## Faith With Our Fathers' Theme Of First Chapel

### Dean Hall Delivers Address on "College Traditions"

### Is Under New Plan

### University Orchestra Plays at Initial Wednesday Morning Gathering

The speaker for next Wednesday's chapel will be the Rev. Perry Gresham and his subject will be, "How To Make Friends."

Having as its theme, "Keeping Faith With Our Fathers," the first chapel under the new plan of one meeting a week was held in the University Auditorium Wednesday morning.

Dean Colby D. Hall delivered the address of the morning, speaking on "College Traditions." "Traditions," Dean Hall said, "are more than mere customs. They are a sum total of the richness, sentiment, science, and literature handed down to us by our fathers. They are accumulated customs, worked out and highly polished."

He said that the way to make progress was to master tradition and step out beyond it. Dean Hall explained that a college was the proper place for tradition.

"If a student is to assimilate the wealth of the past, he should have an open mind," he continued. "This is one of the greatest traditions any college can have."

He pointed out that a college should also teach its students to become citizens of the world, to know how to feel at home in any community and to absorb a familiarity of the best ways of society.

Continuing the theme, Dean Hall said, "The most important tradition of T. C. U., as set down by Addison Clark, first president of the University, is character building—not learning. Other important traditions are thoroughness, democracy and religion."

The T. C. U. orchestra, under the direction of Professor Claude Sammis, opened the program with "Rock of Ages" and played a special selection, "Americana," by Victor Herbert. The invocation was pronounced by the Rev. Perry Gresham, pastor of the University Christian Church.

Prof. E. W. McDiarmid pronounced the benediction.

## 65 Are Enrolled In Night Classes

Approximately 65 students were enrolled in night classes Monday night, according to Dean Colby D. Hall.

Classes were organized in education 50, education 51, education 141, English 134, and history 156. "There is a possibility that classes will be organized in English 24, government 128, history 12, Bible 121, and French 21, if a few more students enroll.

## Worthless Scoop Bars Entrance Into Feature Writer's Heaven

It's a cruel world. Being an enterprising young feature writer I thought I had realized the perfect dream, for something had happened right under my nose that the whole world (I thought) would read with glued interest.

Machines Gun Kelly, the pride of every gangster, whose capture was not yet 24 hours old, had actually eaten in a cafe just a few feet from the campus.

At any rate that's what they told me—so I scurried to the journalism office, glad in my heart that I was enjoying a scoop, a real scoop. I ran up to the copy desk and between breaths managed to tell the story to Prof. J. Willard Ridings. But when I finished, the professor only grinned. It seemed to me that my scoop, the real scoop, had just tumbled right over on the copy desk and

## Poets Will Organize

Group to Meet in Jarvis Hall 7:30 Tuesday Evening.

A meeting of students who like to read or write poetry, or to contemplate poetical ideas, will be held in Jarvis Hall parlors at 7:30 p. m. Tuesday, according to George Cherrymones, literary editor of The Skiff. "The purpose of the meeting will be to organize the group and to discuss plans for the year," Cherrymones said. "Chiefly from this group will come the material for a literary column which will be run in The Skiff beginning next week."

## Freshmen Elect Brown President

### Other Officers Are Bill Tolan and Elizabeth Ann Pendry.

Vernon Brown of San Antonio was elected president of the freshman class at a meeting in the auditorium Monday morning.

Bill Tolan of Mission was elected vice-president, and Miss Elizabeth Ann Pendry of Fort Worth was chosen secretary-treasurer.

According to Brown, a business manager, a class sponsor, and a class mother will be chosen at the next meeting of the class.

Roy O'Brien, president of the student body, presided at the meeting until the freshman president was elected.

## Pep Meeting In Gym Wednesday

A pep meeting to send off the Horned Frogs for their opening conference battle with the Arkansas Razorbacks will be held in the big gym Wednesday at 7:15 p. m., according to Tommy Pickett, head yell leader.

A yell practice was held in the gym last Wednesday night, under the direction of Pickett and Vic Montgomery and Bill Hudson, assistant yell leaders. Captain Jack Graves, Wallace Myers and Sam Baugh were the principal speakers, and music was furnished by the Horned Frog Band.

### Club Sponsors Asked To Plan Activities

A request that sponsors of clubs get their activities under way as soon as possible came from the social calendar committee meeting Monday afternoon, according to Dean Sadie T. Beckham, chairman.

Dean Beckham has announced that an application to the committee for the first meeting of a club is not necessary. After the first meeting an application for social dates should be filled out, giving, among other information, the days and number of times each month the club plans to meet. This application will apply to the fall semester only. All applications should be in by the second week in October.

## Heads Reception

President E. M. Waits will head the receiving line at the President's Reception at 8 o'clock tonight in the Mary Couts Burnett Library.

## Young Collegian Sends Prom Card To the Laundry

Stop us if you've heard this one: First T. C. U. Student—Did you hear about the young collegian who dropped his prom card in the wash last week, and couldn't read it after he had rescued it from the watery depths? Second Victim—Now! What'd he do?

First—He called Anna Byrd Harness in the registrar's office for a consultation.

That's O. K. if you can't find the laugh in that last line; there's not one there anyway. The young soph who was the principal in the prom card tragedy (yeah, a soph and not a frosh) really did get all fixed up finally; but Miss Harness won't reveal his name. She's probably keeping it for blackmail purposes when she gets out of college, because if jobs are still scarce she might at least make a living off the unfortunate incident. All that, of course, depending on who the mysterious str-r-anger is!

## Mrs. Tucker Returns to Campus After 'Trapesing Over Europe'

"The thing that impressed me, perhaps, more than any other during my stay in Germany was the tenseness of the political situation under Hitlerism," said Mrs. Hazel Tucker, teacher of psychology, who has just returned from a seven-weeks tour of Europe.

"Because of the situation there, our party of seven was not permitted to see and talk with several of the outstanding psychologists of Germany who had been politely asked to leave the country."

After a three-day visit at the World's Fair in Chicago, Mrs. Tucker sailed from New York, Aug. 15, with a party of six others. The party was assembled by the American People's College of America for the purpose of doing research work in the sociological and psychological clinics and laboratories of Europe.

"After landing at Hamburg, Germany, we proceeded to Berlin. I was particularly impressed with the beauty and color of the city," Mrs. Tucker said. The party then proceeded to Vienna, and thence to Leipzig where they did research work at the University of Leipzig. At Ots,

## Willis G. Hewatt In Biology Dept.

### Resigns Fellowship to Accept Position in University.

Willis G. Hewatt, 1929 graduate of T. C. U. and Stanford University Ph.D. candidate, has been made assistant professor of biology in the science department.

Hewatt received his Bachelor of Science degree from T. C. U. in 1927, and his Master's in 1929. In the fall of 1929 he became a member of the faculty of Tyler Junior College in Tyler, Texas, and in 1931 he entered Hopkins Marine Station at Pacific Grove, Cal., which is a part of Stanford University. He has taught for the past five summers in the science department at North Texas Teachers' College in Denton.

Hewatt was granted a Royal Victor fellowship at Hopkins Marine Station for the 1933-34 session, but resigned the fellowship to accept the position in T. C. U. He will return next summer to complete his work on a Ph.D. degree.

## Fellowship Day At Church Sunday

Sunday will be "Student Fellowship" Sunday at the University Church. The "Student Fellowship" is an effort on the part of the church to get students who do not belong to the church here to take part in the services.

The home affiliation of the student will not be affected by being a member here, according to the Rev. Perry Gresham, pastor of the church. When the student has finished school his name will be automatically dropped from the church roll.

Special music will be rendered by Miss Agnes Burns and the choir, led by Prof. J. L. Whitman. Miss Beverly Vaughn, accompanied by Prof. J. W. Ridings, will play the prelude for the service. Members of the Young Men's Class will serve as usher. The Rev. Mr. Gresham has selected for his subject, "God in a Day's Activity."

At the evening service the Rev. Mr. Gresham will preach on "Building for Pharaoh."

### Prof. Ballard Given Honor By Institute

Prof. J. W. Ballard, head of the department of business administration, has been made a member of the American Institute of Accountants. Membership in the association, which is by invitation, is the highest honor which can be given an accountant.

There are only 2000 members of the association. Prof. Ballard received notice of his appointment to membership in August.

