## Horned Frogs Accept Invitation To Sugar Bowl Classic

### Escorts Chosen By Candidates For Frog Revue

### Affair to Be Formal, Dance Following Informal.

### Bacus in Charge

### Dictators to Play — Students Have Only 10 Days to Be Photographed.

The popularity candidates have chosen their escorts for the Greater 1936 Horned Frog Popularity Revue which will be held at 7:30 p. m. Saturday, Dec. 14, in the Basketball Gymnasium.

The candidates and their escorts are as follows: Miss Lois Atkinson, Ray Wester; Miss Johnnie Mae Donoho, Melvin Diggs; Miss Louise Watson, L. D. Meyer; Miss Kathryn Swiley, Elliott Phares; Miss Mary Corzine, Bill Toland; Miss Helen Moody, Weldon Allen.

Miss Ruth Connor, Sam Baugh; Miss Nancy Lee McConnell, Linnon Blackmon; Miss Evelyn Lowe, Hays Bacus; Miss Margaret Hall, Homer McRea; Miss Robbie Jo Whitener, Jim Young; Miss Johnnie Weatherby, Dale Ackers; Miss Shelley Blount, John Baley; Miss Barbara Anne Arnold, Ben Bussey; Miss Helen Corbett, Ki Aldrich; and Miss Modesta Goode, Dick Simpson.

"The revue will be formal for the popularity candidates and their escorts only and the dance, which will start at 9 p. m. following the revue will not be formal," Jones Bacus, editor, said.

### All Urged to Come.

"The Popularity Revue is an all-student affair and we want every student in the University to be present and to vote for the eight candidates who will receive pages in the Horned Frog yearbook," Bacus said.

"There will be two formal dances later in the year for those who are interested," Melvin Diggs, president of the student body, said.

### Hays Bacus, assistant editor, will be in charge of the revue. Other committees that have been appointed are: Ticket committee, Hays Bacus, chairman, and the entire Horned Frog staff; decorations committee, Miss Kathryn Swiley, chairman, Miss Ruth Connor, Miss Helen Stubbs, Johnnie Hughes and Joe McMinn; program committee, Miss Rosemary Collier, chairman, Miss Grace Maloney and Raymond Michero.

### Dictators to Play.

The Dictators will furnish the music for the dance and the revue. The admission to the revue will be 25 cents per person and 40 cents a couple for the dance.

"The students have only 10 more days to have their pictures made for the annual and are requested to do so at once. To date the representation is the smallest in five years and with all other prospects bright for a great book, it seems that the students are showing a lack of interest," Bacus said.

### Three Will Attend Convention in Indiana

Miss Mona Holt and Miss Dorothy Candlin have sent in their registrations for the convention of the Student Volunteer Movement to be held in Indianapolis from Dec. 28 to Jan. 1.

Lester Rickman will probably attend the convention also, George Graham, who is in charge of the arrangements on the campus, has announced.

### Roberts to Represent T. C. U.

Harry Roberts will represent T. C. U. at the annual meeting of the National Student Federation to be held sometime in January in Kansas City, Mo.

### OFFICIAL NOTICE

The Christmas Holidays will begin at 1 p. m. Saturday, Dec. 21, and extend until 8 a. m. Monday, Jan. 6, Registrar S. W. Hutton has announced.

### Ole Santa Claus Arrives Early For Frog Band

The Horned Frog Band members left Fort Worth on the California Special with sack lunches, grabbags and what-have-you in the way of something to eat . . . then Santa Claus arrived early . . . Along about 11 o'clock Tuesday morning when some of the boys were taking out their Bologna and cheese sandwiches and hard tack, Mr. Pete came through the band car and told the bandsters that their meals on the train would be paid for. This news brought on an explosion and a grand rush for the dining car . . . and did those boys enjoy the big steaks . . . The value of the almighty \$ was raised because the boys realized a grand time ahead where before it had only been classified as a great time . . . one band member was heard to exclaim—"Boy, is that a break . . . just think what I can do with that four bucks I was planning to spend for food" . . . Just goes to prove that there is a Santa Claus.

Portraits, landscapes and still-life done in oils are shown. Among the pictures sent in for the exhibit is a portrait by Miss Sarah Smith, a former T. C. U. student, which served as an aid in securing her scholarship to the Pennsylvania Academy of Fine Arts in Philadelphia where she is now studying.

It is a three-act comedy. The story concerns a grandmother who admits that she doesn't quite know just what the younger generation is coming to.

The complete cast includes: Misses Betty Buster, Gay Welch, Ruth Connor, Laura Kile and Helen Adams, and Rogers, Bill Scott, Charles Wilson, Pitchford, Waller Moody and Joe Murphy.

### Melvin Diggs Birth Followed By Shot Which Rocked World

The birth of Melvin Diggs, president of the student body, was celebrated with the greatest explosion in the history of the world. Diggs was born in Trenton, Texas, the day before the assassination that threw the entire world into war.

