhi would have done if he was in Sir Walter Raleigh's shoes at the rescue of Queen Elizabeth from the mud-puddle. This one came from the Widow and should have brought a chuckle.

Of course, you must be wondering whether there is going to be a joke that is just a bit shady. Yes, there is, if you must know. This next one is put here just to see whether you are evil minded or not. No one catches a shady joke unless one is evil-minded. No one don't. This one's from the Penn Punch Bowl:

Mandy was lying in a bed in the maternity ward, calling for Sam. She called constantly for almost an hour when Sam was brought alongside the bed.

"What am de trubble, Mandy?" he asked.

"Sam, if dis am a sample of married life, our engagement am broken."

JOKES are written with the point of the joke in the last two words if possible. The surprise finish to a joke is what brings the laugh. Take this one for instance from the Malteaser:

"Don't bring that up in class," said the professor on the floating university.

Now you'll laugh yourself sick at this one. If you don't feel like feeling ill, don't read this:

"Was your friend in the habit of talking to himself when he was alone?"

"To tell the truth, Judge, I never was with him when he was alone."

That's humor from the Epworth Highway.

SOME humor doesn't have to be in the form of a joke to be funny. Here's an example from the Penn Punch Bowl on Three Ways to End a Conversation at Dinner:

1. Ask the lady on your right if she's married. Should she say yes, ask her if she has any children. If she says no, ask her how she does it.

2. Ask the lady on your left if she is married. If she says no, ask her if she has any children.

3. Ask the lady across from you if she has any children. If she says yes, ask her if she's married.

Brevity is the soul of wit. Witness this from the Burr: Never ask if a girl necks; get it from her own lips.

I'VE been trying to think of one for the past half an hour that will draw a real good laugh before I pull one of my originals. Maybe this one will do to illustrate one of the famous Little Johnny and the teacher jokes:

Teacher (in grammar class): "Johnny, please tell me what it is when I say 'I love, you love, he loves!'"

Johnny: "That's one of them triangles where somebody gets shot."

Well, I've at last found a good one. This is not the cream of the crop, however.

"Sonny," said the family physician, "what shall I bring you, a brother or a sister?"

"If it's all the same to you, doctor, I'd like a pony."

Goodness me, here I am nearly at the bottom of this column and I haven't given you one of my favorite ones:

"Have you lived here all your life?"

"Don't know. I'm only twenty now!"

It's all right, mother, I just took out another life insurance policy yesterday before I wrote this column.

Ted Wilmot and His Orchestra To Play Again at Casino Park

Ted Wilmot and his Gloom Chasers will chase away your blues tonight again at the pavilion at Casino Park. Wilmot's orchestra opened the first pre-season dance program at the Casino three weeks ago.

The band is one of the best traveling orchestras available, according to Manager George T. Smith. This will probably be the last pre-season program at the Casino, since the formal opening date will be announced next week.

Starting Sunday, the Palace will bring Barbara Stanwyck to the screen in So Big. This film is based on Edna Ferber's novel. So Big is a homely story—a cross section of rural life as it was lived about 30 years ago.

Miss Stanwyck takes a difficult role in this story. She runs the gamut from girlhood to the sunset of life with equal stress on each milestone in her life.

The supporting cast includes Little Dickie Moore, Bette Davis, Allan Hale and Earle Fox. The story was a Pulitzer prize-winner.

If you haven't seen Arrowamith, tomorrow's the last day.

Thelma Todd turns real actress in This Is the Night, which starts at the Worth tomorrow for three days. She shares honors with Lily Damita, Charlie Ruggles, Roland Young and Cary Grant.

This is the first appearance of Miss Todd in a feature production since she appeared in Corsair. Young is from London and has appeared in many feature pictures since coming to the United States.

This Is the Night is a musical romance. The Worth will also offer another Fanchon and Marco Stage Idea and Maurice and his orchestra will accompany Ewen Hall in some brand new tunes.

Open Forum

Editor, The Skiff: Last week, The Skiff carried an editorial on the new stadium. The editorial suggested that we call the new stadium Frog Field, because it represented the work of Frog fans. Frog athletes, and also represented Texas Christian University.

Frog Field, the Home of the Horned Frogs! The more you say this name—the more you like it. I think that the student body of T. C. U. should appoint a committee to approach the Administration upon this subject. Our stadium needs a name and the sooner it is named, the quicker the name will be taken up by outsiders and the sooner it will become known throughout the Southwest Conference.

