EVENTS AND INFORMATION FOR THE TCU COMMUNITY

VOL. 7 NO. 5

SEPTEMBER 24, 2001

## Peacemaker George J. Mitchell will speak at Fogelson Honors Forum Oct. 3

IN MAY, FORMER U.S. SENATOR GEORGE J. MITCHELL told a CNN reporter, "I don't believe there's any such thing as conflict that can't be ended." What does he have to say now, in the wake of the recent terrorist attacks on our nation?

Mitchell will be the featured speaker at this year's TCU Fogelson Honors Forum at 8 p.m. Wednesday, Oct. 3 in Ed Landreth Auditorium. His topic is "International Conflict: Resolution in the 21st Century." The event is free and open to the public.

"George Mitchell is probably the premier peacemaker in the world," says **Kathy McDorman**, director of the honors program which sponsors the annual Fogelson event. "His experience with Eastern cultures and the conflicts there is unparalleled and he has the expertise and understanding of what goes into a peace process that can ultimately thwart terrorism."

Mitchell is chairman of an international fact finding committee that is examining the ongoing crisis between Israelis and Palestinians. In the past, he has chaired a commission on disarmament in Northern Ireland and has served as chairman of peace negotiations in that area. Voted "the most respected member" of the U.S. Senate for six consecutive years, Mitchell was appointed to the Senate in 1980 to complete the unexpired term of Sen. Edmund S. Muskie who resigned to become Secretary of State. Mitchell was elected to a full term in 1982 and went on to a 14-year career in the Senate.

The bipartisan respect he earned during his tenure led to his subsequent appointments to committees and commissions working on such issues as veterans affairs, the environment, civil rights for the disabled and opening markets to trade. Upon leaving the Senate, Mitchell joined a Washington, D.C. law firm and serves on the board of directors of several companies. He is the author of four books: *Men of Zeal*, describing the Iran-Contra investigation; *World on Fire*, which focuses on the threat of the greenhouse effect; *Not For America Alone: The Triumph of Democracy and The Fall of Communism* and *Making Peace*, an account of his experience in Northern Ireland.

## Eye-opening art show on tap for Moudy gallery

A MONTH-LONG EXHIBITION OF paintings by Dick Wray will open next Monday, Oct. 1 in the Moudy Bldg. Wray will give a talk at 4 p.m. in the gallery space, followed by a reception from 5 to 7 p.m.

Wray, sometimes called "The Picasso of Houston," has also been anointed "one of the foremost art resources in the Houston metropolitan region." But much more than just another Texas artist Dick Wray is a universal character with a talent to match.

Named Texas Artist of the Year 2000 by the Art League of Houston, Wray brings his unique style to campus for an exhibition of work representing more than 40 years of painting. Dick Wray studied at the Kunstakademie, Dusseldorf, Germany and the University of Houston School of Architecture and, in 1978, received an Artist's Grant from the National Endowment for the Arts.

His work is in major collections, including the National Gallery of Art in Washington, D.C., the Modern Art Museum of Fort Worth, the Museum of Fine Arts and the Contemporary Art Museum of Houston and the Museum of Modern Art in New York City.

Art department chair **Ron Watson** says, "We are extraordinarily fortunate to get this show. It's a wonderful opportunity for our students and for the Fort Worth community as well."

"This is fresh work from his studio ... and I really hope the paint will have dried," he adds with a laugh. ♦

IN RESPONSE TO THE RECENT tragedies in New York, Washington, D.C. and Pennsylvania, TCU Athletics and the TCU Police are instituting extra security measures for athletic events. Under the new policy, fans will not be allowed to bring any bags, coolers or backpacks into any TCU athletic venue.

"In following the trend of athletic facilities around the country, we believe it is in the best interest of our fans to tighten the security in and around our athletic venues," said **Steve McGee**, TCU Chief of Police. "These steps are being implemented as a precautionary measure in the wake of the Sept. 11 events," continued McGee. "We hope our fans understand the need for these changes and continue to support TCU Athletics as they have in the past."

The new policy became effective immediately after the announcement. ♦

## Staff Assembly backing NY-based fund for families

IN A RECENT E-MAIL TO TCU STAFF, **Mary Lane**, chairman of the Staff Assembly's community service committee, suggested that those wishing to donate money for disaster relief in New York City consider *The New York Times 9/11 Neediest Fund*.

The newspaper has established it as a one-month campaign to collect contributions to relieve the suffering of families struck by death or injury in the World Trade Center calamity, both civilians and rescue workers.

"The e-mail was in response to staff who have asked what the Staff Assembly can do to help," says Mary. "This fund is also being recommended to TCU students by University Ministries."

The campaign is being managed by *The New York Times Neediest Cases Fund*, which will cover all administrative costs. Contributions will be accepted through Oct. 11 and then be allocated to the seven social service agencies which disburse funds in the newspaper's annual Neediest Cases effort, in addition to three foundations representing the uniformed services (police, firefighters and sanitation workers).

Donations may be sent to:
