Value of a Smile A Friendly Campus Know Your Clubs Everyone Must Help

By Mary Frances Umbenhour

Student President-Elect

(Editor's Note: This column is written each week by different students or faculty members who are asked to present their viewpoints on any subjects which they see fit.)

In my mind the one characteristic which lifts T. C. U. high above other larger and more exclusive universities is the spirit of friendliness which prevails. You may call it democracy, brotherly love, southern hospitality—call it anything you wish, just so we KEEP IT. Many of us take the friendly atmosphere for granted, but we would need only to visit a few other campuses for a while to miss the cheery "hellos" and smiles and friendly slaps on the back that we encounter while walking from Main to Brite.

Some students come to college from this friendly sort of environment, but I shall never forget when I, a freshman emerging from a too-large high school, came out here on the hill and found—not a group of strangers—but a school full of friendly, thoughtful classmates. The absence of cliques and the disregard of class distinction, fine clothes, and social position are attributes of which we can be duly proud. We can keep up this democratic feeling with a kind word here and a smile there. A smile, like the tune of a popular song, is very catching. It costs us nothing and yet it can work a greater charm than a new Rolls Royce or two tickets to Wayne King.

Lorraine O'Gorman introduced a fine plan last fall to make the freshmen "club-conscious." Heretofore, students began to realize in about their junior or senior year that college means more than just attending classes. Along with football games, chapel, and the library, we have many student organizations on the campus. These organizations, their purposes and requirements, were presented in brief speeches to the newcomers last fall. As a result of this introduction, the students who will take our places next year are active participants in many clubs and are aiming high for the ones whose membership is restricted to upper-classes.

The message I would like to leave with the incoming classes is, continue this plan introduced last fall. We have a corking group of freshmen who are going to do great things. My advice to you is to build up interest in the student organizations and by all means join an organization of your liking yourselves. There are clubs of all types and sizes on our campus. If there are none that you like, then there is your chance to organize one. I am one other person out of these eight hundred who thinks as you do.

So far I have offered one commendation, one recommendation, and now I wish to make, in a sense, a criticism.

My point can best be illustrated with the old adage you have heard no less than five hundred times, "A chain is as strong as its weakest link." In our campus parlance this means, "One person cannot make a club. Each individual is needed, and the strength of the whole group depends on the amount of co-operation received from EVERY member.

One of the most exasperating jobs (more work than a position) in the world is trying to guide a student club without co-operation. If the leader takes all the initiative, he is bossy and trying to run the whole show. If he does not, the members complain of inactivity, or more often, drop out disinterestedly. Some members may do their part, but the inactive ones are more of a drawback than any sort of help. What is the greatest pity is that in many cases the "link" which claims to be "weak" is one of the strongest and should be sharing more than his part of the load.

DON'T BE THE WEAKEST LINK! We get out of life exactly what we put into it. Vote to put yourself into a good organization; then don't sit back and say, "I'm in the campus life." Put all you have into the chain and help pull the load.

Pageant to Have Folk-lore Music

Masonic Band, Chorus to Furnish Songs of Texas History.

The Masonic Home Band and a chorus of 1,000 high school children will furnish the music for the annual spring pageant, this year to be the "History of Tarrant County" to be given May 9 in the Stadium.

The music will all be folk lore music but illustrative of the stages of Texas history. The music will be divided into six divisions to correspond to the stages of history.

The types of music will be pioneer songs, Mexican folk songs, negro spirituals, cowboy ballads, Indian peace pipe songs and anthems.

Together with the physical education classes of T. C. U., 3,000 school children will take part in the pageant. Mrs. Helen Murphy has written the pageant assisted by her pageantry class.

Juniors Elect Four Councilmen for '36-'37

Miss Meilmeir Chosen Social Chairman, Bill deValming Business Manager.

Miss Ruth Campbell, J. O. Toler, Joe Reeder and Walter Pridemore were elected councilmen for next year's senior class at a junior class meeting Wednesday morning.

