Junior-Senior Banquet Needs Support.
Horned Frog on Time.
Glee Club Support.

By Jones Bacus.

Have you heard the latest? The Junior-Senior Banquet is to be staged Tuesday night at the Woman's Club. Personally I would like to see the juniors make a big success of the banquet this year. You have probably heard just how sorry the class is but I don't particularly think so. I remember last year's junior class that kept clamoring for some activity until they voted to have a box supper and finally did, to have only two couples present.

I think the thing to do is to forget about the past and try to make something better of the present. The junior class officers are working hard to make the banquet a success and if it isn't it will be the fault of the class and not the officers. However I believe the banquet will be a success. Co-operation is essential to success in anything and co-operation is what they want in this particular case.

By the way the 1936 Horned Frog is due about the 26th day of this month. Understand, I said it was due. I talked to the printer the other day and he told me that it would be ready, so I guess I won't have to leave town after all. The book is bigger and more expensive than it has been since 1930, and if you students like it I will call it a success.

Then there is the subject of the Glee Club concert. W. J. Marsh told me that the faculty was conspicuous at the concert the other night by their absence. He also said it was the best concert of the year and that as far as student support was concerned, there wasn't any. No doubt Mr. Marsh is correct in that he didn't have any student support, but maybe there is a reason. It is a well known fact that the students don't always drive cars, and it generally costs them twice as much to go somewhere on the bus because the fare is usually about the same as the fee and they don't have the money. This might be another good argument for a new Union Building.

Sure, I am a member of the journalism department, it probably isn't very appropriate for me to compliment the department, but that is just what I am going to do. I think the journalism department, headed by Prof. J. Willard Ridings, should be complimented on its achievements of the year. The Skiff has been issued every week during the school year, with the extra editions of the Skiff Comic Magazine, the special "Waits Edition" and the "Yellow-Peril."

Some kids will say that I am just after a little suction in making these statements, but I am afraid that you are wrong. It is too near the close of school for such as that. All you have to do is to find out about the newspapers of the other small universities and colleges in Texas and you will appreciate The Skiff for what it really is.

President Waits Praises Students In Annual Report

Attributes Fine Spirit to Liberal Social Program.

Discipline Is Rare

Financial Report Shows Gross Revenue From Athletics of \$116,035.28.

The student body was praised for its "fine spirit and attitude of co-operation" by President E. M. Waits in his annual report yesterday to the Christian Churches of Texas, meeting in their 51st annual convention this week in Austin.

"There has never been a finer spirit of co-operation on the part of the student body during our 20 years of service," President Waits said.

"More than 300 of the students are on the honor roll, and cases of capital discipline are very rare. This fine spirit we attribute to larger participation which the students have in the management of student affairs, and in the more liberal social program which has been obtained."

Enrollment Analysis Made
An enrollment analysis, by departments, made in President Waits' report, gave the following statistics:

Art. 31; Bible, 187; biology-geology, 364; business administration, 133; government, 198; chemistry, 111; education, 206; English, 573; economics, 133; history, 414; home economics, 33; journalism, 34; mathematics, 203; music, 228; modern languages, 338; philosophy and psychology, 205; physics, 78; public speaking, 136; sociology, 58; physician training, 476.

30 Scholarships by Citizens
About 30 scholarships of \$200 each have been guaranteed by Fort Worth citizens, according to President Waits. The Board of Trustees last February outlined a project, which suggested at least 100 such scholarships.

The first unit of the Brite College efficiency apartments will be ready for occupancy in September, the report showed. This unit will house four couples. It will be built as one of the University's lots near the campus, and enlarged as future funds permit.

The financial report showed a gross revenue from athletics of \$116,035.28, most of this from the 4935 football season. More than \$110,000 went for stadium payments, game expenses, supplies and salaries.

Lockhart Attributes Success of University to 'Alertness'

To its great founders—Addison and Randolph Clark—to its alertness through the years, and to its great purpose and plan may be attributed the success of Texas Christian University.

This is the conclusion of Dr. Clinton Lockhart, who spoke yesterday morning before the state convention of the Christian Church in Austin on "My 30 Years With T. C. U."

"Addison and Randolph Clark were true men," Dr. Lockhart said, "true to all the principles of virtue; true to the responsibilities of their task; true to the interest of a rising generation. I attribute in no small measure the high esteem in which T. C. U. is held to the worthy character of those founders. If an institution is the lengthening shadow of a great man, a school is indeed fortunate that had two great founders."

