VOLUME 34

Better Conduct At Games Urged By S.W. Officials

McDiarmid and Conference's Secretary Voice Pleas.

Coach Gives View

Players and Student Leaders Favor Move for Good Sportsmanship.

In an effort to create an atmosphere of good sportsmanship and proper behavior at basketball games during the coming conference season, Prof. E. W. McDiarmid, president of the Southwest Athletic Conference, and J. T. McCants, secretary-treasurer of the same organization, have sent letters to faculty representatives, coaches, officials, sports writers, student leaders, yell leaders and many others concerned, asking for their cooperation.

The situation at T. C. U. has been on the whole fairly acceptable, with the student body being open to severe criticism upon only one or two occasions during the last season. "Booing" the officials, excessive noise during free throws and smoking were among the most serious offenses.

Meyer Rape Conduct.

Coach "Dutch" Meyer, when asked his opinion on the question, replied, "The conduct at basketball games in the past has not been what it should have been, and I think there is much room for improvement. However, that is up to the students, and we hope they will co-operate with us in securing and maintaining the highest type of sportsmanship at the basketball games this year."

Prof. McDiarmid said that he would be very happy if T. C. U. would set the example for other universities by obeying good sportsmanship rules at the contests.

Player Gives Opinion.

"Smoking during basketball games prevents easy breathing. Booring has a bad influence on the officials," is the opinion of L. D. Meyer, basketball letterman.

Melvin Diggs, president of the student body, condemned the booring of officials and the opposing team by T. C. U. students.

"The players detest a dirty player, and that is exactly the way they regard the spectators who boo the other team or the officials. Members of the team are willing to accept the rulings of the officials, so why shouldn't the spectators?" Diggs said.

"Noisy conduct at basketball games is poor sportsmanship and is unfair to the players," was the comment of Dick Simpson, vice-president of the student body.

Miss Ruth Campbell, who serves as secretary-treasurer of the student body, is of the opinion that "Booring is unbecoming a student body holding a record of good sportsmanship such as that held by T. C. U."

Content of Letter.

The letter which was issued by the officials of the Southwest Athletic Conference reads as follows:

"We recognize the fact that it is extremely difficult to secure and maintain the highest type of sportsmanship procedure in our inter-collegiate contests, but we have succeeded so well in this objective hitherto that we are encouraged to issue this appeal for better behavior on the part of spectators who will attend conference basketball games during the season now beginning."

"Will you not join with us in this effort? The matter is almost entirely in the hands of the local management. We have no particular suggestions to make. Your own good judgement will prompt you to take whatever steps will be conducive to an improvement of the conditions needing corrections."

Band Not P. T. in Spring

"Playing in the band does not count toward the physical training requirement during the spring semester," Registrar S. W. Hutton said today, in a word of caution to the members of the Horned Frog Band.

Louisiana Lady Raps Our Prexy For Taking Bowl

In a letter written by a Louisiana woman to President E. M. Waits, T. C. U. has been accused of violating the rules of patriotism by accepting the Sugar Bowl trophy, since it is of English origin.

The writer, "a descendant of one of the first converts to the religious principles of Alexander Hamilton," protests against the reward on the grounds that the trophy emanated from George IV of England.

"If America has fallen so low in patriotism as to accept such an insult to the memory of George Washington," the letter reads, "then you should have required that the loving cup of George be wrapped in a darling British flag."

The Louisiana protestor suggests that it would be far better that you accept a piece of Mayan pottery, Hailie Selassie coconuts, a vase from the ruins of Pompeii, or a bathtub from Greece, all of which would be less insulting to George Washington than a moment of that dates back to the early struggles of a young republic.

The situation at T. C. U. has been on the whole fairly acceptable, with the student body being open to severe criticism upon only one or two occasions during the last season. "Booing" the officials, excessive noise during free throws and smoking were among the most serious offenses.

Meyer Rape Conduct.

Coach "Dutch" Meyer, when asked his opinion on the question, replied, "The conduct at basketball games in the past has not been what it should have been, and I think there is much room for improvement. However, that is up to the students, and we hope they will co-operate with us in securing and maintaining the highest type of sportsmanship at the basketball games this year."

