Dear Mr. Carter:

I want to express my sincere appreciation for your many hospitalities when I was in Fort Worth on January 21 with the Civil Aeronautics Administration Airport Advisory Committee. The time that you devoted to our group made our visit to Fort Worth more enjoyable than it might otherwise have been.

I thought it was very kind of you to present each of us with a Shady Oaks hat and it will always be one of my most prized possessions.

Very truly yours,

E. B. Franklin  
Chief  
Flight Operations Division