Miss Helen Meilmeir was elected social chairman and Bill DeClaming will be the class business manager next year. Prof. C. R. Sherer was elected sponsor.

The junior class will meet next Wednesday, after chapel to make plans for the junior-senior banquet.

9 P. M. Tonight Is the Time

Couples are dancing to the soft strains of "You Started Me Dreaming." There is an air of festivity, yet stateliness, in the Field House as the Dictators play.

Couples are enjoying the dance. There is a feeling that things are really being done right. The men are satisfied in their white linen suits or tuxedos. The girls are delighted with their looks.

When is all this? Why is it tonight, and the annual spring formal, the Junior Prom, is taking place. The spring formal is being sponsored by the Student Council, which has done much to promote the social program on the campus.

Nothing can take the place of a formal dance to give a school a high social standing. T. C. U. is only keeping pace with other universities. Will you be one of the persons enjoying the University's spring formal?

Celebs Are Met And Sights Seen By Soph in East

If you see a blue-eyed, brown-haired, diminutive girl that appears to be bubbling over with enthusiasm, that is Miss Mary Frances Bibbs, who returned Sunday night on an air liner from a month's visit in New York, Washington and Baltimore.

This was Mary Frances' first visit to New York, but she is hoping that she will visit there again soon. She considers her visit the most enjoyable time that she has ever had.

She flew back from Washington, D. C., her first long airplane trip. When she saw no one else was scared, she saw no reason to be afraid herself. She took magazines to read, but she spent her time looking at the scenery, playing bridge and talking.

Most of her time was spent sight-seeing. The Radio City Music Hall was visited, where she heard Erno Rapee and met Jolly Bill Steinke who has broadcast more hours than anyone else. Mr. Steinke, who has a children's hour on the N. B. C. network, drew a cartoon of her. She liked the concert better than anything else.

When Mary Frances went to New York she planned to stay only a week, but her uncle phoned her mother and persuaded her to let Mary Frances stay longer. She joined the Easter parade on Fifth Avenue.

She is a sophomore and her ambition is to be a good harpist. She is majoring in public school music. Sailing is her favorite sport. Mary Frances never eats candy, but she is continually drinking coca colas.

28 Boys, 2 Gals, 1 Driver, 1 Bus, 1 Teacher Leave on 10-Day Tour

Twenty-eight men—two girls—one instructor—and a bus driver—left the University campus not on time at 3:30 p. m. Tuesday with a 10-day tour in mind.

Sunshine Flyer was the name of the bus. The boys are evidently planning to have a hot time since the bus was equipped with both fire extinguisher and water trough. . . maybe it was a jug.

Raymond Steward received the honor of being the first man to board the bus, other than the bus driver. Steward was peacefully seated in the middle of the back seat when the other members of the club began to arrive.

With grins on their faces a block wide Everett Gillis and "Bifty" Allen were given a farewell hand squeeze by Willie C. Austin and Maxine Whitten. They even got their pictures in this week's Skiff.

Ruth Duncan became frightened at the last moment and demanded a lady traveling companion. . . Lucy Bess Wester, being one of the many sponsors of men in the Glee Club, was more than glad to take the trip.

G. L. Messenger and Jimmy Tribble left town with troubled looks on their faces because they hadn't left sufficient instructions behind as to how the home concert advertising was to be carried on. . . just a lotta worry was the expression on Messenger's face. . . while Tribble just figured "Oh well it will come out some how."

This brings the total allotment of funds to T. C. U. for projects of co-operative research in universities to \$2,117. Charles Jackson, graduate '32, started work last month listing all publications of the universities and colleges in Texas. Names of the two additional workers, who will be employed four and one-half months, have not been disclosed.

J. W. Studebaker is commissioner of the federal projects promulgated by the Roosevelt administration to provide jobs for needy research workers and professional and clerical persons. Dr. John Lord is the local director.

