Gypsy Customs Central Theme Of Gay Pageant

Misses Roberson, McDaniel Have Leading Roles.

Many Dances, Songs

Story Written by Members of Pageantry Class Under Direction of Mrs. Murphy.

The Mother's Day pageant, "Hungarian Festival," May 11 in the football stadium has been written by the pageantry class consisting of Misses Willie C. Austin, Elberta Peach, Lucille Shear, Ruth Campbell, Mary Elizabeth Roark and Mildred Mattison.

The first scene is the gathering of the Hungarian peasants to celebrate the harvest festival. The daughter of the "Land Owner," taken by Miss Mary Ellen McDaniel, arrives to be the honored guest of the occasion.

As the gypsies dance and mingle among the Hungarians one of the group, Miss Judy Roberson, tries to draw the vagabond into the group and succeeds to the extent of having him sing to her.

The gaily is broken up by the town crier announcing it is time for the festival to end for the night.

The second scene is the return of the fortune tellers to their camp where songs and dances continue into the night. The Hungarian vagabond, George Beavers, follows to watch the gypsy princess who has won his favor.

The third scene opens with the gypsy camp in confusion as they learn that the gypsy princess is missing.

The village responds with many gifts but not enough to please the gypsies. At last when they fail to meet the greedy demands of the gypsies the princess is brought out and the Hungarian singer removes her head bandana, disclosing that she is a blond Hungarian and not a gypsy.

The scene ends with all happily singing "Slumber on My Little Gypsy Sweetheart," to the happiness of the wedded pair.

Elliott Phares Safe in Hands Of Fellow Frosh

"The freshman banquet" will be held tonight as scheduled and the president will be there, too," said Lawrence King, who is in charge of arrangements of the affair tonight at the Hotel Texas.

Reports from the sophomore camp showed that the second year men had different views on the subject. They plan to picket the hotel and nab the freshman prexy, Elliott Phares, who is now in the hands of fellow freshmen, when the red-headed president attempts to enter the hotel tonight.

Meanwhile, more complications have set in. Dan Gould, who was to have been toastmaster at tonight's affair, has been spirited away by the sophs, who are trying to effect a trade—Gould for Phares. The frosh have elected a new toastmaster, but, for obvious reasons, won't divulge his name.

In spite of their trouble with the freshman, the sophomores are going ahead with plans for their annual banquet, which will be held tomorrow night at the Blackstone Hotel.

The fourth part will be informal, consisting of one or two skits and several popular and novelty numbers by the band.

Ticket sales for the program were begun this morning by members of the Music Club. Admission will be 15 cents a person and 25 cents a couple.

Our Own Hero, Hap Allen, Gets Page One Reward

"I still don't know whether or not to believe it. All I know is what I've seen in the papers." This was the reply of Weldon Allen when asked how it felt to be the winner of the bronze medal of the Carnegie Hero Fund Commission.

Word of the awarding of the medal was received Wednesday through an Associated Press dispatch from Pittsburgh. Allen had not received an official notice of the award at noon yesterday.

The occasion for the award was Allen's daring rescue on Jan. 31, 1934, of Mrs. E. P. Williams, 66, from the second floor of a burning house at 2624 Rogers. Mrs. Williams died several hours later.

Allen's award was one of 18 made by the commission. One other award was made in Texas. In reviewing the incident, Allen said he was crossing the street at the corner of Caney Street and University Drive when he heard the explosion and ran to the scene, about two blocks away, where flames were just beginning to emanate from the second floor of the house.

Hearing the woman's screams coming from the second floor, Allen, with the assistance of a bystander, tore off a section of the cornice of the roof, which had been partially blown off by the explosion. They leaned the cornice against the side of the house as a ladder. Allen climbed to a window above and, tearing the screen from the window, entered the burning house.

He found Mrs. Williams lying in a bath tub, where she had been blown by the explosion. Lifting her out of the tub, he carried her through the blazing house and down a rear stairway to safety.

