## Texas Christian Professors Write Musical Comedy

Dr. Smith, Dr. Guelick Compose "Moonlight Mesa."

### RANCH LIFE IS THEME

Try-outs to Be Monday, Wednesday and Friday Mornings.

"Moonlight Mesa," a musical comedy, will be staged the latter part of the semester by the department of music, it was announced this week by Dr. H. D. Guelick, head of the School of Fine Arts.

The dialogues and lyrics of the compositions were written by Dr. Rebecca W. Smith, chairman of the English department, and the musical numbers by Dr. Guelick.

"Moonlight Mesa" is a story of ranch life, depicting typical Western scenes. The plot centers about a group of Eastern school girls, guests of the ranch-owner's daughter, who are having their first taste of ranch life. The musical numbers, about 12 in all, are co-ordinated with the theme of the production.

Students who wish to join the "Moonlight Mesa" company and try out for leading speaking or singing parts are requested to see Dr. Guelick on Monday, Wednesday or Friday mornings at 10 o'clock in Room 303.

## Miss Rowan Is First Blonde to Become Band Sweetheart

Another precedent is broken by revolutionary youth. Blondes are now in the ascendant. After seven years of unbroken fidelity at the altar of brunette beauty, a Horned Frog Band finds its ideal of feminine loveliness in the blonde person of Miss Mary Rowan of Wharton.

All of the eight preceding sweethearts have been brunets or of a type approaching the brunet. The bandmen have not been bad judges of beauty either, for six of the eight sweethearts, Misses Sarah Williams, Doris Shaw, Emma Nell Handley, Vera Turbeville, Helen Jenkins and Marie Weldert, rated the beauty section of the Horned Frog the same year in which they were band sweethearts. Strangely enough not one of the eight girls has ever married a band member.

The sweetheart idea had its birth in 1925, the year Prof. Claude Sam-

mis assumed direction of the band. That year is also remembered as the date the band members first donned uniforms. So carried away were the members with the new social liberty and the uniforms that they elected two sweethearts in one year—Miss Williams, the first term, and Miss Mary Harrison, the second term. Miss Rowan is the first sophomore to be elected sweetheart. In the past

## Norman Thomas to Speak Monday

Socialist Candidate Will Address Chapel Assembly.

Norman Thomas, executive director of the League for Industrial Democracy and Socialist candidate for president, will be presented in chapel Monday at 10 a. m. He will speak on "A Plan for Socialist Christians."

Thomas is coming to T. C. U. under the auspices of the Student "Y" and the social science departments. He will arrive in Fort Worth at 7:55 from Oklahoma City, where he has been addressing audiences at Oklahoma City University.

Other speaking engagements for the day include a joint meeting of Dr. Edwin Elliott's 137 economics class and Dr. Jack Hammond's 25 history class in the Auditorium at 11 a. m., a "Y" forum group in the afternoon and a night engagement at the Dallas City Auditorium at 7:30 p. m.

He will also speak over the radio from Station WFAA at 5:30 p. m. and will be honored with a luncheon given by Fort Worth business men at the University Club at 12:15 p. m.

Large student delegations from the International Relations Club, the Y. M. C. A. and the Y. W. C. A., Pi Gamma Mu and other student groups will drive to Dallas Monday afternoon to attend the lecture at the Dallas City Auditorium. "A Plan for America" will be the topic of the address.

Thomas was born in Marion, Ohio, in 1884, the son of a Presbyterian minister. As a newsboy in Marion, he delivered the "Marion Star," the newspaper published by Pres. Warren G. Harding. He graduated from high school with honors and entered Bucknell University.

As a student in Princeton, he formed his foundational opinions in economics, government and politics in the classes of Woodrow Wilson. He was a varsity debater and also became proficient in the sport of boxing. He graduated in 1905.

After graduating, Thomas did settlement work in New York City until he was ordained as a Presbyterian minister and became assistant to Dr. Henry Van Dyke at Erick Church on Fifth Avenue. He continued to study at Union Theological Seminary.

He established "The World Tomorrow" in 1917 and edited it for four years until in 1921 he became assistant editor of "The Nation." He joined with Harry Laidler in organizing the League for Industrial Democracy, and was one of the organizers of the American Civil Liberties Union.