The examinations are given each year in co-operation with other colleges and include about ten thousand sophomores.

Journalism Day Friday, May 1

May 1 is Journalism Day. This is the big day for the students in the journalism department. A program will be given in chapel and immediately following this program the "Yellow Peril" will be issued to the students.

Students, let's co-operate with the journalism department and attend the program that day. Remember the good program presented last year. An equally fine program is being planned for Journalism Day this year, and the members of the department are anxious that the students attend.

Journalism Day is a day set aside for the journalism students so that they may entertain the student body.

It is important that the students attend. Friday chapel is not compulsory but a good program is always worth while, and the Journalism Day program will be a good one.

We Have Freedom Of the Press

So few people realize how fortunate they are until they hear of the "trials and tribulations" of others. The Skiff is relatively free from administrative censorship. Of course, Prof. Ridings supervises the publication, but except in cases of decency, good taste and libel, he leaves the policy of the paper to the editor and the staff.

T. C. U. journalism students began to appreciate the freedom allowed them here when they heard some of the restrictions placed upon other collegiate publications represented at the meeting of the Southwestern Students' Press Club at the University of Oklahoma last week. The campaigns conducted by The Skiff for dancing on the campus, for the change in the regulations adopted by the social calendar committee and the Student Council, and for fewer and better chapel programs would not have been permitted in some schools, for in them it is almost a crime to say anything against the administration or any of its rulings.

So we offer a vote of thanks to our administration for its liberality.

Does Each Student Get Nine Cuts?

Some students have the opinion that each student is allowed nine cuts in each class. This is a false idea. Students aren't allowed a single cut, but may take as many as nine without flunking the course, provided they are making grades high enough to stand the absences.

When a student cuts a class he is only denying himself. The professor doesn't care whether the student attends the class or not since he will have to teach it regardless. If a student bought a car downtown and paid for it, but failed to go after it, he would lose the price of the car. How many students ever stop to think that they are paying something like two or three thousand dollars for an education and are only getting a college sheep-skin in return? Incidentally a sheep-skin isn't worth very much to the student who doesn't have the education to back it up. It is possible to get a degree without getting an education, and there isn't a lot the University can do about it. It is entirely up to the student to get what he wants out of his four years' college training.

In Chicago University students are not made to attend classes. They can attend when they want to and take their examinations when they feel that they are ready. Maybe that would be a good system to have here, but we are afraid the enrollment would decrease when examination time finally did arrive.

Students, it is up to you. Don't think of the number of cuts you are allowed but how much you get out of meeting classes regularly. It is to your advantage to meet class. If you cut you are only cheating yourself.

Will Alma Mater Hymn Be Next?

It is foolish for any person to be bound by tradition or to let custom retard progress. But there is no reason why the traditions of years past should be disdainfully tossed aside—especially those which are dear to the memories of many and do no harm to any one—by a class simply because it lacks the spirit and energy to uphold the traditions.

Since the early days of T. C. U., the Juniors have entertained the seniors in some manner, but the class of '37 feels that the Junior-Senior Banquet has now become an obligation rather than a privilege and as such should be discontinued. Last year the affair was financed with great difficulty and fell below the standards set by preceding groups, not because the class members could not afford to pay their share, but because they were not interested in the activities of their class. Now it seems that this year's Juniors will not even equal the poor example set by the class of '36.

The Juniors also voted to discontinue the Junior Prom, and, rather than see one of the few formal social functions abolished, the Student Council decided to sponsor the event. Certainly the Juniors must feel a little shameful about this situation.

Some traditions are destructive and should be left behind—such as the burning of textbooks by the seniors—but is there any reason why the Junior-Senior Banquet and the Junior Prom should not be included in the few—oh, so very few—traditions remaining at T. C. U.?

OPEN FORUM

EDITOR'S NOTE: The opinions expressed in this column are the personal views of the writers and are not necessarily the policy of The Skiff. Students are invited to write to the Editor. Letters of more than 250 words are not accepted. Anonymous letters will not be published, but a writer's name will be withheld from publication if he so desires.