Mrs. C. H. Booth, owner of the house, was a second victim to die of burns received in the explosion.

"Yes Men"—May Their Tribe Decrease

Since the beginning of time there have been people in the world who were not cognizant that their particular language—whether it were Spanish, Italian, French or English—was equipped with a negative. Wherever there have been leaders and wherever there has been power, this class has been in evidence. Had the word "yes" been removed from their languages the members of the group would have been speechless, because they were the forerunners of the present-day "yes men."

Julius Caesar was, throughout his illustrious career, surrounded by a group of puppets who could be counted upon at all times to concur with any opinion the ruler might utter. The members of this little group—this inner circle—were called by fellow Romans the "friends of Caesar." Nothing was too good for the "friends," because even the "noblest Roman of them all" wasn't immune to flattery.

When Queen Elizabeth ruled England she, too, was surrounded by a group whose raison d'etre was to flatter. They were called "courtiers," and they indorsed the queen's every policy. They were never too busy to give the queen their advice—if concurrence can be called advice. Their "yesses" were to the courtiers what "open sesame" was to Ali Babu.

But this is not information to be found only in the first chapters of the history book. You'll find it in the last chapters, too. The "friends of Caesar" and the "courtiers" are just as much in evidence today as they ever were. Today they are referred to as "yes men," but you can't mistake them. Their stock in trade differs little from former times.

National, state and local politics know them and so does virtually every business in America. The nation's capitol is full of these puppets at the present time—men living off the fruits of political patronage and who make little effort to show any sort of initiative.

Like Caesar and like good Queen Beas, modern business men are not immune to flattery. It inflates their ego to find that there are others who think as they do and, for this reason, it is quite easy for employes to do genuflection to the potentates to gain favor.

It is usually easier to agree with what has been suggested than to propose something constructive. Employers don't want echoes from their employes—they want thought. They want their employes to express opinions of their own.

Seniors making their exodus this year should keep this foremost in their minds when they enter the business world. Make use of what you have learned in college. Think carefully, then express your opinions. Even if you are wrong—and you will be many times—you'll show your employer that you are thinking. He will have infinitely more respect for you than he does for any "yes men" in his employ.

Paging The Cumtux! Issue Long Overdue.

Where is the Cumtux? Is it really going to be issued before school is out? What's the delay? Many of you have heard and perhaps answered these very questions. Most of us who have attempted the answering have done so in an apologetic tone.

The Skiff has carried numerous and regular news stories and announcements given out by Cumtux staff members from time to time. The first announcement, several months old now, said that the T. C. U. student body would scan the pages of a literary quarterly by the middle of March. Came the middle of March, but no Cumtux. Instead came the note that the journal was soon to be issued, for all copy was in the hands of the printers, awaiting publication. But it seems as though the presses ceased to roll, for the first of May still finds us without the Cumtux.

It is indeed unfortunate that this splendid literary attempt should meet with such adversities as have arisen in "getting out" the initial edition. Any journalistic endeavor is a difficult task, especially so with a limited field and staff. Inspirations come, yet many never materialize, therefore their publication is not forthcoming.

A glance at the members of the staff proves to us, however, that whether the Cumtux be early or late, it is sure to be worthwhile and worth waiting for.

UNDER A STRAIN?... GET A LIFT WITH A CAMEL!

FREDERICK HEATH—MEDICAL. Heath says: "I'm in first year of medical school now, with the idea of specializing in neuro-surgery. Anatomy 'lab' takes three afternoons a week. Tuesdays and Thursdays—embryology. I spend three mornings a week on bio-chemistry, three on physiology 'lab' and lectures. And I have to face an exam in about one subject per week. I relieve the strain by smoking Camels. I prefer Camels, because when I'm feeling tired or distracted they unlock my supply of energy—soon refresh me. Camels are extremely mild. Not just mild-tasting, but really mild. They never tire my taste or get on my nerves. Camels taste so good 'I'd walk a mile for a Camel!'"

