Sammis Has Antique Violins From Austria, France, Italy

Two thousand million tones, twenty-two hundred dollars, five hundred and fifty years and four countries—France, Italy, Austria and the United States—are all represented in three violins owned by Professor Claude Sammis.

Individually, the violins weigh no more than eight and one-half ounces, and support by a marvelous adjustment of their parts, by which a resistance and elasticity of structure are held in perfect equilibrium, a tension, longitudinally of about 88 lbs., and a pressure vertically, of 26 lbs., a total of over 100 lbs. on the chest of each.

For convenience in discussing their different features let us call them Nos. 1, 2 and 3. No. 1 violin was presented to Sammis by J. H. Stamps, famous violin maker of Fort Worth, last September. Mr. Stamps made it out of wood more than one hundred and fifty years old, imported from Austria. It is finished in a dark brown color and the chin rest is made from an impression of Prof. Sammis' chin so that it will fit when he plays. It also has a thumb print of Mr.

Decision Pastor's Topic Prof. Fallis Will Be in Charge of Vesper Services.

The Rev. Perry Gresham will speak on "The Church's Hour of Decision" Sunday morning. Vesper services will be at 5 o'clock with Prof. Law D. Fallis in charge. The Rev. Mr. Gresham will speak on "Religious Reflection" at this service. He has announced that he will give a series of lectures during November. The first will be an Armistice Day sermon, "Peace or Chaos." The second will be "Vital Function or Artificial Stimulation."

Magazines and Books Are Given to Library

Roy Lovelass, student in the University, has given the library a year's file of the magazine Fortune. The Brookings Institute of Washington, D. C., has donated about seventy books, a number of which give histories of departments and bureaus of the government. Bureaus of Engineering, Census, Weather, Biological Survey, National Park Service, Education, Naturalization, and Chemistry and Soil are some included in the number.

What Students Think of Social Calendar Ruling

Following are the reactions given by a number of students in answer to the question "What do you think of the present policy of limiting social activities of campus organizations to Friday and Saturday nights?"

Melvin Diggs, president of the student body — "As I recall the discussion on the question held last spring, my objection to the new system at the time was that it placed a burden on the Saturday classes, because nearly all social activities of student groups would have to be scheduled on Friday night."

4th Centennial Bible Printing To Be Observed

Historical Exhibit in Library Will Mark Celebration.

Program to Be Held Faculty Members to Speak in Chapel on Translation of English Bible.

Two chapel programs and a comprehensive historical exhibit, to be set up in the library, will be the chief features of T. C. U.'s observance of the fourth centennial of the printing of the Bible in English. Announcement of the program for the observance was made this week through Dr. W. C. Morro, chairman of the committee in charge, appointed by President E. M. Waits.

Next Wednesday Dr. Morro will speak in chapel on "The Story of the Translation of the Bible." The following week Dr. M. D. Clubb will speak in chapel on "The Influence of the English Bible on English Literature."

The library exhibit, details of which will be announced later, will be set up in the alcove of the main reading room. The committee in charge of arrangements is composed of Mrs. Granville Walker, chairman, Mrs. J. E. Mothershead and Prof. S. P. Ziegler.

50 Exes to Aid In Homecoming

Leavell Names Representatives in Texas Cities.

Dave Leavell, president of the T. C. U. Alumni and Ex-students' Association, reports that he will name approximately 50 representatives in various cities in Texas where exes are living to serve as an intermediary in connection with the homecoming program to be held Nov. 29-30. "We are expecting the exes back in droves for the S.M.U.-T.C.U. football game and the Homecoming program," Leavell said.

New Orleans Trip Given Up by Band

The Texas Christian University Band has given up plans for a trip to New Orleans this week in order to insure a better chance of a trip to California. The band this week will confine its activities to regular rehearsals. Don Gillis, director, reports that several symphonic numbers are being practiced for a concert series next spring. Plans to clean and remodel the bandhouse were also announced. This is another part of Gillis' "new deal" which has already brought two new features to the band, complete memorization of all pieces for football game and 30-minute practice periods for bandmen.

Hutton Attends Convention

Registrar S. W. Hutton attended the one-day district convention of the Christian Churches in Dallas Tuesday.

847 Students Spend More Than Half a Million Bucks a Year

Who said the students of Texas Christian University don't spend money? In a survey on student expenditures just finished by the class in "Advertising Principles" in the journalism department, the result reveals that the 847 students in the University spend an average of \$688 per school year—a total of \$580,695. Think of it—more than half a million bucks a year.

The men average \$565 total expenditure, while the girls' expense account shows an average of \$836.65. This includes for the dormitory student his, or her, entire expense, tuition, room and board, clothes, school supplies, incidentals and everything. For the town student everything with the exception of room and board. The boys on an average usually earn half of their expenses, while the girls earn approximately one-eighth.

Although the number of men in the University is almost 100 more than the number of women, they spend only one-seventh as much for suits as the girls do for dresses. "The girls' hat account is greater than the men's suit bill." Other interesting comparisons reveal that the girls spend three times as much for shoes, five times as much for hats 12 times as much for gloves, and so on. The men hold the top in the purchase of food other than regular meals, with \$18,651.60 as compared with \$3,790.08 for the girls. For picture shows the students spend \$21,387.24 a year with the men spending more than \$16,000 of this amount. Two hundred and twenty-nine student drive cars to school. Of this number 68 are girls. One hundred and eighty ride the bus. Sixty per cent of the students smoke. Of a total of 468 students who smoke, 131 are girls.

Leaders Are Divided On Calendar Ruling

Resolution Was Passed by Student Council, Social Committee in March.

Members of the student body, the Student Council and the faculty presented various views this week on the social calendar ruling which permits campus organizations to hold social activities only on Friday and Saturday nights. The ruling was attacked in an editorial in last week's issue of The Skiff. Some of the students were in favor of the system as it stands at present. Others believed that some compromise should be made in order to remedy the problem of conflicting social functions of different organizations on the same night. Most of the student leaders agreed that some change should be made over last year's policy of allowing the organizations to have social functions as often and whenever they pleased. They were of the opinion, however, that the present system is too strict.

Radio Series Started

The first of a series of alumni radio programs over station WBAP was given last night. Dean Colby D. Hall spoke. Dean Hall will also speak at 4 p. m. Sunday over KTAT in connection with the Homecoming. The regular T. C. U. half-hour program will be turned over to the alumni Sunday.

Miss Clark Heads Girls' Glee Club

Miss Virginia Clark was elected president of the Girls' Glee Club at a meeting Tuesday. Miss Mary Frances Hutton was elected vice-president and Miss Louise Roper, secretary and publicity director. A social committee for the year was appointed, consisting of Miss Hutton, chairman, Miss Winnadel Rowland and Miss Flo Flore.

Who Wants to Go to Austin — Free?

Some student is going to attend the T. C. U.-Texas football game in Austin next week at the expense of The Skiff. That student is the one who makes the greatest number of points (under the rules published in The Skiff of Oct. 11) by turning in his or her sales slips from Skiff advertisers. These slips may be turned in until noon Wednesday at The Skiff office: the journalism office; or to Paul Ridings, Raymond Michero or Prof. J. Willard Ridings, who are the judges in the contest; Bill Crutchfield is in the lead at present with 6237 points, but it is by no means impossible to overtake him. For example, each student who rode the special train to Waco deserves 200 points in the contest. The purchase of a new suit, or a new overcoat, or a new dress might easily put you out in front. Crutchfield's score is given in detail herewith, that you may see how just a few purchases count up in points:

ALL-STUDENT DANCE TONIGHT

There will be an all-student dance from 9 until 12 o'clock tonight in the Basketball Gymnasium. The Dictators will play. Dormitory girls will be permitted to stay out until 12 o'clock, Mrs. Beckham said.

Preliminary Vote For Frog Revue To Be Wednesday

Presentation Will Be Held Second Week in December.

To Announce Dates Students to Poll for Only 4 Girls of Their Own Class in First Balloting.

The preliminary vote to determine the four girls from each class who will be presented in the Greater 1936 Horned Frog Revue will be cast Wednesday morning at the chapel hour. The annual revue will be held the second week in December, reports Jones Bacus, editor. "Ballots with full instructions will be given to students as they enter the Auditorium. Students are to make out and sign the ballots and hand them to a staff member who will be at the chapel door as they leave the Auditorium. In the preliminary voting, the students will vote for only four representatives of the class of which they are members. At the regular revue, students will be allowed to vote for those from all classes," Bacus said.

### If One Plan Is Unsuccessful, Try Something Else

An instrument of government is useful only so long as it serves its purpose. When it fails to do so, it should be abandoned or overthrown. The same is true of an experiment. When it becomes evident that the new idea is not working, then something else should be tried.

The new social policy at T. C. U. has not brought about the desired results. Whereas it was intended to limit the number of social events of an organization, it has almost done away with them. One member of the faculty social calendar committee explained that since a number of students were officers in more than one organization that the new ruling would keep them from being overburdened with social activities. In the 39 organizations on the T. C. U. campus, 24 students hold offices in more than one group. Of this number at least 15 were on the honor roll last semester. Surely they are not giving too much time to social activities and too little to academic work.

Since campus dances are generally given on Saturday nights, most social events for clubs must be held on Friday nights. During the first three weeks of school no socials were scheduled. The week-ends of the A. and M., Centenary, Texas and Rice games and the Thanksgiving holidays must also be excluded from the times when social events might be scheduled because of the activities of general campus interest. That leaves only 10 week-ends which would prove suitable for social activities. That means that approximately four clubs must have social events on the same night, even if evenly divided. With the duplications of officers and memberships that exist, it is impossible to schedule an event without serious conflicts.

No criticism is just unless an improvement can be suggested. The addition of Thursday nights to the time when social events may be had would be a distinct benefit to the social policy of the University. In this way the number of social events would still be limited and a great many of the conflicts done away with. In addition, social events might be permitted on the other days of the week providing they were concluded by 8 o'clock in the evening. That would leave plenty of time for studying.

By making these changes the aims of the resolution could be accomplished and the desires of the student body satisfied.

### Classes Begin on Hour, Not Quarter After

Are you one of those students whom no one expects in class until after the roll has been called and the class has begun?

Yes, you come in late—but it is not your fault. You had to run, in fact, to get there as nearly on time as you did. You have a good excuse. The teacher the period before did not let you out until after the second bell rang. Your locker would not open and you could not get your book. And you had an important message to call home. You had a notice to come by the registrar's office, and you did not dare delay. Or maybe you were taking an exam and just had to finish.

Oh, certainly; but are you sure you did not talk to some one before you left the classroom? Or did you meet the current "flame" in the main hall and get into slight argument because the "object of your affections" either was not there or was talking to someone else? Are you positive you did not call home to see if you had any mail, or if you could have the car that afternoon? Is it possible that you suddenly remembered that you had a reserve book to return to the library?

Or is it simply a case of ignorance—not knowing that the first bell rings at seven minutes of the hour, the second at five minutes of the hour and that classes begin promptly on the hour?

### What's the Matter With the Seniors?

What is the matter with the senior class? Where are its officers? These are some of the questions being asked by seniors who so far this year have heard no word from their class as an organization.

Usually at this time of the year the senior class has had a few meetings and has at least done as much as outlined its social program for the semester. Seven weeks have passed since school opened this year, and as yet the seniors haven't had a single meeting. The officers of the class themselves haven't had a meeting.

Is it because they feel that meetings and contacts with one another are not necessary? Or are the class leaders just asleep? Wake up, seniors, and let the rest of the University know that you're still alive!

### Soft Voice Excellent Thing In Woman—and Man.

"A soft voice is an excellent thing in woman," but that does not mean that man has the right to go about screaming. One has only to walk through the halls of the Administration Building to be convinced that both the boys and girls of T. C. U. could be a little more considerate of those who are in classes and in the offices—and refrain from shouting at the tops of their voices. "Nothing is so indicative of one's breeding as the tone of one's speaking voice."