He began playing the role of president when he was a mere lad in high school. Diggs moved to Weslaco when he was 14 years of age. He attended high school there and was president of both his sophomore and senior classes. He was also editor of the Weslaco yearbook during his senior year.

As for athletics—he made two varsity letters in high school football, three in basketball, two in baseball and three in tennis. He played in the high school band for five years and won the state trombone solo contest at the State Band meet in Temple when he was a senior.

He was librarian in the high school library and received a pin that qualifies him to be a librarian in any library in the country that uses the same filing system as the one used in the Weslaco library.

Diggs came to T. C. U. in 1932. "I liked Texas Christian because it was non-fraternity," he said. He lettered in football when he was a sophomore and received a broken ankle in his first game as a junior and wasn't able to play any more football until this season. He was also president of his sophomore and junior classes here.

In addition to being president of the student council Diggs holds varsity office. He has been in the Horned Frog Band for four years, has been a member of the student council three years, was vice-president of the T-Association last year and represented the student body at the meeting of the Southern Division of the National Student Federation in New Orleans last year.

Truett Kennedy and J. B. Trimble will take the negative side of the debate and S. M. U. the affirmative.

Preceding the debate the officers of the I. R. C. and F. F. F. will entertain the S. M. U. debaters at dinner.

The members of the F. F. F. debated the question "Resolved: That the Townsend Plan should be adopted as a permanent old age pension plan" Monday night before the Townsend Club members down town. Harry Roberts and Meyer Jacobson took the affirmative and Richard Poll and Charles Weaver, the negative. The affirmative team won the debate.

### Dr. Venting to Speak In Chapel Wednesday

Pastor of Cleburne Church to Talk—Terrell Girls' Chorus Entertain.

Dr. Albert Venting, pastor of the Cleburne Baptist Church and professor of religious philosophy at the Seminary in Cleburne, will speak in chapel next Wednesday.

The I. M. Terrell Girls' chorus and a male quartet sang in the chapel last Wednesday.

The Frog coaches were notified of their selection en route to California Tuesday night. The special train was stopped at Texline, Texas, and L. R. Wright, business manager of the University, talked with the officials of the Midwinter Sports Association and accepted the bid.

The special trains will leave Fort Worth sometime Tuesday, Dec. 31, and arrive in New Orleans on New Year's Day in ample time for the fans to see the game. They will return to Fort Worth after the game and will arrive here Thursday, Jan. 2.

The rate has been announced by officials of the Texas and Pacific Railway as \$11.25 round trip fare in day coaches.

The Sugar Bowl Classic is expected to be a sell-out. The stadium will seat 30,000 people, and half of these have been sold already. A special section of 3000 seats will be reserved for Fort Worth fans.

The University officials are considering arranging the Christmas holidays so that students can go to New Orleans without suffering double cuts on Jan. 2. "This will be announced later," President E. M. Waits said.

### Seniors Invite All To Skating Party

All students are invited to attend the skating party which is to be given tonight at the Roller-drome Skating Rink by the senior class, Johnnie Knowles, president, said. Announcement of the party was made by Knowles at a meeting of the group Wednesday morning in the Auditorium.

A representative of Haltom's Jewelry Store told the group about the class rings and pins which may be secured from Haltom's.

### Keep Hands Off Ornaments Or Stop Howling

Much has been said this year about the lack of decorations for the all-student dances in the Basketball Gymnasium. Three weeks ago the Student Council took action to see that there were suitable decorations for the freshman dance.

These decorations were put up with the intention of their being used for a few weeks at least. It was even hoped that they might be used permanently.

After the freshman dance they looked as if they had been through a storm. With some trimming and touching up, however, they were in fairly decent shape for the dance last week. But after the dance was over, they presented such a droopy appearance that one would have thought they had endured an entire season of wintry winds and blasts. And simply because some of the dancers thought it fun to grab the decorations to see how far they would stretch.

Students can co-operate with their student officers by keeping their hands off the ornaments and streamers and by seeing that their guests do the same. If the students cannot see that the decorations are protected, then they should stop howling for permanent decorations.

### College Youths Consider Good Manners Taboo

Among the rights of man is not included the right to elbow, shove and step on other people's toes. Yet these things are commonly done by the college student of today.

Critical, disagreeable and self-centered students are found on our campus. Even the students who are honest, efficient and willing to help others seem to think nothing of being rude. Good manners and politeness are taboo.

There are some students who are courteous only to those people who might help them. Any appreciation of their niceness is ruined by an understanding of their motive. Such a student is far from a gentleman and is often not as popular as the person with bad manners.

The student who believes that the only way to get along in the world is to be hardboiled is known to everyone. This student simply does not know the value of fineness of behavior.

Some boys and girls arrive at college with the mistaken idea that it is a weakness to be polite and courteous. Such people are a discredit to themselves, their family and T. C. U. Friends are won by politeness and gracious actions.