Prof. McDiarmid said that he would be very happy if T. C. U. would set the example for other universities by obeying good sportsmanship rules at the contests.

Roberts Chairman For Federation At 1936 Meeting

Attends Convention of Students of America In Kansas City.

Reports Group Ideas

Casts Only Dissenting Vote In Resolution Favoring Neutrality.

Harry Roberts, T. C. U.'s delegate to the National Student Federation of America, has been appointed chairman of the annual meeting to be held in Dallas next year.

Roberts, who attended the convention in Kansas City, Dec. 27-31, was appointed by Arthur Northwood of Princeton, president of the federation. Delegates to the meeting, representing 150 colleges, also elected Roberts as co-chairman of the southern regional convention of American colleges, which will convene in Nashville or Memphis in April.

In a resolution passed favoring neutrality, Roberts cast the only dissenting vote. He maintains that neutrality has never been successful, that only through co-operation may we stay out of war. He fears that a resolution favoring neutrality might seem to oppose the League of Nations.

And if student sentiment seemed strongly to favor neutrality, Roberts asserted, "legislators might not attempt co-operation, but continue with neutrality action. Today it is impossible for any nation to cut off its connections with other nations and we cannot impose those embargoes with any degree of success. Co-operation is the only way to world peace."

Bob Grayson, Stanford fullback, is the only man who has made the official team two years in succession, and he was generally conceded to be the choice as captain. But Lester received a majority.

**The Conference Invites.
Do You Accept?**

The editor of The Skiff this week received a letter from the Southwest Athletic Conference requesting that this paper aid in securing the help of the students in maintaining the highest type of sportsmanship at basketball games to be played here this season.

Will you not join with us in this effort? It is entirely up to the students. Anyone can boo the referee, but not everyone can see two sides of every question. When the referee makes a decision, remember that he is calling the game. Remember that the coaches of both teams agreed as to who the referee should be and accept his decisions as he gives them.

Cooperation is the key to the success of any team, and the students must cooperate with the team if they want it to win. Think it over and remember that the president of the Southwest Athletic Conference is Prof. E. W. McDiarmid of Texas Christian University. All the more reason why students of Frogland should lead the entire conference in maintaining the highest type of sportsmanlike procedure in our intercollegiate contests.

**Is Social Limitation
Coming to End?**

Has the faculty social committee at last reached the conclusion that the ruling which limits social activities to Friday and Saturday nights puts too many limitations on the students?

During the week preceding the Christmas holidays, the ruling was lifted—and the entire week left open to social activities. There have been other occasions during the past semester when the rule was lifted to permit organizations to have special social functions.

These retractions of the rule are looked upon by students and leaders of campus organizations as steps toward a more liberal social program. It is hoped that the faculty group, seeing that the ruling is not a practical one, will take action with the Student Council in modifying it or replacing it with one more satisfactory to the students.

The Student Council is expected to take action on the ruling at its next meeting. It is hoped that the council and the faculty committee will be able to co-operate in altering the social program to such an extent that it will be workable.

For what is the need of having rules which are impractical and which, through common sense, must be removed from time to time in order to permit some organization to have a deserved social meeting?

**How Proud Is T. C. U.
Of the Sugar Bowl?**

The Fighting Frogs came home from their Tiger hunt with the Sugar Bowl, and every member of the student body, the faculty, and all others connected with T. C. U. offer them the heartiest of congratulations.

In the past, members of T. C. U. athletic teams have won many trophies which bear evidence of superior ability in the athletic world. These emblems of the Frogs' success are stored away in trophy cases in a poorly lighted room of the Gymnasium, which is frequented only by those who are already familiar with the trophies.

Of 20 first-year and transfer students questioned, only eight knew where the trophy cases are located, and several students remarked that they happened to see the cases when they went to the Gymnasium for their physical examinations the first week of school. Twelve of 20 old students knew where the trophies were, but most of them had seen them only once or twice since enrolling at T. C. U.

Now that the Sugar Bowl, the most beautiful trophy of all, has been added to the collection, it seems that it would be well to place it on display at the opening basketball game Saturday evening. After that the entire group could be shown to distinct advantage in one of the alcoves of the Mary Couts Burnett Library.