## Scribe Wonders What Animal Adorns Yell Leaders' Sweaters

FROG CAMPUS, Friday, Nov. 8.—

Your columnist begs to remonstrate against the uncivilized, indescribable, freakish-looking, mysterious-mugged, hog-headed, egg-shaped, tailless quadruped which adorns the sweaters of our loyal yell leaders. Whatever it may be it is a disgrace to a respectable-horned frog.

If someone cannot have this side-show specimen removed and a conference-bound, flag-determined Horned Frog put in its place, let's write Robert L. Ripley and get him to tell us what the critter is.

NOW IS THE TIME FOR ALL LOYAL FROG SUPPORTERS TO START LETTING THE FOOTBALL SQUAD KNOW THAT IF WE EVER WANTED THAT CONFERENCE FLAG WE WANT IT THIS YEAR. TALK IT UP! TALK IT UP! TALK IT! EAT IT! DREAM IT! SLEEP IT! CHAMPIONSHIP!

Sincerely hoping that Slingin' Sam Baugh doesn't get hold of Jim Tucker's praise. These good words would swell the head of a convict in the hot seat.

Marjorie Whitworth decided that the rules in Jarvis were entirely too strict for her, so she ups and leaves school on Monday.

Margaret Sayles thinks Dean Hall's name should be changed to "Tuts." At least that is what she called him the other day.

WHY ALL THE WHITE BENCHES IN FRONT OF JARVIS? This question is becoming all-popular. I don't see any use of moving all the benches in front of Jarvis, because one place is just as good as another for courting. However, it is nice for the night watchman because he doesn't have to make a close check on the other hidden benches around the bandstand, etc. Someone told me that there was a rebellion in Jarvis. Just another rumor?

### OPEN FORUM

EDITOR'S NOTE: The opinions expressed in this column are the personal views of the writers and are not necessarily the policy of The Skiff. Students are invited to write to the Open Forum. Letters of more than 250 words will not be published, but a writer's name will be withheld from publication if so desired.

Dear Editor: This letter is to voice the opinion of students heard everyday in relation to the confinement of club social activities to Friday and Saturday nights. Organizations are finding it impossible to work out a satisfactory social program under the present conditions.

"Join clubs," was the general cry heard at the beginning of school. Now that the students have joined the clubs, they feel that they are not receiving what they should for the time and money spent. Since I am a college student, I should like to be treated as one—to be considered that I am perfectly capable of attending social activities during the week and also attending classes with my lessons prepared.

It seems to be an impossibility to schedule all social events on Friday and Saturday nights. Too many of these nights are taken up with dances, football trips and pep meetings which no college student would want to do without.

Last year a more liberal social policy prevailed; but the reverse is true in regard to club activities this year. If the present policy is an experiment, the students certainly consider it a failure. B. G.

Editor T. C. U. Skiff:

A crime has been committed. Who's guilty? One of the white benches in front of Jarvis has been moved out of the fifty-yard semi-circle lately assigned to those who occupy said benches at various times of the day. Who has been so thoughtless as to invade the sacred ground and remove the sacred bench? It was evidently someone who doesn't know the rules of the girls' dormitory. That is another thing of importance. Who does know the rules of Jarvis Hall? Out of ten girls asked what the rules are not a single one knew any except those they had broken and been called down for.

We think maybe the idea set forth in moving all the benches up in front of the dormitory is that it will help the students courting to get pointers from others engaged in the same activity. However, the front of Jarvis is no better for courting than any other place. Why not in the parlor, on the bandstand, or some other place?

Maybe it would be a still better idea if someone would invent a ma-

### ODDS AND ENDS

It seems that the Baylor officials figured that T. C. U. bandmen would play standing up. As 'twas, the musicians only needed seats to relax in after each of the Purple's spectacular plays.

As gamblers Walter Petta and Herschel Gibbs are the world's worst. They even lost their starting pot on the Baylor Special.

Mary Agnes Rowland broke into print in the Austin College newspaper last week. . . . nice going Aggie. Now what have you gone and done?

L. D. Meyer, Cotton Harrison and Vic Montgomery were seen trying to collect a promised kiss from Josephine Walker Wednesday in the main hall. Miss Walker promised the boys a kiss before they left for New Orleans.

Frank Loto went to get a hair off Prof. Hogan's dog on a treasure hunt Tuesday night, put it in his tobacco can . . . forgot it and smoked it . . . how did it taste, Frank?

Miss Laura Shelton won ten bucks the other night playing screeno . . . what a snooze . . . how about drinks on the house, Miss Shelton?

WACO . . . AND . . . BACK . . . Congratulations are again in order to the loyal Frog supporters who attended the Baylor game Saturday.

Frogs, that is the way to yell and let 'em know it. Have you stopped to notice the bigger scores the Frogs have been making since the students have started supporting them like they should? Twenty-seven points at Shreveport and 28 points at Waco. That is real football playing. Did you know that the Frogs scored more on Baylor than all the teams together that she has played this year? Let's keep that good ole spirit up and everyone go to Austin to see the Frogs defeat the Longhorns, 27 to 7.

Maybe we did have to hunt a seat but did you notice the way the Frog luck changed when we moved at the game Saturday? We also had the best looking band on the field and the best looking band sweetheart. I guess we had the best looking bunch of students there, too . . . what do you think?

### Tax Football Games Rained Out 3rd Time

Intramural Tournament Cut From Triple Round-Robin to Double.

The intramural tag-football games were called off Wednesday because of rain, making the third time games have had to be postponed this year. In order to prevent the tournament from running into the Christmas holidays, Prof. Thomas Prouse has cut it from a triple round-robin to a double round-robin.

The Sophomores and Juniors are tied for the lead, with three games won and one lost. Neither plays the other again and both are expected to win their remaining two games. If this happens, the two teams will play off the tie for the championship Nov. 27, the day before Thanksgiving.

Up to date the scoring leaders in the tournament are: Buck Roberson, Junior, 37 points. Frank Floyd, Sophomore, 34 points. Ray Wester, Junior, 31 points. Gilbert Bowden, Sophomore, 25 points. Francis Mims, Freshman, 24 points.

chine that would register every move a person makes, while wearing it, for the girls living in Jarvis Hall. They are just University students and at such an early age are unable to take care of themselves. At least this seems to be what some of the faculty members think.