As a candidate in the mayoralty election in New York in 1929 Thomas polled 175,000 votes. He has run for governor and president on the Socialist ticket. In the 1928 presidential election he received less than a quarter of a million votes, the lowest socialist vote since 1900. The Literary Digest predicts that he will receive 2,000,000 votes in 1932.

### Rally Is Held As Send-Off

As a send-off for the Horned Frogs, a pep meeting was held last evening in the Frog Fieldhouse, under the direction of Ben Baxter, yell king, and his two assistants, Jimmie Pate and Kuyrk Palmer. At the meeting instructions were given the students concerning the A. & M. special.

the freshman class has been favored as it has furnished three girls, Misses Weldert, Shaw and Handley. Two, Misses Williams and Jenkins, have been juniors, and two have been seniors—Misses Rowena Doss and Turbeville.

Available student records of sweethearts who completed their work in T. C. U. prove that they ranked high scholastically, rated well in activities and were artistically inclined, particularly in music. Misses Jenkins, Shaw, Williams and Doss received their B.M. at the University. Miss Turbeville is an art graduate.

To date out-of-town girls have been favored. Only two girls, Miss Turbeville, 1928 and Miss Handley, 1929, have lived in Fort Worth. Other places represented have been Wharton, Weatherford, Waco, Houston, Amarillo, Hamilton and Georgetown.

## Mrs. Cahoon Relates Stories of Poverty

Youth of Chicago Found to Be in Critical Condition Financially.

"Students of Texas Christian University do not know how very fortunate they are not to have reached the point of destitute circumstances as to be forced to appeal to charity," says Mrs. Helen Fouts Cahoon, head of the vice department.

Having to appeal to charity is actually the circumstance which Mrs. Cahoon found among the students in Chicago, where she taught at Bush Conservatory during this summer.

"The majority of students should be very happy here as they are offered so many more advantages not only in the music department but in every other department in comparison to those offered to the students in Chicago," she commented.

In July there was an outright communist demonstration in front of one of the stations of the Joint Emergency Relief Organization, many hungry mouths crying out for food. As a result of this uprising, the rich people of that city appropriated \$9,000,000 for these needy persons to last until Oct. 1.

This relief organization pays the house rent of each family and to the parents allows \$2.50 per week for food and \$1 for each child. The money is not handed over to the family, but a grocery order is placed for them in assurance that they will get some wholesome food instead of spending their share for cigarettes or liquor.

Mrs. Cahoon is devoting two afternoons, Tuesdays and Thursdays, between 3 and 4 o'clock to offer special attention to students who have promising voices and who are unable to pay for their lessons. She is particularly anxious to help all those students here in T. C. U. who are ambitious and who will really take advantage of her services which she is so kind in offering.

### Juniors Sponsor Friday Night Shows at Worth

Every Friday night, beginning tonight, will be T. C. U. night at the Worth Theater, according to Frank Miller, president of the junior class.

The juniors are to sponsor a special show at the theater following the pep meeting each Friday.

The Horned Frog Band will furnish music at these shows, and special acts will be offered in addition to the regular pictures, Miller announced. Dormitory girls will be permitted to attend the entertainments. Tickets are on sale by officers of the junior class.

### Journalists Attend Fair

Dr. Alexander, who is a member of the American Geological Society, will talk on the evolution of mammals from the first traces up to the present day. The lecture will be illustrated with slides. He will also show how animals are constructed from fossil bones.

This same lecture was a number on the 1928 lecture series.

Try-outs for "The Nut Farm," by Brownell, will take place Wednesday evening, Oct. 19, from 6:30 to 8 o'clock. Only members of the Dramatic Club are invited to attend.

The Freshman-Sophomore Play contest is scheduled for next Tuesday evening at 8:15 o'clock in the University Auditorium. The freshman play, "The Mayor and the Manicure," by George Ade, will be directed by William Gonder and presented by a cast composed of Miss Doris Zweifel, Miss Mary Ellen Davis, James Newkirk and Alton Boxwell.