SOCIAL LEADER. "The minute I begin to feel tired, I stop and smoke a Camel," says Mrs. Ludlow Whitaker Stevens, of New York. "Fatigue disappears. It's remarkable the way Camels renew your energy."

STAR PITCHER. "I like Camels, and I've found that after a hard game a Camel helps me to get back my energy," says Carl Hubbell, star pitcher of the N. Y. Giants. "Camels are so mild they never ruffle my nerves."

Banquets Are Order of Day For Freshmen, Sophomores

BY ROSEMARY COLLYER.

Banquets seem to be the order of the day, what with the freshman banquet, which is to be given at 7:30 o'clock tonight in the Colonial Room of the Texas Hotel, and the sophomore banquet at 7:30 o'clock tomorrow night in the Venetian Ballroom of the Blackstone Hotel.

Something new and different will be offered at the freshman banquet in the way of table arrangements. They will have quartet tables instead of the conventional long table used at most affairs of this kind. Arrangements for the affair are in charge of Miss Sara King, Lawrence King, and Grover C. Lee. Dan Gould will be toastmaster.

Dancing will begin as soon as the banquet is over. Roy Smith and His Jockeys will furnish the music. It looks as though a very pleasant evening is in store for the frosh who have the dinner.

The sophomore banquet will feature unique entertainment in the form of amateur acts, and the participants will be called upon without any warning whatsoever. So be prepared! Miss Helen Miellmier will play an accordion solo, and a clarinet trio composed of Walker Petta, David Hickey and Weldon Allen will also play.

George Wilhelm, president of the class, will act as toastmaster. Toasts will be given by Miss Nancy Lee McConnell, Olin Jones and Ed Pritchard. There will be no speeches, according to the president.

When the banquet is over, dancing will be offered in our own Gym, where the Student Council is sponsoring the dance this week-end. Remember that the sophomore banquet is "Dutch." There is, therefore, no reason on earth why every sophomore on the campus shouldn't be there.

The decorations have not been definitely decided upon as yet but you may rest assured that they will be lovely. (I have no idea how the treasury of either class is.) Ahem! Let nothing short of a broken leg keep you away from your class banquet. If it does, then you just don't have the proper class "Spirk." And with this parting, and somewhat feeble, shot, I take my leave of you gentle reader. Adieu.

W. A. A. Re-elects Willie C. Austin

Miss Willie C. Austin was re-elected president of the Women's Athletic Association at a meeting Saturday afternoon at the club's week-end camp at Lake Worth.

Swimming, boating, dancing and general camping were enjoyed by the members at the camp. Misses Dorothy Luyster, Sarah Jane Hurley, Wynelle Moxley, Florence Fallis and Elberta Peach prepared the meals for the group.

Members who attended the camp are: Misses Lucille Shear, Jean Fallis, Gay Goldthwaite, Virginia Schell, Isabel Ackerman, Kathryn Swiley, Ruth Daggett, Eda Mae Tedford, Margaret, Combest, Ruth Campbell, Elizabeth Hudson, Mary Frances Hutton, Clemence Clark, Ruth Duncan, Marie Casstevens, Elizabeth Huster, Mary Warren, Ellen May Bailey, Margaret Grant, Harriett Reed, Marguerite Rice, Alma Morris, Anna Louise Garrison, Ann Stuckert, Mable Jo Archer, Elizabeth Hendricks, Dorothy Candlin, Wilma Goodman, Luyster, Hurley, Moxley, Fallas, Peach, Austin, Umbenhour, Mary Ellen McDaniels, and Jo Ann Montgomery and Mrs. Helen Walker Murphy.

"T" Men and Dates To Glen Rose

Frogs, Farmers To Open Series This Afternoon

Second Place at Stake, as 2 Teams Prepare for Games.

Lester May Start

Jake Mooty to Pitch for Aggies in Opener Today in Aggeland.

By PAUL DONOVAN

With second place in the conference race at stake the Horned Frog nine will meet the Texas Aggies in a two-game series today and tomorrow in College Station.