In all sincerity—we do have one of the most democratic schools in the country but what is taking place in the girls' dormitory? Why are they dissatisfied? Who wants to be treated as a baby when going to a University? R. K.

## ALONG SHOW ROW

By RAYMOND MICHERO

Remember Norma Shearer and Fredric March in their dual roles in "Smilin' Thru"? Remember the dramatic wedding scene in which the rejected suitor attempted to shoot the groom and accidentally killed Moonie, the bride? This scene will be re-enacted on a Fort Worth screen when that picture, recently re-issued, opens a four-day engagement at the Palace tomorrow.

Released for the first time four years ago, "Smilin' Thru" is still acclaimed as one of the most beautiful love stories ever filmed. With Norma Shearer, Fredric March and Leslie Howard playing the leads, this picture promises to be one of Show Row's best offerings for the coming week.

Three of the screen's most prominent male actors, Clark Gable, Charles Laughton and Franchot Tone are featured in "Mutiny on the Bounty," the Worth's offering for a week starting tomorrow. The production of this picture is said to have cost Metro-Goldwyn-Mayer \$2,000,000. The last of Will Rogers' movie offerings, "In Old Kentucky," will be shown at the Worth's midnight show tomorrow night.

The Majestic tomorrow presents a story of the government's "T-Men" (Treasury Men). It is "Special Agent," with Bette Davis and George Brent, a sequel to the G-Men stories, depicting the lives of another group of the government's crime fighters. Sylvia Sidney and Herbert Marshall in "Accent on Youth" will open a two-day engagement Tuesday. "Don't Bet on Blondes," with Warren William, Guy Kibbee and Claire Dodd, will be Thursday's offering.

### Thoughts In Verse

ASHES  
It really was a lovely flame  
That burned upon this hearth;  
A living, glowing, happy thing—  
These ashes gave it birth.

I never could have thought it rare  
Or worth a second glance;  
I never should have taken care  
To reverence its romance.

But now it's gone: these ashes lie  
A record of its cheer;  
Though I must say, without the flame  
I find the place quite drear.

George Cherryhomes.

### Alumnae to Give Program

The woman's branch of the T. C. U. Alumni Association will have charge of the University radio program over KTAT at 4 p. m. Sunday.

Miss Mona Holt spent the week-end at her home in Quannah.

## Did You Know That...

The T. C. U. drug store is 100 miles from the campus?

The second "G-man" is a graduate of T. C. U.?

Sam Baugh never saw a college football game until he came to T. C. U.?

A certain Jarvis co-ed wore a negligee to a T. C. U. dance?

Three of the T. C. U. faculty are foreign born?

The T. C. U. Horned Frog is not a frog?

Baylor's football team quit and went home in the middle of its game with Texas in 1910, because the officials called a play the Bears didn't like?

S. M. U. Students Study Life, Habits of Flies

Five students at S. M. U., working under the National Youth Administration, have been assigned the job of watching the life and time of a fly from hatching to maturity.

The government is seeking more data on the common fly, and the students are keeping up the vigil in order to learn more of its habits, characteristics, and the manner of growth.

### To Attend Music Federation

Profs. Claude Sammis and Keith Mixson will attend the first district convention of the Texas Federation of Music Clubs at the Baker Hotel in Mineral Wells this afternoon. Sammis will play a violin solo, accompanied by Mixson at the piano.

### Freshman Class to Meet

The freshman class will meet at 10 o'clock Monday morning in the Amphitheater.

# SHORTY'S SPORTS PLANTS

By CARL MAXWELL

Boy! Let's all pray it doesn't rain on Saturday 'til football season is over, even if the farmers do need it. The Frogs need that passing attack, and a slippery ball would play havoc with it. T. C. U. scored their last 10 touchdowns on passes. Sam Baugh has thrown seven of them, and Jimmy Lawrence has blossomed out to sling three for counters.

T. C. U. has one of the most open and powerful ground games in the conference, but what is the use of running when you can get scores much easier the aerial way.

Lloyd Russell, the Bears' singing quarterback, DID change his tune last Saturday. Russell lost a few more yards than he gained against the Frogs. He fared just about like all the rest of the highly-touted backs. T. C. U. has again up against. Publicity seems to have a negative effect on the big Purple linemen. The better the guy is, the worse he shows up against them.

This happened in the Aggie game too. The Frogs were all set to stop Jimmy Nesrsta, and sure enough, he didn't gain as many yards as he had figured. Pitner turned out to be the real Cadet threat.

Charley Needham wears Jersey No. 13, but from indications in the Baylor game, he's far from unlucky. Charley snagged two touchdowns and played good ball on the defense too. Needham is the first man to wear No. 13 in several years and said at the first of the season, "Well, no, I'm not afraid to wear that number, but I'd just as soon have another one."

T. C. U. was perfect in tries for point after touchdown Saturday. Walter Roach kicked two, Taldon Manton one, and Scott McCall kicked two, but only one of his counted. The Frogs were offside on one of McCall's kicks, the Baylor captain elected to take the penalty, and Scott came back and kicked another good one. One of Roach's place kicks went clear over the north fence into the arms of one of the "knot hole gang."

"Bull" Rogers almost made his letter down at Waco. Rogers, a sophomore guard, went in when Cotton Harrison was taken out of the game with a shoulder injury. He played more than half the game, and Baylor didn't find a soft spot at his position. Bull backed up some of the time on pass defense, intercepted one pass, and rushed the passes all afternoon.

Darrell Lester is being hailed as a repeater for All-American honors this year. Centenary fans acclaimed Lester as a true All-American, and Baylor Exes and fans are doing the same thing. Jinx Tucker, Waco, Sports scribe, summed it all up by saying, "If Lester had two broken ribs, we'd hate to see him all in one piece."

The Dallas News ran a little feature on Lester Sunday. It went something like this: "Our nomination for football's toughest guy, Capt. Darrell Lester of the T. C. U. Frogs. After playing 50 minutes of bruising football, Lester came out of the dressing room and said, 'Say, mister, can you tell me where there's a bowling alley?' And away he went."

