Dear Mr. Carter:

Our publicity program for the Air Power League will frequently require that we furnish periodicals and the press with information concerning our directors. Will you therefore have your office send to me as soon as possible a photograph of yourself, preferably a good clear print eight inches by ten, plus a biography of three or four hundred words containing all the salient information about your background?

I suggest these specific details because we are working toward uniformity in such personal data, on the probability that we shall publish a folder about the League's directors for use not only by the national press but by state chapters of the League.

Sincerely,

*Charles D. Frazer*