Frog Field, the Home of the Horned Frogs! What other name could be more representative of the Horned Frogs than this? Let's all get behind this and try to get our new stadium, which is only two years old, named. Let's not name it after any individual, because no single individual should receive the honor since so many helped to build it.

Let's get something done! Frog Field, the Home of the Horned Frogs!

—An Individual.

ANN GORA'S CAT NIPS

TOM HANKS and Bob Preston corralled two Polytechnic High School girls at the senior barbecue last week. Tom made a date with one of them for last Friday night and Tom was stood up! Those high school girls were smarter than they looked.

Pansy Teagarden said that she rode all the way around the lake one night in a dream. She never mentioned the times she has walked around the campus.

Elmer Staude and Sam Guerny were at the midnight ramble last Saturday night, the editor tells me. Wonder how the editor knew?

Roland Balch seems to have a lease on that bench in front of Main. Well the lease he could do would be to give it to someone else once in a while. Wonder what ever happened between Lucy Mae Merritt and Roland? Ruth is again seated on the throne.

Wonder who those two love birds are who sit out in front of Sterling in that shiny automobile so much?

Someone also called our attention to a certain couple the other night in the shadow of the honeysuckle arbor. Watch out now, or somebody will be asking that girl for dates.

Prof. J. W. Ballard wasn't chosen to be master of ceremonies at the beauty revue this year so he gave a bridge party and invited all the faculty members that night. Is this catty!

Marvylene Bowe had an awful funny dream the other night. Some are beginning to wonder if it was a funny after all, since Marvylene blushes every time she thinks of Dreams will make people do the sometimes.

Just so everyone of the following will read this: The senior class committee will meet Monday in the Amphitheater at 10 o'clock. Here who Gibson Randle wants to be there. Assembling for one of the most gala affairs of the year, the members of the sophomore class held their annual banquet Wednesday evening at the University Club with Fred Miller, class president, acting as master of ceremonies. The motif of the University colors of purple and white was followed through-

Purple streamers were laid lengthwise on the white-spread tables, which were illuminated by purple tapers. Bowls filled with purple flowers served as centerpieces, and white balloons were given as favors.

Christians In Lead As Ponies Invade Frogland

Alf Roark Will Face Mustangs Here Tomorrow

By STANDARD LAMBERT
 THE little Dutchman's "ballgamers" seem to have the other leading contenders "on their hips" in this mad rush for the championship. Just how long this will continue remains to be seen, but certainly the Mustangs are not due to give them a licking tomorrow afternoon; however, we have learned through costly basketball experience that cellar Mustangs can win from leading Frogs.

If the Mustangs win the game tomorrow, it will be because they had the better team for the day and not due to the Frogs' over-confidence. The Ponies are due to have a few good games in their systems. If one of them happens to be tomorrow, the Meyermen's chances for a championship might fade away. Although they have not won a game in five starts thus far, they have not lost by large margins, so there will probably be a pretty good game at the new baseball lot tomorrow.

At this stage the race is a mad scramble with Uncle Billy Disch's Longhorns the most serious threat to the Frogs' lead. The Owls evidently lost their rabbit's foot when they got out of their own back yard and began to lose consistently on foreign soil. From all indications, it will be a merry race between Longhorn and Frog.

Despite the fact that the Bears are just about out of the title hunt, they have a formidable club. The writer slipped off from the track meet in Waco long enough Saturday to see the Bears knock the apple all over the orchard in the first four innings against the Aggies. That club can really hit. The infield is good and with Raymond ".063" Alford in the box, they have a good defensive club.

THIS is about the time of the year for the sports writers to begin to look for all-conference timber, and of course the Frogs have some good prospects. At this stage of the race, this writer is nominating Hubert Dennis, catcher; Hersel Kinzy, pitcher and Paul Donovan, outfielder. The erratic Baylor scribe claims to have an all-conference battery in Harold Shelley and Raymond Alford and all-conference infielders in Red Wells at second base and Bean on third.

The other outstanding contenders at this time are: Russell, outfielder, Jones, first base, and "Smoky" Klaerner, pitcher, all from Rice; Ater, shortstop, Baumgarten and Koy, outfielders and Winton, pitcher from Texas; Veltman, outfielder and probably others of the Aggies. Just who Charlie Burton of S. M. U. will push remains to be seen, but it is probable that he will not push anyone as he did in basketball.

DENNIS is the spark plug of the Horned Frog team. He has every quality of a good defensive receiver, is batting near .500 and keeps the team hustling from the first through the last inning. Much of the praise that Kinzy and Roark have been getting is due to Dennis' ability to size up a batter and signal for the right kind of a ball. A mistake by Dennis would be just as costly as one by the pitcher. Thus far he seems to be the class of the conference.

Inasmuch as Koy and Veltman won mythical berths in the 1931 outfield, they will probably repeat and Paul Donovan will probably round out the trio in most scribes' opinion. At least big league scouts from Cleveland, Detroit and Cincinnati thought that way. Jones, Owl first sacker, seems to have little competition to retain his berth, and Ater of Texas will more than likely be the best shortstop in the loop. The second and third bases are wide open. In view of that fact the Baylor scribe might be able to get one of those positions for the Bears.

It looks as if Slim Kinzy, Smokey Klaerner, Raymond Alford and Taylor are the class of the pitchers. The mythical team can't carry but about three, so the pitchers with the best record will get the positions. We suppose that Miller and I will argue the rest of the school year about the best catcher and then will wind up with both of us selecting Dennis.

Win From S.M.U. Would Give Froggies Big Lead in Race.

BAYLOR HERE MONDAY

Bruins Have Hard-hitting Club That May Prove to Be Stumbling Block.

By STANDARD LAMBERT
 Firmly entrenched in first place, Coach Dutch Meyer's Texas Christian Horned Frogs will defend their claim for supremacy against the invading Southern Methodist Mustangs at Frog Field at 3 o'clock tomorrow. Alf Roark, who has not appeared in conference competition since he defeated the Aggies in the second game of the season, will probably face the Mustang batsmen.

The Meyermen will act as hosts to the hard-hitting Baylor nine Wednesday. With Raymond Alford, football and basketball star, in the box, the Bruins have a formidable nine, and the Frogs will have to play their ace in the hole in order to win. Slim Kinzy will probably be in that role against Coach Jennings' crew.

Four victories and one defeat for an average of .800 has placed the Meyermen head and shoulders ahead of the pack in the race for championship honors. A defeat at the hands of the Mustangs would not force them to relinquish their hold on first place, but a double defeat would eliminate them from the race since they play but 10 games.

When the University of Texas Longhorns slipped up on the Owls and handed them two defeats last week-end, they advanced into second place and also renewed their challenge to all comers for the crown that they have held so long.

Frogs Tounce Aggie Team 5 to 2 Monday

Masterful hurling by Slim Kinzy and timely hitting by Jack Graves and Hubert Dennis gave the Horned Frogs a 5-to-2 victory over the 1931 champion Texas Aggies here Monday afternoon. The victory gave the Meyermen a clean sweep in the series with the Aggies and placed them far ahead of the second place Texas Longhorns.

Kinzy was nipped for six hits, but wildness at intervals proved costly. "Banjo Eyes" Moon, former T. C. U. freshman, hurled a good game, but was taken out in the eighth when the Aggie coach put in a pinch hitter when the Farmers were threatening an eleventh hour rally.

The Frogs opened the scoring in the second inning when Myers' single scored Graves who had hit ahead of him. The Aggies tied the count in the third and went ahead in the fourth when Carpenter's single scored Mitchell who had tripled. The Frogs again went in the lead in their frame of the same inning with 2 runs as Graves singled. Hinton got on with Moon's error and Dennis singled scoring both runners. Dennis' home run in the sixth was the only circuit clout of the day. Graves scored again in the seventh to end the scoring for the game.

Stick Statistics

Hubert Dennis, Jack Graves and Paul Donovan are leading the Frogs' hitting parade. Dennis and Graves fattened their average at the expense of Moon in the Aggie tilt, but the Aggie southpaw sent Donovan back to the showers hitless. When southpaw pitchers tie up with wrong-handed batters, it's generally too bad for the latter. The team average is .243.

The runners-up Longhorns are batting .233. Koy leads with .306 and is the only regular batting over .300. The Horned Frogs averages are:

Player	Games	AB.	H.	Pct.
Dennis	5	19	9	.473
Graves	5	20	9	.450
Donovan	5	19	7	.368
Hinton	5	18	6	.333
Snow	5	16	3	.187
Walker	5	19	2	.105
Myers	5	16	2	.125
Woolwine	5	16	1	.062
Roark	1	3	0	.000
Kinzy	3	14	0	.000
Team	100	39		.243

Frog Golfers Lose To Mustangs Again

The Horned Frog divot diggers lost their return match to the S. M. U. team 5 to 1 in Dallas Saturday. Lawrence Floyd's 4-2 defeat of Horace Boren was the only Christian victory. Floyd also won from Boren in their frat match.