Coach Bear Wolf and a squad of 13 players left early this morning for Aggeland. They will arrive shortly before game time and will remain in Bryan tonight. It will be the final road trip of the season for the Frogs. They will end their conference schedule next week on their own diamond, playing hosts to the Baylor Bears.

The Frogs are now in possession of second place in the standings, but are only one game ahead of the Aggies. It will be necessary for the Cadets to sweep the series if they expect to go ahead of the Purple. The defending conference champions lost ground in the race last week when they split a series with Baylor. They will be out to make up for this when they meet the Frogs today and tomorrow.

Coach Wolf's choice for a starting pitcher today is uncertain, but it is likely that Darrell Lester will get the call. The big right hander was wild last week against Texas and lasted only five innings, but he has shown enough improvement this week to warrant starting him against the Cadets. Boaz Hoskins, who beat the Aggies earlier in the year, will probably work the Saturday game. Capt. Jimmy Jacks will be used for mound duty if needed. Jake Mooty will hurl for the Cadets today in the opener.

There will be no changes in the Purple line-up for the Aggie series. Dan Harston, Vic Montgomery and Frank Lozo will hold down the outfield berths. In the infield Capt. Jacks, L. D. Meyer, Taldon Manton and Sam Baugh will be at their regular positions. Jimmy Lawrence will do the catching in both games. Willid Walls is likely to see service in the outfield in one of the games.

Pig Stand

Donovan's DOPE

By PAUL DONOVAN.

For the third time in three years there will be a new baseball champion in the Southwest Conference. In 1933 T. C. U. won the flag, last year the honors went to A. & M. and this year the Texas Longhorns will be crowned unless they lose two of their remaining games, which isn't likely. Baylor remains the only team in the loop that has not had a taste of the championship in recent years.

Interest has been revived in the game because the teams have been more evenly matched. Texas nines formerly won the championship with such regularity that there was not much race to it. Now it is a different story; the other schools are putting better teams on the field and keeping the race close and exciting. Next year Rice is expected to re-enter the baseball field and S. M. U. may follow suit.

Even though the Horned Frogs did lose out to Texas this year, they still have as good a team as the winners. At times they played championship ball, but they were not consistent enough to win out in the crucial games. In one game the pitching would fall down, in another the hitters would fail to hit. When working together the Frogs could beat anybody in the conference.

Several of the Frogs are strong contenders for positions on the all-conference nine which will be picked at the close of the season. Dan Harston, stellar left fielder, is one who can not be overlooked when the selections are being made. The left hander at present is batting over .400 and has played a consistently strong defensive game all year in spite of an injured arm.

Capt. Jimmy Jacks is one of the best first basemen in the loop, and also one of the hardest hitters on any team. The fact that he has pitched a number of games may keep him off the all-star team.

Sam Baugh is the other Frog who is likely to win a berth on the mythical nine. In his first year of conference play Baugh has won the praise of all who have watched him play. Both his hitting and fielding have attracted the attention of major league scouts who rate him a baseball "natural."

While the Frogs have not fared so well this spring in any of the various sports, the Southwest Conference has been heard from. Last week in the Drake Relays held in Des Moines two first places went to entrants from this conference. In the half-mile relay the Texas Longhorn team led the field to the tape in the record breaking time of 1 minute and 26.2 seconds. J. C. Petty of Rice was the other winner, taking first place in the discus throw.

A feat performed by one Frog athlete recently has not received the acclaim it deserved. That was the hole in one made by Jimmy Walkup in a golf match with S. M. U. The match was played in Dallas and Walkup was pitted against the No. 1 player of the Mustang team. The ace enabled the Frog captain to win over his rival in a close match. This was the first hole in one ever made in a conference match.

T. C. U. has entered a new field of sport new. They have entered a team in the Major City softball league. The team is managed by Don Smith and boasts such stars as Dutch Meyer, Poss Clark, Judy Truelson, Walter Roach, Joe Coleman, Drew Ellis, Byrum Saam and others. Games are played every Tuesday and Friday evening in Forest Park, but don't ask where the team stands in the league.