The Frogs will play their only night game of this season tonight in New Orleans against the Loyola Wolves. Last year Loyola had a strong team that finally bowed to the Frogs 7 to 0. This year, if advance notices and comparative scores can be relied upon, the Frogs should not have a hard time keeping the Wolf from the door. Last week Centenary downed them 9 to 0, and a week ago the Gents fell before a Frog aerial attack 27 to 7; so the Frogs should be about four touchdowns better than the Wolves. (Well, we won that one easy).

The S. M. U. Mustangs will play

## Frogs Turn Owls For Night Game In New Orleans

### Cotton Harrison Only Player Not Likely to Enter Fray.

### Favored to Win

#### Purple Squad Works Out Under Lights in Preparation for Tilt With Loyola.

The Frogs will turn to Owls for their only time this year tonight when they meet the Loyola Wolves at New Orleans in a night game.

The T. C. U. squad left Wednesday afternoon at 5 o'clock and arrived in New Orleans yesterday morning. They worked out under the lights in preparation for their only nocturnal struggle.

The Wolves haven't had a very successful season up to date, and a victory over the Frogs, the nation's sixth ranking team, would bolster their stock quite a bit. The Frogs will enter the game a heavy favorite, but Coach Meyer is taking no chances on losing the game. He has worked the squad hard in polishing their running attack, which has been neglected to some extent this season, and plans to start his regulars and keep them in the game until he sees how the game will go.

Wolves May Surprise Frogs

Loyola has shown flashes of strength this season after getting off to a bad start in losing their opener to a "warm-up" opponent. Their strongest game has been in an encounter with Mississippi State, conqueror of Alabama and Army, whom they held to a 6-to-0 victory. The Wolves lost to Centenary 9 to 0 last Friday.

Cotton Harrison is the only regular who will be on the sidelines when the game starts. Harrison bruised his shoulder in the Baylor game and will rest until he is needed. "Bull" Rogers, sophomore guard, will start in Harrison's position in the left side of the line.

29 Players Make Trip.

Coaches Meyer and Wolf hope the Frogs will be able to run up a lead, so the regulars can get some much needed rest before the home stretch games with Texas, Rice and S. M. U.

Twenty-nine players made the trip. They are: Ends, Walls, Roach, Needham, Meyer and Diggs; tackles, Ellis, Groseclose, Godwin, Walker, Nelson and Holt; guards, Rogers, Kellow, Mayne, Dunlap and Harrison; centers, Lester and Tittle; quarterbacks, Baugh and Montgomery; halfbacks, Lawrence, Kline, McClure, Harrell, Clark and McCall; and fullbacks, Roberts and McClanahan.

T.C.U.'s starting line-up is: Ends, Walls and Roach; tackles, Ellis and Groseclose; guards, Kellow and Rogers; center, Lester; quarterback, Baugh; halfbacks, Lawrence and Kline; and fullback, Manton.

## Prouse Is Arranging Faculty Tournaments

### Sherer Defeats Dan Morgan at Horseshoes—Welly Probable Volleyball Captain.

Faculty horseshoe and volleyball tournaments are being arranged by Prof. Thomas Prouse. Prof. C. R. Sherer, who claims to be the champion horseshoe tosser of the campus after defeating Dan Morgan, strong contender in the student tournament, is being given a slight edge over a field which will probably include such shining lights as Dr. A. L. Boeck. Dr. Alpheus Marshall, Prof. B. A. Crouch, Dr. Newton Gaines and Coaches "Bear" Wolf, "Dutch" Meyer and Howard Grubbs.

Dr. Raymond B. Welly, star volleyball player, will probably captain one team in that tournament. Other participants are not known as yet. Play in the two tournaments will start as soon as the races are organized. Faculty members who wish to compete should sign the intramural bulletin board in the Administration Building or see Prof. Prouse.

Boxing classes will start next week at 11 M. W. F. and 10 Monday and Friday, Bey Dyess, instructor, has announced. Other classes will be organized if enough students sign up. Those who intend to take boxing have been asked to see Dyess.

The lead in the horseshoe tournament has been taken by Dan Morgan, who has reached the fourth round by eliminating Rex Clark and Walter Moody, after drawing a bye on the first round. Those who are participating in the tournament are: Buck Roberson, Loftis Stroud, Roy Lovell, Olin Jones, Walter Petta, Lawrence King, Jim Young, Orville Paty, Richard Oliver, William Russell, Travis Griffin, A. J. Cooles, K. Aldrich, Gilbert Bowden, Leon Berry, William Braune, Jim Winton, Frank Floyd, Sonny Osier, Roger McLeland, Bill Farley, Bruce Gibbons, Gene House, Harry Roberts, Arthur Speece, Clifton Morgan, Byrum Saam, William Aiken, Tiny Godwin, Bruce Scrafford, Russell Hector, Charles Oswalt, Ronald Wheeler, Charles Williams, Maurice Grove, Charley Needham, Frank Lozo, Morgan, Clark and Moody.

## Connor, Tilton to Read For Meliorist Members

Miss Ruth Connor and Mrs. Ruth Tilton, members of the platform art class of the public speaking department, will give readings from "Idylls of the Kings" at the Meliorist Club at 8 o'clock Sunday night.

Miss Connor will give "The Coming of Arthur," and Mrs. Tilton will give "Guinevere."

Special music will be given by Miss Doris Commander, violinist.

## Billington to Lead Club

Prof. F. E. Billington will be the leader at the Timothy Club meeting Monday night. Problems brought up by the members will be discussed.

The club will meet at 7 o'clock in the Brite Chapel. If the weather permits the club will go to Inspiration Point at Lake Worth.

## U. C. L. A. at Los Angeles in an Important Intersectional Game Monday, Armistice Day.

The Mustangs are risking an ace-high, undefeated record against the strong Bruins, who have only one loss this year to their record.

There are two conference games scheduled. Arkansas journeys to Houston to take on the tough Rice Owls, and Texas goes to Waco to face the Bears.

Arkansas has only an outside chance of upsetting Rice, but anything can happen down there. It's hard to say who'll be the maddest in the Steer-Bear melee after the shellackings they both got last Saturday; but Texas is due for a place in the win column.

