Capt. W. P. McFail  
American Airlines  
Meacham Field  
Fort Worth, Texas

Dear Mac:

The Airports Advisory Committee to the Civil Aeronautics Administrator is holding their next meeting in Fort Worth the week of October 16th. Mr. Carter, as you know, is an honorary member of this committee, and this meeting is being held in Fort Worth on his invitation.

He is very anxious that they see the Greater Fort Worth International Airport and has asked me to contact you to see if American could provide a Convair to take the group on a flight over the field showing it to them from the air. I believe Tuesday, October 17th, around noon would be the best time to do this.

Would you please advise me if this is possible so that we may arrange our program accordingly.

With best regards, I am

Very truly yours,

M. H. HUFFMAN  
EXECUTIVE DIRECTOR