Miss Joy Michie visited her grandmother in Dallas last week-end.

Miss Nina Whittington was the week-end guest of Dallas relatives.

Christians Drop 2 Tilts to Texas

Defeats Virtually Eliminate Horned Frogs From Race.

By dropping both games of the series to the Texas Longhorns last weekend the Horned Frogs were virtually eliminated from the conference race. The first contest went to the Steers by a 9-10-1 score while the second ended 10 to 5 in favor of the Orange. The two victories put the Texans three full games ahead of the Purple with only four games remaining on the schedule.

In the series opener Capt. Jimmy Jacks opposed Norman Branch on the mound. The game was played on a muddy diamond and was slow all the way. The big Texas pitching ace held the Frogs to six hits while his mates were collecting 17 safeties. Both teams played errorless ball.

The Steers took the lead in the first inning when Sands scored on a sacrifice fly. A single and a double added another in the second. The Frogs' only score came in the third on Harston's double and Meyer's single.

Going into the seventh the count was 3 to 1 for the Longhorns. At this stage of the game the Steer hitters began connecting consistently. Three runs in the seventh and three more in the eighth ran the winners' total to nine and brought the game to a close.

In the second game the Steers lost no time in jumping on Darrell Lester, the Frog pitcher. Three singles coupled with three walks gave the Orange and White five runs in the first frame. Lester's wildness kept him in trouble all the time he was in the game. He went out in the fifth in favor of Hoskins, who finished up by allowing one earned run.

The Wolfmen got off to an early lead in the first inning when a walk to Jacks and singles by Manton and Baugh produced one run. Then the Steers took command in their half and held the lead the rest of the game.

In the third the Purple pushed across three more tallies. Manton walked to start the rally. Jacks followed with a double. Meyer was safe and Manton scored on Graham's error. Baugh singled and Lozo dou-

Sophs Win Intramural Baseball Championship

Group Defeats Juniors 16 to 4; Losers Finish Race in Cellar.

The Sophomores were crowned winners of the intramural baseball tournament last week by virtue of their defeat of the Juniors by a score of 16 to 4 in the final game of the season.

led in succession to score Jacks and Meyer. The Longhorns pushed steadily ahead after the fourth inning and soon held a comfortable lead. Sands and Midkiff hit home runs to aid in the Steers' scoring.

For the Frogs Harston and Baugh led the offensive with three hits each. Lozo hit safely twice. Both teams collected 12 hits during the fray. Four errors were charged to the Steers, one to the Frogs.

Netmen Defeated By S. M. U. Team

Frogs Win Love Series at Expense of Baylor Bears.

T. C. U.'s tennis team ended its conference schedule Tuesday afternoon at Dallas when they dropped six matches to the S. M. U. net men. The Frogs fared a little better last Saturday afternoon while playing hosts to the Baylor Bears. The Waco racketeers lost all six matches.

Judy Truelson and Deeley, No. 1 men of both teams, played the feature match of the afternoon. Truelson won the last two sets 7-5, 7-5, after losing a first set marathon 10-12.

There is still one major event of the conference tennis season. The Southwestern Conference Tennis Tournament will begin in Austin Wednesday. All five members of the varsity squad—Judy Truelson, Mark Hart, Don McLeland, Ronald Wheeler and Atys Gardner will probably enter the tournament.

LIGGETT AND MYERS TOBACCO COMPANY

A man who visited a Chesterfield factory recently, said: "Now that I have seen Chesterfields made, I understand better than ever why people say Chesterfields are milder and have a better taste."

If you too could visit our factories you could see the clean, airy surroundings; the employees in their spotless uniforms, and the modern cigarette making machinery.

You could notice how carefully each Chesterfield cigarette is inspected and see also how Chesterfields are practically untouched by human hands.

Whenever you happen to be in Richmond, Va. Durham, N. C., or San Francisco, California, we invite you to stop at the Liggett & Myers plants and see how Chesterfields are made.