Dr. Lockhart cited the athletic success of the school last fall as an ex-

Junior-Senior Affair Needs Support

Next Tuesday night the much-discussed Junior-Senior dinner dance will be held at the Woman's Club. This is an annual affair, which has become one of the too few traditions of the University which are still managing to stay alive.

The dinner and dance are open to all students in the University and should be attended by a large number from the undergraduate classes out of respect to the graduating seniors, for whom the affair is held each year.

This will be the last all-student function to be held before dead week descends upon the campus, and this fact should provide some incentive to all students to attend. Let's help the junior class in making their job of entertaining the seniors a success!

Horned Frog Band Scores Again

Again the T. C. U. Band has shown its true colors and stepped out to bring new honors to itself and to the University as a whole. As the result of an outstanding display of showmanship and ability, the band this week was selected as the official band of the West Texas Chamber of Commerce.

The band has made quite a name for itself during the past year through its performances, both locally and on excursions into various sections of the state and country. Echoes of its outstanding performances on the Pacific Coast are still being heard, and the natives of that section of the country are hoping the band will return there next fall.

This band is one of which T. C. U. may be and is justly proud. Here's hoping for the further success of the band in obtaining other honors for which it has resolved to throw its hat into the ring.

Make the Best Of It

The pageant will be given tomorrow night! Several other affairs had been planned for that time, but tomorrow night is the only time that the pageant could be given.

The students that have had to give up other plans are naturally disappointed, but fusing about the situation is useless. Why be unpleasant? Can't the best be made of a bad situation?

For 10 years T. C. U. has been giving a pageant. The girls are not given their grades unless they are in the pageant. This is a University ruling. Should it be done away with because it happened to rain on the night scheduled for the pageant?

The pageant has become a tradition. Traditions give a school a certain air. Should another tradition be broken? The 1200 participants in the affair have worked hard. Why not show some appreciation?

Besides, it is T. C. U.'s pageant.

Cramming Versus Studying

Students who have mastered the art of cramming state that its main advantages are that it enables a student to pass examinations and leaves the student more time to devote to social activities, because it lessens the time spent studying.

The main object of education is to pass the examinations, and the main object of college life is to attain a successful social standing. Cramming enables a student to do both of these things.

Every crammer is ready to admit that the night before the examination is a nerve-racking one, but this is compensated for by the fact that the student has the other nights of the week to do as he pleases. Football games and social activities are more interesting than studying for classes. Leisure time enables a student to develop more friendships.

Since the crammer knows the advantages of cramming, there is no need for him to heed the fact that lessons are easily learned by studying intensely often for a short period of time. Another distinct advantage of being a crammer is that this student knows that he is right and does not have to bother with trying any other method of passing examinations.

It takes an intelligent person to be a successful crammer, because he must acquire enough knowledge in a night to pass an examination. The student must convince the teacher that he does not talk in class because he is timid and not because he does not know his lesson.

Pop quizzes stumped crammers for many years, but since the requirements of a good crammer have been raised to include one who can think of convincing excuses at a moment's notice, this disadvantage has been eliminated.

Then Make It So

Same song—second verse. "Support your class." The class members have been scorched about being inactive. Friday and Saturday nights the freshmen and sophomores are going to demonstrate just how interested they are in their classes when their annual banquets are given at downtown hotels.

It is up to each class member to make his banquet a success. It all depends on whether he buys a ticket for the affair now. Planning banquets are no fun, but much hard work. It is up to the class members to serve on committees when they are asked to. It is their banquet.

Surely the students want the annual class banquets to be highly successful. Then make it so.

... and, believe it or not, there was an orchid in Jarvis last week ... members of the Men's Glee Club sent RUTH DUNCAN an orchid for the concert they had last week ... we surely do feel sorry for KEITH MIXSON cause he didn't get any ... This particular orchid was purple and had four petals, and say, but it was a dilly ... well, it ort-a-been. It cost the men about five rocks ...

Dramatic Club Began Work In 1916 Under Alden Evans

By ELIZABETH BRYAN.

One of the oldest and most active organizations on the T. C. U. campus, the Dramatic Club, began its activities in September, 1916, when Alden Evans took over the office of president and gave the club its slogan:

To make a study of the drama of today and to present plays at different times throughout the year, thus creating a greater interest in dramatics in T. C. U.