We are proud of the trophies the Horned Frogs have gathered. Why not put them in an advantageous place?

**The Day of Reckoning
Is Drawing Near**

Some persons take delight in telling classmates that they never study their lessons, but the time is drawing nearer and nearer when these persons are going to regret the fact that they could not find time to do at least a little studying. The dreaded examinations are close at hand.

From now until the end of the month it would be very wise to study diligently whenever possible. One night of cramming just isn't long enough to learn a whole term's work. It isn't even long enough to learn just what the teacher is most likely to want to know about. If the term "cramming" is preferred to the more dignified term of "reviewing," the cramming had better begin today.

Distractions from study are frequent and many, but now is the time to apply the art of concentration. It is nice to stop reading the English lesson and listen to the favorite orchestra play the favorite piece. Telephone conversations and talking with friends is enjoyable. Concentrating on the lessons, though, will do much more good.

ALONG SHOW ROW

By RAYMOND MICHERO

Any person who fails to see "Magnificent Obsession" during its four-day engagement at the Worth starting tomorrow, should resolve to kick himself every day until the picture comes back to Fort Worth for a return engagement. As one of a number of guests invited for a special screening of the picture Wednesday night, this writer left the theater with the firm intention of returning to see the film this weekend and of reading the book.

Taken from the novel by Lloyd C. Douglas, the picture is one of the most intriguing ever filmed. Irene Dunne and Robert Taylor give splendid performances in the leading roles, with Charles Butterworth providing much wholesome comedy. The book, which is now in its forty-second edition, is said to have been a success to the tune of 300,000 copies. After seeing the picture, we believe it.

"A Tale of Two Cities," the famous story of the French Revolution, by Charles Dickens, will be the Worth's midnight attraction tomorrow night. Ronald Colman, Elizabeth Allen and Edna May Oliver have the leading roles. "Three Lives Ghosts," with Richard Arlen, will open a three-day engagement Wednesday.

"Seven Keys to Baldpate," the famous story by Earl Derr Biggers, will open at the palace Saturday. This is one for those who like their spooks and mystery. Gene Raymond, Margaret Callahan and Eric Blore have the leads. The Palace Wednesday will come through with the first air thriller to be shown in Fort Worth in many months. It is "Storm Over the Andes," with Jack Holt and Mona Barrie.

Cecil De Mille's famous \$2,000,000 spectacle, "The Crusader," will be shown at the Majestic for four days starting today. Henry Wilcoxon and Loretta Young lead a cast of several thousand persons. A gangster story, "Dr. Socrates," with Paul Muni and Ann Dvorak, will start Monday for three days. It will be followed Thursday by the week's only musical, "It's in the Air," with Jack Benny, Nat Pendleton, Una Merkel and Ted Healy.

COTTON HARRISON doesn't have the right technique, says JEANETTE MANTOOTH . . . GIVE ME THE JOE REEDER TYPE . . .

Did you know that Mrs. Georgia Harris, stewardess in the Cafeteria, has supervised the serving of 2,231,250 meals since she started working in the Cafeteria 17 years ago?

I went down to see Mrs. Harris about something and asked her a couple of questions and got so interested in Cafeteria facts, etc., that I found out a lot about what is and has been happening in the cafeteria.

The Cafeteria to Mrs. Harris is just what a hobby would be to most other people. She really takes pride in feeding students, and when she hears them fussing about the food or something, she just remembers when she was a student and looks over it.

The way I found out how many meals have been served in the Cafeteria for the past 17 years is this:

Some years the students eating in the cafeteria have numbered as many as 500 and other years as low as 250. Taking an average of the number of students who have eaten in the cafeteria during the past 17 years, I found it to be around 175. Multiply this by three, the number of meals served per day. Then multiply by 250, the number of days in a school year allowing 20 for holidays, and multiply this by 17, the number of years that Mrs. Harris has been stewardess in the Cafeteria. The total is 2,231,250.

"We have about fifty more eating in the cafeteria this year than we did last year," Mrs. Harris said.

