Dear Mr. Carter:

Colonel Jacob Smart, executive vice president of the Air Power League, and Colonel William Faversham, Director of Field Organization, will be in Texas Wednesday, May 22.

Colonel Smart was an outstanding Command Pilot during the war and participated in the famous attacks on the Ploesti Oil fields. Colonel Faversham was an administrative officer in the Army Air Forces, and the Air Power League is indeed fortunate to have their services.

I realize the heavy demand on your time, and I am sure General Davison will appreciate your giving these gentlemen an opportunity to visit with you sometime Wednesday afternoon or Thursday morning.

Sincerely yours,

Benjamin F. Blanton