The club began its work with a bang with the presentation of a full-length play, "Mary Jane's Pa," on Nov. 28, under the guidance of the club's sponsors, Misses Lelia Long Powell and Tesse Mosey.

For a while during 1917, the drama interest in T. C. U. felt a lapse. With the reassembling of the student body in September of 1919, after the war, a new dramatic club was organized. Prof. J. Quincy Biggs, head of the oratory department of the University, aided in the forming of this new club and the renaming of it "The Footlights."

The Footlight Club was reorganized on April 23, 1922, and on the following day opened the season with "Grumpy," four-act comedy by Erskine Long.

With the success of "Grumpy," the club decided to give a play each three weeks under the direction of Erskine Long.

"Merely Mary Ann," a comedy, opened the 1923-24 season and "Merry, Merry Cuckoo," followed.

1924 was a dead year for the Footlights. In April, 1925, an important change was made in the faculty of the public speaking department. The Curry School of Expression of Boston chose T. C. U. as the center for its summer courses.

Prof. Lew D. Fallis came as the Curry representative to take over the summer courses and when fall rolled around, was engaged as a member of the University faculty.

The sophomore class was victorious over the freshmen in the first annual freshman-sophomore play contest March 2, 1926. The winning play was "The Robbery," one-act drama.

The Footlights were ranked tops in the Dallas Little Theater tournament April 7-14, 1926.

The first initiation for the Footlights Club was held Dec. 16, 1926. The initiates were made to wear Shakespearean costumes and to parade the halls and campus. This practice still continues in the club.

Very little activity is recorded during the latter part of 1927, but with the election of Stewart Hellman, the Footlights Club began anew. The annual frosh-soph play contest was held Oct. 25 with two entries, "Florjät's Shop," directed by De Rue Armstrong, and "Grandma Pulls the String," by Katherine Moore. The latter was victorious, thus marking

the second victory for the sophomore class.

In 1927 the present method of entrance to the Dramatic Club was introduced—that of try-outs.

1928 was not an active year for the Footlights Club and not until Jan. 14, 1929, was there a major production given.

"The Sponge," one-act drama, was awarded state and national honors in March of 1929, in the Texas intercollegiate Play Tournament, when entered by Alpha Psi Omega, honorary dramatic fraternity on the campus.

Oct. 22 brought the annual sophomore play contest around again and the freshmen came forward with Katherine Moore's direction of the "Trysting Place."

Miss Moore took "The Sponge" to the Black Friar contest in Fayetteville, Ark., at the University of Arkansas on March 28 and won the loving cup and national honors with it.

In 1931 the freshmen were again victors in the annual contest with the play "The Eligible Mr. Bangs," directed by Corinne Lewis. Clarence Crotty and Patrick Henry Jr., had the leading roles.

1933 was a year of serious drama for the club. The first play was "Wonder Hat," the second, "And There Was Light," and the last "heavy play" was "Little Town of Bethlehem."

Feb. 14 ushered in 1934 with a light comedy, "The Charming Pretender."

A number of original plays were produced during this year. Dr. Smith's "Mr. Glynn," and Prof. J. Willard Ridings' "The Verdict," followed by "Just Us Nuts," a musical comedy written and directed by Don Gillis.

Two serious plays were presented by student directors. The year ended with the freshmen winning the play contest with "God Winks," comedy.

"The Dase of '29," an original by Gillis, and "Applesauce," were given as a beginning of the 1935 season.

"We Met Last Year," a comedy directed by Miss Bryan, and "Shadows of Panelli," directed by Miss Helah Adams, were the contest plays for

Dear Editor:

Have you ever ridden across a cotton-field in a car? If you haven't just drive your car over the north approach to Jarvis and you will receive the same sensation. A bumpy bump and grab for the seat or you are liable to find yourself landing in one of the nearby hedges.

There are approximately 75 NYA workers in the University and many more men on the University payroll. We suggest that some of these fellows be put on a WPA project or whatever seems appropriate for the title and this 50-yard stretch of road be improved. It would take very little work to make the approach into a smooth one instead of a cross-country trail and would also make a much better impression on the visiting parents who drive their cars over it if the change was made.

After all, it is the parents who pay the bills in most cases, and the bills are what count.

PRIDE'S RATTLE

By WALTER PRIDEMORE

The time for that foolish but popular pastime, picking all-conference teams, has rolled around again. Practically everyone agrees that these all-star teams mean nothing, yet they still prove popular.