## Slim Kinzy Says Irishmen Really Beat Ohio State

### Hersel "Slim" Kinzy, who is working for the Goodyear Tire and Rubber Co., in Akron, Ohio, thinks the best team won in the Ohio State-Notre Dame game Saturday.

"I did want Ohio to win for Schmidt's sake. After seeing both teams play, I believe the best team won. At least they were the best one last Saturday. I saw my first Schmidt team to be absolutely helpless on the defense against passes. Notre Dame had those birds on their haunches the entire last half. Ohio does not seem to be very consistent, because they have played one half good; and the other would be the opposite. At least that was the case against Northwestern and in Saturday's game."

Kinzy thinks the Ohio band the best he has ever seen, and that it was worth the money just to see them parade on the gridiron.

Slim enjoyed the fight between the Notre Dame students and the police when the students swarmed down on the field and tore down the goal posts, and was thrilled by the sight of the 81,018 people crammed into the stadium.

## Frogs Smother Bears 28 to 0

### Baugh Is Outstanding Man, Completes 10 Passes for 4 Tallies.

The Frogs took to the air and smothered the Baylor Bears 28 to 0 on Carroll Field at Waco last Saturday before a Homecoming crowd of 10,000. The Bears were helpless after a first quarter rush that bogged down on the T. C. U. 28-yard line.

T. C. U. got hold of the ball shortly after the opening kick-off and started on a march that was ended on Baylor's 30-yard stripe by a fumble. From there the Bears started a stampede which looked fruitful, but the Frog line tightened on their 28 and took possession of the ball on downs.

From that moment the outcome of the game was evident. When the quarter ended and gave the Purple the wind advantage, Sam Baugh began firing passes that were good for two touchdowns before the first half ended the barrage.

Pass Wins First Touchdown.

Jimmy Lawrence flung the first touchdown pass to Willie Walls, who was almost over the end zone when he caught it. The next six points were the result of a long pass from Baugh to Rex Clark, who got behind a Baylor halfback. Clark took the ball on the 4-yard line and went over untouched. Walter Roach kicked both extra points.

The Frogs returned after the half content to coast along with their lead—sending in numerous substitutes, and the two teams battled on even terms until the last period.

Coach Meyer sent in his first string backfield early in the fourth quarter when his reserves were getting near the Bear goal. A few plays later Baugh hit Charley Needham in the eye for another touchdown. Shortly afterwards this act was repeated and the scoring was over for the afternoon. Scott McCall and Tilly Manton both kicked an extra point.

Baylor's running attack was at a low ebb all afternoon. They made only three first downs on the ground and added three more through the air. T. C. U. made 10 first downs passing and eight more on running plays. The Frogs made a total of 340 yards from scrimmage to the Bears' 124.

Baugh Is Outstanding Man

Baugh was the outstanding man on the field. He completed 10 passes, averaged 5 yards per try on running plays, ran the team flawlessly and was outstanding in the stout Frog defense. In the T. C. U. line, Bull Rogers, sophomore guard, Drew Ellis, Darrel Lester, Tracy Kellow, Wilson Groseclose and Walter Roach played bang-up games.

Masters, Baylor halfback, was the Bears' best bet, but was kept bottled up all afternoon. Russell, highly-touted Bear quarterback, was smothered every time he got the ball. The Baylor forward fought hard, but was outcharged by the Frog forwards before they could get started.

## Lost Bracelet, Ring Now at Book Store

A bracelet found at one of the early dances will be returned upon proper identification at the book store. A lady's ring, found about a month ago, and many keys have been turned in there.

"Anyone who has found articles may turn them in to me, or anyone who has lost something may inquire at the book store," announced Miss Laura Shelton.

## S.M.U.-U.C.L.A. Tilt To Hold Spotlight

### Baylor-Texas, Arkansas-Rice to Play Conference Games, Aggies to Rest.

The S. M. U. Mustangs occupy the spotlight in the Southwest Conference schedule coming up this week-end. The Methodists journey to Los Angeles to meet the strong University of California at Los Angeles eleven. The visitors will be favored to win, with the acclaim for doing so somewhat dimmed because of California's victory over U. C. L. A. Saturday. The game will be played Monday afternoon, an Armistice Day attraction.

The T. C. U. Horned Frogs drop down to New Orleans to play the Loyola Wolves under the lights tonight. The Wolves are not doing so howlingly well this season, and the Christians should find them fairly easy to keep from the door.

Arkansas and Rice meet in Houston Saturday afternoon. Everybody will agree that it is the Owls' game, yet the Razorbacks are coming along and may surprise the fans with their showing against the defending champions.

The Baylor Bears and the Texas Steers play in Waco, also Saturday. The Bears will be out to show the home-folks that it can't be done twice in a row. The Steers, beaten on successive Saturdays, will be equally difficult to get along with. Anything might happen.

The Aggies have an open date, with Rice, Texas and S. M. U. coming up to complete the schedule. With those three games in the offing, perhaps the open date is not a bad idea.

## Polliwogs Seek Second Victory

### N.T.A.C. to Risk Clean Record Against Grubbsmen.

The T. C. U. Freshmen will seek their second victory of the season Thursday night at La Grave Field when they take on the powerful N. T. A. C. Aggies. The game will start at 8 o'clock. The price for outsiders will be 50 cents. Athletic books will admit students.

The Wogs will probably go into the game as underdogs against the undefeated, untied Aggies. Among the teams defeated by N. T. A. C. are Terrell Military College, Weatherford Junior College, Texas Wesleyan, and Ranger Junior College, the latter by a score of 86 to 0.

However, the Wogs are in good shape and are expected to give them a battle. The only real cripple, Ward Wilkinson, who has been out with a rib injury, will probably be ready to go by game time.

The starting line-up will probably be about the same that took the field against the Baylor Cubs: Charles Williams and Leon Pickett, ends; I. B. Hale and Forest Kline, tackles; Clifford Kellow and Allie White, guards; Ki Aldrich, center; Dave O'Brien, quarterback; Leo Crockett and Pat Clifford, halves; and Horace Carswell, full.

## Book by Boyce House Received by Library

An autographed copy of "Were You in Ranger?" by Boyce House of Fort Worth, and "Complete Works of Geoffrey Chaucer," by Robinson, are among several new books which have recently been added to the library.