The results: Jim Bailey lost to Dennis Lavender 4-2; Capt. A. D. Weatherly dropped a 9-7 match to O'Hara Watts, and Ray McCulloch lost a 4-3 match to Louis Becker.

In the doubles Lavender and Boren defeated Floyd and Bailey and Weatherly and McCulloch dropped the other match to Watts and Becker.

1932 Football Card Completed

Six Conference Tilts Are Scheduled—Five Games on Road.

With the probable exception of an intersectional post season game Dec. 3, the signing of the Daniel Baker Hill Billies Oct. 1 marked the end of the 1932 Texas Christian Horned Frog football schedule. This marks the first time that the two teams have met since 1929 when the Schmidtmen trounced them 61 to 0 in the season opener.

The complete schedule includes 11 games, six of which will be played in the Horned Frogs' own back yard and five on the road. Of the conference opponents Arkansas, Baylor and Texas will be played in Fort Worth and A. & M., Rice and S. M. U. away from home. The conference season opens with the Razorbacks in Fort Worth Oct. 8.

The Texas Christians will meet North Texas Teachers, Daniel Baker, Austin College and Simmons in non-conference games. When they go to Baton Rouge where they meet Coach Biff Jones' Louisiana State Tigers, they will probably meet the strongest opposition of the season. Games with all six conference opponents complete the schedule.

The complete schedule is as follows:

- Sept. 18—North Texas Teachers at Fort Worth.
- Sept. 24—L. S. U. at Baton Rouge.
- Oct. 1—Daniel Baker at Fort Worth.
- Oct. 8—Arkansas at Fort Worth.
- Oct. 15—Texas A. & M. at College Station.
- Oct. 22—Austin College at Fort Worth.
- Oct. 29—Baylor at Fort Worth.
- Nov. 5—Simmons at Abilene (or Wichita Falls).
- Nov. 12—Texas at Fort Worth.
- Nov. 19—Rice at Houston.
- Nov. 26—S. M. U. at Dallas.

Frogs Second in Triangular Meet

Mustangs Upset Dope to Defeat Frogs at Baylor.

A marked supremacy in the weights and half-mile gave the Southern Methodist Mustangs a dope-upsetting victory over Texas Christian and Baylor in a triangular meet at Waco Saturday. Despite the fact that the Clarkmen lost the meet, scoring honors went to two Horned Frogs, Red Oliver and Charlie Casper. Oliver's total was 16% compared to Casper's 12%. Howard Sprague was high point man for the Ponies with first places in the shot put and discus.

The other point gainers for T. C. U. were: Chappell, first in mile and two-mile; Spearman, first in broad-jump; Houser, third in 100-yard dash; Tiner, second in 440-yard run; McCulloch, tied for first in pole vault; Howell, third in discus; Kitchen, third in javelin; McCoy, third in one-mile and second in two-mile. The sprint and the mile-relay quartet composed of Phelps, Spearman, Oliver and Casper won first and the mile-relay quartet composed of Tiner, Townsend, Chappell and Powell was second in that event.

"They Don't Speak Our Language" In the Registrar's Office," Say We

If you should be passing by the registrar's office and hear someone saying, "Remove his eyes," do not be alarmed. An operation is not about to be performed. In fact the eyes are not eyes at all, but "I's," which are being removed because a particular student has made up his work.

Engineers, doctors, lawyers and other professional men have their own particular vernacular. Since E. R. Tucker's assistants have decided that work in his office is a profession, or should be one, they have created a language all their own.

One would be sure of this fact if he heard one of the girls saying, "Give Mary Jones bugs," "Lucy Smith is dumb," and "Put John Brown on the dead file." These remarks, however, do not mean that Miss Jones is to be presented with biology specimens or that Lucy Smith is lacking in intellect or that Brown is deceased. In fact Mary is not to be given bugs but a grade of B in a certain course, and Miss Lucy wasn't so dumb but just made a D in one subject, and John had not died but had merely dropped out of school.

"File his life in his envelope," "He is in Mr. Tucker's basket," "I found him in the drawer yesterday," and "He was on Mr. Tucker's desk a few minutes ago," do not refer to adjustable human beings but to reports, transcripts, etc., of students.

"Send summer eats to Miss Jenkins and winter cats to Miss Wil-

liams," remarks one of the assistants. Now Miss Jenkins and Miss Williams will not receive boxes of nice furry cats but respectable looking T. C. U. catalogs. "How are his chapel cuts?" is not an inquiry concerning injuries but chapel absence.

"He was suspended because of B. O." is not an advertisement for a popular brand of soap, but an explanation that a student had to leave school because because of non-payment in the business office.
