Dear Mr. Huffman:

I wish to express to you my deepest appreciation and gratitude for the many courtesies and kindnesses shown me and the other people connected with the Airports Advisory Committee who were in Fort Worth last week.

I think I can sincerely state that through your efforts, and Mr. Amon Carter's, everyone had one of the most enjoyable weeks in their entire life.

If at any time I could be of any service to you in connection with the design, management, and operation of the "Amon Carter Field", please feel free to call on me.

The increased allocations will be announced next week. In case some additional money is needed, you can rest assured that we will make every effort possible to locate some for you.

With kindest personal regards.

Sincerely,

/s/ Phillips