Others include "A Survey of English Universities," by M. M. Mathews, "Savonarola" by Misciattelli, "American Ambassadors to France," by Wilson, and "Home Book of Quotations," by Stevenson.

The music department has received about twenty new books to be used by public school music students.

## Tulane Men Fear War, Women Fear the Dark

What is your pet fear?

Getting too tall a girl on a blind date, getting married, war and disease, are feared most by the men of Tulane University, according to a survey conducted by a psychology professor. The women listed centipedes in old walls, being alone in the dark, sin, and riever coaters.

Miss Idell Emerson visited in Wichita Falls last Sunday.

## J. R. Clark, Homer Hewitt Address Boeck's Classes

### J. R. Clark, manager of the credit department at Monnig's, spoke on "Retail Credits" in Dr. A. L. Boeck's "Credits and Collections" class Wednesday morning.

Homer G. Hewitt, state manager of the Northwestern National Life Insurance Company, spoke on "The Social Security Act" in the "Elementary Accounting" class Wednesday.

Henry LeBlanc, district agent of the same insurance company, and David Ashley, B. B. A. '31, local agent for the company, were visitors in the class in which Hewitt spoke.

## McKee to Speak Tonight

Blanchard McKee will speak to the Dramatic Club at 7 o'clock tonight, backstage. Try-outs for the Christmas play will be held.

*Dear Diary*

What a day! Ten thousand things to do before I could even go to class, and then, what classes! Seems to me I was never so dumb, or the right questions weren't asked or something! But then, just when I was drooping across the campus and wondering whether my parents hadn't made a mistake to send me to school at all—who should I bump into, but that divine Bob Collier! Nearly took my breath away, and if he only knew how I'd longed for this chance he'd know why I could only gasp a "yes" when he asked how about a date! So I flew down to Striplings Junior shop, and had the most rapturous of times trying to decide which dress would simply bowl him over—and I found it. Ahhh, the phone! Pardon me dear diary, I know it's for me!

## Miss Kathryn Swiley Breaks Rule of "Beautiful But Dumb"

BY ROSEMARY COLLYER.

All beauties are not dumb-bells. If you do not believe me, then just listen to this. Miss Kathryn Swiley, who will represent the student body at the Coronation Ceremony next Friday night at North Texas Agricultural College at Arlington, has more than a small claim to beauty.

This tall, stately blonde with the very blue eyes is a government major and hopes to study law. She is secretary-treasurer of the senior class, secretary of the Y. M. C. A., a member of the Horned Frog Staff and belongs to the Women's Athletic Association. She is a knitting addict and is fond of all sports.

She has chosen Elliott Phares as her escort. She plans to wear a black satin evening dress with a low, graceful décolletage. Green taffeta flowers and green sandals will be the only color relief to this simply, but beautifully cut gown.

Since I'm on the subject of beauties, the preliminary voting on the beauties for this year will begin Wednesday in chapel. There is certainly a great variety of beauty and personality on the campus this year.

Some sleepy-heads do not even know the names of our most famous beauties. Then again, their names may be familiar but a face just can't seem to come to mind when the name is mentioned.

There are also some real beauties here who have never received any reward for nature's gift to them. Let's give a few of them a break. This is just to remind you again to look around and make up your mind just who should hold these honorary positions, and then vote.

### Club to Publish T. C. U. Poems

Subscriptions for the new Centennial Poetry Anthology of T. C. U. are now being solicited. Plans for the publication of the book were discussed at the meeting of the Poetry Club held Wednesday night at the home of Miss Genevieve Papineau.

Original poems by the members were read and voted upon. "Youth's Vision," by Eugene Haley, was given first place; second was "Candles in the Rain," by Miss Helen Fellows; third, "Mongrel," by Everett Gillis; fourth "Rustler," by A. L. Crouch.

### Science Pledges Eat Eyeballs and Worms

James McBride, Ralph Smith, Ruth Cassidy Win Prize at Initiation Service.

Cats' eyeballs and worms were the delicacies fed to the Natural Science Society pledges at the initiation held in the biology laboratory Monday night.

The pledges met at 6:30 p. m. and participated in a scavenger hunt, under the supervision of John Forsythe. Misses Johnny Ruth Cassidy, Ralph Smith and James McBride succeeded in bringing in the complete list of a safety pin, President E. M. Wait's signature, the distance between the two middle columns of Jarvis Hall, a star-fish buried on the nearest golf course at the tenth hole, Mrs. Sadie Beckham's signature, a card from the roof of the stadium, one Kingena wocensis, the latitude and longitude of Addis Ababa, a species of an epithelium structure from Caris demosticus belonging to el profesor de organica chemistry, and a copy of the emblem over the chief's desk.

President Wait was in a theater at the time of the initiation, but the pledges hunted up and down the aisles until they found him and secured the signature.

After the scavenger hunt and a trip through a torture chamber, punch, ice cream and cake were served. A short business meeting was held. The society will hold a barbecue at Swift's camp Nov. 22.

New members of the society are Misses Ethyl Bennett, Cassidy, Naomi Davis, Eda Mae Tedford, Bernice Cristol and June Brandt and Frank Lozo, Bill Toland, Bill Whitehouse, Earl Barnes, John Wallace, Fred Stockton, Walter Petta, A. J. Speece, Clay Dillon, William O'Gara, Earl Nicola, Robert Belzner, Walter Graves, Charles Robinson, Robert Whitman, Smith and McBride.

Old members attending were Misses Ona Ruth Potter, Evelyn Reese, Helen Spinks, Helen Stubbs, Catherine Jackson and Katherine Rose, Mrs. Mildred Smith, Bill de Vlaming, Gene House, Hyman Jacobson, John Jones, Loy McCarroll, Sears Roach, C. H. Sinclair, Victor Tack, Frank Valencia, William Gilliland and Forsythe.

Miss Jessie Van Horn spent the week-end at her home in Iowa Park.

## Lawrence Most Nearly Average Frog on Squad

Who is the typical Frog on the football squad? In averaging the age, weight and height of the 40 members of the squad, it was found that the "mean" Frog was about 20 years, 7 months old, weighed a shade over 184 pounds, and was 5 feet, 11 inches tall.