Courtesy is a mark of good breeding and refinement.

### Is Education Serving Its Purpose?

"When civilization has failed, education has failed." That statement presents a bold challenge and grave responsibility to the educational circles of the United States today.

There could be no better time than the present for students to stop and consider the accomplishments and failures of education. Our nation and our civilization are passing through a serious crisis. If wrong decisions are made by our statesmen and erroneous methods and standards adapted by our citizens, is education at fault?

Irma C. Voight, dean of women at Ohio University, says that educators today are facing a "fourfold challenge, that of (1) rebuilding the family as a stabilizing factor in modern life; (2) rebuilding a moral code of adequate living to replace the inflated post-war standards; (3) rebuilding a genuine patriotism which shall include both national and international loyalties; (4) rebuilding a conception of dominating spiritual forces which were shattered in the grief and despair of war devastation and desolation." Those problems present some definite goals for educational institutions to strive toward.

The political and social problems of tomorrow must be solved by the students of today. It is the aim and purpose of the school of the United States to prepare the students for the life of happy and useful American citizens. Now is a good time to take stock and see what is lacking.

### Students Wish Holidays Extended to Jan. 3

In being invited to play in the Sugar Bowl Game in New Orleans Jan. 1, the 1935 Horned Frog football team received the greatest honor ever conferred upon a Texas Christian University athletic aggregation.

Those boys who wear the Purple and White are deserving of every honor bestowed upon them. They have worked hard and taken their defeat at the hands of S. M. U. as only true sports could and it is up to us as students to show them how proud we really are of them by planning now to make the trip to the Crescent City. It is an opportunity that may come only once in a lifetime, so we must take advantage of it now.

Many students have expressed the desire to attend the game, but said that they felt that they could not afford to take the double cuts on Jan. 2, which the trip would necessitate. Twenty-eight out of 30 students questioned would prefer to dismiss school for the Christmas holidays Dec. 20 instead of Dec. 19 and not to resume classes until Jan. 3. Several members of the faculty agreed that this plan seemed most desirable to them.

If this suggestion were adopted many more students would be able to see the Fighting Frogs in one of the most important games ever to be played in the Southwest.

### Invitation Class Has 28 Members

Enrollment Is 2-Year Record—13 Boys, 15 Girls in Course.

This year's Invitation English class has 28 students, 13 boys and 15 girls, the largest number in this class for the past two years.

It is considered an honor to be invited to this class since selection is based on high grades made in high school English and on the English placement test given at the beginning of school.

These students are majoring in nearly every course offered in the University. In chemistry there are Waltham Walton and Colby Hall; biology, Walter Becker of Kaufman and Vivian Franklin; business administration, Robert Hynds, and Cary Rall.

L. A. Colquitt is most interested in French and physics, and Carl Sutton hasn't decided between mathematics and government.

Shelley Blount of Fort Worth will major in French, Jewell McCaul in public speaking.

Journalism has interest more than any other one subject with Misses Evelyn Anderson, Clara Shelton, and Frances Taylor, all of Fort Worth, and Ernest Peyton of Dallas, and Raymond Klein of El Paso.

English majors are three in number: Misses Marjorie Beatham of Mineral Wells, Annette Gardner, Clarksville, and Billie Stokes, Pomona, Calif.

Art has Misses Betty Banner and Ivy May Chollar as majors.

Miss Betty Brimm is majoring in physical education, Miss Miriam Glaze in home economics.

Don Cowan claims he is going to be a "printer deluxe." Misses Margaret Crews of Plainview and Frances Wand, and Edna Faye Chaney of Quannah, and Bill Ewell and James Ward has not yet decided on a major.

### OPEN FORUM

EDITOR'S NOTE: The opinions expressed in this column are the personal views of the writers and are not necessarily the policy of The Skiff. Students are invited to write to the Open Forum. Letters of more than 250 words are not accepted. Anonymous letters will not be published, but a writer's name will be withheld from publication if he so desires.

Dear Students:

What's wrong? Only 247 out of the 854 students enrolled in the University have had their picture made for the 1936 Horned Frog. The Horned Frogs have made the greatest football record in the history of the University and we must give them a big record in history. They are going to the Sugar Bowl—Don't you want your picture in the annual?

You have only 10 more days to have it made. Do so at once. Have your picture made at Orgain's Studio, 103 1/2 West Sixth Street.

Signed,

Jones Bacus, Editor Horned Frog.

Dear Editor:

Students let's all go down to the station at 10 o'clock next Wednesday morning and welcome home the greatest bunch of football players that ever wore the Purple and White of the T. C. U. They have received national recognition, they have been applauded by every sports writer who saw them play, and now is our opportunity to tell them that we, too, appreciate their deeds and wish them well. It doesn't happen but once in a lifetime that the institution has a real football team and when one comes along we, as students, should make the most of it. One of the reasons their success was made possible was the spirit of "never whipped."

Sincerely, we owe it to ourselves to give the team a double spirit. Moral support. We should work up a little enthusiasm over the Sugar Bowl bid and work up some PEP for our welcome for the Froggies. Go to the station if you possibly can; and also make your plans now to go to New Orleans when those Fighting Frogs meet L. S. U. in the annual Sugar Bowl classic New Year's Day. There isn't a better time to have the finale of a grand year, to ring down the curtain of the last chapter of those seniors, to really have a big pep rally. The band will be there and so will the team. Come on down and yell that old Kiff Ram—and Yea Frogs.

Yours,  
OLIN JONES.

### Thoughts In Verse

RUSTLER

He had his say,  
And his trial was brief,  
Then he went the way  
Of a cattle thief.

By the cottonwood  
Down by the creek  
They grimly stood  
To hear him speak—

It was only fair  
To allow him a word,  
But a cry of despair  
Was all they heard.

The doomed man's face  
Was deathly pale,  
But in his place  
Who WOULD not quail?

He gave up hope  
And resigned to his lot;  
They threw the rope,  
And they tied the knot;

Then they swung him loose  
And left him there  
With his head in the noose  
And his feet in the air.

He had had his say,  
And his trial was brief;  
Then he went the way  
Of a cattle thief.

—By A. L. Crouch.

### Need for Architects

Projects Are Held up for Lack of Technical Direction.

There is an acute shortage of technical assistants in architecture due probably to the recent revival of building activity, and architects in normal private practice are finding it difficult to obtain needed help. So says Lucian E. Smith, chairman of the Architect's Emergency Committee of New York in a recent report to the American Institute of Architects.

"Federal and municipal projects have unquestionably been retarded because of the lack of proper technical direction," Smith said, "as the architect only can do this sort of planning."

### Colgate President Predicts Chaps

Philanthropists and Doctors Are Greatest Sinners, Cuten Declares.

"Mankind is marching the road to destruction," said Dr. George Barton Cuten, president of Colgate, in a recent speech.

"A civilization which removes natural checks more rapidly than it fosters high controls commits suicide," Dr. Cuten declared.

"The greatest sinners are probably the philanthropists and the doctors. They have done everything they could to preserve the unfit. If anything happens to protect the race is doomed."

"Man has always had to be kicked upstairs," concluded Dr. Cuten.

### Prisoners Do Good Work

Rate Better Than Day Students In Same Classes.

Prisoners at Minnesota's Stillwater penitentiary who are enrolled in University of Minnesota extension courses have a higher scholastic average than day students taking the same courses.

Although the greater number of the prisoners enrolled have had only one or two years of high school training, their grades show that 70 per cent or more have a consistent mark of A or B, with the subjects studied falling about half and half between university and high school courses.

They are allowed to study only between 6 and 9 p. m. but 20 out of 28 prison students received A's during October, and there were no D's, E's or F's recorded.

Misses Ruth Campbell, Beulah Mae Miracle and Flora Marshall were the guests of Miss Louise Watson in Dallas during the holidays.

Miss Louise Davidson of Santa Fe, N. M., was the guest of Miss Doris Perry last week-end.

### Being Campused Is No Worry For Co-eds Living In Jarvis

DOC STALLARD reports that the BRANIFF AIRWAYS headed the FROGS off at AMARILLO with issues of the Star-Telegram and said that they would also carry issues of the paper to the Frogs at DENVER and SAN FRANCISCO . . . who said the Horned Frogs didn't rate . . .

ON THE CAMPUSED LIST . . . ANNELLE GARDNER, VIRGINIA EDE, MARJORIE BENDER and JEANETTE MANTOOTH . . . It doesn't seem to be bothering either of the four . . . they go places and do things as if nothing had happened.

THE MIDNIGHT PATROL . . . Consisted of Johnny Long, Ronald Wheeler, Jr., Buck Roberson and a couple of other frogs who very graciously patrolled the campus the night before the SMU-TOU game to see that the Mustangs didn't paint the campus up . . . Did you notice the furnace they constructed in front of the arch? . . . Just a place to keep warm . . . The fellows also used University gasoline in their patrol car to the tune of eight gallons . . . BUT . . . the University didn't know about it.

TIME FOR ANOTHER COUPLES CHECK UP AND WOULD YOU HAVE THOUGHT IT . . . JOHNNIE MAE DONOHO and TRAVIS GRIFFIN were seen conversing in undertones in the Cafeteria Tuesday night.

GRIFFIN has been rushing another JOHNNIE (WEATHERBY) since his unexpected hitting the rocks with DONOHO. . . DICK SIMPSON and MODESTA GOODE seem to be engaged in each other of late.

GOODE was seen PEEPING in a window over at CLARK Monday afternoon. . . She couldn't have been looking for SIMPSON because he was in the car waiting for her return. . . JIM WINTON (we thought he was already tagged) was seen looking at rings in the window of Shaw's Jewelry Store with EVELYN LOWE Tuesday afternoon. . . GENE COX and DOROTHY JONES are studying together now and then. . . ALVIN PACE expressed the opinion that DOROTHY was peaches and cream to him any ole day. . . PAUL SNOW (Charlie Mosshart's roommate) was pinch-hitting for CHARLIE Monday night. . . LUCY WESTER was the lady in the case and seemed capable of handling the affair ok. . .

DREW ELLIS and VIRGINIA BOONE are rumored to be heading THAT WAY. . . FRANK FLOYD makes frequent calls to Jarvis for MARJORIE BENDER. . . THREE MAKES A CROWD. . . That's what HELEN CORBETT, BETTY BANNER and a WEE LITTLE KITTY KAT seemed to be forming on the campus Monday. . . Now that is a different triangle for you. . .

FACTS FOR THE FIDDLER. . . DID YOU KNOW that your heart pumps enough blood each day to fill a tank car? . . . That President Waits' little pooch is named BUFFO and that Buffo is a French word meaning Frog. . . That GOODE HALL is like unto a morgue since the Frogs departed for California. . . It just seems dead. . . Thirty-six thousand people form quite a crowd ordinarily. . . BUT . . . not so in the case of the girl who told a boy that she saw his picture in the paper Sunday and then pointed out a white speck on the air view of the Stadium crowd to prove it. . . ONLY 12 MORE DAYS UNTIL THE CHRISTMAS HOLIDAYS. . . Isn't that just awful?

If the conductors are not too strict TOM PICKETT will see the Santa Clara game; he entrained with group from T. C. U. but he failed to purchase a ticket, or to take the money for his train fare.

RONALD WHEELER will be the sole representative of the yell leaders to California as he is also a member of the band and qualified for the trip. Best crack lately: L. ### ALONG SHOW ROW

By RAYMOND MICHERO

Show row should really sizzle this week-end with both Ina Ray Hutton and Fifi D'Orsay in town for personal appearances. Ina Ray and her Melodears will open a four-day engagement at the Worth tomorrow. Fifi, having rejoined the Earl Carroll "Vanities," will appear with that company at the Majestic for two performances tomorrow.

The "Vanities" company boasts a personnel of 75 persons, headed by Fifi D'Orsay, the famed comedy team of Clark and McCullough, Buster West, Lucille Paige and "the most beautiful girls in the world."

Charlie Carden, Worth publicity manager, promised us an introduction to Ina Ray Hutton during her appearance here, but it seems that we'll have to pass up this opportunity in favor of a trip to California. Just our luck for our one opportunity for a big trip to come when we have a chance like this. Incidentally, while in Hollywood we hope to have the opportunity of meeting Pinky Tomlin, who'll be one of the featured players in the Palace's screen offering for tomorrow, "King Solomon of Broadway." Edmund Lowe and Dorothy Paige are other principals in the picture in which are featured some of Pinky's latest song hits.

Along with Ina Ray and her Melodears tomorrow, the Worth will present "Miss Pacific Fleet," with Glenda Farrell and Joan Blondell. The midnight show tomorrow night will be "So Red the Rose," with Margaret Sullivan and Randolph Scott. The Majestic Sunday will present Claudette Colbert in "She Married Her Boss," one of the most clever pictures we've seen in some time. Joan Blondell and Glenda Farrell will show how this business of gold-digging should be done in "We're in the Money," starting Thursday.

The Palace Wednesday will present Elissa Landi and Kent Taylor in "Without Regret."

The Parkway Sunday will present George Raft in "Every Night At Eight," with Alice Faye and Patsy Kelley.

By CARL MAXWELL

UCH is life! Well, it was a swell dream anyway. All of us had our Rose Bowl tickets bought too soon. We'll just have to change them for Sugar Bowl ducats. The Southwest Conference is stepping high this year—with teams selected for both the big New Year's Day games.

Maxwell Stiles, sports editor of the Los Angeles Examiner summed up everybody's opinion last Saturday at the game with, "My Gawsh, two teams like this within 40 miles of each other!"

Did you ever see our guys miss so many of Baugh's passes? Looked like they were having a hard time keeping those bullets from knocking 'em down. Those Mustangs were really rushing Sam, and maybe he had to throw the ball harder to get it there; or maybe the receivers were just a little over-anxious; but anyway, our passing attack was far below normal.

And did you ever see such running plays as were exhibited by both teams? Statistics show that only on two or three plays ground was lost by the ball carriers. And both teams averaged close to four yards per try. That's really carrying the mail.

J. R. Smith, who got into the game late in the last quarter for the Mustangs, led the ground gainers. He averaged around seven yards the few times he carried the ball. Wonder why that "Jackrab-bit" isn't a regular? He looks far more shifty than Bobby Wilson—and faster too.