The cast of the sophomore production, "Good Medicine," by Jack Arnold and Edwin Burke, includes Miss Anna Lynne Dorsey, Miss Vera Cornell and William Gilliland. The play is under the direction of Miss Corning Lewis.

Those who will judge at the contest are Dr. Rebecca Smith, Miss Dorothy Compere and Miss Mary Sweet.

A banquet will be held by the Dramatic Club immediately after the contest Tuesday evening. Plans for the affair are in charge of Miss Lou Blumberg.

The following new members were admitted to the Dramatic Club last Tuesday night at a try-out: Misses Mary Elizabeth Gregory, Martha Barnes, Marjory Davidson, Eloise Washburn, Frances Talbot, Anna Ruth Denton, Maurine Justin, Nina Whittington, Elizabeth Cuthrell, Elizabeth Tate and Hannah Ann House, and Stanley Cissna, Sid Lightfoot, Robert Mainard, Roland Balch, James Tribble and Weldon Allen. ## The Junior Chamber of Commerce

The Fort Worth Junior Chamber of Commerce is deserving of special recognition from the student body of Texas Christian University. The organization was started in the spring of this year, and since then it has served T. C. U. in many ways.

During the last of the spring semester, Texas Christian University was honored by the Junior Chamber of Commerce with a banquet which was arranged by Dr. R. H. W. Drexel. Texas Christian students were used in the program and President Waits and Dean Hall addressed the members and guests present.

During the summer months the organization conducted a campaign in Fort Worth for old clothes for the needy, which was a success under the direction of Lowell Lafferty. At the beginning of September the group started a campaign for jobs for T. C. U. students and obtained approximately 75 places for students. This work was carried on by many former Texas Christian students and graduates under the chairmanship of E. N. Ruffell.

At the start of the school year the Chamber was the sponsor of a drive to sell season tickets to the Texas Christian football games. D. G. Liggins directed this drive and reports that several hundred tickets have been sold through the efforts of the organization members.

The Junior Chamber of Commerce has been a great supporter of Texas Christian and The Skiff wishes to acknowledge the co-operation that it has given to the students, the faculty and to the University as a whole. A fine work has been done and Texas Christian has benefited—May the Fort Worth Junior Chamber of Commerce continue under the leadership of Les Brewster, who has been the guiding factor back of the splendid work of the organization.

## The Band and Loyalty

Early in the football season it was whispered around the campus that members of the Horned Frog Band did not rise to the T. C. U. standard of athletic patriotism because they did not turn out for all the pep meetings. It was not disloyalty; they just failed to realize the importance of the first games.

Fortunately the spirit displayed by the band at the pep meeting last Friday evening, and the excellence of the band's field demonstrations and sustained support during football play at the last two games, have silenced these murmurs. Some students fail to realize the amount of trouble taken by bandmen in lugging horns back and forth to the bandhouse, stowing the cases away and sorting the music, not counting the actual playing. They fail to see the inconvenience bandmen living in Polytechnic or North Side are put to in attending all the meetings. For what? To play two or three numbers and leave.

Those who complain do not remember the times when others—possibly themselves—disrespectfully left the stands while the band paraded the field, not in ostentation, but for their pleasure. The band will turn out for the pep meetings on Friday night. Is it not enough?

## A Fall or a Change?

T. C. U. seems to be headed for a fall or a change. The students are in favor of the change. However, when a petition from the student body is presented to the administration, the answer is that the administration is in favor of the change, but that those who have in the past given money to the University are not in sympathy with the innovation.

None realize and appreciate more than do the students what many good people have done for this University. Yet it is believed that such benefactors, when they present the University with a gift, do not have in mind that T. C. U. must ever be in bondage to them. It is thought that they give to T. C. U. in a philanthropic spirit—because they believe in the institution and not because of any remuneration they might receive. They do not look upon their giving as a money-making proposition, for they give to T. C. U. as they would give to the church.

So it is in that light that the students of T. C. U. are looking forward to a progressing University. They believe that those who have in the past endowed Texas Christian are broad-minded enough to want the present student body and those to come to receive all that can be derived from such an institution as this. It is thought that those who have given want the school to get as much as possible from their contribution and not to be held back because of any tradition that has long been worn out.

## Hear Norman Thomas

Norman Thomas will speak in chapel Monday. He is being presented as an educator, an author and a political economist. An opportunity to hear a man as internationally famous as Thomas rarely comes to students in T. C. U.

The Skiff advises every student to attend one of the various group meetings which Thomas will address Monday. Norman Thomas' value cannot be estimated in terms of class-cuts.

Much of the present day literary activity might better be termed hack-tivity.

## OPEN FORUM

### A Student Looks at the Political Situation

With a frank and tacit acknowledgment of a lack of years of experience and perhaps an inadequate reserve of skilled information, this student is going to attempt an analysis of the personalities and political parties that will be engaged in the coming election with a view toward stimulating thought in fellow students who go to the polls on Nov. 8.

"Why change horses in mid-stream?" was the slogan coined by Abraham Lincoln for the campaign of 1864, and despite the ridicule which has been directed at the slogan in its present day revival by the Republican party, I feel that it indicates the wisest course for those who vote in the November election.

It seems to me that it will be inexpedient to attempt to rebuild our federal political machinery while the nation is still in a period of liquidation. Why add more confusion to the general chaos in the consuming market by changing jobs for several million political office holders?

There is essentially nothing to be gained from a shift in parties if the Democratic platform is to be taken as an index. Mr. Roosevelt is no Featherstone, and the Democrats have not yet advanced more satisfactory proposals for coping with the economic situation than have the Republicans.

His running mate, Mr. Garter, Texas though he be, will be remembered as the sponsor of the sales tax and public works construction program. "The biggest piece of pork-barrel legislation in recent years" to quote the Christian Century. The party as a whole has repudiated its traditional stand on low tariffs and has pledged itself to high protective tariffs quite as fiercely as the Republicans.

On the other hand, virtually all political analysts agree that Mr. Hoover's billion dollar Refinance Corporation is a constructive and beneficial measure. Hoover represents the best of a bad bet for the drys, and a "chance to have it out" for the wets. Mr. Curtis is avowedly a dry, and throughout his political career his name has been singularly respected.

The Socialist party, though important, can hardly be counted in the running in the 1932 election. I believe that Norman Thomas is the only statesman whose name will appear on the presidential ballot this year, but despite his commendable purpose and platform, I shall not vote for him in November, 1932.

I take Mr. Thomas' statement that he is out for a victory in 1932 as an admission that he realizes he can not win in 1932.

But even admitting the possibility of a hypothetical Socialist victory, I am inclined to wonder whether the party possesses a sufficient number of skilled leaders who are in sympathy with the purposes of the party to competently fill the vital administrative offices of the government?

## Mae West and George Raft Come to Palace Sunday in 'Night After Night'

Mae West scores a success with George Raft in the Paramount production, "Night After Night," which comes to the Palace Theater Sunday for a four-day run. Miss West almost steals the whole show, even with a brilliant supporting cast. Raft, who was the slick gentleman in "Scarface," plays the role of a speakeasy proprietor in this latest picture.

The plot of the picture is built around a girl who frequents the speakeasy because it used to be her home. Raft falls for her in a big way in spite of the fact that she is below him socially.

WE buy the finest, the very finest tobaccos in all the world—but that does not explain why folks everywhere regard Lucky Strike as the mildest cigarette. The fact is, we never overlook the truth that "Nature in the Raw is Seldom Mild"—so

these fine tobaccos, after proper aging and mellowing, are then given the benefit of that Lucky Strike purifying process, described by the words—"It's toasted". That's why folks in every city, town and hamlet say that Luckies are such mild cigarettes.

# Christians Meet Farmers in Crucial Battle Tomorrow

## 27 Horned Frogs Off to Aggieland For Feud Battle

### Purple Men Have Tied or Beaten Farmers Since 1924.

#### PRUITT BACK IN LINE-UP

##### Fiercely - Contested Game Will Begin When T. C. U. and A. & M. Meet.

By BEN BOSWELL.

Coaches Francis Schmidt and Bear Wolf and a band of 27 Fighting Frogs will arrive in Bryan late this afternoon, where they will spend the night after taking a light workout. Saturday morning they will go out to the college to rest until the time comes for their tilt with the Aggies.

Students of the University will leave early Saturday morning on the Lions Club Special and will arrive in College Station about 1 p. m. Students who follow the team there will see a fiercely-contested football struggle between Frog and Farmer. Outrivalled in its intensity only by the historic Aggie-Longhorn game Thanksgiving.

The real feud between A. & M. and Texas Christian did not have its beginning until 1924, though the first game between them is dated 1898. The Frogs entered the Southwest Conference in 1924. The Aggies whipped them 28 to 0 that year. That ended the matter of winning from the Frogs. Since that year the Horned Frogs have either beaten or tied the Aggies.

A. & M. calls this a "jinx." The Frogs call it power, and the men who have played in the past games know that it was not "jinx" that won for them. It was hard fighting. Teams as powerful as those at A. & M. can not be "jinxed."

"Jinx or no jinx" the Aggies are out to trim the Frogs. They have picked the wrong year to do it. The big senior team that bears the colors of Texas Christian are down there to prove to the Aggies that power wins and that the so-called "jinx" is a myth.

Thus far, the Aggies have depended upon their old style of power-plays that have won many victories for them. The running attack this year is built around "Frenchy" Domingue, brilliant triple-threat halfback. He has been the spark-plug in the Aggie scoring this season.

Whether or not Coach Matty Bell will depend upon his running plays against the Frogs is a matter to be questioned. The Hogs made only 13 yards through the big Frog forward wall. Taking each man separately, the Aggies are no larger than the Razorbacks. That may mean that Coach Bell will fill the air with passes tomorrow, since the Christian pass defense appeared weak against Arkansas.

In any event the Horned Frogs are ready for anything that the enemy has to offer. They have spent a week of intensive practice against Aggie formations, and every regular will be in top form, having been given individual instruction by the coaches. New plays have been added and old ones revived.

Starting the game for the Purple and White will be Pruitt and Salkeld, ends; Howell and Boswell, tackles; Evans and Capt. Vaught, guards; Townsend, center; Oliver and Spearman, halves; Brannon, quarter and Kitchen, fullback. Others who will see much service are Perkins and Shackelford, tackles; Graves, Myers and Langdon, ends; Bassinger, Taylor and Brown, guards; Sumner, full, and Dennis, quarter.

A definite starting line-up for the Aggies has not been announced.

#### Frogs and Wogs See All-American Movie

Members of the entire football squad of Texas Christian University were guests of the Hollywood Theater last Sunday morning at a preview showing of "The All-American," a football screen production featuring the 1931 all-American team and the all-time all-American eleven.

The varsity and freshman teams attended the showing in a group. The city high school teams were also guests of the theater.

Before the show the men, in search of entertainment, selected a group of frosh to provide music for them until the picture started. A freshman glee club composed of George Klein, R. J. Duckworth, C. F. Kellow, Jimmie Lawrence, Dave Hickey and Vic Montgomery was organized by Wallace Myers and Love Perkins and rendered several numbers.

## BEN'S BARQUE

By BEN BOSWELL.

Once and for all, I want to settle the question about that touchdown pass in the Arkansas game. Here is Bear Wolf's answer: "It was Boswell's fault for letting Murphy throw it, and it was Oliver's fault for letting Rucker catch it." My explanation is this: I thought that Murphy and I were playing checkers and that it was Murphy's move. Red has not given me his excuse.

Blair Spearman really came to life last Saturday. His playing has been a bit short of his last year performance until the Razorback game. He turned his flying legs toward the open spaces against the Hogs and galloped all over the field. If I were the judge, I would say that he is one of the best running backs in the game. Of course, there are better all-around backs, but for the running and blocking part of the game, I would say that he is just as good as the best.

SPEARMAN

Seven members of the Carnegie Tech football team wear glasses, though not during battle. All are outstanding players and the captain is in the group. So after all, a guy that wears glasses is not such a sissy. The Frogs have three men in their ranks that wear glasses. Hubert Dennis, star back, is one; Herd Floore, substitute center, another, and Woodson Armes, center, a third.

Some of the greatest athletes of the time have worn glasses. Eddie Tolan, Olympic dash champion wears them; Big Ben Eastman, quarter and half-mile champion also wears them; "Wee Willie" Bartlett, Aggie all-conference center of a few years ago wore them.

The playing of Odell "Muggins" Fowler in the Aggie backfield will be watched by many Fort Worth people. Though he has not been a regular thus far, it is thought that he will be in the opening line-up against the Frogs. Muggins and I were members of the same high school football team.

Fowler's most ardent fan will watch the game from some other bit of space Saturday. That fan is his father who died suddenly during the summer months. His greatest ambition was to see "Muggins" play on a college team. His father's death was a tragedy for both of them. Perhaps Muggins will never make the all-American team nor even the all-conference eleven, but he will make the A. & M. team as a reward for the faith that his father had in him.

The Frogs are going to College Station to win. They have not forgotten the strength of the Aggies in previous games, nor have they forgotten that the Farmers fight the wild, fierce type of football on Kyle Field. But no matter how fiercely a team fights, they can be defeated by a team that returns blow for blow.

The Horned Frogs are a better team than are the Aggies. They have a better line; Spearman is just as dangerous as is Domingue and is faster; they are all older and all but one or two starters have had two years of valuable experience.

The Frogs are going there to win a game that means the whole success of this year's machine. A loss to the Farmers would almost eliminate them from the flag chase, while a win would give them renewed vigor for the hard games to come.

## Frogs Win First Conference Tilt

### Hand Arkansas Porkers 34-to-12 Defeat in Opener.

The Horned Frog grid team got off to a flying start in its race for the Southwest Conference championship Saturday by defeating the Arkansas Razorbacks 34 to 12 on Frog Field. The game was played on a field swept by a steady wind and was featured by freak punts and many, long passes. Both Arkansas touchowns came as the result of passes, while the Frogs scored in several different ways.

At the start of the game the Horned Frogs had the wind at their backs, and on the first play after the opening kickoff they quick-kicked from the 35-yard line and set the Schmidtmens back to their own 20-yard stripe. The Frogs, working with the precision of a machine, carried the ball back up the field in a series of well-executed plays and made five first downs in succession. From the 1-foot line Red Oliver plunged the ball over the goal for the first touchdown of the game.

After a few minutes of play, Tom Murphy, Razorback quarter, playing back in a punt formation, lost the ball on his own 38-yard line on a bad pass-back from center. The Frogs took the ball and picked up seven yards through the line. Then Blair Spearman, half, broke away for a 31-yard run and a touchdown, and Hubert Dennis kicked goal for the extra point. Arkansas did the last scoring in the first quarter. Murphy passed 30 yards to Rucker, end, over the goal line. The try for point was missed.

The Horned Frogs made one touchdown in the second quarter. With the wind at their backs they quick-kicked over the goal. On line plays, the Hogs were pushed back from the 20 to the 18-yard line. Here they tried a punt which the wind held to two yards, and T. C. U. got the ball on the Porkers' 20-yard line. On a lateral from Doc Sumner to Spearman the Frogs carried the oval to the 5-yard stripe. Joe Coleman took the ball to the 6-inch line and Oliver went over for a touchdown. Sumner kicked goal for the point.

In the third quarter the Schmidtmens carried the ball to the 1-yard line without going over, and Arkansas got off a punt which Spearman returned to the 16-yard line. Spearman then passed to Dan Salkeld, end, over the goal for the only touchdown of the quarter. Dennis made the extra point. No scoring was made in the fourth quarter until the last five minutes of the period. Then Spearman made a long pass from his 45-yard line to Dennis, who ran the ball over the goal. Dennis again kicked goal for the extra point.

In the last 50 seconds of the game, Martin, Arkansas guard, intercepted a Frog pass and ran 40 yards for a touchdown. Martin was the only man on either team to play the whole 60 minutes of the game.

William Joekel, principal of the Howe High School and former student in T. C. U., attended the Frog-Razorback game Saturday and visited friends in Goode Hall.

Some men don't believe half they hear and some don't hear half their better halves say.

## Frog 'Iron Man'

TOWNSEND

Here is the "iron-man" of the Frog line. He is J. W. "Iron-man" Townsend. His worst injury in three years has been a sore Adam's Apple. The Aggies will know after tomorrow's game why he is called "Iron-man."