One of the reasons that they don't mean much is that each writer crowds his team with local players. In order to eliminate this, Joe Belden, sports editor of The Daily Texan, University of Texas paper, has started a new plan among the Southwest Conference schools.

His plan is to select a "Sports Editors' Official All-Conference Baseball Team." In doing this the sports editors of the conference papers agree not to print a selection of their own, but to publish only the official team picked by all the sports editors. If the other writers co-operate with Belden, the official team will be selected immediately after the last conference game.

To most T. C. U. students this is just another day to be forgotten. But to five students it will long be remembered. Five members of the baseball team will don a Frog uniform for the last time today.

All five have been out their full four years and it will be with a feeling of sadness, mixed with happy memories of the four years' experiences, that the men trot out on the field for the last time.

Capt. Jimmy Lawrence will be finishing his career as one of the 21-time Frog stars. After his freshman year, he immediately stepped into a varsity halfback position and stayed there. He became famous from coast to coast for his powerful running and tackling.

He earned his first letter in baseball as an outfielder. The next year Bear Wolf converted him into a catcher. He showed much aptitude for that post and has been among the top receivers in the conference this year. He is hitting wall up in the .300s, too, which is mighty good for a catcher.

Bill Hudson, another of the athletes finishing today has been one of the most conscientious and hardest working players among the Frogs. While he has won only one conference game, and has lost several close ones. It seems that the jinx has got him.

Every time he steps out on the mound the Frog defense goes to pieces. As an example, in the second Sooner game the Frogs made the sum total of nine errors. It's hard for a pitcher to keep cool behind such ragged defensive work.

Another great all-round athlete will be through for the Purple and White today when Taldon Manton scoops up his last ball at the short-stop position. "Tijlie" was buried behind Johnny Kitchen his sophomore year in football. He got his chance the next year when Sub-Capt. Dan Harston broke his arm before the season opened.

He has been the starting fullback ever since. His work as line-backer was equalled only by his efficiency in gaining yards through the middle of the line. He was given the award for the most conscientious grider on the team last fall. It was Tijlie's toe that sent the pigskin flying through the cross bars down at New Orleans to give the Frogs the Sugar Bowl title. That was only the most important game that he saved.

With all the praise he got Tijly was still called the most under-rated man in the conference by the Frog coaches. Manton lettered all three years in baseball as an infielder.

Elmer Seybold and Harold Fulenwider are the other two Frogs winding up today. Both have spent three fruitless years in football and two in baseball. Yet they keep on coming and both will probably be rewarded with a "T." Seybold has been doing a good deal of work behind the plate and Fulenwider becomes the regular right fielder. It was their last chance and it looks as though both have come through.

Frogs Play Bears For Third Place Today in Waco

Both Clubs Have .500 Average in Baseball Race.

Purple Baseballers Lose Both Contests With Sooners in Norman.

A. & M.	7	4	1	.625
T. C. U.	7	4	0	.500
Baylor	6	6	1	.500
Rice	5	8	0	.384
S. M. U.	3	11	0	.214

It will be a battle for third place this afternoon when the Frogs close the season against the Baylor Bears in Waco. Both clubs are tied with a .500 average. However, the Bears have another game to play, with S. M. U., and will have a good chance of ending in a tie with the Frogs, even if T. C. U. wins today. It is the Frogs' last chance. This will be the deciding game between the teams, each having won one and lost one.

Aubrey Linne is due to start for the Frogs. Either Jelly SoRelle or Mike Ducey will take the mound for the Bears. The Frogs were the victims of the University of Oklahoma Sooners' 14th and 15th consecutive triumphs Monday and Tuesday. The Big Six leaders had won two other games from the Frogs earlier in the season.

Sophomore Dillard Jackson shut the Purple out Monday, 6 to 0. He allowed only four hits and only one man reached second. Linne went all the way for the Frogs, allowing 10 hits. Four errors were made by T. C. U.

The Frogs played with a patched line-up due to the absence of Sam Baugh, whose mother was ill. Elmer Seybold did the receiving and Jimmy Lawrence played in the outfield. Walls took first base and Walter Roach played third.

In a batters' battle, the Frogs went down 16 to 14 Tuesday. The Frogs hurt their chances by making nine errors. Bill Hudson gave up 15 blows, while the Frogs hammered three Sooner hurriers for 12 licks.

The Sooners piled up their 16 tallies in the first six frames, while T. C. U. was collecting five. The Frogs rallied in the seventh to get back seven runs. They got one more in each of the other innings, but couldn't quite overtake the Oklahomans.

Student Government Not So Important

"Lack of Student Problems Make Offices Impracticable," Men's Senate Says.

Norfolk, Va.—(CP)—Student self-government, once the objective of many a hard-fought battle with administration heads, is not so important to American colleges today, and some observers profess to believe that lack of interest will finally cause it to die out.

The College of William and Mary, Norfolk division, is the latest to drop its governing body. The men's Student Senate resigned in a body recently, with the statement that "lack of student problems has made these offices impracticable."

No substitute body will be appointed, it was indicated.

U. of T. Linkmen Take Conference Matches

Score 1178 to Gain Championship—Rice Is Second; Baylor Third.

Both individual honors and the match title went to the University of Texas link stars in the conference tournament held in Austin last Friday and Saturday.

Bill Welch, a junior, took the individual honors in the 72 holes of medal play with a score of 288. Par for the course is 70. Raymond Ramsey, also of Texas University, was second with a 294 score.

The Texas team of four retained the conference title by scoring 1178 points, 61 under their nearest competitors, Rice Institute. Baylor was third and Southern Methodist fourth. Jim McBride, No. 1 man for T. C. U., scored a 825 in the individual race. Frank Floyd scored a 836.

Frog Tracksters Are Sixth in Conference

Purple Squad Makes Nine Points, Finishing Ahead of Mustangs in Meet.

The Frog tracksters came in sixth with nine points in the Southwest Conference track and field meet held in Houston last Friday and Saturday. Texas was the victor for the fourth consecutive year, gaining 67½ points to 37½ for Rice, the runner-up. A. & M., with 34½, was third. Arkansas was fourth and Baylor fifth.

The only team to finish lower than the Frogs was S. M. U., with only two points.

Two records were broken at the meet. Dave Weichert of Rice broke his own record in the pole vault. He cleared 13 feet 10½ inches, bettering the record by four and one-half inches. Jack Vickery of Texas broke the high jump record with a leap of 6 feet, 3½ inches. The 10-year old mark was bettered by one quarter of an inch.

Harvey Wallender, high-point man for the meet, equaled the 20.5 seconds record that he set last year in the 220-yard dash.

Capt. Rex Clark of the Frogs finished third in both dashes. Puss Erwin was second in the shot-put. He got only 45 feet because of an injury to his hand sustained during his second effort.

Pat Clifford was fourth in both the 220 low hurdles and in the broad jump.

C. I. A. Seniors Observe Class Day With Parade

Senior class day was observed Tuesday at C. I. A. The program began with a parade of the seniors and their little sisters marching to the auditorium. The sophomores carried the oak-chain, a symbol of friendship. The senior president presided over the assembly, which featured the class prophecy, the class history, the last will and the class poem.

Activities of the day were rounded out with a picnic and theater party.

Students Use 6 Hours Daily For Their Loafing

Sophomores Take Softball Crown

Win Final Game From Juniors 7-5 — Teams Make Errors.

The Sophomore softball team won the round robin play-off Wednesday afternoon to take the intramural crown. Their final game was won from the Juniors, 7 to 5 when they tied the score in the seventh, and last, inning and put across a pair in the extra eighth.

In the first game of the play-off, the Freshmen won over the Juniors 14 to 10. The Sophomores then took the Frosh 6 to 5 and beat the Juniors for the title.

The Frosh-Soph game was close, with never more than one run separating the two teams. Jim Young held the Freshmen to eight hits, while Russell Hensch limited the Sophs to the same number. The winners committed five errors to the losers' six.

The championship game between the Sophomores and Juniors was filled with errors. Both clubs collected eight blows. Holt and Jacobson were the batteries for the Juniors. Jim Young hurled and Bull Rogers caught for the Sophomores.

The winners started things in the first, scoring one run when Don McLeland got on on an error and Nez Hallett singled him home. Singles in order by Vernon Brown, Solon Holt and "Cotton" Harrison brought the Juniors a tally in their half of the first.

A pair of errors gave the Sophomores another run in the second. A triple by Bobby Bass, after George Dunlap had singled and Ray Lipscomb had got an error, brought in two more in the fourth for the winners.

The Juniors had their big inning in the fourth also. Jay Smith got on on an error. Scrafford singled and Olin Jones advanced them with a fly. Buck Roberson scored both with a single.

Jacobson was safe on an error and Rex Clark's double scored him and Roberson. That ended the Juniors' scoring.

The Sophs trailed 4 to 5 until the final frame, when they tied it up. Rogers singled and scored when Floyd was safe on an error.

In the extra round Hallett and Dunlap were safe on errors. Lipscomb also got on on an error but was out at second. Rogers flied out and the two scored when George Garrett hit to the infield and an overthrow was made at home.

Holt got an error in the Juniors' half of the eighth, but the other three men were out, ending the game.

Frogs Lose to Ponies in Football But Get Revenge by 14 Victories

The Horned Frogs lost a football game to the Mustangs last November 30, but they've been getting revenge ever since.

Fourteen times since that date the Frogs have competed with the Ponies in one sport or another, and the Christians have been on top in 12 of the 14 encounters. And the Frogs haven't had anything like championship teams in any of the other sports.

T. C. U. won only two basketball games all season, finishing in the cellar. But the two victories were both at the expense of S. M. U. The Frogs opened the season with a 29-to-23 triumph over the Mustangs, and closed by taking them, 33 to 29.

The two teams met three times this spring in baseball, and all three games went to the Christians. The season's openers were taken by the Frogs, 9-8, and 16-12. The final game last week was also a Frog victory, 8-3.

In track the Frogs were victorious

over the Ponies in one dual meet and finished ahead of them in four other meets. The two-way affair was won, 85½ to 48½. In a triangular meet, Denton won, with the Frogs scoring 40 points to S. M. U.'s 38.

In a later four-way meet, T. C. U. finished third to Texas and Baylor, with the Mustangs last. In another three-way meet April 25, T. C. U. finished ahead of the Methodists and behind Baylor. In the conference meet last week the Frogs scored only 9 points, but they smiled when they saw S. M. U. in last place with only 2 points.

The two tennis matches played between the schools were real battles, both ending in a 3-to-3 score. However, the Frogs were credited with triumphs in both cases because of the conference rule which awards tie matches to the school which wins the No. 1 doubles match.

Only the golf team failed to down the Mustangs. The Frog golfers lost their opener to S. M. U., 6 to 0, and the second match, 4 to 2.

Nine Men Awarded Intramural Jackets

200 Points, Participation in 2 Major Sports Requirements for Honor.

Nine men have won suede jackets for taking part in intramural competition this year, according to Prof. Thomas Prouse, intramural director. To win a jacket a player must take part in at least two major sports and have a total of 200 or more participation points.

Those who will be given the awards are: Charles Oswald and Horace McDowell, seniors; Bruce Scrafford, Olin Jones, Waller Moody, Buck Roberson, Juniors; Jim Young and Don McLeland, sophomores; and Dick Oliver, freshman.

Jack Murphy, who managed the freshman teams the spring semester, will be awarded a plaque. McLeland was the only manager to last out the whole year.

Oliver, the only freshman to win a jacket, and Scrafford were tied with 240 each for high-point man.

Texas U. Longhorns Win Tennis Tourney

Ronald Wheeler Only Frog to Get as Far as Second Round in Meet.

The University of Texas took all the laurels in the Southwest Conference tennis tournament held at Dallas last Friday and Saturday. The doubles title was won by the Longhorn captain, Lindsey Franklin, and his teammate, Edgar Weller.

Their opponents in the finals were also Longhorns. Franklin and Weller were also the finalists in the singles. The title match was played in Austin Wednesday because of wet courts in Dallas Saturday.

Don McLeland lost in the first round to Weller, 6-3, 6-2. Ronald Wheeler dropped his match in the second round to Pease of Texas, 6-2, 6-0. Bobby Bass lost to Mansfield of S. M. U. and Bill Whitehouse lost to Powers of Baylor, 6-2, 6-0, both in the opening round of play.

Both T. C. U. doubles teams went down the first day. McLeland and Wheeler lost to Holden and Campbell of Rice, 6-4, 6-2. Whitehouse and Bass were defeated by Fickett and McClary, Baylor, 6-0, 6-2.

Saturday to Be Too Short For Busy Social Calendar

BY ROSEMARY COLLYER

Tomorrow night will be the ideal night for the numerous candid cameramen who have been flying around lately. The evening activities will include that good old Saturday night bath habit, the Historical Pageant, the Farewell Dance and a dinner for the Men's Glee Club.