The amount of food necessary to feed the present number of students eating in the cafeteria per day averages something like 250 pounds of meat, 65 loaves of bread, 15 gallons of coffee, one case of eggs, 10 boxes of cereals, one gallon of hot tea, 400 half-pint bottles of milk, 30 heads of lettuce, dessert for 250 students twice a day, 21 pounds of butter, one case of tomatoes and many other smaller items.

"There is something wrong with your ability if you don't get enough to eat," Mrs. Harris said. It surely is here for you."

Miss Eula Lee Carter spent the holidays in Laredo and Nueva Laredo, Mexico.

SHORTY'S SPORTS PLANTS

By CARL MAXWELL

Sugar Bowl champs! The Frogs wound up their most successful season in history with a long-to-be-remembered victory over the L. S. U. Tigers.

T. C. U.'s surprising victory in the face of adverse predictions and the Mustangs' defeat after blowing off all over California made many experts say that maybe the wrong Texas as eleven was in the Rose Bowl. Anyway, Grantland Rice predicts that if the Frogs and California U. have good seasons next year, they'll perform at the Tournament of Roses in 1937.

A lot of persons say that the rain down in New Orleans was a help to the Frogs. A paper quoted Jimmy Lawrence as saying our boys would have pooped out on a clear day; that the rain kept them from wilting. But it must be remembered that the Frogs kept one of their best offensive offerings in the bag-forward passing. Only eight aerials were tried—three completed.

It looked as if the Tigers went pass crazy. They threw the ball all over the lot, but it didn't get them anywhere. Only three of 21 L. S. U. passes were good. One throw looked plenty good—it was a long one from Mickal to Barrett, and Sam Baugh happened to be at the right spot to catch the receiver on the 2-yard line. The ball went over on downs to the Frogs after a soul-stirring back to the wall defense that ended on the one-inch line.

To pick out individual stars in such a multitude of stellar performers is next to impossible. Baugh probably was the outstanding man on the field. But the most surprising game was turned in by sophomore Jack Tittle. Not that his ability is in any way being belittled now. But half the Fort Worth rooters' hearts sank when Darrell Lester was taken from the game. Lester never has been taken out in such a crucial moment—his sub do their playing when the game is let away. The way Tittle took command of things was a sight to behold. He didn't make a single miscue and was sensational on defense.

Bob Harrel, another sophomore, also came through in a big way. After Kline was injured, Bob took over the left halfback job and held it down like a veteran.

Every member of the squad that got in the game had a hand in caging those Tigers. Kellow, Harrison, Rogers, Groseclose, Ellis, Godwin and all the ends teamed up to give L. S. U. ball toters the dicens.

A lot has been said about the punk quarterbacking when L. S. U. made their safety—Baugh was knocked out of the end zone while attempting to pass. I think we were lucky to get off with two points instead of a possible touchdown. Those Tigers really rushed Sam on that play, and if he'd been trying to punt at that moment, he'd have had a tough time. Of course, the blocking assignments aren't the same on punts and passes—a kick might have gotten by all right, but then again . . . Anyway, if the pass had been good, Sam would have been a SMART quarterback.

Tilly Manton gets extra special mention for kicking that field goal. Tilly says he had a feeling it was going to be good—but there were several thousand fans in the stands who had no such "inside" information and were vastly relieved when the pigskin sailed over the bar.

Further proof that Manton was overlooked when honors were dashed out came to light a few days ago. In 126 tries, Tilly has gained 410 yards for an average of 3.07 per try. And he was about half the Frog defense.

Jimmy Lawrence will leave a big hole in the 1936 Purple grid machine. No one will ever fill that right half position like "Squarehead." It's a sight to see him bow his neck and bowl over would-be tacklers.

Has everybody seen Vic Montgomery's pipe (or is it a funnel)? Looks like Vic is in training for next year already. Tilly Manton tried to smoke the mammoth affair Monday afternoon and got so tired of carrying it around he had to quit. Monty will really have endurance and strength if he keeps the thing.

Frogs Face SMU In Opening Game Tomorrow Night

Late Football Games Throw Both Behind in Training.

12 On Varsity Squad

Walls, Roach, Meyer, Baugh and Saam, All Veterans, Likely Starting Team.

The Frog basketeers will open their 1936 schedule tomorrow night in the Fieldhouse with the S. M. U. Mustangs as opponents. Both teams started working out weeks behind other conference teams—being busy preparing for Rose Bowl and Sugar Bowl football tilts on New Year's Day.

The conference schedule was set back by officials because of T. C. U.'s and S. M. U.'s late start. Rice and Baylor opened the season Tuesday night at Waco with the Owls winning—a thriller from the Bears, 35 to 33.

Coach Dutch Meyer can put a team of veterans on the floor against the Mustangs tomorrow night in spite of the absence of Darrell Lester, two year letterman at the center hole. All the men are in fair condition—having just finished a hard football schedule.

The first team will probably be made up of Capt. Willie Walls, center; L. D. Meyer and Walter Roach, ends; and Sam Baugh and Byrum Saam, guards.

Vernon Brown, letterman of last year, has been working out for two or three weeks and will get into the line-up early in the game.

Twelve men are trying out for the varsity. Other members of the squad not lettermen are: Bruce Strafford, squadman; Glenn Roberts, junior; Jay Smith, Clifton Cowan, Bob Harrel and Aubrey Linne, sophomores.

Cowan, Linne and Smith, all tall boys, are likely to play a lot before the season is over.

Although S. M. U. started practice sessions late also, they are favored to take tomorrow night's tilt. The Mustangs tied with Arkansas and Rice for the conference title last year and will place another fast club on the floor this season.

Sophs Receive Grades On Nationwide Test

Department Heads Are Given Detailed Report Showing Student Records.

Letters showing the percentage rankings in the several subjects in the nationwide sophomore test of last April were sent out this week to students who took the test.

Approximately 15,000 sophomores in the United States took the test at the same time. The grades were given in percentages, comparing each student with the rest of the group.

Students taking the test have been advised to use the information obtained in choosing their majors and minors. A detailed report showing each student's records has been sent to the heads of the various departments.

Gresham Will Have "Salvation" as Topic

The Rev. Perry E. Gresham will have as his topic "Salvation" at the morning hour of worship Sunday at the University Christian Church. He will speak on "Symbolism" at the vesper services at 5 p. m.

"The Age of the Earth" will be Dr. Gayle Scott's subject at the Meliorist Club, which will meet at 8 o'clock Sunday evening at the church. Miss Joline Robertson will give some special music.

Miss Christine Lennox spent the week-end at John Tarleton Junior College, where she is a former student.

Dick Crews spent the week-end at his home in Dallas.

Miss Imogene Townsley spent last week-end at her home in Dallas.

Princeton Freshman Rivals Quintuplets

Mystery Man Turns Out to Be Five Frosh and a Political Hoax.

(By Associated Collegiate Press) . . .

Ephraim E. Di Kahble, Princeton freshman who furnished a nine-day mystery to students and townspeople here, has been unmasked.

"Di Kahble" is five members of the class of '39 who had the notion that by giving their "man" a big enough build-up, they could elect him treasurer of the freshman class, to the confusion of the university authorities.

Newspaper advertisements offering \$10 for a football ticket, a ride to the Yale game for a number of undergraduates, "for their company," and an ad asking for an orange and black guinea pig constituted the build-up.

A New York evening newspaper unwittingly helped the hoax along by carrying an interview with Di Kahble, but the plot fell through when student suspicion was aroused by an advertisement in The Daily Princetonian asking for old razor blades "for melting purposes."

U. of Pa. to Begin \$10,000,000 Drive

To Start Raising Funds Next Year to Help Maintain Noted Faculty.

Plans to raise \$10,000,000 for the University of Pennsylvania have been announced, the drive to begin next fall and to be concluded in 1940, the university's 200th anniversary year.

Three general objectives have been outlined by President Thomas S. Gates:

"First, to raise endowment funds for maintaining a distinguished faculty at the university.

"Second, to obtain funds essential for library and laboratory facilities and research in order that these scholars and scientists may be assured of the equipment essential to the accomplishment of the best results.