Jimmy Lawrence came nearest to all three requirements. Lawrence is 21 years old, weighs 185, and is 5 feet, 10 inches tall.

Taldon Manton was closest to the physical requirements—weight 185, and height 5 feet, 11 inches; but Manton has seen 25 summers.

The oldest man on the squad is 26. No, it isn't Wilson Groseclose. He's only 23 in spite of several members of the squad advancing the "Leap Year" theory.

Six men tip the scales at 200 or more. They are: Linne, 205; Groseclose, 215; Lester, 210; Godwin, 220; Walls, 205; and Ellis, 200.

Lester and Walls tied for the altitude record with heights of 6 feet, 4 inches.

The race for the youngest man on the squad was a hotly contested one, with Paul Snow beating out Red Phares by a one day margin. Both are 18, but Phares was born Feb. 2, 1917, and Snow Feb. 3.

### Home Economics Club Gives Program

## Miss Moxley to Go To W.A.A. Meeting

Miss Wynelle Moxley, vice-president of W. A. A., will represent the T. C. U. organization at the state W.A.A. Convention, which will be held Nov. 24, 25 and 26 at the Stephen F. Austin Teachers' College in Nacogdoches. Miss Moxley was selected by the W. A. A. council.

Membership in the W. A. A. is closed after Nov. 14. "All dues must be paid by that date," says Miss Willie C. Austin, president. Dues can be paid to any W. A. A. council member, Miss Mary Frances Umberhour or Miss Austin.

A football party in December and a dance in January are being planned.

W. A. A. hours that have been made should be turned in to the sport manager within two weeks. Hours can be made at any time so long as they are made with another W. A. A. member.

W. A. A. managers and the hour at which the groups meet are: Tennis, Clemence Clark, 3 o'clock Wednesday; hiking, Lois Atkinson, 3 o'clock Thursday; basketball, Katherine Kline, begins Christmas; dancing, Martha Cell Graves, 1 o'clock Wednesday; fencing, Travis Griffin, 3 o'clock Tuesday; golf, Evelyn Lowe, before 1 o'clock Monday; skating, Jean Fallis; archery, Maurine Rice, 1 o'clock Friday; horseback, Virginia Clark, 1 o'clock Wednesday and Friday; ping pong, Mary Frances Hutton; outing, Eugenia Chappell; swimming, Marguerite Rice, 3-5 o'clock Tuesday and Thursday; volley ball, Rosemary Collyer, 1 o'clock Thursday, and baseball, Rosemary Collyer, begins in the spring.

Miss Mary Jarvis, Lee Bassinger and Johnny Kitchen, T. C. U. graduates, saw the Baylor game last Saturday.

## Tickers, Tickers Everywhere but None Will Tally

The old excuse of "my clock was wrong" given by so many students in an effort to avert cuts has had its day.

The death of this old stand-by was caused by the invention of the electric clock. Those clocks stop only when the current stops, and neither gain nor lose time. The students cannot give the excuse that they only have the old fashioned kind, for no matter which way they come to school, they have to pass such a clock.

Nearly every filling station is equipped with this type of timepiece. There are large clocks downtown on the city hall and the court house, and many advertisements and jewelry stores use them to attract attention.

Should the student further contend that he lives in the dormitory, the teacher can retaliate by saying that every building has at least one clock. Besides this, most every dormitory student has the well-known alarm clock, and nine out of every 10 students have some kind of timepiece.

If the student becomes suddenly blind to all clocks, ignoring them entirely, he still could be able to tell the time because a factory whistle blows, at 8, 12, 1 and 5 o'clock.

Now, the only difficulty about time is trying to get two of these tickers to tally.

### To Aid in Fort Worth Night

Prof. Claude Sammis, president of the Fort Worth Music Teachers' Association, has been appointed to serve on a committee to have charge of certain matters in connection with the Chase and Sanborn Maj. Bowes' Amateur Hour dedicated to Fort Worth, Sunday evening Nov. 24.

## Campus Becoming Family Affair; 27 Homes Represented in Pairs

It looks very much as if this old campus is getting to be a family affair. There are eight combinations of brother and sister; thirteen pairs of brothers, and six pairs of sisters. The largest family consists of "Dutch" and Forrest Kline and "Dutch's" wife, Katherine.

The brothers and sisters are: Helen and Waller Moody; Francys and Robert Ballenger; Florence and Dale Ackers; Maurine and Horace McDowell; Rhoba Faye and William Strube; Lucy Bess and Ray Westler; Mary and Bill Wilson; and Lillian and Jim Young.

The sisters are: Misses Kathryn and Josephine Tucker; Birdie and Jessie Bell; Beverly and Lovie Carter; Blanche and Neppie Lee Conner; Martha and Jeanne Fallis; and Ruby and Gladys Jones.

The brothers are Clyde and Weldon Allen; Tracy and Clifford Kellogg; Jones and Hays Bacus; Herschel and Adkins Gibbs; Meyer and Hyman Jacobson; James and Ernest Jones; Raymond and Woodrow McDowell; Don and Roger McLellan; David and Jim Nicol; C. H. and William Sinclair; Max and Ray Snodgrass; and John and B. M. Williams.

### Gillis Reads His Poetry

Everett Gillis read his poetry at the Book Nook of the Texas Hotel Sunday afternoon.

Mild and yet they Satisfy  
—how do you do that?

Well, to start with, we take tobacco from our own Southland—mild ripe tobacco with lots of natural flavor but no harshness or bitterness.

### THEN AS A SECOND STEP—

We blend this home-grown tobacco with spicy, aromatic Turkish tobaccos from across the seas. These Turkish tobaccos, you may know, have a flavor and fragrance entirely different from our own.

### AS A THIRD STEP—

These tobaccos are cross-blended—welded together—the best way we've found to get a more pleasing flavor and a better taste in a cigarette.

THAT'S WHY CHESTERFIELDS ARE MILD AND YET THEY SATISFY

In a single day people from ten different states visited our Chesterfield factories. 8,200 visitors during the past year saw Chesterfields made.