If the farmers don't stop praying for rain on the days that we plan picnics, and banquets and pageants, then something is going to have to be done about it. The weatherman is making prestidigitators out of the entire Skiff staff. Here I go and write what I thought was sure to be the masterpiece of my career and then it goes and rains and I stand by and see my "masterpiece" turn out as the colossal flop of the season.

What I ought to do is just say ditto to what was said last week. It won't rain this Saturday because it has to wait to rain good and hard for the Junior-Senior Banquet Tuesday evening.

The Farewell Dance, as the name implies, is the last dance of the season and is given in honor of the University graduates and high school graduates of the city. This dance was the largest of the season last year and we hope that it will be an even better dance this year. It would only be right to make this a dance that the seniors will never forget. They don't want to remember that the dance which was given in their honor was practically unattended.

If your alma mater means anything at all to you, whether you be a senior, or entirely regardless of your standing in the University, it is your duty to be present at this last dance of the scholastic year in order to add another happy memory to the already brimming ones of the class of '36.

1916 Campus Had Five Buildings

Main, Brité, Goode, Clark Jarvis Halls Were Here Then.

By ROSEMARY COLLYER

There were five comparatively new large buildings on the T. C. U. campus in 1916. The Administration Building, or Worth Hall, as it was then known, and Jarvis Hall, which had been built in 1911 were the first buildings built on the campus after the University had been moved to Fort Worth after the great fire in Waco when all of the buildings were destroyed in 1910.

The Administration Building was arranged quite differently from what it is now. On the first floor were located class rooms, storerooms, dining hall, kitchen, and the biology and geology laboratories. The chapel, offices, library, which occupied one wing of the floor, class rooms and the physics and chemistry laboratories were located on the second floor.

The third floor had, for the most part, class and recitation rooms. On the fourth floor was the department of fine arts, music, painting and oratory. The Business College and the literary societies' halls were also on this floor.

Jarvis has always been the dormitory for girls.

Clark Memorial Hall was built in 1913 in honor of the two brothers, Addison and Randolph Clark, who were the founders of the institution. This was the dormitory for young men.

Goode Hall was built in 1912, and named for Mrs. M. A. Goode of Bartlett, who was the chief donor. This

Baylor Was Most Bitter Enemy Of Horned Frogs in Day of '17

College spirit expressed itself by yells and songs at the baseball games back in 1917. Baylor was T. C. U.'s most bitter and hated enemy in those days and T. C. U. students made Baylor the object of many songs and yells. For instance they sang to the tune of "John Brown's Body" the song:

We'll hang old Baylor to a sour apple tree,
Down went McGinty to the bottom of the sea,
She's my Annie and I'm her Joe,
Oh listen to our tale of woe.
(Then spoken by the cheer leader)
Any score today, Baylor?
(Chorus) No!

Some of the most popular nonsense yells were these:
With a vive, with a vivo,
With a vivo, vivo, vumvo

Johnny get a rat trap
Bigger than a cat trap,

Cannibal, Cannibal!
Sis boom bah
T. C. U. rah, rah, rah.

hall had 54 living rooms, a private dining hall, and kitchen, and housed the plant of the University print shop. This was a dormitory for ministerial students, both married and single. L. C. Brite of Marfa gave the money for Brite College in 1915. The students had their own chapel, library and recitation rooms.

The Medical College, owned by the University, was not on the campus, but was located on Fifth and Calhoun Streets.

Also in 1917 The Skiff carried on a contest for which students were to write yells and songs some of which were to be selected as official for T. C. U. The winner was to receive a free subscription to The Skiff. The songs could be written to the tune of an "old fashioned melody or a catchy ragtime."

Mrs. Clifford Weaver submitted several songs, one was a Baylor song to the tune of "Maryland, My Maryland." She wrote others to the tunes of "Dixie" and to "The Red White and Blue."

Texas History Books In Demand at Library

Books about the history of Texas are very much in demand at the library, according to Mrs. J. E. Mothershead. Not only are university students requesting these books, but a large number of Alice Carlson students and teachers in the public schools are using the library.

Club women, many of them T. C. U. alumni, are using centennial material and material on the Southwest.

Ceylon is famous for Spices
Brazil is famous for Coffee

... but Turkey is famous for Tobacco
... the aromatic Turkish tobacco that adds fragrance and flavor to Chesterfield Cigarettes.

It's the right quantity of this Turkish tobacco blended and cross-blended with the best home-grown tobaccos raised in this country that give Chesterfields their mildness and better taste—another reason why Chesterfields Satisfy.