## Band Officers Will Be Elected Thursday

### Student Trips and Concerts Are Included in Plans for Season.

Honorary sweetheart and executive officers of the Horned Frog Band will be elected next Thursday at band practice, according to Prof. Claude Sammis, director. Tom Fleming, last year's president, will preside.

The election of officers will begin the year's activities for the band, according to Sammis.

Officers already appointed for this year are Don Gillis and Alto Tatum, assistant directors. Roy Bacus was made drum major last spring.

Among plans being made are probable concerts in neighboring towns, trips with the West Texas Chamber of Commerce, and trips with the student body.

A stage band is being planned and will entertain in chapel and sponsor various entertainments, according to Sammis. The German band will be reorganized if the students desire it.

## Men's Glee Club Meets Wednesday

### Activities to Include Christmas Program and Spring Tour.

The first rehearsal of the Men's Glee Club will be held Wednesday at 7 p. m. in the University Auditorium, according to David Scouler, director.

Tryouts for membership in the club began Tuesday, Sept. 26, and will continue through Wednesday, Oct. 4. All university men interested in singing are urged to see Scouler for tryouts. Twenty-five members of last year's organization have returned for membership in this year's club.

Activities of the club this year will include a Christmas program and a spring tour. Kansas City, Oklahoma City, Tulsa and several other points have already been booked for the tour.

## Upperclass Date For Photos Made

Upperclassmen may begin having their pictures made for the Horned Frog next Wednesday according to Roy Bacus, editor, who is completing the campaign for freshman pictures today.

Bacus stated that due to the smaller student body every freshman should have his picture made today or Monday so that the book will be 100 per cent representative.

Miss Bernice Armstrong, photographer, and Miss Louise Cozzens, reporter, were appointed to the staff last week. Miss Ruth Connor, and Horace McDowell were appointed to represent the freshman and sophomore classes on the staff.

Students who have cameras and desire to make pictures for the annual should place the snapshots in the Horned Frog box in the hall. Due to the desire of the staff to make the book 100 per cent representative, all snapshots will be gladly accepted.

## T.C.U. Woman's Club Plans New Program

### Student Organizations Will Be Honored at Three of Group's Meetings.

A new program is being planned this year by the T. C. U. Woman's Club, according to Mrs. Gayle Scott, president. In November the club will entertain the student body officers and the officers of the four classes with a Mexican dinner at the home of President E. M. Waits. The Scholarship Society and Amperand, an honor organization for senior women, will be guests of the club at a Valentine party at the home of Dean Colby D. Hall in February, and in April the club will honor the senior girls with a tea at the home of Mrs. R. A. Smith.

## Dean Announces Results of 1933 Pre-Junior Test

### Method of Grading Examination Papers Explained.

### 54 Take Honors

#### Names of Students in High-Ranking Group Are Divulged.

Results of last year's Pre-Junior Achievement Test, taken last May by members of this year's junior class in the form of a nationwide sophomore test, were announced this week by Dean Colby D. Hall.

In T. C. U., 130 students took the nationwide test, and the 65 making the highest scores on the test, except those whose T. C. U. grade index was below 1.50, were ranked as "honor candidates" for degrees. Eleven of the 65 highest had a T. C. U. index below 1.50; therefore the total number of honor candidate was 54.

All other students who took the test were ranked as "general candidates" for degrees. Of the 130 who took the test, 76 were placed in this ranking.

Ranking Is By Comparison. "The test papers were not 'graded,'" Dean Hall said, "as the questions were such that probably no human could have answered 100 per cent of them. Instead they were 'scored,' and the scores were distributed to see how each student ranked as compared with all the students."

In arriving at the scores for T. C. U. students, the students were ranked, according to their comparison with the others who took the test, in their T. C. U. grade index and in their total score on the nation-wide test. The two ranks were combined to give the students their ranking either as honor or as general candidates.

Differences Stated. Dean Hall said that the ranking of a student as honor candidate indicates that he is adjudged to have the tools, background and capacity requisite for doing scholarly work, and that he should prepare for professional or graduate work. Each department, he said, will provide special opportunities for honor candidates to develop initiative, research and special projects as they are able. "A general candidate," he said, "will meet the full requirements for a standard Bachelor's degree. He should aim for a general culture curriculum rather than for a scholarly or professional training."

According to the dean, a general candidate may choose, instead of a

Hidden Glory

In the gymnasium is a beautiful trophy case, housing the many cups and trophies won by T.C.U. athletes in the past. The senior class of last year—seeing the need for a better place to house the collection so that students and visitors who come to the campus might see it—purchased this beautiful and expensive display case.

The library committee, after some deliberation, decided that the spacious study room of the Mary Coats Burnett Library was too crowded to accommodate this addition to the campus. After a futile search for a suitable place, the committee of seniors placed the case in the dark corridor of the gymnasium, with a final word to the student body asking that they find a better place for the display.

Since the library is the one place on the campus which has beauty to match that of the trophy case, it seems that the committee should reconsider the request of the seniors and move the collection so that a great many more people will be able to see the trophies than would see them in the gym.

Success Conquers Prejudice

Another prejudice, one peculiar to the male sex alone on the campus and this section of the country, has fallen within the last two years. We refer to the complex that boys, in general, have toward music.

Music is the most masculine of the arts; all the greatest composers have been men, yet even today some people think one effeminate if he chooses music as a career. But from the way of the flower of T.C.U. physical manhood, the leading athletes of the campus, turned out for the glee club last year, one would think that virile masculinity was again asserting itself musically.

This change of attitude may be attributed to the success of the glee club as a touring organization. And, thanks to the work of David Scoular, director, and Patrick Henry, business manager, the club is going to do more than duplicate the success of last year.

Thanks For—

Congratulations to the Y. W. C. A., the Y. M. C. A. and the Student Council. The 1933 Freshman Prom was an all-round success. Decorations, music, lighting were well-planned and attractive. Especially effective was the co-operation of upperclassmen in getting freshmen co-eds and boys signed up for proms.

It is the accepted custom for the older girls to take part in the Big Friend-Little Friend movement, but it was observed with great delight this year that many an upperclass boy took a freshman "under his wing." The more this is done, the sooner the ideal of the Freshman Prom will be reached: A prom for all freshmen and for freshmen only.

Join a Club

The various clubs on the campus are organizing now for the year, planning programs and completing memberships. Most students are desirous of spending some time in association with their fellowstudents. The campus clubs are organized largely for this purpose, to bring the students together regularly for their own benefit and pleasure. There is a definite club for nearly every type of educational interest. They have benefited many in the past will continue to do so, with the co-operation of the student body.

Select the club that is most closely allied with your interests and join in the opening activities of the organization. In this way you will be serving a double purpose, helping both yourself and the club in which you are taking part.

The social life of the student is one of the most important factors in his or her education. Everyone in the University will of necessity be seeking diversion from his studies at regular intervals. The various departmental clubs meet this demand by offering entertainment of different types. For one thing, the clubs offer an opportunity for making new friends. This one factor alone can prove invaluable to the student. In addition to this there is contact with the members' favorite study in the form of programs and talks.

There's One in Every Class!

There is at least one in every class who keeps up with all the assignments. He is the one who believes everything the professor says, or at least pretends to believe all his pet theories. He always hands in his work on time. He will not consider the group decision of his class to prolong an assignment or paper, and if the prof absent-mindedly forgets to call for a day's work, he will bring the grave omission to the prof's attention. He is the one who will not "walk" when the prof fails to appear within the customary period made by general student ruling. And of course, he is never late to class.

Then there is the college hero or heroine who never does any work unless he is literally forced to exert a little effort. He is the one who cuts every class as many times as he can, who takes all the snap courses, and is a permanent hall loafer. He can tell you all the latest jokes, give you information about the best shows, and other news of a more social nature. He keeps up a more or less speaking acquaintanceship with the "A" or "B" students, who are supposed to return the favor by coaching him for exams.

There are numerous other less distinct types of students around the normal university. Those that should be at least mentioned are: the "A" student who claims he has not "cracked a book for the exams," and who has probably studied the greater part of the night; the student who belongs to all the clubs, is an officer of about half of them, and who never has time to do anything; and a large group who do not bother to enter into any of the school activities.

There is at least one in every class!

Amusement ABOUT TOWN

By ROY BACUS

Give Alice Brady a big hand... she's at the Worth today giving lessons in how to hold a flirting husband—successfully. The picture is "Broadway to Hollywood" and is leaving tonight... it's plenty good.

Two big thrillers break tomorrow... "The Avenger" comes to the Palace with Ralph Forbes and Adrienne Ames. You're right, Miss Ames is formerly of Fort Worth. The picture deals with high finance racketeers... and has its chilly moments.

The Hollywood brings tomorrow, "Penthouse" with Warner Baxter, Myrna Loy, Charles Butterworth, Mae Clarke, Phillip Holmes, George Stone, Henry Gordon and others. What a cast... and it's a gangster picture!

It's also a shiver tinker... And the Worth brings Crosby, Bing Crosby with "Too Much Harmony"... supported by such comedians as Jack Oakie, Skeets Gallagher, Lilyan Tashman and Harry Green, Judith Allen, and Ned Sparks. Boy, it must have taken a bank roll to pay that list of stars... and is Crosby popular... just ask someone the number of figures on his check. The picture deals with harmony—as expected—but just wait until you hear "The Old Oaken Bucket" in dance rhythm.

Coming Wednesday: At the Palace, Stuart Erwin and Dorothy Wilson in "Before Dawn." Oh, yes, Warner Oland also plays... and doesn't that make it a shiver picture. "One Man's Journey" is booked for Wednesday at the Worth and is a story of a country doctor. Lionel Barrymore plays the doctor and they say it's his greatest characterization... which means it's mighty good! By the way, if you're looking for a new girl friend go see "The Last Trail" at the Hollywood Wednesday with handsome George O'Brien in the lead. Claire Trevor is his new leading lady and she is plenty good looking...

Turkish tobacco is packed thousands of tiny leaves to the bale. It averages 400 leaves a pound.

Why—

Tobaccos grown in this country are "seasoned" with tobaccos from Turkey and Greece

THE ANSWER IS VERY SIMPLE:

TOBACCOS to taste right in a cigarette need to be flavored or seasoned just the same as you might season a steak or a pudding.

No tobaccos have ever been found that equal the spicy aromatic tobaccos of Turkey and Greece for this purpose. That's why we send 4000 miles for aromatic tobaccos from Sam-soun and Smyrna, Xanthi and Cavalla.

When blended and cross-blended in just the right amounts with Chesterfield's mild ripe Domestic tobacco, the result is a rich flavor and a fine fragrance.

Chesterfields are seasoned right—they taste right. May we suggest you try them.

### Talking in Library Will Be Correct Thing This Evening

By LOUISE CAUKER

There's one night in every year when talking in Mary Couts Burnett Library is the correct thing; that's when the murmur of many introductions and greetings rolls through the spacious building on the night of the President's Reception. This next event honoring the freshmen will take place this evening from 8 to 10 o'clock.

Members of the faculty and their wives will be in the receiving line, with the administration officers at the head. Assisting at the library doors will be Misses Lillian Hickman, Doris Jane White, Martha Laura Rowland and Virginia Oliver. Misses Nina Whittington, Lou Blumberg, Katherine Swiley, Clyde Johnson and Rita Mae Hall will serve punch.

### Relations Club Hears Hammond

"The disarmament conference was a failure," declared Dr. W. J. Hammond Wednesday evening before a meeting of the International Relations Club. "The only thing in sight now is another world catastrophe such as we had in 1914. The economic conference failed because nations of the world are preparing for war, and because Roosevelt made a sudden reversal of policy. The president had to surrender either his world program or the NRA, and he unhesitatingly chose to let the world program go."

At the first fall meeting of the International Relations in Brite College chapel, Dr. Hammond's speech was the main feature of the program which concluded with a round table discussion. Hammond further stated that Americans own 80 percent of Cuba today, giving that as one of the big reasons for the dissension in the island. Speaking of Germany he said, "She is undoubtedly nearer war now than she was a year ago. In war, Germany would probably cooperate with Russia, though at the present Russia is keeping a wary eye on strongly-armed Japan."

Four new members voted into the club at a business meeting held after the program were Lee Glasgow, Billy Allen, Jack Roe and Fred Cassidy. Johnny LeBus was voted in as an honorary member. Nat Wells, president, presided at the meeting. Plans were formed for a trip to Decatur Oct. 22, where an open forum program on disarmament will be held. About Nov. 11, Armistice Day, a similar program will be given in Alvarado.

Those eligible for membership are urged to attend the Sunday afternoon tea.

At a tea last Friday afternoon, old members discussed arrangements for the membership drive and made plans for the annual Outcast week-end camp which will be held Oct. 7-8 at Lake Worth. ## Frogs to Meet State Teachers On Denton Field

Schmidt Anticipating Hard Fight From Sisco Men.

### Eagles Beat S. M. U.

Christians Have Full Strength Except for Rex Clark, Backfield Ace.

By Charlie Casper.  
Coach Francis A. Schmidt and the Horned Frog grid squad will board a bus for Denton this afternoon, where they will meet the North Texas Teachers Eagles in their annual grid clash tonight on the Teachers home field.

Last week the Eagles handed S. M. U. a 7-to-0 licking over in Dallas and the Frog mentor is expecting anything but an easy game from them tonight. With the exception of Rex Clark, the Frogs will be at their full strength when the initial whistle blows for the kick-off.

After their victory over the Daniel Baker Hill Billies in Brownwood last Friday night, the Christians have put in a week of hard work in preparation for the Eagle tilt. Several members of the squad journeyed to Dallas Saturday and watched the Teachers in action. They have worked hard on the information gained from that experience. Pass defense and offense have been the topic of much discussion in the Frog camp this week. It was via the pass route that Denton scored on the Ponies.

**Eagles Have Triple Threat.**  
The Eagles possess a wonder passer in Vaughn, a veteran of two Eagle-Frog tilts. Vaughn is a triple-threat and made life miserable for the Schmidt men here last year. Coach Schmidt thinks the Eagle star is one of the best punters in the game. In the backfield the Denton crew boasts of such stars as Elders, speed merchant; Maggard, ramming fullback and punter; Kilpatrick, veteran back who is a hard-driving runner, and Vaughn. Their line is composed entirely of veterans who have played in one or more games against the Frogs.

Line Coach Raymond "Bear" Wolf will be unable to make the trip with his linemen, but he has spent the larger part of the week drilling them over and over in the things which he believes will work best against the Teachers' offense and defense. Coach Wolf will leave early Friday afternoon for New Orleans, where he will scout the Texas A. & M.-Tulane tilt.

Wolf journeyed to Arkansas last week to scout the Razorbacks and was forced to miss the tilt in Brownwood. The linemen work in earnest during the week with the line mentor and play with him as an inspiration on the day of a game, while he is off seeking information which will help the Frogs in their next contest.

**Lawrence Shifted to Wing.**  
Jimmy Lawrence has been shifted over to the wingback post to replace the injured Clark for the Denton tilt. Lawrence heretofore has been working on the tail-back and with the quarterbacks, and is fully able to replace Clark. With Wallace in the game, Lawrence can be shifted back to his old position but in case of an injury to Wallace the Rio Grande Valley flash will be called on. He is young in experience but the Purple mentor has all the confidence in the world in his coming through. In the games played he has looked better than good and has been showing plenty of fire and drive in practice.

**Starting Line-Up Mostly Seniors.**  
Practically the same eleven Frogs that started against Daniel Baker last week will take the field for the opening kick-off tonight. The Christian's starting line-up will probably consist of Captain Graves and Myers, ends; Godwin and Perkins, tackles; Taylor and Bassinger, guards; Floore, center, and Coleman, Casper, Kitchen and Wallace in the backfield, with Coleman barking signals. In the line, Hill, Groseclose, Brown, Langdon, Diggs, Kellow, Allison and Truelson are scheduled to get into the fray before many minutes have passed. Lawrence, Pulliam, Kline, Walker, Stanton, Harston and Manton will see plenty of action in the backfield.

Miss Helen Adams has returned from Kilgore, where she was called recently on account of the serious injury of her father in a car wreck. His condition is greatly improved.

## Burr-Head's SPORT GOSSIP

By CHARLIE CASPER

Can "Sweetie" Walker scat when he gets that ole pigskin under his arm, or not? The gossip says he can. Last Friday night out in Brownwood, Walker made the fans forget for awhile that Cy Leland ever played football, when he swirled, circled and zig-zagged his way some 200 yards through Frogs and Hill Billies for a touch. I, as the present owner of the number "5" jersey, relinquish all claims to it and turn such over to one Flash Walker.

Wallace Myers plans to have his homecoming in Denton Friday night when the Frogs and Eagles meet in their annual grid classic. It seems that Myers' "better half" is a student up at N.T.S.T.C. and she is prepared for his arrival there Friday night. Captain Jack Graves is also included in the arrangements. Incidentally, Graves has been more than fortunate in meeting these football sweethearts at Austin College and Daniel Baker, in their miniature kickoff just before game time. Jack goes up and makes a little bow to the skirted gridster and then comes back to tell the members of his own ball club that she wanted to meet the boy with the platinum hair after the game. Jack Langdon swears that one of them asked him to go on a picnic with her after the game was over.

Welcome back to Frogland, Johnny LeBus. Few of you students remember a little blackheaded yell leader, here in 1930, who was elected to the head yell leaders' position the following year and was unable to return to school the following year. Johnny is going to help Tom Pickett this year and I'm telling you people who don't know little John that he's hotter than a fire cracker lit on both ends, when it comes to leading yells. Had a telegram from Johnny's big boss, Curtis McHorse, while we were over in Brownwood last week and it made me mind wander back to the good ole days when Mac and John were after me from daylight 'til dark trying to get me to clean their room—just once.

Penalties were a pain in the neck to the Frogs Friday night in their tilt with the Hill Billies. More than once the Christians were caught holding, clipping and jumping off sides. It is best, according to Ab Curtis, for these penalties to come now rather than later when conference play opens. Right now the Frogs are being watched more closely than the weaker teams and that is one reason, I reckon, they are losing more yardage via the penalty route.

Well, we journey over to Denton tonight to take on the boys who swamped S. M. U. last week. Coaches Schmidt and Wolf know the Eagles are strong and will be a hard club to beat in Denton, but they haven't tossed their hopes into the air and given up yet. Instead, they have worked even harder this week ironing out the wrinkles. Let's all pull out for Denton tonight and help those Frogs along. Remember that you are the 12th member of that ball club and your part is essential at all times.

Well I see that Dan Harston is giving lessons on how to pass and punt in the auditorium at night now. Tuesday night he was teaching Dutch Myers' little nephew, L. D., how to throw those bullet aeriels and how to kick a left footed spiral. He had an audience too, Clyde Johnson and Helen Simms were sitting there looking on as if they knew the score and all that. I only happened along after the lights went out, but that's what Dan said he was doing. So you see I only know what I see, hear and read.

### 5 Are Out for Cross Country

Coach Poss Clark has issued equipment to the following men for cross country; Robert Chappel, Bill Anderson, Jinks Powell, Tony Vargas and Paul Ornelas.

The conference meet will be held at Houston this year. The schedule, other than the conference meet, has not been announced.

Clark says that all track men who want to get in shape for the regular track season should report for cross country.

## Frogs Scored On For First Time

Hill Billies Cross Goal as Christians Win 28-to-6.

The Daniel Baker Hill Billies were the victims of a 28-to-6 plastering at the hands of the Horned Frog gridsters in Brownwood Friday night, in what proved to be an exciting ball game from start to finish.

The Brownwood eleven scored on the Frogs early in the second half, which was the initial marker record against the Christians this season and the third touchdown scored against them in the past two years.

A brilliant 65-yard dash for a touchdown by Flash Walker was the highlight of the contest. The Purple and White eleven failed to click at the beginning of the contest, but as the game aged the story changed. Twice during the first period the Frogs journeyed up the field into scoring territory but each time they were sent back and forced the Purple signal barker to call for a punt. Many yards were lost due to penalties.

Entering into the second period of play, the Frogs played a different brand of football and when the gun sounded for the rest between halves, 21 pointers had been checked up in favor of the Christians.

**Walker Makes 65-Yard Run.**  
Flash Walker opened the second half by bringing the fans to their feet with a return of a punt for 65 yards and another score. Walker fumbled the ball, picked it up and zig-zagged his way through the would-be tacklers for the initial marker of the second half. He was stopped by effective blocking all the way.

A few minutes after Walker had made his dazzling run, the Hill Billies scored their lone marker on a fluke pass over center. Several plays before the Brownwooders were caught from behind on a similar play but the next time they caught the Christians napping and scampered over for a score untouched.

Rex Clark, who played bang-up ball throughout, had to be removed from the game early in the second half with a badly crushed ankle. Clark will more than likely watch

## Play Try-Outs Are Held

Frosh and Soph Groups Selected for Annual Contest.

Try-outs for the annual freshman-sophomore play contest were held Wednesday evening in room 304 of the Administration Building.

The cast for "The Wonder Hat," freshman play, will be chosen from the following: Frank Aguirre, Sonia Gilula, Mildred Rice, Mary Agnes Rowland, Mary Corzine, and Waller Moody. The sophomores have not selected a play, but the cast will be picked from Virginia Morris, Elmer Seybold, Mary Elizabeth Gregory, Mary Ellen Davis, Mary Lillian Hickman, Mary Montgreve, and George Cherrymones.

Miss Bernice Armstrong is director of the freshman play, and Sid Lightfoot is directing the sophomores. The contest will be given Oct. 17, and a silver loving cup will go to the winner.

The members of the casts of both plays will become members of the dramatic club, according to Clarence Crotty, president.

Students wishing to join the T. C. U. Dramatic Club should meet next Friday evening at 7:30 o'clock in Room 304 of the Administration Building for tryouts, Clarence Crotty, president of the club has announced.

Students wishing to join the club should meet in Room 304 at 1 o'clock today to decide upon the scenes that will serve as tryouts. Directors will be appointed for each scene, and students will be admitted for directorial merit as well as for acting ability, Crotty stated.

The Frogs play this week-end from the sidelines, as the wounded ankle has failed to respond to treatments. Jewell Wallace was also injured in the fray but will be ready by Friday night. Wallace received a blow on the head early in the game.

The line proved to be more than airtight throughout the contest. Bud Taylor, Lee Bassinger, Lynn Brown, Tiny Godwin, Cy Perkins, Speedy Allison, Paul Hill and Tracy Kellow looked good on offense as well as defense. Jack Langdon, Jack Graves, Wallace Myers, Melvin Diggs, and Jimmie Jacks displayed flashy work on the wings. Joe Coleman, proved to be another Tiner at kicking goals, when he made all his tries good. Johnny Kitchen, Dan Harston, Dutch Kline and Coleman all looked good running with the ball. Harston was getting good distances on his punts and Kitchen was passing with accuracy.

Meyer, Waco, and Tom Payner, Tom Adams and Walter Roach, Fort Worth Guards, Louis Savage, Tioga; Clinton Bradshaw, Dalton Stollard, Walter Fridmore and Crasky Markowitz, Fort Worth; Otic Grant, Hamilton; Gail Walley, Granbury, and Drew Ellis.

## Scoring Race Led By Bohn Hilliard

Bohn Hilliard, Texas University's scoring ace of last season, got off to a great start in the scoring race Saturday when he scored three markers and one extra point against the Southwestern Pirates.

Red Oliver, former Frog star, gave the Longhorn ace a close battle for conference honors last season but was noosed out by two points at the close of the season.

Two Frogs are listed in the first division of the race. The leading scorers of the Southwest to date follow:

Hilliard (Texas)	19
Couser (A&M)	18
Casper (T.C.U.)	18
Kitchen (T.C.U.)	12

Irving Kershman, pre-medic student for the last two years, is attending the University of Texas.

## Evans With Green Bay Packers

Lon Evans, former all-conference Frog football star, is playing a regular guard position with the Green Bay Packers, a professional grid team, this year. In a recent tilt the former Frog star started the contest and was a shining light throughout the game.

Miss May Belle Horsley, transfer student from North Texas Agricultural College, went to Arlington Thursday night of last week to attend a reception for new students at N. T. A. C.

## Sport Managers to be Chosen

Boys who desire to become intramural sports managers are asked to report next week to W. S. Knox, director of intramural athletics. Knox says that the sports will get under way as soon as the managers are selected.