Vic Montgomery stepped out of his role as relief quarterback Saturday to fill some mighty big shoes—Jimmy Lawrence's. Vic went into the game for McClure soon after Lawrence was injured, and played a darn good game the time he was in there. You could have heard a pin drop when Monty was in the end zone waiting for that pass and some Mustang back knocked down the touchdown throw. Vic made a reputation for himself last year as a pass receiver. He's been kept on the bench playing second fiddle for Sammy, a reserve for Baugh is like a vice-president; but he'll probably play at right half again next year, and leave the relief role to the other quarterbacks and Freshman O'Brien.

Maybe you'll get tired of answering questions, but did you ever see such kicking as Sammy Baugh put on for the crowd? He kicked eight times for an average of 48 YARDS. Add the 10 yards he stands behind the line, and there is a total of 58 yards the ball traveled before stopping. That's kicking! And the placement was nothing short of marvelous. Almost every boot went out of bounds or over Bobby Wilson's head.

Visiting sports writers said they had never seen such passing and kicking in their lives.

Scott McCall filled a big hole against the ponies. Things were looking mighty black when Rex Clark and Dutch Kline were taken from the game. But Scott really filled the bill. He had one of the best ground gaining averages on the field. He came around on those reverses like he was going somewhere and made the plays go. Scott did some neat blocking and defensive work too.

## Frogs Will Fight Western Broncos In Kezar Stadium

### Rex Clark Only Man Definitely Out of Battle.

### Entire Squad Goes

### Lawrence Named by Santa Clara as Hardest Running Back Encountered.

The Frogs will take on the Santa Clara Broncos tomorrow afternoon in San Francisco resuming a battle started last year when the Broncos journeyed here to play T. C. U. in a post-season game.

The Frogs took the Californians into camp last year, by a three-point margin gained from "Tilly" Manton's field goal late in the game. The West Coast team led T. C. U. 7 to 6 most of the game until Manton iced it away.

This game was the most thrilling encounter the Frogs played at home all season, but the crowd was disappointed after the Purple had dropped a listless 19 to 0 defeat to the Mustangs the week before.

The situation is the same this year. T. C. U. lost to S. M. U. last Saturday but the battle was anything but listless. Santa Clara hasn't been as successful this year as she was last, but they will be willing to shoot the works to gain a decision over the powerful Christians. The Broncos have lost several tilts already, but all by narrow margins. Stanford University, the West's representative in the Rose Bowl, eked out a 9 to 6 victory by a last quarter field goal over Santa Clara earlier in the season.

The attitude of the Frogs toward the game is doubtful after the tough Mustang tilt of last week. It may turn out to be just another game, or the Frogs may demonstrate Southwest Conference football to the fans of Northern California. Coach Meyer took the entire squad of 40 men on the longest trip ever attempted by a T. C. U. team. Rex Clark is the only man definitely out of the battle. Jimmy Lawrence has a bad ankle and knee, but will probably play if needed. The Bronco team of last year named Lawrence as the hardest running back they had encountered all season, and did not except Stanford's Bobby Grayson.

A capacity crowd is expected to fill Kezar Stadium tomorrow to watch the famed Frog aerial attack. The game will be a great buildup for the Rose Bowl classic on New Year's Day between S. M. U. and Stanford.

## "On Wisconsin" To Be Property of Badgers

### Famed College Grid War Song's Copyright Will Fall To Wisconsin U.

(By Associate Collegiate Press) Madison, Wis.—"On Wisconsin," one of the most famous college songs in America, which has been used extensively by the Horned Frog Band in recent years, will become the property of the University of Wisconsin for the first time since it was written more than 20 years ago unless legal obstacles intervene.

Carl Beck, New York, former Wisconsin student, wrote the words for the song in 1909, and the music was written by W. T. Purdy. Purdy died in 1918.

Beck has declared that "On Wisconsin," called by John Philip Sousa "the most stirring, enthusiastic college melody I have ever heard," will be given to the University in 1937, when the present copyright expires. The song was published by a Milwaukee music firm, and neither Beck nor Purdy ever profited materially from it.

won fair and square—LAST SATURDAY.

Bobby's Wilson's fans will probably howl because he is left off this team; but there's only room for four, men, and I wouldn't trade any of the four for Wilson. Harry Shuford of S. M. U. was left off because I didn't see him in action, and I did see almost too much of Wallace. If Shuford is any better than Manton or Wallace, I apologize, Harry.

A lot of all-conference pickers have left old Jim Lawrence off their teams, but I don't see why. He's the hardest driver in the Southwest Conference. Maurice Orr, giant Mustang tackle, said during the half last Saturday to Matty Bell, "Boy, if that Lawrence comes around my side of the line again, he can just go by. I'm aching all over from getting in front of that guy."

## Rabid Mustang Rooter Cheered Team, Wilson in Same Breath

The Mustangs had a rabid and extremely loud-mouthed supporter in the press box last Saturday. He was in great glee over S. M. U.'s two touchdowns in the first half. When Bob Finley went over for their first touchdown he could hardly contain himself.

"Boy, oh boy," he screamed, "what a team! what a team! Look at that Bobby Wilson go!"

When Wilson finally justified all this vociferous praise in the second quarter by running across the Mustang goal line, this fan needed a straight jacket.

"Yea, Mustangs," he shouted, "who's got a passing attack! Look at that Wilson go!"

But this silver tongued pep squad was attacked by a bad case of coughing when the Frogs punched two

scores over to deadlock the game. But he wasn't over for the day. When Wilson made a spectacular catch of that last touchdown pass, the guy went nuts. He yelled, screamed, whooped and hollered until he was hoarse, and every other tonal revealing word was "Wilson."

After the game was over the wild-eyed enthusiast calmed down enough to turn to New York sports columnist and to fire a question, "Is this guy Wilson an all-American or not? I ast ya", is this guy Wilson all-American or not?"

"Yea, but what about Baugh?" returned Paul Gallico.

"Oh, Baugh; well, he's good, too." And the somewhat crestfallen Mustang rooter went forth from the press box muttering "Wilson, Wilson."

## Genius Is Matter Of Luck Rather Than Parents' IQ

(By Associated Collegiate Press) You may be a genius in spite of the fact that your parents' I. Q.'s were a bit on the minus side. Similarly, your undistinguished grades in quantitative analysis don't prove that your children, if any, may not be world-beaters. This is proven by the findings of psychologist H. S. Jennings of Johns Hopkins University.

The difference between the "un-bright" lad and the boy—yes, and girl—genius is decided, according to Dr. Jennings, through the play of "supplementary genes," each responsible for some trait of inherited character in the offspring. But whether these traits shall be good or bad is more a matter of luck than brains, the scientist asserted.

In the game of genetic factors, the genes may cancel one another. The end product or individual may then be brilliant or the reverse, depending upon those genes which have not been eliminated from the game by cancellation.

## Championship Game To Be Next Friday

### Juniors and Sophs Will Fight For Intramural Tag Football Title.

The championship intramural tag football game between the Sophomores and the Juniors has been postponed until next Friday because of the absence of a number of players who made the trip to California.

Prof. Thomas Prouse has announced that intramural basketball will begin immediately after the Christmas holidays. There will be two leagues of four teams each. Basketball practice will be held in the physical training classes in order to acquaint the players with the new rules.

Handball doubles and tennis doubles have reached the finals. Hays Bacus and Herman Pittman will play Johnny Knowles and Ben Ruyle for the title in the handball tournament. Carl Maxwell and Gene House take on Buck Roberson and Waller Moody for the championship in the tennis doubles.

## Insurance May be Had For Class Recitations

It is now possible for a student to insure himself against being called upon in class when unprepared. At the University of California, the rates are 5 cents per class, and if called upon, the damages amount to 25 cents.

Miss Mary Beth Holmes, ex-student of T. C. U., spent the week-end in Jarvis and attended the football game.

Miss Maurine Rice, ex-student of T. C. U., spent the week-end in Jarvis and attended the football game.

Miss Helen Crews, '30, attended the Homecoming game.

Mr. John Tom Crews, ex-student, attended the Homecoming game.

The Men's Glee Club received a letter from Major Edward Bowes this week in answer to the telegram sent him on Fort Worth night on his program.

The letter was signed, "Thanks and kindest regards, Sincerely yours, Major."

## Campbell to Coach Swimming

Ned Campbell, new coach of the varsity swimming squad, has announced that practice will be held at 4 p. m. every day except Saturday.

## Upper Classmen are Dumb Along With Fish

## Ponies Win 20-14 In Frog Battle

### S. M. U. Makes Winning Score With Pass for 36 Yards.

The Frogs were dropped from the ranks of the undefeated and tied teams last Saturday when the S. M. U. Mustangs defeated them in a brilliant offensive battle to win 20 to 14.

The winning touchdown came via the aerial route—a pass from Bob Finley to little Bobby Wilson. The toss came on the fourth down and was good for 36 yards.

The game was a thriller all the way, and the winner wasn't settled until the final gun. Two touchdowns were made in the last quarter, one for the winning six points.

## Mustangs Score First.

The Mustangs started out as if the game would be a race track—scoring a touchdown in the first quarter and another in the second and kicking both extra points before the Frogs were able to get going. Finally T. C. U. scored late in the second period when the Mustangs got off a bad kick to their own 25 yard line. Baugh passed to Walls for a first down on the Mustang six-yard line, and a couple of plays later Jimmy Lawrence went over for a touchdown. Walter Roach kicked the extra point.

The game see-sawed back and forth throughout the third quarter with neither side scoring. But early in the last period, the Frogs drew blood again. They marched four from their own 45-yard line to the goal after intercepting a Pony pass by a series of passes and runs. Jimmy Lawrence again scored—catching a short bullet pass from Sam Baugh. Roach kicked goal to deadlock the score.

## Winning Pass Made.

The Mustangs then took the ball straight to the Frogs' 36 yard line where they bogged down. They lacked forty yards of a first down on fourth down, and they decided to gamble all or nothing. Finley dropped back behind perfect protection to hurl a pass that was taken by Wilson who raced over from the Frog 2 yard line. Maurice Orr, Mustang tackle, failed to kick the extra point.

The Frogs made two threats to score but never could get their aerials to click when pay dirt was in sight. They advanced to the Mustang 35 on both threats. They had just completed three straight forward passes when the gun sounded ending the game on the S. M. U. 35.

Wilson made two touchdowns for the Ponies while Lawrence scored twice for the Frogs. Finley made the other S. M. U. score.

## All-Americans Meet

Four potential all-Americans met on the field. Sam Baugh and Darrell Lester for T. C. U., and Wilson and Truman Spain for the Mustangs. S. M. U. is undefeated for the year so far in all contests. They play the Texas Aggies tomorrow at College Station to cinch the Southwest Conference title. They need a tie to win. The Mustangs already have accepted the invitation to be Stanford's opponent in the Rose Bowl Jan. 1.

## Peculiar Facts Are Discovered In Test Papers

There may be something to the American theory of universal college education, and then again—

Here are some of the answers that turned up in a recent University of Missouri quiz:

Q. What experiment led to the establishment of the Mendelian law?  
A. Cutting the tails off mice and breeding them.

Q. What do we learn from astronomy concerning our physical universe?  
A. Many astronomers have tried to discover ways so that we could actually catch a star but as yet it is a impossibility. They also have discovered that the clouds are coming down closer and that some day we might actually be able to discover just what a cloud is composed of.

Q. What was Peter Lombard's theory of the universe?  
A. Peter Lombard thought the earth was a sphere and that he had absolutely gone all over every point and that he couldn't possibly be wrong.

Q. What is the best-known pre-scientific theory of the origin of the earth?  
A. The story of the Bible. The difficulty of this theory is that it would be a mighty strenuous job to create a world in six days.

The pre-scientific theory is that the earth broke off the sun. The difficulty is that the sun is not explained.

## T. C. U., S. M. U. Get Publicity

### N. B. C. and C. B. S. Both Carry Direct Account of Game.

T. C. U. and S. M. U. received publicity from everywhere when they met in Fort Worth last Saturday. Both C. B. S. and N. B. C. carried play by play accounts of the game.

The Warner Brothers Broadcasting station, KFWS, Hollywood, had a six station hook-up and picked up the play-by-play report by telephone from the T. C. U. press box.

Two local announcers, Hal Thompson and Guy Savage of KFJZ, worked at this end of the line. The results of this broadcast were reported satisfactory by West Coast fans.

Miss Welch will play the title role of "Mary the Third."

Freshmen, Take Heed  
The freshman handbook at Harvard contains the following caution, "Don't, if you are in lodgings, get too familiar with the landlady's daughter, as she is probably more clever than you are. With other men's landlady's daughters you may be less particular, but even then, take care."  
Miss Josephine Walker has gone to California to attend the Santa Clara-T. C. U. game.

## Freshmen to Don Overalls, Gingham Dresses for Dance

BY ROSEMARY COLLYER

There is something new and different under the sun. The freshmen have the right idea, all right. A dance without dates for their class members to get acquainted. Regardless of all that may be said it is difficult for a freshman class to really get acquainted until their sophomore year.

The dance, which will be a Mary Jane affair, is to be held tomorrow night in the Gymnasium. There are to be no dates, everyone is out on their own hook, so to speak for the entire evening. Admission will be 15 cents per person, and will be from 8 to 11 o'clock.

Overalls and gingham dresses will be the correct garb to wear. The girls will probably wear anklets, Mary Jane shoes and hair ribbons. Girl tag dances and Paul Jones dances will help to keep the affair going. Speaking of the dance, no one but members of the freshman class may attend, which leaves the upperclassmen entirely out of all the fun. We'll have to think of something else to do.

The Gymnasium will be decorated for a barn dance with autumnal motif. Miss Helen Corbett, one of the popularity candidates from her class is chairman of the decorations, committee with Miss Betty Banner, Miss Dorothy Pope, Miss Martha Fallis and Clyde Gibbs and Roger McLeod as her assistants.

The floor committee consists of Miss Thelma Culbertson, chairman, with Miss Anne Whitley and Durwood McDonald as her assistants.

Officers of the class are: Ki Aldrich, president; Bruce Givens, vice-president; Miss Shelley Blount, secretary-treasurer and Miss Modesta Good, social chairman.

Otto Nielsen, sponsor of the class, and his wife, Martha Jane Nielsen will be the chaperones.

For once, the freshman class seems to have come to life. Keep up the good work and really make this dance the huge success that it should be.