## 'Ignorance of Law Is No Excuse, Says Judge

For a sheriff not to know the law is very rare, but just that happened in Prof. J. W. Ballard's B Law class the other day.

Judge Bud Taylor found it necessary to fine Sheriff Lon Evans for his ignorance of a slight law that prevails in Prof. Ballard's classes.

The sheriff's offense was that of chewing gum in class. Evans pleaded "ignorance to the law," but Judge Taylor was deaf to his plea. His reply was "ignorance of the law is no excuse. Chewing gum for the class."

## Frog Golf Team Has Seven Men

The personnel of the 1932 Horned Frog golf team is made up, but they are unable to start work because of a delay in getting their memberships. There are seven boys out this year, Captain-elect Lawrence Floyd, Jack Thompson, Mack Jenkins, from last year's team, and Guy King, William Coard, Frank Norris, Jr., and Jimmy Walkup, one of the city's outstanding many players, as newcomers.

R. D. Evans, of the recreation board, is handling the matter of memberships, and due to the increase, is having trouble. These memberships entitle the team to Worth Hills and Glen Garden Country Club, where the matches are played.

## Frosh Gridsters Round Into Shape

### Coach Meyer Separates Squad Into Two Teams.

Coach Dutch Meyer's 1932 freshman football squad is fastly rounding into shape and has all the appearances of the making of an excellent eleven. Coach Meyer has divided his entire squad into two groups and has started into the full details of blackboard work in learning plays. One team is known as the A team and the other as the B team but the freshman mentor declares that no one has any position clinched. Changes may take place any time in both groups.

The A group is composed of Darrell Lester, center; Joe Freeman and George Edwards, guards; Paul Hill and Wilson Groselose, tackles; Bobby Stowe and Melvin Digs, ends; Jimmy Lawrence, quarterback; Jimmy Simpson and John Taylor, halfbacks and George Kiene, fullback. The B team is made up of Dave Hickey, center; Freeland and Elmer Seybold guards; Tiny Godwin and Willis Cannon, tackles; John Hruska and Bennie Rhodes, ends; Howard Pulliam, quarterback; Charlie Needham and R. J. Duckworth, halfbacks and Tal-don Manton, fullback.

The other members of the squad who are alternating at the different positions are: Milt Holloway, Clifton Nugent, John Krusan, Milton Cyrus, Gammon, Fullenwider, Robbins and Montgomery. The frosh mentor has not as yet decided on a definite starting line-up, although he has had only one chance to get a good eyeful of his material, this being in scrimmage with the varsity.

The first game is with Weatherford Junior College, here Oct. 20. The Terrell Prep date has not been announced.

## Juniors and Seniors Lead Class Grid Race

### Tie for First Position by Defeating Freshmen and Sophomores.

The juniors and seniors are tied for first place and the freshmen and sophomores tied for the cellar position in the intramural football championship race following two games played Tuesday on the intramural gridiron. In Tuesday's games the seniors gave the sophs a 21-7 drubbing and the juniors whipped the frosh to the tune of 27-to-7.

In their game with the sophomores, the seniors displayed a well-organized team that will without doubt finish high in the championship race. The second-year team showed a lack of organization that will probably cause them to land in the cellar at the end of the season.

M. Shackelford, Roark, Hicks and Walsh starred for the fourth-yearers,

with scoring honors divided between Shackelford, Roark and Hicks. The senior was the only class in which every member of the team played the entire game.

Mark Hart was the shining light of the sophomore team. L. Wallace lucked over the sophs' only touchdown, and Hart kicked goal for the extra point.

The juniors turned out with two complete teams, and with a constant flow of new blood going in throughout the game, were able to run up a large score against the frosh, even though the first-year men showed a surprising amount of organization and ability. Paul Donovan, a south-paw, was the outstanding player on the junior club. His long passes and punts were a feature of the game. Joe Brown, Hoskins and King also starred.

Miller, Knowles, Pickett, Boren and Oswald all looked good on the frosh team.

In next Tuesday's games the juniors will battle the seniors for the first-place position and the frosh and sophs will tangle in a tussle to keep out of last place.