"Third, to make adequate provision for attracting and maintaining a student body of the highest quality by means of scholarship funds and by improving the physical environment for student extracurricular activities."

Miss Christine Lennox spent the week-end at John Tarleton Junior College, where she is a former student.

Dick Crews spent the week-end at his home in Dallas.

Miss Imogene Townsley spent last week-end at her home in Dallas.

Linton Jackson,

W.A.A.'s Begin Leap Year Right With Invitation Dance

BY ROSEMARY COLLYER

The Women's Athletic Association will open the social activities of the new year with their annual dance to be held tomorrow night in the Basketball Gymnasium immediately after the T. C. U.-S. M. U. game. This certainly seems appropriate since this is, after all, leap year.

The general president of this organization has somewhat of a job on her hands what with trying to make some 108 girls make up their minds about dates and stages, but she handles them good naturally but firmly and as a result really gets things done. She is so popular with her girls that this is her second year as their president. "Bill," as she is called, is in truth Miss Willie C. Austin.

Miss Wynelle Moxley and Miss Mary Frances Umbenhour are vice-president and secretary-treasurer respectively of W. A. A. The council is made up of the officers who have already been mentioned, and the various sports managers who are: Misses Virginia Clark, Lois Atkinson, Mary Frances Hutton, Clemence Clark, Maurine Rice, Eugenia Chappell, Marguerite Rice, Jean Fallis, Rosemary Collyer, Evelyn Lowe, Martha Cecil Graves and Mrs. Kathryn Kline.

Chaperones Named

Chaperones for the affair will be Mr. and Mrs. L. R. Meyers, Mr. and Mrs. Raymond Wohl, Mr. and Mrs. H. S. Vaughn, Mrs. Helen Murphy and Miss Eula Lee Carter.

Elmer Seybold will be master of ceremonies. Melvin Diggs will be at the door to accept the invitation. The floor committee includes: Paul Snow, Olin Jones, Ray Wester and Buck Reeder.

The guests have been invited purely by invitation and none will be admitted who cannot produce said invitation at the door when he arrives. If you gentlemen who have not been invited as yet do not step lively, then it will just be too bad when tomorrow night rolls around.

Members of the invitation committee are Misses Austin, Moxley, Umbenhour, Atkinson, Helen Corbett and Evelyn Lowe.

The Dictators will play for the occasion. Because of the basketball game there will not be any decorations.

108 Members

Members of W. A. A. are: Misses Helen Adams, Evelyn Anderson, Mable Jo Archer, Barbara Anne Arnold, Josephine Arnold, Lois Atkinson, Willie C. Austin, Frances Ballenger, Marjorie Beetham, Jessie Bell, Birdie Bell, Edith Blakeway, Betty Brimm, Virginia Boone, Betty Banner, Lenore Clifford, Katherine Clinger, Elizabeth Cox, Virginia Clark, Betty Ruth Curtis, Vanabel Clark, Clemence Clark, Margaret Crews, Maxine Cutter, Edna Faye Chaney, Josephine Carroll, Helen Corbett, Anna Cauker, Ruth Campbell, Rosemary Collyer, Ruth Daggett, Johnnie Mae Donohof, Ruth Duncan, Virginia Ede, Lu Ellen Evans, Millie Fearis, Jean Fallis, Martha Fallis, Dorothy Farrington, Anna Louise Garrison, Annelie Gardner, Mrs. Maurice Grove, Jeanette Hicks, Bee Holifield, Mary Frances Hutton, Elizabeth Huster, Jo Beth Hansen, Jerry Hancock, Mary Claire Hudgings.

Ann Hughes, Dorothy Jordan, Gladys Jones, Ruby Faye Jones, Kathryn Kline, Laura Kile, Evelyn Lowe, Sybil Levy, Thelma Lancaster, Lockie Mae Miller, Betty Morgan, Mary Elizabeth McConnell, Joy Michie, Helen Miellmier, Sybil McGuire, Helen Moody, Wynelle Moxley, Jeanette Manooth, Zona Miller, Jo Ann Montgomery, Grace Matthews, Ruth Neal, Elberta Peach, Mattie Passmore, Doris Perry, Frances Pace, Marguerite Rose, Maurine Rice, Marguerite Rice, Louise Roper, Clara Fay Russell, Mary Agnes Rowland, Winona Rowland.

Fay Starley, Margaret Sayles, Betty Shipp, Billie Stoker, Mildred Smith, Virginia Schell, Rosemary Sigmon, Louise Shirley, Rheba Strube, Helen Stubbs, Edna Mae Tedford, Ansel Travis, Frances Taylor, Emily Taylor, Mary Frances Umbenhour, Jessie Ellen Van Horn, Anne Whitley, Lucy Bess Wester, Lulu Dell Wiloughby, Maxine Whitten, Marion Wheeler, Kathryn Swiley and Jimmie Miller.

Invitations Issued to Men

Invitations have been issued to Vic Montgomery, Jimmy Lawrence, Chas. Mosshart, James Tribble, Ray Wester, Ben Bussey, Mason Mayne, Travis Griffin, Jones Bacus, Lincoln Walker, Ed Pritchard, Howard Jones, Elliott Phares, Jimmy Wolff, Vernon Brown, Bill Dingledine, John Hall, Pete Becker, Carl Maxwell, Darrell Lester, Bill Walls, Brad Snodgrass, Tommy Allen.

Phi Sigma Iota Group To Discuss Legends

Spanish and French legends will be discussed at the meeting of Phi Sigma Iota to be held at 7:30 o'clock Monday night at the home of Miss Eula Lee Carter, 1704 West Second Street.

Poets to Work On Anthology

There will be a called meeting of the Poetry Club at 2 p.m. tomorrow in the library, to prepare poems for publication in the anthology.

A. L. Crouch, president of the club, has asked that all members attend, as the work must be finished this month.

Home Ec. Club to Meet, Wednesday

The Home Economics Club will meet at 2 o'clock Wednesday afternoon in the home economics room.

Club Presidents and Sponsors Express Views on Effect of Social Ruling

The following are quotations from some of the written statements made to The Skiff by the presidents and faculty sponsors of various campus organizations, concerning the effect which the new calendar ruling limiting social activities to Friday and Saturday nights has affected their clubs. The Student Council asked The Skiff to make a survey of the organizations in order to determine whether the ruling has been a success or a failure.

The social calendar as it now stands has seriously affected the Dramatic Club, in that our business meetings and socials are all scheduled on Friday nights. Our club draws from every class and group on the campus, and it is impossible to conflict with pep rallies, Bryson Club and many banquets, etc., on Fridays.

The Dramatic Club has had one meeting this year (and that a small one preceding the dance); others have been pushed aside by pep rallies, and such a check up showed that four of our thirty members would be able to come. I am heartily in favor of letting dates be fixed by the student officers, who can be trusted to use discretion and at the same time get all meetings and socials arranged.

Ruth Connor
President of the Dramatic Club.

The present social program of restricting social activities to Friday and Saturday has made the Parabola change several programs. I do not know whether it has restricted its social program to a great extent. The social chairman has made some complaint, but no serious objection.

C. R. Sherer
President of the Dramatic Club.

The musical organizations, such as the Music Club, the orchestra and the band have few social functions, since the membership participates in furnishing entertainment and music for a large number of programs at T. C. U. and in the city.

Claude Sammis
President of the Dramatic Club.

So far the social calendar has not affected the "T" Association.

Wilson Groseclose
President of the Dramatic Club.

The Mavericks have been forced to cut down on their planned activities because of the new social calendar. It is difficult to find a night when all the members can attend, because of the numerous activities.

Dorothy Luyster
President of the Dramatic Club.

I find that though Friday and Saturday night parties help in leaving week nights open for study, it inter-

Memory Work's Best After 24-Hour Lapse

Professor Claims Sleep and Labor Should Be Divided During Day

(By Associated Collegiate Press)

"If a person memorizes certain material perfectly and goes to sleep immediately afterward, he will recall more of it and also relearn the whole task more economically after a lapse of 24 hours, than if he waits even a few hours before he goes to sleep," said Dr. H. M. Johnson, professor of psychology at the American University in Washington, D. C., in a lecture at Cornell recently.

Experiments showed that students could more easily recall and relearn material they had learned and partially forgotten, if they first slept for eight hours and then worked for 16 hours, than if they distributed rest and activity in any other way during a 24-hour period.

Two hypotheses have been advanced in explanation, Dr. Johnson said. The "hardening" hypothesis suggests that one's brain is inactive during sleep, and being free from disturbance, offers recent impression a chance to "harden." The "reverberation" theory holds that the brain active in sleep, in the sense that the recent excitations tend to revive themselves, or "reverberate" so that one actually rehearses the recently learned tasks and gets the benefit of additional practice.

Neither is positively feasible, Dr. Johnson said.

Mrs. Bryson Honors Former Teacher

Mrs. Artemesia Bryson entertained Mrs. Ted Smits of Los Angeles at a tea Sunday afternoon at her home, 2917 Princeton. Mrs. Smits, the former Anna Mary Wells, of Dallas, formerly attended T. C. U. and was instructor in English in 1927-28.

Phi Sigma Iota Group To Discuss Legends

Spanish and French legends will be discussed at the meeting of Phi Sigma Iota to be held at 7:30 o'clock Monday night at the home of Miss Eula Lee Carter, 1704 West Second Street.

Poets to Work On Anthology

There will be a called meeting of the Poetry Club at 2 p.m. tomorrow in the library, to prepare poems for publication in the anthology.

Home Ec. Club to Meet, Wednesday

The Home Economics Club will meet at 2 o'clock Wednesday afternoon in the home economics room.

fers more than it helps. The concentration of party meetings on two nights in the week causes a conflict on the part of those who belong to several clubs. Many times the party or social has to be suited to the individual needs of the members of the club, and to offer only two available nights for the party is not enough. My own personal feelings about the matter are that there should be no set nights for social events.

Everett Gillis
President of the Dramatic Club.

While the Music Club has not tried to engage in many social activities, the choices we have made on the social calendar so far have interfered with other programs or activities in the city or on the campus. I believe more nights for social activities would permit better organization of all campus clubs and groups.

Elton Beene
President of the Dramatic Club.

Members of the F. F. F., finding that it was difficult to arrange our activities so as to have our socials on Friday nights, have decided to suspend social activities until a later date.

Harry Roberts, President of the Dramatic Club.

Due to the Saturday night dances, the new rule concerning social meetings of student clubs practically limits such meetings to Friday nights.

It seems to me there is no evidence needed to support the statement that this makes inevitable conflicts which are most inconvenient—conflicts between two or more student groups; conflicts, so far as faculty sponsors are concerned, between campus meetings and outside affairs.

As faculty sponsor of the Dana Press Club, once this year I drove 200 miles (round trip from Waco, Texas) in order to be present at a picnic which HAD to be held on Friday night. We started the picnic at about 5:30 p.m. and returned from it about 8 p.m. I can see no valid reason at all why such an affair should not be held on any other night of the week.

Again, I think the new rule should be repealed, or amended, because it is not being enforced anyway. Numerous social meetings of student groups have been held during the fall semester on other than Friday or Saturday nights, thus placing a penalty on those groups who do obey the ruling.

The debate teams of T. C. U. are to be hosts to several outstanding

In reply to your request about an opinion for the Bryson Club on the restriction that the social committee has placed on social activity "dates" of the various school organizations, I would like to tell you that we are strongly in favor of any change that can be made allowing school organizations to have social meetings on nights other than Friday and Saturday nights.

Since our club is considered a social club, our meetings have been restricted entirely to the week-ends, and this has lessened the interest and representation of our members at our meetings very much. Also, if this restriction on social activities continues to be in effect, interest in the Bryson Club will continue to be lessened.

Jimmy Jacks
President of the Bryson Club.

As sponsor of the International Relations Club and the Frog Forensic Fraternity I have found that the ruling which limits social activities to Friday and Saturday nights has not been a real hindrance to these organizations. It seems, however, that the rule might be slightly more flexible in order to allow for socials which might be desired, such as entertainments for visiting speakers before the I. R. C. and for visiting debate teams on our campus.
