

June 25, 1942.

Senator Tom Connally,
U. S. Senate Building,
Washington, D.C.

Dear Tom:

This will introduce to you Frank A. Bailey, Jr., 27 years of age who lacks only two hours credit to get his degree from the University of Texas. He is now head dispatcher in the Aero Tech Training School at Helena, Arkansas, and is anxious to get into the Air Transport Division.

His father is a substantial grain man in Texas and has been a personal friend of mine for many years. I have known Frank Junior all of his life. I realize you are tremendously busy, meanwhile if you could possibly get him in touch with the proper party in Washington or give him a lift of any kind it will be greatly appreciated. He is a fine youngster, thoroughly capable and competent and will do a good job wherever he may be and I have no hesitancy in recommending him in the highest terms.

Thanking you and with best wishes, I am

Sincerely,