Dear Student Body:
 Tonight at 9 o'clock the second annual FORMAL junior prom will be held in the gymnasium. The Dictators, one of the best college bands in the country, will play for dancing from 9 to 12. The question is, will YOU be there enjoying yourself with your classmates?

The charge is certainly small enough, 40c for three hours of dancing. The same entertainment would cost you \$1.25 downtown, so certainly there should be no objection to the small 40c charge to pay for the music.

Your attire, even though the dance is formal, should be a comparatively simple matter. Every girl has a formal and certainly every collegian will be able to obtain either a white linen suit, a summer tux or a winter tux.

What I would like to know is, why should any one stay away? Let's all go and have the times of our lives.

Dancing at T. C. U. is on trial, you the students are the jury, will you be there and save dancing for the future students of Texas Christian?—Dancing Feet.

Dear Editor:
 I am just a student and so maybe I am not supposed to know the why of everything, but I would like to know why the tennis courts are not kept up and why decent nets cannot stay on the courts.

It is more than disgusting to get dressed to play tennis and then to find that there is not a court that you can play on.

Some of the courts do have nets, but there are not enough courts with nets for the number of students that want to play.

It is also more than disgusting to start playing on a court and then to be told that the court is a varsity one and that you will have to give it up.

I am even going to suggest that the courts that have been allowed to grow up in weeds be put in shape. Is it too much to want a court that you can play tennis on?

—One Who Wants to Play.

Dear Editor:
 Attention, dormitory students! Is it too much to expect college students to act like gentlemen? We are referring to the action of the masculine sex at T. C. U. at 5:45 o'clock every day at the door of the cafeteria.

Some day the door is going to fall down when the "gentlemen" of the campus are pounding on it. Of course, the whooping is just a minor matter that does not need mentioning.

The girls do not expect to enter the cafeteria first when the door is opened just because they belong to the fairer sex. But they would appreciate being shoved around less. Surely this isn't asking too much.—D. R.

Dear Editor:
 Friday, May 1, has been set aside for journalism day for a long time now, and we in the journalism department have been planning big things for that day. Yellow Peril, banquet, etc.

I understand that the Math department is having a big jamboree that day, and this too has been planned for quite some time.

Now the trouble is that at this last minute the sophomore class decided to have its banquet on May 1, too. There are about 20 in the Math department and five in the journalism department who will therefore be unable to attend the banquet of the sophomore class.

I would suggest that the sophomore banquet be placed on Thursday night. Jack Winston will still be at the Blackstone, and that's what the soph class wants, and then these other 25 can go and we'll have real representation at our banquet.—A Sophomore.

MEN'S GLEE CLUB GETS SENDOFF

Although the Sunshine Flyer carries the Men's Glee Club on its tour of 11 Texas cities left the campus an hour late the boys were not without someone to bid them goodbye. Don't Read This 113 Word Song It's Sure Suicide

The airy little song, "Somaru Vasarnap," ("Gloomy Sunday"), which is said to have caused 18 suicides in Hungary, has received considerable comment on the campus. Several students have asked that the words be printed. Here they are:

Gloomy Sunday
 Sunday is gloomy, my hours are slumberless,
 Dearest, the shadows I live with are loveless.
 Little white flowers will never awaken you,
 Not where the black coach of sorrow has taken you.
 Angels have no thought of ever returning you,
 Would they be angry if I thought of joining you?
 Gloomy Sunday.

Gloomy is Sunday, with shadows
 I spend it all,
 My heart and I have decided to end it all.
 Soon there'll be candles and sad prayers, I know,
 Let them weep, let them know I'm glad to go.
 Death is no dream, for in death I'm caring you,
 With the last breath of my soul I'll be blessing you,
 Gloomy Sunday.

Some one has suggested that the cheery song be played as part of a "musical double-header," with "Happy Days Are Here Again" the antidotal aftermath.

Columbia Seniors Oppose War

The average Columbia University senior, almost 21 years old and weighing 150 pounds, is slightly antipathetic to the New Deal, would rather win a Phi Beta Kappa key than an athletic award, and would not fight in a war conducted outside the United States, a recent survey revealed.

Manager Lowell Bodford of the Parkway, noted for his selection of balanced theater menus, has another good one on tap for tomorrow, with a March of Time episode, "Mickie's Polo Team," one of the best of the Mickie Mouse cartoons, and a Pop-eye cartoon, in connection with the feature picture, "Strike Me Pink," starring Eddie Cantor. Now, how's that for one program? "Broadway Hostess," with Winifred Shaw, will follow this bill on Monday. "The Petrified Forest," with Leslie Howard and Bette Davis, will be Tuesday's and Wednesday's feature.

The Tivoli will show "The Petrified Forest" on Sunday and Monday. "Whispering Smith Speaks," with George O'Brien, will be tomorrow's picture, for one day only.

A midnight show tonight will give "The Walking Dead" a send-off at the Palace. Boris Karloff and Ricardo Cortez have the leads in this picture, which is supposed to send chills up and down the spines of even the most hard-hearted show-goers. It will be followed Wednesday by "Boulder Dam," with Lyle Talbot and Patricia Ellis. "My Marriage," with Claire Trevor, will start a two-day run Thursday.

"The Unguarded Hour," with Franchot Tone and Loretta Young, will be the Worth's feature starting tomorrow. It will be followed on Wednesday by "Big Brown Eyes," with Joan Bennett and Cary Grant.

The midnight show tomorrow night will see Edward Arnold, Lee Tracy and Binnie Barnes in "Sutter's Gold," a tale of the roaring West.

The Jeanette MacDonald-Nelson Eddy hit, "Rose Marie," will be the Majestic's offering starting today for four days. It will be followed Tuesday by "The Lady Consents," with Ann Harding, Thursday's and Friday's feature will be "Tough Guy," with Jackie Cooper and Joseph Calleia.

PRIDE'S RATTLE

By WALTER PRIDEMORE

The tennis team has been getting a lot of high powered kidding since it lost six straight love matches. In the second go with the North Texas Teachers not one set was won by the Frogs. Only one was taken in the Baylor matches Tuesday. Gene House won his opener before going down to defeat.

The downtown papers are beginning to call the outcome "the usual 6 to 0 score."

However, Don McLeland will be back in the line-up this afternoon. The difference his presence makes is shown by comparing the scores of the two North Texas Teachers matches. In the first, the two teams split, 3-3, even though McLeland hurt his shoulder and lost his match.

In the second the score was 6 to 0. The Frogs won their first match of the season, against the East Texas Teachers, 7-3.

It seems that being raised one place in the rankings is too much for the Frogs. McLeland is playing against the doctor's orders, and he may not be able to get much zip on the ball. However, even if he loses, the others will have better chances.

The netmen have decided one thing. They may not win any other matches this season, they say, but like the baseball and basketball teams, they are going to defeat the Mustangs. We'll see tomorrow.

The University of North Carolina certainly believes in keeping us in suspense. It has been several weeks since the report came that the Tarheels were after Bear, and still no definite action has been taken. The last report was that Bear and John Gorman of Princeton still have the inside track. Gorman is due to go to Chapel Hill this week for an interview. Personally we hope he signs something while he is there.

Bear was showing a big photograph "this week of the Frogs' winning play in the Sugar Bowl game. In case you've forgotten, it was a long field goal kicked by Manton.

The picture is about six by four feet and shows every player on the field at the moment when the ball was booted. It is to be hung in the "T" Association room in the tower of the stadium. After the Sugar Bowl is returned, a shield will be given in return. It will be placed under the picture.

The Frogs came mighty close to losing their first division berth Monday when Baylor and A. & M. played till dark to a draw. At the time Baylor and T. C. U. were tied for third place with four games won and four lost.

If the Bears had won they would have nosed the Purple out into fourth position. However, the tie counts a half game won and a half lost, so the Frogs are still tied with Baylor.

Poss Clark's men have a good chance to win their season's first meet tomorrow. They have proved their ability to take the majority of firsts against both Baylor and S. M. U.

However, against the Bruins last Saturday not enough Frogs were entered to bring T. C. U. any amount of second and third place points. In the triangular meet, if the Frogs can continue to bring in the firsts, the other two schools should split up the other points enough to allow T. C. U. a victory.

The Hollywood is going to ban all Meyers after this week. Last Monday L. D. and Dutch combined to haul off \$12 from the show. L. D. got the 10 spot.

Frogs Will Open Two-Game Series With Rice Today

Purple Team Will Meet Aggies in Final Tilt Here Monday.

Linne, Hudson Hurl T. C. U. Loses Last Contest With Texas Longhorns by Score of 11 to 8.

Southern Methodist	4	4	.500

The Frogs will be fighting to hold their place in the first division when they meet the Rice Owls in a two-game series on the Purple diamond, at 3 o'clock this afternoon and tomorrow.

Coach Bear Wolf plans to start Aubrey Linne on the mound this afternoon and to use Bill Hudson tomorrow. The rest of the line-up will be the same as usual.

The Frogs will play the Aggies here on Monday. This is the final Aggie game for the Frogs, each team having won one of the first two. Linne will hurl for the Christians.

Frogs Get in Knocks
The Frogs lost their final game to the powerful Longhorns here last Saturday, 11 to 8. The Purple hit freely, getting 17 knocks, but were not as efficient in turning the blows into counters.

The Texans got 13 hits off Linne and were aided by four Frog errors. Midkiff did the hurling for the Steers. The Steers started the game off with five unearned runs in the first inning. Singles by Lawrence and Manton, a walk by Baugh and a double by Lester gave T. C. U. three runs in the second half of the first frame.

Montgomery Hits Double
Two homers, by Prieblisch and Westernman, in the fifth and a couple more tallies in the sixth gave the Texans a total of 10 runs. T. C. U. picked up another tally in the third on hits by Meyer, Walls and Roach. Another was added in the fourth on a single by Meyer and a double by Manton.

The score remained at 10-5 until the final frame. Texas added a point in the ninth when Graham got a triple to center on a misjudged fly.

The three Frog runs made in the last round were driven in by Montgomery's double after Lester, Walls and Roach had been walked by Midkiff.

California Lass, 'Chip Off Block,' Attends School

A life long ambition was fulfilled when Miss Billie Stoker became a student at T. C. U. Billy has 32 relatives who have attended T. C. U., including her mother. Some of them began to attend the University back in the days when it was known as Add-Ran College.

Billie lives on an orange grove near Pomona, Calif. She prefers Texas to California, as she likes the people here better.

She is a dainty person with brown eyes and hair. She likes nothing better than bicycle riding and particularly doesn't like to play bridge. She calls everything a "little nub." Her favorite word is "tada."

Imitations are Billie's specialty. She can walk, talk, and act like anyone on the campus. Her friends consider her imitations of Stan Laurel and Katherine Hepburn her best.

She talks about any subject and reads a great deal. Fashion books are her favorite kind of magazine. Cousins of hers who are now attending T. C. U. are: Miss Frances Veale, Miss Florene Ackers, Dale Ackers and Rex McFall.

T. C. U. Golfers Meet Texas Tech Here Today Will Play Return Matches With S. M. U. and Baylor Next Week.

The Frog golfers meet the Texas Tech Matadors this afternoon on the Glen Garden course in the first of a two-match series. The other will be played tomorrow afternoon.

The Frogs will play return matches with the S. M. U. Mustangs and with the Baylor Bears next week. The match with the Mustangs will be Tuesday and with the Bruins Friday. Both will be played here. The Frogs will be trying to even the series as they lost to both teams.

Baylor defeated T. C. U. 4 to 2 last Saturday. Jim McBride defeated Bubber Gernand in the No. 1 match 4 and 3, and McBride and Frank Floyd defeated Gernand and Owen one up for the Frog points.

The other results were: Crenshaw defeated Loftis Stroud one up; Alvin Pace lost to Wolf 5-4; Floyd was defeated by Owen 3 and 2 and Wolf and Crenshaw defeated Stroud and Pace 5 and 4.

The Frogs split their match with Texas Wesleyan College last Friday. McBride and Pace won their doubles match as did Floyd and Stroud. Stroud won his singles match.

'Returned' Books Found Recently In Vacant Room

So you remember returning that book the library said you failed to bring back? Chances are you misplaced it and forgot about it, says Mrs. J. E. Motherhead, librarian.

Recently Jack Murphy, cleaning a room in Goode Hall that had been vacant for some time, found two valuable books issued Dec. 17, 1935, and later "returned" to the library by Miss Mary Claire Hudgins. One was "Pastor" by Dudaux and one belonged to the set of Harvard Classics.

In the same room were found three books Rogers McLeland had taken out Feb. 25 and forgotten about. One contained stories from the history of Texas, of special value this year; another was Powell's "Some Forgotten Heroes," (who had really been forgotten.)

The third, titled "Lafitte the Pirate," was issued to Miss Lorraine Sherley within three hours after its recovery.

Doubleheader Is Set In Intramural Play

A doubleheader will be played by the intramural baseball teams Wednesday afternoon to make up for the games postponed this week on account of several picnics.

The postponement left the Sophomores, Freshmen and Juniors still tied for top position with two games won and one lost.

The games scheduled for Wednesday are Sophomores vs. Seniors, Freshmen vs. Juniors, Sophomores vs. Juniors and the Frosh vs. the Seniors.

Students in Photography Class Not Particular As to Subjects

Pictures of campus couples, pictures of pictures, night pictures, stereoscope pictures and portraits of all kinds are to be found in the physics department. They were taken and developed by a photography class.

There is a picture 34 inches by 26 inches, which was enlarged from an inch photograph. The enlarged picture is 625 times the area of the original print. Every detail in the large picture is clear and perfect.

A small \$39.50 camera was used by the students, thus lessening the cost of film, which is the main expense of photography. Besides enlarging pictures, the students blocked out certain details and emphasized other details, changed the perspective, made pictures showing depth and took trick pictures. Paul Allen made a trick picture of himself walking a wire between tall buildings by putting two pictures together.

There is a self portrait by Fred Stockton by the light of a match. The pictures are of people, scenes and objects in the physics department. Two dark rooms are used for the development of the pictures.

Prof. Gaines is mounting the pictures in scrap books. He is planning an exhibit in the planetarium case in the hall of the Administration Building.

The course was offered the first semester and will be offered again in summer school.

Frogs, Mustangs, Bears Will Meet

Triangular Track Tilt to Be at 2:30 P. M. Here Tomorrow.

The T. C. U. track team will meet Baylor and S. M. U. in a triangular track and field meet at 2:30 o'clock tomorrow afternoon on the Purple field.

At the last meeting of these teams, Baylor finished second to Texas University, with the Frogs next and the Mustangs last. T. C. U. lost to Baylor 56 to 66 in a dual meet, last Saturday in Waco.

A seven-man squad has hurt Coach Poss Clark's chances for a victory. This was the case against the Bears, where the Frogs won five first places, but didn't have men enough to take the necessary number of second and third positions.

Pat Clifford was high-point man in the Bruin meet. He chalked up 16 counters by taking first in the 200 low hurdles and the broad jump, and second in the 100-yard dash and the 220-yard dash. He tied with three others for second in the high jump.

Puss Erwin copped the shot-put by tossing it 39 feet, 5 inches, one foot less than the conference record. He also finished second in the discus. Rex Clark won both of the dash events and was second in the broad jump. Donkey Roberts took second in the 440-yard run and third in the 880.

Wogs Hit Hard, Win From North Side, 7-4

Stratton Gives Way to O'Brien On Mound—Aldrich Gets Circuit Blow.

The freshman baseball team continued to lambast the ball hard and long in a 7 to 4 victory over North Side High School Wednesday. The feature lick was by Ki Aldrich who hit the first ball for a home run.

Mann Stratton started the game in the box with Aldrich behind the plate. The conversion of David O'Brien into a pitcher came as a surprise to those who followed the Wogs.

The line-up followed the regular order with Tankersley on first, Daniels on second, E. C. Carver filled O'Brien's hole at short stop, Ed Cobb played third, Jack Murphy was in left field, George Cassidy shifted over to center, and "Pete" Becker was in right.

Wog-Nine Defeats Stripling High 7-4

Phillips, Stratton, O'Brien, Aldrich Turn In Good Performances.

The Pollywog baseball nine handed the Stripling High Yellow Jackets a 7-to-4 defeat at the Yellow Jackets' field Wednesday of last week.

High lights of the game were the pitching of Ed "Lefty" Phillips and the extra base knocks turned in by the various members of the club. For the Wogs, Mann Stratton led in homers with 2 of the circuit blows. Ki Aldrich and Dave O'Brien connected for a home run each. The Wogs played good ball, with the defense work of O'Brien and Paul Tankersley especially pleasing to the ones who have an eye on next year's Varsity.

The line-up was: Aldrich, catcher; Phillips, pitcher; Tankersley, first base; G. Daniels and E. C. Carver, second base; O'Brien, shortstop; Ed Cobb, third base; George Cassidy, left field; Stratton, center field and Walter Becker, right field.

Library Needs Help In Completing Files

The library lacks the following numbers of current magazines. Any one having these issues is asked by Mrs. J. E. Mothershead to give them to the library if he has no further use for them.

Yes, Laura Wins! Will See Alaska On Prize Tour

There wasn't a person on the campus who was more excited Monday and Tuesday, and more happy Wednesday, than Miss Laura Shelton. Yes, she won first place by 4,500,000 votes in the Golden West Tour contest.

This means that she will leave July 20 for a 29-day tour of the Western United States and Alaska. She had always wanted to visit California, but Alaska is so far away that she had never thought much about it.

She has worked hard on the contest every day since she was persuaded to enter three months ago. She made a schedule every day and set up until 2:30 a. m. the night before the final votes were to be in, working out a schedule for the next day.

She felt all along that she would win, but she said that she certainly had the jitters on the final day of the contest when everything seemed to go wrong, including the breaking of her watch crystal.

She discovered Tuesday morning that she had 27,870 votes that she had forgotten to turn in. When she found out Wednesday morning that she had won she relaxed for the first time in three months and celebrated by taking some friends who had worked much to help her win out to dinner.

"Clod-Breakers," Sermon Topic

"Clod-Breakers" will be the Sunday morning sermon topic of the Rev. Perry Gresham at the University Christian Church. The evening service topic will be "Blue Prints."

U. S. May Subsidize Collegiate Aviation

House Committee on Military Affairs May Pass Bill to Finance Plan.

Amherst, Mass. (ACP)—There is a distinct possibility of a government subsidy to college aviation, in the opinion of W. D. Strohmeier, Amherst senior who made a request appearance before the House Committee on Military Affairs last week.

According to information Strohmeier received from Representative John J. McSwain (Dem., S. C.), the committee is considering a bill to authorize the appropriation of federal funds for the encouragement of college flying, and provide for the formation of a junior air reserve corps made up of college fliers.

Strohmeier said he did not believe the bill intended anything resembling a regimented military organization.
